Table of Contents

USE OF PROCEEDS

Except as otherwise described in a prospectus supplement, the net proceeds from the offering of the New Bonds will be used either (a) to repurchase or redeem one or more series of our outstanding securities on their stated due dates or in some cases prior to their stated due dates or (b) for other general corporate purposes. The specific purposes for the proceeds of a particular series of New Bonds or the specific securities, if any, to be acquired or redeemed with the proceeds of a particular series of New Bonds will be described in the prospectus supplement relating to that series.

DESCRIPTION OF THE NEW BONDS

General

We will issue the New Bonds offered by this prospectus from time to time in one or more series under one or more separate supplemental indentures to the Mortgage and Deed of Trust dated as of October 1, 1944, with Deutsche Bank Trust Company Americas, successor corporate trustee, Stanley Burg, successor co-trustee, and, as to property in Missouri, The Bank of New York Mellon Trust Company, N.A., successor co-trustee, and together referred to in this prospectus as trustees. This Mortgage and Deed of Trust, as amended and supplemented, is referred to in this prospectus as the mortgage. All first mortgage bonds issued or to be issued under the mortgage, including the New Bonds offered by this prospectus, are referred to herein as bonds.

The statements in this prospectus and any accompanying prospectus supplement concerning the New Bonds and the mortgage are not comprehensive and are subject to the detailed provisions of the mortgage. The mortgage and a form of supplemental indenture are filed as exhibits to the registration statement of which this prospectus forms a part. You should read these documents for provisions that may be important to you. The mortgage has been qualified under the Trust Indenture Act of 1939. You should refer to the Trust Indenture Act of 1939 for provisions that apply to the New Bonds. Wherever particular provisions or defined terms in the mortgage are referred to under this heading Description of the New Bonds, those provisions or defined terms are incorporated by reference in this prospectus.

Terms of Specific Series of the New Bonds

The prospectus supplement relating to each series of New Bonds offered by this prospectus will include a description of the specific terms relating to the offering of that series. These terms will include any of the following terms that apply to that series:

1. the designation, or name, of the series of New Bonds;
2. the aggregate principal amount of the series;
3. the offering price of the series;
4. the date on which the series will mature;
5. the rate or method for determining the rate at which the series will bear interest;
6. the date from which interest on the series accrues;
7. the dates on which interest on the series will be payable;

Table of Contents

8. the prices and the other terms and conditions, if any, upon which we may redeem the series prior to maturity;
9. the applicability of the dividend covenant described below to the series;
10. the terms of an insurance policy, if any, that will be provided for the payment of the principal of and/or interest on the series;
11. the rights, if any, of a holder to elect repayment; and
12. any other terms of the series not inconsistent with the provisions of the mortgage.

As of June 30, 2010, we had approximately \$1,100 million principal amount of bonds outstanding.

Payment

The New Bonds and interest thereon will be paid in any coin or currency of the United States of America that at the time of payment is legal tender at the corporate trust office of the corporate trustee in the Borough of Manhattan, City and State of New York. See *-Book-Entry Only Securities* for additional information relating to payment on the New Bonds.

Sinking or Improvement Fund

The mortgage provides that each series of bonds may be subject to annual sinking or improvement fund payments. This amount is stated as 1% per year of the greatest amount for each of these series outstanding prior to the beginning of the year, less certain retired bonds. Any series of New Bonds that we issue under this prospectus will not be entitled to these sinking or improvement fund requirements.

Redemption and Retirement

General

The prospectus supplement for a particular series of New Bonds offered by this prospectus will contain the prices and other terms and conditions, if any, for redemption of that series prior to maturity.

Special Retirement Provisions

If, during any 12-month period, we dispose of mortgaged property by order of or to any governmental authority, resulting in the receipt of \$10,000,000 or more as proceeds, we, subject to certain conditions, must apply such proceeds, less certain deductions, to the retirement of outstanding bonds. If this occurs, we may redeem the outstanding bonds of any series that are redeemable before maturity by the application of cash deposited for this purpose at the redemption prices applicable to those bonds.

We have reserved the right to amend the mortgage without any consent or other action of the holders of any series of bonds created after January 31, 1979 to eliminate these special redemption provisions. Since all of the bonds issued on or prior to January 31, 1979 have

Table of Contents

matured or have been redeemed and are no longer outstanding under the mortgage, we may exercise this right to so amend the mortgage at any time.

Form and Exchange

The New Bonds will be fully-registered bonds without coupons. See -Book-Entry Only Securities. The New Bonds will be exchangeable for other New Bonds of the same series in equal aggregate principal amounts.

Security

The New Bonds, together with all other bonds outstanding now or in the future under the mortgage, will be secured, equally and ratably, by the mortgage. The mortgage constitutes a first mortgage lien on substantially all of our property subject to bankruptcy law and:

1. leases of minor portions of our property to others for uses which do not interfere with our business;
2. leases of certain of our property that we do not use in our business; and
3. excepted encumbrances.

The mortgage does not create a lien on the following excepted property :

1. cash and securities;
2. certain equipment, materials and supplies;
3. automobiles and other vehicles and aircraft, timber, minerals, mineral rights and royalties;
4. receivables, contracts, leases and operating agreements; and
5. certain unimproved lands sold or to be sold.

The mortgage contains provisions that impose the lien of the mortgage on property that we acquire after the date of the mortgage, other than the excepted property, subject to pre-existing liens. However, if we consolidate or merge with, or sell substantially all of our mortgaged property to, a successor, the lien created by the mortgage will generally not cover the property of the successor, other than the property it acquires from us and improvements, replacements and additions to that property.

We have reserved the right to amend the mortgage without the consent or other action of the holders of any of the bonds created after February 29, 1996, to provide that, if we sell substantially all of our mortgaged property to a successor, the successor will assume all of our obligations and covenants under the mortgage and the outstanding bonds and we may be released and discharged from such obligations and covenants.

The mortgage also provides that the trustees have a lien on the mortgaged property to ensure the payment of their reasonable compensation, expenses and disbursements and for indemnity against certain liabilities. This lien takes priority over the lien securing the New Bonds.

Table of Contents

The mortgage also contains restrictions on the issuance of debt secured by a prior lien on the mortgaged property (qualified lien bonds).

Issuance of Additional Bonds

The maximum principal amount of bonds that may be issued under the mortgage is unlimited, subject to property additions, earnings and other limitations of the mortgage. Bonds of any series may be issued from time to time on the following bases:

1. 60% of the cost or fair value, whichever is less, of unfunded property additions after adjustments to offset retirements;
2. retirements of bonds or qualified lien bonds; or
3. deposit of cash with the trustees.

Property additions generally include, among other things, electric, gas, steam or hot water property acquired after June 30, 1944. Securities, automobiles or other vehicles or aircraft, or property used principally for the production or gathering of natural gas, are not included as property additions.

As of June 30, 2010, we could have issued approximately \$608 million principal amount of additional bonds on the basis of property additions and approximately \$796 million principal amount of bonds on the basis of retired bonds. When bonds are issued on the basis of property additions as described in clause (1) above, cash as described in clause (3) above or, with certain exceptions, retired bonds as described in clause (2) above, the issuance must meet an earnings test. The adjusted net earnings, before interest and income taxes, for 12 consecutive months of the preceding 15 months must be at least twice the annual interest requirements on all bonds outstanding at the time, plus the bonds to be issued, plus all indebtedness, if any, of prior rank. The adjusted net earnings are calculated with a deduction of \$5,800,000 plus 2% of net additions to mortgaged property in lieu of actual retirements of mortgaged property. Based upon the results of our operations for the twelve months ended June 30, 2010, if we were to make an application for authentication and delivery of bonds as of the date of this prospectus, solely based on the earnings coverage test (and, therefore, not taking into account the property additions and retired bond issuance limitations), we could issue approximately \$2,017 million in principal amount of bonds, in addition to the amount of bonds then outstanding (assuming an interest rate of 4% for additional bonds). Such amount will be affected by the issuance of the New Bonds and the retirement of existing bonds with the proceeds of the New Bonds and by subsequent net earnings. New Bonds in a greater amount may also be issued for the refunding of outstanding bonds.

We have reserved the right to amend the mortgage without the consent or other action of the holders of any of the bonds created after February 29, 1996, and the provisions discussed in the foregoing paragraphs describing the issuance of bonds on the basis of property additions as follows:

1. to permit the issuance of bonds on the basis of 80% of the cost or fair value, whichever is less, of unfunded property additions after adjustments to offset retirements; and

Table of Contents

2. to modify the net earnings test
 - a. to provide that the period over which we will calculate net earnings will be 12 consecutive months of the preceding 18 months;
 - b. to specifically permit the inclusion in net earnings of revenues collected subject to possible refund and allowances for funds used during construction; and
 - c. to provide for no deduction for non-recurring charges.

We have also reserved the right to amend the mortgage without any consent or other action of the holders of any of the bonds created after June 30, 1978 to make any form of space satellites including solar power satellites, space stations and other analogous facilities available as property additions. Since all of the bonds issued on or prior to June 30, 1978 have matured or have been redeemed and are no longer outstanding under the mortgage, we may exercise this right to amend the mortgage at any time.

Other than the security afforded by the lien of the mortgage and restrictions on the issuance of additional bonds described above, there are no provisions of the mortgage that grant the holders of the bonds protection in the event of a highly leveraged transaction involving us.

Release and Substitution of Property

We may release property from the lien of the mortgage, without applying an earnings test, on the following bases:

1. the deposit of cash or, to a limited extent, purchase money mortgages;
2. property additions, after adjustments in certain cases to offset retirements and after making adjustments for qualified lien bonds, if any, outstanding against property additions; and
3. a waiver of the right to issue bonds on the basis of retired bonds.

We can withdraw cash upon the bases stated in clause (2) and/or (3) above without applying an earnings test.

The mortgage also contains special provisions with respect to qualified lien bonds pledged and the disposition of moneys received on pledged prior lien bonds.

We have reserved the right to amend the mortgage without the consent or other action of the holders of any of the bonds created after February 29, 1996 to permit release or substitution of property from the lien of the mortgage on the following bases:

1. mortgaged property may be released in an amount equal to the principal amount of all the retired bonds we elected to use for the release times the bonding ratio in effect at the time the bonds were issued;
2. unfunded property may be released so long as we have at least one dollar in unfunded property additions;
3. existing limitations on the amount of obligations secured by purchase money mortgages upon property released will be eliminated such that the property can be released; and

Table of Contents

4. Funded Property shall mean property specified by us with a fair value determined by an independent expert not less than 10/8ths of the sum of the amount of the outstanding bonds and retired bonds.

Dividend Covenant

The terms of certain of our outstanding series of bonds include our covenant to restrict our payment of cash dividends on our common stock in certain circumstances. Any dividend covenant applicable to a series of New Bonds will be described in the prospectus supplement relating to that series of New Bonds. There is no assurance that the terms of future dividend covenants, if any, will be the same as those applicable to our outstanding bonds.

Modification

Your rights as a bondholder may be modified with the consent of the holders of 66 2/3% of the outstanding bonds, and, if less than all series of bonds are affected, the consent also of holders of 66 2/3% of the outstanding bonds of each series affected. In general, no modification of the terms:

1. of payment of principal or interest;
2. of obligations for special retirement due to the order of a governmental authority (see however, Redemption and Retirement Special Retirement Provisions above relating to a reservation of the right to amend this provision);
3. affecting the lien of the mortgage; or
4. reducing the percentage required for modification,

is effective against any bondholder without that bondholder's consent.

We have reserved the right to amend the mortgage without the consent or action of any of the holders of bonds created after February 29, 1996:

1. to reduce the percentage vote required to modify certain rights of the holders of the bonds to a majority of the holders of all outstanding bonds, considered as one class;
2. to provide that if a proposed change affects less than all series of outstanding bonds, then only the consent of a majority of the bonds of each series affected, considered as one class, is required to make this change; and
3. to permit us to amend the mortgage without the consent of the holders of bonds to make changes which do not adversely affect the interests of the holders in any material respect.

Defaults

Defaults under the mortgage include:

1. default in the payment of principal;
2. default for 60 days in the payment of interest or installments of funds for the retirement of bonds;
3. certain events of bankruptcy, insolvency or reorganization;

Table of Contents

4. defaults with respect to qualified lien bonds; and

5. default in other covenants for 90 days after notice.

The trustees may withhold notice of default, except in payment of principal, interest or funds for purchase or redemption of bonds, if they in good faith determine it is in the interests of the holders of the bonds.

The corporate trustee or the holders of 25% of the bonds may declare the principal and interest due and payable on default. However, a majority of the holders may annul such declaration if the default has been cured. No holder of bonds may enforce the lien of the mortgage without giving the trustees written notice of a default and unless

1. the holders of 25% of the bonds have requested the trustees in writing to act and offered them reasonable opportunity to act and indemnity satisfactory to them against the costs, expenses and liabilities to be incurred thereby; and

2. the trustees shall have failed to act.

The holders of a majority of the bonds may direct the time, method and place of conducting any proceedings for any remedy available to the trustees or exercising any trust or power conferred upon the trustees.

We are required to file an annual certificate with the trustees as to compliance with the provisions of the mortgage and as to the absence of a default with respect to any of the covenants in the mortgage.

Satisfaction and Discharge of Mortgage

The mortgage may be satisfied and discharged if and when we provide for the payment of all of the bonds and all other sums due under the mortgage.

Book-Entry Only Securities

Unless otherwise specified in the applicable prospectus supplement, the New Bonds will trade through The Depository Trust Company (DTC). Each series of New Bonds will be represented by one or more global certificates and registered in the name of Cede & Co., DTC 's nominee. Upon issuance of the global certificates, DTC or its nominee will credit, on its book-entry registration and transfer system, the principal amount of the New Bonds represented by such global certificates to the accounts of institutions that have an account with DTC or its participants. The accounts to be credited shall be designated by the underwriters. Ownership of beneficial interests in the global certificates will be limited to participants or persons that may hold interests through participants. The global certificates will be deposited with the trustee as custodian for DTC.

DTC is a New York clearing corporation and a clearing agency registered under Section 17A of the Exchange Act.

DTC holds securities for its participants. DTC also facilitates the post-trade settlement of securities transactions among its participants through electronic computerized book-entry transfers and pledges in the participants' accounts. This eliminates the need for

Table of Contents

physical movement of securities certificates. The participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Others who maintain a custodial relationship with a participant can use the DTC system. The rules that apply to DTC and those using its systems are on file with the SEC.

Purchases of the New Bonds within the DTC system must be made through participants, who will receive a credit for the New Bonds on DTC's records. The beneficial ownership interest of each purchaser will be recorded on the appropriate participant's records. Beneficial owners will not receive written confirmation from DTC of their purchases, but beneficial owners should receive written confirmations of the transactions, as well as periodic statements of their holdings, from the participants through whom they purchased New Bonds. Transfers of ownership in the New Bonds are to be accomplished by entries made on the books of the participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates for their New Bonds of a series, except if use of the book-entry system for the New Bonds of that series is discontinued.

To facilitate subsequent transfers, all New Bonds deposited by participants with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of the New Bonds with DTC and their registration in the name of Cede & Co. effects no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the New Bonds. DTC's records reflect only the identity of the participants to whose accounts such New Bonds are credited. These participants may or may not be the beneficial owners. Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to participants, and by participants to beneficial owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial owners of New Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the New Bonds, such as redemptions, tenders, defaults and proposed amendments to the mortgage. Beneficial owners of the New Bonds may wish to ascertain that the nominee holding the New Bonds has agreed to obtain and transmit notices to the beneficial owners.

Redemption notices will be sent to Cede & Co., as registered holder of the New Bonds. If less than all of the New Bonds of a series are being redeemed, DTC's practice is to determine by lot the amount of New Bonds of such series held by each participant to be redeemed.

Neither DTC nor Cede & Co. will itself consent or vote with respect to New Bonds, unless authorized by a participant in accordance with DTC's procedures. Under its usual procedures, DTC would mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those participants to whose accounts the New Bonds are credited on the record date. We believe that these arrangements will enable the beneficial owners to exercise rights equivalent in substance to the rights that can be directly exercised by a registered holder of the New Bonds.

Table of Contents

Payments of redemption proceeds, principal of, and interest on the New Bonds will be made to Cede & Co., or such other nominee as may be requested by DTC. DTC's practice is to credit participants' accounts upon DTC's receipt of funds and corresponding detail information from us or our agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices. Payments will be the responsibility of participants and not of DTC, the trustee, or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest to Cede & Co. (or such other nominee as may be requested by DTC) is our responsibility. Disbursement of payments to participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of participants.

Except as provided in the applicable prospectus supplement, a beneficial owner will not be entitled to receive physical delivery of the New Bonds. Accordingly, each beneficial owner must rely on the procedures of DTC to exercise any rights under the New Bonds.

DTC may discontinue providing its services as securities depository with respect to the New Bonds at any time by giving us reasonable notice. In the event no successor securities depository is obtained, certificates for the New Bonds will be printed and delivered. We may decide to replace DTC or any successor depository. Additionally, subject to the procedures of DTC, we may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository) with respect to some or all of the New Bonds. In that event or if an event of default with respect to a series of New Bonds has occurred and is continuing, certificates for the New Bonds of such series will be printed and delivered. If certificates for such series of New Bonds are printed and delivered, those New Bonds will be issued in fully registered form without coupons;

a holder of certificated New Bonds would be able to exchange those New Bonds, without charge, for an equal aggregate principal amount of New Bonds of the same series, having the same issue date and with identical terms and provisions; and

a holder of certificated New Bonds would be able to transfer those New Bonds without cost to another holder, other than for applicable stamp taxes or other governmental charges.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we do not take any responsibility for the accuracy of this information.

PLAN OF DISTRIBUTION

Methods and Terms of Sale

We may use a variety of methods to sell the New Bonds including:

1. through one or more underwriters or dealers;
2. directly to one or more purchasers;
3. through one or more agents; or
4. through a combination of any such methods of sale.

The prospectus supplement relating to a particular series of the New Bonds will set forth the terms of the offering of the New Bonds, including:

1. the name or names of any underwriters, dealers or agents and any syndicate of underwriters;
2. the initial public offering price;
3. any underwriting discounts and other items constituting underwriters' compensation;
4. the proceeds we receive from that sale; and
5. any discounts or concessions allowed or reallocated or paid by any underwriters to dealers.

Underwriters

If we sell the New Bonds through underwriters, they will acquire the New Bonds for their own account and may resell them from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The underwriters for a particular underwritten offering of New Bonds will be named in the applicable prospectus supplement and, if an underwriting syndicate is used, the managing underwriter or underwriters will be named on the cover page of the applicable prospectus supplement. In connection with the sale of New Bonds, the underwriters may receive compensation from us or from purchasers in the form of discounts, concessions or commissions. The obligations of the underwriters to purchase New Bonds will be subject to certain conditions. The underwriters will be obligated to purchase all of the New Bonds of a particular series if any are purchased. However, the underwriters may purchase less than all of the New Bonds of a particular series should certain circumstances involving a default of one or more underwriters occur.

The initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers by any underwriters may be changed from time to time.

Stabilizing Transactions

Underwriters may engage in stabilizing transactions and syndicate covering transactions in accordance with Rule 104 under the Exchange Act. Stabilizing transactions permit bids to purchase the underlying New Bond so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the New Bonds in the open market after the distribution has been completed in order to cover syndicate short positions.

Table of Contents

These stabilizing transactions and syndicate covering transactions may cause the price of the New Bonds to be higher than it would otherwise be if such transactions had not occurred.

Agents

If we sell the New Bonds through agents, the applicable prospectus supplement will set forth the name of any agent involved in the offer or sale of the New Bonds as well as any commissions we will pay to them. Unless otherwise indicated in the applicable prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment.

Related Transactions

Underwriters, dealers and agents (or their affiliates) may engage in transactions with, or perform services for, us or our affiliates in the ordinary course of business.

Indemnification

We will agree to indemnify any underwriters, dealers, agents or purchasers and their controlling persons against certain civil liabilities, including liabilities under the Securities Act.

Listing

Unless otherwise specified in the applicable prospectus supplement, the New Bonds will not be listed on a national securities exchange or the Nasdaq Stock Market. No assurance can be given that any broker-dealer will make a market in any series of the New Bonds and, in any event, no assurance can be given as to the liquidity of the trading market for any of the New Bonds.

The specific purposes for the proceeds of a particular series of New Bonds or the specific securities, if any, to be acquired or redeemed with the proceeds of a particular series of New Bonds will be described in the prospectus supplement relating to that series.

DESCRIPTION OF THE NEW BONDS

General

We will issue the New Bonds offered by this prospectus from time to time in one or more series under one or more separate supplemental indentures to the Indenture of Mortgage dated September 1, 1926, as supplemented and modified by the Seventh Supplemental Indenture dated as of May 1, 1946, as further supplemented and modified by supplemental indentures thereto and as to be further supplemented from time to time, under which The Bank of New York Mellon is successor trustee. This Indenture of Mortgage, as amended and supplemented, is referred to in this prospectus as the indenture. All first mortgage bonds issued or to be issued under the indenture, including the New Bonds offered by this prospectus, are referred to herein as bonds. All references to the New Bonds herein shall, unless the context otherwise requires, be deemed also to refer to each sub-series of the New Bonds if all are not issued as a single series.

The statements in this prospectus and any accompanying prospectus supplement concerning the New Bonds and the indenture are not comprehensive and are subject to the detailed provisions of the indenture. The indenture and a form of supplemental indenture are filed as exhibits to the registration statement of which this prospectus forms a part. You should read these documents for provisions that may be important to you. The indenture has been qualified under the Trust Indenture Act of 1939. You should refer to the Trust Indenture Act of 1939 for provisions that apply to the New Bonds. Wherever particular provisions or defined terms in the indenture are referred to under this heading Description of the New Bonds, those provisions or defined terms are incorporated by reference in this prospectus.

Terms of Specific Series of the New Bonds

The prospectus supplement relating to each series of New Bonds offered by this prospectus will include a description of the specific terms relating to the offering of that series. These terms will include any of the following terms that apply to that series:

1. the designation, or name, of the series of New Bonds;

Table of Contents

2. the aggregate principal amount of the series;
3. the offering price of the series;
4. the date on which the series will mature;
5. the rate or method for determining the rate at which the series will bear interest;
6. the date from which interest on the series accrues;
7. the dates on which interest on the series will be payable;
8. the prices and the other terms and conditions, if any, upon which we may redeem the series prior to maturity;
9. the applicability of the distribution covenant described below to the series;
10. the terms of an insurance policy, if any, that will be provided for the payment of the principal of and/or interest on the series;
11. the rights, if any, of a holder to elect repayment; and
12. any other terms of the series not inconsistent with the provisions of the indenture.

As of June 30, 2010, we had approximately \$1,332.120 million principal amount of bonds outstanding.

Payment

The New Bonds and interest thereon will be paid in any coin or currency of the United States of America that at the time of payment is legal tender at the corporate trust office of the trustee in the Borough of Manhattan, City and State of New York. See *Book-Entry Only Securities* for additional information relating to payment on the New Bonds.

Sinking Fund

The New Bonds will not be subject to any sinking fund, maintenance and improvement fund or other similar fund.

Redemption

The prospectus supplement for a particular series of New Bonds offered by this prospectus will contain the prices and other terms and conditions, if any, for redemption of that series prior to maturity.

Form and Exchange

The New Bonds will be fully-registered bonds without coupons. See *Book-Entry Only Securities*. The New Bonds will be exchangeable for other New Bonds of the same series, or if issued in sub-series, of the same sub-series, in equal aggregate principal amounts. Although the indenture permits us to charge up to \$2 per bond in connection with exchanges and transfers, we presently do not intend to do so with regard to the New Bonds.

Security

The New Bonds, together with all other bonds outstanding now or in the future under the indenture, will be secured, equally and ratably by a valid and direct first mortgage lien on all our principal properties, except as stated below, subject only to:

Table of Contents

1. the prior lien of the trustee for its compensation, expenses and liability,
2. such easements, leases, contracts, covenants, liens and other encumbrances and defects as are customarily encountered in comparable utility systems and are not of a character that would interfere materially with the use and operation of such properties,
3. current taxes,
4. other liens or encumbrances that are of a minor nature and that do not secure the payment of money, and
5. permitted encumbrances on our bondable property, franchises and permits.

There are excepted from the lien of the indenture: bills, notes, accounts receivable, cash, contracts, shares of stock, bonds, and notes, other evidences of indebtedness and other securities; merchandise held for sale; materials and supplies; fuel; aircraft, automobiles and trucks, etc.; oil, gas, and other minerals underlying mortgaged lands; office furniture, equipment and supplies; and certain other properties.

The indenture permits us to acquire bondable property subject to prior liens. The indenture contains provisions subjecting to the lien thereof all substitutions, replacements, additions, betterments, developments, extensions or enlargements of property owned by us on January 1, 2008 except property of the character expressly excepted and subject to certain limitations in cases of mergers and consolidations. To the extent such after-acquired property does not constitute a substitution, replacement, addition, betterment, development, extension or enlargement of mortgaged property owned by us on January 1, 2008, we may elect (but are not required) to subject such after-acquired property to the lien of the indenture.

Property Subject to Prior Liens

Property subject to any prior lien cannot constitute property additions for use as a basis for action or credit under the indenture, unless such lien is established as a refundable lien and

1. the principal amount of the outstanding indebtedness secured by such prior lien will not exceed 60% of the amount of the property subject thereto;
2. the total principal amount of the prior lien indebtedness to be outstanding will not exceed 15% of the total principal amount of the bonds then outstanding and bonds that we would then be entitled to have authenticated and delivered; and
3. the principal amount of prior lien indebtedness being established as refundable will not exceed 60% of available net additions.

Issuance of Additional Bonds

Additional bonds ranking equally and ratably with the New Bonds may be issued under the indenture, subject to the limitation that the aggregate principal amount of bonds at any one time outstanding shall not exceed \$100 billion. Such additional bonds may be authenticated and delivered

1. in an aggregate principal amount not exceeding 60% of available net additions;
2. against the deposit of cash with the trustee; and
3. against the retirement of bonds and/or refundable indebtedness.

Table of Contents

Cash we deposit with the trustee pursuant to clause (2) above may be withdrawn to the extent of 60% of available net additions or 100% of available debt retirements of bonds or refundable indebtedness.

As of June 30, 2010, we had approximately \$1,418.880 million of available debt retirements, entitling us to issue approximately \$1,152.350 million in principal amount of bonds on the basis of available debt retirements without an earnings coverage test, and we had approximately \$2,420.308 million of available net additions, entitling us to issue approximately \$1,452.185 million in principal amount of bonds on the basis of available net additions.

As a condition to the authentication and delivery of additional bonds, except on the basis of retirements of bonds or refundable indebtedness in certain cases, net earnings available for interest for 12 consecutive months within the 15 months immediately preceding the calendar month in which application for authentication and delivery of the bonds is made must have been at least twice the aggregate amount of the annual interest charges upon the outstanding bonds, the bonds then applied for, and any indebtedness to be outstanding secured by prior liens. Based upon the results of our operations for the twelve months ended June 30, 2010, if we were to make an application for authentication and delivery of bonds as of the date of this prospectus, solely based on the earnings coverage test (and, therefore, not taking into account the property additions and retired bond issuance limitations), we could issue approximately \$2,850 million in principal amount of bonds, in addition to the amount of bonds then outstanding (assuming an interest rate of 4% for additional bonds). Such amount will be affected by the issuance of the New Bonds and the retirement of existing bonds with the proceeds of the New Bonds and by subsequent net earnings. New Bonds in a greater amount may also be issued for the refunding of outstanding bonds.

Other than the security afforded by the lien of the indenture and restrictions on the issuance of additional bonds described above, there are no provisions of the indenture that grant the holders of the bonds protection in the event of a highly leveraged transaction involving us.

Release and Substitution of Property

Properties subject to the lien of the indenture may be released against

1. the deposit of cash or, within certain limits, purchase money obligations and, in certain cases, governmental or municipal obligations;
2. the deposit of the proceeds under a prior lien;
3. available net additions; and
4. available debt retirements of bonds or refundable indebtedness.

No prior notice to bondholders is required in connection with releases but subsequent reports are required in certain cases. In the event of the sale, taking or release of all or substantially all of our bondable property not subject to any nonrefundable prior lien, the proceeds must be applied to the purchase or redemption of bonds or refundable indebtedness.

Covenant as to Distributions

The terms of certain of our outstanding series of bonds include our covenant to restrict our payment of cash distributions on our common membership interests in certain circumstances. Any distribution covenant applicable to a series of New Bonds will be described in the prospectus supplement relating to that series of New Bonds. There is no assurance that the terms of future distribution covenants, if any, will be the same as those applicable to our outstanding bonds.

Trustee

At stated intervals of not more than 12 months, the trustee is required to report to the bondholders certain events, if any have occurred, including any change in its eligibility or qualifications and, if the bonds are in default, the creation of or any change in its relationship to us that constitutes a conflicting interest. In certain cases the trustee is required to share the benefit of payments received as a creditor within three months prior to default. From time to time, we may maintain deposit accounts with, and borrow funds from, the trustee. The holders of a majority of the aggregate principal amount of the bonds may require the trustee to take certain action under the indenture, including the enforcement of the lien thereof, as further described under **Defaults and Notice Thereof** below. Before acting, among other conditions, the trustee may require indemnification satisfactory to it.

Defaults and Notice Thereof

A default is defined as

1. a default in payment of principal of or premium, if any, when due;
2. a default for 30 days in payment of interest after due;
3. a default for 60 days in satisfaction of sinking and improvement fund obligations;
4. a default under the covenants, conditions and agreements contained in the indenture on our part for 90 days after notice by the trustee or the holders of 15% of the aggregate principal amount of the outstanding bonds;
5. certain events in bankruptcy, insolvency, receivership or reorganization proceedings; or
6. certain events relating to the continuance of unsatisfied judgments.

We are required to deliver annually to the trustee an officers' certificate stating whether or not, to the best of the knowledge of the signers, any default exists. The trustee is required to give certain notice to the bondholders after the occurrence of a default, if not cured, but the trustee is protected in withholding notice of defaults other than in the payment of principal, interest, or sinking and improvement fund or purchase fund installments, if it determines in good faith that the withholding of notice is in the interests of the bondholders.

Anything in the indenture to the contrary notwithstanding, the right of any bondholder to receive payment of the principal of and interest on the holder's bond on or after the due date of the bond as expressed in the bond or to institute suit for the enforcement of the payment on or after the due date of the bond is absolute and unconditional and will not be impaired or affected without the consent of the holder. Moreover, under most circumstances, the holders of a majority in aggregate principal amount of the bonds then outstanding have the right to require the trustee to proceed to enforce the lien of the indenture and direct and control the time, method and place of conducting any and all proceedings authorized by the indenture for any sale of the trust estate,

Table of Contents

the foreclosure of the indenture, or any other action or proceeding thereunder instituted by the trustee. The holders of not less than 75% of the aggregate principal amount of the bonds outstanding, including not less than 60% of each series of such bonds outstanding, may waive any past default, except for a default in the payment of principal of, premium, if any, or interest on the bonds.

Satisfaction and Discharge

If we should pay or provide for payment of the entire indebtedness on all bonds as the indenture provides and should pay all other sums due and payable under the indenture and should so request, the trustee will acknowledge satisfaction of the indenture and surrender the trust estate, other than cash for the payment of bonds, to us.

Modification or Amendment of Indenture

The indenture and the rights and obligations of both us and the bondholders may be modified with the consent of the holders of not less than 75% in aggregate principal amount of the outstanding bonds, including not less than 60% of each series affected, but no such modification shall

1. extend the maturity of any of the bonds or reduce the rate or extend the time of payment of interest on the bonds or reduce the amount of principal of the bonds, or reduce any premium payable on the redemption of the bonds, without the consent of the holder of each affected bond;
2. permit the creation of any lien, not otherwise permitted, prior to or on a parity with the lien of the indenture, without the consent of the holders of all the bonds then outstanding; or
3. reduce the above-described percentage of bondholders required to approve any such modification, without the consent of the holders of all the bonds then outstanding.

Merger and Sale of Assets

The indenture provides that we may consolidate with or merge into any other corporation or sell, convey, transfer or lease, subject to the lien of the indenture, all of the trust estate as, or substantially as, an entirety to any corporation lawfully entitled to acquire or lease and operate the same, provided, among other things, that such action shall be upon such terms as do not in any respect impair the lien and security of the indenture, and that the corporation resulting from such merger or consolidation or into or with which we merge, or the corporation that shall have received our properties and assets, shall assume by a supplemental indenture the due and punctual payment of the principal of and interest on all the bonds and the performance of the covenants and conditions for us to keep or to perform.

Book-Entry Only Securities

Unless otherwise specified in the applicable prospectus supplement, the New Bonds will trade through The Depository Trust Company (DTC). Each series of New Bonds will be represented by one or more global certificates and registered in the name of Cede & Co., DTC 's nominee. Upon issuance of the global certificates, DTC or its nominee will credit, on its book-entry registration and transfer system, the principal amount of the New Bonds represented

Table of Contents

by such global certificates to the accounts of institutions that have an account with DTC or its participants. The accounts to be credited shall be designated by the underwriters. Ownership of beneficial interests in the global certificates will be limited to participants or persons that may hold interests through participants. The global certificates will be deposited with the trustee as custodian for DTC.

DTC is a New York clearing corporation and a clearing agency registered under Section 17A of the Exchange Act. DTC holds securities for its participants. DTC also facilitates the post-trade settlement of securities transactions among its participants through electronic computerized book-entry transfers and pledges in the participants' accounts. This eliminates the need for physical movement of securities certificates. The participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Others who maintain a custodial relationship with a participant can use the DTC system. The rules that apply to DTC and those using its systems are on file with the SEC.

Purchases of the New Bonds within the DTC system must be made through participants, who will receive a credit for the New Bonds on DTC's records. The beneficial ownership interest of each purchaser will be recorded on the appropriate participant's records. Beneficial owners will not receive written confirmation from DTC of their purchases, but beneficial owners should receive written confirmations of the transactions, as well as periodic statements of their holdings, from the participants through whom they purchased New Bonds. Transfers of ownership in the New Bonds are to be accomplished by entries made on the books of the participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates for their New Bonds of a series, except if use of the book-entry system for the New Bonds of that series is discontinued.

To facilitate subsequent transfers, all New Bonds deposited by participants with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of the New Bonds with DTC and their registration in the name of Cede & Co. effects no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the New Bonds. DTC's records reflect only the identity of the participants to whose accounts such New Bonds are credited. These participants may or may not be the beneficial owners. Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to participants, and by participants to beneficial owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial owners of New Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the New Bonds, such as redemptions, tenders, defaults and proposed amendments to the indenture. Beneficial owners of the New Bonds may wish to ascertain that the nominee holding the New Bonds has agreed to obtain and transmit notices to the beneficial owners.

Table of Contents

Redemption notices will be sent to Cede & Co., as registered holder of the New Bonds. If less than all of the New Bonds of a series are being redeemed, DTC's practice is to determine by lot the amount of New Bonds of such series held by each participant to be redeemed.

Neither DTC nor Cede & Co. will itself consent or vote with respect to New Bonds, unless authorized by a participant in accordance with DTC's procedures. Under its usual procedures, DTC would mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those participants to whose accounts the New Bonds are credited on the record date. We believe that these arrangements will enable the beneficial owners to exercise rights equivalent in substance to the rights that can be directly exercised by a registered holder of the New Bonds.

Payments of redemption proceeds, principal of, and interest on the New Bonds will be made to Cede & Co., or such other nominee as may be requested by DTC. DTC's practice is to credit participants' accounts upon DTC's receipt of funds and corresponding detail information from us or our agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices. Payments will be the responsibility of participants and not of DTC, the trustee, or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest to Cede & Co. (or such other nominee as may be requested by DTC) is our responsibility. Disbursement of payments to participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of participants.

Except as provided in the applicable prospectus supplement, a beneficial owner will not be entitled to receive physical delivery of the New Bonds. Accordingly, each beneficial owner must rely on the procedures of DTC to exercise any rights under the New Bonds.

DTC may discontinue providing its services as securities depository with respect to the New Bonds at any time by giving us reasonable notice. In the event no successor securities depository is obtained, certificates for the New Bonds will be printed and delivered. We may decide to replace DTC or any successor depository. Additionally, subject to the procedures of DTC, we may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository) with respect to some or all of the New Bonds. In that event or if an event of default with respect to a series of New Bonds has occurred and is continuing, certificates for the New Bonds of such series will be printed and delivered. If certificates for such series of New Bonds are printed and delivered,

those New Bonds will be issued in fully registered form without coupons;

a holder of certificated New Bonds would be able to exchange those New Bonds, without charge, for an equal aggregate principal amount of New Bonds of the same series, having the same issue date and with identical terms and provisions; and

a holder of certificated New Bonds would be able to transfer those New Bonds without cost to another holder, other than for applicable stamp taxes or other governmental charges.

PLAN OF DISTRIBUTION

Methods and Terms of Sale

We may use a variety of methods to sell the New Bonds including:

1. through one or more underwriters or dealers;
2. directly to one or more purchasers;
3. through one or more agents; or
4. through a combination of any such methods of sale.

The prospectus supplement relating to a particular series of the New Bonds will set forth the terms of the offering of the New Bonds, including:

1. the name or names of any underwriters, dealers or agents and any syndicate of underwriters;
2. the initial public offering price;
3. any underwriting discounts and other items constituting underwriters' compensation;
4. the proceeds we receive from that sale; and
5. any discounts or concessions allowed or reallocated or paid by any underwriters to dealers.

Underwriters

If we sell the New Bonds through underwriters, they will acquire the New Bonds for their own account and may resell them from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The underwriters for a particular underwritten offering of New Bonds will be named in the applicable prospectus supplement and, if an underwriting syndicate is used, the managing underwriter or underwriters will be named on the cover page of the applicable prospectus supplement. In connection with the sale of New Bonds, the underwriters may receive compensation from us or from purchasers in the form of discounts, concessions or commissions. The obligations of the underwriters to purchase New Bonds will be subject to certain conditions. The underwriters will be obligated to purchase all of the New Bonds of a particular series if any are purchased. However, the underwriters may purchase less than all of the New Bonds of a particular series should certain circumstances involving a default of one or more underwriters occur.

The initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers by any underwriters may be changed from time to time.

Stabilizing Transactions

Underwriters may engage in stabilizing transactions and syndicate covering transactions in accordance with Rule 104 under the Exchange Act. Stabilizing transactions permit bids to purchase the underlying New Bond so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the New Bonds in the open market after the distribution has been completed in order to cover syndicate short positions. These stabilizing transactions and syndicate covering transactions may cause the price of the New Bonds to be higher than it would otherwise be if such transactions had not occurred.

Table of Contents

Agents

If we sell the New Bonds through agents, the applicable prospectus supplement will set forth the name of any agent involved in the offer or sale of the New Bonds as well as any commissions we will pay to them. Unless otherwise indicated in the applicable prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment.

Related Transactions

Underwriters, dealers and agents (or their affiliates) may engage in transactions with, or perform services for, us or our affiliates in the ordinary course of business.

Indemnification

We will agree to indemnify any underwriters, dealers, agents or purchasers and their controlling persons against certain civil liabilities, including liabilities under the Securities Act.

Listing

Unless otherwise specified in the applicable prospectus supplement, the New Bonds will not be listed on a national securities exchange or the Nasdaq Stock Market. No assurance can be given that any broker-dealer will make a market in any series of the New Bonds and, in any event, no assurance can be given as to the liquidity of the trading market for any of the New Bonds.

RATIO OF EARNINGS TO FIXED CHARGES

We have calculated ratios of earnings to fixed charges pursuant to Item 503 of Regulation S-K of the SEC as follows:

Six Months Ended		Twelve Months Ended				
June 30, 2010	June 30, 2009	2009	2008	December 31, 2007	2006	2005
3.16	2.94	3.52	3.14	3.44	3.23	3.50

Earnings represent the aggregate of (1) income before the cumulative effect of an accounting change, (2) taxes based on income, (3) investment tax credit adjustments-net and (4) fixed charges. Fixed Charges include interest (whether expensed or capitalized), related amortization and estimated interest applicable to rentals charged to operating expenses. We accrue interest expense related to unrecognized tax benefits in income tax expense and do not include it in fixed charges.

USE OF PROCEEDS

Except as otherwise described in a prospectus supplement, the net proceeds from the offering of the New Bonds will be used either (a) to repurchase or redeem one or more series of our outstanding securities on their stated due dates or in some cases prior to their stated due dates or (b) for other general corporate purposes. The specific purposes for the proceeds of a particular

Table of Contents

series of New Bonds or the specific securities, if any, to be acquired or redeemed with the proceeds of a particular series of New Bonds will be described in the prospectus supplement relating to that series.

DESCRIPTION OF THE NEW BONDS

General

We will issue the New Bonds offered by this prospectus from time to time in one or more series under one or more separate supplemental indentures to the Mortgage and Deed of Trust dated as of April 1, 1944, with The Bank of New York Mellon, as successor trustee. This Mortgage and Deed of Trust, as amended and supplemented, is referred to in this prospectus as the mortgage. All first mortgage bonds issued or to be issued under the mortgage, including the New Bonds offered by this prospectus, are referred to herein as bonds.

The statements in this prospectus and any accompanying prospectus supplement concerning the New Bonds and the mortgage are not comprehensive and are subject to the detailed provisions of the mortgage. The mortgage and a form of supplemental indenture are filed as exhibits to the registration statement of which this prospectus forms a part. You should read these documents for provisions that may be important to you. The mortgage has been qualified under the Trust Indenture Act of 1939. You should refer to the Trust Indenture Act of 1939 for provisions that apply to the New Bonds. Wherever particular provisions or defined terms in the mortgage are referred to under this heading Description of the New Bonds, those provisions or defined terms are incorporated by reference in this prospectus.

Terms of Specific Series of the New Bonds

The prospectus supplement relating to each series of New Bonds offered by this prospectus will include a description of the specific terms relating to the offering of that series. These terms will include any of the following terms that apply to that series:

1. the designation, or name, of the series of New Bonds;
2. the aggregate principal amount of the series;
3. the offering price of the series;
4. the date on which the series will mature;
5. the rate or method for determining the rate at which the series will bear interest;
6. the date from which interest on the series accrues;
7. the dates on which interest on the series will be payable;
8. the prices and the other terms and conditions, if any, upon which we may redeem the series prior to maturity;
9. the applicability of the distribution covenant described below to the series;
10. the terms of an insurance policy, if any, that will be provided for the payment of the principal of and/or interest on the series;
11. the rights, if any, of a holder to elect repayment; and
12. any other terms of the series not inconsistent with the provisions of the mortgage.

As of June 30, 2010, we had approximately \$1,485 million principal amount of bonds outstanding.

Table of Contents

Payment

The New Bonds and interest thereon will be paid in any coin or currency of the United States of America that at the time of payment is legal tender at the corporate trust office of the trustee in the Borough of Manhattan, City and State of New York. See -Book-Entry Only Securities for additional information relating to payment on the New Bonds.

Sinking Fund

The New Bonds will not be subject to any sinking fund, maintenance and improvement fund or other similar fund.

Redemption and Retirement

General

The prospectus supplement for a particular series of New Bonds offered by this prospectus will contain the prices and other terms and conditions, if any, for redemption of that series prior to maturity.

Special Retirement Provisions

If, during any 12-month period, we dispose of mortgaged property by order of or to any governmental authority, resulting in the receipt of \$5,000,000 or more as proceeds, we, subject to certain conditions, must apply such proceeds, less certain deductions, to the retirement of outstanding bonds. If this occurs, we may redeem the outstanding bonds of any series that are redeemable before maturity by the application of cash deposited for this purpose at the redemption prices applicable to those bonds. If New Bonds of any series offered by this prospectus are redeemable for this purpose, the special redemption prices applicable to that series will be set forth in the prospectus supplement related to that series.

Form and Exchange

The New Bonds will be fully-registered bonds without coupons. See -Book-Entry Only Securities. The New Bonds will be exchangeable for other New Bonds of the same series in equal aggregate principal amounts.

Security

The New Bonds, together with all other bonds outstanding now or in the future under the mortgage, will be secured, equally and ratably, by the mortgage. The mortgage constitutes a first mortgage lien on substantially all of our property subject to bankruptcy law and:

1. leases of minor portions of our property to others for uses which do not interfere with our business;
2. leases of certain of our property that we do not use in our business; and
3. excepted encumbrances.

Table of Contents

The mortgage does not create a lien on the following excepted property :

1. cash and securities;
2. certain equipment, materials and supplies;
3. automobiles and other vehicles and aircraft, timber, minerals, mineral rights and royalties; and
4. receivables, contracts, leases and operating agreements.

The mortgage contains provisions that impose the lien of the mortgage on property that we acquire after the date of the mortgage, other than the excepted property, subject to pre-existing liens. However, if we consolidate or merge with, or sell substantially all of our mortgaged property to, a successor, the lien created by the mortgage will generally not cover the property of the successor, other than the property it acquires from us and improvements, replacements and additions to that property. If we sell substantially all of our mortgaged property to a successor, the successor will assume all of our obligations and covenants under the mortgage and the outstanding bonds and we may be released and discharged from such obligations and covenants.

The mortgage also provides that the trustee has a lien on the mortgaged property to ensure the payment of its reasonable compensation, expenses and disbursements and for indemnity against certain liabilities. This lien takes priority over the lien securing the New Bonds.

The mortgage also contains restrictions on the issuance of debt secured by a prior lien on the mortgaged property (qualified lien bonds).

Issuance of Additional Bonds

The maximum principal amount of bonds that may be issued under the mortgage is limited to \$100 billion at any time outstanding under the mortgage, subject to property additions, earnings and other limitations of the mortgage. Bonds of any series may be issued from time to time on the following bases:

1. 80% of the cost or fair value, whichever is less, of unfunded property additions after adjustments to offset retirements;
2. retirements of bonds or qualified lien bonds; or
3. deposit of cash with the trustee.

Property additions generally include, among other things, electric, gas, steam or hot water property acquired after December 31, 1943. Securities, automobiles or other vehicles or aircraft, or property used principally for the production or gathering of natural gas, are not included as property additions.

As of June 30, 2010, we could have issued approximately \$1,528 million principal amount of additional bonds on the basis of property additions and approximately \$57 million principal amount of bonds on the basis of retired bonds. With certain exceptions in the case of clause (2) above, the issuance of additional bonds must meet an earnings test. The adjusted net earnings, before interest and income taxes, for 12 consecutive months of the preceding 18 months must be at least twice the annual interest

Table of Contents

requirements on all bonds outstanding at the time, plus the bonds to be issued, plus all indebtedness, if any, of prior rank. The adjusted net earnings are calculated with a deduction of \$800,000 plus 2.25% of net additions to mortgaged property in lieu of a deduction for actual retirement of mortgaged property. Based upon the results of our operations for the twelve months ended June 30, 2010, if we were to make an application for authentication and delivery of bonds as of the date of this prospectus, solely based on the earnings coverage test (and, therefore, not taking into account the property additions and retired bond issuance limitations), we could issue approximately \$2,160 million in principal amount of bonds, in addition to the amount of bonds then outstanding (assuming an interest rate of 4% for additional bonds). Such amount will be affected by the issuance of the New Bonds and the retirement of existing bonds with the proceeds of the New Bonds and by subsequent net earnings. New Bonds in a greater amount may also be issued for the refunding of outstanding bonds.

We have reserved the right to amend the mortgage without any consent or other action by holders of any bonds to include nuclear fuel, and similar or analogous devices or substances, as property additions. We have also reserved the right to amend the mortgage without any consent or other action of the holders of any bonds created after June 30, 1978 to make any form of space satellites including solar power satellites, space stations and other analogous facilities available as property additions. Since all of the bonds issued on or prior to June 30, 1978 have matured or have been redeemed and are no longer outstanding under the mortgage, we may exercise this right to amend the mortgage at any time.

No bonds may be issued on the basis of property additions subject to qualified liens if the qualified lien bonds secured thereby exceed 50% of such property additions, or if the qualified lien bonds and bonds then outstanding which have been issued against property additions subject to continuing qualified liens and certain other items would in the aggregate exceed 15% of the bonds and qualified lien bonds outstanding.

Other than the security afforded by the lien of the mortgage and restrictions on the issuance of additional bonds described above, there are no provisions of the mortgage that grant the holders of the bonds protection in the event of a highly leveraged transaction involving us.

Release and Substitution of Property

We may release property from the lien of the mortgage, without applying an earnings test, on the following bases:

1. the deposit of cash or purchase money mortgages;
2. property additions, after adjustments in certain cases to offset retirements and after making adjustments for qualified lien bonds, if any, outstanding against property additions; and
3. (i) the aggregate principal amount of bonds that we would be entitled to issue on the basis of retired qualified lien bonds; or (ii) 10/6ths of the aggregate principal amount of bonds that we would be entitled to issue on the basis of retired bonds that were issued prior to June 9, 2010; or (iii) 10/8ths of the aggregate principal amount of bonds that we would be entitled to issue on the basis of retired bonds that were issued after June 9, 2010; in each case with the entitlement being waived by operation of the release.

Table of Contents

We can withdraw cash upon the bases stated in clauses (2) and/or (3) above without applying an earnings test. If unfunded property is released, the property additions used to effect the release may become available again as credits under the mortgage and the waiver of the right to issue bonds on the basis of retired bonds to effect the release may cease to be effective as such a waiver. Similar provisions are in effect as to cash proceeds of such property. The mortgage also contains special provisions with respect to qualified lien bonds pledged and the disposition of moneys received on pledged prior lien bonds.

We may also release unfunded property if after such release at least one dollar in unfunded property remains subject to the lien of the mortgage.

Covenant as to Distributions

The terms of certain of our outstanding series of bonds include our covenant to restrict our payment of cash distributions on our common membership interests in certain circumstances. Any distribution covenant applicable to a series of New Bonds will be described in the prospectus supplement relating to that series of New Bonds. There is no assurance that the terms of future distribution covenants, if any, will be the same as those applicable to our outstanding bonds.

Modification

Your rights as a bondholder may be modified with the consent of the holders of a majority of the outstanding bonds considered as one class, provided that, if less than all series of bonds are affected, only the consent of holders of a majority of the outstanding bonds of each series affected, considered as one class, is required for such modification. In general, no modification of the terms

1. of payment of principal or interest;
2. affecting the lien of the mortgage; or
3. reducing the percentage required for modification;

is effective against any bondholder without that bondholder's consent.

The mortgage and your rights as a bondholder may be modified without your consent to the extent that such modification does not adversely affect your interests in any material respect.

Defaults

Defaults under the mortgage include:

1. default in the payment of principal;
2. default for 60 days in the payment of interest or installments of funds for the retirement of bonds;
3. certain events of bankruptcy, insolvency or reorganization;
4. defaults with respect to qualified lien bonds; and

Table of Contents

5. default in other covenants for 90 days after notice.

The trustee may withhold notice of default, except in payment of principal, interest or funds for purchase or redemption of bonds, if it in good faith determines it is in the interests of the holders of the bonds.

The trustee or the holders of 25% of the bonds may declare the principal and interest due and payable on default.

However, a majority of the holders may annul such declaration if the default has been cured. No holder of bonds may enforce the lien of the mortgage without giving the trustee written notice of a default and unless

1. the holders of 25% of the bonds have requested the trustee in writing to act and offered the trustee reasonable opportunity to act and indemnity satisfactory to the trustee against the costs, expenses and liabilities to be incurred thereby; and

2. the trustee shall have failed to act.

The holders of a majority of the bonds may direct the time, method and place of conducting any proceedings for any remedy available to the trustee or exercising any trust or power conferred upon the trustee.

We are required to file an annual certificate with the trustee as to compliance with the provisions of the mortgage and as to the absence of a default with respect to any of the covenants in the mortgage.

Satisfaction and Discharge of Mortgage

The mortgage may be satisfied and discharged if and when we provide for the payment of all the bonds and all other sums due under the mortgage.

Book-Entry Only Securities

Unless otherwise specified in the applicable prospectus supplement, the New Bonds will trade through The Depository Trust Company (DTC). Each series of New Bonds will be represented by one or more global certificates and registered in the name of Cede & Co., DTC 's nominee. Upon issuance of the global certificates, DTC or its nominee will credit, on its book-entry registration and transfer system, the principal amount of the New Bonds represented by such global certificates to the accounts of institutions that have an account with DTC or its participants. The accounts to be credited shall be designated by the underwriters. Ownership of beneficial interests in the global certificates will be limited to participants or persons that may hold interests through participants. The global certificates will be deposited with the trustee as custodian for DTC.

DTC is a New York clearing corporation and a clearing agency registered under Section 17A of the Exchange Act. DTC holds securities for its participants. DTC also facilitates the post-trade settlement of securities transactions among its participants through electronic computerized book-entry transfers and pledges in the participants' accounts. This eliminates the need for physical movement of securities certificates. The participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a

Table of Contents

wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Others who maintain a custodial relationship with a participant can use the DTC system. The rules that apply to DTC and those using its systems are on file with the SEC.

Purchases of the New Bonds within the DTC system must be made through participants, who will receive a credit for the New Bonds on DTC's records. The beneficial ownership interest of each purchaser will be recorded on the appropriate participant's records. Beneficial owners will not receive written confirmation from DTC of their purchases, but beneficial owners should receive written confirmations of the transactions, as well as periodic statements of their holdings, from the participants through whom they purchased New Bonds. Transfers of ownership in the New Bonds are to be accomplished by entries made on the books of the participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates for their New Bonds of a series, except if use of the book-entry system for the New Bonds of that series is discontinued.

To facilitate subsequent transfers, all New Bonds deposited by participants with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of the New Bonds with DTC and their registration in the name of Cede & Co. effects no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the New Bonds. DTC's records reflect only the identity of the participants to whose accounts such New Bonds are credited. These participants may or may not be the beneficial owners. Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to participants, and by participants to beneficial owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial owners of New Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the New Bonds, such as redemptions, tenders, defaults and proposed amendments to the mortgage. Beneficial owners of the New Bonds may wish to ascertain that the nominee holding the New Bonds has agreed to obtain and transmit notices to the beneficial owners.

Redemption notices will be sent to Cede & Co., as registered holder of the New Bonds. If less than all of the New Bonds of a series are being redeemed, DTC's practice is to determine by lot the amount of New Bonds of such series held by each participant to be redeemed.

Neither DTC nor Cede & Co. will itself consent or vote with respect to New Bonds, unless authorized by a participant in accordance with DTC's procedures. Under its usual procedures, DTC would mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those participants to whose accounts the New Bonds are credited on the record date. We believe that these arrangements will enable the beneficial owners to exercise rights equivalent in substance to the rights that can be directly exercised by a registered holder of the New Bonds.

Payments of redemption proceeds, principal of, and interest on the New Bonds will be made to Cede & Co., or such other nominee as may be requested by DTC. DTC's practice is to credit

Table of Contents

participants' accounts upon DTC's receipt of funds and corresponding detail information from us or our agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices. Payments will be the responsibility of participants and not of DTC, the trustee, or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest to Cede & Co. (or such other nominee as may be requested by DTC) is our responsibility. Disbursement of payments to participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of participants. Except as provided in the applicable prospectus supplement, a beneficial owner will not be entitled to receive physical delivery of the New Bonds. Accordingly, each beneficial owner must rely on the procedures of DTC to exercise any rights under the New Bonds.

DTC may discontinue providing its services as securities depository with respect to the New Bonds at any time by giving us reasonable notice. In the event no successor securities depository is obtained, certificates for the New Bonds will be printed and delivered. We may decide to replace DTC or any successor depository. Additionally, subject to the procedures of DTC, we may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository) with respect to some or all of the New Bonds. In that event or if an event of default with respect to a series of New Bonds has occurred and is continuing, certificates for the New Bonds of such series will be printed and delivered. If certificates for such series of New Bonds are printed and delivered,

those New Bonds will be issued in fully registered form without coupons;

a holder of certificated New Bonds would be able to exchange those New Bonds, without charge, for an equal aggregate principal amount of New Bonds of the same series, having the same issue date and with identical terms and provisions; and

a holder of certificated New Bonds would be able to transfer those New Bonds without cost to another holder, other than for applicable stamp taxes or other governmental charges.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we do not take any responsibility for the accuracy of this information.

PLAN OF DISTRIBUTION

Methods and Terms of Sale

We may use a variety of methods to sell the New Bonds including:

1. through one or more underwriters or dealers;
2. directly to one or more purchasers;
3. through one or more agents; or
4. through a combination of any such methods of sale.

The prospectus supplement relating to a particular series of the New Bonds will set forth the terms of the offering of the New Bonds, including:

1. the name or names of any underwriters, dealers or agents and any syndicate of underwriters;
2. the initial public offering price;
3. any underwriting discounts and other items constituting underwriters' compensation;
4. the proceeds we receive from that sale; and
5. any discounts or concessions allowed or reallocated or paid by any underwriters to dealers.

Underwriters

If we sell the New Bonds through underwriters, they will acquire the New Bonds for their own account and may resell them from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The underwriters for a particular underwritten offering of New Bonds will be named in the applicable prospectus supplement and, if an underwriting syndicate is used, the managing underwriter or underwriters will be named on the cover page of the applicable prospectus supplement. In connection with the sale of New Bonds, the underwriters may receive compensation from us or from purchasers in the form of discounts, concessions or commissions. The obligations of the underwriters to purchase New Bonds will be subject to certain conditions. The underwriters will be obligated to purchase all of the New Bonds of a particular series if any are purchased. However, the underwriters may purchase less than all of the New Bonds of a particular series should certain circumstances involving a default of one or more underwriters occur.

The initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers by any underwriters may be changed from time to time.

Stabilizing Transactions

Underwriters may engage in stabilizing transactions and syndicate covering transactions in accordance with Rule 104 under the Exchange Act. Stabilizing transactions permit bids to purchase the underlying New Bond so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the New Bonds in the open market after the distribution has been completed in order to cover syndicate short positions. These stabilizing transactions and syndicate covering transactions may cause the price of the New Bonds to be higher than it would otherwise be if such transactions had not occurred.

Table of Contents

Agents

If we sell the New Bonds through agents, the applicable prospectus supplement will set forth the name of any agent involved in the offer or sale of the New Bonds as well as any commissions we will pay to them. Unless otherwise indicated in the applicable prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment.

Related Transactions

Underwriters, dealers and agents (or their affiliates) may engage in transactions with, or perform services for, us or our affiliates in the ordinary course of business.

Indemnification

We will agree to indemnify any underwriters, dealers, agents or purchasers and their controlling persons against certain civil liabilities, including liabilities under the Securities Act.

Listing

Unless otherwise specified in the applicable prospectus supplement, the New Bonds will not be listed on a national securities exchange or the Nasdaq Stock Market. No assurance can be given that any broker-dealer will make a market in any series of the New Bonds and, in any event, no assurance can be given as to the liquidity of the trading market for any of the New Bonds.

Entergy Corporation's Restated Certificate of Incorporation provides that its directors shall not be personally liable to it or its stockholders for monetary damages for breach of fiduciary duty as a director to the fullest extent permitted by the DGCL. Item 16. Exhibits.

See the Exhibit Index at the end of this registration statement.

Item 17. Undertakings.

Each of the undersigned registrants hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934, that are incorporated by reference in the

Table of Contents

registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is a part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be a part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424 (b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415 (a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

Table of Contents

- (i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
