eMax Holdings Corporation Retains IT Intelligence Services of MSP University

December 1, 2010 eMax Holdings Corp. (PINKSHEETS: EMXC), Salt Lake City Utah, recently renamed eMax Worldwide, Inc. (www.emaxcorp.com), today announced that it has finalized an agreement with MSP University, one of the nation's premier technology consultants, to provide Information Technology intelligence and strategic consultation services.

"By having the resources of MSP University available to our team, we know that we have one of the premier technology convergent company leaders in place to ensure that eMax will maximize the monetizing of their company assets strategically", said Roxana Weber, CEO of eMax Worldwide Inc. (www.emaxworldwide.com). "We are well aware of their reputation as strategy consultants to the executive leadership of multinational organizations that generate millions of dollars in annual revenue to business owners who are just getting their enterprises off the ground. Their expertise is unparalleled and that is warranted numerous Fortune 100 technology organizations such as Ingram Micro, Cisco Microsystems, Intel, HP and Microsoft to retain their services as consultants. Industry associations such as CompTIA, who has certified over 1 million technology professionals, rely on MSP University in an advisory capacity. Therefore, to have MSP University as a partner is a tremendous win for eMax Worldwide as we build our unique brand, networks and help eMax revolutionize the entertainment, media and technology marketplace. eMax Worldwide plans to re-define the marketplace by delivering emax Media's vast content of music, movies and software libraries consisting of master recordings from music and film industry leaders, published book authors, and world-renowned recording artists. eMax Worldwide is positioning itself to become one of the largest publishing and distribution hub for new media, interactive entertainment, communications, e commerce and content delivery technologies"

"The staff and I are excited about fully supporting the eMax team as partners and enabling the massive growth of eMax Worldwide, Inc.", said Gary Beechum, CEO/President of MSP University (www.mspu.us). "Our experience in working with Fortune 100 technology organizations gives us unique perspective into the significant opportunities that lay in front of eMax. We stand ready to help them to successfully navigate any technology challenge as they build what appears to be a very bright future and a one of kind delivery system network platform."

EXHIBIT 99.1 Holiday Message and Letter from Chairman

November 25, 2010

In our country Thanksgiving is the time for all of to give thanks for those things that we feel blessed about. At this time I would like to share with everyone my private message as Chairman and CEO of eMax Worldwide,, Inc. This year I lost three months ago the love of my life, the co- founder of our companies, my best friend, partner and lover all at one moment in time. My husband was diagnosed with Cancer on May 6, 2010 and on August 23, 2010 he went home to be with his Lord and Savior, For the many and countless people that met Chuck Weber their life was ever lasting changed. He was a man of great faith, integrity, love, honor and humbleness. He taught me so many things during our 28 years of being best friends and 18 years of that married. He gave me the opportunity to raise five wonderful and beautiful young ladies as daughters and he truly enabled me to understand what unconditional love means.

At this time of Thanksgiving I wanted to personally share what I am Thankful for . First and foremost, I am thankful for the best family in the world which I was born into. Starting with my Mom who has always been there for me and especially when I have been in need of her and for her undying love and support for my children and grandchildren. I want to thank my children and siblings who have sacrificed and watch us go through tremendous growing pains first as a family business, then as a publicly trading company. I want to thank my friends who have always been there for me and my family and still are today. I am truly blessed to have friends and some which I have had for over 41 years and I am only 47 years young. This is why I truly feel Blessed. The colleagues which I work with each and every day bring me so much love, happiness, joy and stability. There are so many that it is hard for me to write all their names but they do know who they are and if you are around my office and home you see them each and every day and from time to time. I thank them ever so much for thee love, support and continued prayers that have carried me through for over twenty one years now; as my husband and I started to build the companies that we know as eMax today. The eMax companies would not be what they are today without them and their unwavering support as we have grown from just a single vision that

Edgar Filing: EMAX HOLDINGS CORP - Form 8-K

came in the middle of the night and cultivated from them all with over 100 years of combined experience from Chuck, myself and all the other senior executive management teams and founders of the eMax companies. I wish to thank and tell each legal, financial and professional counselor how much their advice and guidance has meant to me and has helped to maintain the proper steps I have followed under their directions. I would like to express my gratitude for each and every member of the steering committee of our companies who has prayed for us each and every day and for our careful and prudent steps along the many years of the journey in building these incredible dynasty companies. And most of all, I wish to personally thank each and every shareholder and investment partner of the eMax companies who have been faithful and steadfast in their belief in me personally and joining the efforts of our company to make a positive difference in every area of our business activities. After twenty one years of investments, by we as founders and others, the next six months is going to finally show the investment community what the eMax companies has risen and grown up to be. For all new investors you can follow our current progress and history at our websites, www.emaxworldwide.com, www.emaxmediagroup.com, www.emaxmusic.com and www.emaxnews.com. The first wave of gains to our shareholders will come in the form of stock dividends in the companies eMax Worldwide and eMax Media Group. These stock dividends are in the last few days of being mailed out to all shareholders of our company. First quarter next year we should be able to show our shareholders tremendous gains to those stock investments and we are preparing to show cash dividends by the end of first quarter next year as well.

In losing my husband this year, I rushed to move all business activities to be opened at a lightning pace so he would know that I and our companies would be okay. This has caused our companies now to explode with new exciting business that was always there in waiting to open. He and I have always have been concerned about our shareholders, their gains, and our families gains as for we are the largest shareholders in the company due the the amount of personal capital we keep putting in the companies year after year. We do this with great love and consideration for we know the hard work and sacrifice of so many others that have shared their lives and committed as well their money and time to see eMax grow to where it is today and where it is going in the future. We started with one agenda in mind and we are going to finish in a mighty way to make a positive effect in the areas of music, TV, movies, games, the internet, real estate, finance and every area that effects each and every one of our lives around the World. I, nor the eMax companies, could have done any of this alone without our shareholders and founders. For this I am so every grateful and give thanks to each and everyone of you and your family this day. May God keep you and your family in his care and his Angels around you. We pray this each and every day before we begin work and have for eighteen years. I forgot to tell

Edgar Filing: EMAX HOLDINGS CORP - Form 8-K

you. My husband and I started this tradition when we got married and now I and a ministry team carry forth this agenda each morning before we start our long days. I have very large shoes to fill with the loss of my husband and I am more devoted and relentless than ever in finishing what we started together as a family dream

For ever more, we will carry each and everyone in our daily prayers and wish each and every family tremendous prosperity at this time and every year hereafter. You are all known as the eMax Family to us. eMax is made up of families and we have always said we are all about family. So Thank you for allowing me to share my Thanksgiving letter with you at this time This letter is spoken from my heart and it is how I feel each and every day as I awaken to conclude further this eMax journey

May You and your family have a Blessed and Glorious Day and Holiday Season
