FOR IMMEDIATE RELEASE

TrustCo Announces Second Quarter Results

Glenville, New York - July 18, 2006 TrustCo Bank Corp NY (TrustCo, Nasdaq: TRST) today announced results for the second quarter of 2006 and for the first six months of the year. Net income for the second quarter of 2006 was \$12.4 million, compared to \$15.0 million for 2005. Diluted earnings per share were \$0.165 for the second quarter compared to \$0.199 for the second quarter of 2005. Return on average assets and return on average equity were 1.69% and 21.44% for the second quarter of 2006 compared to 2.11% and 26.52% for the second quarter of 2005. For 2006 the second quarter net income represents an increase of \$58 thousand over the net income for the first quarter. Though down from a year ago, we are encouraged by this upward trend for net income in the second quarter.

Net income for the six months ending June 30, 2006 was \$24.8 million, or \$0.330 in diluted earnings per share, compared to \$29.9 million, or \$0.396 in diluted earnings per share, for the six month period ending June 30, 2005.

Robert J. McCormick, President and Chief Executive Officer, commented, "As we have previously discussed, the flat or inverted interest rate yield curve continues. This has resulted in there being little or no margin between short-term and long-term interest rates, which in turn places a downward pressure on earnings. Our initiative to grow out of these downward pressures is continuing to show momentum. As of June 30, 2006, total loans have increased \$275.9 million and total deposits have increased \$143.8 million compared to June 30, 2005. The increases in deposits and loans have come from all the markets we serve, and we are pleased with these results."
