INDEPENDENT AUDITORS' REPORT

Administrative Committee
CenturyTel, Inc. Union Group Incentive Plan:

We have audited the accompanying statements of net assets available for benefits of the CenturyTel, Inc. Union Group Incentive Plan (the "Plan") as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in

Edgar Filing: CENTURYTEL INC - Form 11-K

our audit of the basic 2000 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

CENTURYTEL, INC. UNION GROUP INCENTIVE PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2000 AND 1999

Edgar Filing: CENTURYTEL INC - Form 11-K

1. DESCRIPTION OF THE PLAN

The following brief description of the CenturyTel, Inc. Union Group Incentive Plan, formerly the CenturyTel, Inc. Group Incentive Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General - The Plan is a defined contribution plan covering eligible employees of CenturyTel, Inc. and its subsidiaries (the "Company"). Through August 31, 2000, eligible employees are those employees covered by certain collective bargaining agreements and who have completed 1,000 hours of service as defined by the Plan. Thereafter, eligible employees are those employees covered by certain collective bargaining agreements. Participants may enroll during the first available enrollment period subsequent to their first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant and Employer Contributions - Through August 31, 2000, participants were required to make pre-tax contributions of at least 1% of their compensation and may elect to make additional pre-tax contributions up to 15% for a maximum pre-tax contribution of 16% of annual compensation. The Company made matching contributions for each participant equal to 55% of the participant's pre-tax contributions up to 6% of compensation. Subsequent to this date, there is no minimum required participant contribution amount and participants may make pre-tax contributions up to 16% of their eligible annual compensation. The Company makes matching contributions for each participant of either 55% or 66% of the participant's pre-tax contributions up to 6%, as defined by the applicable collective bargaining agreement. Contributions are subject to certain limitations.

Participant Loans - Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans bear interest at a rate equal to the prime rates published in the Wall Street Journal on the last day of the previous quarter plus 1% and are secured by the balance in the participant's account and an assignment of current pay of the participant sufficient to service the loan.

Investment Options - Participants were allowed to direct contributions to any of the following investment options through August 31, 2000:

- HighMark Income Equity Fund
- HighMark Bond Fund
- Union Bank Stable Value Fund
- Dreyfus Index 500 Fund

As of September 1, 2000, participants may direct contributions to any of the following investment options:

- T. Rowe Price Summit Cash Reserves Fund
- PIMCO Total Return Fund
- BGI Asset Allocation Fund
- T. Rowe Price Equity Index 500 Fund
- Janus Fund
- T. Rowe Price Equity Income Fund
- Janus Overseas Fund
- MSDW Institutional Small Company Growth Portfolio Fund
- T. Rowe Price Mid-Cap Growth Fund
- BGI LifePath Income Fund

Edgar Filing: CENTURYTEL INC - Form 11-K

BGI LifePath 2010 Fund
BGI LifePath 2020 Fund
BGI LifePath 2030 Fund
BGI LifePath 2040 Fund
CenturyTel Common Stock

Participant Accounts - A separate account is maintained for each participant, which is credited with the participant's contribution, an allocation of the employer's contribution, and Plan earnings. Allocations of the employer contributions are based on the participants' deferrals, as defined. Plan earnings are allocated based on the investment returns from the investment options selected by the participant and the participant's account balance. The benefit to which a participant is entitled is based on the vested balance of the participant's account.

Vesting - The employer contributions and the accumulated earnings thereon vest to participants as follows:

Years of Service -----	Percentage Vested -----
Less than 1	0%
1	20
2	40
3	60
4	80
5	100

In the event of death, disability, or upon reaching age 65, the employer contributions and the accumulated earnings thereon become fully vested. Participant contributions and the accumulated earnings thereon are fully vested at all times.

Benefits Paid - Participants are entitled to receive benefits upon termination of employment for any reason including death, disability, or retirement. If the participant's account balance exceeds \$5,000, the participant may defer payment until a later date. Otherwise, distributions are made in a lump sum as soon as administratively feasible. At retirement, participants may elect a lump sum payment or periodic installments over 5, 10, or 15 years. Participants may also withdraw benefits for financial hardship reasons. Such withdrawals are subject to the approval of the Administrative Committee.

Forfeitures - The portion of a participant's account that is not vested shall be forfeited at the earlier of the date of distribution of the participant's entire vested balance in the plan following the participant's termination or the date on which the participant completes a full break in service. The forfeiture shall be valued as of the last valuation date before the date of the forfeiture. Forfeitures occurring during a plan year shall be used first to satisfy any restorations for the year and any remaining forfeitures shall be applied to offset future employer contributions or pay plan expenses.

Plan Termination - Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event the Company terminates the Plan or discontinues contributions to the Plan, the accounts of all participants will become fully vested.

2. SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the

Edgar Filing: CENTURYTEL INC - Form 11-K

Plan.

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investments Valuation and Income Recognition - Investments in mutual funds and employer common stock are stated at fair value based upon quoted market prices of the underlying securities. The Plan's investment in common/collective trust investments are stated at contract value which represents contributions made under the contract, plus earnings, less withdrawals. Plan management believes that the contract value approximates fair value for the common/collective trust investments. The average yield to maturity of the common/collective trust investments was 5.94% as of December 31, 1999. There were no valuation reserves as of December 31, 2000 and 1999. Temporary cash investments are stated at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

Funding Policy - Participant pre-tax contributions to the Plan are made through payroll deductions and are forwarded to the Plan trustee biweekly along with the employer contributions.

Administration Expenses - The Plan provides that the Company may pay administrative costs of the Plan. Those costs not paid by the Company are paid from Plan assets.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of net assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and withdrawals during the reporting period. Actual results could differ from those estimates.

Benefits Paid - Benefits are recorded when paid.

3. INVESTMENTS GREATER THAN 5% OF NET ASSETS

The following represents individual investments that are greater than 5% of the net assets at December 31:

	2000	1999
PIMCO Total Return Fund	\$ 2,850,197	\$ -
T. Rowe Price Equity Income Fund	7,179,352	-
T. Rowe Price Equity Index 500 Fund	4,259,037	-
T. Rowe Price Summit Cash Reserves Fund	4,342,133	-
HighMark Income Equity Fund	-	10,607,561
HighMark Bond Fund	-	3,385,621
Stable Value Fund	-	3,990,165

Net appreciation (depreciation) by investment type for the years ended December 31 is as follows:

	2000	1999
Mutual funds	\$ (729,035)	\$ (239,323)
Employer common stock	121	-
	-----	-----

Edgar Filing: CENTURYTEL INC - Form 11-K

Total \$ (728,914) \$ (239,323)
===== =====

4. PLAN ADMINISTRATION

Effective September 1, 2000, the Plan changed the trustee and recordkeeper from Union Bank of California and Merrill Lynch/Howard Johnson to T. Rowe Price.

5. TAX STATUS

The Plan obtained its latest determination letter dated March 20, 1996 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Plan assets are invested in mutual funds managed by T. Rowe Price which is the trustee of the Plan. These funds are charged administrative expenses which are paid by the Company. In addition, the Plan invests in shares of Company common stock at the direction of the participants.

7. CONCENTRATION OF RISK

The Plan's assets consist of financial instruments including money market funds, mutual funds, common/collective funds, and Company common stock. These financial instruments may subject the Plan to concentrations of risk as, from time to time, cash balances exceed amounts insured by the Federal Deposit Insurance Corporation, and investments in mutual funds, common/collective funds, and Company stock are subject to changes in market values of such investments.
