**PART 1 - FINANCIAL INFORMATION**

**Item 1. Financial Statements.**

*Forward Looking Statements*

This quarterly report contains forward-looking statements. These statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as “may”, “should”, “expect”, “plan”, “anticipate”, “believe”, “estimate”, “predict”, “potential” or “continue” or the negative of these terms or comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors, any of which may cause our company’s or our industry’s actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. These risks include, by way of example and not in limitation:

- the uncertainty that we will not be able to successfully execute our business plan;
- risks related to the large number of established and well-financed entities that are actively seeking suitable business opportunities;
- risks related to the failure to successfully manage or achieve growth of a new business opportunity; and
- other risks and uncertainties related to our business strategy.

This list is not an exhaustive list of the factors that may affect any of our forward-looking statements. These and other factors should be considered carefully and readers should not place undue reliance on our forward-looking statements.

Forward looking statements are made based on management’s beliefs, estimates and opinions on the date the statements are made and we undertake no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

Our unaudited condensed consolidated financial statements are stated in United States dollars (US\$) and are prepared in accordance with United States Generally Accepted Accounting Principles. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the interim period ended March 31, 2015, are not necessarily indicative of the results that can be expected for the full year.

In this quarterly report, unless otherwise specified, all dollar amounts are expressed in United States dollars and all references to “common stock” refer to the common shares in our capital stock.

As used in this quarterly report, the terms “we”, “us”, “our”, “our company” and “Alkame” mean Alkame Holdings, Inc., unless otherwise stated.
