Cautionary Note on Forward Looking Statements:

This Form 8-K/A (including Exhibit 99.1) contains forward-looking statements and information within the meaning of certain securities laws, including the "safe harbor" provision of the United States Private Securities Litigation Reform Act of 1995, the United States Securities Act of 1933, as amended, the United States Securities Exchange Act of 1934, as amended and other applicable securities legislation. All statements, other than statements of historical fact included in this Form 8-K/A, regarding our strategy, future operations, projections, conclusions, forecasts and other statements are "forward-looking statements". While these forward-looking statements represent our best current judgment, actual results could differ materially from the conclusions, forecasts or projections contained in the forward-looking statements. Certain material factors or assumptions were applied in drawing a conclusion or making a forecast or projection in the forward-looking information contained herein. Such factors include: volatility in the oil and gas sector generally, and the potential impact of such volatility on offshore exploration and production, particularly on demand for offshore transportation services, competition in the markets we serve, our ability to secure and maintain long-term support contracts, our ability to maintain standards of acceptable safety performance, exchange rate fluctuations, political, economic, and regulatory uncertainty, problems with our non-wholly owned entities, including potential conflicts with the other owners of such entities, exposure to credit risks, our ability to continue funding our working capital requirements, risks inherent in the operation of helicopters, unanticipated costs or cost increases associated with our business operations, trade industry exposure, inflation, ability to continue maintaining government issued licenses, necessary aircraft or insurance, loss of key personnel, work stoppages due to labor disputes, and future material acquisitions or dispositions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual outcomes may vary materially from those indicated. The Company disclaims any intentions or obligations to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Please refer to our annual report on Form 10-K and quarterly reports on Form 10-Q, and our other filings, in particular any discussion of risk factors or forward-looking statements, which are filed with the SEC and available free of charge at the SEC's website (www.sec.gov), for a full discussion of the risks and other factors that may impact any estimates or forward-looking statements made herein.
