GLOBAL EMPLOYEE STOCK OWNERSHIP PLAN**

**Notes to Financial  
Statements December 31, 2003, 2002, and 2001**

**(1) Description of the Plan**

The Gillette Company Global Employee Stock Ownership Plan (the Plan) is a defined contribution plan sponsored by The Gillette Company (the Sponsor). The following provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**(a) General**

The Plan was adopted by the board of directors of the Sponsor on December 16, 1993 to become effective June 1, 1994 and is not subject to the provisions of the Employee Retirement Income Security Act of 1974. The Plan is not subject to income taxation. The Plan's goal is to provide eligible Gillette employees the opportunity to purchase common stock of the Sponsor through payroll deductions and contributions from the Sponsor. All Plan assets are held by the Plan Fiduciary, Banque Internationale à Luxembourg (the Fiduciary). Mellon Human Resources & Investor Solutions is the record keeper for the Plan.

**(b) Eligibility**

Employees eligible to participate in the Plan include all regular employees of participating subsidiaries of the Sponsor with the exception of employees considered to be an executive, officer, director, or 10% shareholder of the Sponsor and employees eligible for a savings plan maintained in the United States, Canada, or Puerto Rico. Eligible employees may enroll in the Plan on the first day of each month and on the initial participation date for each participating subsidiary.

**(c) Contributions**

Eligible employees may contribute 1% to 10% of their compensation to the Plan through payroll deductions. A participating employee may change the contribution rate effective as of the first day of any month.

Employer contributions are made to the accounts of participants who are contributing to the Plan in amounts equal to 50% of the participant's contributions, up to 1% of each participant's eligible pay.

**(d) Investments**

All employee and employer contributions are converted into U.S. dollars and then invested in shares of the Sponsor's common stock generally on the 15th day of each month (or if that date is not a business day, the preceding business day). Sales of the Sponsor's common stock for distributions generally are made on two specified dates in each month and subsequently converted into the applicable local currencies for payment to employees. Any dividends on shares of the Sponsor's common stock are invested in additional shares of the Sponsor's common stock.

**(e) Vesting**

In general, participants are immediately vested in all shares of the Sponsor's common stock credited to their respective Plan accounts.

**(f) Benefit Payments**

Distributions of account balances will be made when the employment of a participant ceases, unless upon retirement the participant's account is credited with at least 100 shares of the Sponsor's common stock, and the participant elects to defer payment. If an election is made to defer the distribution, retirees may make up to two requests a year for distributions of all or a portion of their account balance.

For those retirees who do not elect to defer payment and for all other participants who terminate employment for reasons other than retirement, a distribution of the participant's account is made in the form of a lump-sum payment.

All distributions are made in cash, unless the participant (or beneficiary, in the event of a participant or retiree's death) elects to receive the account balance in the form of shares of the Sponsor's common stock.

While employed, participants may elect to take up to two in-service withdrawals from their account balances during a calendar year. Shares purchased with the Sponsor's contributions and dividends thereon are not eligible for in-service withdrawal until 24 months from their date of purchase. Effective July 1, 2002, this 24-month withdrawal restriction was removed in the case of participants who are permanently transferred to countries that do not participate in the Plan.

Benefits are recorded when paid.

**(g) Plan Expenses**

Brokerage commissions, fees and other investment transaction costs are paid by participants as part of the purchase and sale of the Sponsor's common stock.

Costs relating to the administration of the Plan are paid by the Sponsor.

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Presentation**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Such estimates and assumptions are subject to inherent uncertainties, which may result in actual amounts differing from reported amounts.

The accompanying financial statements are prepared on the accrual basis of accounting.

**(b) Investments**

Investments in the Sponsor's common stock are stated at market value, based on the composite closing price of the common stock on the New York Stock Exchange as reported by Reuters. Purchases and sales of the Sponsor's common stock are recorded on the trade date (the date the order to buy or sell is executed).

The cost of the investments in the Sponsor's common stock is determined on a first-in, first-out basis.

Dividend income is recorded on the ex-dividend date, net of any U.S. withholding taxes. Realized gains and losses are based upon the identified cost method.

**(c) Cash**

Amounts shown as cash are held by the Fiduciary and will be invested in the Sponsor's common stock, used to pay future plan expenses, or distributed to participants as benefit payments in the following month.

**(d) Contributions Receivable**

Contributions held at the participating subsidiaries and pending transfer to the Fiduciary have been translated into U.S. dollars using the effective exchange rates as of December 31, 2003 and 2002.

**(3) Investment in The Gillette Company Common Stock**

Investment in The Gillette Company common stock held by the Plan at December 31, 2003 and 2002 was as follows:

2003  
-----

Edgar Filing: GILLETTE CO - Form 11-K

Number of shares		1,675,699
Cost	\$	62,808,666
Market value		61,547,648
Unrealized depreciation	\$	(1,261,018)
Decrease (increase) in unrealized depreciation	\$	9,174,236

The realized gain (loss) on sales of The Gillette Company common stock for the years ended December 31, 2003, 2002, and 2001 was determined as follows:

		2003	2002
Proceeds on sales of shares	\$	7,551,275	7,609,447
Forfeitures		5,472	---

		6,543,275	6,554,433
Realized gain (loss)	\$	1,013,472	1,055,014

**(4) Plan Participants**

As of December 31, 2003, the Plan had 7,986 participants employed at the Sponsor's subsidiaries located in Argentina, Australia, Austria, Belgium, Brazil, Chile, Colombia, Costa Rica, Czech Republic, Denmark, Dominican Republic, Ecuador, Egypt, El Salvador, Finland, France, Germany, Guatemala, Hong Kong, Hungary, India, Indonesia, Ireland, Italy, Japan, Korea, Malaysia, Mexico, Netherlands, Norway, Peru, Philippines, Poland, Portugal, Romania, Saudi Arabia, Singapore, Spain, South Africa, Sweden, Switzerland, Taiwan, Thailand, Turkey, United Arab Emirates, United Kingdom, Uruguay, and Venezuela.

**(5) Plan Amendment and Termination**

Although the Sponsor intends to continue the Plan indefinitely, it reserves the right on behalf of itself and its participating subsidiaries to modify or terminate the Plan at any time. However, the Plan may not be amended to adversely affect the rights of participants with respect to shares previously credited to their accounts.

In the event of termination, the assets held by the Fiduciary may continue to be held subject to the provisions of the Plan, or at the direction of the board of directors of the Sponsor, the assets of the Plan may be distributed to the participants.

**(6) Tax Status**

The Plan is not qualified under Section 401(a) of the Internal Revenue Code, and is exempt from the provisions of Title I of ERISA pursuant to Section 4(b)(4) thereof. The Sponsor believes that the Fiduciary should be viewed as a directed custodian and that, for U.S. tax purposes, the participating employees should be treated as the owners of the shares of the Sponsor's common stock held for their account under the Plan.

The Sponsor has received a private letter ruling from the Internal Revenue Service confirming that the participating employees should be treated as the beneficial owners of the shares of the Sponsor's common stock held for their account under the Plan for U.S. tax purposes and that, subject to certain procedural conditions, the information provided by the employees may be relied upon in determining the applicable U.S. tax withholding rate on dividends paid by the Sponsor with respect to these shares.
