In addition to the historical information presented, certain statements in this filing may constitute "forward-looking statements" that involve risks and uncertainties. Actual results could differ materially from those projected or forecasted in the forward-looking statements. Important factors that could cause actual results to differ materially include: risks and instability associated with changes in the company's business model; risks associated with changes in the way in which the company accounts for license revenue; the difficulty of making financial projections resulting from the significant percentage of CA's quarterly sales consummated in the last few days of the quarter; the emergence of new competitive initiatives resulting from rapid technological advances or changes in pricing in the market; market acceptance of new products and services and continued acceptance of existing products and services; risks associated with the entry into new markets; the risks associated with integrating acquired businesses and technologies; the effects of war or acts of terrorism; dependency on large dollar licensing transactions; the outcome of pending or future governmental inquiries; delays in product delivery; reliance on mainframe capacity growth; the ability to recruit and retain qualified personnel; business conditions in the distributed systems and mainframe software and hardware markets; uncertainty and volatility associated with Internet and eBusiness related activities; use of software patent rights to attempt to limit competition; adverse results of litigation; fluctuations in foreign currency exchange rates and interest rates; the volatility of the international marketplace; uncertainties relative to global economic conditions; and other risks described in filings with the Securities and Exchange Commission, which are available at [www.sec.gov](http://www.sec.gov). CA assumes no obligation to update the information contained herein, except as otherwise required by law.
