Your participation will help to ensure the presence of a quorum at the meeting and save BioAmber the extra expense associated with additional solicitation. If you hold your shares through a broker, your broker is not permitted to vote on your behalf in the election of directors, unless you provide specific instructions to the broker by completing and returning any voting instruction form that the broker provides (or following any instructions that allow you to vote your broker-held shares via telephone or the Internet). For your vote to be counted, you will need to communicate your voting decision before the date of the Annual Meeting. Voting your shares in advance will not prevent you from attending the Annual Meeting, revoking your earlier submitted proxy or voting your stock in person.

PROXY STATEMENT

FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD MAY 19, 2016

GENERAL INFORMATION

Our Board of Directors (the “Board”) solicits your proxy on our behalf for the 2016 Annual Meeting of Stockholders (the “Annual Meeting”) and at any postponement or adjournment of the Annual Meeting for the purposes set forth in this Proxy Statement and the accompanying Notice of 2016 Annual Meeting of Stockholders (the “Notice”). The Annual Meeting will be held at 8:00 a.m. Eastern Time on May 19, 2016 at the offices of Goodwin Procter LLP, which are located at The New York Times Building, 620 Eighth Avenue, New York, NY 10018. We made this Proxy Statement available to stockholders beginning on April 6, 2016.

In this Proxy Statement the terms “BioAmber,” “the company,” “we,” “us,” and “our” refer to BioAmber Inc. The mailing address of our principal executive offices is BioAmber Inc., 1250 Rene Levesque West, Suite 4310, Montreal, Quebec, Canada H3B4W8.

Record Date March 24, 2016.

Quorum A majority of the shares of all issued and outstanding stock entitled to vote on the record date must be present in person or represented by proxy to constitute a quorum.

Shares
Outstanding 28,781,753 shares of common stock outstanding as of March 24, 2016.

Voting There are four ways a stockholder of record can vote:

- (1) By Internet: You may vote over the Internet by following the instructions provided in the Notice or, if you receive your proxy materials by U.S. mail, by following the instructions on the proxy card.
- (2) By Telephone: If you receive your proxy materials by U.S. mail, you may vote by telephone by following the instructions on the proxy card.
- (3) By Mail: If you receive your proxy materials by U.S. mail, you may complete, sign and return the accompanying proxy card in the postage-paid envelope provided.
- (4) In Person: If you are a stockholder as of the record date, you may vote in person at the meeting. Submitting a proxy will not prevent a stockholder from attending the Annual Meeting, revoking their earlier-submitted proxy, and voting in person.

In order to be counted, proxies submitted by telephone or Internet must be received by 11:59 p.m. Eastern Time on May 18, 2016. Proxies submitted by U.S. mail must be received before the start of the Annual Meeting.

If you hold your shares through a bank or broker, please follow their instructions.

Revoking Your Proxy Stockholders of record may revoke their proxies by attending the Annual Meeting and voting in person, by filing an instrument in writing revoking the proxy or by filing another duly executed proxy bearing a later date with our Secretary before the vote is counted or by voting again using the telephone or Internet before the cutoff time (your latest telephone or Internet proxy is the one that will be counted). If you hold shares through a bank or broker, you may revoke any prior voting instructions by contacting that firm.

Votes Required to Adopt Proposals	<p>Each share of our common stock outstanding on the record date is entitled to one vote on any proposal presented at the Annual Meeting:</p>
	<p>For Proposal One, the election of Class III directors, the three nominees receiving the plurality of votes entitled to vote and cast will be elected as Class III directors.</p>
	<p>For Proposal Two, a majority of the votes properly cast (meaning the number of shares voted “for” must exceed the number of shares voted “against”) is required to ratify the appointment of Deloitte LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016.</p>
Effect of Abstentions and Broker Non-Votes	<p>Votes withheld from any nominee, abstentions, and “broker nonvotes” (i.e., where a broker has not received voting instructions from the beneficial owner and for which the broker does not have discretionary power to vote on a particular matter) are counted as present for purposes of determining the presence of a quorum. With respect to the ratification of Deloitte</p>

LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016, you may vote “for”, “against”, or “abstain” from such proposal. Shares voting “withheld” have no effect on the election of directors. With respect to the election of directors, you may vote “for” or “withhold” authority to vote on each of these nominees. Abstentions are not counted as votes cast and thus will have no effect on such ratification of the appointment of Deloitte LLP.

Under the rules that govern brokers holding shares for their customers, brokers who do not receive voting instructions from their customers have the discretion to vote uninstructed shares on routine matters, but do not have discretion to vote such uninstructed shares on non-routine matters. Only Proposal Two, the ratification of the appointment of Deloitte LLP, is considered a routine matter where brokers are permitted to vote shares held by them without instruction. If your shares are held through a broker, those shares will not be voted in the election of directors unless you

affirmatively provide the broker instructions on how to vote.

Voting Instructions

If you complete and submit your proxy voting instructions, the persons named as proxies will follow your instructions. If you submit proxy voting instructions but do not direct how your shares should be voted on each item, the persons named as proxies will vote for the election of the nominees for director and for the ratification of the appointment of Deloitte LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016. The persons named as proxies will vote on any other matters properly presented at the Annual Meeting in accordance with their best judgment, although we have not received timely notice of any other matters that may be properly presented for voting at the Annual Meeting.

Voting Results

We will announce preliminary results at the Annual Meeting. We will report final results by filing a Form 8-K within four business days after the Annual Meeting. If final results are not available at that time, we will provide

preliminary voting
results in the Form 8-K
and will provide the
final results in an
amendment to the Form
8-K as soon as they
become available.

Additional Solicitation/Costs	<p>We are paying for the distribution of the proxy materials and solicitation of the proxies. As part of this process, we reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. Proxy solicitation expenses that we will pay include those for preparation, mailing, returning and tabulating the proxies. Our directors, officers, and employees may also solicit proxies on our behalf in person, by telephone, email or facsimile, but they do not receive additional compensation for providing those services.</p>
Emerging Growth Company	<p>We are an "emerging growth company" as defined in the Jumpstart Our Business Startups (JOBS) Act of 2012 and, as such,</p>

have elected to comply with certain reduced public company reporting requirements. These reduced reporting requirements include reduced disclosure about the company's executive compensation arrangements and no non-binding advisory votes on executive compensation. We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of our initial public offering, (b) in which we have total annual gross revenue of at least \$1.0 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30th, and (2) the date on which we have issued more than \$1.0 billion in non-convertible

debt during the
prior three-year
period.

ELECTION OF DIRECTORS

Number of Directors; Board Structure

Our Board is divided into three staggered classes of directors as nearly equal in number as possible. One class is elected each year at the annual meeting of stockholders for a term of three years. The term of the Class III directors expires at the Annual Meeting. The term of the Class I directors will expire at the 2017 annual meeting and the term of the Class II directors will expire at the 2018 annual meeting.

The biographies of each of the nominees and continuing directors below contain information regarding each such person's service as a director, business experience, director positions held currently or at any time during the last five years and the experiences, qualifications, attributes or skills that caused the nominating and corporate governance committee to determine that the person should serve as a director of the company. In addition to the information presented below regarding each such person's specific experience, qualifications, attributes and skills that led the Board and its nominating and corporate governance committee to the conclusion that he or she should serve as a director, we also believe that each of our directors has a reputation for integrity, honesty and adherence to high ethical standards. Each of our directors has demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to our company and our Board. Finally, we value our directors' experience in relevant areas of business management and on other boards of directors and board committees.

Our corporate governance guidelines also dictate that a majority of the Board be comprised of independent directors whom the Board has determined have no material relationship with the company and who are otherwise "independent" directors under the published listing requirements of the New York Stock Exchange (the "NYSE").

PROPOSAL ONE – ELECTION OF CLASS III DIRECTORS

Nominees

Based on the recommendation of the nominating and corporate governance committee of our Board, our Board has nominated Jean-François Huc, Raymond J. Land and Kenneth W. Wall for election as Class III directors to serve for a three-year term expiring at the 2019 annual meeting or until their successors are elected and qualified. Each of the nominees has consented to serve if elected.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received "for" the election of each nominee. If any nominee is unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present Board. The Board may fill such vacancy at a later date or reduce the size of the Board. We have no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director.

CORPORATE GOVERNANCE

Board Independence

Our Board has determined that each of our directors, except Mr. Huc as Chief Executive Officer and Mr. Wall as a former executive officer, has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is “independent” in accordance with the rules of NYSE and the Securities and Exchange Commission. The composition and functioning of our Board and each of our committees comply with all applicable requirements of

the NYSE and the rules and regulations of the Securities and Exchange Commission. There are no family relationships among any of our directors or executive officers.

Furthermore, the Board has determined that each member of each of the committees of the Board is independent within the meaning of NYSE's, the SEC's, and our applicable committees' independence standards, including Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). In making that determination, the Board considered all relevant facts and circumstances, including (but not limited to) the director's commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships. In addition, a majority of the members of the Board meets the independence standards of the NYSE.

At least annually, the Board will evaluate all relationships between us and each director in light of relevant facts and circumstances for the purposes of determining whether a material relationship exists that might signal a potential conflict of interest or otherwise interfere with such director's ability to satisfy his or her responsibilities as an independent director. Based on this evaluation, the Board will make an annual determination of whether each director is independent within the meaning of NYSE's, the SEC's, and our applicable committees' independence standards.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting, which is available on our website at www.bio-amber.com. A copy of the Code of Business Conduct and Ethics may also be obtained, free of charge, upon a request directed to: BioAmber Inc., 1250 Rene Levesque West, Suite 4310, Montreal, Quebec, Canada H3B4W8, Attention: Chief Financial Officer. We intend to disclose any amendment to or waiver of a provision of the Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on our website available at www.bio-amber.com and/or in our public filings with the Securities and Exchange Commission.

Corporate Governance Guidelines

The Board has adopted corporate governance guidelines to assist and guide its members in the exercise of its responsibilities. These guidelines should be interpreted in accordance with any requirements imposed by applicable federal or state law or regulation, NYSE and our certificate of incorporation and bylaws. Our corporate governance guidelines are available in the corporate governance section of our website at investor.bio-amber.com. Although these corporate governance guidelines have been approved by the Board, it is expected that these guidelines will evolve over time as customary practice and legal requirements change. In particular, guidelines that encompass legal, regulatory or exchange requirements as they currently exist will be deemed to be modified as and to the extent that such legal, regulatory or exchange requirements are modified. In addition, the guidelines may also be amended by the Board at any time as it deems appropriate.

Board and Committee Meetings

The Board meets on a regularly scheduled basis during the year to review significant developments affecting us and to act on matters requiring their approval. It also holds special meetings when important matters require action between scheduled meetings. Members of senior management regularly attend meetings to report on and discuss their areas of responsibility. During 2015, the Board held eight meetings and acted by unanimous written consent on fourteen occasions. The Board has three standing committees:

the audit committee, which held six meetings in 2015;
the compensation committee, which held four meetings in 2015; and
the nominating and corporate governance committee, which held six meetings in 2015.

Each of the incumbent directors of the Board attended at least 75% of the aggregate of all meetings of the Board and all meetings of committees of our Board on which they served (during the periods that they served) during 2015. The Board regularly holds executive sessions of the independent directors. Executive sessions do not include any employee directors of our company.

Directors who qualify as "non-management directors" within the meaning of the NYSE Corporate Governance Standards meet in executive sessions without management at every regularly scheduled Board meeting and at such other times as they deem appropriate. Such independent directors meet in executive session at least once annually. In 2015, our independent directors met in executive session without non-independent directors four times. The director who presides at these meetings are chosen by the non-management directors, and in 2015, this director was Raymond J. Land.

Annual Meeting Attendance

It is our policy that members of our Board are encouraged to attend annual meetings of our stockholders. All of the members of our Board attended our 2015 annual meeting of stockholders on May 15, 2015.

Committees

Our bylaws provide that the Board may delegate responsibility to committees. The Board has three standing committees: an audit committee, a compensation committee, and a nominating and corporate governance committee. In addition, in connection with our initial public offering and our subsequent public offerings, we established a pricing committee which held meetings in connection with these offerings, and is no longer active. The Board has also adopted a written charter for each of the three standing committees. Each committee charter is available in the corporate governance section of our website at investor.bio-amber.com.

Audit Committee

Raymond J. Land, Ellen B. Richstone and Heinz Haller currently serve on the audit committee, which is chaired by Mr. Land. The composition of this committee meets the requirements for independence under the listing standards of NYSE and the applicable rules of the Securities and Exchange Commission, including the applicable transition rules. Our Board has designated each of Mr. Land and Ms. Richstone as “audit committee financial expert,” as defined under the applicable rules of the Securities and Exchange Commission. Each member of the audit committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and the NYSE. Our audit committee operates under a written charter that satisfies the applicable standards of the SEC and the NYSE. A current copy of the audit committee’s charter is available on our website at investor.bio-amber.com. The audit committee’s responsibilities, as further detailed in the charter, include:

Compensation Committee

Heinz Haller, Kurt Briner, and George F. J. Gosbee currently serve on the compensation committee, which is chaired by Mr. Haller. The composition of this committee meets the requirements for independence under the listing standards of NYSE and the applicable rules of the Securities and Exchange Commission, including the applicable transition rules. Our compensation committee operates under a written charter that satisfies the applicable standards of the SEC and the NYSE. A current copy of the compensation committee's charter is available on our website at investor.bio-amber.com. The compensation committee's responsibilities, as further detailed in the charter, include:

- annually reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer;

- reviewing annually the compensation committee charter and the compensation committee's performance.

The compensation committee has the power to delegate its authority to subcommittees, but to date has not delegated any such authority. Our compensation committee evaluates our compensation philosophy and compensation plans and arrangements as circumstances require, and, at a minimum, annually. As part of this review process, our compensation committee applies our values and objectives, while considering the compensation levels needed to ensure our compensation program remains competitive. In reviewing our compensation programs, our compensation committee may take into consideration the recommendations of our Chief Executive Officer (except with respect to his own compensation), as well as compensation data compiled or prepared by compensation consultants.

Nominating and Corporate Governance Committee

Raymond J. Land, Kurt Briner, Ellen B. Richstone and George F. J. Gosbee currently serve on the nominating and corporate governance committee, which is chaired by Mr. Briner. The composition of this committee meets the requirements for independence under the listing standards of NYSE and the applicable rules of the Securities and Exchange Commission, including the applicable transition rules. Our nominating and corporate governance committee operates under a written charter that satisfies the applicable standards of the SEC and the NYSE. A current copy of the nominating and corporate governance committee's charter is available on our website at investor.bio-amber.com. The nominating and corporate governance committee's responsibilities, as further detailed in the charter, include:

- developing and recommending to the Board criteria for board and committee membership;
- establishing procedures for identifying and evaluating board of director candidates, including nominees recommended by stockholders;
- identifying individuals qualified to become members of the Board;

recommending to the Board the persons to be nominated for election as directors and to each of the board's committees;

developing and recommending to the Board a set of corporate governance guidelines;

overseeing the evaluation of the Board and management; and

reviewing annually the nominating and corporate governance committee charter and the nominating and corporate governance committee's performance.

Our Board may from time to time establish other committees.

Identifying and Evaluating Director Nominees

The Board is responsible for selecting its own members. The Board delegates the selection and nomination process to the nominating and corporate governance committee, with the expectation that other members of the Board, and of management, will be requested to take part in the process as appropriate.

Generally, the nominating and corporate governance committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the nominating and corporate governance committee deems to be helpful to identify candidates. Once candidates have been identified, the nominating and corporate governance committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the nominating and corporate governance committee. The nominating and corporate governance committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means that the nominating and corporate governance committee deems to be appropriate in the evaluation process. The nominating and corporate governance committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board. Based on the results of the evaluation process, the nominating and corporate governance committee recommends candidates for the Board's approval as director nominees for election to the Board.

Minimum Qualifications

The nominating and corporate governance committee will consider, among other things, the following qualifications, skills and attributes when recommending candidates for the Board's selection as nominees for the Board and as candidates for appointment to the Board's committees. The nominee shall have the highest personal and professional integrity, shall have demonstrated exceptional ability and judgment, and shall be most effective, in conjunction with the other nominees to the Board, in collectively serving the long-term interests of the stockholders.

In evaluating proposed director candidates, the nominating and corporate governance committee may consider, in addition to the minimum qualifications and other criteria for Board membership approved by the Board from time to time, all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of the proposed director candidate, his or her depth and breadth of professional experience or other background characteristics, his or her independence and the needs of the Board.

Stockholder Recommendations

Stockholders may submit recommendations for director candidates to the nominating and corporate governance committee by sending the individual's name and qualifications to our Chief Financial Officer at BioAmber Inc., 1250 Rene Levesque West, Suite 4310, Montreal, Quebec, Canada H3B4W8, who will forward all recommendations to the nominating and corporate governance committee. The nominating and corporate governance committee will evaluate any candidates recommended by stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors or management.

Stockholder and Interested Party Communications

Stockholders and interested parties may communicate with our Board by sending correspondence to the Board, a specific committee of our Board or a director c/o our Corporate Secretary, at BioAmber Inc., 1250 Rene Levesque West, Suite 4310, Montreal, Quebec, Canada H3B4W8 or by sending email to TDesbiens@dsl.legal.

Our Corporate Secretary reviews all communications to determine whether the contents include a message to a director and will provide a summary and copies of all correspondence (other than solicitations for services, products or publications) to the applicable directors at each regularly scheduled meeting. The Corporate Secretary will alert individual directors to items that warrant a prompt response from the individual director prior to the next regularly scheduled meeting. Items warranting prompt response, but not addressed to a specific director, will be routed to the applicable committee chairperson.

Board Leadership Structure

The positions of chairman of the board and chief executive officer are separated. We believe that separating these positions allows our chief executive officer to focus on our day-to-day business, while allowing the chairman of the board to lead the Board in its fundamental role of providing advice to and independent oversight of management. Our Board recognizes the time, effort and energy that the chief executive officer is required to devote to his position in the current business environment, as well as the commitment required to serve as our chairman, particularly as the Board's oversight responsibilities continue to grow. While our amended and restated by-laws and corporate governance guidelines do not require that our chairman and chief executive officer positions be separate, our Board believes that having separate positions is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance. The Board believes its administration of its risk oversight function has not affected the Board's leadership structure.

Board's Role in Risk Oversight

The Board's role in overseeing the management of our risks is conducted primarily through committees of the Board, as disclosed in the descriptions of each of the committees above and in the charters of each of the committees. The full Board (or the appropriate Board committee in the case of risks that are under the purview of a particular committee) discusses with management our major risk exposures, their potential impact on our company, and the steps we take to manage them. When a Board committee is responsible for evaluating and overseeing the management of a particular risk or risks, the chairman of the relevant committee reports on the discussion to the full Board during the committee reports portion of the next board meeting. This enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Risks Related to Compensation Policies and Practices

When determining our compensation policies and practices, our compensation committee and Board considered various matters relevant to the development of a reasonable and prudent compensation program, including whether the policies and practices were reasonably likely to have a material adverse effect on us. We believe that the mix and design of our executive compensation plans and policies do not encourage management to assume excessive risks and are not reasonably likely to have a material adverse effect on us for the following reasons: we offer an appropriate balance of short- and long-term incentives and fixed and variable amounts; our variable compensation is based on a balanced mix of criteria; and our Board and compensation committee have the authority to adjust variable compensation as appropriate

PROPOSAL TWO

RATIFICATION OF THE APPOINTMENT OF

OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have appointed Deloitte LLP as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year ending December 31, 2016, and we are asking you and other stockholders to ratify this appointment. Deloitte LLP has served as our independent registered public accounting firm since 2009.

The audit committee annually reviews the independent registered public accounting firm’s independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm, and the independent registered public accounting firm’s performance. As a matter of good corporate governance, the Board determined to submit to stockholders for ratification the appointment of Deloitte LLP. A majority of the votes properly cast is required in order to ratify the appointment of Deloitte LLP. In the event that a majority of the votes properly cast do not ratify this appointment of Deloitte LLP, we will review our future appointment of Deloitte LLP.

We expect that a representative of Deloitte LLP will attend the Annual Meeting and the representative will have an opportunity to make a statement if he or she so chooses. The representative will also be available to respond to appropriate questions from stockholders.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

We have adopted a policy under which the audit committee must pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval would generally be requested annually, with any pre-approval detailed as to the particular service, which must be classified in one of the four categories of services listed below. The audit committee may also, on a case-by-case basis, pre-approve particular services that are not contained in the annual pre-approval request. In connection with this pre-approval policy, the audit committee also considers whether the categories of pre-approved services are consistent with the rules on accountant independence of the SEC and the Public Company Accounting Oversight Board.

In addition, in the event time constraints require pre-approval prior to the audit committee’s next scheduled meeting, the audit committee has authorized its Chairperson to pre-approve services. Engagements so pre-approved are to be reported to the audit committee at its next scheduled meeting.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” RATIFICATION OF THE APPOINTMENT OF DELOITTE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016.

Report of the Audit Committee of the Board

The information contained in this audit committee report shall not be deemed to be (1) “soliciting material,” (2) “filed” with the SEC, (3) subject to Regulations 14A or 14C of the Exchange Act, or (4) subject to the liabilities of Section 18 of the Exchange Act. No portion of this audit committee report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, through any general statement incorporating by reference in its entirety the proxy statement in which this report appears, except to the extent that BioAmber specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

This report is submitted by the audit committee of the Board. The audit committee consists of the three directors whose names appear below. None of the members of the audit committee is an officer or employee of BioAmber, and the Board has determined that each member of the audit committee is “independent” for audit committee purposes as that term is defined under Rule 10A-3 of the Exchange Act, and the applicable NYSE rules. Each member of the audit committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and the NYSE. The Board has designated each of Mr. Land and Ms. Richstone as an “audit committee financial expert,” as defined under the applicable rules of the SEC. The audit committee operates under a written charter adopted by the Board.

The audit committee’s general role is to assist the Board in monitoring our financial reporting process and related matters. Its specific responsibilities are set forth in its charter.

The audit committee has reviewed the company’s consolidated financial statements for 2015 and met with management, as well as with representatives of Deloitte LLP, the company’s independent registered public accounting firm, to discuss the consolidated financial statements. The audit committee also discussed with members of Deloitte LLP the matters required to be discussed by the Auditing Standards No. 16, as amended (AICPA Performance Standards Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In addition, the audit committee received the written disclosures and the letter from Deloitte LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the audit committee concerning independence, and discussed with members of Deloitte LLP its independence.

Based on these discussions, the financial statement review and other matters it deemed relevant, the audit committee recommended to the Board that the company’s audited consolidated financial statements for 2015 be included in its Annual Report on Form 10-K for 2015.

Employment Agreements; Potential Payments upon Termination or Change in Control

As of December 31, 2015, we were party to the following employment agreements and other agreements with our named executive officers.

Jean-François Huc. Mr. Huc entered into an employment agreement with our wholly-owned Canadian subsidiary on July 1, 2009. Pursuant to the employment agreement, Mr. Huc serves as our Chief Executive Officer, is entitled to an initial annual base salary of CAD 310,000 and is eligible to earn a cash bonus with a target equal to 50% of base salary (which was subsequently increased to 60%). In addition, in the event of a change in control transaction, Mr. Huc may elect, if so requested by the Company, to either (A) continue as an employee on terms at least as advantageous as those in the employment agreement for at least one year following such transaction, (B) continue on a consulting basis in a non-management role for at least one year following such transaction on terms at least as advantageous as those in the employment agreement or (C) agree to a noncompetition covenant with the acquiring entity for one year following such transaction. For purposes of Mr. Huc's agreement, a "transaction" is defined as the sale or merger of all or substantially all of the assets of the Company or the sale, assignment, transfer or issuance of shares of the Company such that one shareholder of the Company holds either (i) over 50% of the issued shares of the Company or (ii) the right to designate a majority of the directors of the board of the Company.

The agreement term is indefinite. Mr. Huc may terminate the agreement at any time by giving six months' written notice to the Company. In the event that Mr. Huc is terminated by us for any reason other than for "cause" (as defined in the agreement) or as a result of death or disability, he will be entitled to receive a severance payment in lieu of notice of an amount equal to 12 months' base salary (or 24 months' base salary if such termination occurs within 12 months before or after a change of control transaction). In

addition, if Mr. Huc's employment is terminated by us for any reason other than for cause or if his employment terminates upon his death, any stock options and restricted stock outstanding will immediately vest in full (and such options will be exercisable for three years thereafter). Pursuant to the agreement, Mr. Huc is subject to a post-termination confidentiality covenant for 10 years, as well as post-termination nonsolicitation of employees and noncompetition covenants for 12 months (which we may increase to 24 months if Mr. Huc resigns for any reason, in which case we will pay Mr. Huc an amount equal to 12 months' base salary).

James Millis. Mr. Millis entered into an employment agreement with our wholly-owned Canadian subsidiary on August 1, 2010. Pursuant to the employment agreement, Mr. Millis serves as our Chief Technology Officer, is entitled to an initial annual base salary of USD 240,000 and is eligible to earn a cash bonus with a target equal to 35% of base salary (which was subsequently increased to 40%). The agreement also provides Mr. Millis with an initial equity grant of an option to purchase 2,000 shares of our common stock. In addition, in the event of a change in control transaction, Mr. Millis may elect, if so requested by the Company, to either (A) continue as an employee on terms at least as advantageous as those in the employment agreement for at least one year following such transaction, or (B) agree to a noncompetition covenant with the acquiring entity for one year following such transaction. For purposes of Mr. Millis' agreement, a "transaction" is defined as the sale or merger of all or substantially all of the assets of the Company or the sale, assignment, transfer or issuance of shares of the Company such that one shareholder of the Company holds either (i) over 50% of the issued shares of the Company or (ii) the right to designate a majority of the directors of the board of the Company.

The agreement term is indefinite. Mr. Millis may terminate the agreement at any time by giving six months' written notice to the Company. In the event that Mr. Millis is terminated by us for any reason other than for "cause" (as defined in the agreement) or as a result of death or disability, he will be entitled to receive a severance payment in lieu of notice of an amount equal to 12 months' base salary (or 24 months' base salary if such termination occurs within 12 months before or after a change of control transaction). In addition, if Mr. Millis's employment is terminated by us for any reason other than for cause or if his employment terminates upon his death, any stock options and restricted stock outstanding will immediately vest in full (and such options will be exercisable for three years thereafter). Pursuant to the agreement, Mr. Millis is subject to a post-termination confidentiality covenant for 10 years, as well as post-termination nonsolicitation of employees and noncompetition covenants for 12 months (which we may increase to 24 months if Mr. Millis resigns for any reason, in which case we will pay Mr. Millis an amount equal to 12 months' base salary).

Fabrice Orecchioni. Mr. Orecchioni entered into an employment agreement with us on September 13, 2011, which was subsequently amended on April 1, 2013 and June 10, 2013. Mr. Orecchioni currently serves as our Chief Operation Officer. Pursuant to the employment agreement, Mr. Orecchioni is entitled to an initial annual base salary equal to CAD 210,000 and is eligible to earn a cash bonus with a target equal to 35% of base salary (which was subsequently increased to 45%). The Company also provides Mr. Orecchioni with Company-subsidized health insurance.

The agreement term is indefinite. Mr. Orecchioni may terminate the agreement at any time by giving three months' written notice to the Company. In the event that Mr. Orecchioni is terminated by us for any reason other than for "cause" (as defined in the agreement) or as a result of death, he will be entitled to receive a severance payment in lieu of notice of an amount equal to three months' base salary. In addition, if Mr. Orecchioni's employment is terminated by us for any reason other than for cause any vested stock options and restricted stock outstanding will be exercisable for six months thereafter, and will be exercisable between 12 and 24 months, in case his employment terminates upon his death or invalidity. Pursuant to the agreement, Mr. Orecchioni is subject to a post-termination confidentiality covenant for 10 years, as well as post-termination nonsolicitation of employees and noncompetition covenants for 12 months.

Current Base Salaries

For 2015, our named executive officers' base salaries were set as follows: for Mr. Huc, \$479,712, effective January 1, 2015; for Mr. Millis, \$330,000, effective January 1, 2015; and for Mr. Orecchioni \$285,982, effective January 1, 2015. For Messrs. Huc and Orecchioni, these amounts have been converted to U.S. dollars from Canadian dollars using the average exchange rate for 2015 of CAD 1.00 to USD 1.2791.

Cash Bonus

We believe that a meaningful portion of total compensation should be at risk, in part through annual cash bonuses. This helps to align our executives' interests with the interests of stockholders and incentivizes our executives to drive profitable growth of our business. Our executives' employment agreements do not provide for guaranteed cash bonuses; however, they do provide for target annual cash bonus opportunities.

We use annual cash bonuses to motivate our executives to achieve, and reward them for achieving, annual corporate and individual goals. Each executive has a bonus target which is equal to a percentage of his or her annual base salary. The more senior the position, the higher the target percentage.

Our performance is evaluated by our compensation committee and CEO at the completion of each fiscal year, when they review our results against the corporate goals established at the beginning of the fiscal year. The individual performance factor of the bonus is measured by our CEO's, or in the case of our CEO's performance, our compensation committee's, assessment of the overall performance of each such executive. The evaluation by the CEO takes into account the executive's position within the Company and the corporate goals over which that executive has control or influence.

The following table sets forth the annual cash bonus targets and awards for our named executive officers 2015:

Named Executive Officer	Target	
	Bonus (% of base salary)	Cash bonus Awarded (\$)
Jean-François Huc	60 %	—
James Millis	40 %	20,791
Fabrice Orecchioni	45 %	31,247

Mr. Huc was awarded a cash bonus of nil for 2015, which represented 0% of his target cash bonus. His target cash bonus is based solely on the attainment of corporate objectives, with no personal objective component. The compensation committee, together with the CEO, determined that based on the need for the Company to conserve cash in a difficult and volatile macro-environment, and given that the 2015 corporate objectives were not fully achieved, no bonus related to these corporate objectives would be paid.

Mr. Millis was awarded a cash bonus of \$20,791 for 2015, which represented approximately 16% of his target cash bonus, for the achievement of his personal goals.

Mr. Orecchioni was awarded a cash bonus of \$31,247 for 2015, which represented approximately 24% of his target cash bonus, for exceeding the achievement of his personal goals.

401(k) Plan and Registered Retirement Savings Plan (RRSP)

We maintain a 401(k) plan in which substantially all of our U.S.-based employees are entitled to participate. We also maintain a RRSP that our Canadian-based employees are entitled to participate. For both respective plans, employees contribute their own funds, as pre-tax salary deductions. Contributions can be made up to plan limits subject to government limitations. The plan permits us to make matching contributions should we so choose. To date, we have not made matching contributions although we may choose to do so in the future.

Director Compensation

In 2015, our non-employee directors received fees for their services as members of our Board. On November 7, 2013, our Board approved a compensation package to be paid to non-employee directors, including an annual fee of \$70,000 for the Chairman of the Board, an annual fee of \$55,000 for a board member who is also the chairman of a committee, and an annual fee of \$40,000 for all other board members, as well as a stock option grant every two years to acquire

10,500 shares of our common stock per year to be made at the anniversary dates of the initial election of each board member. The non-employee directors may also elect to receive additional stock options in lieu of the cash portion of their compensation package. On February 11, 2015, our Board approved a compensation package for the members of the CAPEX committee, including an annual fee of \$15,000 for the chairman and \$7,500 for the other members, for their services provided in 2014, and until the dissolution of the committee, which is expected to occur in 2016. In addition, on March 19, 2015, our Board approved a change to the Board compensation policy, effective January 1, 2015, to permit Board members to receive shares in lieu of their annual cash compensation. We reimburse each member of our Board who is not a company employee for reasonable travel and other expenses in connection with attending meetings of the Board. A director who is also our employee receives no additional compensation for his service as a member of our Board. During fiscal year 2015, Mr. Huc was our employee. See Executive Compensation – “Summary Compensation Table – 2015” above for additional information regarding the compensation paid to Mr. Huc during fiscal year 2015.

The following table provides compensation information for the fiscal year ended December 31, 2015 for each non-employee member of our Board. No member of our Board employed by us receives separate compensation for services rendered as a member of our Board.

PERFORMANCE GRAPH

The graph set forth below compares the cumulative total stockholder return on our common stock between May 9, 2013 (the date of our initial public offering) and December 31, 2015, with the cumulative total return for the S&P Small-Cap 600 Index and the NASDAQ Clean Edge Green Energy Index over the same period. This graph assumes the investment of \$100 on May 9, 2013 in our common stock and in the S&P Small-Cap 600 Index and the NASDAQ Clean Edge Green Energy Index and assumes the reinvestment of dividends, if any. The graph assumes our closing sales price on May 9, 2013 of \$8.40 per share as the initial value of our common stock and not the initial offering price to the public of \$10.00 per unit.

The comparisons shown in the graph below are based upon historical data. We caution that the stock price performance shown in the graph below is not necessarily indicative of, nor is it intended to forecast, the potential future performance of our common stock.

RELATED PARTY AND OTHER TRANSACTIONS

Certain Relationships and Transactions

Other than compensation agreements and other arrangements which are discussed in the section “Executive Compensation,” in 2015, there was not, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party for which the amount involved exceeds or will exceed \$120,000 and in which any director, executive officer, holder of 5% or more of any class of our capital stock or any member of their immediate family had or will have a direct or indirect material interest.

During 2015, Mitsui, beneficial owner of approximately 4.8% of our common stock as of March 1, 2016, invested additional capital amounting to approximately \$8.9 million into BioAmber Sarnia Inc., a joint venture that is 70% owned by us and 30% owned by Mitsui, pursuant to our joint venture agreement with Mitsui in connection with our planned facility in Sarnia, Ontario.

Entities affiliated with Waddell & Reed Financial, Inc., one of our 5% stockholders, purchased an aggregate of \$17.1 million of our common stock in connection with our underwritten public offering in May 2015 and an aggregate of \$10.0 million of our common stock in connection with our underwritten public offering in January 2016.

Procedures for Approval of Related Party Transactions

Our Board or our audit committee reviews and approves transactions with directors, officers and holders of 5% or more of our capital stock and their affiliates, each of whom we refer to as a related party. We have adopted a written related party transaction approval policy that governs the review of related party transactions. Pursuant to this policy, our audit committee shall review the material facts of all related party transactions. The audit committee shall take into account, among other factors that it deems appropriate, whether the related party transaction is on terms no less favorable to us than terms generally available in a transaction with an unrelated third party under the same or similar circumstances and the extent of the related party’s interest in the related party transaction. Further, when stockholders are entitled to vote on a transaction with a related party, the material facts of the related party’s relationship or interest in the transaction are disclosed to the stockholders, who must approve the transaction in good faith.

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons appointed in the accompanying proxy intend to vote the shares represented thereby in accordance with their best judgment on such matters, under applicable laws.
