GENERAL INFORMATION AND FREQUENTLY ASKED QUESTIONS

We are furnishing this Proxy Statement to the stockholders of Littelfuse, Inc. in connection with the solicitation by the Board of Directors of Littelfuse, Inc. (the “Board”) of proxies to be voted at our annual meeting of stockholders to be held on April 28, 2017, (the “Annual Meeting”). The Annual Meeting will be held at the Chicago Marriott O’Hare, 8535 West Higgins Road, Chicago, Illinois 60631, at 9:00 a.m., local time, and at any postponements or adjournments of that meeting.

When used in this Proxy Statement, the terms “we,” “us,” “our,” “the Company” and “Littelfuse” refer to Littelfuse, Inc.

The Notice of Internet Availability of Proxy Materials is first being mailed to stockholders on or about March 16, 2017, to notify stockholders of record that the proxy materials (this Proxy Statement, proxy card, and the 2016 Annual Report on Form 10-K) are available online at www.proxyvote.com, or in hard copy by request, free of charge. We encourage all stockholders to access their proxy materials online to reduce the environmental impact and the cost of our proxy solicitation. You may request a paper copy of the proxy materials using any of the following methods:

1. By Internet: go to www.proxyvote.com
2. By Phone: 1-800-579-1639
3. By Email: sendmaterial@proxyvote.com

We encourage you to access and review all of the important information in the proxy materials before voting.

What is required for a quorum at the Annual Meeting?

A quorum of stockholders is required for the transaction of business at our Annual Meeting. Our bylaws provide that a majority of all of the shares of common stock entitled to vote whether present in person or represented by proxy, constitutes a quorum for the transaction of business at the meeting. Abstentions and “broker non-votes” will also be considered as present for purposes of determining the presence or absence of a quorum at the Annual Meeting.

How are proxies solicited and what is the cost?

The proxy accompanying this proxy statement is solicited on behalf of our Board of Directors, for use at the Annual Meeting. We will bear the cost of soliciting proxies. Copies of solicitation materials will be furnished to brokerage firms, fiduciaries and custodians holding shares in their names that are beneficially owned by others to forward to such beneficial owners. The Company may reimburse such persons for the costs they incur to forward the solicitation material to such beneficial owners. In addition to solicitation by mail, our officers and employees may solicit proxies by telephone or in person.

What is Householding?

Under SEC rules, only one copy of this proxy statement is being delivered to stockholders residing at the same address, unless the stockholders have notified the Company of their desire to receive multiple copies of the proxy statement. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

If you receive notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker directly or direct your written request to our Corporate Secretary at 8755 West Higgins Road, Suite 500, Chicago, Illinois 60631.

Who may vote at the Annual Meeting?

Stockholders of record at the close of business on March 1, 2017, the record date for the annual meeting, will be entitled to notice of and to vote at the meeting. On March 1, 2017, we had outstanding 22,641,223 shares of our common stock, par value \$.01 per share. Each outstanding share of common stock entitles the holder to one vote per share on each matter submitted to a vote at the meeting.

A list of the stockholders of record entitled to vote at the meeting will be available for examination by stockholders for any purpose germane to our annual meeting during ordinary business hours for a period of at least ten days prior to the meeting at our headquarters located at 8755 West Higgins Road, Suite 500, Chicago, Illinois 60631.

What shares are included on the proxy card?

If your shares are registered directly in your name with the Company's transfer agent, Wells Fargo, you are considered a stockholder of record with respect to those shares. If your shares are held in a bank or brokerage account, you are considered the beneficial owner of those shares.

If you are a stockholder of record, you will receive only one notice or proxy card for all the shares you hold in certificate form, or book-entry form.

If you are a beneficial owner, you will receive voting instruction information from the bank, broker or other nominee through which you own your shares.

What if I am a beneficial owner and do not give voting instructions to my broker?

If you are a beneficial owner and do not provide voting instructions to your bank, broker or other nominee, the following applies:

Non-Discretionary Items. The election of directors, the advisory vote on executive compensation, the advisory vote on the frequency of future executive compensation votes, and the approval of the amendment and restatement of the Long Term Incentive Plan are nondiscretionary items and may not be voted on by brokers, banks or other nominees that have not received specific voting instructions from beneficial owners. This is called a “broker non-vote.”

Discretionary Items. The ratification of the appointment of the Company’s independent registered public accounting firm (Grant Thornton LLP) is a discretionary item. Generally, banks, brokers and other nominees that do not receive voting instructions from beneficial owners may vote on this proposal in their discretion.

If no instructions are indicated on a properly executed proxy (other than broker non-votes), the shares represented by that proxy will be voted as recommended by the Board.

What can I do if I change my mind after I vote my shares?

Any stockholder giving a proxy has the right to revoke it at any time prior to the time it is voted. A proxy may be revoked by (1) written notice to us sent to the attention of our Corporate Secretary at 8755 West Higgins Road, Suite 500, Chicago, Illinois 60631, (2) execution of a subsequent proxy, (3) voting on the Internet or by telephone, or (4) attending the annual meeting and voting in person. What are the voting standards for each of the Proposals to be voted on at the Annual Meeting?

Stockholders are being asked to vote on the following matters at the 2017 annual meeting. The voting standard and our Board of Directors' voting recommendation for each matter is described below:

Table of Contents***Director Compensation***

For the 2016 fiscal year, non-employee directors were paid an annual retainer of \$65,000, paid in quarterly installments, plus reimbursement of reasonable expenses relating to attendance at meetings. No additional fees are paid to directors who are employee directors. Additional annual retainers are paid to our Board Leadership, as shown below:

Role	Annual Retainer
Lead Director	\$15,000
Audit Committee Chairperson	\$18,000
Compensation Committee Chairperson	\$15,000
Nominating and Governance Committee Chairperson	\$10,000
Technology Committee Chairperson	\$10,000

In addition to cash compensation, each non-employee director receives an equity grant under the Littelfuse, Inc. Long-Term Incentive Plan (the “Long-Term Plan”) valued at approximately \$105,000. The equity grant is comprised of (1) one-third stock options that vest on the first three annual anniversaries of the grant date, have an exercise price equal to the fair market value of our common stock on the date of grant, and have a seven-year term, and (2) two-thirds restricted stock units (“RSUs”) that are granted upon his or her election or reelection to the Board at the Company’s annual meeting that vest on the first three annual anniversaries of the grant date. All deferrals are deposited with a third-party trustee, where they (and any distributions thereon) are invested in Littelfuse common stock. Deferred cash fees are generally paid in a lump sum or in installments when the director ceases to be a director of Littelfuse. Deferred equity grants are generally paid out when the director ceases to be a director or the date specified by the director at the time of his or her deferral election. Deferred payments owing to Mr. Hunter as a result of his prior service as a non-employee director are expected to be delayed an additional six months following his separation from service as both a director and employee of Littelfuse as required by law due to his status as a “specified employee” under Section 409A of the Internal Revenue Code of 1986, as amended.

CERTAIN GOVERNANCE MATTERS

Board Leadership

In conjunction with his retirement as President and Chief Executive Officer, effective January 1, 2017, Gordon Hunter became the Executive Chairman of the Board. Additionally, William Noglows serves as the independent Lead Director. Among other things, the Lead Director convenes and chairs regular and special executive sessions of the independent directors and serves as liaison between the independent directors and our Chief Executive Officer (“CEO”). We believe that our leadership structure allows the Board to have better control of the direction of management, while still retaining independent oversight.

Attendance at Meetings

The Board held eight meetings during fiscal year 2016. All of the directors attended 100% of the meetings of the Board and at least 75% of the meetings of the committees on which they served. Consistent with our policy, all of our directors attended our 2016 annual meeting of stockholders. Independent members of our Board regularly meet in executive session without management present.

Director Independence; Financial Experts

There is no arrangement or understanding between any of our directors and any other person or entity other than the company to which any director was or is to be selected as a director. The Board has affirmatively determined that each current board member, except Messrs. Hunter and Heinzmann, (i) is “independent” within the definitions contained in the current NASDAQ listing standards and the rules and regulations of the SEC, and (ii) has no other “material relationship” with the Company that could interfere with his or her ability to exercise independent judgment. In addition, the Board has determined that (i) each Audit Committee member is “independent” within the enhanced requirements for audit committee members under NASDAQ and SEC rules, (ii) each Compensation Committee member is a “non-employee director” under SEC rules, and (iii) each Compensation Committee member qualifies as an “outside director” pursuant to IRS Code Section 162(m). Furthermore, the Board has determined that Messrs. Fu and Grillo are “audit committee financial experts” as defined by the SEC.

Director Candidates

In considering a person as a nominee as a director the Nominating and Governance Committee takes into consideration such factors as it deems appropriate, including:

Experience as an executive or director of a publicly traded company

Familiarity with our business and our industry

Availability to actively participate in meetings of the Board and attend the annual meeting of stockholders

Knowledge and experience in the preparation or evaluation of financial statements

Diversity of background, including gender and ethnic diversity, knowledge, skills and experience to create a well-rounded Board

Satisfaction of the criteria for independence established by the SEC and NASDAQ listing standards, as they may be amended from time to time and

Ability to interact in a productive manner with the other members of the Board.

The Nominating and Governance Committee used the same criteria to evaluate Mr. Hunter and determine it to be in the best interest of the Company to nominate him as a director through the annual meeting of stockholders occurring during the 2017 and 2018 calendar years, pursuant to the CEO transition described on page 24.

The Nominating and Governance Committee will consider nominees for the Board recommended by stockholders, using the same evaluation process as for any other nominee. Recommendations must comply with the procedures in our Bylaws and be submitted to the Corporate Secretary at 8755 West Higgins Road, Suite 500, Chicago, Illinois

Role in Risk Oversight

The Board's role in risk oversight includes receiving regular reports from members of management on areas of material risk to the Company, including operational, financial, legal, regulatory, compensation and strategic risks. The full Board, or the appropriate committee, receives these reports from management to enable it to understand our risk identification, risk management and risk mitigation strategies. All Board committees meet regularly and report to the full Board on risk management matters. This enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Compensation Risk

At the direction of the Compensation Committee, management conducts a comprehensive risk assessment of our compensation policies and practices and presents its findings to the Compensation Committee. The assessment includes a review of the risk areas within the Company's compensation programs to ensure that there are no design flaws which motivate inappropriate or excessive risk taking. Management conducted this assessment of all compensation policies and practices for all employees, including the NEOs, and determined that the compensation programs are not reasonably likely to have a material adverse effect on the Company.

During the review, several risk mitigating factors in our programs were noted, including:

Our annual incentive program awards are capped to limit compensation in any given year

The Compensation Committee has the ability to apply negative discretion over annual incentive program payouts and to adjust any performance measure for extraordinary events or circumstances

Our equity incentive awards vest over several years, so while the potential compensation payable for equity incentive awards is tied directly to appreciation of our stock price, taking excessive risk for a short-term gain is discouraged because it would not maximize the value of equity incentive awards over the long term and

Our executive officers and directors are subject to a stock ownership policy that aligns their interests with the interests of our stockholders.

Stock Ownership Policy

The Board maintains a stock ownership policy that requires our executive officers and directors to hold and maintain a certain number of shares of common stock of the Company. The policy provides for the following:

Each executive officer and non-employee director is required to reach stock ownership levels, detailed below, within five years of their election or appointment.

o Non-Employee Directors: 5 times annual retainer

o Chief Executive Officer and Executive Chairman: 5 times base salary

o Chief Financial Officer and Executive Vice Presidents: 3 times base salary

o Senior Vice Presidents: 2 times base salary

Until such time as the director or executive officer achieves the required stock ownership level, the director or executive officer is required to retain 50% of the net after-tax shares of common stock realized from any equity granted by the Company.

Failure of a director or named executive officer to satisfy the applicable stock ownership level within the required compliance period may result in their removal of participation in the Company's annual equity grants, and/or being subject to a 100% retention requirement.

These guidelines address items such as the qualifications and responsibilities of our directors and director candidates and the corporate governance policies and standards applicable to the Board. In addition, the Board has adopted a Code of Conduct that applies to all our directors, principal executive officer, principal financial officer, principal accounting officer and controller, and all employees. Certain Relationships and Related Transactions

The Board maintains a Related Person Transactions Policy that governs the review, approval and ratification of transactions involving the Company and related persons where the amount involved exceeds \$120,000. The Nominating and Governance Committee reviews and approves all proposed Related Person Transactions (as defined below).

Related persons include:

- any person who is known to be the beneficial owner of more than 5% of any class of our voting securities

- any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee, or more than 5% beneficial owner
- any firm, corporation or other entity in which any of the foregoing persons is employed or is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest and
- any charitable or non-profit organization in which any of the foregoing persons is actively involved in fundraising or otherwise serves as a director, trustee or in a similar capacity.

The policy defines a Related Person Transaction as a transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships in which the Company (including any of our subsidiaries) was, is or will be a participant, the amount involved exceeds \$120,000, and in which any Related Person had, has or will have a direct or indirect interest.

Our Executive Vice President, Chief Legal and Human Resources Officer and Corporate Secretary (“CHRO”) determines for purposes of the policy whether a proposed transaction is a Related Person Transaction that must be approved by the Nominating and Governance Committee.

**PROPOSAL NO. 2 - ADVISORY VOTE ON COMPENSATION
OF NAMED EXECUTIVE OFFICERS**

Under the Dodd-Frank Act and the related rules promulgated by the SEC, we are requesting your advisory, non-binding approval of the compensation of our NEOs as disclosed in the following Compensation Discussion and Analysis, the compensation tables, and the accompanying narrative as presented in this Proxy Statement. This proposal, commonly known as a “Say-on-Pay” proposal, gives stockholders the opportunity to provide their input on our executive pay program and policies.

Executive Compensation Vote

We believe that our executive compensation program effectively aligns the interests of stockholders and executives, incentivizes the accomplishment of corporate goals, and attracts and retains talented executives. The key components of our compensation program are as follows:

Alignment of executive and stockholder interests through short and long-term incentives linked to operating performance

Short-term cash compensation based upon individual contribution and performance

Compensation structured to attract and retain the most talented industry leaders and

Compensation program based, in part, on the practices of peers in our industry and other comparable companies.

At our 2016 Annual Meeting of Stockholders, more than 95% of the shares voted were cast in support of our executive compensation program. The Board and Compensation Committee value the opinions of our stockholders and took this high level of approval into account when developing the compensation for our NEOs.

This vote is not intended to address any specific item of compensation; rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. Our Board urges you to approve the compensation of our NEOs by voting in favor of the following resolution:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation of our NEOs, as disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative as presented in this Proxy Statement.”

The Board of Directors recommends that you vote FOR the approval of the compensation of our NEOs.

**PROPOSAL NO. 3 - ADVISORY VOTE ON THE FREQUENCY OF ADVISORY VOTES ON
THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

In connection with the requirements of the Dodd-Frank Act and the related rules promulgated by the SEC, we are asking you to provide an advisory, non-binding vote on how frequently you wish to cast an advisory vote on the compensation of our named executive officers; once every year, once every two years, or once every three years. This proposal, often called a “Say-When-on-Pay” proposal, allows stockholders to provide advisory input on the frequency with which they would prefer an advisory vote on executive compensation be included as a proposal in our Proxy Statement.

Frequency of Advisory Vote on Executive Compensation

After careful consideration, the Board has determined that an advisory vote on executive compensation that occurs every year is the most appropriate alternative for the Company at this time, and therefore the Board recommends that you vote for a one-year interval for the advisory vote. In formulating its recommendation, the Board considered that an annual advisory vote on executive compensation will allow our stockholders to provide us with current direct input on our compensation philosophy, policies and practices as disclosed in the Proxy Statement, consistent with our policy of seeking input from and engaging in discussions with our stockholders on corporate governance matters and our executive compensation philosophy, policies and practices. The Board also considered the stockholders’ advisory vote on the Say-When-on-Pay proposal presented at the Company’s annual meeting in 2011, when a plurality of votes cast were cast in favor of one-year intervals.

Although the Board of Directors recommends that stockholders vote for a Say-on-Pay proposal every year, you may cast your vote on your preferred voting frequency by choosing the option of one year, two years or three years, or abstain from voting, when you indicate your preference in response to the following resolution:

“RESOLVED, that the stockholders determine on an advisory basis that the frequency with which the stockholders shall have an advisory vote on the compensation of the named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative as presented in the Proxy Statement, shall be (A) every year, (B) every two years or (C) every three years.”

Vote Required

While we believe that a vote once every year is the best choice for us, you are not voting to approve or disapprove our recommendation, but rather to make your own choice among a vote once every year, every two years or every three years. You may also abstain from voting on this item. The option of one year, two years or three years that receives a plurality of votes cast by our stockholders will be the frequency for the advisory vote on executive compensation that has been selected by our stockholders. However, because this vote is advisory and will not be binding on the Board of Directors, the Board of Directors may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option selected by stockholders.

The Board of Directors recommends that you vote for a frequency of every YEAR for future stockholder advisory votes on the compensation of our named executive officers.

Executive Summary

As described below, our executive compensation programs are designed to pay for performance and align the interests of our executives with those of our stockholders. In fiscal year 2016, our annual incentive awards for our NEOs were based on (i) the Company's achievement of financial objectives related to its base business operations, which exclude the impact of material acquisitions completed during the year, (ii) the acquisition and integration during 2016 of three businesses key to the Company's long-term strategy, and (iii) the NEOs' individual performances. In addition, a significant portion of our executive compensation program consists of long-term compensation subject to long-term vesting requirements.

The Compensation Committee continually reviews the compensation programs for our NEOs to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market

practices. We believe we have programs that align the compensation of our executives with the interests of our stockholders and manage compensation risk, including through stock ownership guidelines, an independent Compensation Committee and the use of an independent compensation consultant.

The compensation of our NEOs during fiscal year 2016 directly ties to our strong performance during the Company's milestone year. Revenues crossed the \$1 billion dollar mark, we achieved a record level of cash flow from operations, and we achieved many of the goals in our 2012 – 2016 growth strategy. We continued to return capital to stockholders through cash dividends, with a 13.8% increase in the quarterly dividend rate during 2016.

CEO Transition

On November 15, 2016, Mr. Hunter notified the Board of his retirement as President and Chief Executive Officer of the Company, effective January 1, 2017. Mr. Hunter agreed to serve the Company as Executive Chairman of the Board upon his retirement as President and Chief Executive Officer, effective January 1, 2017 through December 31, 2017. In connection with his retirement, Mr. Hunter and the Company entered into an Executive Retirement Agreement, which provided that (i) the Company and Mr. Hunter intend for him to serve as Chairman of the Board through at least the Company's annual meeting of stockholders occurring in the 2019 calendar year; provided, that, effective December 31, 2017, Mr. Hunter will hold the title of Non-Executive Chairman of the Board, and (ii) the Company will nominate Mr. Hunter for service on the Board as its Chairman at each annual meeting of stockholders occurring during the 2017 and 2018 calendar years. The terms of the Executive Retirement Agreement are described further on page 35.

In connection with Mr. Hunter's retirement, the Board promoted Mr. Heinzmann, who previously served as the Company's Chief Operating Officer, to succeed Mr. Hunter as President and Chief Executive Officer of the Company, effective January 1, 2017. In addition, the Board approved the expansion of the number of directors constituting the whole Board to eight members and elected Mr. Heinzmann to serve as a member of the Board, effective January 1, 2017. The terms of Mr. Heinzmann promotion are described further on page 36.

Total Rewards Philosophy

The Compensation Committee is responsible for overseeing the formulation and application of the Company's Total Rewards Philosophy relating to the compensation and benefit programs for executive officers. Pay for performance is an essential element of our Total Rewards Philosophy, which is designed to drive performance in the form of global business growth by financially incentivizing our executive officers to create stockholder value.

The Compensation Committee has worked with our management and the Compensation Committee's compensation consultant to design compensation programs with the following primary objectives:

- Attract, retain and motivate highly qualified executives
- Reward executives based upon our financial performance at levels competitive with peer companies and
- Align a significant portion of the executive compensation with driving our performance and stockholder value in the form of performance-based executive incentive awards and long-term awards.

The guiding principles of our Total Rewards Philosophy are as follows:

Performance. We believe that the best way to accomplish alignment of compensation with the interests of our stockholders is to link a significant portion of total compensation directly to meeting or exceeding individual, business unit and overall Company performance goals. When performance exceeds expectations, total pay levels are expected to be above the competitive median. When performance falls below expectations, total pay levels are expected to be below competitive levels.

Competitiveness. Our compensation and benefit programs are designed to be competitive with the compensation provided by companies with whom we compete for talent. While we generally target the 50th percentile of the total compensation of competitor companies, in some instances, we provide compensation above or below the 50th percentile to account for other factors such as an executive's operating responsibilities, management level, tenure and performance in the position. To help us analyze the competitiveness of our compensation programs, we developed a compensation peer group that was used to set compensation for the 2016 fiscal year, as discussed below.

2017
Proxy Statement 24

Table of Contents

Cost. Compensation and benefit programs are designed to be cost effective, ensuring that the interests of our stockholders are considered.

Allocation between Short-Term and Long-Term Compensation

The allocation between short-term and long-term compensation is based primarily on competitive market practices relative to base salaries, annual incentive awards and long-term incentive values, as opposed to a targeted allocation between short-term and long-term pay. We also consider certain internal factors that may cause us to target a particular element of a NEO's compensation differently. These internal factors may include the NEO's operating responsibilities, management level and tenure and performance in the position. We consider the total compensation to be delivered to individual NEOs, and as such, exercise discretion in determining the portion allocated to annual and long-term incentive opportunity. We believe that this "total compensation" approach provides the ability to align pay decisions with the short-term and long-term needs of the business and the interests of our stockholders. It also allows for the flexibility needed to recognize differences in performance of each NEO by providing differentiated pay.

Benchmarking

Competitive compensation levels for our executive officers are in part established through the review of competitive market compensation data provided by the Compensation Committee's independent compensation consultant. This review includes base salary, annual incentive opportunities and long-term incentive opportunities for comparable companies. In 2015, we selected an industry compensation peer group as a source to evaluate compensation levels for the 2015 and 2016 fiscal years. The compensation peer group consisted of 17 publicly-traded companies of reasonably similar size to us in the electronic equipment/electronic manufacturing services industry, the electronic components and equipment industry and the semiconductor/semiconductor equipment and manufacturing industry, representing different segments of our business. The compensation peer group is set forth below:

Cabot Microelectronics Corporation (CCMP)	MTS Systems Corporation (MTSC)
CTS Corporation (CTS)	ON Semiconductor Corporation (ON)
Diodes Incorporated (DIOD)	Rogers Corporation (ROG)
Electro Scientific Industries, Inc. (ESIO)	Semtech Corporation (SMTC)
Fairchild Semiconductor International, Inc. (FCS)	Stoneridge, Inc. (SRI)
Gentex Corporation (GNTX)	TTM Technologies, Inc. (TTMI)
Hubbell Incorporated (HUBA, HUBB)	Veeco Instruments Inc. (VECO)
KEMET Corporation (KEM)	Vishay Intertechnology, Inc. (VSH)
Methode Electronics, Inc. (MEI)	

For 2016, the raw data derived from each compensation peer group companies' 2015 proxy statement was aged at an annual rate of 3% for cash and 5% for equity, and was size-adjusted to approximate our revenues for the corresponding fiscal year. The total compensation for our NEOs is generally targeted at the 50th percentile of the competitive market data. In 2016, the Compensation Committee awarded total annual target compensation to Messrs. Heinzmann, Hunter, Stafford, Rutz and Ms. Sethna that was +6%, +11%, +16%, +14%, and +1%, respectively, in relation to the median of our peer group. In addition, Ms. Sethna and Mr. Stafford received special retention grants, as described on page 33, which are not reflected in these percentages. In making the awards to our NEOs in 2016 above the median of our peer group, the Compensation Committee considered the individual scope of responsibility of each NEO, each NEO's historical compensation levels, the NEO's years of experience, the NEO's past, and expected future, contributions to our success, market practice, internal equity considerations and individual performance. Additional information regarding the components of total compensation for our NEOs is discussed below under "Components of Total Compensation."

Annual Compensation Process

The Compensation Committee reviews industry data and performance results presented by its independent compensation consultant in determining the appropriate aggregate and individual compensation levels for the year. In conducting its review, the Compensation Committee considers quantitative performance results, the overall need of the organization to attract, retain and motivate the executive team, and the total cost of compensation programs.

The Compensation Committee reviews base salaries annually with any changes to be effective February 1 of the following year. The approval of incentive awards for NEOs under the Littelfuse, Inc. Annual Incentive Plan (the “Annual Incentive Plan”) for the preceding year and the terms of the incentive awards for NEOs for the current year are approved by the Compensation Committee at its January or February meeting. Long term equity compensation is granted by the Compensation Committee and the full Board at the April meeting, held in connection with the annual meeting of stockholders. The Compensation Committee oversees the administration of the Company’s equity-based programs and makes recommendations to the Board for its consideration and approval of equity awards to be made to the CEO and other executive officers. The Compensation Committee has delegated authority to the CEO to grant equity awards to other non-executive officer employees. Ratification of grants for any non-executive officers who are newly-hired or promoted during the course of the year generally occurs at the Compensation Committee meeting immediately following the hiring or promotion, as applicable.

Role of the Board, Compensation Committee, Management and Consultants

The Compensation Committee establishes, reviews and recommends all elements of the executive compensation program to the members of the Board for approval. The Compensation Committee works with an independent compensation consultant, Compensation Strategies, Inc., for advice and perspective regarding market trends that may affect decisions about our executive compensation program and practices. Our independent compensation consultant also advises the Compensation Committee on non-employee director compensation matters. Additional responsibilities of the Board, the Compensation Committee, management and the independent compensation consultant include:

Board of Directors and Compensation Committee

The Compensation Committee reviews and recommends the CEO’s business goals and objectives relevant to executive compensation to the members of the Board other than the CEO, for approval evaluates the performance of the CEO in light of those goals and objectives and recommends the CEO’s compensation level to such members of the Board based on this evaluation. The Compensation Committee reviews and recommends the CEO’s annual and

long-term incentive target opportunities and payouts for approval by the members of the Board, other than the CEO.

For NEOs other than the CEO, the Compensation Committee reviews and makes recommendations based on a review of compensation survey data and publicly-disclosed compensation information for our peer group, individual performance, internal pay equity and other relevant factors for approval by the full Board for all NEO compensation arrangements including base salary determination and annual and long-term incentive target opportunities and payouts.

Management and Consultants

Compensation program design: Management makes recommendations in consultation with the independent compensation consultant on compensation program design and pay levels and implements the compensation programs approved by the Board.

Develop performance measures: Management identifies appropriate performance measures, recommends performance targets that are used to determine annual awards, and develops individual performance objectives for each NEO.

Compile competitive market data: Management works with the independent compensation consultant in compiling compensation information and preparing the data for presentation to the Compensation Committee.

Develop compensation recommendations: Based on the compensation survey data and publicly-disclosed compensation information, our CEO and our CHRO prepare recommendations for the NEOs (other than for the CEO) and present these recommendations to the Compensation Committee. The Compensation Committee reviews these recommendations along with the competitive market data and other information and advice of the independent compensation consultant, and makes a recommendation to the full Board for approval. Our CEO also assists the Compensation Committee by providing input with regards to the fulfillment of the individual performance objectives of the other NEOs. Compensation recommendations for the CEO are made by the Compensation Committee based on the compensation survey data and are presented for approval to the directors other than the CEO. Our Executive Vice President and Chief Financial Officer also assists in the preparation of performance targets and objectives based on our short-term and long-term growth plans and provides financial information used by the Compensation Committee to make decisions with respect to incentive goals based on achievement of financial targets and related payouts.

Impact of Accounting and Tax Issues on Executive Compensation

In setting each NEO's compensation levels, we do not have a stated policy that all compensation must be tax deductible. The Compensation Committee and Board analyze the overall expense arising from aggregate executive compensation levels and consider various alternatives to preserving the tax deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with our compensation goals. Section 162(m) of the Internal Revenue Code ("Section 162(m)") places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to our CEO and our three other most highly compensated officers other than the principal financial officer. Compensation, including compensation pursuant to plans or arrangements approved by our stockholders, that qualifies as "performance-based compensation" under Section 162(m) is not subject to the deduction limit. The Annual Incentive Plan and Long Term Incentive Plan have been approved by our stockholders; as a result, stock options, stock appreciation rights, performance shares, performance units and cash incentive awards under these plans that qualify as "performance based compensation" will not be subject to the

deductibility limit imposed by Section 162(m). In fiscal 2016, the Compensation Committee established an annual incentive plan structured to allow payments to be made, if a certain financial target is met, that are deductible under Section 162(m). In fiscal 2016, we met the performance objective of our annual incentive plan, as described further on page 29.

Table of Contents*Components of Total Compensation*

The compensation of our NEOs consists of five components, each designed to help achieve our compensation objectives and to contribute to a total compensation arrangement that is competitive, appropriately performance-based and valued by our NEOs, as described in the following table.

Compensation Component	Purpose
Base Salary	Designed to attract, retain and motivate highly-qualified executives by paying a competitive salary.
Annual Incentive Plan (cash awards)	Designed to provide a performance-based cash reward to executives and key employees of the Company for contributing to the achievement of our short-term corporate goals.
Long Term Incentive Plan (stock option and RSU awards)	Designed to emphasize the goals of our equity compensation: (1) align each NEO's financial interests with driving stockholder value (2) focus the NEOs' efforts on long-term financial performance of the Company and (3) assist in the retention of our NEOs.
Perquisites and Health and Welfare Programs	Designed to provide competitive levels of health and welfare protection and financial security to executives.
Retirement and Post-Employment Compensation	

Information regarding the administration and the determination of amounts of each component is below.

A. Base Salary

Administration: Our CEO and our CHRO recommend NEO salary levels (other than for the CEO) to the Compensation Committee for approval. The Compensation Committee reviews the NEO salary recommendations and makes its recommendations to the full Board for approval. The Compensation Committee determines and makes CEO salary recommendations to the Board, other than the CEO, for approval.

Determination of amounts: Base salary is generally targeted at the 50th percentile of the compensation peer group, although we also take into account factors such as individual scope of responsibility, years of experience, past and future contributions to our success and possible differences in compensation standards in our industry. We strive to be market competitive in an effort to attract, retain and motivate highly-talented executive officers.

Table of Contents

In both 2016 and for 2017, the Compensation Committee recommended to the Board and the Board approved increases in base salary for all NEOs, effective as of February 1, except as noted. The base salary amounts for the NEOs, effective as of February 1, 2016 and February 1, 2017, are as follows:

Name	2016 Annualized	2017 Annualized
	Base Salary	Base Salary
David W. Heinzmann (1)	\$525,000	\$700,000
Gordon Hunter (1)	\$782,740	\$600,000
Meenal A. Sethna	\$375,000	\$393,750
Ryan K. Stafford (2)	\$400,000	\$463,500
Michael P. Rutz	\$360,706	\$371,527
Philip G. Franklin (3)	\$420,767	-

(1) 2017 Annualized Base Salary effective as of January 1, 2017, in connection with the CEO transition.

(2) 2016 Annualized Base Salary was increased from \$400,000 to \$450,000 effective as of July 20, 2016, in light of Mr. Stafford's ongoing performance and the Company's desired retention of Mr. Stafford.

(3) Upon his transition to an advisor role from April 1, 2016 to July 31, 2016, Mr. Franklin served as a part-time employee and his base salary was reduced accordingly.

B. Annual Incentive Plan

In January 2014, our Compensation Committee and our Board approved the Annual Incentive Plan and on April 25, 2014 our stockholders approved the Annual Incentive Plan ("AIP").

Administration: The Compensation Committee establishes, after (1) consulting with our CEO and CHRO, (2) reviewing the compensation peer group information and other information and advice of the independent compensation consultant and (3) discussing the financial goals and targets of the Company for the next fiscal year with our CEO and our CFO, the threshold, target and maximum amounts that may be awarded under the AIP to each NEO for the fiscal year. The annual target amounts are set as percentages of each NEO's base salary and the maximum amount is set at 200% percent of the annual target percentage.

Determination of eligible AIP amounts: Our AIP is intended to compensate NEOs for their short-term contributions to the Company's performance. Annual incentive awards to NEOs are granted based on the NEOs' and the Company's performances and are approved by the Compensation Committee and recommended to the full Board for approval. While one factor the Compensation Committee considers regarding the compensation of our NEOs is where that compensation falls in relation to the 50th percentile of the total compensation of our compensation peer group, it does

not necessarily match our annual incentive awards against a certain percentile of the compensation peer group and it considers other factors, such as internal equity considerations, executive experience and the years of service of the NEO, in setting the targets as a percent of base salary. It sets the threshold, target and maximum amounts for the AIP so that, if earned, we pay sufficient total annual compensation to remain competitive. The maximum incentive amount that may be paid to an employee for a performance period has been limited under the AIP to \$2,500,000.

2017

Proxy Statement 29

Table of Contents

The following table summarizes the AIP opportunity percentages for the NEOs for 2016, excluding Mr. Franklin who retired from his role as CFO effective March 31, 2016 and did not participate in the 2016 AIP:

Name	2016 AIP Target Opportunity		
	(as a % of 2016 Base Salary)		
	Threshold	Target	Maximum
David W. Heinzmann	40%	80%	160%
Gordon Hunter	50%	100%	200%
Meenal A. Sethna	35%	70%	140%
Ryan K. Stafford	35%	70%	140%
Michael P. Rutz	30%	60%	120%

In 2016, the Compensation Committee structured the AIP to ensure sufficient flexibility to determine appropriate non-equity incentive compensation and preserve corporate tax deductions for performance-based compensation under Section 162(m). Under the 2016 AIP, the Compensation Committee established a performance goal and a maximum annual award percentage that could be paid to each NEO; the NEOs were eligible to receive up to a maximum of 200% of their target annual incentive opportunities, upon the Company's achievement of \$1.00 of diluted earnings per share ("EPS") for 2016. In January 2017, the Compensation Committee determined that the Company had achieved \$4.60 of EPS for 2016, thereby satisfying the performance goal under the 2016 AIP. The Compensation Committee then exercised its negative discretion to determine each NEO's 2016 AIP award amount.

Exercise of negative discretion: With respect to the 2016 AIP award amounts for NEOs, the Compensation Committee gave consideration to three performance areas: (i) the Company's achievement of financial objectives related to its base business operations, which exclude the impact of material acquisitions completed during the year, (ii) the acquisition and integration during 2016 of three businesses key to the Company's long-term strategy, and (iii) the NEOs' individual performances.

The Compensation Committee considered the performance of the Company's base business operations with respect to the financial performance metrics shown in the table below. Notably, these metrics excluded the financial impact of the three businesses we acquired and integrated in 2016 (i.e., PolySwitch, ON Portfolio and Member's, which are further described below). The Compensation Committee believed that these metrics reflected the performance of the Company's ongoing operations with respect to its existing business.

Base Business Operations	Threshold	Target	Maximum	Actual	Percentage
--------------------------	-----------	--------	---------	--------	------------

Performance Metric (1)	Performance	Performance	Performance	Performance	Achievement
	(50%)	(100%)	(200%)		
Corporate Sales (\$M)	\$851.2	\$896.0	\$940.8	\$890.6	94%
AIP Earnings per Share (“AIP EPS”)	\$5.53	\$5.95	\$6.37	\$5.95	100%
Cash from Operations (\$M)	\$170.2	\$193.4	\$216.6	\$205.8	153%

(1)The performance metrics were determined as follows:

Corporate Sales - represents our 2016 sales as reported in our audited financial statements, less sales attributable to businesses acquired in 2016.

AIP EPS – represents our 2016 AIP net income, as described below, divided by our diluted weighted-average common shares outstanding. “AIP net income” is calculated as our net income, as reported in our audited financial statements, excluding the after-tax impact of the following items: acquisition, divestiture and integration costs; restructuring charges related to business reorganizations; plant closure and related move and reduction in force costs; intangible asset impairment; expensing of inventory fair market value step-up; non-operating foreign exchange gains and losses; and net income/loss related to businesses acquired in 2016.

Cash from Operations – represents our 2016 cash flow from operations, as reported in our audited financial statements, less the cash flow from operations attributable to, or expended in connection with, businesses acquired in 2016.

In 2016, the Company completed three separate acquisitions that furthered the Company's long-term strategic growth plan. In March 2016, the Company acquired the circuit protection business ("PolySwitch") of TE Connectivity Ltd. for a net amount of approximately \$348 million; this was the largest acquisition in the Company's history. In April 2016, the Company acquired Menber's S.p.A. ("Menber's") for a net amount of approximately \$19 million. In August 2016, the Company acquired certain assets of select businesses (the "ON Portfolio") of ON Semiconductor Corporation for approximately \$104 million.

Significant efforts were required both to negotiate and accomplish the three acquisitions and to integrate the acquired business after the acquisitions. The Compensation Committee gave consideration to: the successful completion of the three acquisitions and the achievement of specific integration objectives including (i) execution of synergy plans that yielded significant savings, (ii) retention of key talent, and (iii) the accelerated integration of those businesses. The Compensation Committee attributes much of the Company's success regarding the acquisitions and integrations to the performance of the Company's management including the NEOs.

The Compensation Committee also reviews the individual performance of each NEO. These reviews are qualitative in nature and require subjective determinations by the Compensation Committee. The Compensation Committee receives input from the CEO and CHRO with respect to each NEO's performance and considers factors generally related to (i) overall Company business performance, (ii) development of managerial leaders and talent within the Company; (iii) legal compliance and corporate governance best practices, and (iv) other matters specific to each NEO's scope of responsibility.

The Compensation Committee also received recommendations from Mr. Hunter related to the 2016 AIP award amounts for the other NEOs. It received input from its independent compensation consultant with respect to the appropriate 2016 AIP award amount for Mr. Hunter. After consideration of the three performance areas described above and the recommendations from Mr. Hunter and input from the independent compensation consultant, the Compensation Committee approved and recommended to the Board, and the Board approved, the following 2016 AIP awards to the NEOs at levels less than the entire amounts for which the NEOs were eligible under the 2016 AIP:

NEO	Eligible Award Under the 2016 AIP	Actual 2016 AIP Award after Negative Discretion	Actual 2016 AIP Award after Negative Discretion
	(\$)	(% of target)	(\$)
David W. Heinzmann	\$840,000	150.0%	\$630,000
Gordon Hunter	\$1,565,480	153.3%	\$1,200,000
Meenal A. Sethna	\$525,000	150.0%	\$393,750

2017 Annual Incentive Plan: At its January 2017 meeting, the Compensation Committee approved the same annual incentive plan structure providing for sufficient flexibility under Section 162(m) and established the NEOs' target annual incentive plan opportunity percentages for the 2017 AIP. It also established a 2017 financial performance goal that was based on the same performance metric as in 2016. The following table summarizes AIP target opportunity percentages, as a percentage of base salary for the NEOs for 2017:

2017 AIP Opportunity

David W. Heinzmann	45%	90%	180%

C. Long-Term Incentive Compensation

Consistent with prior years' practice, in 2016 the Compensation Committee awarded a combination of two types of equity awards under the Long-Term Incentive Plan to our NEOs: stock option awards and RSUs. The stock options vest one-third annually over a three-year vesting period and have an exercise price equal to the fair market value of our common stock on the date of grant. The RSUs also vest one-third annually over a three-year vesting period.

Administration: The Compensation Committee reviews the compensation peer group information, the advice of the independent compensation consultant and, for NEOs other than the CEO, the recommendation of our CEO and our CHRO with respect to the NEOs' long-term incentive grants of stock options and RSUs. The Compensation Committee makes recommendations to the Board, other than the CEO, for the grant of stock options and RSUs to the CEO.

Determination of amounts: We target total equity compensation awards at the 50th percentile of our compensation peer group, although we also take into account other factors, such as years of service with the Company and internal pay equity considerations, when determining total equity compensation. In 2016, based on a valuation performed by the independent compensation consultant, the Compensation Committee determined that 50% of the value of the equity awards would be made in stock options, and 50% of the value of the equity awards would be made in RSUs. The restricted stock unit awards and stock options granted in 2016 to each NEO, other than Mr. Franklin who retired from his position as CFO effective March 31, 2016, are set forth below.

Name	RSU Award	RSU Vesting Schedule (1)	Stock Option Award	Option Vesting Schedule (1)	Option Grant Price
David W. Heinzmann	4,755	3-year vest	17,004	3-year vest	\$120.15
Gordon Hunter	10,087	3-year vest	36,074	3-year vest	\$120.15
Meenal A. Sethna	3,389	3-year vest	12,121	3-year vest	\$120.15
Ryan K. Stafford	3,006	3-year vest	10,750	3-year vest	\$120.15
Michael P. Rutz	2,134	3-year vest	7,632	3-year vest	\$120.15

(1)2016 grant of RSUs and Options vest in installments of 33% on each anniversary of the grant date.

Table of Contents*Special Retention Awards*

As reported in our Current Report on Form 8-K filed on July 26, 2016, the Board awarded 5,594 RSUs to Mr. Stafford and 2,486 RSUs to Ms. Sethna, in light of each of their ongoing performance and desired retention. The awards were granted pursuant to the Long-Term Incentive Plan, and vest in full after three years.

Stock Ownership Policy

As discussed on page 15, the Company maintains a stock ownership policy applicable to all executive officers and directors. The table below describes the ownership guidelines for each Named Executive Officer, excluding Mr. Franklin who retired from his CFO role effective March 31, 2016, and their progress towards the ownership requirements, as of March 1, 2017.

Name	Ownership	Number of Shares	
	Requirement as % of Base Salary	Required (1)	Owned (2)
David W. Heinzmann	500%	23,000	37,865
Gordon Hunter	500%	19,700	39,729
Meenal A. Sethna (3)	300%	7,800	6,949
Ryan K. Stafford	300%	9,100	25,339
Michael P. Rutz (4)	200%	4,900	4,731

(1) Pursuant to the stock ownership policy, the Compensation Committee may adjust the ownership requirements in the event of a significant increase in the price of the Company's common stock. The ownership requirements were last amended in January 2014 using a 30-business-day average stock price of \$93.00 per share. In light of the approximately 63% increase in the price of the Company's common stock from January 2014 to the 30-business-day average stock price used for the period of December 1, 2016 through January 13, 2017, the Compensation Committee approved an adjustment to the ownership requirements of \$152.00 per share.

(2) Includes direct and indirect ownership of beneficially owned shares and restricted stock/units.

D. Perquisites and Health and Welfare Programs

Perquisites

Our NEOs are provided with the opportunity to receive executive physicals and financial planning services on an annual basis. The executive physical program provides approximately \$5,000 in services per NEO annually. In addition, pursuant to Mr. Hunter's Amended and Restated Employment Agreement, dated December 31, 2007, Mr. Hunter is entitled to \$15,000 per year of financial planning and tax consulting services, and each of our other NEOs is entitled to \$12,000 per year of financial planning services. Additionally, Mr. Hunter is provided with continued use of a Company automobile through December 31, 2017, and during 2016 and the Company provided reimbursement of certain spouse travel to industry events. We provide these benefits to help our NEOs efficiently manage their time and financial affairs and to allow them to stay focused on business issues. Amounts and types of perquisites are included in the 2016 All Other Compensation Table below on page 38.

Health and Welfare Programs

Our NEOs participate in the same health and welfare programs designed for all of our full-time U.S. employees. The program includes partial reimbursement of gym membership dues, group health, dental, disability, business travel accident, life and accidental death and dismemberment (AD&D) coverage. Our NEOs are also provided with an increased amount of life and AD&D insurance in order to provide a targeted level of coverage equal to three times base salary. These programs are important components of our total compensation program, and we provide them to remain competitive.

E. Retirement and Post-Employment Compensation

Retirement Plans

We provide retirement benefits to our U.S. employees and NEOs through the following plans:

Littelfuse, Inc. 401(k) Retirement and Savings Plan

NEOs may elect to participate in the Littelfuse, Inc. 401(k) Retirement and Savings Plan (“401(k) Plan”) on the same basis as all other U.S. employees. The 401(k) Plan provides employees the opportunity to save for retirement on a tax-favored basis. The Company amended the 401(k) Plan, effective as of January 1, 2012, to provide discretionary Company contributions equal to 2% of a participant’s annual eligible pay. This is in addition to the existing Company matching contributions, which provide a dollar-for-dollar match on participant salary deferrals up to 4% of a participant’s annual eligible pay (subject to IRS compensation limits). The Plan also provides for discretionary contributions for those eligible, active participants who as of January 1, 2010, participated in the Littelfuse, Inc. Retirement Plan (“Pension Plan”) and had earned a minimum of 10 years of service and a combined age and years of service of at least 60 (the “60 Point Group”). Currently, Mr. Heinzmann is the only NEO who is a member of the 60 Point Group. The Company has currently set these contributions at 5% of base pay (subject to IRS compensation limits). All contributions to the 401(k) Plan are fully vested and nonforfeitable.

Littelfuse, Inc. Supplemental Retirement and Savings Plan

The Littelfuse, Inc. Supplemental Retirement and Savings Plan (the “Supplemental Plan”) is a non-qualified retirement plan that is intended to provide supplemental retirement income benefits to employees whose benefits under our tax-qualified 401(k) plan are limited by the application of Internal Revenue Code Section 415, which includes our NEOs. Participants can defer a portion of their annual compensation to the Supplemental Plan. The Company provides a matching contribution designed to ensure that participants receive a combined match under the Supplemental Plan and the Company’s 401(k) plan on the first 4% of their annual compensation that they defer to both plans. The Company also makes the same 5% contribution as it makes to the Company’s 401(k) Plan for Supplemental Plan participants who are members of the 60 Point Group, based on their compensation in excess of the IRS limit. Currently Mr. Heinzmann is the only NEO who receives this additional contribution as a member of the 60 Point Group.

We have not entered into an employment agreement with any NEO, other than Mr. Hunter. However, in connection with the CEO transition, we entered into a Letter Agreement with Mr. Heinzmann. The terms of Mr. Hunter’s employment agreement and Mr. Heinzmann’s Letter Agreement are described below.

Pursuant to the Executive Retirement Agreement, Mr. Hunter will receive a base salary of \$600,000, and continue to participate in the Annual Incentive Plan with a target bonus of 100% of his base salary for the 2017 fiscal year. In lieu of any other 2017 annual equity awards, the Executive Retirement Agreement provided for the grant of restricted stock units having a grant date value of \$2,240,000 that vest on December 31, 2017. During the Term of the agreement, all outstanding equity awards granted to Mr. Hunter will remain outstanding and continue to vest in accordance with their terms. However, at the end of the Term, any then-unvested equity awards will become immediately vested, subject to Mr. Hunter's continued employment through the end of the Term. The termination provisions under the Executive Retirement Agreement and Mr. Hunter's Change in Control Agreement are described on page 45.

Mr. Hunter and the Company entered into an employment agreement dated May 1, 2006, as amended and restated on December 31, 2007. The employment agreement, as amended, remains in effect and provides that Mr. Hunter will receive certain benefits, including a home office, an automobile, and up to \$15,000 in annual financial planning and tax counseling services. The employment agreement also contains non-disclosure, non-competition, non-solicitation and non-hire restrictions applicable to Mr. Hunter following cessation of his employment with us. (5) Represents payouts for performance under Annual Incentive Plan. See page 29 for information on how amounts were determined.

Amounts shown in this column represent the change in the actuarial present value of each NEO's accumulated benefit under the Pension Plan for the specified year, plus the amount of any payments made to or on behalf of the NEO during the last fiscal year. Although the Pension Plan was frozen effective April 1, 2009, the actuarial present value of each NEO's benefit under the plan is subject to change, largely due to the passage of time and changes in the discount rate used to value the Pension Plan's liabilities. Note further that the plan was terminated effective July 30, 2014 and all of the plan's liabilities were settled, either via lump sum payout or purchase of a group annuity contract in the third quarter of 2015. As a result, the actuarial present value of each NEO's benefit under the plan is now \$0. There are no above-market or preferential earnings in the Supplemental Plan or the SERP. See the 2016 Nonqualified Deferred Compensation Table for more information.

(7) The amounts shown are detailed in the supplemental "All Other Compensation" table below.

(1) Reflects amounts that have been reported in the Salary column of the Summary Compensation Table.

(2) These amounts reflect Company and matching contributions made under the Supplemental Plan. These amounts were reported in the All Other Compensation column of the Summary Compensation Table for 2016. These amounts include contributions that are attributable to the 2016 fiscal year but that were made in 2017 after the end of the 2016 fiscal year.

(3) These amounts represent interest earnings/losses credited to each NEO's account in the Supplemental Plan. Interest earnings/losses credited to these accounts are derived from the actual returns on the same investment options that are available under the 401(k) Plan, and the allocation the executives make amongst those qualified plan investment options. Given that these investment options are available to all employees participating in the

non-discriminatory, tax-qualified 401(k) Plan, the interest earnings credited to the Supplemental Plan are not considered to be above market and, thus, do not need to be reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table.

For Mr. Franklin, this also includes interest earnings credited to his SERP account. Interest earnings were credited in 2016 to this account at a rate of 1.91% per annum. None of the interest earnings credited in 2016 were in excess of the amount of interest earnings that would have been credited in 2016 had the interest crediting rate been equal to 120% of the long-term, annual applicable federal rate published by the Internal Revenue Service for December 2016 (2.72%). As such, none of the interest earnings credited to Mr. Franklin's SERP account in 2016 are required to be reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table.

This amount includes a SERP account balance of \$1,851,671, which is comprised of no contribution by Mr. Franklin, \$1,190,604 of Company contributions and \$661,067 of interest earnings. The amounts reported as (4) compensation for Mr. Franklin in the All Other Compensation column and the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table for 2016 are both \$0. As of 2016 fiscal year-end, Mr. Franklin is 100% vested in his SERP account balance.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Termination of Employment Generally

As further described below, we have not entered into any employment agreements with our NEOs, other than Mr. Hunter. We have entered into a change in control agreement with each NEO and each NEO is entitled to receive certain payments and benefits upon termination of employment pursuant to (i) the Long-Term Incentive Plan, (ii) Individual Award Agreements, (iii) Supplemental Plan provisions, and (iv) SERP provisions.

Long-Term Incentive Plan Termination Provisions

The Long-Term Plan governs equity grants made in years 2010 and later, and under the provisions of the Long-Term Plan, all outstanding (unvested) equity grants shall be cancelled and no longer exercisable on the date of employment termination, unless otherwise provided in an individual award agreement or by approval of the Compensation Committee. Key definitions in our Long-Term Plan, Mr. Hunter's employment agreement and the individual award agreements are described below.

Disability

For purposes of the Long-Term Plan, "disability" has the same meaning as in the Award Agreements, Mr. Hunter's employment agreement, and the change in control agreements in effect. Disability is defined as the inability to engage in substantial gainful activity or receipt of income replacement benefits under our (or our subsidiary's) accident and health plan for at least three months, in either case, because of a medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of at least 12 months.

Change in Control

“Change in control” under the Long-Term Plan generally means the first to occur of (1) certain acquisitions by any person becoming the owner of more than 50% of the Company, by vote or by value, (2) certain acquisitions (other than as described in (1)) by any person becoming the owner of 30% or more of the total voting power of Company stock within a 12 month period, (3) replacement of a majority of the Board within a 12 month period by directors whose appointment or election is not previously endorsed by the then majority of the Board, or (4) certain acquisitions of 40% or more of the Company’s assets.

Eligible Retirement

Eligible retirement under the individual award agreements mean the date upon which an employee, having attained an age of not less than 62 and completing five years of employment with us, terminates employment with the Company.

Award Agreement Termination Provisions

In October 2016, the Compensation Committee and full Board approved a prospective amendment to the retirement provisions effective beginning in the 2017 form award agreements for stock options and restricted stock units granted to executive-level employees, including all NEOs. The amended agreements provide that upon eligible retirement both stock options and restricted stock units become immediately vested.

Proxy Statement 44

Table of Contents

Stock Options

Stock options granted to the NEOs in 2016 under the Long-Term Plan automatically become fully vested upon the recipient's termination of employment due to death or "disability," termination without cause within two years following a "change in control," or termination without cause on or after "eligible retirement." Upon any such termination of employment, recipient may exercise his or her vested stock options until the earlier of (1) the date on which the stock options would otherwise terminate in accordance with the terms of their grants or (2) the expiration of three months (or 90 days in some cases) after the date of termination or 12 months in the case of death or the 7th anniversary of the grant date in the case of eligible retirement. Under all other termination of employment events, all unvested stock options are forfeited upon termination and the recipient has three months after termination to exercise his or her stock options which were vested immediately prior to termination (unless the recipient is terminated for cause, in which case the options will no longer be exercisable effective immediately upon the recipient's termination date).

Restricted Stock Units

RSUs granted to the NEOs in 2016 under the Long-Term Plan that have not vested are generally forfeited upon the recipient's termination of employment. However, if a recipient terminates employment due to death or "disability," then a pro rata portion of his or her unvested RSUs may become vested based on the recipient's prior service with the Company. For awards granted in 2016, if a recipient terminates employment due to "eligible retirement," then a pro-rata portion of his or her unvested RSUs will vest after his or her "eligible retirement." Any unvested RSUs will automatically fully vest if an event occurs that constitutes a "change in control."

Gordon Hunter's Employment Agreement Termination Provisions

As disclosed on page 24, in connection with Mr. Hunter's retirement as President and Chief Executive Officer and assumption of the Executive Chairman of the Board role, the Company and Mr. Hunter entered into an Executive Retirement Agreement effective January 1, 2017 through December 31, 2017. Pursuant to the Executive Retirement Agreement, the termination provisions provided in Mr. Hunter's Amended and Restated Employment Agreement, dated December 31, 2007, and Change of Control Agreement, dated January 1, 2015, remain in full force and effect through December 31, 2017. The termination provisions in Mr. Hunter's Amended and Restated Employment Agreement and Change in Control Agreement are described below.

If Mr. Hunter's employment is terminated for cause or if Mr. Hunter terminates his employment other than for good reason, he is entitled to receive his compensation and benefits accrued up to the date of termination. For purposes of the agreement, "cause" means: (1) a willful failure to perform in accordance with the direction of the Board (other than

by reason of disability), or gross negligence in the performance, of his material duties and responsibilities to the Company or any of its affiliates (2) certain breaches of responsibilities under the employment agreement (3) a conviction of, or the plea of guilty or no contest to, a felony (4) conduct that constitutes fraud, gross negligence or gross misconduct that results in material harm to the Company (5) other conduct that is, or could reasonably be expected to be, materially harmful to the Company or any of its affiliates or (6) a material breach of his employment agreement that remains uncured after 30 days' written notice by us to Mr. Hunter. For purposes of the agreement, "good reason" means (1) a material breach of the agreement by us not cured within 30 days after written notice by Mr. Hunter to us or (2) without Mr. Hunter's written consent: (a) any change in title or any material diminution of duties or authority (b) assignment of duties materially inconsistent with duties in effect on the date of the agreement (c) any change in the reporting structure of the Company or (d) any requirement that Mr. Hunter relocate his principal residence as in effect on the effective date of the agreement or office other than at our headquarters offices.

If Mr. Hunter's employment terminates due to death or disability, he is entitled to receive his compensation and benefits accrued up to the date of termination, plus his annual incentive bonus for the performance period in which the date of termination occurs, if any, based on actual performance for the entire period but subject to a pro-rata reduction to reflect the portion of the performance period following the date of termination.

If Mr. Hunter's employment is terminated by us other than for cause, or he terminates his employment for good reason, Mr. Hunter is entitled to receive his compensation and benefits accrued up to the date of termination. In addition, provided Mr. Hunter executes (and does not revoke) a release of claims agreement, we will: (1) continue to pay him his base salary during the 12 months following the date of termination at the rate in effect on the date of termination (2) pay him a severance payment in 12 equal monthly installments equal to his annual incentive bonus at target (3) if Mr. Hunter elects to exercise his rights under COBRA to continue his Company-sponsored group health and dental plan benefits, subject to any employee contribution generally applicable to senior level executives actively employed by the Company, continue to contribute to the premium cost for Mr. Hunter and his eligible dependents (provided they are entitled to receive such participation under applicable law and plan terms) for up to 12 months (4) pay him an incentive bonus for the performance period in which the date of termination occurs, if any, based on actual performance for the entire period but subject to a pro-rata reduction to reflect the portion of the performance period following the date of termination (5) subject to any employee contribution generally applicable to senior level executives actively employed by the Company, continue to contribute to the premium cost of Mr. Hunter's participation in our group life insurance plan (provided he is entitled to continue such participation under applicable law and plan terms) for up to 12 months and (6) pay up to \$25,000 for costs and expenses of outplacement services provided we receive applicable and timely documentation of such costs and expenses. The above payments may be delayed for up to six months to the extent required by Section 409A.

The Amended and Restated Employment Agreement also contains certain covenants, including a confidentiality provision which applies perpetually (except for disclosures required by law or in the performance of his duties), a covenant not to compete with the Company for 12 months following termination of employment, and a covenant not to solicit Company employees or other service providers for 12 months following termination of employment.

The foregoing description of the terms of Mr. Hunter's Amended and Restated Employment Agreement is qualified in its entirety by reference to the employment agreement as set forth on Exhibit 10.1 to our Annual Report on Form 10-K for the fiscal year ended December 29, 2007.

Change of Control Agreements Termination Provisions

Each of our NEOs has entered into a change of control agreement with us, all of which expire on December 31, 2017. If a change of control occurs at any time on or before December 31, 2017, the Company has agreed to continue to retain the services of each of our NEOs and each of them has agreed to remain in our service, for two years after the

occurrence of the change of control (the “Service Period”). During the Service Period, the Company will provide them with (i) monthly base salary that is no less than the highest monthly base salary provided to them during the twelve months prior to the change of control, (ii) fringe benefits, reimbursement of business expenses, paid vacation time and office support at levels no less than provided to them during the 120 days prior to the change of control, (iii) annual bonuses that shall be the greater of (a) the average of the NEO’s annual bonus for the three years prior to the change of control and (b) the target bonus amount applicable to the NEO for the fiscal year in which the change of control occurs, and (iv) health and welfare benefits and incentive, paid vacation, savings and retirement opportunities generally no less favorable, in the aggregate, than the plans in effect during the 120 days prior to the change of control or those provided after the change of control to other peer executives of the Company if more favorable.

Proxy Statement 46

Table of Contents

In the event that the Company terminates the service of the NEOs during the Service Period other than for cause, death or disability, or if any of them terminate their service for good reason, they will be entitled to the following payments and benefits in addition to certain accrued amounts:

- (1) a lump sum payment equal to two times (three times in the case of Messrs. Hunter and Heinzmann) his or her annual base salary and the greater of: (i) the average of the NEO's annual bonus for the three years prior to termination from service and (ii) the target bonus amount applicable to the NEO for the fiscal year in which the termination occurs
- (2) a pro-rata amount equal to the greatest of such NEO's (i) target annual bonus for the fiscal year in which the termination occurs, (ii) annual bonus for the year in which the termination occurs based on performance through the termination date, and (iii) average annual bonus for the last three fiscal years for the three years prior to the termination date
- (3) during the two years following termination, reimbursement of the premium cost in excess of the normal active employee rate for his or her peer group to continue group medical benefits under COBRA (or reimbursements of excess individual insurance policy costs, if COBRA is not available) plus any tax gross-up attributable to this amount
- (4) for a period of up to two years after termination, or until the NEO accepts employment with any third party if earlier, reasonable outplacement services to the NEO
- (5) any option or right granted to the NEO under any of our equity-based plans will be exercisable by the NEO until the earlier of the date on which the option or right terminates in accordance with the terms of its grant or the expiration of 12 months after the date of termination and
- (6) the payment or provision of other amounts or benefits required to be paid under any of our plans, programs, policies, practices, contracts or agreements.

In addition to the above additional benefits and payments, the NEO will no longer be bound by any non-compete agreements.

For purposes of the change in control agreements, “cause” means (i) the willful and continued failure by the NEO to substantially perform his duties (other than due to physical or mental illness), after a written demand for substantial performance is delivered by the Board specifically identifying the manner in which the Board believes that the NEO has not substantially performed his duties and such failure is not cured within 60 calendar days after receipt of such written demand or (ii) the willful engagement by the NEO in illegal conduct or gross misconduct which is materially and demonstrably injurious to the Company.

“Good reason” means (i) the NEO is not elected to, or is removed from, any elected office that the NEO held immediately prior to a change of control, (ii) the assignment to the NEO of any duties materially inconsistent in any respect with the NEO’s position, authority, duties or responsibilities, or any other action by the Company which results in a diminution in such position, authority, duties or responsibilities, other than isolated, insubstantial and inadvertent actions not occurring in bad faith which are remedied, (iii) any failure by the Company to comply with any of the provisions of the change of control agreement other than certain isolated, insubstantial and inadvertent failures not occurring in bad faith which are remedied, (iv) requiring the NEO to travel on business to a substantially greater extent than required immediately prior to the change of control, or (v) any purported termination of the NEO’s service other than as expressly permitted under the agreements, in all cases provided the NEO provides at least 90 days’ notice and allows the Company at least 30 days to cure.

Table of Contents

If the NEO's service is terminated by reason of his death or disability during the Service Period, in addition to any accrued amounts due to the NEO for services prior to separation, the Company will pay to the NEO or his or her legal representative (i) a pro-rata amount equal to the greatest of such NEO's (a) target annual bonus for the fiscal year in which the termination occurs, (b) annual bonus for the year in which the termination occurs based on performance through the termination date or (c) average annual bonus for the last three fiscal years prior to the termination date, plus (ii) any other amounts or benefits required to be paid or provided or which the NEO is eligible to receive under any of our plans, programs, policies, practices, contracts or agreements. These other benefits include, in the case of death, benefits at least equal to the most favorable benefits provided by the Company to the estates and beneficiaries of peer executives and, in the case of disability, disability and other benefits at least equal to the most favorable of those generally provided by the Company to disabled NEOs and/or their families.

If the NEO is terminated voluntarily without good reason during the Service Period, the Company will pay to the NEO any accrued amounts due to the NEO for services prior to termination, plus (i) a pro-rata amount equal to the greatest of such NEO's (a) target annual bonus for the fiscal year in which the termination occurs, (b) annual bonus for the year in which the termination occurs based on performance through the termination date or (c) average annual bonus for the last three fiscal years for the three years prior to the termination date, and (ii) any other amounts or benefits required to be paid or provided or which the NEO is eligible to receive under any of our plans, programs, policies, practices, contracts or agreements. If the NEO is terminated for cause during the Service Period, the Company will pay to the NEO any accrued but unpaid base salary due to the NEO for services prior to termination, plus any other amounts or benefits required to be paid or provided or which the NEO is eligible to receive under any of our plans, programs, policies, practices, contracts or agreements.

The foregoing descriptions of the change of control agreements are qualified in their entirety by reference to the agreements, the locations of which are set forth in the exhibit index of our Annual Report on Form 10-K for our 2016 fiscal year ended December 31, 2016.

Supplemental Plan Termination Provisions

Supplemental Plan account balances are at all times 100% vested, and each U.S. NEO is entitled to receive his or her Supplemental Plan account balance upon termination of employment, or if elected either (i) age 59½ or (ii) age 65 or the later of five years of service. The benefit is paid in a lump sum or installments over five years, as elected by the NEO. For purposes of the Payments Upon Termination or Change in Control table below we have assumed that the account balances of the NEOs will be paid on termination of employment in a lump sum, although the NEO could have elected a different distribution date and form of payment in accordance with the plan.

SERP Termination Provisions

As of January 2, 2016, Mr. Franklin was the only NEO eligible to participate in the SERP and his SERP benefit was fully vested. We terminated the SERP effective as of December 31, 2009, so no other NEO will become a participant in the future. In connection with Mr. Franklin's retirement, he received a SERP lump sum benefit payment of \$1,854,618.

Upon the termination of employment of a NEO, they may be entitled to additional benefits or payments beyond those provided under our benefit plans, depending on the event triggering the termination. The events that would trigger a NEO's entitlement to additional benefits or payments, and the estimated value of these additional benefits or payments, are described in the following table. The table has been prepared assuming a termination date and, where applicable, a change of control date, of December 30, 2016, the last business day of our 2016 fiscal year, and a stock price of \$151.77 per share, which was the closing price of our common stock on such date.

PROPOSAL NO. 4 - AMENDED AND RESTATED LITTELFUSE, INC.

LONG TERM INCENTIVE PLAN

Introduction

Our Littelfuse, Inc. Long Term Incentive Plan (the “Long-Term Plan”) was originally adopted by the Board of Directors on February 4, 2010, and approved by the Company’s stockholders on April 30, 2010. The Long-Term Plan was subsequently amended in 2012 to update tax withholding language. On March 9, 2017, the Board approved the Amended and Restated Long-Term Plan described in this proposal (the “Amended and Restated Plan”), subject to stockholder approval, to be effective as of April 28, 2017. The Amended and Restated Plan will be effective on the date of stockholder approval and after that date will apply to all awards made under the Amended and Restated Plan before, on or after that date. If approved, the additional shares being requested under the Amended and Restated Plan will be registered under the Securities Act of 1933. If our stockholders do not approve the Amended and Restated Plan, the present version of the Long-Term Plan will continue as currently in effect.

A copy of the Amended and Restated Plan is attached as **Appendix A** to this Proxy Statement. The proposed changes included in the Amended and Restated Plan are summarized below under the heading “Summary of Changes to the Long-Term Plan.” The material terms of the Amended and Restated Plan, assuming the approval of this proposal by our stockholders, are summarized below under the heading “Description of the Amended and Restated Plan.”

The Board believes the approval of the Amended and Restated Plan is advisable and in the best interests of the Company and its stockholders because it assists in attracting and retaining employees, directors and consultants of the Company and its affiliates, motivates such individuals by means of performance-related incentives to achieve long-range performance goals, and enables such individuals to participate in the long-term growth and financial success of the Company.

The Board recommends that you vote FOR the

Amended and Restated Littelfuse, Inc. Long-Term Incentive Plan.

Summary of Changes to the Long-Term Plan

The Amended and Restated Plan is substantially identical to the Long-Term Plan that was previously approved by stockholders on April 30, 2010, with the following exceptions:

Increase in Authorized Shares. The number of shares authorized for issuance under the Long-Term Plan is being increased by 1,050,000 shares, from 1,200,000 to 2,250,000, which does not include 614,248 shares that had been reserved but unissued under prior plans that were superseded and replaced by the Long-Term Plan when it was adopted in 2010. As of March 1, 2017, approximately 369,062 shares remained available for future issuance under the Long-Term Plan, and 576,323 shares were subject to outstanding awards under the Long-Term Plan. The awards outstanding as of such date consisted of 346,047 shares subject to stock options, with a weighted average exercise price of \$100.01, and 230,276 shares underlying restricted stock units. Because we only have approximately 369,062 shares available for future issuance under the Long-Term Plan, we believe that an increase in the number of shares of our common stock authorized for issuance under the Long-Term Plan is important to enable the Company to continue to grant equity-based awards. Further, we believe that the increase is consistent with market practices and is important to allow us to continue to attract, motivate, reward, and retain the talent critical to achieving our business goals. This is the first time we have requested stockholder approval for additional share authorization under the Long-Term Plan. Based on the projected rate of share usage, we believe that the 1,050,000 additional shares being requested, together with the shares currently available for issuance, will be sufficient to fund future equity grants to employees and directors over the next five years. The estimated total potential dilution from the Long-Term Plan is 8.8%, which is calculated by dividing (i) the sum of the number of shares subject to outstanding awards (576,323 as of March 1, 2017), the number of shares remaining available for future awards (369,062 as of March 1, 2017), and the number of new shares being requested in this Proposal 4, by (ii) the number of issued and outstanding shares of the Company as of the record date (March 1, 2017).

Minimum 1-Year Vesting. One-year minimum vesting is added for all awards under the Amended and Restated Plan, subject to the discretion of the Compensation Committee to allow a shorter vesting in limited cases not to exceed five percent (5%) of the outstanding shares under the Amended and Restated Plan.

Limit on Director Awards. Limit the number of shares that can be awarded under the Amended and Restated Plan to a non-employee director during a calendar year to 50,000 shares

Other Changes. Other changes include removal of language that would have allowed our Compensation Committee to modify the definition of a Change in Control in individual award agreements, so that all awards under the Plan will use the same Change in Control definition. In addition, our current practice of requiring net settlement of restricted stock units to satisfy tax withholding obligations is now reflected as a default. Also, as permitted by recent FASB guidance, the amount of tax withholding permitted with respect to any award has increased from the statutory minimum to the maximum marginal rate permitted in the applicable jurisdiction.

Description of the Amended and Restated Plan

The following description of the Amended and Restated Plan is a summary and is qualified in its entirety by reference to the provisions of the Amended and Restated Plan, which is attached as **Appendix A** to this Proxy Statement.

Administration. The Amended and Restated Plan requires that a committee of non-employee independent outside directors administer the Amended and Restated Plan. Currently, our Compensation Committee, which we refer to in this summary as the Committee, administers the Amended and Restated Plan. Among other powers and duties, the Committee determines the employees who will be eligible to receive awards and establishes the terms and conditions of all awards. Unless prohibited by applicable law or the applicable rules of a stock exchange, the Committee may delegate its authority and administrative duties under the Amended and Restated Plan and may delegate to an executive officer its authority to grant awards to non-officer employees, subject to certain rules in the Amended and Restated Plan.

Shares Subject to the Amended and Restated Plan. The shares issuable under the Amended and Restated Plan are shares of our common stock that are (i) authorized but unissued or (ii) held in or acquired for the Littelfuse treasury. The total aggregate shares of common stock authorized for issuance during the term of the Amended and Restated Plan is limited to 2.25 million shares, plus the 614,248 shares that had been reserved but unissued under prior plans that were superseded and replaced by the Long-Term Plan when it was adopted in 2010. Approximately 390,745 shares remained available for issuance as of the 2016 fiscal year end. The Committee must equitably adjust awards and the number of shares available under the Amended and Restated Plan in the event of a stock split, stock dividend, extraordinary cash dividend, split-up, spin-off, reclassification or other recapitalization affecting the common stock. Subject to certain limitations, the shares of common stock allocable to the portion of awards granted under the Amended and Restated Plan that have been forfeited, canceled, expired without becoming exercised or terminated and

which have not been applied to pay the exercise price or taxes, may again be issued pursuant to new awards under the Amended and Restated Plan.

Types of Awards. There are seven types of awards that may be made under the Amended and Restated Plan including incentive stock options (“ISOs”), nonqualified stock options (“NQSOs”), stock appreciation rights (“SARs”), restricted stock, restricted stock units (“RSUs”), performance shares and performance units. Each award is subject to an award agreement approved by the Committee reflecting the terms and conditions of the award. For purposes of awards determined by reference to the fair market value of a share of our common stock, fair market value means the closing price of a share of our common stock on the relevant date, or if there are no sales on such date, on the next preceding day on which there were sales.

Eligibility. Current and future U.S. and non-U.S. employees (including officers) and prospective employees as designated by the Committee (or our CEO pursuant to a delegation) and members of our Board may receive awards under the Amended and Restated Plan. However, only U.S. employees may receive ISOs. As of March 1, 2017, approximately 500 individuals consisting of 9 executive officers, 6 directors who are not executive officers, and approximately 483 employees who are not executive officers are eligible to receive awards under the Amended and Restated Plan. The closing price of Littelfuse common stock on the NASDAQ Global Select Market was \$159.12 per share as of March 8, 2017.

Stock Options. ISOs are options to purchase our common stock that receive tax benefits if they meet the requirements under Code Section 422, and NQSOs are options to purchase our common stock that do not meet those requirements.

Option Grant: Each option award must be evidenced by an award agreement specifying the option exercise price, the term of the option, the number of shares of our common stock subject to the option, and such other provisions as the Committee determines, and which are not inconsistent with the terms of the Amended and Restated Plan (which need not be the same for each award or for each recipient). The award agreement must also specify whether the option is to be treated as an ISO within the meaning of Code Section 422. Options not designated as ISOs are considered to be NQSOs.

Exercise of Options: Options granted under the Amended and Restated Plan are exercisable at such times as set forth in an award agreement. The exercise price of each option must be at least 100% of the fair market value of a share of our common stock on the date of grant. The exercise price of each ISO to any individual who owns more than 10% of the voting power of our stock must be at least 110% of the fair market value of a share of our common stock on the date of grant. The fair market value of shares with respect to which ISOs are exercisable for the first time by any individual during any one calendar year is limited to \$100,000, and any ISOs that become exercisable in excess of that amount are deemed NQSOs.

Payment of Exercise Price: The exercise price is payable in cash, by tendering shares of our common stock (which have been held for any minimum period needed to avoid adverse impacts for our financial reporting purposes), or, if permitted by the Committee or where it would not trigger a charge to our earnings for financial reporting purposes, by withholding shares that would be acquired on exercise, tendering other awards payable under the Amended and Restated Plan, or broker-assisted cashless exercise (if permitted by all applicable laws and regulations). Options are exercisable at such times and subject to the conditions, restrictions and contingencies specified by the Committee.

Option Term: The maximum term of any option is ten years from the date of grant. With respect to ISOs granted to an individual who owns 10% of the voting power of our stock, the maximum term is 5 years from the date of grant.

Stock Appreciation Rights. Each SAR represents the right to receive a payment in an amount equal to the increase in the fair market value of a share of our common stock on the date the recipient exercises the award over the fair market value of a share of our common stock at the date the award is granted (the “base price”). The Committee will determine, in its sole discretion, the number of SARs granted to any individual under the Amended and Restated Plan and any terms and conditions pertaining to the awards.

SARs Grant: Each award of SARs must be evidenced by an award agreement specifying the base price, the term of the SAR, and such other provisions as the Committee determines, and which are not inconsistent with the terms of the Amended and Restated Plan (which need not be the same for each award or for each recipient).

Base Price of SAR: The base price of each SAR granted under the Amended and Restated Plan must be at least equal to the fair market value of a share of our common stock on the date of grant.

Settlement of SARs: SARs granted under the Amended and Restated Plan are exercisable (“settled”) at such times as set forth in an award agreement. Following exercise of a SAR, a participant is entitled to receive payment in an amount determined by multiplying: (a) the excess of the fair market value of a share on the date of exercise over the base price per share; by (b) the number of shares with respect to which the SAR is exercised. Payment to settle SARs may be in cash, shares of common stock, or a combination of cash and shares, as determined by the Committee. The Committee may provide a maximum dollar limit on the total payment due under a SAR.

SAR Term: The maximum term of any SAR is ten years from the date of grant.

Restricted Stock and Restricted Stock Units. An award of restricted stock is a grant of shares of our common stock subject to restrictions specified by the Committee that generally lapse upon vesting. Each RSU awarded entitles the recipient to receive, upon vesting of the award, one share of our common stock or cash in an amount equal to the fair market value of one share of our common stock on the date of vesting (or a combination of cash and shares, in the Committee's discretion). Each award of restricted stock or RSUs must be evidenced by an award agreement that specifies the period of restriction for restricted stock or the vesting period for RSUs, the number of shares of restricted stock or RSUs granted, and such other provisions as the Committee shall determine, and which are not inconsistent with the terms of the Amended and Restated Plan (which need not be the same for each award or for each recipient). Unless otherwise provided in the award agreement, a recipient of a restricted stock or RSU award has no stockholder rights, such as voting or cash dividend rights, until vesting of the RSU or restricted stock and the recipient has become the shareholder of record for the shares of our common stock, if any.

Performance Units and Performance Shares. Each performance share represents the recipient's right to receive one share of our common stock, upon achievement of performance goals established by the Committee. Each performance unit entitles the recipient to receive a cash payment equal to the value of the performance unit, as determined by the Committee on the grant date, upon achievement of the performance goals established by the Committee. Recipients of performance shares or performance units earn the right to receive payment based on their achievement of the applicable performance goals during the performance period, as determined by the Committee.

Grant of Performance Award: Each award of performance units or performance shares must be evidenced by an award agreement that specifies the initial value of the award, the performance goals and the performance period, and such other provisions as the Committee determines, and which are not inconsistent with the terms of the Amended and Restated Plan.

Stockholder/Dividend Rights: Unless otherwise provided in the award agreement, a recipient of performance shares or performance units has no stockholder rights, such as voting or cash dividend rights, until the award has vested and the recipient has become the stockholder of record for the shares of our common stock, if any.

Performance Goals. Awards granted to "covered employees" (as such term is defined in the regulations promulgated under Code Section 162(m)) under the Amended and Restated Plan may, in the Committee's discretion, be designed to qualify as performance-based compensation under Code Section 162(m). Performance goals under the Amended and Restated Plan are based on performance measures, which may include any of the following: revenue; primary or fully-diluted earnings per share; earnings before interest, taxes, depreciation, and/or amortization; pretax income; operating income; cash flow from operations; total cash flow; return on equity; return on capital; return on assets; net operating profits after taxes; economic value added; capital expenditures; expense levels; stock price; debt levels;

market share; total stockholder return or return on sales; or any individual performance objective which is measured solely in terms of quantitative targets related to Littelfuse or its business; or any combination thereof. In addition, the performance goals may be based in whole or in part upon the performance of Littelfuse and/or one or more of its affiliates, one or more of its divisions or units or, in such a case, any combination of the foregoing, on a consolidated or nonconsolidated basis, under one or more of these performance measures. These performance measures may be changed only if the Committee proposes a change for stockholder vote and stockholders approve a change. The performance goals that apply to any performance unit or performance share award must be established in writing by the Committee in the applicable award agreement. The Committee must certify attainment of these goals before any payout or vesting may be determined, and has the ability to adjust its determinations to decrease (but not increase) the payment under the award. If applicable tax and/or securities laws change to permit Committee sole discretion to alter the performance goals without obtaining stockholder approval of such changes, the Committee will have sole discretion to make such changes without obtaining stockholder approval.

Limitations on Awards. The maximum number of shares that may be awarded pursuant to options, restricted stock, RSUs, and performance units and shares under the Amended and Restated Plan to any “covered employee,” as such term is defined in the regulations promulgated under Code Section 162(m), in any one calendar year is limited to 200,000 shares of our common stock. In addition, in any one calendar year, a “covered employee” may not receive a cash amount payable under the Amended and Restated Plan greater than \$3,000,000. The maximum number of shares that may be awarded pursuant to any award under the Amended and Restated Plan during any calendar year to any non-employee member of our Board is limited to 50,000.

Vesting and Forfeiture. The Committee determines the time and conditions under which the award will vest or the period of restriction will lapse as part of making an award; provided that any time based vesting must be at least one (1) year, except in limited cases (not to exceed 5% of outstanding awards) approved by the Compensation Committee. Vesting or the lapse of the period of restriction may, in the Committee's discretion, be based solely upon continued employment or service for a specified period of time, or may be based upon the achievement of specific performance goals (company-wide, subsidiary-wide, divisional, and/or individual), or both. Vesting means the time at which an option or SAR holder may exercise his or her award, the end of the period of restriction with respect to restricted stock or RSUs, or the time at which the recipient of performance units or performance shares has satisfied the requirements to receive payment of the award (which can be no less than one year). Vesting or lapse provisions need not be uniform among awards granted at the same time or to persons similarly-situated. Vesting and lapse requirements will be set forth in the applicable award agreement. The Committee, in its discretion, may accelerate vesting of any award at any time. When a participant terminates employment or service with us, all unvested awards are forfeited unless otherwise provided by the Committee.

Extension Exercise Period. The Committee, in its discretion, may extend the period of time for which an option or SAR is to remain exercisable following a termination of service, but in no event beyond the expiration of the option or SAR.

Prohibition on Repricing. Except as required or permitted pursuant to a recapitalization or reorganization, in no event will the Committee amend an option or SAR to reduce the exercise or base price below the fair market value of the award on the date of grant or grant an option or SAR in exchange for the cancellation or surrender of an option or SAR with a higher per share exercise or base price.

Limits on Transfers of Awards/Beneficiary Designation. All awards are exercisable only by the participant during the participant's lifetime, and are transferable only by will or by the laws of descent and distribution; provided, however, that the Committee may permit a transfer of an award, other than an ISO, to a family member of an individual, subject to such restrictions as the Committee may provide. Participants may designate a beneficiary or beneficiaries to receive their benefits under the Amended and Restated Plan if they die before receiving any or all of such benefit.

Deferrals. At the Committee's discretion, cash or shares payable upon the satisfaction of any requirements with respect to RSUs, performance units, or performance shares may be deferred. Shares or cash payable upon the exercise of stock options or SARs or the vesting of restricted stock may not be deferred. Any deferrals must be timely elected to comply with policies and procedures established by the Committee and the requirements of Code Section 409A.

Recapitalization. Upon a recapitalization, the Committee must adjust the number and kind of shares issuable and maximum limits for each type of award, adjust the number and kind of shares subject to outstanding awards, adjust the

exercise or base price of outstanding options or SARs, and make any other equitable adjustments as needed to prevent dilution or enlargement of rights of awards.

Reorganization. Upon a reorganization, the Committee may decide that awards will apply to securities of the resulting corporation (with appropriate adjustment as determined by the Committee), that some or all options and/or SARs will be immediately exercisable (to the extent permitted under federal or state securities laws), that options and/or SARs will be immediately exercisable and terminate after at least 30 days' notice to holders (to the extent permitted under federal or state securities laws), and/or that some or all awards of restricted stock or RSUs will become immediately fully vested.

Amendment and Termination. Our Board may amend, suspend or terminate the Amended and Restated Plan and any award agreement at any time, without the consent of stockholders or participants; provided, however, that any amendment to the Amended and Restated Plan must be submitted to the Corporation's stockholders for approval if stockholder approval is required by applicable law. However, no amendment or termination may materially and adversely affect the rights of holders of outstanding awards without their consent unless necessary to comply with applicable law.

Federal Income Tax Consequences

The following summary of the federal income tax consequences relating to the Amended and Restated Plan is based on present U.S. federal tax laws and regulations. We cannot assure you that the laws and regulations will not change in the future and affect the tax consequences of the matters discussed in this section. This summary is not intended to be exhaustive and does not discuss the tax consequences of a participant's death or the provisions of any income tax laws of any municipality, state or foreign country in which a participant may reside.

Incentive Stock Options. An employee participant will generally have no tax consequences when he or she receives the grant of an ISO. In most cases, an employee participant also will not have income tax consequences when he or she exercises an ISO. An employee participant may have income tax consequences when exercising an ISO if the aggregate fair market value of the shares of the common stock subject to the ISO that first become exercisable in any one calendar year exceeds \$100,000. If this occurs, the excess shares (the number of shares the fair market value of which exceeds \$100,000 in the year first exercisable) will be treated as though they are NQSOs instead of ISOs. Additionally, subject to certain exceptions for death or disability, if an employee participant exercises an ISO more than three months after termination of employment, the exercise of the option will be taxed as the exercise of a NQSO. Any shares recharacterized as NQSOs will have the tax consequences described below with respect to the exercise of NQSOs.

An employee participant recognizes income when selling or exchanging the shares acquired from the exercise of an ISO in the amount of the difference between the fair market value at the time of the sale or exchange and the exercise price the participant paid for those shares. This income will be taxed at the applicable capital gains rate if the sale or exchange occurs after the expiration of the requisite holding periods. Generally, the required holding periods expire two years after the date of grant of the ISO and one year after the date the common stock is acquired by the exercise of the ISO. Further, the amount by which the fair market value of a share of the common stock at the time of exercise of the ISO exceeds the exercise price will likely be included in determining a participant's alternative minimum taxable income and may cause the participant to incur an alternative minimum tax liability in the year of exercise.

If an employee participant disposes of the common stock acquired by exercising an ISO before the holding periods expire, the participant will recognize compensation income. The amount of income will equal the difference between the option exercise price and the lesser of (i) the fair market value of the shares on the date of exercise and (ii) the price at which the shares are sold. This amount will be taxed at ordinary income rates and be subject to employment taxes. If the sale price of the shares is greater than the fair market value on the date of exercise, the participant will recognize the difference as gain and will be taxed at the applicable capital gains rate. If the sale price of the shares is less than the exercise price, the participant will recognize a capital loss equal to the excess of the exercise price over the sale price.

Using shares acquired by exercising an ISO to pay the exercise price of another option (whether or not it is an ISO) will be considered a disposition of the shares for federal tax purposes. If this disposition occurs before the expiration of the required holding periods, the employee optionholder will have the same tax consequences as are described in the preceding paragraph. If the option holder transfers any of these shares after holding them for the required holding periods or transfers shares acquired by exercising an NQSO or on the open market, he or she generally will not recognize any income upon exercise. Whether or not the transferred shares were acquired by exercising an ISO and regardless of how long the option holder has held those shares, the basis of the new shares received from the exercise will be calculated in two steps. In the first step, a number of new shares equal to the number of older shares tendered (in payment of the option's exercise) is considered exchanged under Code Section 1036 and the related rulings; and these new shares receive the same holding period and the same basis the option holder had in the old tendered shares, if any, plus the amount included in income from the deemed sale of the old shares and the amount of cash or other nonstock consideration paid for the new shares, if any. In the second step, the number of new shares received by the option holder in excess of the old tendered shares receives a basis of zero, and the option holder's holding period with respect to such shares commences upon exercise.

Proxy Statement 56

Table of Contents

There will be no tax consequences to Littelfuse when it grants an ISO or, generally, when an employee participant exercises an ISO. However, to the extent that an option holder recognizes ordinary income when he or she exercises, as described above, Littelfuse generally will have a tax deduction in the same amount and at the same time.

Nonqualified Stock Options. A participant generally has no income tax consequences from the grant of NQSOs. In the tax year when the participant exercises the NQSO, he or she recognizes ordinary income in the amount by which the fair market value of the shares at the time of exercise exceeds the exercise price for the shares, and that amount will be subject to employment taxes.

If a participant exercises a NQSO by paying the exercise price with previously acquired common stock, he or she will have federal income tax consequences (relative to the new shares received) in two steps. In the first step, a number of new shares equivalent to the number of older shares tendered (in payment of the NQSO exercised) is considered to have been exchanged in accordance with Code Section 1036 and related rulings, and no gain or loss is recognized. In the second step, with respect to the number of new shares acquired in excess of the number of old shares tendered, the participant recognizes income on those new shares equal to their fair market value less any non-stock consideration tendered. The new shares equal to the number of the old shares tendered will have the same basis the participant had in the old shares and the holding period with respect to the tendered older shares will apply to the new shares. The excess new shares received will have a basis equal to the amount of income recognized on exercise, increased by any non-stock consideration tendered. The holding period begins on the exercise of the option.

The gain, if any, realized at the later disposition of the common stock will either be short- or long-term capital gain, depending on the holding period.

There will be no tax consequences to Littelfuse when granting a NQSO. Littelfuse generally will have a tax deduction in the same amount and at the same time as the ordinary income recognized by the participant.

Stock Appreciation Rights. Neither the participant nor Littelfuse has income tax consequences from the issuance of a SAR. The participant recognizes taxable income at the time the SAR is exercised in an amount equal to the amount by which the cash and/or the fair market value of the shares of the common stock received upon that exercise exceeds the base price. The income recognized on exercise of a SAR will be taxable at ordinary income tax rates and be subject to employment taxes. Littelfuse generally will be entitled to a tax deduction with respect to the exercise of a SAR in the same amount and at the same time as the ordinary income recognized by the participant.

Restricted Stock. A holder of restricted stock will not recognize income at the time of the award, unless he or she specifically makes an election to do so under Code Section 83(b) within thirty days of such award. Unless the holder

has made such an election, he or she will realize ordinary income and be subject to employment taxes in an amount equal to the fair market value of the shares on the date the restrictions on the shares lapse, reduced by the amount, if any, he or she paid for such stock. Littelfuse will generally be entitled to a corresponding deduction in the same amount and at the same time as the holder recognizes ordinary income. Upon the otherwise taxable disposition of the shares awarded after ordinary income has been recognized, the holder will realize a capital gain or loss (which will be long-term or short-term depending upon how long the shares are held after the restrictions lapse).

If the holder made a timely election under Code Section 83(b), he or she will recognize ordinary income for the taxable year in which an award of restricted stock is received in an amount equal to the fair market value of all shares of restricted stock awarded (even if the shares are subject to forfeiture). That income will be taxable at ordinary income tax rates. At the time of disposition of the shares, if such an election was made, the holder will recognize gain in an amount equal to the difference between the sales price and the fair market value of the shares at the time of the award. Such gain will be taxable at the applicable capital gains rate. Littelfuse will generally be entitled to a tax deduction in the same amount and at the same time as the ordinary income recognized by the participant.

Restricted Stock Units. A holder of RSUs generally will not recognize income at the time of the award. Upon vesting and delivery of the cash or shares due upon settlement of an RSU, a holder will generally realize ordinary income and be subject to employment taxes in an amount equal to the fair market value of the shares distributed. Littelfuse will generally be entitled to a tax deduction in the same amount and at the same time as the holder recognizes income. When the holder later disposes of his or her shares, the difference between the amount realized on sale and the amount recognized by the holder upon settlement of the RSU will be a capital gain or loss (which will be long-term or short-term depending upon how long the shares are held).

Table of Contents

Performance Shares. A holder of a performance share will generally recognize ordinary income and be subject to employment taxes in the year of vesting and payment of shares for performance under the Amended and Restated Plan. Similarly, Littelfuse will generally be entitled to a tax deduction in the same amount and at the same time as the holder recognizes income.

Performance Units. A holder of a performance unit will generally recognize ordinary income and be subject to employment taxes in the year of vesting and cash payment for performance under the Amended and Restated Plan. Similarly, Littelfuse will be entitled to recognize a tax deduction in the same amount and at the same time as the holder recognizes income.

Limitation on Company Deductions. No federal income tax deduction is allowed for Littelfuse for any compensation paid to a “covered employee” in any taxable year of Littelfuse to the extent that his or her compensation exceeds \$1,000,000. For this purpose, “covered employees” are generally our Chief Executive Officer and the three other most highly compensated officers other than our Chief Financial Officer for the taxable year, and the term “compensation” generally includes amounts includable in gross income as a result of the exercise of stock options or SARs, payments pursuant to RSUs, performance shares or units, or the receipt of restricted stock. This deduction limitation, however, does not apply to compensation that is commission-based compensation, performance-based compensation, or compensation not includable in the employee’s gross income. Awards under the Amended and Restated Plan that are made to participants who are “covered employees” may be designed by the Committee to meet the requirements of the performance-based compensation exception under Code Section 162(m). The Committee intends to administer the Amended and Restated Plan in a manner that maximizes Littelfuse’s tax deductions under Code Section 162(m).

Code Section 409A. Code Section 409A applies to certain “nonqualified deferred compensation” and would impose adverse consequences if an award under the Amended and Restated Plan is neither exempt from, nor compliant with, the requirements of Code Section 409A. Such adverse consequences include, but are not limited to, immediate income inclusion of the ordinary income that would be recognized if the rights are exercised at the date of vesting, a 20% tax on the amount required to be included in income, and interest at a penalty rate. Littelfuse intends that any awards granted under the Amended and Restated Plan be exempt from or structured to comply with Section 409A. REPORT OF THE AUDIT COMMITTEE

Notwithstanding anything to the contrary set forth in any of our previous or future filings under the Securities Act of 1933, as amended, or the Exchange Act that might incorporate by reference filings, including this Proxy Statement, in whole or in part, the following Report of the Audit Committee shall not be incorporated by reference into any such filings.

The Audit Committee oversees our financial reporting process and compliance with the Sarbanes-Oxley Act of 2002 on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in our Annual Report on Form 10-K for the 2016 fiscal year with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee also reviewed and discussed the audited financial statements with the independent auditors and discussed the matters requiring discussion pursuant to Statement on Auditing Standards No. 61. In addition, the Audit Committee has discussed with the independent auditors their independence from management and the Company, including the matters in the written disclosures and letter received by the Audit Committee from the independent auditors as required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee regarding the independent auditors' independence, and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee discussed with the independent auditors the overall scope and plans for their audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal control over financial reporting, and the overall quality of our financial reporting. The Audit Committee held six meetings during fiscal 2016.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board has approved) that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2016, for filing with the SEC.

The Plan was further amended on July 27, 2012. Further, the number of Shares available under the Plan or the number of Shares subject to any outstanding Awards shall be the next lower number of Shares, so that fractions are rounded downward. Any adjustment to or assumption of ISOs under this Section shall be made in accordance with Code Section 424. If the Corporation issues any rights to subscribe for additional Shares pro rata to holders of outstanding Shares of the class or classes of stock then set aside for the Plan, then each Participant shall be entitled to the same rights on the same basis as holders of outstanding Shares with respect to such portion of the Participant's Award as is exercised on or prior to the record date for determining stockholders entitled to receive or exercise such rights.

- (b) Reorganization. If the Corporation is part of any reorganization involving merger, consolidation, acquisition of the Stock or acquisition of the assets of the Corporation, the Committee, in its discretion, may decide that:

any or all outstanding Awards shall pertain to and apply, with appropriate adjustment as determined by the

- (i) Committee, to the securities of the resulting corporation to which a holder of the number of Shares subject to each such Award would have been entitled;

any or all outstanding Options or SARs shall become immediately fully exercisable (to the extent permitted under

- (ii) federal or state securities laws) and shall remain exercisable for the remaining term of the Options or SARs under the terms of the Plan;

any or all Options or SARs shall become immediately fully exercisable (to the extent permitted under federal or (iii) state securities laws) and shall be terminated after giving at least 30 days' notice to the Participants to whom such Options or SARs have been granted; and/or

(iv) any or all unvested Restricted Stock Units and Restricted Stock on which restrictions have not yet lapsed shall become immediately fully vested, nonforfeitable and payable.

Limits on Adjustments. Any issuance by the Corporation of stock of any class other than the Stock, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to any Award, except as specifically provided otherwise in (c) this Plan. The grant of Awards under the Plan shall not affect in any way the right or authority of the Corporation to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge, consolidate or dissolve, or to liquidate, sell or transfer all or any part of its business or assets. All adjustments the Committee makes under this Plan shall be conclusive.

4.4 **PROHIBITION ON REPRICING.** Anything else contained herein to the contrary notwithstanding, except as provided in Section 4.3, the Committee shall not amend any Option or SAR to reduce its Option Price or base price, and shall not issue to any Participant a new Award in exchange for the surrender and cancellation of any other Award, if such new Award has an Option Price or base price (as applicable) lower than that of the Award for which it is exchanged, or take any other action that would have the effect of reducing the Option Price or base price of an Option or SAR.

SECTION 5.

ELIGIBILITY AND PARTICIPATION

5.1 **ELIGIBILITY.** Persons eligible to participate in the Plan include current and future U.S. and non-U.S. Employees (including officers), persons who have been offered employment by the Corporation or a Subsidiary (provided that such prospective Employee may not receive any payment or exercise any right relating to an Award until such person begins employment with the Corporation or Subsidiary), and Directors, as designated by the Committee; provided, however, that ISOs may only be granted to U.S. Employees.

5.2 **PARTICIPATION.** Subject to the provisions of the Plan, the Committee, shall determine and designate, from time to time, the Employees, prospective Employees and Directors to whom Awards shall be granted, the terms of such Awards, and the number of Shares subject to such Award.

SECTION 6.

STOCK OPTIONS

6.1 **GRANT OF OPTIONS AND AWARD AGREEMENT.**

Option Grant. Subject to the terms and provisions of the Plan, Options may be granted to one or more Participants in such number, upon such terms and provisions, and at any time and from time to time, as determined by the (a) Committee, in its sole discretion. The Committee may grant either Nonqualified Stock Options or Incentive Stock Options, and shall have complete discretion in determining the number of Options of each granted to each Participant, subject to the limitations of Section 4.

(b)

Award Agreement. Each Award shall be evidenced by an Award Agreement, effective as of the grant date, which shall specify the Option Price, the term of the Option, the number of Shares subject to the Option, and such other provisions as the Committee shall determine, and which are not inconsistent with the terms and provisions of the Plan. The Award Agreement shall also specify whether the Option is to be treated as an ISO within the meaning of Code Section 422. If such Option is not designated as an ISO, such Option shall be deemed an NSO. No ISO may be granted to any person more than 10 years after the Effective Date of the Plan.

6.2 **OPTION PRICE.** The Committee shall designate the Option Price for each Share subject to an Option under the Plan, provided that such Option Price shall not be less than 100% of the Fair Market Value of Shares subject to an Option on the date the Option is granted, and which Option Price may not be subsequently decreased by the Committee except pursuant to Section 4.3 and in compliance with Code Section 409A. With respect to a Participant who owns, directly or indirectly, more than 10% of the total combined voting power of all classes of the stock of the Corporation or any Subsidiary, the Option Price of Shares subject to an ISO shall be at least 110% of the Fair Market Value of such Shares on the ISO's grant date.

6.3 **TERM OF OPTIONS.** Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of grant, but in no event shall be exercisable later than the 10th anniversary of the grant date. Notwithstanding the foregoing, with respect to ISOs, in the case of a Participant who owns, directly or indirectly, more than 10% of the total combined voting power of all classes of the stock of the Corporation or any Subsidiary, no such ISO shall be exercisable later than the fifth anniversary of the grant date.

Table of Contents

6.4 **EXERCISE OF OPTIONS.** Options granted under this Section 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which need not be the same for each Award or for each Participant, and shall be set forth in the applicable Award Agreement, subject to Section 11. Notwithstanding the preceding sentence, the Fair Market Value of Shares to which ISOs are exercisable for the first time by any Participant during any calendar year may not exceed \$100,000. Any ISOs that become exercisable in excess of such amount shall be deemed NSOs to the extent of such excess. The Committee, in its sole discretion and at any time, may establish procedures setting a minimum number of Shares that must be exercised at any one time.

6.5 **EXERCISE AND PAYMENT.** Options granted under this Section 6 shall be exercised by the delivery of a written (or electronic) notice of exercise to the Corporation, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares and all applicable tax withholding. The Option Price and applicable tax withholding upon exercise of any Option shall be payable to the Corporation in full either:

(a) in cash or its equivalent,

by tendering previously acquired Shares (held for any minimum period needed to avoid adverse impacts to the Corporation's earnings for financial reporting purpose), valued at their Fair Market Value at the time of exercise, with such documentation as the Committee may require, or

(c) a combination (i) and (ii).

In addition, payment of the Option Price and applicable tax withholding may be payable by one or more of the following methods either upon written consent from the Committee or if one or more of the following methods will not result in a charge to the Corporation's earnings for financial reporting purposes:

(d) by withholding Shares that otherwise would be acquired on exercise (valued at their Fair Market Value at the time of exercise),

(e) by tendering other Awards payable under the Plan, or

(f) by cashless exercise through delivery of irrevocable instructions to a broker to promptly deliver to the Corporation the amount of proceeds from a sale of all or a portion of the Shares being exercised.

As soon as practicable after receipt of a written (or electronic) notification of exercise and full payment, the Corporation shall deliver, electronically or in paper form, the Shares to the Participant. No Participant shall have any rights of a shareholder with respect to Shares subject to an Option, including any right to receive dividends, to vote, or to participate in the equity of the Company, until such Option has been exercised and payment made in full as provided herein.

SECTION 7.

STOCK APPRECIATION RIGHTS

7.1 GRANT OF SARS AND AWARD AGREEMENT.

SAR Grant. Subject to the terms and conditions of the Plan, SARs may be granted to Participants and at any time and from time to time, as determined by the Committee, in its sole discretion. The Committee shall have complete discretion in determining the number of SARs granted to each Participant (subject to Section 4) and, consistent with the provisions of the Plan, in determining the terms and conditions pertaining to such SARs. The Committee (a) shall designate, at the time of grant, the base price of the SAR, which base price shall be at least equal to the Fair Market Value of a Share on the grant date of the SAR. Base prices of SARs shall not subsequently be decreased by the Committee, except pursuant to Section 4.3. The Committee, in its sole discretion, may provide a maximum dollar limit on the total aggregate payment due under a SAR.

Award Agreement. Each Award shall be evidenced by an Award Agreement that shall specify the base price, the (b) term of the SAR, and such other provisions as the Committee shall determine, and which are not inconsistent with the terms and provisions of the Plan.

7.2 TERM OF SARS. The term of a SAR granted under the Plan shall be determined by the Committee, in its sole discretion; provided, however, that unless otherwise designated by the Committee, such term shall not exceed ten years from the grant date.

7.3 EXERCISE OF SARS. SARs shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which need not be the same for each Award or for each Participant, and shall be set forth in the applicable Award Agreement, subject to Section 11. The Committee, in its sole discretion and at any time, may establish procedures setting a minimum number of Shares with respect to which the SAR must be exercised at any one time.

7.4 EXERCISE AND PAYMENT. SARs granted under this Section 7 shall be exercised by the delivery of a written (or electronic) notice of exercise to the Corporation, setting forth the number of Shares with respect to which the SAR is to be exercised, accompanied by full payment for all applicable tax withholding. The applicable tax withholding upon exercise of any SAR shall be payable to the Corporation in full in the same manner as set forth in Section 6.5 above. As soon as administratively practicable following exercise of a SAR, a Participant shall be entitled to receive payment from the Corporation in an amount determined by multiplying:

(a) The excess of the Fair Market Value of a Share on the date of exercise over the base price per Share; by

(b) The number of Shares with respect to which the SAR is exercised.

At the sole discretion of the Committee, exercisable at any time, the payment upon SAR exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

SECTION 8.

RESTRICTED STOCK AND RESTRICTED STOCK UNITS

8.1 GRANT OF RESTRICTED STOCK OR RSUS AND AWARD AGREEMENT.

Grant of Restricted Stock/Restricted Stock Units. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Shares of Restricted Stock or RSUs to Participants in such amounts as the Committee shall determine in its sole discretion. The Committee shall have complete discretion in (a) determining the number of Shares underlying each Award (subject to Section 4) and, consistent with the provisions of the Plan, in determining the terms and conditions, including the Period of Restriction or vesting, pertaining to such Restricted Stock or RSU. The Committee may designate an RSU as payable in cash, Stock, or a combination thereof.

Award Agreement. Each Award shall be evidenced by an Award Agreement that shall specify the Period of (b) Restriction or vesting, the number of Shares granted, and such other provisions as the Committee shall determine pursuant to Section 8.3 or otherwise, and which shall not be inconsistent with the terms and provisions of the Plan.

8.2 TRANSFERABILITY OF RESTRICTED STOCK. Except as provided in this Section 8, the Shares of Restricted Stock granted herein may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, voluntarily or involuntarily, until the end of the applicable Period of Restriction established by the Committee (subject to Section 11) and specified in the Award Agreement, or upon earlier satisfaction of any other conditions, as specified by the Committee in its sole discretion (subject to Section 11) and set forth in the Award Agreement.

8.3 SETTLEMENT OF AWARD. Except as otherwise provided in Section 18.7 or in any Award Agreement, and subject to any deferral elected pursuant to Section 13.2, the Corporation shall retain the certificates representing Shares of Restricted Stock in the Corporation's possession, or may deposit or transfer such Shares electronically to a custodian designated by the Committee, until such time as all conditions and/or restrictions applicable to such Shares have been satisfied as soon as administratively practicable after the last day of the applicable Period of Restriction on a Restricted Stock Award or following vesting of an RSU Award, Shares covered by such Restricted Stock Award or, in the case of RSUs, cash, Shares, or a combination thereof, shall be delivered (in the case of Shares, electronically or in paper form) to the Participant.

8.4 SHAREHOLDER RIGHTS. Unless otherwise designated by the Committee in the Award Agreement, the Participant shall have no shareholder rights with respect to the Shares subject to the Restricted Stock or RSU Award, including voting and cash dividend rights, until after the last day of the Period of Restriction on the Restricted Stock

or vesting of the RSU and the Participant has received and become a holder of record of the Shares; provided, however, that in the event that any dividend constitutes a derivative security or an equity security pursuant to the rules under Section 16 of the Exchange Act, such dividend shall be added to the Restricted Stock Award and subject to a Period of Restriction equal to the remaining Period of Restriction applicable to the Shares of Restricted Stock with respect to which the dividend is paid. As a condition to receipt of Shares of Restricted Stock, the Participant shall execute any voting proxies or other similar documents requested by the Committee.

SECTION 9.

PERFORMANCE UNITS AND PERFORMANCE SHARES

9.1 GRANT OF PERFORMANCE UNITS/SHARES AND AWARD AGREEMENT.

Grant of Performance Unit/Shares. Subject to the terms of the Plan, Performance Units and/or Performance Shares may be granted to Participants in such amounts and upon such terms, and at any time and from time to time, as (a) shall be determined by the Committee in its sole discretion, which shall not be inconsistent with the terms and provisions of the Plan and shall be set forth in an Award Agreement.

Award Agreement. Each Award shall be evidenced by an Award Agreement that shall specify the initial value of (b) the Award, the performance goals and the Performance Period, as the Committee shall determine, and which are not inconsistent with the terms and provisions of the Plan.

9.2 VALUE OF PERFORMANCE UNITS/SHARES. Each Performance Share shall represent the Participant's right to receive a Share (subject to Section 9.4), upon achievement of performance goals established by the Committee. Each Performance Unit shall represent the Participant's right to receive a cash payment equal to the value of the Performance Unit (as determined by the Committee on the grant date, and subject to Section 9.4), upon achievement of the performance goals established by the Committee. The Committee shall set performance goals in its sole discretion which, depending on the extent to which they are met, will determine the number and/or value of Performance Shares and/or Performance Units that will be paid out to the Participant. For purposes of this Section 9, the time period during which the performance goals must be met shall be called a Performance Period (which shall not be less than one (1) year, except where such period is shortened due to a Change in Control or other corporate event).

9.3 EARNING OF PERFORMANCE UNITS/SHARES. Subject to the terms of the Plan, after the applicable Performance Period has ended, the holder of Performance Units and/or Performance Shares shall be entitled to receive payment on his or her Performance Units and/or Performance Shares earned by the Participant over the Performance Period, based on the extent to which the corresponding performance goals have been achieved, as determined by the Committee.

9.4 FORM AND TIMING OF PAYMENT OF PERFORMANCE UNITS/SHARES. Except as provided below, and subject to any deferral elected pursuant to Section 13.2, payment of earned Performance Units and/or Performance Shares shall be made in a single lump sum as soon as reasonably practicable following the close of the applicable Performance Period. Any Shares paid to a Participant may be subject to any restrictions deemed appropriate by the Committee.

9.5 **SHAREHOLDER RIGHTS.** Unless otherwise designated by the Committee in the Award Agreement, the Participant shall have no shareholder rights with respect to the Shares subject to the Performance Share Award, including voting and cash dividend rights, until after the Award has vested and the Participant has received and become a holder of record of the Shares; provided, however, that in the event that any dividend constitutes a derivative security or an equity security pursuant to the rules under Section 16 of the Exchange Act, such dividend shall be added to the Award and subject to the same accrual, forfeiture, and payout restrictions as apply to the underlying Award with respect to which the dividend is paid.

SECTION 10.

PERFORMANCE MEASURES

Unless and until the Committee proposes for stockholder vote and stockholders approve a change in the general performance measures set forth in this Section 10, the attainment of which may determine the degree of payout and/or vesting with respect to Awards to Named Executive Officers that are designed to qualify for the Performance-Based Exception, the performance goals to be used for purposes of such grants shall be established by the Committee in writing and stated in terms of the attainment of specified levels of or percentage changes in any one or more of the following measurements: revenue; primary or fully-diluted earnings per Share; earnings before interest, taxes, depreciation, and/or amortization; pretax income; operating income; cash flow from operations; total cash flow; return on equity; return on capital; return on assets; net operating profits after taxes; economic value added; capital expenditures; expense levels; stock price; debt levels; market share; total stockholder return or return on sales; or any individual performance objective which is measured solely in terms of quantitative targets related to the Corporation or the Corporation's business; or any combination thereof. In addition, such performance goals may be based in whole or in part upon the performance of the Corporation, a Subsidiary, division and/or other operational unit under one or more of such measures.

The degree of payout and/or vesting of such Awards designed to qualify for the Performance-Based Exception shall be determined based upon the written certification of the Committee as to the extent to which the performance goals and any other material terms and conditions precedent to such payment and/or vesting have been satisfied. The Committee shall have the sole discretion to adjust the determinations of the degree of attainment of the preestablished performance goals; provided, however, that the performance goals applicable to Awards which are designed to qualify for the Performance-Based Exception, and which are held by Named Executive Officers, may not be adjusted so as to increase the payment under the Award (the Committee shall retain the sole discretion to adjust such performance goals upward, or to otherwise reduce the amount of the payment and/or vesting of the Award relative to the preestablished performance goals).

In the event that applicable tax and/or securities laws change to permit Committee sole discretion to alter the governing performance measures without obtaining stockholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining stockholder approval. In addition, in the event that the Committee determines that it is advisable to grant Awards which shall not qualify for the Performance-Based Exception, the Committee may make such grants without satisfying the requirements of the Performance-Based Exception or Code Section 162(m) and, thus, using performance measures other than those specified above.

SECTION 11.

VESTING AND FORFEITURES

11.1 **VESTING.** As part of making any Award, the Committee may determine the time and conditions under which the Award will vest or the Period of Restriction will lapse; provided, however, that the minimum time-based vesting schedule for any Award shall be one (1) year from the grant date, subject to the ability of the Compensation Committee to apply a shorter period in limited cases, not to exceed five percent (5%) of outstanding Awards. Vesting or the lapse of the Period of Restriction may, in the Committee's discretion, be based solely upon continued employment or Service for a specified period of time, or may be based upon the achievement of specific performance goals (Corporation-wide, Subsidiary-wide, divisional, and/or individual) which are established by the Committee in its discretion, subject to Section 10. For all purposes of this Plan, "vesting" of an Award shall mean:

(a) In the case of an Option or SAR, the time at which the Participant has the right to exercise the Award.

(b) In the case of Restricted Stock, the end of the Period of Restriction.

(c) In the case of Restricted Stock Units, the end of the Period of Restriction.

In the case of Performance Shares or Performance Units, the time at which the Participant has satisfied the (d) requirements to receive payment on such Performance Shares or Performance Units, which shall not be less than one year from the grant date, except as otherwise provided in Section 11.2.

Vesting or lapse provisions need not be uniform among Awards granted at the same time or to persons similarly-situated. Vesting and lapse requirements shall be set forth in the applicable Award Agreement.

11.2 **VESTING ON TERMINATION OF EMPLOYMENT.** Unless otherwise approved by the Committee either at the time of grant or at some later date in accordance with Code Sections 409A and 422, upon the termination of the Participant's employment or Service with the Corporation and its Subsidiaries, all outstanding Awards shall be cancelled and no longer exercisable on the date of the termination. To the extent that the Committee approves extended vesting or exercise provisions, such provisions need not be uniform among all Awards issued pursuant to the Plan, and may reflect distinctions based on the reasons for such termination.

11.3 **ACCELERATION OF VESTING.** The Committee may, in its sole discretion, accelerate the vesting or lapse of the Period of Restriction, in whole or in part, with respect to any Award, but no such acceleration shall be effective

unless evidenced by a writing signed by a duly authorized officer of the Corporation. In addition, the Committee may impose additional conditions on Awards, by inclusion of appropriate provisions in the document evidencing or governing any such Award.

11.4 **EXTENSION OF EXERCISE PERIOD.** The Committee may, in its sole discretion, subject to the terms of the Plan, exercisable either at the time an Award is granted or at any time while the Award remains outstanding, to extend the period of time for which the Option or SAR is to remain exercisable following the Participant's termination of Service from the limited exercise period otherwise in effect for that Option or SAR to such greater period of time as the Committee shall deem appropriate, but in no event beyond the expiration of the Option or SAR term, and/or to permit the Option or SAR to be exercised, during the applicable post-termination exercise period, not only with respect to the number of vested Shares for which such Option or SAR is exercisable at the time of the Participant's termination of Service but also with respect to one or more additional installments in which the Participant would have vested had the Participant continued in Service. Such an extension may result in recharacterization of an ISO as a NSO.

SECTION 12.

TRANSFERABILITY OF AWARDS; BENEFICIARY DESIGNATION

12.1 LIMITS ON TRANSFERABILITY OF AWARDS.

Except as otherwise provided below, Awards may be exercisable only by the Participant during the Participant's lifetime, and Awards shall not be transferable other than by will or the laws of descent and distribution. Any (a) purported transfer of any Award or any interest therein that does not comply with the terms of this Plan shall be null and void and confer no rights of any kind upon the purported transferee.

The Committee may, in its discretion, permit a Participant to transfer any Award other than an ISO to any family member of such Participant, subject to such restrictions and limitations as the Committee may provide; provided, however, that any such Award shall remain subject to all vesting, forfeiture, and other restrictions provided herein (b) and in the Award Agreement to the same extent as if it had not been transferred; and provided further that in no event shall any transfer for value be permitted. For purposes of this Section 12.1(b), the terms "family member" and "transfer for value" have the same meaning as in the General Instructions to SEC Form S-8, or such other form as the SEC may promulgate in replacement thereof.

To the maximum extent permitted by law, no Award shall be subject, in whole or in part, to attachment, execution (c) or levy of any kind; provided, however, that nothing contained herein shall affect the right of setoff set forth in Section 14.3.

Nothing contained in this Section 12.1 shall preclude a Participant from transferring Restricted Shares that have (d) vested, or Shares that are issued in settlement of an Option, SAR, RSU, or Award of Performance Shares or Performance Units, subject to the remaining provisions of this Plan and applicable law.

12.2 DESIGNATION OF BENEFICIARY. Each Participant under the Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his or her death before he or she receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Corporation, and will be effective only when filed by the Participant in writing (or electronically, if permitted by the Committee) with the Secretary of the Corporation (or its designee) during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

SECTION 13.

DEFERRALS; COMPLIANCE WITH SECTION 409A

13.1 **PROHIBITION ON DEFERRALS OF OPTIONS, SARS, AND RESTRICTED STOCK.** No Participant shall have the right to defer the amount of Shares or cash payable upon the exercise or settlement of any Option or SAR, or the transfer of any Restricted Stock upon the vesting thereof.

13.2 **DEFERRALS OF RESTRICTED STOCK UNITS, PERFORMANCE UNITS AND PERFORMANCE SHARES.** The Committee may permit a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant upon the satisfaction of any requirements or goals with respect to Restricted Stock Units, Performance Units or Performance Shares. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals, subject to the following:

(a) A deferral election may be made only at one of the following two times:

In the case of an Award that cannot vest (other than by reason of death, Disability, or a Change in Control) earlier (i) than the first anniversary of the date of grant, not later than the earlier of thirty days after the date of grant or one year prior to the earliest date on which the Award may vest.

Table of Contents

(ii) In the case of an Award that is subject to a Performance Period of not less than one year, and the vesting of which is subject to the attainment of Performance Criteria that are established within the first 90 days of the Performance Period and that are not substantially certain of being achieved at the time of grant, not later than six months prior to the end of the Performance Period.

(b) A deferral election shall state the time and manner of payment. Payment must either be on a specified date, at the time of the Participant's separation from Service with the Corporation and its Subsidiaries as defined in Code Section 409A, death, or Disability, or upon the occurrence of a Change in Control. Notwithstanding the foregoing:

(i) An amount payable by reason of a separation from Service to an Employee who is a "key employee" of the Corporation, as defined in Code Section 409A, shall not be paid until six months after the separation from service, and any portion of such amount that would otherwise be payable during such six month period shall be paid instead at the end of such period.

(ii) Payment of any amount that the Corporation reasonably determines would not be deductible by reason of Code Section 162(m) shall be deferred until the earlier of the earliest date on which the Corporation reasonably determines that the deductibility of the payment will not be so limited, or the year following the termination of employment.

(iii) Any payment that the Corporation reasonably determines will violate a term of a loan agreement to which the Corporation is a party, or other similar contract to which the Corporation is a party, and such violation will cause material harm to the Corporation shall be deferred until the earliest date at which the Corporation reasonably anticipates that the making of the payment will not cause such violation, or such violation will not cause material harm to the Corporation.

(iv) Any payment that the Corporation reasonably anticipates that will violate Federal securities laws or other applicable law will be deferred until the earliest date at which the Corporation reasonably anticipates that the making of the payment will not cause such violation.

(v) The Committee may permit Participants to elect to further defer payments, provided that any such election is made not less than one year prior to the date on which the payment would otherwise be made, and that the deferral is for a period of at least five years.

(c) No payment that a Participant has elected to defer pursuant to this Section 13.2 may be paid at any earlier date, except in accordance with procedures adopted by the Committee in compliance with Code Section 409A.

13.3 COMPLIANCE WITH SECTION 409A. The provisions of this Plan, including but not limited to this Section 13, are intended to comply with the restrictions of Code Section 409A, and, notwithstanding the Participant consent requirements of Section 15.1, the Committee reserves the right to amend any provision of this Plan, or any

outstanding Award, to the extent necessary to comply with Section 409A.

SECTION 14.

RIGHTS AND OBLIGATIONS OF PARTIES

14.1 NO GUARANTEE OF EMPLOYMENT OR SERVICE RIGHTS. Nothing in the Plan shall interfere with or limit in any way the right of the Corporation to terminate any Participant's employment or service at any time, nor confer upon any Participant any right to continue in the employ or service of the Corporation or any Subsidiary.

For purposes of the Plan, temporary absence from employment or Service because of illness, vacation, approved leaves of absence, and transfers of employment or Service among the Corporation and its Subsidiaries, shall not be considered to terminate employment or Service or to interrupt continuous employment or Service. Conversion of a Participant's employment relationship to a Service arrangement, and vice versa, shall not result in termination of previously granted Awards.

14.2 PARTICIPATION. No Employee or Director shall have the right to be selected to receive an Award under the Plan, or, having been so selected, to be selected to receive a future Award.

14.3 RIGHT OF SETOFF. The Corporation or any Subsidiary may, to the extent permitted by applicable law, deduct from and set off against any amounts the Corporation or Subsidiary may owe to the Participant from time to time, including amounts payable in connection with any Award, owed as wages, fringe benefits, or other compensation owed to the Participant, such amounts as may be owed by the Participant to the Corporation, although the Participant shall remain liable for any part of the Participant's payment obligation not satisfied through such deduction and setoff. By accepting any Award granted hereunder, the Participant agrees to any deduction or setoff under this Section 14.

14.4 SECTION 83(B) ELECTION. No election under Section 83(b) of the Code (to include in gross income in the year of transfer the amounts specified in Code Section 83(b)) or under a similar provision of the laws of a jurisdiction outside the U.S. may be made, unless expressly permitted by the terms of the Award Agreement or by action of the Committee in writing before the making of such election. In any case in which a Participant is permitted to make such an election in connection with an Award, the Participant shall notify the Corporation of such election within ten days of filing notice of the election with the Internal Revenue Service or other governmental authority, in addition to any filing and notification required pursuant to regulations issued under Code Section 83(b) or other applicable provision.

14.5 DISQUALIFYING DISPOSITION NOTIFICATION. If any Participant shall make any disposition of Shares delivered pursuant to the exercise of an Incentive Stock Option under the circumstances described in Code

Section 421(b) (relating to certain disqualifying dispositions), such Participant shall notify the Corporation of such disposition within ten days thereof.

SECTION 15.

AMENDMENT, MODIFICATION, AND TERMINATION

15.1 AMENDMENT, MODIFICATION, AND TERMINATION. The Board may amend, suspend or terminate the Plan or the Committee's authority to grant Awards under the Plan without the consent of stockholders or Participants; provided, however, that any amendment to the Plan shall be submitted to the Corporation's stockholders for approval not later than the earliest annual meeting for which the record date is after the date of such Board action if such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Shares may then be listed or quoted and the Board may otherwise, in its sole discretion, determine to submit other amendments to the Plan to stockholders for approval; and provided further, that, without the consent of an affected Participant, no Board action, other than to the extent necessary to comply with applicable U.S. or foreign laws, may materially and adversely affect the rights of such Participant under any outstanding Award. The Committee shall have no authority to waive or modify any other Award term after the Award has been granted to the extent that the waived or modified term was mandatory under the Plan.

15.2 **AWARDS PREVIOUSLY GRANTED.** No termination, amendment, or modification of the Plan, other than to the extent necessary to comply with applicable U.S. or foreign laws, shall adversely affect in any material way any Award previously granted under the Plan, without the written (or electronic) consent of the Participant holding such Award.

SECTION 16.

WITHHOLDING

Except where otherwise approved by the Committee with respect to an Award, the Corporation shall automatically withhold Shares that would otherwise be acquired on exercise or vesting of an Award (valued at their Fair Market Value as of such withholding date) equal to the maximum individual income tax rate for Federal, State and local taxes, domestic or foreign, permitted by law or regulation to be withheld in the applicable jurisdiction with respect to any taxable event arising as a result of the Plan. Only whole Shares shall be withheld (rounded down so as not to exceed such limit). Any remaining amount determined by the Corporation to be due shall be withheld from other compensation due to the Participant by the Corporation or by the Participant remitting payment to the Corporation of such amount. Notwithstanding the above, in the case of Options or SARs, such tax withholding shall be accomplished based on the Participant's election as set forth in Section 6.5 and 7.4.

SECTION 17.

SUCCESSORS

All obligations of the Corporation under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Corporation, whether the existence of such successor is the result of a direct or indirect merger, consolidation, purchase of all or substantially all of the business and/or assets of the Corporation or otherwise.

SECTION 18.

MISCELLANEOUS

18.1 **UNFUNDED PLAN.** The Plan is intended to constitute an "unfunded" plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant or the obligation to deliver Shares pursuant to an Award, nothing contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Corporation; provided that the Committee may authorize the creation of trusts

and deposit therein cash, Shares, other Awards or other property, or make other arrangements to meet the Corporation's obligations under the Plan. Such trusts or other arrangements shall be consistent with the "unfunded" status of the Plan unless the Committee otherwise determines with the consent of each affected Participant.

18.2 COMPLIANCE WITH CODE SECTION 162(M). The Corporation intends that Awards designated as Awards to Named Executive Officers shall constitute qualified "performance-based compensation" within the meaning of Code Section 162(m), unless otherwise determined by the Committee at the time of allocation of an Award. Accordingly, the terms of Sections 4.2, 6, 7, 8.5, 8.6, 9 and 10, including the definitions of Named Executive Officer and other terms used therein, shall be interpreted in a manner consistent with Code Section 162(m). The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Participant will be a Named Executive Officer with respect to a fiscal year that has not yet been completed, the term Named Executive Officer as used herein shall mean only a person designated by the Committee as likely to be a Named Executive Officer with respect to a specified fiscal year. If any provision of the Plan or any Award Agreement relating to a Performance Award that is designated as intended to comply with Code Section 162(m) does not comply or is inconsistent with the requirements of Code Section 162(m), such provision shall be construed or deemed amended to the extent necessary to conform to such requirements, and no provision shall be deemed to confer upon the Committee or any other person sole discretion to increase the amount of compensation otherwise payable in connection with any such Award upon attainment of the applicable performance objectives.

18.3 AWARDS TO PARTICIPANTS OUTSIDE THE UNITED STATES. The Committee may modify the terms of any Award under the Plan made to or held by a Participant who is then resident or primarily employed outside the U.S. in any manner deemed by the Committee to be necessary or appropriate in order that the Award shall conform to laws, regulations, and customs of the country in which the Participant is then resident or primarily employed, or so that the value and other benefits of the Award to the Participant, as affected by foreign tax laws and other restrictions applicable as a result of the Participant's residence or employment abroad, shall be comparable to the value of such an Award to a Participant who is resident or primarily employed in the U.S.. Such authorization shall extend to and include establishing one or more separate sub-plans which include provisions not inconsistent with the Plan that comply with statutory or regulatory requirements imposed by the foreign country or countries in which the Participant resides. If determined advisable by the Committee, an Award may be modified under this Section in a manner that is inconsistent with the express terms of the Plan, so long as such modifications will not contravene any applicable law or result in actual liability under Section 16(b) of the Exchange Act for the Participant whose Award is modified.

18.4 GENDER AND NUMBER; HEADINGS. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural. Headings are included for the convenience of reference only and shall not be used in the interpretation or construction of any such provision contained in the Plan.

18.5 SEVERABILITY. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

18.6 REQUIREMENTS OF LAW. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required. If at any time on or after the Effective Date, the Committee, in its discretion, shall determine that the requirements of any applicable federal or state securities laws should fail to be met, no Shares issuable under Awards and no Options or SARs shall be exercisable until the Committee has determined that these requirements have again been met. The Committee may suspend the right to exercise an Options or SAR at any time when it determines that allowing the exercise and issuance of Shares would violate any federal or state securities or other laws, and may provide that any time periods to exercise the Option or SAR are extended during a period of suspension. With respect to "Insiders," transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 under the Securities Exchange Act of 1934. To the extent any provision of the Plan or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee. Each Award Agreement and each certificate representing securities granted pursuant to the Plan (including securities issuable pursuant to the terms of derivative securities) may bear such restrictive legend(s) as the Corporation deems necessary or advisable under applicable law, including Federal and state securities laws. If the date of the vesting or lapse of the Period of Restriction with respect to any Award, other than an Option or SAR, held by Participant who is subject to the Corporation's policy regarding trading of its Stock by its officers and directors and Shares (the "original vesting date") is not within a "window period" applicable to the Participant, as determined by the Corporation in accordance with such policy, then the vesting or lapse of the Period of Restriction with respect to such

Award shall not occur on such original vesting date and shall instead occur on the first day of the next “window period” applicable to the Participant pursuant to such policy.

18.7 **ADDITIONAL RESTRICTIONS ON TRANSFERS.** The Committee may impose such restrictions on any Shares acquired pursuant to an Award, including Restricted Shares, Performance Shares, or Shares received upon exercise of an Option or SAR or under an RSU, as it may deem advisable.

18.8 **GOVERNING LAW.** To the extent not preempted by Federal law, the Plan, and all agreements hereunder, shall be construed in accordance with and governed by the laws of the State of Delaware.
