DIEBOLD, INCORPORATED 401(k) SAVINGS PLAN  
FOR PUERTO RICO ASSOCIATES  
REQUIRED INFORMATION

The Diebold, Incorporated 401(k) Savings Plan for Puerto Rico Associates (the Plan) is subject to the requirements of the Employee Retirement Security Act of 1974 (ERISA). The following financial statements and schedules of the Plan have been prepared in accordance with the financial reporting requirements of ERISA under 29 CFR 2520.104-41. The financial statements and schedules are unaudited as the Plan has claimed a waiver of the annual examination and report of an independent qualified accountant under 29 CFR 2520.104.46.

DIEBOLD, INCORPORATED 401(k) SAVINGS PLAN FOR PUERTO RICO ASSOCIATES  
NOTES TO FINANCIAL STATEMENTS (UNAUDITED)  
DECEMBER 31, 2013 and 2012

(1) Description of the Plan

The following brief description of the Diebold, Incorporated 401(k) Savings Plan for Puerto Rico Associates (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

Effective October 1, 2008, the Plan was established for the exclusive benefit of the employees of the Diebold, Incorporated (the Employer or the Company) who reside in Puerto Rico. The Plan is subject to certain provisions of the Employee Retirement Security Act of 1974 (ERISA).

Effective October 1, 2013, the Plan was amended to change its trustee from UBS Trust Company to Banco Popular. The recordkeeper was changed to Bank of America and all participant accounts were transferred from the previous recordkeeper, Vanguard Fiduciary Trust Company.

(b) Contributions

The Plan allows each participant to voluntarily contribute from one to ten percent (in one percent increments) of pre-tax compensation, but not in excess of \$15,000 or such indexed maximum amounts permitted by the Puerto Rico Internal Revenue Code of 1994, as amended. The Employer match is set by the board of directors and is evaluated at least annually.

For employees hired before July 1, 2003, the Employer Basic Matching Contribution was 30 percent of a participant's pre-tax contributions during each payroll period up to six percent of the participant's compensation in such payroll period. For employees hired on or after July 1, 2003, the Employer Basic Matching Contribution was 60 percent of a participant's pre-tax contributions during each payroll period up to six percent of the participant's compensation in such payroll period. This higher Employer Basic Matching Contribution is in lieu of participation in the Retirement Plan for Salaried Employees.

(c) Participants' Accounts

Each participant directs his or her contributions, as well as any employer matching contributions, into any of several investment funds within the Plan with a minimum investment in any fund of one percent. Participants' accounts are valued on a daily basis.

(d) Vesting

For employees hired before July 1, 2003, a participant's pre-tax contributions and earnings, and the Employer's contributions and earnings are immediately vested and non-forfeitable. For employees hired on or after July 1, 2003, a participant's pre-tax contributions and earnings are immediately vested and non-forfeitable; however, Employer contributions and earnings are vested in accordance with the following schedule: less than three years service, zero percent; three or more years of service, 100 percent.

(e) Distribution of Benefits

Upon termination of service with the Employer or a participating affiliate, a participant may elect to receive his or her total vested account balance in a lump sum payment, defer receipt until retirement date, or make a direct rollover to a qualified plan if such total account balance exceeds \$5,000. If the vested account balance does not exceed \$5,000, the participant may elect to receive his or her total account balance in a lump sum payment or make a direct rollover to a qualified plan. If the account balance is greater than \$1,000 and the participant does not elect one of the noted options, the Plan Administrator (the Administrator) will pay the distribution in a direct rollover to the individual retirement

annuity plan designated by the Administrator. If the account balance is \$1,000 or less and the participant does not make a distribution election, the funds are distributed in the form of a cash lump sum. The Administrator or its designee shall make such determination on a periodic basis, not less frequently than annually. For any funds invested in the Diebold Company Stock Fund, the participant may make an election to receive cash or the Employer's common stock.

DIEBOLD, INCORPORATED 401(k) SAVINGS PLAN FOR PUERTO RICO ASSOCIATES  
NOTES TO FINANCIAL STATEMENTS (UNAUDITED)  
DECEMBER 31, 2013 and 2012

(f) Notes Receivable - Participant

Loan transactions are treated as transfers between the various funds and the Loan Fund. Under the terms of the Plan, active participants of the Plan may borrow against their total account balance except for their balance in the Retiree Medical Funding Account. The minimum amount of any loan is \$1,000 and the maximum is \$50,000 or 50 percent of a participant's current vested balance (in \$100 increments), whichever is less. Loan payments are made through equal payroll deductions over the loan period of one to five years. If a loan is not repaid when due, the loan balance is treated as a taxable distribution from the Plan. Interest charged, which is based on the prime interest rate plus one percent as of the loan effective date, is determined by the Employer and was 4.25 percent at December 31, 2013 and ranged from 4.25 percent to 6.00 percent at December 31, 2012.

(g) Withdrawals

A financial hardship provision is available, enabling a participant to withdraw an amount to cover an immediate financial need.

(h) Expenses

All costs and expenses incident to the administration of the Plan are paid by the Administrator, or at the discretion of the Administrator, paid from the assets of the Plan, except for loan processing and administration fees associated with the Loan Fund, which are borne by the individual loan participants.

(i) Forfeited Accounts

Forfeited accounts are used to reduce future employer contributions or administrative expenses.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

(b) Investment Valuation

The Plan's investments are stated at fair value as of the last business day of the Plan year. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The Plan's investment options include a collective investment trust of Diebold common shares in which the Company's defined contribution plans participate on a unit basis. Diebold common shares are traded on a national securities exchange and participation units in The Diebold Company Common Stock Fund are valued at the last reported sales price on the last business day of the plan year. The valuation per share of The Diebold Company Common Stock was \$33.01 and \$30.61 at December 31, 2013 and 2012, respectively. The valuation per unit of The Diebold Company Common Stock Fund was \$11.31 and \$10.52 at December 31, 2013 and 2012, respectively.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

(c) Notes Receivable - Participant

Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued interest.

(d) Benefit Payments

Benefits are recorded when paid.

8

---

DIEBOLD, INCORPORATED 401(k) SAVINGS PLAN FOR PUERTO RICO ASSOCIATES  
 NOTES TO FINANCIAL STATEMENTS (UNAUDITED)  
 DECEMBER 31, 2013 and 2012

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in assets available for benefits during the reporting period. Actual results could differ from those estimates.

(f) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(3) Investments

The following presents investments that represent five percent or more of the Plan's assets available for benefits as of December 31:

	2013		2012	
	Number of Shares/Units	Fair Value	Number of Shares/Units	Fair Value
Invesco Stable Value Retirement Trust	247,317	\$247,317	—	\$—
Vanguard Institutional Index	618	104,592	—	—
Diebold Company Stock Fund	8,197	92,680	8,315	87,469
Loomis Sayles Bond Fund	5,136	77,862	3,983	60,218
Invesco Diversified Fund	2,790	47,227	—	—
Vanguard Retirement Savings Trust*	—	—	254,682	254,682
Vanguard 500 Index Fund*	—	—	549	72,138
Vanguard Windsor II Fund*	—	—	1,191	34,992

\* Shown for comparative purposes only. Investment did not exceed five percent of the plan's assets as of December 31, 2013.

All investments as of December 31, 2013 and 2012 are participant-directed.

At December 31, 2013, the Plan has an interest in a fully benefit-responsive group annuity contract as part of the Invesco Stable Value Retirement Trust (the Invesco Trust) option established and maintained by Invesco National Trust Company (the Invesco Trustee), a national trust bank organized and existing under the laws of the United States. At December 31, 2012, the Plan had an interest in a fully benefit-responsive group annuity contract as part of the Vanguard Retirement Savings Trust (the Vanguard Trust) option issued by the Vanguard Fiduciary Trust Company (the Vanguard Trustee). The group trust contracts are to be reported at contract value and disclosure of adjustment from fair value is required, as stated on the Statements of Net Assets Available for Benefits.

The crediting rate of the contract resets every quarter based on the performance of the underlying investment portfolio. To the extent that the Invesco Trust and Vanguard Trust have unrealized gains and losses (that are accounted for, under contract value accounting, through the value of the synthetic contract), the interest crediting rate may differ from then-current market rates. An investor currently redeeming Invesco and Vanguard Trust units may forgo a benefit, or avoid a loss, related to a future crediting rate different from then-current market rates. Investments in

mutual funds and bond trusts are valued at the net asset value of each fund or trust determined as of the close of the New York Stock Exchange (generally 4 p.m., Eastern time) on the valuation date.

The average yield earned by the Invesco Trust for fully benefit-responsive investment contracts was 1.28 percent and the average yield earned and paid to plan participants by the Invesco Trust was 1.27 percent for the year ended December 31, 2013. The average yield earned by the Vanguard Trust for fully benefit-responsive investment contracts was 2.22 percent and the average yield earned and paid to plan participants by the Vanguard Trust was 1.82 percent for the year ended December 31, 2012.

DIEBOLD, INCORPORATED 401(k) SAVINGS PLAN FOR PUERTO RICO ASSOCIATES  
 NOTES TO FINANCIAL STATEMENTS (UNAUDITED)  
 DECEMBER 31, 2013 and 2012

Certain events limit the ability of the Plan to transact with the issuer at contract value. These events include, but are not limited to, partial or complete legal termination of the Trust or a unit holder, tax disqualification of the Trust or unit holder, and certain Trust amendments if issuers' consent is not obtained. As of December 31, 2013, the occurrence of an event outside the normal operation of the Trust that would cause a withdrawal from an investment contract is not considered to be probable.

In general, issuers may terminate the contract and settle at other than contract value if there is a change in the qualification status of participant, employer, or plan; a breach of material obligations under the contract and misrepresentation by the contract holder; or failure of the underlying portfolio to conform to the pre-established investment guidelines.

The Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value as follows:

	2013	2012
Balanced Funds	\$11,515	\$6,218
Bond Funds	8,499	4,477
Diebold Company Stock Fund	5,840	557
Stock Funds	26,926	13,190
Common Collective Trusts	290	—
	\$53,070	\$24,442

#### (4) Fair Value Measurements

The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Unadjusted quoted prices in active markets for similar assets or liabilities, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs, other than quoted prices in active markets, that are observable either directly or indirectly.

Level 3: Unobservable inputs for which there is little or no market data.

Investments measured at fair value on a recurring basis are as follows:

	Fair Value at December 31, 2013	Fair Value Measurements Using	
		Level 1	Level 2
Balanced Funds	\$94,790	\$94,790	\$—
Bond Funds	195,896	195,896	—
Diebold Company Stock Fund	92,680	92,680	—
Stock Funds	62,548	62,548	—
Common Collective Trusts	251,917	—	251,917
Total	\$697,831	\$445,914	\$251,917

DIEBOLD, INCORPORATED 401(k) SAVINGS PLAN FOR PUERTO RICO ASSOCIATES  
 NOTES TO FINANCIAL STATEMENTS (UNAUDITED)  
 DECEMBER 31, 2013 and 2012

	Fair Value at December 31, 2012	Fair Value Measurements Using	
		Level 1	Level 2
Balanced Funds	\$63,723	\$63,723	\$—
Bond Funds	76,298	76,298	—
Diebold Company Stock Fund	87,469	87,469	—
Stock Funds	118,367	118,367	—
Common Collective Trusts	254,682	—	254,682
Money Market Funds	56	—	56
Total	\$600,595	\$345,857	\$254,738

Assets valued using level 1 inputs in the table above represent assets from the Plan and are valued based on the number of shares in the funds using a closing price per share traded in an active market. Assets valued using level 2 inputs in the table above represent the Plan's investment in fully benefit-responsive investment contracts and money market funds. Investments in fully benefit-responsive investment contracts are valued at fair value by discounting the related cash flows based on current yields of similar investments with comparable durations. Investments in money market funds are valued at the NAV of shares held by the Plan.

During December 31, 2013 and 2012, there were not transfers between levels.

(5) Tax Status

The Department of the Treasury of Puerto Rico has determined and informed the employer by a letter dated March 17, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Puerto Rico Internal Revenue Code of 1994, as amended (Code). Although the Plan has been amended since receiving the letter, the Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

On January 1, 2011, Puerto Rico adopted a new tax code called the "Internal Revenue Code of a New Puerto Rico". This new Puerto Rico Code introduces numerous changes that affect employee benefits such as the Plan. The Company is working with Puerto Rico counsel to adopt all necessary provisions and file the Plan with the Puerto Rico Treasury Department (Hacienda) as required. An extension through mid July has been filed with the Hacienda for the determination status of the Plan.

(6) Plan Termination

Although it has not expressed any intent to do so, the Employer reserves the right at any time, by action of its Board of Directors, to terminate the Plan or discontinue contributions thereto.

(7) Party - In - Interest Transactions

The Diebold Company Stock Fund is designed primarily for investment in common stock of Diebold, Incorporated.

The previous trustee, Vanguard Fiduciary Trust Company, served as the fund manager for various funds held by the Plan during 2013 and 2012.

(8) Plan Amendment - Voluntary Early Retirement Program

On October 31, 2013, the Plan was amended for the purpose of implementing a Voluntary Early Retirement Program (VERP) for Plan associates who are also participants in the Diebold, Incorporated Retirement Plan for Salaried

Employee (the Pension Plan). The VERP allowed Pension Plan participants to voluntarily roll over their lump sum distribution from the Pension Plan into the 401(k) Plan. The amendment was effective October 1, 2013.

DIEBOLD, INCORPORATED 401(k) SAVINGS PLAN FOR PUERTO RICO ASSOCIATES  
NOTES TO FINANCIAL STATEMENTS (UNAUDITED)  
DECEMBER 31, 2013 and 2012

(9) Subsequent Events

Effective January 1, 2014, the Employer Basic Matching Contribution for employees hired before July 1, 2003 will increase to 60 percent of a participant's pre-tax contributions during each payroll period up to six percent of the participant's compensation in such payroll period. This change resulted from a freeze in benefits in the Retirement Plan for Salaried Employees and therefore, all participants will receive equal Employer Basic Matching beginning in 2014.

The Administrator has evaluated subsequent events through the date the Plan financial statements are issued. With the exception of the matching contributions noted above, there were no subsequent events that have occurred which would require adjustments to or disclosure in the Plan financial statements.
