- (1) Due to seasonal variations in the demand for energy, operating results for the nine months ended September 30, 2003 do not necessarily indicate operating results for the entire year.
 - (2) This ratio is computed as follows: (i) "Earnings" have been calculated by adding to "Earnings Before Income Taxes" "Interest expense, net of amounts capitalized," "Distributions on shares subject to mandatory redemption" and the debt portion of allowance for funds used during construction; and (ii) "Fixed Charges" consist of "Interest expense, net of amounts capitalized," "Distributions on shares subject to mandatory redemption" and the debt portion of allowance for funds used during construction.
 - (3) In computing this ratio, "Preferred Dividend Requirements" represent the before-tax earnings necessary to pay such dividends, computed at the effective tax rates for the applicable periods.
 - (4) Reflects: (i) the issuance in November 2003 of \$350,000,000 aggregate principal amount of Series Y 2.80% Senior Notes due December 1, 2006; (ii) the issuance in December 2003 of 625,000 shares of common stock to Southern at \$40.00 per share; (iii) the proposed issuance prior to the sale of the new Stock of 500,000 shares of common stock to Southern at \$40.00 per share

Edgar Filing: ALABAMA POWER CO - Form 424B5

and (iv) the issuance of the new Stock.

RECENT RESULTS OF OPERATIONS

For the year ended December 31, 2003, the unaudited amounts of "Operating Revenues," "Earnings Before Income Taxes" and "Net Income After Dividends on Preferred Stock" were \$3,968,165,000, \$781,455,000 and \$472,810,000, respectively. In the opinion of management of the Company, the above amounts for the year ended December 31, 2003 reflect all adjustments necessary to present fairly the results of operations for such period. The "Ratio of Earnings to Fixed Charges" and the "Ratio of Earnings to Fixed Charges Plus Preferred Dividend Requirements (Pre-Income Tax Basis)" for the year ended December 31, 2003 were 4.29 and 3.83, respectively.

USE OF PROCEEDS

The proceeds from the sale of the new Stock will be used by the Company to repay a portion of its outstanding short-term indebtedness, which aggregated approximately \$52,000,000 as of February 5, 2004, and for other general corporate purposes, including the Company's continuous construction program. The Company's current estimate of construction costs for 2004 is approximately \$791,000,000 and for 2005 is approximately \$863,000,000.

S-4

CERTAIN TERMS OF THE NEW STOCK

The following is a summary of the terms of the Class A Preferred Stock offered hereby (the "new Stock"). This summary is not complete and should be read together with the general terms and provisions of the new Stock in the accompanying Prospectus under the caption "Description of the New Stock." To the extent this summary is inconsistent with information in the accompanying Prospectus, this summary controls.

Dividends

The holders of new Stock will be entitled to receive, when, as and if declared by the Company's board of directors out of funds legally available, cumulative cash dividends at a rate per annum equal to 5.30%.

Dividends on the new Stock will be cumulative from the date on which the Company originally issues the new Stock and are payable on January 1, April 1, July 1 and October 1 of each year (each, a "Dividend Payment Date"), commencing April 1, 2004, or, if any such date is not a business day, on the next business day.

Redemption

The Company shall have the right to redeem the new Stock, in whole or in part, without premium, from time to time, on or after April 1, 2009, upon not less than 30 nor more than 60 days' notice, at a redemption price equal to \$25.00 per share plus accrued and unpaid dividends to the redemption date. For any shares of new Stock to be redeemed, dividends will cease to accrue and all rights of holders of such shares, except the right to receive the redemption price, will cease as of the redemption date.

No sinking fund will be provided for the purchase or redemption of the new Stock.

Transfer Agent, Registrar and Paying Agent

Edgar Filing: ALABAMA POWER CO - Form 424B5

The Bank of New York will be the transfer agent, registrar and paying agent for the new Stock.

Book-Entry Only Issuance -- The Depository Trust Company

The Depository Trust Company ("DTC") will act as the initial securities depository for the new Stock. The new Stock will be issued only as fully registered securities registered in the name of Cede & Co., DTC's nominee, or such other name as may be requested by an authorized representative of DTC. One or more fully registered global new Stock certificates will be issued, representing in the aggregate the total principal amount of the new Stock, and will be deposited with The Bank of New York on behalf of DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments from over 85 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain

S-5

a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The DTC rules applicable to its Direct and Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of new Stock under the DTC system must be made by or through Direct Participants, which will receive a credit for the new Stock on DTC's records. The ownership interest of each actual purchaser of new Stock ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchases, but Beneficial Owners are expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participants through which the Beneficial Owners purchased new Stock. Transfers of ownership interests in the new Stock are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in new Stock, except in the event that use of the book-entry system for the new Stock is discontinued.

To facilitate subsequent transfers, the new Stock deposited by Direct

Edgar Filing: ALABAMA POWER CO - Form 424B5

Participants with DTC is registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the new Stock with DTC and its registration in the name of Cede & Co. or such other DTC nominee do not effect any changes in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the new Stock. DTC's records reflect only the identity of the Direct Participants to whose accounts such new Stock is credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the shares of new Stock are being redeemed, DTC's practice is to determine by lot the number of shares of new Stock of each Direct Participant to be redeemed.

Although voting with respect to the new Stock is limited, in those cases where a vote is required, neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the new Stock. Under its usual procedures, DTC mails an Omnibus Proxy to the Company as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the new Stock are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments on the new Stock will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Company on the relevant payment date in accordance with their respective holdings shown on DTC's records. Payments by Direct or Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers registered in "street name," and will be the responsibility of such Direct or Indirect Participant and not of DTC or the Company, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Company, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Except as provided herein, a Beneficial Owner of the global new Stock will not be entitled to receive physical delivery of the new Stock. Accordingly, each Beneficial Owner must rely on the procedures of DTC to exercise any rights under the new Stock. The laws of some jurisdictions require that certain purchasers of

S-6

securities take physical delivery of securities in definitive form. Such laws may impair the ability to transfer beneficial interests in the global new Stock.

DTC may discontinue providing its services as securities depository with respect to the new Stock at any time by giving reasonable notice to the Company. Under such circumstances, in the event that a successor securities depository is not obtained, new Stock certificates will be printed and delivered to the holders of record. Additionally, the Company may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository) with

Edgar Filing: ALABAMA POWER CO - Form 424B5

respect to the new Stock. In that event, certificates for the new Stock will be printed and delivered to the holders of record.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Company believes to be reliable, but the Company takes no responsibility for the accuracy thereof. The Company has no responsibility for the performance by DTC or its Direct or Indirect Participants of their respective obligations as described herein or under the rules and procedures governing their respective operations.

S-7

UNDERWRITING

Subject to the terms and conditions of an underwriting agreement (the "Underwriting Agreement"), the Company has agreed to sell to Lehman Brothers Inc. (the "Underwriter") and the Underwriter has agreed to purchase from the Company the new Stock.

In the Underwriting Agreement, the Underwriter has agreed, subject to the terms and conditions set forth therein, to purchase all of the new Stock offered hereby if any of the new Stock is purchased.

The Underwriter proposes to offer the new Stock directly to the public at the initial public offering price set forth on the cover page of this Prospectus Supplement, and may offer the new Stock to certain securities dealers at such price less a concession not in excess of \$.35 per share of the new Stock. The Underwriter may allow, and such dealers may reallow, a concession not in excess of \$.15 per share of the new Stock to certain brokers and dealers. After the new Stock is released for sale to the public, the offering price and other selling terms may from time to time be varied by the Underwriter.

It is expected that delivery of the new Stock will be made against payment therefor on or about the seventh business day following the date hereof. Trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the new Stock before final settlement will be required, by virtue of the fact that the new Stock will settle in T+7, to specify an alternative settlement cycle at the time of any such trade to prevent a failed settlement.

Prior to this offering, there has been no public market for the new Stock. The Underwriter has advised the Company that it intends to make a market in the new Stock. The Underwriter will have no obligation to make a market in the new Stock, however, and may cease market making activities, if commenced, at any time.

The Company has agreed to indemnify the Underwriter against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

The Company's expenses associated with the offer and sale of the new Stock are estimated to be \$295,000. The Underwriter has agreed to reimburse the Company for certain expenses incurred in connection with the offer and sale of the new Stock.

The Company has agreed with the Underwriter, that during the period of 15 days from the date of the Underwriting Agreement, not to sell, offer to sell, grant any option for the sale of, or otherwise dispose of any preferred stock of the Company, any security convertible into, exchangeable into or exercisable for the preferred stock of the Company or any securities substantially similar to the new Stock (except for the new Stock issued pursuant to the Underwriting

Edgar Filing: ALABAMA POWER CO - Form 424B5

Agreement), without the prior written consent of the Underwriter.

In order to facilitate the offering of the new Stock, the Underwriter may engage in transactions that stabilize, maintain or otherwise affect the price of the new Stock. Specifically, the Underwriter may over-allot in connection with the offering, creating short positions in the new Stock for its own account. In addition, to cover over-allotments or to stabilize the price of the new Stock, the Underwriter may bid for, and purchase, new Stock in the open market. The Underwriter may reclaim selling concessions allowed to an underwriter or dealer for distributing new Stock in the offering, if the Underwriter repurchases previously distributed new Stock in transactions to cover short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the new Stock above independent market levels. The Underwriter is not required to engage in these activities, and may end any of these activities at any time.

In general, purchases of a security for the purpose of stabilization or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases. The imposition of a penalty bid might also have an effect on the price of a security to the extent that it were to discourage resales of the security.

Neither the Company nor the Underwriter makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the new Stock. In

S-8

addition, neither the Company nor the Underwriter makes any representation that the Underwriter will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice.

The Company will apply to list the new Stock on the New York Stock Exchange and expects, if the application is approved, trading to begin within 30 days after the initial delivery of the new Stock.

The Underwriter and its affiliates engage in transactions with, and, from time to time, have performed investment banking services for, the Company and its affiliates in the ordinary course of business and may do so in the future.

LEGAL OPINIONS

The validity of the new Stock and certain matters relating thereto will be passed upon on behalf of the Company by Balch & Bingham LLP, Birmingham, Alabama, and by Troutman Sanders LLP, Atlanta, Georgia. Certain legal matters will be passed upon for the Underwriter by Dewey Ballantine LLP, New York, New York.

The Company will own all the common securities (the "Common Securities" and, together with the Preferred Securities, the "Trust Securities"). The Trust Securities represent undivided beneficial interests in the assets of the respective Trusts. Each Trust exists for the exclusive purposes of (i) issuing its Trust Securities representing undivided beneficial interests in the assets of such Trust, (ii) investing the gross proceeds of its Trust Securities in a related series of Junior Subordinated Notes, and (iii) engaging in only those other activities necessary, appropriate, convenient or incidental to these purposes. DESCRIPTION OF THE NEW BONDS

Set forth below is a description of the general terms of the Company's new Bonds. The following description does not purport to be complete and is subject

Edgar Filing: ALABAMA POWER CO - Form 424B5

to, and is qualified by reference to, the Indenture, dated as of January 1, 1942, between the Company and JPMorgan Chase Bank (formerly known as The Chase Manhattan Bank (as successor to Chemical Bank and Trust Company)), as trustee (the "First Mortgage Bond Trustee"), as to be supplemented by a supplemental indenture (the "Supplemental Indenture") establishing the new Bonds of each series (the Indenture, as so supplemented, is referred to as the "First Mortgage Bond Indenture"), the forms of which are filed as exhibits to the Registration Statement of which this Prospectus forms a part. The terms of such new Bonds will include those stated in the First Mortgage Bond Indenture and those made a part of the First Mortgage Bond Indenture by reference to the 1939 Act. Certain capitalized terms used in this Prospectus are defined in the First Mortgage Bond Indenture.

The new Bonds will mature on the date shown in their title as set forth in the Prospectus Supplement.

The new Bonds in definitive form will be issued only as registered bonds without coupons in denominations of \$1,000 or authorized multiples of \$1,000 or in such other denominations as set forth in the Prospectus Supplement. New Bonds will be exchangeable for a like aggregate principal amount of new Bonds of other authorized denominations, and are transferable, at the principal corporate trust office of the First Mortgage Bond Trustee in New York City, or at such other office or agency of the Company as the Company may from time to time designate, without payment of any charge other than for any tax or taxes or other governmental charge.

Any proposed listing of the new Bonds on a securities exchange will be described in the Prospectus Supplement.

Except as otherwise may be indicated in the Prospectus Supplement, there are no provisions of the First Mortgage Bond Indenture which are specifically intended to afford holders of the new Bonds protection in the event of a highly leveraged transaction involving the Company.

Interest Rate Provisions: The Prospectus Supplement will set forth the interest rate provisions of the new Bonds, including payment dates, the record dates and the rate or rates, or the method of determining the rate or rates (which may involve periodic interest rate settings through remarketing or auction procedures or pursuant to one or more formulae, as described in the Prospectus Supplement).

Redemption Provisions: The redemption provisions applicable to the new Bonds will be described in the Prospectus Supplement.

Priority and Security: The new Bonds will rank equally as to security with the bonds of other series presently outstanding under the First Mortgage Bond Indenture, which is a direct first lien on substantially all of the Company's fixed property and franchises, used or useful in its public utility business, subject only to excepted encumbrances, as defined in the First Mortgage Bond Indenture (Section 1.02).

The First Mortgage Bond Indenture permits, within certain limitations specified in Section 7.05, the acquisition of property subject to prior liens. Under certain conditions specified in Section 7.14, additional indebtedness secured by such prior liens may be issued to the extent of 60% of the cost to the Company or the fair value at date of acquisition, whichever is less, of the net property additions made by the Company to the property subject to such prior lien.

Edgar Filing: ALABAMA POWER CO - Form 424B5

Replacement Requirement: By Section 4 of the Supplemental Indenture dated as of October 1, 1981, the Company is required to certify to the First Mortgage Bond Trustee unfunded net property additions or to deposit with the First Mortgage Bond Trustee cash or bonds in an amount equal to the amount by which annual expenditures for renewals and replacements are less than 2.25% of the average annual amount of depreciable mortgaged property or such revised percentage as shall be authorized or approved by the Commission, or any successor commission, under the 1935 Act. Any available replacement credit may be carried forward and deposited cash or bonds may be withdrawn, used or applied in accordance with the provisions of such Section 4.

Any limitation on the right of the Company to redeem new Bonds through the operation of the replacement provisions of the First Mortgage Bond Indenture will be described in the Prospectus Supplement.

The First Mortgage Bond Indenture (Section 7.16) provides for an examination of the mortgaged property by an independent engineer at least once every five years. The Company covenants to make good any maintenance deficiency shown by the certificate of such engineer and to record retirements as called for by the First Mortgage Bond Indenture.

Issuance of Additional Bonds: Additional bonds may be issued under the First Mortgage Bond Indenture (a) under Article IV to the extent of 60% of the cost or fair value at date of acquisition, whichever is less, of unfunded net property additions, as defined in the First Mortgage Bond Indenture (Sections 1.08 through 1.11, as amended), or (b) under Article V against the retirement of other bonds outstanding under the First Mortgage Bond Indenture, or (c) under Article VI against the deposit of cash equal to the principal amount of bonds to be issued. Such additional bonds, however, may be issued, except in certain cases when issued under Article V, only if, for a period of twelve consecutive calendar months within the fifteen preceding calendar months, the net earnings of the Company, as defined in the First Mortgage Bond Indenture (Section 1.03, as amended), shall have been at least twice the interest requirements for one year on all bonds outstanding, including the additional bonds applied for and all outstanding prior lien bonds and other indebtedness of the character described in the First Mortgage Bond Indenture. Such net earnings are computed, in effect, after making certain deductions including (i) all operating expenses other than income and excess profits taxes and (ii) the amount, if any, by which the aggregate charges to expense or income to provide for depreciation are less than 2.25% of the average amount of depreciable mortgaged property. Under this provision, no amount is included in interest requirements on account of \$32,600,000 principal amount of first mortgage bonds (out of a total of \$146,800,000 principal amount) issued and outstanding as of September 30, 2003, as collateral for certain obligations for which such bonds are pledged as security. No interest is payable on any such bonds unless and until default occurs on such obligations.

Cash deposited as the basis for the issuance of bonds may be applied to the retirement of bonds or be withdrawn against the deposit of bonds or be withdrawn to the extent of 60% of the cost or fair value, whichever is less, of unfunded net property additions (Article VI).

Release and Substitution of Property: The First Mortgage Bond Indenture (Article X) provides that, subject to various limitations, property may be released from the lien of the First Mortgage Bond Indenture when sold or exchanged, upon the basis of cash deposited with the First Mortgage Bond Trustee, bonds or purchase money obligations delivered to the First Mortgage Bond Trustee, prior lien bonds delivered to the First Mortgage Bond Trustee or reduced or assumed, property additions acquired in exchange for the property released or unfunded net property additions certified to the First Mortgage Bond Trustee.

Edgar Filing: ALABAMA POWER CO - Form 424B5

The First Mortgage Bond Indenture (Section 10.05) permits the cash proceeds of released property and other funds to be withdrawn either upon a showing that unfunded net property additions exist or against the deposit of bonds and also permits such proceeds and other funds to be applied to the retirement of bonds.

Restrictions on Common Stock Dividends: There are various restrictions on Common Stock dividends in the First Mortgage Bond Indenture (which are to remain in effect so long as certain series of bonds are outstanding). Any restrictions on dividends and distributions on Common Stock in the Supplemental Indenture will be set forth in the Prospectus Supplement.

7

Amendments to the First Mortgage Bond Indenture: By Section 6(g) of the Supplemental Indenture dated as of October 1, 1981, the First Mortgage Bond Indenture may be modified with the consent of the holders of not less than a majority in principal amount of the bonds at the time outstanding which would be affected by the action proposed to be taken. However, the bondholders shall have no power (i) to extend the fixed maturity of any bonds, or reduce the rate or extend the time of payment of interest on any bonds, or reduce the principal amount of any bonds, without the express consent of the holder of each bond which would be so affected, or (ii) to reduce the percentage of bonds as mentioned above, the holders of which are required to consent to any such modification, without the consent of the holders of all bonds outstanding, or (iii) to permit the creation by the Company of any mortgage or pledge or lien in the nature of any bonds, not otherwise permitted under the First Mortgage Bond Indenture, ranking prior to or equal with the lien of the First Mortgage Bond Indenture on any of the mortgaged and pledged property, or (iv) to deprive the holder of any bond outstanding under the First Mortgage Bond Indenture of the lien of the First Mortgage Bond Indenture on any of the mortgaged and pledged property. The First Mortgage Bond Trustee shall not be obligated to enter into a supplemental indenture which would affect its own rights, duties or immunities under the First Mortgage Bond Indenture or otherwise.

Regarding the First Mortgage Bond Trustee: JPMorgan Chase Bank, the First Mortgage Bond Trustee, also serves as Senior Note Indenture Trustee, as Subordinated Note Indenture Trustee, as Property Trustee and as Guarantee Trustee. The Company and certain of its affiliates maintain deposit accounts and banking relationships with JPMorgan Chase Bank. JPMorgan Chase Bank also serves as trustee under other indentures pursuant to which securities of the Company and affiliates of the Company are outstanding.

Enforcement Provisions: The First Mortgage Bond Indenture (Section 11.05) provides that, upon the occurrence of certain events of default, the First Mortgage Bond Trustee or the holders of not less than 20% in principal amount of outstanding bonds may declare the principal of all outstanding bonds immediately due and payable, but that, upon the curing of any such default, the holders of a majority in principal amount of outstanding bonds may waive such default and its consequences.

The holders of a majority in principal amount of outstanding bonds may direct the time, method and place of conducting any proceeding for the enforcement of the First Mortgage Bond Indenture (Sections 11.01 and 11.12). No holder of any bond has any right to institute any proceedings to enforce the First Mortgage Bond Indenture or any remedy under the First Mortgage Bond Indenture, unless such holder shall previously have given to the First Mortgage Bond Trustee written notice of a default, and unless such holder or holders shall have tendered to the First Mortgage Bond Trustee indemnity against costs, expenses and liabilities, and unless the holders of not less than 20% in principal amount of outstanding bonds shall have tendered such indemnity and requested the First Mortgage Bond Trustee to take action and the First Mortgage

Edgar Filing: ALABAMA POWER CO - Form 424B5

Bond Trustee shall have failed to take action within 60 days (Section 11.14).

Defaults: By Section 11.01 of the First Mortgage Bond Indenture, the following events are defined as "defaults": failure to pay principal; failure for 60 days to pay interest; failure for 90 days to pay any sinking or other purchase fund installment; certain events in bankruptcy, insolvency or reorganization; and failure for 90 days after notice to perform other covenants. By Section 9.03 of the First Mortgage Bond Indenture, a failure by the Company to deposit or direct the application of money for the redemption of bonds called for redemption also constitutes a default.

Evidence as to Compliance with Conditions and Covenants: The First Mortgage Bond Indenture requires the Company to furnish to the First Mortgage Bond Trustee, among other things, a certificate of officers and an opinion of counsel as evidence of compliance with conditions precedent provided for in the First Mortgage Bond Indenture; a certificate of an engineer (who, in certain instances, must be an independent engineer) with respect to the fair value of property certified or released; and a certificate of an accountant (who, in certain instances, must be an independent public accountant) as to compliance with the earnings and replacement requirements. Various certificates and other documents are required to be filed periodically or upon the happening of certain events; however, no general periodic evidence is required by the First Mortgage Bond Indenture to be furnished as to the absence of default or as to compliance with the terms of the First Mortgage Bond Indenture in general.

DESCRIPTION OF THE NEW BONDS

Set forth below is a description of the general terms of the Company's new Bonds. The following description does not purport to be complete and is subject to, and is qualified by reference to, the Indenture, dated as of January 1, 1942, between the Company and JPMorgan Chase Bank (formerly known as The Chase Manhattan Bank (as successor to Chemical Bank and Trust Company)), as trustee (the "First Mortgage Bond Trustee"), as to be supplemented by a supplemental indenture (the "Supplemental Indenture") establishing the new Bonds of each series (the Indenture, as so supplemented, is referred to as the "First Mortgage Bond Indenture"), the forms of which are filed as exhibits to the Registration Statement of which this Prospectus forms a part. The terms of such new Bonds will include those stated in the First Mortgage Bond Indenture and those made a

Edgar Filing: ALABAMA POWER CO - Form 424B5

part of the First Mortgage Bond Indenture by reference to the 1939 Act. Certain capitalized terms used in this Prospectus are defined in the First Mortgage Bond Indenture.

The new Bonds will mature on the date shown in their title as set forth in the Prospectus Supplement.

The new Bonds in definitive form will be issued only as registered bonds without coupons in denominations of \$1,000 or authorized multiples of \$1,000 or in such other denominations as set forth in the Prospectus Supplement. New Bonds will be exchangeable for a like aggregate principal amount of new Bonds of other authorized denominations, and are transferable, at the principal corporate trust office of the First Mortgage Bond Trustee in New York City, or at such other office or agency of the Company as the Company may from time to time designate, without payment of any charge other than for any tax or taxes or other governmental charge.

Any proposed listing of the new Bonds on a securities exchange will be described in the Prospectus Supplement.

Except as otherwise may be indicated in the Prospectus Supplement, there are no provisions of the First Mortgage Bond Indenture which are specifically intended to afford holders of the new Bonds protection in the event of a highly leveraged transaction involving the Company.

Interest Rate Provisions: The Prospectus Supplement will set forth the interest rate provisions of the new Bonds, including payment dates, the record dates and the rate or rates, or the method of determining the rate or rates (which may involve periodic interest rate settings through remarketing or auction procedures or pursuant to one or more formulae, as described in the Prospectus Supplement).

Redemption Provisions: The redemption provisions applicable to the new Bonds will be described in the Prospectus Supplement.

Priority and Security: The new Bonds will rank equally as to security with the bonds of other series presently outstanding under the First Mortgage Bond Indenture, which is a direct first lien on substantially all of the Company's fixed property and franchises, used or useful in its public utility business, subject only to excepted encumbrances, as defined in the First Mortgage Bond Indenture (Section 1.02).

The First Mortgage Bond Indenture permits, within certain limitations specified in Section 7.05, the acquisition of property subject to prior liens. Under certain conditions specified in Section 7.14, additional indebtedness secured by such prior liens may be issued to the extent of 60% of the cost to the Company or the fair value at date of acquisition, whichever is less, of the net property additions made by the Company to the property subject to such prior lien.

Replacement Requirement: By Section 4 of the Supplemental Indenture dated as of October 1, 1981, the Company is required to certify to the First Mortgage Bond Trustee unfunded net property additions or to deposit with the First Mortgage Bond Trustee cash or bonds in an amount equal to the amount by which annual expenditures for renewals and replacements are less than 2.25% of the average annual amount of depreciable mortgaged property or such revised percentage as shall be authorized or approved by the Commission, or any successor commission, under the 1935 Act. Any available replacement credit may be carried forward and deposited cash or bonds may be withdrawn, used or applied

Edgar Filing: ALABAMA POWER CO - Form 424B5

in accordance with the provisions of such Section 4.

Any limitation on the right of the Company to redeem new Bonds through the operation of the replacement provisions of the First Mortgage Bond Indenture will be described in the Prospectus Supplement.

The First Mortgage Bond Indenture (Section 7.16) provides for an examination of the mortgaged property by an independent engineer at least once every five years. The Company covenants to make good any maintenance deficiency shown by the certificate of such engineer and to record retirements as called for by the First Mortgage Bond Indenture.

Issuance of Additional Bonds: Additional bonds may be issued under the First Mortgage Bond Indenture (a) under Article IV to the extent of 60% of the cost or fair value at date of acquisition, whichever is less, of unfunded net property additions, as defined in the First Mortgage Bond Indenture (Sections 1.08 through 1.11, as amended), or (b) under Article V against the retirement of other bonds outstanding under the First Mortgage Bond Indenture, or (c) under Article VI against the deposit of cash equal to the principal amount of bonds to be issued. Such additional bonds, however, may be issued, except in certain cases when issued under Article V, only if, for a period of twelve consecutive calendar months within the fifteen preceding calendar months, the net earnings of the Company, as defined in the First Mortgage Bond Indenture (Section 1.03, as amended), shall have been at least twice the interest requirements for one year on all bonds outstanding, including the additional bonds applied for and all outstanding prior lien bonds and other indebtedness of the character described in the First Mortgage Bond Indenture. Such net earnings are computed, in effect, after making certain deductions including (i) all operating expenses other than income and excess profits taxes and (ii) the amount, if any, by which the aggregate charges to expense or income to provide for depreciation are less than 2.25% of the average amount of depreciable mortgaged property. Under this provision, no amount is included in interest requirements on account of \$32,600,000 principal amount of first mortgage bonds (out of a total of \$146,800,000 principal amount) issued and outstanding as of September 30, 2003, as collateral for certain obligations for which such bonds are pledged as security. No interest is payable on any such bonds unless and until default occurs on such obligations.

Cash deposited as the basis for the issuance of bonds may be applied to the retirement of bonds or be withdrawn against the deposit of bonds or be withdrawn to the extent of 60% of the cost or fair value, whichever is less, of unfunded net property additions (Article VI).

Release and Substitution of Property: The First Mortgage Bond Indenture (Article X) provides that, subject to various limitations, property may be released from the lien of the First Mortgage Bond Indenture when sold or exchanged, upon the basis of cash deposited with the First Mortgage Bond Trustee, bonds or purchase money obligations delivered to the First Mortgage Bond Trustee, prior lien bonds delivered to the First Mortgage Bond Trustee or reduced or assumed, property additions acquired in exchange for the property released or unfunded net property additions certified to the First Mortgage Bond Trustee.

The First Mortgage Bond Indenture (Section 10.05) permits the cash proceeds of released property and other funds to be withdrawn either upon a showing that unfunded net property additions exist or against the deposit of bonds and also permits such proceeds and other funds to be applied to the retirement of bonds.

Restrictions on Common Stock Dividends: There are various restrictions on Common Stock dividends in the First Mortgage Bond Indenture (which are to remain in effect so long as certain series of bonds are outstanding). Any restrictions on dividends and distributions on Common Stock in the Supplemental Indenture

Edgar Filing: ALABAMA POWER CO - Form 424B5

will be set forth in the Prospectus Supplement.

7

Amendments to the First Mortgage Bond Indenture: By Section 6(g) of the Supplemental Indenture dated as of October 1, 1981, the First Mortgage Bond Indenture may be modified with the consent of the holders of not less than a majority in principal amount of the bonds at the time outstanding which would be affected by the action proposed to be taken. However, the bondholders shall have no power (i) to extend the fixed maturity of any bonds, or reduce the rate or extend the time of payment of interest on any bonds, or reduce the principal amount of any bonds, without the express consent of the holder of each bond which would be so affected, or (ii) to reduce the percentage of bonds as mentioned above, the holders of which are required to consent to any such modification, without the consent of the holders of all bonds outstanding, or (iii) to permit the creation by the Company of any mortgage or pledge or lien in the nature of any bonds, not otherwise permitted under the First Mortgage Bond Indenture, ranking prior to or equal with the lien of the First Mortgage Bond Indenture on any of the mortgaged and pledged property, or (iv) to deprive the holder of any bond outstanding under the First Mortgage Bond Indenture of the lien of the First Mortgage Bond Indenture on any of the mortgaged and pledged property. The First Mortgage Bond Trustee shall not be obligated to enter into a supplemental indenture which would affect its own rights, duties or immunities under the First Mortgage Bond Indenture or otherwise.

Regarding the First Mortgage Bond Trustee: JPMorgan Chase Bank, the First Mortgage Bond Trustee, also serves as Senior Note Indenture Trustee, as Subordinated Note Indenture Trustee, as Property Trustee and as Guarantee Trustee. The Company and certain of its affiliates maintain deposit accounts and banking relationships with JPMorgan Chase Bank. JPMorgan Chase Bank also serves as trustee under other indentures pursuant to which securities of the Company and affiliates of the Company are outstanding.

Enforcement Provisions: The First Mortgage Bond Indenture (Section 11.05) provides that, upon the occurrence of certain events of default, the First Mortgage Bond Trustee or the holders of not less than 20% in principal amount of outstanding bonds may declare the principal of all outstanding bonds immediately due and payable, but that, upon the curing of any such default, the holders of a majority in principal amount of outstanding bonds may waive such default and its consequences.

The holders of a majority in principal amount of outstanding bonds may direct the time, method and place of conducting any proceeding for the enforcement of the First Mortgage Bond Indenture (Sections 11.01 and 11.12). No holder of any bond has any right to institute any proceedings to enforce the First Mortgage Bond Indenture or any remedy under the First Mortgage Bond Indenture, unless such holder shall previously have given to the First Mortgage Bond Trustee written notice of a default, and unless such holder or holders shall have tendered to the First Mortgage Bond Trustee indemnity against costs, expenses and liabilities, and unless the holders of not less than 20% in principal amount of outstanding bonds shall have tendered such indemnity and requested the First Mortgage Bond Trustee to take action and the First Mortgage Bond Trustee shall have failed to take action within 60 days (Section 11.14).

Defaults: By Section 11.01 of the First Mortgage Bond Indenture, the following events are defined as "defaults": failure to pay principal; failure for 60 days to pay interest; failure for 90 days to pay any sinking or other purchase fund installment; certain events in bankruptcy, insolvency or reorganization; and failure for 90 days after notice to perform other covenants. By Section 9.03 of the First Mortgage Bond Indenture, a failure by the Company to deposit or direct the application of money for the redemption of bonds called

Edgar Filing: ALABAMA POWER CO - Form 424B5

for redemption also constitutes a default.

Evidence as to Compliance with Conditions and Covenants: The First Mortgage Bond Indenture requires the Company to furnish to the First Mortgage Bond Trustee, among other things, a certificate of officers and an opinion of counsel as evidence of compliance with conditions precedent provided for in the First Mortgage Bond Indenture; a certificate of an engineer (who, in certain instances, must be an independent engineer) with respect to the fair value of property certified or released; and a certificate of an accountant (who, in certain instances, must be an independent public accountant) as to compliance with the earnings and replacement requirements. Various certificates and other documents are required to be filed periodically or upon the happening of certain events; however, no general periodic evidence is required by the First Mortgage Bond Indenture to be furnished as to the absence of default or as to compliance with the terms of the First Mortgage Bond Indenture in general.

DESCRIPTION OF THE NEW STOCK

Set forth below is a description of the general terms of the new Stock. The statements in this Prospectus concerning the new Stock are an outline and do not purport to be complete. Such statements make use of defined terms and are qualified in their entirety by express reference to the cited provisions of the charter of the Company, as amended (the "charter"), a copy of which is filed as an exhibit to the Registration Statement of which this Prospectus forms a part. The general provisions which apply to the preferred stock of the Company of all classes, which are now or may at a later time be authorized or created, are set forth in the charter.

General: The new Stock is to be established by resolutions of the Board of Directors of the Company (the "Resolutions"), a copy of which is an exhibit to the Registration Statement (or incorporated by reference). The Resolutions shall include a provision fixing the stated capital of the new Stock.

At September 30, 2003, there were outstanding 8,000,000 shares of Class A Preferred Stock with a stated capital of \$25 per share and 1,250 shares of Flexible Money Market Class A Preferred Stock with a stated capital of \$100,000 per share. Additionally, at September 30, 2003, the Company had outstanding 475,115 shares of Preferred Stock which have a par value of \$100 per share. The Class A Preferred Stock ranks on a parity as to dividends and assets with the outstanding Preferred Stock and has the same rights and preferences as the outstanding Preferred Stock. On all matters submitted to a vote of the holders of the Preferred Stock and the Class A Preferred Stock (other than a change in the rights and preferences of only one, but not the other, such kind of stock), both kinds of stock vote together as a single class, and each share of Preferred Stock and Class A Preferred Stock shall have the relative voting rights described in "Voting Rights" in this Prospectus.

The new Stock will not be subject to further calls or to assessment by the Company.

Any proposed listing of the new Stock on a securities exchange will be described in the Prospectus Supplement.

Transfer Agent and Registrar: Unless otherwise indicated in the applicable Prospectus Supplement, the new Stock will be transferable at the office of Southern Company Services, Inc., 270 Peachtree Street, N.W., Atlanta, Georgia 30303, which will also serve as the Registrar.

Dividend Rights: The holders of the Preferred Stock and Class A Preferred

Edgar Filing: ALABAMA POWER CO - Form 424B5

Stock of each class are entitled to receive cumulative dividends, payable when and as declared by the Board of Directors, at the rates determined for the respective classes, before any dividends may be declared or paid on the Common Stock. Dividends on the Preferred Stock and Class A Preferred Stock must have been or be contemporaneously declared and set apart for payment, or paid, on the Preferred Stock and Class A Preferred Stock of all classes for all dividend periods terminating on the same or an earlier date (Charter -- A. Preferred Stock -- 2. General Provisions -- a and b).

The Prospectus Supplement will set forth the dividend rate provisions of the new Stock, including the payment dates and the rate or rates, or the method of determining the rate or rates (which may involve periodic dividend rate settings through remarketing or auction procedures or pursuant to one or more formulae, as described in the Prospectus Supplement). Dividends payable on the new Stock will be cumulative from the date of original issue.

Redemption Provisions: The redemption provisions applicable to the new Stock will be described in the Prospectus Supplement.

The charter provides that the Company shall not redeem, purchase or otherwise acquire any shares of Preferred Stock or Class A Preferred Stock if, at the time of such redemption, purchase or other acquisition, dividends payable on the Preferred Stock or Class A Preferred Stock of any class shall be in default in whole or in part unless, prior to or concurrently with such redemption, purchase or other acquisition, all such defaults shall be cured or unless such action has been ordered, approved or permitted under the 1935 Act by the Commission or any successor commission or regulatory authority of the United States of America (Charter -- A. Preferred Stock -- 2. General Provisions -- d).

9

Voting Rights: At the election of directors at each annual meeting of the shareholders, the holders of the Preferred Stock and Class A Preferred Stock shall have full voting rights with the holders of the Common Stock, all voting together as a single class. Each share of Preferred Stock and Class A Preferred Stock with a stated capital of \$100 will have two-fifths vote, each share of Preferred Stock and Class A Preferred Stock with a stated capital of \$25 will have one-tenth vote, each share of Preferred Stock and Class A Preferred Stock with a stated capital of \$100,000 will have 400 votes and each share of Common Stock will have one vote. On all other matters, except as otherwise provided by law or in the charter, the right to vote is vested in the holders of the Common Stock; provided, however, that, if and so long as four quarterly dividends payable on the Preferred Stock or Class A Preferred Stock of any class shall be in default, the holders of the Preferred Stock and Class A Preferred Stock of all classes shall have the exclusive right, voting separately and as a single class, to elect the smallest number of directors which shall constitute a majority of the then authorized number of directors and, on all other matters, the right to vote together with the holders of the Common Stock. In each instance in which the holders of the Preferred Stock and the Class A Preferred Stock are entitled to vote separately and as a single class or to vote together with the holders of the Common Stock, the relative voting power of the various classes of stock shall be computed as provided below. Stockholders are entitled to cumulative voting at elections of directors (Charter -- C. Voting Powers).

The affirmative vote of at least two-thirds of the total voting power of the outstanding shares of Preferred Stock and Class A Preferred Stock will be required for

(a) the authorization or creation of any kind of stock preferred as to dividends or assets over the Preferred Stock or Class A Preferred Stock or the issue (such issuance to be within twelve months after such vote) of any shares of any kind of stock preferred as to dividends or assets over the

Edgar Filing: ALABAMA POWER CO - Form 424B5

Preferred Stock or Class A Preferred Stock or any security convertible into such kind of stock or a change in any of the rights and preferences of the then outstanding Preferred Stock or Class A Preferred Stock in any manner so as to affect adversely the holders thereof; provided, however, that, if any such change would adversely affect the holders of only one, but not the other, such kind of stock, only the vote of the holders of at least two-thirds of the total voting power of the outstanding shares of the kind so affected will be required; or

(b) the issue, sale or other disposition of any shares of Preferred Stock if the total number of shares to be outstanding would exceed 300,000, or the issue, sale or other disposition of any shares of Class A Preferred Stock, or the issue, sale or other disposition of any senior or equally ranking stock, or the reissue, sale or other disposition of any shares of Preferred Stock or Class A Preferred Stock or senior or equally ranking stock which have been redeemed, purchased or otherwise acquired by the Company, unless, in any such case, (i) net income available for dividends for a period of twelve consecutive calendar months within the 15 preceding calendar months is at least equal to two times the annual dividend requirements on all outstanding shares of Preferred Stock and Class A Preferred Stock and on senior or equally ranking stock to be outstanding; (ii) gross income available for interest for a period of twelve consecutive calendar months within the 15 preceding calendar months is at least equal to one and one-half times the aggregate of annual interest requirements and annual dividend requirements on all outstanding shares of Preferred Stock and Class A Preferred Stock and on senior or equally ranking stock to be outstanding; and (iii) the aggregate of common stock capital and surplus is not less than the aggregate amount payable upon involuntary liquidation on all shares of Preferred Stock and Class A Preferred Stock and on senior or equally ranking stock to be outstanding (Charter -- A. Preferred Stock -- 2. General Provisions -- e.).

The charter provides that relative voting power of each share of Preferred Stock and Class A Preferred Stock shall be in the same proportion to all the outstanding shares of Preferred Stock and Class A Preferred Stock as the ratio of (i) the stated capital of such share to (ii) the aggregate stated capital of all then outstanding shares of Preferred Stock and Class A Preferred Stock. Thus, a share of Class A Preferred Stock having a stated capital of \$25 per share will have one-fourth the voting power of a share of Preferred Stock or Class A Preferred Stock having a stated capital of \$100 per share. In voting by holders of Preferred Stock and Class A Preferred Stock together with the holders of the Common Stock, each share of Common Stock will have one vote, each share of Preferred Stock will have one vote and each share of Class A Preferred Stock

10

having a stated capital of other than \$100 per share will have that number of votes which is proportionate to such one vote as determined above in this paragraph (Charter -- C. Voting Powers).

Liquidation Rights: Upon voluntary or involuntary liquidation, the holders of the Preferred Stock and Class A Preferred Stock of each class, without preference between classes, will be entitled to receive the amounts specified to be payable on the shares of such class (which, in the case of the new Stock, is an amount equal to the stated capital per share on involuntary liquidation, or an amount equal to the then current regular redemption price per share on voluntary liquidation, plus accrued dividends in each case) before any distribution of assets may be made to the holders of the Common Stock. Available assets, if insufficient to pay such amounts to the holders of the Preferred Stock and Class A Preferred Stock, are to be distributed pro rata to the payment, first, of the amount per share payable in the event of involuntary

Edgar Filing: ALABAMA POWER CO - Form 424B5

liquidation, second, of accrued dividends, and third, of any premium (Charter -- A. Preferred Stock -- 2. General Provisions -- c.).

Sinking Fund: The terms and conditions of a sinking fund or purchase fund, if any, for the benefit of the holders of the new Stock will be set forth in the Prospectus Supplement.

Other Rights: The holders of the new Stock do not have any preemptive or conversion rights unless otherwise indicated in the Prospectus Supplement.

DESCRIPTION OF THE SENIOR NOTES

Set forth below is a description of the general terms of the Senior Notes. The following description does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the Senior Note Indenture, dated as of December 1, 1997, between the Company and JPMorgan Chase Bank (formerly known as The Chase Manhattan Bank), as trustee (the "Senior Note Indenture Trustee"), as to be supplemented by a supplemental indenture establishing the Senior Notes of each series (the Senior Note Indenture, as supplemented, is referred to as the "Senior Note Indenture"), the forms of which are filed as exhibits to the Registration Statement of which this Prospectus forms a part. The terms of the Senior Notes will include those stated in the Senior Note Indenture and those made a part of the Senior Note Indenture by reference to the 1939 Act. Certain capitalized terms used in this Prospectus are defined in the Senior Note Indenture.

GENERAL

The Senior Notes will be issued as unsecured senior debt securities under the Senior Note Indenture and will rank equally with all other unsecured and unsubordinated debt of the Company. The Senior Notes will be effectively subordinated to all secured debt of the Company, including its first mortgage bonds, aggregating approximately \$302,000,000 outstanding at September 30, 2003. The Senior Note Indenture does not limit the aggregate principal amount of Senior Notes that may be issued under the Senior Note Indenture and provides that Senior Notes may be issued from time to time in one or more series pursuant to an indenture supplemental to the Senior Note Indenture. The Senior Note Indenture gives the Company the ability to reopen a previous issue of Senior Notes and issue additional Senior Notes of such series, unless otherwise provided.

Reference is made to the Prospectus Supplement that will accompany this Prospectus for the following terms of the series of Senior Notes being offered by such Prospectus Supplement: (i) the title of such Senior Notes; (ii) any limit on the aggregate principal amount of such Senior Notes; (iii) the date or dates on which the principal of such Senior Notes is payable; (iv) the rate or rates at which such Senior Notes shall bear interest, if any, or any method by which such rate or rates will be determined, the date or dates from which such interest will accrue, the interest payment dates on which such interest shall be payable, and the regular record date for the interest payable on any interest payment date; (v) the place or places where the principal of (and premium, if any) and interest, if any, on such Senior Notes shall be payable; (vi) the period or periods within which, the price or prices at which and the terms and conditions on which such Senior Notes may be redeemed, in whole or in part, at the option of the Company or at the option of the holder prior to their maturity; (vii) the obligation, if any, of the Company to redeem or purchase such Senior Notes; (viii) the denominations in which such Senior Notes shall be issuable; (ix) if other than the principal amount of such

Edgar Filing: ALABAMA POWER CO - Form 424B5

Senior Notes, the portion of the principal amount of such Senior Notes which shall be payable upon declaration of acceleration of the maturity of such Senior Notes; (x) any deletions from, modifications of or additions to the Events of Default or covenants of the Company as provided in the Senior Note Indenture pertaining to such Senior Notes; (xi) whether such Senior Notes shall be issued in whole or in part in the form of a Global Security; and (xii) any other terms of such Senior Notes.

The Senior Note Indenture does not contain provisions that afford holders of Senior Notes protection in the event of a highly leveraged transaction involving the Company.

EVENTS OF DEFAULT

The Senior Note Indenture provides that any one or more of the following described events with respect to the Senior Notes of any series, which has occurred and is continuing, constitutes an "Event of Default" with respect to the Senior Notes of such series:

(a) failure for 10 days to pay interest on the Senior Notes of such series, when due on an interest payment date other than at maturity or upon earlier redemption; or

(b) failure to pay principal or premium, if any, or interest on the Senior Notes of such series when due at maturity or upon earlier redemption; or

(c) failure for three Business Days to deposit any sinking fund payment when due by the terms of a Senior Note of such series; or

(d) failure to observe or perform any other covenant or warranty of the Company in the Senior Note Indenture (other than a covenant or warranty which has expressly been included in the Senior Note Indenture solely for the benefit of one or more series of Senior Notes other than such series) for 90 days after written notice to the Company from the Senior Note Indenture Trustee or the holders of at least 25% in principal amount of the outstanding Senior Notes of such series; or

(e) certain events of bankruptcy, insolvency or reorganization of the Company.

The holders of not less than a majority in aggregate outstanding principal amount of the Senior Notes of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Senior Note Indenture Trustee with respect to the Senior Notes of such series. If a Senior Note Indenture Event of Default occurs and is continuing with respect to the Senior Notes of any series, then the Senior Note Indenture Trustee or the holders of not less than 25% in aggregate outstanding principal amount of the Senior Notes of such series may declare the principal amount of the Senior Notes due and payable immediately by notice in writing to the Company (and to the Senior Note Indenture Trustee if given by the holders), and upon any such declaration such principal amount shall become immediately due and payable. At any time after such a declaration of acceleration with respect to the Senior Notes of any series has been made and before a judgment or decree for payment of the money due has been obtained as provided in Article Five of the Senior Note Indenture, the holders of not less than a majority in aggregate outstanding principal amount of the Senior Notes of such series may rescind and annul such declaration and its consequences if the default has been cured or waived and the Company has paid or deposited with the Senior Note Indenture Trustee a sum sufficient to pay all matured installments of interest and principal due otherwise than by acceleration and all sums paid or advanced by the Senior Note Indenture Trustee, including reasonable compensation and expenses of the Senior

Edgar Filing: ALABAMA POWER CO - Form 424B5

Note Indenture Trustee.

The holders of not less than a majority in aggregate outstanding principal amount of the Senior Notes of any series may, on behalf of the holders of all the Senior Notes of such series, waive any past default with respect to such series, except (i) a default in the payment of principal or interest or (ii) a default in respect of a covenant or provision which under Article Nine of the Senior Note Indenture cannot be modified or amended without the consent of the holder of each outstanding Senior Note of such series affected.

12

REGISTRATION AND TRANSFER

The Company shall not be required to (i) issue, register the transfer of or exchange Senior Notes of any series during a period of 15 days immediately preceding the date notice is given identifying the Senior Notes of such series called for redemption, or (ii) issue, register the transfer of or exchange any Senior Notes so selected for redemption, in whole or in part, except the unredeemed portion of any Senior Note being redeemed in part.

PAYMENT AND PAYING AGENT

Unless otherwise indicated in an applicable Prospectus Supplement, payment of principal of any Senior Notes will be made only against surrender to the Paying Agent of such Senior Notes. Principal of and interest on Senior Notes will be payable, subject to any applicable laws and regulations, at the office of such Paying Agent or Paying Agents as the Company may designate from time to time, except that, at the option of the Company, payment of any interest may be made by wire transfer or by check mailed to the address of the person entitled to an interest payment as such address shall appear in the Security Register with respect to the Senior Notes. Payment of interest on Senior Notes on any interest payment date will be made to the person in whose name the Senior Notes (or predecessor security) are registered at the close of business on the record date for such interest payment.

Unless otherwise indicated in an applicable Prospectus Supplement, the Senior Note Indenture Trustee will act as Paying Agent with respect to the Senior Notes. The Company may at any time designate additional Paying Agents or rescind the designation of any Paying Agents or approve a change in the office through which any Paying Agent acts.

All moneys paid by the Company to a Paying Agent for the payment of the principal of or interest on the Senior Notes of any series which remain unclaimed at the end of two years after such principal or interest shall have become due and payable will be repaid to the Company, and the holder of such Senior Notes from that time forward will look only to the Company for payment of such principal and interest.

MODIFICATION

The Senior Note Indenture contains provisions permitting the Company and the Senior Note Indenture Trustee, with the consent of the holders of not less than a majority in principal amount of the outstanding Senior Notes of each series that is affected, to modify the Senior Note Indenture or the rights of the holders of the Senior Notes of such series; provided, that no such modification may, without the consent of the holder of each outstanding Senior Note that is affected, (i) change the stated maturity of the principal of, or any installment of principal of or interest on, any Senior Note, or reduce the principal amount of any Senior Note or the rate of interest on any Senior Note or any premium payable upon the redemption of any Senior Note, or change the

Edgar Filing: ALABAMA POWER CO - Form 424B5

method of calculating the rate of interest on any Senior Note, or impair the right to institute suit for the enforcement of any such payment on or after the stated maturity of any Senior Note (or, in the case of redemption, on or after the redemption date), or (ii) reduce the percentage of principal amount of the outstanding Senior Notes of any series, the consent of whose holders is required for any such supplemental indenture, or the consent of whose holders is required for any waiver (of compliance with certain provisions of the Senior Note Indenture or certain defaults under the Senior Note Indenture and their consequences) provided for in the Senior Note Indenture, or (iii) modify any of the provisions of the Senior Note Indenture relating to supplemental indentures, waiver of past defaults, or waiver of certain covenants, except to increase any such percentage or to provide that certain other provisions of the Senior Note Indenture cannot be modified or waived without the consent of the holder of each outstanding Senior Note that is affected.

In addition, the Company and the Senior Note Indenture Trustee may execute, without the consent of any holders of Senior Notes, any supplemental indenture for certain other usual purposes, including the creation of any new series of senior notes.

13

CONSOLIDATION, MERGER AND SALE

The Company shall not consolidate with or merge into any other corporation or convey, transfer or lease its properties and assets substantially as an entirety to any person, unless (1) such other corporation or person is a corporation organized and existing under the laws of the United States, any state in the United States or the District of Columbia and such other corporation or person expressly assumes, by supplemental indenture executed and delivered to the Senior Note Indenture Trustee, the payment of the principal of (and premium, if any) and interest on all the Senior Notes and the performance of every covenant of the Senior Note Indenture on the part of the Company to be performed or observed; (2) immediately after giving effect to such transactions, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have happened and be continuing; and (3) the Company has delivered to the Senior Note Indenture Trustee an officers' certificate and an opinion of counsel, each stating that such transaction complies with the provisions of the Senior Note Indenture governing consolidation, merger, conveyance, transfer or lease and that all conditions precedent to the transaction have been complied with.

INFORMATION CONCERNING THE SENIOR NOTE INDENTURE TRUSTEE

The Senior Note Indenture Trustee, prior to an Event of Default with respect to Senior Notes of any series, undertakes to perform, with respect to Senior Notes of such series, only such duties as are specifically set forth in the Senior Note Indenture and, in case an Event of Default with respect to Senior Notes of any series has occurred and is continuing, shall exercise, with respect to Senior Notes of such series, the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provision, the Senior Note Indenture Trustee is under no obligation to exercise any of the powers vested in it by the Senior Note Indenture at the request of any holder of Senior Notes of any series, unless offered reasonable indemnity by such holder against the costs, expenses and liabilities which might be incurred by the Senior Note Indenture Trustee. The Senior Note Indenture Trustee is not required to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties if the Senior Note Indenture Trustee reasonably believes that repayment or adequate indemnity is not reasonably assured to it.

Edgar Filing: ALABAMA POWER CO - Form 424B5

JPMorgan Chase Bank (formerly known as The Chase Manhattan Bank), the Senior Note Indenture Trustee, also serves as First Mortgage Bond Trustee, as Subordinated Note Indenture Trustee, as Property Trustee and as Guarantee Trustee. The Company and certain of its affiliates maintain deposit accounts and banking relationships with JPMorgan Chase Bank. JPMorgan Chase Bank also serves as trustee under other indentures pursuant to which securities of the Company and affiliates of the Company are outstanding.

GOVERNING LAW

The Senior Note Indenture and the Senior Notes will be governed by, and construed in accordance with, the internal laws of the State of New York.

MISCELLANEOUS

The Company will have the right at all times to assign any of its rights or obligations under the Senior Note Indenture to a direct or indirect wholly-owned subsidiary of the Company; provided, that, in the event of any such assignment, the Company will remain primarily liable for all such obligations. Subject to the foregoing, the Senior Note Indenture will be binding upon and inure to the benefit of the parties to the Senior Note Indenture and their respective successors and assigns.

DESCRIPTION OF THE JUNIOR SUBORDINATED NOTES

Set forth below is a description of the general terms of the Junior Subordinated Notes. The following description does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the Subordinated Note Indenture, dated as of January 1, 1997, between the Company and JPMorgan Chase Bank (formerly known as The Chase Manhattan Bank), as trustee (the "Subordinated Note Indenture Trustee"), as to be supplemented by a supplemental indenture to the Subordinated Note Indenture establishing the Junior Subordinated Notes of each series (the Subordinated Note Indenture, as so supplemented, is

14

referred to as the "Subordinated Note Indenture"), the forms of which are filed as exhibits to the Registration Statement of which this Prospectus forms a part. The terms of the Junior Subordinated Notes will include those stated in the Subordinated Note Indenture and those made a part of the Subordinated Note Indenture by reference to the 1939 Act. Certain capitalized terms used in this Prospectus are defined in the Subordinated Note Indenture.

GENERAL

The Junior Subordinated Notes will be issued as unsecured junior subordinated debt securities under the Subordinated Note Indenture. The Subordinated Note Indenture does not limit the aggregate principal amount of Junior Subordinated Notes that may be issued under the Subordinated Note Indenture and provides that Junior Subordinated Notes may be issued from time to time in one or more series pursuant to an indenture supplemental to the Subordinated Note Indenture. The Subordinated Note Indenture gives the Company the ability to reopen a previous issue of Junior Subordinated Notes and issue additional Junior Subordinated Notes of such series, unless otherwise provided.

Reference is made to the Prospectus Supplement that will accompany this Prospectus for the following terms of the series of Junior Subordinated Notes being offered by such Prospectus Supplement: (i) the title of such Junior Subordinated Notes; (ii) any limit on the aggregate principal amount of such Junior Subordinated Notes; (iii) the date or dates on which the principal of

Edgar Filing: ALABAMA POWER CO - Form 424B5

such Junior Subordinated Notes is payable; (iv) the rate or rates at which such Junior Subordinated Notes shall bear interest, if any, or any method by which such rate or rates will be determined, the date or dates from which such interest will accrue, the interest payment dates on which such interest shall be payable, and the regular record date for the interest payable on any interest payment date; (v) the place or places where the principal of (and premium, if any) and interest, if any, on such Junior Subordinated Notes shall be payable; (vi) the period or periods within which, the price or prices at which and the terms and conditions on which such Junior Subordinated Notes may be redeemed, in whole or in part, at the option of the Company or at the option of the holder prior to their maturity; (vii) the obligation, if any, of the Company to redeem or purchase such Junior Subordinated Notes; (viii) the denominations in which such Junior Subordinated Notes shall be issuable; (ix) if other than the principal amount of the Junior Subordinated Notes, the portion of the principal amount of such Junior Subordinated Notes which shall be payable upon declaration of acceleration of the maturity of the Junior Subordinated Notes; (x) any deletions from, modifications of or additions to the Events of Default or covenants of the Company as provided in the Subordinated Note Indenture pertaining to such Junior Subordinated Notes; (xi) whether such Junior Subordinated Notes shall be issued in whole or in part in the form of a Global Security; (xii) the right, if any, of the Company to extend the interest payment periods of such Junior Subordinated Notes; and (xiii) any other terms of such Junior Subordinated Notes. The terms of each series of Junior Subordinated Notes issued to a Trust will correspond to those of the related Preferred Securities of such Trust as described in the Prospectus Supplement relating to such Preferred Securities.

The Subordinated Note Indenture does not contain provisions that afford holders of Junior Subordinated Notes protection in the event of a highly leveraged transaction involving the Company.

SUBORDINATION

The Junior Subordinated Notes are subordinated and junior in right of payment to all Senior Indebtedness (as defined below) of the Company. No payment of principal of (including redemption payments, if any), or premium, if any, or interest on (including Additional Interest (as defined below)) the Junior Subordinated Notes may be made if (a) any Senior Indebtedness is not paid when due and any applicable grace period with respect to such default has ended with such default not being cured or waived or otherwise ceasing to exist, or (b) the maturity of any Senior Indebtedness has been accelerated because of a default, or (c) notice has been given of the exercise of an option to require repayment, mandatory payment or prepayment or otherwise. Upon any payment or distribution of assets of the Company to creditors upon any liquidation, dissolution, winding-up, reorganization, assignment for the benefit of creditors, marshalling of assets or liabilities, or any bankruptcy, insolvency or similar proceedings of the Company, the holders of Senior Indebtedness shall be entitled to receive payment in full of all amounts due or to become due on or in respect

15

of all Senior Indebtedness before the holders of the Junior Subordinated Notes are entitled to receive or retain any payment or distribution. Subject to the prior payment of all Senior Indebtedness, the rights of the holders of the Junior Subordinated Notes will be subrogated to the rights of the holders of Senior Indebtedness to receive payments and distributions applicable to such Senior Indebtedness until all amounts owing on the Junior Subordinated Notes are paid in full.

The term "Senior Indebtedness" means, with respect to the Company, (i) any payment due in respect of indebtedness of the Company, whether outstanding at the date of execution of the Subordinated Note Indenture or incurred, created or

Edgar Filing: ALABAMA POWER CO - Form 424B5

assumed after such date, (a) in respect of money borrowed (including any financial derivative, hedging or futures contract or similar instrument) and (b) evidenced by securities, debentures, bonds, notes or other similar instruments issued by the Company that, by their terms, are senior or senior subordinated debt securities including, without limitation, all obligations under its indentures with various trustees; (ii) all capital lease obligations; (iii) all obligations issued or assumed as the deferred purchase price of property, all conditional sale obligations and all obligations of the Company under any title retention agreement (but excluding trade accounts payable arising in the ordinary course of business and long-term purchase obligations); (iv) all obligations for the reimbursement of any letter of credit, banker's acceptance, security purchase facility or similar credit transaction; (v) all obligations of the type referred to in clauses (i) through (iv) above of other persons the payment of which the Company is responsible or liable as obligor, guarantor or otherwise; and (vi) all obligations of the type referred to in clauses (i) through (v) above of other persons secured by any lien on any property or asset of the Company (whether or not such obligation is assumed by the Company), except for (1) any such indebtedness that is by its terms subordinated to or that ranks equally with the Junior Subordinated Notes and (2) any unsecured indebtedness between or among the Company or its affiliates. Such Senior Indebtedness shall continue to be Senior Indebtedness and be entitled to the benefits of the subordination provisions contained in the Subordinated Note Indenture irrespective of any amendment, modification or waiver of any term of such Senior Indebtedness.

The Subordinated Note Indenture does not limit the aggregate amount of Senior Indebtedness that may be issued by the Company. As of September 30, 2003, Senior Indebtedness of the Company aggregated approximately \$4,068,000,000.

ADDITIONAL INTEREST

"Additional Interest" is defined in the Subordinated Note Indenture as (i) such additional amounts as may be required so that the net amounts received and retained by a holder of Junior Subordinated Notes (if the holder is a Trust) after paying taxes, duties, assessments or governmental charges of whatever nature (other than withholding taxes) imposed by the United States or any other taxing authority will not be less than the amounts the holder would have received had no such taxes, duties, assessments, or other governmental charges been imposed; and (ii) any interest due and not paid on an interest payment date, together with interest from such interest payment date to the date of payment, compounded quarterly, on each interest payment date.

CERTAIN COVENANTS

The Company covenants in the Subordinated Note Indenture, for the benefit of the holders of each series of Junior Subordinated Notes, that, (i) if at such time the Company shall have given notice of its election to extend an interest payment period for such series of Junior Subordinated Notes and such extension shall be continuing, (ii) if at such time the Company shall be in default with respect to its payment or other obligations under the Guarantee with respect to the Trust Securities, if any, related to such series of Junior Subordinated Notes, or (iii) if at such time an Event of Default under the Subordinated Note Indenture with respect to such series of Junior Subordinated Notes shall have occurred and be continuing, (a) the Company shall not declare or pay any dividend or make any distributions with respect to, or redeem, purchase, acquire or make a liquidation payment with respect to, any of its capital stock, and (b) the Company shall not make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities (including guarantees other than the Guarantees) issued by the Company which rank equally with or junior to the Junior Subordinated Notes. None of the foregoing, however, shall restrict (i) any of the actions described

in the preceding sentence resulting from any reclassification of the Company's capital stock or the exchange or conversion of one class or series of the Company's capital stock for another class or series of the Company's capital stock, or (ii) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion or exchange provisions of such capital stock or the security being converted or exchanged.

The Subordinated Note Indenture further provides that, for so long as the Trust Securities of any Trust remain outstanding, the Company covenants (i) to directly or indirectly maintain 100% ownership of the Common Securities of such Trust; provided, however, that any permitted successor of the Company under the Subordinated Note Indenture may succeed to the Company's ownership of such Common Securities, and (ii) to use its reasonable efforts to cause such Trust (a) to remain a statutory trust, except in connection with the distribution of Junior Subordinated Notes to the holders of Trust Securities in liquidation of such Trust, the redemption of all of the Trust Securities of such Trust, or certain mergers, consolidations or amalgamations, each as permitted by the related Trust Agreement, and (b) to otherwise continue to be classified as a grantor trust for United States federal income tax purposes.

EVENTS OF DEFAULT

The Subordinated Note Indenture provides that anyone or more of the following described events with respect to the Junior Subordinated Notes of any series, which has occurred and is continuing, constitutes an "Event of Default" with respect to the Junior Subordinated Notes of such series:

(a) failure for 10 days to pay interest on the Junior Subordinated Notes of such series, including any Additional Interest (as defined in clause (ii) of the definition of Additional Interest in the Subordinated Note Indenture) on such unpaid interest, when due on an interest payment date other than at maturity or upon earlier redemption; provided, however, that a valid extension of the interest payment period by the Company shall not constitute a default in the payment of interest for this purpose; or

(b) failure for 10 days to pay Additional Interest (as defined in clause (i) of the definition of Additional Interest in the Subordinated Note Indenture); or

(c) failure to pay principal or premium, if any, or interest, including Additional Interest (as defined in clause (ii) of the definition of Additional Interest in the Subordinated Note Indenture), on the Junior Subordinated Notes of such series when due at maturity or upon earlier redemption; or

(d) failure for three Business Days to deposit any sinking fund payment when due by the terms of a Junior Subordinated Note of such series; or

(e) failure to observe or perform any other covenant or warranty of the Company in the Subordinated Note Indenture (other than a covenant or warranty which has expressly been included in the Subordinated Note Indenture solely for the benefit of one or more series of Junior Subordinated Notes other than such series) for 90 days after written notice to the Company from the Subordinated Note Indenture Trustee or the holders of at least 25% in principal amount of the outstanding Junior Subordinated Notes of such series; or

(f) certain events of bankruptcy, insolvency or reorganization of the Company.

Edgar Filing: ALABAMA POWER CO - Form 424B5

The holders of not less than a majority in aggregate outstanding principal amount of the Junior Subordinated Notes of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Subordinated Note Indenture Trustee with respect to the Junior Subordinated Notes of such series. If a Subordinated Note Indenture Event of Default occurs and is continuing with respect to the Junior Subordinated Notes of any series, then the Subordinated Note Indenture Trustee or the holders of not less than 25% in aggregate outstanding principal amount of the Junior Subordinated Notes of such series may declare the principal amount of the Junior Subordinated Notes due and payable immediately by notice in writing to the Company (and to the Subordinated Note Indenture Trustee if given by the holders), and upon any such declaration such principal amount shall become immediately due and payable. At any time after such a declaration of acceleration with respect to the Junior Subordinated Notes of any series has been made and before a judgment or decree for payment of the money

17

due has been obtained as provided in Article Five of the Subordinated Note Indenture, the holders of not less than a majority in aggregate outstanding principal amount of the Junior Subordinated Notes of such series may rescind and annul such declaration and its consequences if the default has been cured or waived and the Company has paid or deposited with the Subordinated Note Indenture Trustee a sum sufficient to pay all matured installments of interest (including any Additional Interest) and principal due otherwise than by acceleration and all sums paid or advanced by the Subordinated Note Indenture Trustee, including reasonable compensation and expenses of the Subordinated Note Indenture Trustee.

A holder of Preferred Securities may institute a legal proceeding directly against the Company, without first instituting a legal proceeding against the Property Trustee or any other person or entity, for enforcement of payment to such holder of principal of or interest on the Junior Subordinated Notes of the related series having a principal amount equal to the aggregate stated liquidation amount of the Preferred Securities of such holder on or after the due dates specified in the Junior Subordinated Notes of such series.

The holders of not less than a majority in aggregate outstanding principal amount of the Junior Subordinated Notes of any series may, on behalf of the holders of all the Junior Subordinated Notes of such series, waive any past default with respect to such series, except (i) a default in the payment of principal or interest or (ii) a default in respect of a covenant or provision which under Article Nine of the Subordinated Note Indenture cannot be modified or amended without the consent of the holder of each outstanding Junior Subordinated Note of such series affected.

REGISTRATION AND TRANSFER

The Company shall not be required to (i) issue, register the transfer of or exchange Junior Subordinated Notes of any series during a period of 15 days immediately preceding the date notice is given identifying the Junior Subordinated Notes of such series called for redemption, or (ii) issue, register the transfer of or exchange any Junior Subordinated Notes so selected for redemption, in whole or in part, except the unredeemed portion of any Junior Subordinated Note being redeemed in part.

PAYMENT AND PAYING AGENT

Unless otherwise indicated in an applicable Prospectus Supplement, payment of principal of any Junior Subordinated Notes will be made only against

Edgar Filing: ALABAMA POWER CO - Form 424B5

surrender to the Paying Agent of such Junior Subordinated Notes. Principal of and interest on Junior Subordinated Notes will be payable, subject to any applicable laws and regulations, at the office of such Paying Agent or Paying Agents as the Company may designate from time to time, except that, at the option of the Company, payment of any interest may be made by wire transfer or by check mailed to the address of the person entitled to an interest payment as such address shall appear in the Security Register with respect to the Junior Subordinated Notes. Payment of interest on Junior Subordinated Notes on any interest payment date will be made to the person in whose name the Junior Subordinated Notes (or predecessor security) are registered at the close of business on the record date for such interest payment.

Unless otherwise indicated in an applicable Prospectus Supplement, the Subordinated Note Indenture Trustee will act as Paying Agent with respect to the Junior Subordinated Notes. The Company may at any time designate additional Paying Agents or rescind the designation of any Paying Agents or approve a change in the office through which any Paying Agent acts.

All moneys paid by the Company to a Paying Agent for the payment of the principal of or interest on the Junior Subordinated Notes of any series which remain unclaimed at the end of two years after such principal or interest shall have become due and payable will be repaid to the Company, and the holder of such Junior Subordinated Notes will from that time forward look only to the Company for payment of such principal and interest.

MODIFICATION

The Subordinated Note Indenture contains provisions permitting the Company and the Subordinated Note Indenture Trustee, with the consent of the holders of not less than a majority in principal amount of the outstanding Junior Subordinated Notes of each series affected, to modify the Subordinated Note Indenture or

18

the rights of the holders of the Junior Subordinated Notes of such series; provided, that no such modification may, without the consent of the holder of each outstanding Junior Subordinated Note affected, (i) change the stated maturity of the principal of, or any installment of principal of or interest on, any Junior Subordinated Note, or reduce the principal amount of any Junior Subordinated Note or the rate of interest (including Additional Interest) on any Junior Subordinated Note or any premium payable upon the redemption of any Junior Subordinated Note, or change the method of calculating the rate of interest on any Junior Subordinated Note, or impair the right to institute suit for the enforcement of any such payment on or after the stated maturity of any Junior Subordinated Note (or, in the case of redemption, on or after the redemption date), or (ii) reduce the percentage of principal amount of the outstanding Junior Subordinated Notes of any series, the consent of whose holders is required for any such supplemental indenture, or the consent of whose holders is required for any waiver (of compliance with certain provisions of the Subordinated Note Indenture or certain defaults under the Subordinated Note Indenture and their consequences) provided for in the Subordinated Note Indenture, or (iii) modify any of the provisions of the Subordinated Note Indenture relating to supplemental indentures, waiver of past defaults, or waiver of certain covenants, except to increase any such percentage or to provide that certain other provisions of the Subordinated Note Indenture cannot be modified or waived without the consent of the holder of each outstanding Junior Subordinated Note affected thereby, or (iv) modify the provisions of the Subordinated Note Indenture with respect to the subordination of the Junior Subordinated Notes in a manner adverse to such holder.

Edgar Filing: ALABAMA POWER CO - Form 424B5

In addition, the Company and the Subordinated Note Indenture Trustee may execute, without the consent of any holders of Junior Subordinated Notes, any supplemental indenture for certain other usual purposes, including the creation of any new series of junior subordinated notes.

CONSOLIDATION, MERGER AND SALE

The Company shall not consolidate with or merge into any other corporation or convey, transfer or lease its properties and assets substantially as an entirety to any person, unless (1) such other corporation or person is a corporation organized and existing under the laws of the United States, any state in the United States or the District of Columbia and such other corporation or person expressly assumes, by supplemental indenture executed and delivered to the Subordinated Note Indenture Trustee, the payment of the principal of (and premium, if any) and interest (including Additional Interest) on all the Junior Subordinated Notes and the performance of every covenant of the Subordinated Note Indenture on the part of the Company to be performed or observed; (2) immediately after giving effect to such transactions, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have happened and be continuing; and (3) the Company has delivered to the Subordinated Note Indenture Trustee an officers' certificate and an opinion of counsel, each stating that such transaction complies with the provisions of the Subordinated Note Indenture governing consolidation, merger, conveyance, transfer or lease and that all conditions precedent to the transaction have been complied with.

INFORMATION CONCERNING THE SUBORDINATED NOTE INDENTURE TRUSTEE

The Subordinated Note Indenture Trustee, prior to an Event of Default with respect to Junior Subordinated Notes of any series, undertakes to perform, with respect to Junior Subordinated Notes of such series, only such duties as are specifically set forth in the Subordinated Note Indenture and, in case an Event of Default with respect to Junior Subordinated Notes of any series has occurred and is continuing, shall exercise, with respect to Junior Subordinated Notes of such series, the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provision, the Subordinated Note Indenture Trustee is under no obligation to exercise any of the powers vested in it by the Subordinated Note Indenture at the request of any holder of Junior Subordinated Notes of any series, unless offered reasonable indemnity by such holder against the costs, expenses and liabilities which might be incurred by the Subordinated Note Indenture Trustee. The Subordinated Note Indenture Trustee is not required to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties if the Subordinated Note Indenture Trustee reasonably believes that repayment or adequate indemnity is not reasonably assured to it.

19

JPMorgan Chase Bank (formerly known as The Chase Manhattan Bank), the Subordinated Note Indenture Trustee, also serves as First Mortgage Bond Trustee, as Senior Note Indenture Trustee, as Property Trustee and as Guarantee Trustee. The Company and certain of its affiliates maintain deposit accounts and banking relationships with JPMorgan Chase Bank. JPMorgan Chase Bank also serves as trustee under other indentures pursuant to which securities of the Company and affiliates of the Company are outstanding.

GOVERNING LAW

The Subordinated Note Indenture and the Junior Subordinated Notes will be governed by, and construed in accordance with, the internal laws of the State of New York.

Edgar Filing: ALABAMA POWER CO - Form 424B5

MISCELLANEOUS

The Company will have the right at all times to assign any of its rights or obligations under the Subordinated Note Indenture to a direct or indirect wholly-owned subsidiary of the Company; provided, that, in the event of any such assignment, the Company will remain primarily liable for all such obligations. Subject to the foregoing, the Subordinated Note Indenture will be binding upon and inure to the benefit of the parties to the Subordinated Note Indenture and their respective successors and assigns.

DESCRIPTION OF THE PREFERRED SECURITIES

Each Trust may issue only one series of Preferred Securities having terms described in the Prospectus Supplement relating to such Trust. The Trust Agreement of each Trust will authorize the Administrative Trustees, on behalf of the Trust, to issue the Preferred Securities of such Trust. The Preferred Securities of each Trust will have such terms, including distributions, redemption, voting, liquidation rights and such other preferred, deferral or other special rights or such restrictions as shall be set forth in the Trust Agreement of such Trust. Reference is made to the Prospectus Supplement relating to the Preferred Securities of a Trust for specific terms, including (i) the distinctive designation of such Preferred Securities; (ii) the number of Preferred Securities issued by such Trust; (iii) the distribution rate (or method of determining such rate) for Preferred Securities of such Trust and the date or dates on which such distributions shall be payable; (iv) whether distributions on such Preferred Securities shall be cumulative and, in the case of Preferred Securities having cumulative distribution rights, the date or dates, or method of determining the date or dates, from which distributions on such Preferred Securities shall be cumulative; (v) the amount or amounts that shall be paid out of the assets of such Trust to the holders of the Preferred Securities of such Trust upon voluntary or involuntary dissolution, winding-up or termination of such Trust; (vi) the obligation, if any, of such Trust to purchase or redeem such Preferred Securities and the price or prices at which, the period or periods within which, and the terms and conditions upon which such Preferred Securities shall be purchased or redeemed, in whole or in part, pursuant to such obligation; (vii) the voting rights, if any, of such Preferred Securities in addition to those required by law, including the number of votes per Preferred Security and any requirement for the approval by the holders of Preferred Securities as a condition to specified action or amendments to the Trust Agreement of such Trust; (viii) the rights, if any, to defer distributions on the Preferred Securities by extending the interest payment period on the related Junior Subordinated Notes; and (ix) any other relative rights, preferences, privileges, limitations or restrictions of such Preferred Securities not inconsistent with the Trust Agreement of such Trust or applicable law. All Preferred Securities offered by this Prospectus will be guaranteed by the Company to the extent set forth under "Description of the Guarantees." Any material United States federal income tax considerations applicable to an offering of Preferred Securities will be described in the Prospectus Supplement relating to the Preferred Securities.

DESCRIPTION OF THE GUARANTEES

Set forth below is a summary of information concerning the Guarantees that will be executed and delivered by the Company for the benefit of the holders of Preferred Securities of the respective Trusts from time to time. Each Guarantee will be qualified as an indenture under the 1939 Act. JPMorgan Chase Bank will act as indenture trustee under each Guarantee (the "Guarantee Trustee") for purposes of the 1939 Act. The terms of the respective Guarantees will be those set forth in such Guarantee and those made part of such

Edgar Filing: ALABAMA POWER CO - Form 424B5

Guarantee by the 1939 Act. The following summary does not purport to be complete and is subject in all respects to the provisions of, and is qualified in its entirety by reference to, the Guarantees, the form of which is filed as an exhibit to the Registration Statement of which this Prospectus forms a part, and the 1939 Act. Each Guarantee will be held by the Guarantee Trustee for the benefit of holders of the Preferred Securities to which it relates.

GENERAL

Pursuant to each Guarantee, the Company will irrevocably and unconditionally agree, to the extent set forth in the Guarantee, to pay in full, to the holders of the related Preferred Securities, the Guarantee Payments (as defined below), to the extent not paid by, or on behalf of, the related Trust, regardless of any defense, right of set-off or counterclaim that the Company may have or assert against any person. The following payments or distributions with respect to the Preferred Securities of any Trust to the extent not paid or made by, or on behalf of, such Trust will be subject to the Guarantee related to the Preferred Securities (without duplication): (i) any accrued and unpaid distributions required to be paid on the Preferred Securities of such Trust but if and only if and to the extent that such Trust has funds legally and immediately available for these distributions, (ii) the redemption price, including all accrued and unpaid distributions to the date of redemption (the "Redemption Price"), with respect to any Preferred Securities called for redemption by such Trust, but if and only to the extent such Trust has funds legally and immediately available to pay such Redemption Price, and (iii) upon a dissolution, winding-up or termination of such Trust (other than in connection with the distribution of Junior Subordinated Notes to the holders of Trust Securities of such Trust or the redemption of all of the Preferred Securities of such Trust), the lesser of (a) the aggregate of the liquidation amount and all accrued and unpaid distributions on the Preferred Securities of such Trust to the date of payment, to the extent such Trust has funds legally and immediately available for such purpose, and (b) the amount of assets of such Trust remaining available for distribution to holders of Preferred Securities of such Trust in liquidation of such Trust (the "Guarantee Payments"). The Company's obligation to make a Guarantee Payment may be satisfied by direct payment of the required amounts by the Company to the holders of the related Preferred Securities or by causing the related Trust to pay such amounts to such holders.

Each Guarantee will be a guarantee of the Guarantee Payments with respect to the related Preferred Securities from the time of issuance of such Preferred Securities, but will not apply to the payment of distributions and other payments on such Preferred Securities when the related Trust does not have sufficient funds legally and immediately available to make such distributions or other payments. IF THE COMPANY DOES NOT MAKE INTEREST PAYMENTS ON THE JUNIOR SUBORDINATED NOTES HELD BY THE PROPERTY TRUSTEE UNDER ANY TRUST, SUCH TRUST WILL NOT MAKE DISTRIBUTIONS ON ITS PREFERRED SECURITIES.

SUBORDINATION

The Company's obligations under each Guarantee to make the Guarantee Payments will constitute an unsecured obligation of the Company and will rank (i) subordinate and junior in right of payment to all other liabilities of the Company, including the Junior Subordinated Notes, except those obligations or liabilities made equal to or subordinate by their terms, (ii) equal to the most senior preferred or preference stock now issued by the Company or issued at a later date by the Company and with any guarantee now entered into by the Company or entered into at a later date by the Company in respect of any preferred or preference securities of any affiliate of the Company, and (iii) senior to all common stock of the Company. The terms of the Preferred Securities will provide that each holder of Preferred Securities by acceptance of Preferred Securities agrees to the subordination provisions and other terms of the Guarantee related

Edgar Filing: ALABAMA POWER CO - Form 424B5

to the Preferred Securities. The Company has outstanding preferred stock that ranks equal to the Guarantees and common stock that ranks junior to the Guarantees.

Each Guarantee will constitute a guarantee of payment and not of collection (that is, the guaranteed party may institute a legal proceeding directly against the guarantor to enforce its rights under the guarantee without first instituting a legal proceeding against any other person or entity).

21

AMENDMENTS AND ASSIGNMENT

Except with respect to any changes that do not materially and adversely affect the rights of holders of the related Preferred Securities (in which case no consent will be required), each Guarantee may be amended only with the prior approval of the holders of not less than 66 2/3% in liquidation amount of such outstanding Preferred Securities. The manner of obtaining any such approval of holders of the Preferred Securities will be as set forth in an accompanying Prospectus Supplement. All guarantees and agreements contained in each Guarantee shall bind the successors, assigns, receivers, trustees and representatives of the Company and shall inure to the benefit of the holders of the related Preferred Securities then outstanding.

TERMINATION

Each Guarantee will terminate and be of no further force and effect as to the related Preferred Securities upon full payment of the Redemption Price of all such Preferred Securities, upon distribution of Junior Subordinated Notes to the holders of such Preferred Securities, or upon full payment of the amounts payable upon liquidation of the related Trust. Each Guarantee will continue to be effective or will be reinstated, as the case may be, if at any time any holder of the related Preferred Securities must restore payment of any sums paid with respect to such Preferred Securities or under such Guarantee.

EVENTS OF DEFAULT

An event of default under each Guarantee will occur upon the failure by the Company to perform any of its payment obligations under such Guarantee. The holders of a majority in liquidation amount of the Preferred Securities to which any Guarantee relates have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Guarantee Trustee in respect of such Guarantee or to direct the exercise of any trust or power conferred upon the Guarantee Trustee under such Guarantee. Any holder of the related Preferred Securities may institute a legal proceeding directly against the Company to enforce its rights under such Guarantee without first instituting a legal proceeding against the Guarantee Trustee or any other person or entity. The holders of a majority in liquidation amount of Preferred Securities of any series may, by vote, on behalf of the holders of all the Preferred Securities of such series, waive any past event of default and its consequences.

INFORMATION CONCERNING THE GUARANTEE TRUSTEE

The Guarantee Trustee, prior to the occurrence of any event of default with respect to any Guarantee and after the curing or waiving of all events of default with respect to such Guarantee, undertakes to perform only such duties as are specifically set forth in such Guarantee and, in case an event of default has occurred, shall exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provisions, the Guarantee Trustee is under no obligation to exercise any of the powers vested in it by any Guarantee at the request of any holder of the related

Edgar Filing: ALABAMA POWER CO - Form 424B5

Preferred Securities, unless offered reasonable indemnity against the costs, expenses and liabilities which might be incurred by the Guarantee Trustee.

JPMorgan Chase Bank, the Guarantee Trustee, also serves as Property Trustee, as First Mortgage Bond Trustee, as Senior Note Indenture Trustee and as Subordinated Note Indenture Trustee. The Company and certain of its affiliates maintain deposit accounts and banking relationships with JPMorgan Chase Bank. JPMorgan Chase Bank serves as trustee under other indentures pursuant to which securities of the Company and affiliates of the Company are outstanding.

GOVERNING LAW

Each Guarantee will be governed by, and construed in accordance with, the internal laws of the State of New York.

22

THE AGREEMENTS AS TO EXPENSES AND LIABILITIES

Pursuant to an Agreement as to Expenses and Liabilities to be entered into by the Company under each Trust Agreement, the Company will irrevocably and unconditionally guarantee to each person or entity to whom each Trust becomes indebted or liable the full payment of any indebtedness, expenses or liabilities of such Trust, other than obligations of such Trust to pay to the holders of the related Preferred Securities or other similar interests in such Trust the amounts due such holders pursuant to the terms of such Preferred Securities or such other similar interests, as the case may be.

RELATIONSHIP AMONG THE PREFERRED SECURITIES, THE JUNIOR SUBORDINATED NOTES AND THE GUARANTEES

As long as payments of interest and other payments are made when due on each series of Junior Subordinated Notes issued to a Trust, such payments will be sufficient to cover distributions and payments due on the related Trust Securities of such Trust primarily because (i) the aggregate principal amount of each series of Junior Subordinated Notes will be equal to the sum of the aggregate stated liquidation amount of the related Trust Securities; (ii) the interest rate and interest and other payment dates on each series of Junior Subordinated Notes will match the distribution rate and distribution and other payment dates for the related Preferred Securities; (iii) the Company shall pay for all costs and expenses of each Trust pursuant to the Agreements as to Expenses and Liabilities; and (iv) each Trust Agreement provides that the Securities Trustees under each Trust Agreement shall not cause or permit the Trust to, among other things, engage in any activity that is not consistent with the purposes of the Trust.

Payments of distributions (to the extent funds for such purpose are legally and immediately available) and other payments due on the Preferred Securities (to the extent funds for such purpose are legally and immediately available) will be guaranteed by the Company as and to the extent set forth under "Description of the Guarantees." If the Company does not make interest payments on any series of Junior Subordinated Notes, it is not expected that the related Trust will have sufficient funds to pay distributions on its Preferred Securities. Each Guarantee is a guarantee from the time of its issuance, but does not apply to any payment of distributions unless and until the related Trust has sufficient funds legally and immediately available for the payment of such distributions.

If the Company fails to make interest or other payments on any series of Junior Subordinated Notes when due (taking into account any extension period as described in the applicable Prospectus Supplement), the Trust Agreement provides

a mechanism whereby the holders of the related Preferred Securities may appoint a substitute Property Trustee. Such holders may also direct the Property Trustee to enforce its rights under the Junior Subordinated Notes of such series, including proceeding directly against the Company to enforce such Junior Subordinated Notes. If the Property Trustee fails to enforce its rights under any series of Junior Subordinated Notes, to the fullest extent permitted by applicable law, any holder of related Preferred Securities may institute a legal proceeding directly against the Company to enforce the Property Trustee's rights under such series of Junior Subordinated Notes without first instituting any legal proceeding against the Property Trustee or any other person or entity. Notwithstanding the foregoing, a holder of Preferred Securities may institute a legal proceeding directly against the Company, without first instituting a legal proceeding against the Property Trustee or any other person or entity, for enforcement of payment to such holder of principal of or interest on Junior Subordinated Notes of the related series having a principal amount equal to the aggregate stated liquidation amount of the Preferred Securities of such holder on or after the due dates specified in the Junior Subordinated Notes of such series.

If the Company fails to make payments under any Guarantee, such Guarantee provides a mechanism that allows the holders of the Preferred Securities to which such Guarantee relates to direct the Guarantee Trustee to enforce its rights under such Guarantee. In addition, any holder of Preferred Securities may institute a legal proceeding directly against the Company to enforce the Guarantee Trustee's rights under the related Guarantee without first instituting a legal proceeding against the Guarantee Trustee or any other person or entity.

Each Guarantee, the Subordinated Note Indenture, the Junior Subordinated Notes of the related series, the related Trust Agreement and the related Agreement as to Expenses and Liabilities, as described above, constitute a full and unconditional guarantee by the Company of the payments due on the related series of Preferred Securities.

Upon any voluntary or involuntary dissolution, winding-up or termination of any Trust, unless Junior Subordinated Notes of the related series are distributed in connection with such action, the holders of Preferred Securities of such Trust will be entitled to receive, out of assets legally available for distribution to holders, a liquidation distribution in cash as described in the applicable Prospectus Supplement. Upon any voluntary or involuntary liquidation or bankruptcy of the Company, the Property Trustee, as holder of the related series of Junior Subordinated Notes, would be a subordinated creditor of the Company, subordinated in right of payment to all Senior Indebtedness, but entitled to receive payment in full of principal and interest, before any stockholders of the Company receive payments or distributions. Because the Company is guarantor under each Guarantee and has agreed to pay for all costs, expenses and liabilities of each Trust (other than the Trust's obligations to holders of the Preferred Securities) pursuant to the related Agreement as to Expenses and Liabilities, the positions of a holder of Preferred Securities and a holder of Junior Subordinated Notes of the related series relative to other creditors and to stockholders of the Company in the event of liquidation or bankruptcy of the Company would be substantially the same.

A default or event of default under any Senior Indebtedness would not constitute a default or Event of Default under the Subordinated Note Indenture. However, in the event of payment defaults under, or acceleration of, Senior Indebtedness, the subordination provisions of the Junior Subordinated Notes provide that no payments may be made in respect of the Junior Subordinated Notes until such Senior Indebtedness has been paid in full or any payment default of Senior Indebtedness has been cured or waived. Failure to make required payments

on the Junior Subordinated Notes of any series would constitute an Event of Default under the Subordinated Note Indenture with respect to the Junior Subordinated Notes of such series except that failure to make interest payments on the Junior Subordinated Notes of such series will not be an Event of Default during an extension period as described in the applicable Prospectus Supplement.

PLAN OF DISTRIBUTION

24

Unless otherwise set forth in the Prospectus Supplement, the obligations of the underwriters to purchase any series of new Bonds, new Stock, Senior Notes, Junior Subordinated Notes or Preferred Securities will be subject to certain conditions precedent and the underwriters will be obligated to purchase all of such series of new Bonds, new Stock, Senior Notes, Junior Subordinated Notes or Preferred Securities, if any are purchased.

Underwriters and agents may be entitled under agreements entered into with the Company and/or the applicable Trust to indemnification against certain civil liabilities, including liabilities under the 1933 Act. Underwriters and agents may engage in transactions with, or perform services for, the Company in the ordinary course of business.

Each series of new Bonds, new Stock, Senior Notes, Junior Subordinated Notes or Preferred Securities will be a new issue of securities and will have no established trading market. Any underwriters to whom new Bonds, new Stock, Senior Notes, Junior Subordinated Notes or Preferred Securities are sold for public offering and sale may make a market in such new Bonds, new Stock, Senior Notes, Junior Subordinated Notes or Preferred Securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The new Bonds, new Stock, Senior Notes, Junior Subordinated Notes or Preferred Securities may or may not be listed on a national securities exchange.
