PROXY STATEMENT

General Information

This Proxy Statement is furnished to the shareholders of Lancaster Colony Corporation (the "Corporation") in connection with the solicitation by the Board of Directors of the Corporation (the "Board") of proxies to be used in voting at the Annual Meeting of Shareholders to be held November 15, 2017, in the Lilac meeting room at The Hilton Columbus at Easton, 3900 Chagrin Drive, Columbus, Ohio 43219, at 1:00 p.m., Eastern Standard Time (the "Annual Meeting"). The enclosed proxy card, if completed and forwarded to the Corporation prior to the Annual Meeting, will be voted in accordance with the instructions contained therein. The proposals referred to on the enclosed proxy card are described in this Proxy Statement. This Proxy Statement and enclosed proxy card are first being mailed to shareholders on or about October 11, 2017.

A proxy may be revoked by the person giving it any time before it is exercised. Such revocation, to be effective, must be communicated to the Secretary or Assistant Secretary of the Corporation prior to the Annual Meeting. The presence of a shareholder at the Annual Meeting will not revoke his or her proxy unless specific notice thereof is given to the Secretary or Assistant Secretary of the Corporation.

The Corporation will bear the cost of solicitation of proxies, including any charges and expenses of brokerage firms and others for forwarding solicitation material to the beneficial owners of the Corporation's shares. Proxies may be solicited by personal interview, mail, telephone and electronic communications through the efforts of officers and regular employees of the Corporation.

The Board has fixed the close of business on September 18, 2017 as the record date for the determination of shareholders entitled to receive notice and to vote at the Annual Meeting or any adjournments or postponements thereof. At September 18, 2017, the Corporation had outstanding and entitled to vote 27,442,591 shares of Common Stock, without par value ("Common Stock"), with each share of Common Stock entitling its holder to one vote. The Corporation has no other class of stock outstanding.

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock of the Corporation is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Proxies reflecting abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum. Broker non-votes occur when brokers, who hold their customers' shares in street name, sign and submit proxies for those shares but fail to vote those shares on some matters.

If you are the beneficial owner of shares held in "street name" by a broker, bank or other nominee, the broker, bank or nominee, as the record holder of the shares, should have enclosed a voting instruction card for you to use in directing it on how to vote your shares.

Voting Requirements

The following are the voting requirements for the items of business listed on the Notice of Annual Meeting of Shareholders that are expected to be conducted at the Annual Meeting, along with an explanation of how broker non-votes and abstentions will be treated for purposes of each proposal:

- Proposal One: The election of the director nominees requires the favorable vote of a plurality of all votes cast by the holders of the Common Stock at a meeting at which a quorum is present. Broker non-votes and proxies marked "Withhold" will not be counted toward the election of directors or toward the election of individual nominees
1. specified in the form of proxy and, thus, will have no effect on the outcome of this proposal. However, as set forth under "Corporate Governance – Majority Voting Policy in Uncontested Elections," each director has agreed that if he or she receives more "Withheld" votes than "For" votes in an uncontested election such as this one, the director will tender his or her resignation for consideration by the Nominating and Governance Committee and the Board.
- Proposal Two: The non-binding approval of the compensation of our named executive officers requires the
2. favorable vote of a majority of all votes cast by the holders of the Common Stock at a meeting at which a quorum is present. Broker non-votes and abstentions will have no effect on the outcome of this proposal.
 - 3.

Proposal Three: The non-binding shareholder recommendation on the frequency of future votes on the compensation of our named executive officers requires the favorable vote of a plurality of all votes cast by the holders of the Common Stock at a meeting at which a quorum is present. The frequency (every year, every two years or every three years) that receives a plurality of all votes cast by the holders of the Common Stock at a meeting at which a quorum is present will

be considered the frequency recommended by the shareholders. Broker non-votes and abstentions will have no effect on the outcome of this proposal.

Proposal Four: The ratification of the Corporation's independent registered public accounting firm for the year ending June 30, 2018 also requires the favorable vote of a majority of all votes cast by the holders of the Common⁴ Stock at a meeting at which a quorum is present. Broker non-votes and abstentions will have no effect on the outcome of this proposal.

CORPORATE GOVERNANCE

The Board has standing Audit, Compensation, Nominating and Governance and Executive Committees. In addition, the Board has adopted a Corporate Governance Program that includes Corporate Governance Principles, a Code of Business Ethics and Standards of Conduct. The charters of the Audit, Compensation and Nominating and Governance Committees and the Corporate Governance Principles, Code of Business Ethics and Standards of Conduct are posted on the Corporation's web site at

<http://www.lancastercolony.com/investors/corporate-governance/governance-documents/default.aspx>.

Director Independence — The Board and the Nominating and Governance Committee have reviewed and evaluated transactions and relationships with Board members and Board nominees to determine the independence of each of the members or nominees. The Board does not believe that any of its nonemployee members or nominees have relationships with the Corporation that would interfere with the exercise of independent judgment in carrying out his or her responsibilities as a director. The Board and the Nominating and Governance Committee have determined that a majority of the Board's members are "independent directors," as that term is defined in the applicable Nasdaq Global Select Market ("Nasdaq") listing standards. The Board has identified and determined that Ms. Bendapudi and Messrs. Bachmann, Carter, Cooke, Fox, Harris, Ostryniec, and Sofia are independent directors.

Board Attendance — Each member of the Board is expected to make a reasonable effort to attend all meetings of the Board, all applicable committee meetings, and each annual meeting of shareholders. All members of the Board attended the 2016 Annual Meeting of Shareholders and each of the current members of the Board is expected to attend the 2017 Annual Meeting. The Board held a total of seven meetings during fiscal 2017. Each director, except Ms. Bendapudi, attended at least 75% of the aggregate meetings of the Board and the committees on which he or she served in fiscal 2017.

Board Leadership Structure — Mr. John B. Gerlach, Jr. currently serves as the Executive Chairman of the Board. Mr. David A. Ciesinski currently serves as the Corporation's Chief Executive Officer ("CEO"). The Board believes that the Corporation and its shareholders are best served by retaining the Board's flexibility to allocate the responsibilities of Executive Chairman of the Board and CEO in any way that is in the best interests of the Corporation at any future point in time.

The Corporation's Corporate Governance Principles require the Corporation to have a Lead Independent Director at any time during which the positions of Chairman of the Board and CEO are held by the same person and also permit the appointment of a Lead Independent Director at any other time. Mr. James B. Bachmann was appointed Lead Independent Director in 2007, and he continues to serve as Lead Independent Director. Under the amended Corporate Governance Principles, the Lead Independent Director:

- Works closely with the Chairman to approve the information presented to the Board and set and approve meeting agendas and meeting schedules;
- Chairs meetings of the Board in the absence of the Chairman;

- Oversees meetings of the independent directors, including executive sessions of the nonemployee directors;
- Serves as the principal liaison between the independent directors and the Chairman;
- Takes a leading role in the Board evaluation process; and
- Has the authority to call meetings of the independent directors from time to time.

Mr. Gerlach, in his capacity as Executive Chairman, serves as a bridge between the Board and management and provides critical leadership for carrying out the Corporation's strategic initiatives and confronting its challenges. In short, the Board believes that an Executive Chairman who is a member of the management team and a significant shareholder is well situated to assess the Corporation's strategy and business plans to maximize shareholder value. The Board believes that Board independence and oversight of management are effectively maintained through the Board's current composition, committee system and the position of Lead Independent Director.

Board Role in Risk Oversight — The Board, together with the Audit Committee and the Compensation Committee, are primarily responsible for overseeing the Corporation's risk management. Management of the Corporation has formed an Enterprise Risk Management Committee ("ERM Committee") consisting of the CEO, CFO, Senior Vice President of Operations, Director of Internal Audit, General Counsel, Director of Risk Management and Employee Benefits and Manager of Corporate Insurance. The primary responsibility of the ERM Committee is to promote the development of sound policies, procedures and practices for managing the Corporation's material risks and to report the results of the ERM Committee's activities to the Audit Committee. The ERM Committee provides the Audit Committee with reports on a periodic basis, and the full Board is provided an overview of key risks from various members of senior management. In addition, the Compensation Committee oversees risk requiring its expertise, such as those related to incentive compensation programs and policies.

Although the Board and its committees oversee risk management for the Corporation, management is responsible for the day-to-day management and mitigation of the Corporation's risks. We believe this division of responsibility reflects the appropriate roles of the Board and management in assessing and managing risks and has no effect on the Board's leadership structure.

Director Qualifications — The Nominating and Governance Committee will look for candidates who possess qualifications that meet our strategic needs; possess the highest personal and professional ethics, integrity and values; have an understanding of our business; have diverse experiences in key business, financial and other challenges that are faced by publicly held corporations with a consumer focus; and represent the long-term interest of our shareholders. In particular, the Nominating and Governance Committee will look for candidates with special and diverse experience in areas such as management of public companies or other large organizations; consumer packaged goods, particularly retail food companies; investment banking or the banking industry; accounting and finance; technology; supply chain; and retail/mass marketing experience. We expect our directors to represent all shareholders rather than special interest groups or any group of shareholders.

Corporate Governance Principles — The Board, on the recommendation of the Nominating and Governance Committee, adopted a set of Corporate Governance Principles in 2005. These Corporate Governance Principles were amended in 2007, 2012, 2016 and 2017. The Corporate Governance Principles relate to the role, composition, structure and functions of the Board. The Nominating and Governance Committee is responsible for periodically reviewing these Corporate Governance Principles and recommending any changes to the Board.

Majority Voting Policy in Uncontested Elections — The Board, on the recommendation of the Nominating and Governance Committee, adopted a policy in 2016 stating that in an uncontested election of directors (i.e. an election where the number of nominees does not exceed the number of directors to be elected), a nominee who receives more "Withheld" votes than "For" votes in such election is expected to promptly tender his or her resignation as a director. The Nominating and Governance Committee shall consider each tendered director resignation and recommend to the Board whether to accept or reject it. After considering the recommendation of the Nominating and Governance Committee and any other information the Board deems appropriate, and within 90 days following the certification of the election results, the Board will act to accept or reject each tendered director resignation and promptly disclose its decision.

If a director's resignation is rejected, the Board will disclose the reasons for its decision and the director will continue to serve the remainder of his or her term until his or her successor is duly elected or until his or her earlier death,

resignation or removal. If a director's resignation is accepted, the Board, in its sole discretion, may fill any resulting vacancy or decrease the size of the Board, in each case to the extent permitted by the Corporation's Amended and Restated Code of Regulations.

Any director who tenders a resignation under this policy may not participate in the Nominating and Governance Committee recommendation or the action of the Board regarding whether to accept or reject such tender of resignation.

Code of Business Ethics and Standards of Conduct — The Corporation has adopted a Code of Business Ethics and Standards of Conduct that inform the Corporation's directors and employees of their legal and ethical obligations to the Corporation and set a high standard of business conduct. The Code of Business Ethics and Standards of Conduct apply to all employees and,

where applicable, to directors of the Corporation. The Corporation intends to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding any amendment to, or waiver from, any provision (including the standards listed under Item 406(b) of Regulation S-K) of the Code of Business Ethics that applies to the Corporation's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions by posting such information on the Corporation's website at

<http://www.lancastercolony.com/investors/corporate-governance/default.aspx>.

Shareholder Communication with the Board — Any of the directors may be contacted by writing to them at: Board of Directors, c/o Corporate Secretary's Office, Lancaster Colony Corporation, 380 Polaris Parkway, Suite 400, Westerville, Ohio 43082. The directors have requested that the Secretary of the Corporation act as their agent in processing any communication received. All communications that relate to matters that are within the scope of responsibilities of the Board and its committees will be forwarded to the Board of Directors. Communications relating to matters within the responsibility of one of the committees of the Board will be forwarded to the Chairperson of the appropriate committee. Communications relating to ordinary business matters are not within the scope of the Board's responsibility and will be forwarded to the appropriate officer at the Corporation. Solicitations, advertising materials and frivolous or inappropriate communications will not be forwarded.

BOARD COMMITTEES AND MEETINGS

Audit Committee — The Board has established an audit committee (the "Audit Committee") that currently consists of Messrs. Bachmann, Carter, Cooke, Harris, and Ostryniec. Mr. Bachmann serves as Chairperson of the Audit Committee. The Board has determined that each member of the Audit Committee meets Nasdaq independence requirements and that Messrs. Bachmann, Carter and Cooke are "audit committee financial experts," as defined in Item 407(d)(5) of Regulation S-K. With respect to its assessment of whether Messrs. Bachmann, Carter and Cooke are "audit committee financial experts," the Board considered, among other things, their business experience and background described previously within this Proxy Statement. The Audit Committee operates pursuant to a charter that was approved by the Board in 2004 and amended in 2007 and 2010. The duties of the Audit Committee include the responsibility of reviewing financial information (both external and internal) about the Corporation and its subsidiaries so as to assure (i) that the overall audit coverage of the Corporation and its subsidiaries is satisfactory and appropriate to protect the shareholders from undue risks and (ii) that an adequate system of internal financial control has been designed and implemented throughout the Corporation and is being effectively maintained. Additionally, the Audit Committee has sole authority and direct responsibility with respect to the appointment, compensation, retention and oversight of the Corporation's independent registered public accounting firm, or independent auditor. Also, as part of its duties, the Audit Committee has adopted procedures for receiving and acting on complaints received by the Corporation regarding accounting, internal controls and auditing issues. Such complaints should be sent to the attention of the Corporate Secretary's Office, Lancaster Colony Corporation, 380 Polaris Parkway, Suite 400, Westerville, Ohio 43082. The Audit Committee annually reviews the Audit Committee charter and annually evaluates the Audit Committee's performance. The Audit Committee held four meetings during fiscal 2017.

Compensation Committee — The Board has established a compensation committee (the "Compensation Committee") that currently consists of Ms. Bendapudi and Messrs. Cooke, Fox, and Sofia. Mr. Sofia serves as Chairperson of the Compensation Committee. It has been determined by the Board that each member of the Compensation Committee meets Nasdaq independence requirements. The Compensation Committee operates pursuant to a charter that was approved by the Board in 2004 and amended in 2008, 2010, 2013 and 2016. The duties of the Compensation Committee include: annually determining the compensation of the Chief Executive Officer, President and other key executives and reviewing and approving goals and objectives relevant to their activities; reviewing and approving the Chief Executive Officer's recommendations as to the compensation to be paid other executive officers of the Corporation; reviewing and approving offers to potential executive officers to join the Corporation; reviewing and approving perquisite policies; reviewing and approving employment agreements, severance or retention plans or agreements and severance or termination payments; retaining and overseeing compensation consultants and other advisors; overseeing regulatory compliance regarding compensation matters; establishing and evaluating performance goals and the level of achievement of such goals; reviewing and offering advice regarding direct compensation,

equity-based compensation and retirement pay programs; administering equity-based compensation plans and approving equity awards; reporting activities to the Board; reviewing and discussing the Compensation Discussion and Analysis with the Corporation's management; determining whether to recommend to the Board that the Compensation Discussion and Analysis be included in the Corporation's Annual Report on Form 10-K and Proxy Statement; preparing a Compensation Committee Report for inclusion in the Corporation's Annual Report on Form 10-K and Proxy Statement; periodically reviewing director compensation in relation to other comparable companies and in light of other facts the Compensation Committee finds appropriate; annually reviewing the Compensation Committee charter; and annually evaluating the Compensation Committee's performance. The charter does not provide the Compensation Committee with any delegation authority regarding its duties, except for the ability to delegate authority to approve equity awards to a subcommittee of the Compensation Committee. See the discussion below under "Compensation Discussion and Analysis" and "Compensation of Directors" for more information about the Compensation Committee's processes and procedures. The Compensation Committee held four meetings during fiscal 2017.

Nominating and Governance Committee — The Board has established a nominating and governance committee (the “Nominating and Governance Committee”) that currently consists of Ms. Bendapudi and Messrs. Fox, Harris and Sofia. Mr. Fox serves as Chairperson of the Nominating and Governance Committee. It has been determined by the Board that each member of the Nominating and Governance Committee meets Nasdaq independence requirements. The Nominating and Governance Committee operates pursuant to a charter that was approved by the Board in 2004 and amended in 2005, 2010 and 2012. The duties of the Nominating and Governance Committee include identification and nominations to the Board of candidates for election as directors of the Corporation and the development and review of a set of Corporate Governance Principles. As part of its assigned duties, the Nominating and Governance Committee has reviewed the Corporate Governance Principles and found them to be acceptable in scope and application and has so reported to the Board. The Nominating and Governance Committee held three meetings during fiscal 2017.

The Nominating and Governance Committee uses different sources to identify Board candidates, including the Corporation’s executive officers and current members of the Board. The Nominating and Governance Committee also considers the nomination of director candidates recommended by shareholders in conformance with the tests and standards outlined in the Nominating and Governance Committee’s charter and the Corporation’s Amended and Restated Code of Regulations. The Nominating and Governance Committee uses the same manner and process for evaluating every candidate for Board membership, regardless of the original source of the candidate’s nomination. The Nominating and Governance Committee generally considers the subject of diversity as described above under “Corporate Governance – Director Qualifications.” Recommendations to the Nominating and Governance Committee from shareholders regarding candidates must be delivered to the Corporation’s Corporate Secretary no later than June 30 of the year in which such shareholder proposes that the recommended candidate stand for election. Section 2.03 of the Corporation’s Code of Regulations authorizes director nominations to be made by shareholders if the conditions specified therein are met, including the giving of advance notice and the furnishing of certain personal background information and a written statement from the proposed candidate agreeing to be identified in the Proxy Statement as a nominee and, if elected, to serve as a director. The Nominating and Governance Committee currently has not set specific, minimum qualifications or criteria for nominees that it proposes for Board membership, but evaluates the entirety of each candidate’s credentials. The Nominating and Governance Committee believes, however, that the Corporation will be best served if its directors bring to the Board a variety of experience and backgrounds and, among other things, demonstrated integrity, executive leadership and financial, marketing, technology, supply chain or business knowledge and experience.

Executive Committee — The Board has established an executive committee (the “Executive Committee”) that currently consists of Messrs. Gerlach, Fox and Bachmann. No particular director serves as Chairperson of the Executive Committee. The Executive Committee operates pursuant to resolutions that were adopted by the Board in February 2008. The Executive Committee exercises the power and authority of the Board in managing the business and affairs of the Corporation (other than any power or authority specifically precluded by applicable law, the Corporation’s Articles of Incorporation or Amended and Restated Code of Regulations, or by limiting resolutions of the Board), but the Executive Committee acts only in the intervals between meetings of the Board. Furthermore, all acts of the Executive Committee must be reported at the next Board meeting. The Executive Committee met three times during fiscal 2017.

COMPENSATION DISCUSSION AND ANALYSIS

In this section, we discuss the principles underlying our executive compensation policies and decisions and the most important factors relevant to an analysis of these policies and decisions. We provide qualitative information regarding the manner and context in which compensation is awarded to and earned by our named executive officers to give perspective to the data we present in the compensation tables below, as well as the narratives that follow the tables.

Executive Summary

During 2017, we continued a food-focused strategy that we believe will best increase long-term shareholder value. The strategy involved continuing to grow our existing specialty food businesses organically and expand our business through strategic acquisitions, such as the acquisition of Angelic Bakehouse, Inc. (“Angelic”) in November 2016. Angelic is a manufacturer and

marketer of premium sprouted grain bakery products located near Milwaukee, Wisconsin. We continue to evaluate additional acquisition opportunities that match our existing food-focused operations and anticipate growth from potential future acquisitions.

During fiscal 2017, we achieved the following financial outcomes from continuing operations:

Overall sales increased 1% to \$1.2 billion. Our retail net sales increased with growth from certain product lines and the incremental contribution from our acquisition of Angelic. Our foodservice sales declined as influenced by our targeted customer rationalization efforts that began in the third quarter of 2016 and deflationary pricing.

Operating income decreased 5% as impacted by higher retail trade spending, deflationary pricing and higher selling, general and administrative costs. Offsetting these negative factors were lower raw-material costs and a more favorable sales mix. In addition, we incurred a one-time charge of \$17.6 million in the third quarter related to our withdrawal from an underfunded multiemployer pension plan. Excluding this charge, our operating income increased \$7.7 million, or 4.2%, to \$192.3 million.

After making the adjustments noted below, value-added income, a key factor in our annual incentive plans, increased by 8% at both the corporate level and in the Specialty Foods segment.

The 2017 incentive calculation excludes the impact of the \$17.6 million one-time multiemployer pension charge. In addition, the financial impact of Angelic, including its sales, operating income and net assets, was excluded from the 2017 incentive calculation because that business was acquired during the course of the year and was therefore not considered in the development of the 2017 incentive plan.

The value-added income at the corporate level increased because of higher 2017 adjusted operating income, partially offset by a slight increase in the average net asset level. The annual incentive for Mr. Fell, our CFO, is based on this value-added income.

Value-added income in the Specialty Foods segment also increased as compared to 2016, which impacted the annual incentive payout for Mr. Ciesinski, our CEO as of July 1, 2017, and the President of the Corporation and its T. Marzetti Company subsidiary during fiscal 2017.

Net income and net income per common share (fully diluted) decreased by 5.3% and 5.4%, respectively, primarily impacted by the pension charge discussed above.

Return on beginning shareholders' equity was 22.5%.

Our financial strength remained strong with a year-end cash balance of \$143.1 million and no debt.

Our ongoing shareholders experienced a negative total shareholder return of (2.3%) during fiscal 2017. Shareholder returns are inclusive of \$59.0 million in dividends, which represented a year-end dividend rate of \$2.15 per share.

Three-year total shareholder return was 42.1%, including dividends.

Based on the financial performance results noted above, we provided the following pay outcomes to our named executive officers (Messrs. Gerlach, Ciesinski and Fell) for fiscal 2017:

Salary increases of 5% to Messrs. Gerlach and Fell made at the beginning of 2017. Mr. Ciesinski joined the Corporation in April 2016 and was not a named executive officer in the 2015 fiscal year.

Annual incentive payouts for 2017 were as follows versus those provided in 2016:

Similar to 2016, Mr. Gerlach did not receive an annual incentive payout for 2017 based on the discretionary judgment of the Compensation Committee.

Mr. Ciesinski's annual incentive payout for 2017 of \$445,480 was based on the value-added income and the sales growth achieved by the Specialty Foods segment. As noted, 2017 was Mr. Ciesinski's first full fiscal year with the Corporation and his 2017 annual incentive payment is a substantial increase over his \$110,800 in incentive payments for 2016, which was based on his partial-year employment and the judgment of the Compensation Committee.

Mr. Fell's annual incentive payout increased in 2017 by 3.0% on higher corporate value-added income offset by a decrease in the discretionary portion of his payout.

The value of equity grants in 2017 varied among the named executive officer group, but were generally reflective of outstanding long-term financial and shareholder performance and were as follows:

Mr. Gerlach received an equity grant with a total value of \$600,014 in 2017, an increase of 20% over 2016.

- Mr. Ciesinski received equity grants with a value of \$1,249,992, an increase of 25% over 2016, part of which was made in connection with his appointment as Chief Executive Officer on July 1, 2017.
 - Mr. Fell received an equity grant with a value of \$275,046, an increase of 10% over 2016.
- Total direct compensation (salary, cash incentive payments and equity grants) for Messrs. Gerlach, Ciesinski and Fell increased 10.0%, 90.8% and 5.7%, respectively in 2017 as compared to 2016. The significant annual increase for Mr. Ciesinski is a function of his first full year of employment in 2017 as it reflects a full-year salary and a full-year annual incentive payout for the first time.

In addition, the named executive officers each have significant equity positions and shared in the total shareholder return experienced by shareholders in fiscal 2017. Our Compensation Committee believes the above pay outcomes were appropriate in the context of the financial and shareholder return performances described above.

Executive Compensation Program Philosophy and Objectives

The primary objective of our key executive compensation program is to reward our named executive officers for their efforts in:

- attaining market or above-market financial results;
- achieving our strategic goals; and
- increasing long-term shareholder value.

As a result, our executive compensation philosophy is focused on “pay for performance.”

For us, a “pay for performance” philosophy means providing competitive compensation outcomes when performance meets our expectations, but also realizing that results above or below our expectations may result in above-market or below-market compensation outcomes. To further this philosophy, we have designed our executive compensation program to achieve the following objectives:

- motivation of our named executive officers to help achieve superior financial and operational performance;
- continued alignment of our named executive officers’ compensation interests with our goal of creating long-term shareholder value; and
- attraction and retention of key executive talent.

We believe our executive compensation program should promote long-term shareholder value and should not be overly influenced by the short-term performance of our stock. We further believe our named executive officers are focused on promoting long-term shareholder value because they are significant shareholders of our Common Stock. In our experience, salary, annual cash incentive awards and long-term equity-based awards, as the primary elements of our executive compensation program, are the best vehicles to align our executives’ interests with our goal of promoting long-term shareholder value. We also understand our executive compensation programs provide a starting point, or baseline of comparison, for the compensation we pay to our other employees. For this reason, we believe our executive compensation program should strike an appropriate balance among rewards, incentives and expectations. While these broad concepts generally govern our executive compensation program, we also take into account specific factors particular to each executive officer when making individual compensation decisions, which we describe in detail below. These factors include the executive’s range of responsibilities and related performance measures and other individual factors affecting each executive’s performance. We also engage in a general “double-check” of our executive compensation levels against amounts paid to executive officers with similar responsibilities in similarly situated companies, but we do not specifically benchmark compensation against percentiles or ranges of compensation provided by such companies.

At our 2016 Annual Meeting, our executive compensation program received approval from 99.7% of our shareholders casting votes on the matter, indicating strong shareholder support for the Compensation Committee’s executive compensation decisions and policies. There are many factors contributing to the Compensation Committee’s decision on whether to make significant changes to our compensation mix, including, shareholder approval, peer group actions, target pay levels, performance metrics, or other compensation policies. The Compensation Committee will continue to consider results from future shareholder advisory votes in its ongoing evaluation of our executive compensation programs and practices. These advisory votes on executive compensation have been held annually since 2011, but the Compensation Committee will consider the results of this year’s shareholder advisory vote in determining the frequency of such future votes.

Compensation Administration and Consultant

The Compensation Committee reviews and determines the compensation for our named executive officers. The compensation we paid our named executive officers for fiscal 2017 is disclosed in detail in the tables and narratives below under the heading “Executive Compensation.” Our Compensation Committee is also responsible for, among other duties, structuring and administering the compensation programs and plans in which our named executive officers participate.

During fiscal 2017, the Compensation Committee retained the services of an independent executive compensation consultant, Pay Governance LLC (“Pay Governance”). Pay Governance reports directly to the Compensation Committee and did not provide any other types of service to us during fiscal 2017. The Compensation Committee believes there were no conflicts of interest between Pay Governance and the Compensation Committee during fiscal 2017. In reaching this conclusion, the Compensation Committee considered the compensation consultant independence factors set forth in Rule 10C-1(b)(4) of the Securities Exchange Act of 1934, as amended.

Pay Governance reevaluated our peer group and, based on its recommendations and input from management, the Compensation Committee adopted changes to the peer group for 2017 as provided below. In addition, Pay Governance provided information regarding median compensation for our named executive officers, Messrs. Gerlach, Ciesinski and Fell. The information was used by the Compensation Committee to obtain a general understanding of current compensation practices in our competitive market rather than for benchmarking purposes.

Over time, the Compensation Committee has worked to include peer companies with the following characteristics:

- annual revenues generally between 50% and 250% of the Corporation’s annual revenues;
 - companies primarily competing in the Packaged Foods and Meats category and other related categories; and
 - a market cap similar to ours (i.e., between \$1 billion and \$5 billion vs. our market cap in excess of \$3 billion).
- As a result, during 2017 we added Hostess Brands, Inc. to our designated peer group and deleted the following three companies for the stated reasons:
- Treehouse Foods Inc. (revenues too large)
 - Coca-Cola Bottling Co. Consolidated (revenues too large and not in Packaged Goods and Meats category)
 - Amplify Snack Brands, Inc. (revenues too small and market cap below \$1 billion)

We anticipate further changes in the peer group, given expected future disparate revenue growth rates among the current peer companies as well as future mergers and acquisitions.

Our peer group for 2017 consists of the following companies:

- | | |
|-----------------------------|----------------------------------|
| • B&G Foods, Inc. | • Blue Buffalo Pet Products Inc. |
| • Calavo Growers Inc. | • Cal-Maine Foods, Inc. |
| • Hain Celestial Group Inc. | • Hostess Brands Inc. |
| • J&J Snack Foods Corp. | • National Beverage Corp. |
| • Pinnacle Foods Inc. | • Prestige Brands Holdings Inc. |
| • Revlon, Inc. | • Sanderson Farms Inc. |
| • Snyder’s-Lance Inc. | • Tootsie Roll Industries, Inc. |

Our fiscal 2017 revenues were near the median of the chosen peer companies (56th percentile), while our market capitalization and total enterprise value were at the 69th and 42nd percentiles of the 2017 peer group, respectively. Total enterprise value is defined as market cap plus long-term debt less cash.

Compensation Processes, Procedures and Comparison to Peer Group

Generally, our Compensation Committee establishes salaries for the current fiscal year and annual cash incentive award payouts for the prior fiscal year at its regularly scheduled August meeting. Historically, at this meeting, our Compensation Committee reviews the elements of each named executive officer’s total compensation during the previous fiscal year. Our Chief Executive Officer then makes compensation recommendations to our Compensation Committee with respect to the members of senior management who report to him, but those executives are not present in the meeting during compensation deliberations.

The Compensation Committee Chair then makes compensation recommendations in executive session to our Compensation Committee with respect to our Executive Chairman and Chief Executive Officer, who are absent from

the meeting

14

at that time. Our Compensation Committee also compares our named executive officers' compensation with that offered to executive officers employed by companies in our peer group, based on information about the peer group companies supplied by Pay Governance, during the first part of the review process as a "double-check" against market compensation practices rather than as a formal benchmarking process.

Our Compensation Committee may accept or make adjustments to the recommendations it receives in establishing the final compensation for each of the named executive officers. In general, when setting each component of compensation for our named executive officers, our Compensation Committee considers the following performance factors:

- our previous year's operating results and achievement of our performance objectives;
- the relative value of the executive's unique skills, competencies and institutional knowledge;
- the executive's performance of his or her responsibilities; and
- the executive's contribution toward our long-term strategic objectives and our goal of creating long-term shareholder value.

With the exception of our Executive Chairman, as discussed in more detail below, we believe the total cash compensation paid to our named executive officers (the combination of salary and annual cash incentives) for fiscal 2017 was in line with market median compensation paid for executives holding similar positions in our peer group based on the Compensation Committee's general understanding of current compensation practices in our competitive market.

Primary Elements of Compensation

As noted, we have established executive compensation objectives primarily focused on helping us create long-term shareholder value. We believe we can best achieve our executive compensation program objectives by offering competitive short-term cash compensation combined with appropriate long-term equity-based compensation tied to our operating results and our achievement of incremental shareholder value. To this end, the primary elements of our executive compensation program are salary, annual cash incentive awards and long-term equity-based incentive awards, which are described in detail below. Generally, we look at our named executive officers' compensation arrangements in total when establishing salaries, annual cash and long-term equity incentive awards.

Salaries. We provide our named executive officers with annual salaries to attract and retain the executives and to provide them with a steady source of annual cash income. For each named executive officer, salary represents a risk-free cash compensation component. We establish salaries to reward our named executive officers for their overall level of expertise, responsibilities, experience and other factors unique to each individual executive officer, as determined by our Compensation Committee. However, our general policy is the salaries for our named executive officers should not exceed median salaries for executive officers with similar responsibilities within our peer group. For fiscal 2017, the amount of each named executive officer's salary increase expressed as a percentage of such officer's fiscal 2016 salary, was as follows: Mr. Gerlach, 5.0% and Mr. Fell, 5.2%. These increases were approved by the Committee at its August 2016 meeting. Mr. Ciesinski joined the Corporation and became a named executive officer in April 2016 and thus his salary increase for fiscal 2017 expressed as a percentage of the prior year is not meaningful.

For fiscal 2018, excluding Mr. Gerlach, we increased our continuing named executive officers' salaries by an average of 14.4%. Mr. Gerlach's salary decreased by 33.0% to \$700,000 as he was succeeded by Mr. Ciesinski as Chief Executive Officer on July 1, 2017. The salary changes for Mr. Gerlach and Mr. Ciesinski were approved by the Compensation Committee and became effective at the time of the title changes on July 1, 2017. Mr. Fell's salary increase for fiscal year 2018, was approved by our Compensation Committee at its meeting in August 2017.

Expressed as a percentage of such officer's fiscal 2017 salary, the changes in salary were as follows: Mr. Ciesinski, 22.0% and Mr. Fell, 3.0%.

The Compensation Committee increased Mr. Ciesinski's salary by a significant percentage for fiscal 2018 based on his promotion to Chief Executive Officer.

The Compensation Committee increased Mr. Fell's 2018 salary based on his experience handling financial matters for the Corporation, his in-depth knowledge of our business, and the Compensation Committee's and Mr. Gerlach's satisfaction with Mr. Fell's job performance during 2017.

Annual Cash Incentive Awards. We also provide our named executive officers with annual cash incentive awards designed to motivate them to help us achieve our annual financial goals. The annual cash incentive award represents a performance-based, variable and “at-risk” cash component of compensation for each named executive officer. Under this program, Mr. Ciesinski and Mr. Fell were each provided the opportunity to earn an annual cash incentive payment for fiscal 2017 based on our achievement

of certain financial objectives. We granted this award to Mr. Ciesinski based on his responsibilities for our Specialty Foods segment and to Mr. Fell based on his responsibilities as Chief Financial Officer.

Our Executive Chairman of the Board, Mr. Gerlach, does not participate in our annual cash incentive program and Mr. Gerlach's total annual cash compensation is below the median of our peer group. Our Compensation Committee considers this result acceptable given his significant ownership interest and the resulting low probability of his leaving the Corporation for another company.

Our Compensation Committee retains discretionary authority to modify the financial targets and raise or lower the computed incentive payment by up to 5% for Mr. Fell and up to 20% for Mr. Ciesinski based on its qualitative assessment of the executive's overall development during the course of the fiscal year. An annual cash incentive payment, if earned, is made in the following fiscal year. Annual cash incentive payments earned by our named executive officers for fiscal 2017 appear in the "Bonus" and/or "Non-Equity Incentive Plan Compensation" columns of our 2017 Summary Compensation Table.

Mr. Fell's fiscal 2017 award represented the opportunity to earn a cash incentive payment equal to 0.30% of our consolidated value-added income for fiscal 2017. For Mr. Fell, we use the following definitions and formulas to determine his financially-based annual incentive payout:

- Define value-added income as the amount by which fiscal year consolidated operating income exceeds a target level of income;

- Determine the applicable target level of income by multiplying consolidated pre-tax cost of capital by consolidated average net assets;

- Define average net assets to include accounts receivable; inventory; prepaid expenses; property, plant and equipment; other assets; goodwill; current liabilities; deferred taxes and other noncurrent liabilities; and

- Calculate value-added income by subtracting target income from operating income from continuing operations.

For our consolidated operations in fiscal 2017:

Adjusted Operating Income from	Target Income (Pre-tax Cost of Capital times	Value Added
Continuing Operations ⁽¹⁾	Average Net Assets ⁽¹⁾)	Income
\$194.4 million	- \$75.3 million (18.75% x \$402 million)	= \$119.1 million

⁽¹⁾ As noted previously, the 2017 incentive calculation excludes the impact of the \$17.6 million one-time multiemployer pension charge. In addition, the financial impact of Angelic, including its sales, operating income and net assets, was excluded from the 2017 cash incentive calculation because the business was acquired during the course of the year and was therefore not considered in the development of the 2017 incentive plan.

We use consolidated operating income and average net assets as the performance metrics for Mr. Fell's award because we believe these metrics best motivate him to employ our consolidated net assets efficiently.

Under the foregoing formula, Mr. Fell's cash incentive calculation for fiscal 2017 was \$357,000. For fiscal 2017, our Compensation Committee determined that no discretionary adjustment was needed to this calculated figure. Thus, Mr. Fell's total incentive payment for fiscal 2017 was \$357,000.

Mr. Ciesinski's fiscal 2017 award represented the opportunity to earn a cash incentive payment equal to 0.40% of our Specialty Foods segment's value-added income for fiscal 2017. For Mr. Ciesinski, we use the following definitions and formulas to determine his financially-based annual incentive payout:

- Define value-added income as the amount by which the fiscal year operating income of our Specialty Foods segment exceeds a target level of income;

- Determine the applicable target level of income by multiplying the segment's pre-tax cost of capital by the segment's average net assets;

- Define average net assets to include accounts receivable; inventory; prepaid expenses; property, plant and equipment; other assets; goodwill; current liabilities; deferred taxes and other noncurrent liabilities; and

- Calculate value-added income by subtracting target income from operating income from continuing operations.

We use operating income and average net assets as the performance metrics for Mr. Ciesinski's award because we believe these metrics best motivate him to employ the Specialty Foods segment's net assets efficiently in the

generation of operating income, higher levels of which we believe ultimately results in increased long-term shareholder value.

For our Specialty Foods segment in fiscal 2017:

Adjusted Operating Income from Continuing Operations ⁽¹⁾	- Target Income (Pre-tax Cost of Capital times Average Net Assets ⁽¹⁾)	= Value Added Income
\$206.7 million	- \$77.7 million (18.75% x \$415 million)	= \$129.0 million

(1) As noted previously, the 2017 incentive calculation excludes the impact of the \$17.6 million one-time multiemployer pension charge. In addition, the financial impact of Angelic, including its sales, operating income and net assets, was excluded from the 2017 cash incentive calculation because the business was acquired during the course of the year and was therefore not considered in the development of the 2017 incentive plan.

Mr. Ciesinski's incentive was subject to further modifications related to annual revenue growth and individual performance:

After calculating Mr. Ciesinski's incentive based on the formula described above, the resulting amount is adjusted by a modifier of 85%-115% of the calculated value depending on annual revenue growth in the Specialty Foods segment between 0% and 6%. For fiscal 2017, a growth rate of 3.0% was set as the break-even point, meaning that revenue growth above this level would increase the baseline calculation while revenue growth below this level would decrease the baseline calculation.

In addition, the incentive amount is subject to a further adjustment of plus or minus 20% based upon our Compensation Committee's assessment of a variety of factors including company and individual performance in fiscal 2017, industry trends and other considerations.

The baseline calculation of Mr. Ciesinski's incentive for fiscal 2017 was \$515,800. Excluding Angelic, revenue growth in the Specialty Foods segment for fiscal 2017 was 0.27%. Therefore, Mr. Ciesinski's incentive was further adjusted down to 86% of the baseline calculated value, for a resulting calculated incentive amount of \$445,480. For fiscal 2017, our Compensation Committee determined that no discretionary adjustment was needed to this calculated figure. Thus, Mr. Ciesinski's total incentive payment for fiscal 2017 was \$445,480.

Long-Term Equity-Based Incentive Awards. We grant our long-term equity incentives in the form of stock-settled stock appreciation rights, or appreciation rights, and time-based restricted stock. During fiscal 2017, we made the following grants to our named executive officers:

Named Executive	Appreciation Rights		Restricted Shares		Total Grant Value ('000s)
	Grant Value ('000s)	#	Grant Value ('000s)	#	
Mr. Gerlach	\$390.0	21,984	\$210.0	1,555	\$600.0
Mr. Ciesinski	\$812.5	46,784	\$437.5	3,305	\$1,250.0
Mr. Fell	\$178.7	10,076	\$96.3	713	\$275.0

The grants to Messrs. Gerlach, Ciesinski and Fell were made as part of our February 2017 grants pursuant to our form agreements for appreciation rights and restricted stock awards. Also included above, Mr. Ciesinski received a second equity grant of appreciation rights and restricted stock awards in June 2017, with a total grant value of \$250,000, related to his promotion to Chief Executive Officer on July 1, 2017. The grants of appreciation rights and restricted stock were made under our 2015 Omnibus Incentive Plan that was previously approved by our shareholders.

The relative values of the appreciation rights grants is 65% of the total equity grant value, with 35% of the value associated with the restricted stock. Our Compensation Committee believes the appreciation rights grants provide a direct incentive for recipients to increase the share price, leading to long-term shareholder value creation. The restricted stock grants are primarily designed to promote the retention of executives over the long-term. Overall, our Compensation Committee believes the awards represent an appropriate level of additional annual compensation aligned with the creation of long-term shareholder value and the retention of executive talent.

Appreciation rights give holders the right to receive stock in our Corporation equal in market value to the difference between the closing market price of our stock on the day of exercise and the base price established for the appreciation rights, as set forth in the appreciation rights award agreement, multiplied by the number of appreciation rights exercised. The base price for appreciation rights equals the closing price of our stock on the date on which the appreciation rights are granted, which for the February 2017 grants was \$135.06 and for Mr. Ciesinski's June 2017

grant was \$122.62. Appreciation rights cannot be exercised until they vest, and, for retention purposes, we have currently chosen a vesting schedule as follows: one-third of the total award will vest on each of the first, second and third anniversaries of the grant date. The appreciation rights granted under our 2015

17

Omnibus Incentive Plan will vest earlier upon a change in control of the Corporation in a pro rata amount based upon the length of time within the vesting period that has lapsed prior to the change in control. The appreciation rights award agreement also provides that the appreciation rights will vest in full if the grantee's service is terminated by the Corporation without cause or by the grantee with good reason. Appreciation rights expire on the earlier of five years from the grant date or 90 days after the grantee's employment with the Corporation ceases other than as a result of his or her death, disability or retirement, as described in more detail in the award agreement. As a result, the appreciation rights granted in February 2017 must be exercised no later than February 21, 2022. The appreciation rights granted to Mr. Ciesinski in June 2017 must be exercised no later than June 30, 2022.

The Compensation Committee granted new awards of restricted stock on the same day as the appreciation rights awards. Unlike the appreciation rights, the shares of restricted stock do not vest ratably, but vest in total on the third anniversary of the grant date, although a portion of the shares may vest at retirement as described below. This restricted stock will vest earlier upon a change in control of the Corporation if it is not assumed by the acquiring or surviving company, or if it is assumed and the grantee's employment is, within 24 months following the change in control, terminated by the Corporation other than for cause or terminated by the grantee for good reason. Once vested, the restricted stock may be traded in the same manner as other shares. Each recipient of restricted stock will receive dividends on the restricted stock during the vesting period, but will forfeit all unvested restricted stock upon termination of employment unless his or her employment is terminated by the Corporation without cause or by the recipient for good reason or as a result of his or her death or disability, as described in more detail in the award agreement. If at the date of grant an employee has reached the age of 63 and has at least 10 years of service with the Corporation, then a portion of the shares will vest upon the employee's retirement as follows: one-third will vest if the employee retires after the first anniversary of the grant date but before the second anniversary of the grant date; and two-thirds will vest if the employee retires after the second anniversary of the grant date but before full vesting of the award.

The Compensation Committee did not use any specific formulas, mathematical calculations or peer group comparisons when determining the amounts of appreciation rights and restricted stock that it granted to individual employees, including our named executive officers, during 2017. Instead, the 2017 grants were made based on the Compensation Committee's judgment, which in turn was based on the Compensation Committee's desire to award each employee enough value to achieve our retention and motivation objectives discussed above.

In the Compensation Committee's view, the amounts awarded in 2017 were necessary to retain executive talent and provide incentives for our executives to create long-term shareholder value. Mr. Gerlach's awards were based on the Compensation Committee's desire to align his long-term incentives with other executive officers. Mr. Ciesinski's awards were based on the Compensation Committee's desire to retain Mr. Ciesinski over the long-term, assist him with building significant share ownership going forward and reflect his promotion to the Chief Executive Officer position. We believe these types of equity awards offer our employees, including our named executive officers, the best form of motivation and retention incentives aligned with the long-term interests of our shareholders. We also currently expect our Compensation Committee will continue to use its judgment, based in part on recommendations by Mr. Ciesinski, to determine the appropriate level of appreciation rights and restricted stock awards because this gives the Compensation Committee the most flexibility to make awards in amounts necessary to help us achieve our long-term objectives. At this time, the Compensation Committee has not made any determinations about awards for fiscal year 2018 or future years.

The following charts depict the pay mix for Mr. Gerlach and our other named executive officers:

Other Benefits

Our named executive officers are also eligible to participate in our employee benefit plans available to all salaried employees, including our 401(k) savings plans, health insurance plan and group life insurance plan. These other benefits are discussed in detail below. In addition, our named executive officers may elect to participate in our deferred compensation program. We also make some post-termination payments and benefits available to our named executive officers, as described in detail below. The value of these benefits are reviewed annually by our Compensation Committee, but are not generally considered as part of the overall compensation program for purposes of allocating among cash, equity and other compensation.

Perquisites. We generally do not provide perquisites to our named executive officers because they do not help us achieve any of our compensation program objectives, including the promotion of long-term shareholder value. We limit the perquisites made available to our named executive officers that are not otherwise available to all salaried employees and believe this arrangement is consistent with our “pay for performance” philosophy. During fiscal 2017, we offered our named executive officers the following perquisites: life insurance and travel insurance premium payments, relocation expense reimbursements and payment of certain business-related professional and filing fees. More detailed information about perquisites for fiscal 2017 is presented below in the “All Other Compensation” column of our 2017 Summary Compensation Table.

Executive Deferred Compensation Program. The Lancaster Colony Corporation Executive Employee 2005 Deferred Compensation Plan (“DCP”) allows our named executive officers to defer up to \$50,000 of their annual cash compensation for future payment. Under the DCP, amounts deferred by our named executive officers are maintained in separate book-entry accounts. Interest on the deferred amounts is credited semi-annually on June 30 and December 31 with an annual rate of interest equal to the prime interest rate reported in the Wall Street Journal on the first business day in January (for the June 30 credit) and July (for the December 31 credit). We do not match amounts that are deferred. Distributions from the DCP are paid upon termination of employment (including death or disability), and the named executive officer may elect to receive payments in either a lump sum or a series of installments upon termination. We do not fund the DCP and participants have only an unsecured contractual commitment from us to pay the amounts due. More detailed information about the DCP is presented below in the 2017 Nonqualified Deferred Compensation Table and related narrative.

Health and Welfare Benefits. We provide healthcare, life and disability insurance and other employee benefits programs to our employees, including our named executive officers. We believe these benefits are competitive within our peer group and, while not separate incentives by themselves because they do not help us achieve any of our compensation program objectives, are essential and expected parts of any compensation program. Our benefits and risk management department is responsible for overseeing the administration of these programs. Our employee benefits programs are provided on a non-discriminatory basis to all employees. These benefits include vacation and personal time, paid holidays, medical and long and short-term disability insurance programs.

Retirement Benefits

Pension Benefits. We do not provide defined benefit pension arrangements or post-retirement health coverage for our named executive officers, as we do not believe that providing these types of benefits to our named executive officers helps us achieve any of our compensation program objectives, including the promotion of long-term shareholder value.

401(k) Savings Plan. All of our current named executive officers are eligible to participate in our Lancaster Colony Corporation 401(k) Savings Plan, a tax-qualified defined contribution plan that we refer to as our 401(k) Plan. We believe this benefit is competitive within our peer group and, while not a separate incentive by itself because it does not help us achieve any of our compensation program objectives, it is an essential and expected part of any compensation program. Under the 401(k) Plan, each employee may contribute up to 25% of eligible compensation on a pre-tax basis into an individual account (subject to limits established by the Internal Revenue Service). In any fiscal year, we will make a matching contribution to each participant’s account equal to 40% of the first 4% of the participant’s compensation that has been contributed to the 401(k) Plan. A participant may make partial withdrawals from the 401(k) Plan through a loan, based on financial hardship or, if the participant is an in-service employee, at age 59½. Single lump sum withdrawals are permitted upon an employee’s termination of employment.

Effective for calendar year 2017, the 401(k) Plan limits the annual additions that can be made to an employee's account to \$54,000 per year. Annual additions include matching contributions and before-tax contributions made by the employee. Of those annual additions, the current maximum before-tax contribution is \$18,000 per year and no more than \$270,000 of annual compensation may be taken into account in computing benefits under the 401(k) Plan. Participants age 50 and over may also contribute, on a pre-tax basis and without regard to the \$54,000 limitation on annual additions or the \$18,000 general limitation on before-tax contributions, a catch-up contribution of up to \$6,000 per year. Matching contributions from us that were paid to our named executive officers during fiscal 2017 are included in the "All Other Compensation" column of our 2017 Summary Compensation Table.

Employee Stock Ownership Plan. The Lancaster Colony Corporation Employee Stock Ownership Plan, or ESOP, is another of our tax-qualified retirement plans. The ESOP was “frozen” on December 31, 1997 when it was amended to prevent further participation and contributions and to fully vest existing account balances. The ESOP was designed to invest primarily in “employer securities” as defined in Section 409(l) of the Internal Revenue Code. The ESOP continues to offer a pre-retirement diversification right, and dividends are distributed (upon election by the participant) in the form of cash or can be reinvested in our stock and credited to a participant’s account. Distributions in the form of a single lump sum or in five annual installments are made upon a participant’s termination of employment.

Employment, Severance and Change in Control Agreements

Except for Mr. Ciesinski, we do not maintain employment agreements with any of our other named executive officers. Mr. Ciesinski’s employment agreement was effective as of April 18, 2016, and has an initial term ending on June 30, 2019. Thereafter, the employment agreement will automatically renew for successive one year terms, unless earlier terminated pursuant to its terms, or unless either we or Mr. Ciesinski provides timely written notice that the term will not be extended.

In the event Mr. Ciesinski is terminated by us without cause, by us as a result of giving notice of non-extension of the employment agreement, or by Mr. Ciesinski for good reason, then, subject to Mr. Ciesinski signing and not revoking a release of claims against us, he will receive as severance pay the greater of: (a) continued payment of his base salary for a period of twelve months, plus an amount equal to 80% of his salary in lieu of any annual incentive for the incomplete fiscal year; or (b) the amount due to Mr. Ciesinski under his change in control agreement (see discussion below). Additionally, in the event Mr. Ciesinski’s termination occurs after the completion of our fiscal year but before the payment of his annual incentive, Mr. Ciesinski will be entitled to payment of his earned but unpaid annual incentive for such completed fiscal year.

Mr. Ciesinski’s employment agreement also provides for a clawback of any incentive compensation or other compensation paid to Mr. Ciesinski as required under applicable law, government regulation, stock exchange listing requirement, or our policy.

In April 2016 and October 2016, we entered into a change in control agreement with Mr. Ciesinski and Mr. Fell, respectively, such that in the event the executive’s employment is terminated on or within 12 months following a change in control, either by us without cause, or by the executive for good reason, the executive would be entitled to a lump sum severance payment equal to the sum of: (i) accrued and unpaid salary, accrued and unpaid annual incentive from any prior completed fiscal year, and a pro-rated portion of his annual incentive for the current fiscal year; (ii) three times the sum of Mr. Ciesinski’s base salary plus his target level annual incentive for the current fiscal year or two times the sum of Mr. Fell’s base salary plus his target level annual incentive for the current fiscal year; (iii) the sum of his unvested 401(k) balance; plus two times the aggregate matching contributions payable by us into his 401(k) account for the last completed calendar year; and (iv) continued health, dental, long-term disability and life insurance coverage for two years following his date of termination. Notwithstanding the foregoing, the change in control agreements do not provide for any excise tax gross-up payments and provide that the executive’s change in control payments thereunder would be reduced by the minimum amount necessary to avoid penalties under Section 4999 of the Internal Revenue Code.

Share Ownership Guidelines

The Board adopted the following revised share ownership guidelines in 2017 to further align the interests of the Corporation’s named executive officers and the Corporation’s shareholders:

Executive Officers	Share Ownership Guideline
Executive Chairman and CEO (Messrs. Gerlach and Ciesinski)	6x annual base salary
Other Named Executive Officers (Mr. Fell)	2x annual base salary
Other Potential Future Named Executive Officers	1x annual base salary

Each executive to whom this policy applies shall have until the later of five years from the date of adoption of this policy or five years from the date such executive became subject to this policy to achieve the applicable guideline level of ownership. Mr. Gerlach and Mr. Fell have met the guidelines for fiscal 2017. Mr. Ciesinski is required to meet his increased guideline by July 2022, five years after his appointment as Chief Executive Officer.

Insider Trading, Hedging and Pledging Policies

Our Insider Trading Policy prohibits all directors and employees from short-selling common shares of the Corporation or engaging in transactions involving Corporation-based derivative securities, including, but not limited to, trading in Corporation-based option contracts (for example, buying and/or writing puts and calls). This does not prohibit the exercise of options, stock

appreciation rights, or other derivative securities received through Corporation-sponsored equity incentive plans. Our Insider Trading Policy also prohibits pledging Corporation securities as collateral for a loan, except where the person clearly demonstrates the financial capacity to repay the loan without resort to the pledged securities.

In addition, our Insider Trading Policy prohibits our directors, officers, and employees from purchasing or selling Corporation securities while in possession of material, non-public information, except through use of stock trading plans adopted pursuant to Rule 10b5-1 of the Securities Exchange Act of 1934, as amended. Rule 10b5-1 allows insiders to sell and diversify their holdings in our common shares over a designated period by adopting pre-arranged stock trading plans at a time when they are not aware of material nonpublic information about us, and thereafter sell our common shares in accordance with the terms of their stock trading plans without regard to whether or not they are in possession of material nonpublic information about the Corporation at the time of the sale.

Recoupment of Incentive Payments

We do not have a formal policy regarding adjusting or recovering annual cash incentive payments or long-term equity-based incentive awards if the relevant performance metrics upon which such awards or payments are based are later restated or otherwise adjusted in a manner that reduces the actual size of the award or payment. Instead, we will consider making adjustments or recoveries on a case-by-case basis if those situations arise and expect to comply with all recoupment requirements imposed under the Dodd-Frank Wall Street Reform and Consumer Protection Act when such requirements apply.

Accounting and Tax Considerations

Regulations issued under Section 162(m) of the Internal Revenue Code provide that compensation in excess of \$1 million paid to our named executive officers will not be deductible unless it meets specified criteria required for it to be “performance based.” In general, our Compensation Committee considers the potential impact of Section 162(m) in its review and establishment of compensation programs and payments. However, our Compensation Committee also reserves the right to provide compensation that does not meet the exemption criteria if, in its sole discretion, it determines that doing so advances our business objectives. In fiscal 2017, our Executive Chairman of the Board received non-performance based compensation paid in excess of the Internal Revenue Code Section 162(m) tax deduction limit.

Compensation-Related Risk Assessment

In 2017, the Compensation Committee reviewed and discussed the structure of our compensation program from the point of view of assessing whether any aspect of the program could potentially be expected to provide an incentive to our executive officers or other employees to take any unnecessary or inappropriate risks that could threaten our operating results, financial condition or impact long-term shareholder value. The Compensation Committee conducted an assessment of our incentive-based compensation plans (including the annual and long-term incentive programs) and our compensation practices. Further, the Compensation Committee discussed the structure of the compensation program with the Chairman of the Board and Lead Independent Director.

Based on our internal controls, policies and risk-mitigating components in our incentive arrangements currently in place, informal input from Pay Governance, discussions with the Chairman of the Board and Lead Independent Director, as well as the Compensation Committee’s formal review and discussion, the Compensation Committee believes our compensation programs represent an appropriate balance of short-term and long-term compensation and do not encourage executive officers or other employees to take unnecessary or excessive risks that are reasonably likely to have a material adverse effect on the Corporation.

As we described in “Compensation Discussion and Analysis” above, under our annual cash incentive program, Mr. Fell receives a fiscal year incentive opportunity, the amount of which is primarily determined by applying a (1) percentage rate to the value-added income attributable to the entire Corporation. The resulting cash incentive calculation is subject to discretionary adjustment on recommendation by our Chief Executive Officer and approval by our Compensation Committee, each as further described in “Compensation Discussion and Analysis” above. Because value-added income changes from year-to-year, we are unable to determine in advance the target amounts for annual cash incentive awards under our annual cash incentive program. The amount reflected in column (d) of the above table for Mr. Fell represents the estimated possible payout for fiscal 2017 based on fiscal 2016 actual performance, as required by applicable guidance. This amount is not indicative of the actual amount Mr. Fell received under the annual cash incentive program for fiscal 2017 for the reasons explained above in “Compensation Discussion and Analysis.”

The amount reflected for Mr. Ciesinski was based on the terms of his employment agreement.

The total annual cash incentive payments for our named executive officers for our performance in fiscal 2017 were determined by our Compensation Committee on August 15, 2017 and are reflected in columns (d) and/or (g) of our 2017 Summary Compensation Table above. For more information about our annual cash incentive program, see “Compensation Discussion and Analysis” above.

These amounts represent shares of restricted stock that were granted on February 21, 2017 pursuant to our 2015 (2) Omnibus Incentive Plan. The restricted stock is expected to fully vest on February 21, 2020. The grant date fair value per share was \$135.06.

This amount represents shares of restricted stock that were granted on June 30, 2017 pursuant to our 2015 Omnibus (3) Incentive Plan. The restricted stock is expected to fully vest on June 30, 2020. The grant date fair value per share was \$122.62.

These amounts represent stock-settled stock appreciation rights that were granted on February 21, 2017 pursuant to our 2015 Omnibus Incentive Plan. The stock-settled stock appreciation rights vest ratably over a three-year period beginning on February 21, 2018, can be exercised for up to five years from the date of grant and are expected to (4) fully vest on February 21, 2020. The Black-Scholes determined grant date fair value per right was \$17.74. The amounts reported in column (l) for these awards represent the grant date fair market value computed in accordance with FASB ASC Topic 718.

(5) This amount represents stock-settled stock appreciation rights that were granted on June 30, 2017 pursuant to our 2015 Omnibus Incentive Plan. The stock-settled stock appreciation rights vest ratably over a three-year period beginning on June 30, 2018, can be exercised for up to five years from the date of grant and are expected to fully vest on June 30, 2020. The Black-Scholes determined grant date fair value per right was \$16.02. The amount reported in column (i) for these awards represents the grant date fair market value computed in accordance with FASB ASC Topic 718.

None of our named executive officers is a party to an employment agreement with us except Mr. Ciesinski. Mr. Ciesinski and Mr. Fell were party to Key Employee Change in Control Agreements with the Corporation in fiscal 2017. For more information about these agreements, see “Compensation Discussion and Analysis — Employment, Severance and Change in Control Agreements” above and the disclosure below under “Potential Payments Upon Termination or Change in Control.” For more information about the other compensation arrangements in which our named executive officers participate and the proportion of our named executive officers’ total compensation represented by base salary and annual cash incentive payments or discretionary bonuses, also see “Compensation Discussion and Analysis” above.

Potential Payments Upon Termination or Change in Control

Our named executive officers may terminate employment with the Corporation under a number of different scenarios, including retirement, voluntary termination for good reason, voluntary termination without good reason, involuntary termination without cause, involuntary termination for cause, and termination in connection with a change in control, death or disability. Except as discussed below, we generally limit the payments or other forms of compensation that we will provide our named executive officers when their employment with the Corporation is terminated to compensation elements that we provide all our employees upon termination, namely payment of any earned but unpaid salary and accrued but unpaid vacation benefits.

Employment Agreements

We have an employment agreement with Mr. Ciesinski that provides for him to receive certain cash payments and other benefits if his employment is terminated with the Corporation. The terms “cause,” “good reason” and “change in control” are defined under this agreement. Cause generally means the employee’s willful engagement in malfeasance or felonious conduct that in any material respect impairs the reputation, goodwill or business position of the Corporation or involves misappropriation of the Corporation’s funds or other assets. Good reason generally means termination triggered by certain reductions in compensation, duties and responsibility and authority or certain changes in place of employment. Change in control generally means an event reportable by the Corporation on Form 8-K as a change in control and certain significant changes in the ownership of the Corporation’s Common Stock or in the makeup of the Board.

In the event Mr. Ciesinski is terminated by the Corporation without cause, by the Corporation as a result of giving notice of non-extension of the employment agreement, or by Mr. Ciesinski for good reason, then, subject to Mr. Ciesinski signing and not revoking a release of claims against the Corporation, he will receive as severance pay the greater of:

- Continued payment of his base salary for a period of twelve months, plus an amount equal to 80% of his salary in lieu of any annual incentive for the incomplete fiscal year; or
- the amount due to Mr. Ciesinski under his change in control agreement to the extent any such amount becomes due (see discussion below).

Additionally, in the event Mr. Ciesinski’s termination occurs after the completion of our fiscal year but before the payment of his annual incentive, Mr. Ciesinski will be entitled to payment of his earned but unpaid annual incentive for such completed fiscal year. See further discussion below under “Potential Payments Upon Termination or Change in Control” for more information.

Key Employee Change in Control Agreements

We have entered into change in control agreements with Mr. Ciesinski and Mr. Fell that provide for certain cash payments and other benefits if employment is terminated with the Corporation after a change in control. The terms “cause,” “good reason” and “change in control” are defined under these agreements. Cause generally means the employee’s willful engagement in malfeasance or felonious conduct that in any material respect impairs the reputation, goodwill or business position of the Corporation or involves misappropriation of funds or other assets. Good reason generally means termination triggered by certain reductions in compensation, duties and responsibility and authority or certain changes in place of employment. Change in control generally means an event reportable by the Corporation on Form 8-K as a change in control and certain significant changes in the ownership of the Corporation’s Common Stock or in the makeup of the Board.

In the event employment is terminated on or within 12 months following a change in control, either by the Corporation without cause, or by the executive for good reason, the executive would be entitled to a lump sum severance payment equal to the sum of:

-

Accrued and unpaid salary, accrued and unpaid annual incentive from any prior completed fiscal year, and a pro-rated portion of annual incentive for the current fiscal year;
• three times the sum of Mr. Ciesinski's base salary plus his target level annual incentive for the current fiscal year or
• two times the sum of Mr. Fell's base salary plus his target level annual incentive for the current fiscal year;
• the sum of any unvested 401(k) balance; plus two times the aggregate matching contributions payable by the Corporation into the executive's 401(k) account for the last completed calendar year; and
• continued health, dental, long-term disability and life insurance coverage for two years following the executive's date of termination.

Equity Based Compensation Plans

Upon a change in control, all unvested restricted stock and stock-settled stock appreciation rights granted to our named executive officers under our Amended and Restated 2005 Stock Plan that are not assumed by the surviving company will vest in full. Unvested restricted stock granted under our 2015 Omnibus Incentive Plan will vest in full upon a change in control either if it is not assumed by the surviving company or if it is assumed and there is a subsequent qualified termination of employment within 24 months. Unvested stock appreciation rights granted under the 2015 Omnibus Incentive Plan will vest upon a change in control in a pro rata amount based upon the length of time within the vesting period that has lapsed prior to the change in control.

Upon the death or disability (as defined in our equity incentive plans) of a named executive officer, all unvested restricted stock granted to such named executive officer under our equity incentive plans will vest in full. However, unvested stock-settled stock appreciation rights granted to our named executive officers under our equity incentive plans are not subject to accelerated vesting. Such unvested stock-settled stock appreciation rights are forfeited to the Corporation for no consideration upon the death or disability of a named executive officer unless the named executive officer is retirement-eligible.

Tabular Disclosure. The tables below summarize the estimated amounts of payments or compensation our named executive officers may receive under particular termination scenarios. The amounts shown in this section assume the named executive officer is terminated as of June 30, 2017 and the price per share of our common shares equals \$122.62, which was the closing price of our common shares on June 30, 2017, as reported on the Nasdaq Global Select Market. Actual amounts we may pay to any named executive officer upon termination of employment, however, can only be determined at the time of such named executive officer's actual termination.

For fiscal 2017, those assumptions can be found in footnote 11 to the financial statements included in our Annual Report on Form 10-K

(2) for the fiscal year ended June 30, 2017. The nonemployee directors had restricted stock awards outstanding as of June 30, 2017 for the following number of shares: Mr. Bachmann, 683; Ms. Bendapudi, 683; Mr. Carter, 683; Mr. Cooke, 683; Mr. Fox, 683; Mr. Harris, 683; Mr. Ostryniec, 683; and Mr. Sofia, 683. Each nonemployee director received a grant of restricted stock for fiscal 2017 as follows: 683 shares on November 21, 2016 under our 2015 Omnibus Incentive Plan. This grant of restricted stock will vest on November 21, 2017.

The amounts shown in column (g) represent dividends paid on restricted stock awards that vested during fiscal (3) 2017, which included the December 2015 special dividend of \$5.00 per share that was held in escrow until the restricted stock vested.

Our Compensation Committee reviews the level of compensation of our nonemployee directors on an annual basis. We have historically obtained data from a number of different sources to determine the appropriateness of the current level of compensation for our nonemployee directors, including:

Publicly available data describing director compensation at companies in our peer group;

Data collected by our corporate administration; and

Information obtained directly from other companies.

We compensate our nonemployee directors through a mix of cash and equity-based compensation. Except as noted in the footnotes above, our nonemployee directors received quarterly cash retainers at the following annual rates for fiscal 2017:

a retainer of \$75,000;

\$15,000 for the Chair of the Audit Committee;

\$12,500 for the Chair of the Compensation Committee;

\$10,000 for the Chair of the Nominating and Governance Committee;

\$7,500 for Committee Members;

\$20,000 for the Lead Independent Director; and

a grant of 683 shares of restricted stock to each nonemployee director, with a market value of approximately \$95,000 at the time of the grant.

We also reimburse expenses incurred by our nonemployee directors to attend Board and committee meetings. Directors who are also our employees do not receive cash or equity compensation for services on our Board in addition to compensation payable for their services as employees.

The grant of restricted stock was made on November 21, 2016 pursuant to the terms of our 2015 Omnibus Incentive Plan. The restricted stock vests one year from the grant date, or earlier upon a change in control of the Corporation, or the death or disability of the recipient. Dividends on the shares of restricted stock are held in escrow until the shares vest. The value of the grant was determined based on the recommendation of the Compensation Committee of an annual grant of restricted stock with a market value of approximately \$95,000.

In 2012, the Board adopted and implemented share ownership guidelines to further align the interests of the Corporation's independent directors and the Corporation's shareholders. These were updated in 2016 to require each independent director to own common shares of the Corporation with a value equal to at least four times the annual cash retainer for independent directors. These new requirements were effective beginning in fiscal 2017. Each director to whom this policy applies shall have until the later of five years from the date of adoption of this policy or five years from the date such director became subject to this policy to achieve the applicable guideline level of ownership. All of the Corporation's independent directors except Mr. Carter have met the guidelines. Mr. Carter is not required to meet the guidelines until November 2020.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Ms. Bendapudi and Messrs. Cooke, Fox, and Sofia served on the Compensation Committee during fiscal 2017. None of the members of the Compensation Committee during fiscal 2017 had at any time been an officer or employee of the Corporation or of any of its subsidiaries. None of the members of the Compensation Committee during fiscal 2017 had any related person transaction with the Corporation required to be disclosed under Item 404 of Regulation S-K. No executive officer of the Corporation served as a member of the compensation committee or board of directors of any other entity that had an executive officer serving as a member of the Board or Compensation Committee during fiscal 2017 such that the service would constitute an interlock under Item 407(e)(4) of Regulation S-K.

COMPENSATION COMMITTEE REPORT

The following report has been submitted by the Compensation Committee:

PROPOSAL TWO

NON-BINDING VOTE ON THE COMPENSATION OF THE CORPORATION'S NAMED EXECUTIVE OFFICERS

As required under Section 14A of the Securities Exchange Act of 1934, we are asking you to cast an advisory (non-binding) vote on the following resolution at the 2017 Annual Meeting:

RESOLVED, that, on an advisory basis, the compensation of our named executive officers, as disclosed in the Compensation Discussion and Analysis, compensation tables and related narratives and descriptions of our Proxy Statement for the 2017 Annual Meeting, is hereby APPROVED.

The Board of Directors recommends a vote "FOR" this proposal by executing and returning the enclosed proxy card. This advisory vote, commonly known as a "Say-on-Pay" vote, gives you the opportunity to express your views about the compensation we pay to our named executive officers, as described in this Proxy Statement. The Board has determined that this advisory vote of our shareholders should occur annually. The Board believes that our executive compensation program is designed appropriately and working effectively to ensure that we compensate our named executive officers for the achievement of annual and long-term performance goals enhancing shareholder value. Before you vote, please review the "Executive Summary" section, as well as the rest of our Compensation Discussion and Analysis above and the tabular and narrative disclosure that follows the Compensation Discussion and Analysis. These sections describe our named executive officer pay programs and the rationale behind the decisions made by our Compensation Committee. The next shareholder advisory vote with respect to the compensation of our executive officers is expected to occur at our 2018 Annual Meeting.

You may vote "FOR" or "AGAINST" the resolution or abstain from voting on the resolution. The result of the Say-on-Pay vote will not be binding on us or our Board. However, the Board values the views of the Corporation's shareholders.

The Board and Compensation Committee will review the results of the vote and take them into consideration in addressing future compensation policies and decisions.

PROPOSAL THREE

NON-BINDING VOTE ON THE FREQUENCY OF FUTURE NON-BINDING VOTES ON THE COMPENSATION OF THE CORPORATION'S NAMED EXECUTIVE OFFICERS

As required under Section 14A of the Securities Exchange Act of 1934, we are also asking you to cast an advisory (non-binding) vote recommending the frequency with which we should hold future shareholder advisory votes on the compensation of our named executive officers.

This advisory vote, commonly known as a "Frequency" or "Say-When-on-Pay" vote, gives you the opportunity to express your views about how frequently (but at least once every three years) we should conduct a Say-on-Pay vote. You may vote for future Say-on-Pay votes to be held every "1 YEAR," "2 YEARS" or "3 YEARS" or abstain from voting in response to this proposal.

We believe you should vote for us to conduct annual Say-on-Pay votes (1 year). Before you vote, we encourage you to consider the following:

- we think an annual Say-on-Pay vote provides shareholders with the most immediate and direct way to provide input with respect to the Corporation's current compensation arrangements;
- we believe an annual Say-on-Pay vote promotes the highest degree of transparency regarding our compensation structure;
- we think an annual Say-on-Pay vote is consistent with best practices and good corporate governance; and
- many shareholder advisory firms and institutional shareholders have publicly announced their support for annual Say-on-Pay votes.

Please note that shareholders are not voting to approve or disapprove the Board's recommendation regarding this proposal. The results of the Frequency vote will be advisory and will not be binding upon us or our Board. However, we will take into account the outcome of the Frequency vote when determining how frequently we will conduct future Say-on-Pay votes, and we will disclose our frequency decision as required by the Securities and Exchange Commission.

For these reasons, the Board of Directors unanimously recommends that shareholders vote to conduct any required shareholder advisory vote on named executive officer compensation ANNUALLY (EVERY YEAR) by executing and returning the enclosed proxy card.

AUDIT COMMITTEE REPORT

The Audit Committee is comprised solely of nonemployee directors, each of whom has been determined by the Board to be independent under the requirements of Nasdaq and SEC rules. In addition, the Board has determined that Mr. Bachmann, Mr. Carter and Mr. Cooke are “financial experts” as defined by SEC rules. The Audit Committee held four meetings during fiscal 2017. The Audit Committee operates under a written charter, which is available on the corporate governance page of the Corporation’s web site at

<http://www.lancastercolony.com/investors/corporate-governance/governance-documents/default.aspx>. Under the charter, the Audit Committee’s responsibilities include:

- Appointment and oversight of the independent auditor;
- Approval of the fees and other compensation to be paid to the Corporation’s independent auditor;
- Pre-approval of all auditing services and permitted non-audit services by the Corporation’s independent auditor;
- Review of the Corporation’s annual financial statements to be included in the Corporation’s Annual Report on Form 10-K;
- Oversight of the review and response to complaints made to the Corporation regarding accounting, internal controls and auditing matters;
- Oversight of the internal audit function; and
- Review and approval of related party transactions.

Management is responsible for the Corporation’s internal controls and preparing the Corporation’s consolidated financial statements and a report on management’s assessment of the effectiveness of internal control over financial reporting. The Corporation’s independent registered public accounting firm, Deloitte & Touche LLP, is responsible for performing an independent audit of the consolidated financial statements and issuing a report thereon and also auditing the effectiveness of internal control over financial reporting and issuing a report thereon. Their audits are performed in accordance with the standards of the Public Company Accounting Oversight Board. The Audit Committee is responsible for overseeing the conduct of these activities and appointing the Corporation’s independent registered public accounting firm. In performing its oversight function, the Audit Committee relies, without independent verification, on the information provided to it and on representations made by management and the independent registered public accounting firm.

In conducting its oversight function, the Audit Committee discusses with the Corporation’s internal auditors and the Corporation’s independent registered public accounting firm, with and without management present, the overall scope and plans for their respective audits. The Audit Committee also reviews the Corporation’s programs and key initiatives to design, implement and maintain effective internal controls over financial reporting and disclosure controls. The Audit Committee has sole discretion, in its areas of responsibility and at the Corporation’s expense, to engage independent advisors as it deems appropriate and to approve the fees and retention terms of such advisors.

The Audit Committee meets with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of the Corporation’s internal controls and the overall quality of the Corporation’s financial reporting. The Audit Committee has reviewed and discussed with management and Deloitte & Touche LLP the audited financial statements for the fiscal year ended June 30, 2017. The Audit Committee has also reviewed and discussed management’s assessment of internal control over financial reporting with management and Deloitte & Touche LLP. The Audit Committee also reviewed and discussed with Deloitte & Touche LLP its reports on the Corporation’s annual financial statements, and that the Corporation maintained, in all material respects, effective internal control over financial reporting as of June 30, 2017. The Audit Committee reviewed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3526. In addition, the Audit Committee discussed with Deloitte & Touche LLP their independence from management, and the Audit Committee has received from Deloitte & Touche LLP the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche LLP’s communications with the Audit Committee concerning independence.

Based on its review of the audited consolidated financial statements and discussions with management and Deloitte & Touche LLP, referred to above, the Audit Committee recommended to the Board the inclusion of the audited financial statements for the fiscal year ended June 30, 2017 in the Corporation's Annual Report on Form 10-K for filing with the SEC.

PROPOSAL FOUR**RATIFICATION OF THE SELECTION OF THE CORPORATION'S
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Deloitte & Touche LLP, an independent registered public accounting firm, has served as the Corporation's independent auditors since 1961 and audited the consolidated financial statements for the year ended June 30, 2017. The Audit Committee is directly responsible for the appointment of the Corporation's independent registered public accounting firm and has appointed Deloitte & Touche LLP to audit the Corporation's financial statements for the year ending June 30, 2018. Although it is not required to do so, the Audit Committee has determined to submit its selection of the independent registered public accounting firm to the Corporation's shareholders for ratification of its action as a matter of good corporate governance. In the event that Deloitte & Touche LLP is not ratified by the holders of a majority of the shares cast at the Annual Meeting, the Audit Committee will evaluate such shareholder vote when considering the selection of an independent registered public accounting firm to serve as the Corporation's auditors for the 2019 fiscal year.

Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote "FOR" the ratification of Deloitte & Touche LLP as the Corporation's independent registered public accounting firm for the year ending June 30, 2018 by executing and returning the enclosed proxy card.

AUDIT AND RELATED FEES

The following table recaps Deloitte & Touche LLP fees pertaining to the fiscal years ended June 30, 2017 and 2016:

	2017	2016
Audit Fees	\$1,240,000	\$1,254,000
Audit-Related Fees ⁽¹⁾	284,550	—
Tax Fees	—	—
All Other Fees	—	—
Total Fees	\$1,524,550	\$1,254,000

(1) The 2017 fees primarily relate to audit-related work associated with the acquisition of Angelic in November 2016. Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has established a policy regarding review and pre-approval of all audit and non-audit services expected to be performed by the Corporation's independent registered public accounting firm. When considering requests for non-audit services, the Audit Committee evaluates whether the proposed engagement risks compromise the accounting firm's independence by specifically considering the volume of the proposed non-audit services and whether those non-audit services are likely to cause the accounting firm to function in a management role, to be put in the position of auditing its own work, or to serve in an advocacy role for the Corporation. Absent strong countervailing considerations, the Audit Committee will generally not approve non-audit services if the aggregate fees for non-audit services for the year will exceed the aggregate fees for audit services, audit-related services and tax compliance services for the year. The policy also prohibits the Corporation's accounting firm from providing certain services described in the policy as prohibited services.

Generally, requests for non-audit services are submitted in writing to the Audit Committee by the Corporation's officer or employee requesting such services, along with specific supporting information described in the policy. Typically, the Audit Committee will approve non-audit services provided by the accounting firm that are closely related to the audit services, audit-related services and tax compliance services already being provided by the accounting firm, including due diligence services, subject to the fee policy described above. Between Audit Committee meetings, any two Audit Committee members may review and approve requests for non-audit services in accordance with the policy that are budgeted for \$50,000 or less, provided that the pre-approval is reported not later than the next meeting of the Audit Committee.

The Audit Committee's pre-approval policies and procedures for non-audit services are described in the "Statement of Policy of the Audit Committee of Lancaster Colony Corporation Pre-Approval of Engagements With the Independent Registered Public Accounting Firm for Non-Audit Services," which is attached to the Corporation's Audit Committee charter as Appendix A. For the fiscal year ended June 30, 2017, all of the services described above were pre-approved by the Audit Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. John B. Gerlach, Jr. serves as a Director of the Corporation and is the Executive Chairman of the Board. He is the son of Mrs. Dareth A. Gerlach, a beneficial owner of more than five percent of the Corporation's common stock.

The Corporation's Audit Committee reviews and approves or ratifies any transaction between the Corporation and a "related person" (as that term is defined under Item 404 of Regulation S-K) that is required to be disclosed under the SEC's related person transaction rules. In general, the Audit Committee charter provides that, when reviewing related person transactions, the Audit Committee will consider the following:

- the nature of the related person's interest in the transaction;
- the material terms of the transaction;
- the significance of the transaction to the related person;
- the significance of the transaction to the Corporation;
- whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the Corporation; and
- any other matters the Audit Committee deems appropriate.

In the event of any conflict between this related persons transaction policy and any similar policies contained in the Corporation's Code of Business Ethics, Standards of Conduct or other corporate governance documents, the terms of the related persons transaction policy will control. This related persons transaction policy is contained in the Audit Committee charter, a current copy of which is posted on the corporate governance page of the Corporation's web site at <http://www.lancastercolony.com/investors/corporate-governance/governance-documents/default.aspx>.
