PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS

(2:00 p.m., April 11, 2007)

GENERAL INFORMATION

The enclosed proxy is being solicited on behalf of the Board of Directors of The Monarch Cement Company and all expenses of the solicitation will be borne by the Company. In addition to solicitation by mail, a number of regular employees may solicit proxies in person or by telephone. The Company does not expect to pay any compensation for the solicitation of proxies. The proxy may be revoked at any time before it is exercised by giving written notice to the Secretary of the Company. Stockholders sharing the same address are provided only one proxy statement and annual report unless the Company has been notified that separate copies are desired. Stockholders sharing addresses who wish to receive a separate proxy statement or annual report should contact the Company in writing at P.O. Box 1000, Humboldt, Kansas 66748 or call 620-473-2222 to make their request. The enclosed proxy and this Proxy Statement were first sent or given to the holders of Monarch stock on or about March 15, 2007.

The record date with respect to this solicitation is February 12, 2007 and only holders of Capital Stock and/or Class B Capital Stock of the Company as of the close of business on that date are entitled to vote, either in person or by proxy, at the meeting. At the close of business on that date 2,490,420 shares of Capital Stock and 1,536,538 shares of Class B Capital Stock were issued and outstanding. Holders of Capital Stock are entitled to one vote per share standing in their names on the record date. Holders of Class B Capital Stock are entitled to ten votes per share standing in their names on the record date.

Directors are elected by a plurality (a number greater than those cast for any other candidates) of the votes cast, in person or by proxy, by the stockholders entitled to vote at the annual meeting for that purpose. The affirmative vote of the holders of a majority of the votes of the Company's stock entitled to vote at the annual meeting is required for the approval of such other matters as properly may come before the annual meeting or any adjournment thereof.

A stockholder entitled to vote in the election of directors can withhold authority to vote for all nominees for director or can withhold authority to vote for certain nominees for director. "Broker non-votes" occur when a broker indicates that it lacks authority to vote on a matter in the absence of instructions from the beneficial owner. Broker non-votes are treated as shares of the Company's stock as to which voting power has been withheld by the respective beneficial holders and, therefore, as shares not entitled to vote on the proposal as to which there is the broker non-vote.

To the knowledge of the Company, there are no special arrangements or understandings between any of the directors and officers other than each of them acting solely in their capacity as such.

ELECTION OF DIRECTORS AND RELATED INFORMATION

The Board of Directors is divided into three classes. Class I is comprised of three directors and Classes II and III are each comprised of four directors. At each annual meeting of stockholders, one class of directors is elected for a three year term.

The four directors to be elected at the forthcoming annual meeting of stockholders will serve as directors in Class III of the Board of Directors. Their term of office will commence upon election and will continue until the 2010 annual meeting of stockholders and until their successors are elected and qualified.

The Board of Directors, acting as the nominating committee, has selected the nominees for directors. Shares represented by a proxy given pursuant to this solicitation will be voted in favor of the nominees listed below. Each nominee is at present a member of Class III of the Board of Directors. If any of such nominees should unexpectedly become unavailable for election, the shares represented by the proxy will be voted for such substituted nominee or nominees as the Board of Directors may name. Each of the nominees hereinafter named has indicated his willingness to serve if elected and it is not anticipated that any of them will become unavailable for election. The names of the nominees are as follows:

Jack R. Callahan Ronald E. Callaway Robert M. Kissick Byron K. Radcliff

The Board of Directors recommends that you vote FOR the election of each of the four nominees named above as directors in Class III of the Board of Directors.

Nomination of Directors

The Board of Directors performs the functions of a nominating committee and selects all nominees for election at stockholder meetings. The Board of Directors does not believe a separate nominating committee is necessary as the Company is not currently required to have a separate committee and the full Board of Directors desires to participate in the discussions regarding the structure, qualifications and needs of the Board. The members of the Board of Directors who participate in the nomination process are Messers Jack R. Callahan, Ronald E. Callaway, David L. Deffner, Robert M. Kissick, Gayle C. McMillen, Richard N. Nixon, Byron J. Radcliff, Byron K. Radcliff, Michael R. Wachter, Walter H. Wulf, Jr. and Walter H. Wulf, III. Applying the definition of the term "independent" in the Nasdaq Global Market's listing standards, Messers Jack R. Callahan, Ronald E. Callaway, David L. Deffner, Gayle C. McMillen, Richard N. Nixon and Michael R. Wachter are independent, and Messers Robert M. Kissick, Byron J. Radcliff, Byron K. Radcliff, Walter H. Wulf, Jr. and Walter H. Wulf, III are not independent.

The Board has not established specific minimum qualifications for nominees, but does evaluate prospective nominees for directors based on their perceived character, judgment, independence, financial or business acumen, diversity of experience, ability to represent and act on behalf of all stockholders, as well as the needs of the Board of Directors. The Board of Directors does not have a policy concerning the consideration of director candidates recommended by stockholders, as no director candidates have been recommended by stockholders in recent years. Any stockholder of the corporation entitled to vote for the election of directors at the annual meeting may make a nomination at the meeting, provided timely notice is given in writing to the secretary of the corporation. To be timely, a stockholder's notice shall be delivered to or mailed and received at the principal executive offices of the corporation not less than one hundred twenty (120) days nor more than one hundred fifty (150) days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than thirty (30) days or delayed by more than sixty (60) days from such anniversary date, notice by the stockholder to be timely must be so delivered and received not earlier than the 150th day before such annual meeting and not later than the close of business on the later of the 120th day before such annual meeting or the 10th day

following the day on which public announcement of the date of such annual meeting is first made. Such stockholder's notice to the secretary shall set forth (a) as to each person whom the stockholder proposes to nominate for election or re-election as a director, (i) the name, age, business address and, if known, residence address of the proposed nominee, (ii) the principal occupation or employment of the proposed nominee, and (iii) the number of shares of stock of the corporation which are owned of record and beneficially by the proposed nominee and (iv) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and (b) as to the stockholder giving the notice (i) the name and record address of the stockholder and (ii) the class and number of shares of capital stock of the corporation which are owned by the stockholder. The corporation may require any proposed nominee to furnish such other information as may reasonably be required by the corporation to determine the eligibility of such proposed nominee to serve as director of the corporation. If it is determined that a nomination does not satisfy the nomination requirements, the defective nomination shall be disregarded. The Company has not received notice of any such proposed nominee.

Communications with Directors

The Board of Directors does not have a formal process by which stockholders may send communications to the full Board of Directors or individual directors, but stockholders can mail communications to the Board or individual members at the Company's offices at P.O. Box 1000, Humboldt, Kansas 66748-0900, to the attention of the Chief Financial Officer. The Chief Financial Officer will forward such communications to the Board or the specific Director. Stockholders are also permitted to communicate with the Board of Directors at the Company's annual meeting of stockholders. The Board is of the view that this process is sufficient for allowing stockholders to communicate with the Board.

The Company does not currently have a formal policy regarding directors' attendance at the annual meeting of stockholders, but historically all members of the Board have attended such meetings. All members of the Board attended the 2006 annual meeting of stockholders.

Each director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and all committees of the Board on which he served during 2006. The Board of Directors has an audit committee, but does not have a standing compensation or nominating committee, or other committee performing similar functions. The Audit Committee held five meetings in 2006. See "Audit Committee Report" below for a discussion of the Audit Committee.

Richard N. Nixon, director, is an attorney and during 2006 was a partner in the law firm of Stinson Morrison Hecker LLP, Kansas City, Missouri. Under the rules of the Securities and Exchange Commission, Mr. Nixon is not deemed to have an indirect material interest in the total legal fees and expenses paid by the Company to Stinson Morrison Hecker during 2006.

DEFINED BENEFIT RETIREMENT PLAN

The retirement plan available to salaried employees, including the persons named in the Summary Compensation Table above, is a defined benefit plan which provides for fixed benefits, after a specific number of years of service, for the remainder of the employee's life. The monthly retirement benefits are computed by multiplying the employee's years of service by one and six tenths percent (1.6%) and multiplying this result by 1/60th of the employee's last sixty calendar months of earnings or the employee's highest five consecutive calendar years of earnings out of the last ten calendar years of service, whichever is greater; however, the maximum retirement benefit is limited to fifty percent

(50%) of the average monthly earnings used in computing retirement benefits. For the year 2006, the maximum annual compensation for determining retirement benefits is \$220,000. The normal retirement age at which retirement plan benefits become payable is age 65. The earnings used for the purpose of determining the retirement plan benefits consists of annual compensation (salary) of the type disclosed in the Summary Compensation Table above. Pension benefits under the retirement plan are not subject to any deduction for social security benefits or other offset amounts.

The table below shows the present value of accumulated benefits payable to each of the named executive officers in the Summary Compensation Table, including the number of years of service credited to each such named executive officer, under the plan determined using interest rate and mortality rate assumptions consistent with those used in our consolidated financial statements.

SEVERANCE PAY PLAN

On July 18, 1985 the Board of Directors of the Company adopted a Severance Pay Plan for Salaried Employees (the "Plan"). The Plan is designed to recognize the past service of long standing salaried employees and reduce their concerns, if any, if a change in control of the Company should occur. The Plan provides that if employment of any "covered employee" is terminated for any reason other than death or disability within 24 months after a "change in control", such employee is entitled to receive severance pay equal to the employee's monthly salary times the number of full years that such employee has been employed by the Company. The amount of the severance pay is subject to certain reductions where the employee is entitled to certain retirement benefits under the Company's pension plan or where the severance pay is not fully deductible by the Company for federal income tax purposes. A "covered employee" is any full time salaried employee who has been employed for at least 10 years prior to the "change in control". A "change in control" is any merger, consolidation or disposition of all or substantially all of the assets of the Company or any acquisition by any person or group of persons acting in concert who after such acquisition would own more than 30% of the Company's outstanding voting stock. If there had been a change in control and termination of employment on December 31, 2006, the following persons would have been entitled to receive severance pay pursuant to the Plan as follows: Mr. Wulf, \$627,900; Ms. Roe, \$345,450; Mr. Rush, \$207,270; and Mr. Buckley, \$381,325. The Plan also provides that any covered employee, who at the time of termination, has been employed on a full time basis for 20 years or more, is entitled to receive the same life and health insurance generally made available by the Company to retired employees. The Plan may be amended or terminated by the affirmative vote of at least two thirds of the members of the full Board of Directors of the Company except that no amendment or termination may adversely affect any right of a covered employee who is employed by the Company at the time the Board of Directors has knowledge of any change in control or a proposal for any change in control.

COMPENSATION DISCUSSION AND ANALYSIS

There currently is no compensation committee of the Board of Directors (or committee performing equivalent functions). Accordingly, the Board of Directors itself is responsible for the establishment of the general compensation policies of the Company and the specific compensation for executive officers. In carrying out this responsibility,

however, the Board of Directors requests and considers the recommendations of the Executive Committee of the Board of Directors (consisting of Jack R. Callahan, Robert M. Kissick, Byron K. Radcliff and Walter H. Wulf, Jr.). The Board believes that it is able to perform the functions of a compensation committee relative to executive compensation.

10.

Executive Compensation Policy

The objective of our executive compensation program is to attract and retain qualified individuals who provide the skills and leadership necessary to enable our company to achieve earnings growth and return on investment objectives, while maintaining a commitment to equal employment opportunity and affirmative action guidelines and practices. The Board of Directors believes that the compensation of its executive officers, including Mr. Wulf, the Company's President and Chief Executive Officer (CEO), should be influenced by the Company's long-term profitability. However, the Board does not attempt to establish a direct correlation between the Company's profitability and executive compensation.

Executive Officer Compensation

The principal component of compensation for our executive officers is base salary. Each year, including 2006, the Executive Committee of the Board of Directors makes its recommendations to the Board of Directors as to the salaries for the Company's executive officers. These recommendations have been based on a salary adjustment percentage which the committee establishes to serve as a guideline in setting the compensation for all salaried employees of the Company. The determination of this salary adjustment is based on the Executive Committee's assessment of the change in the cost of living and of the Company's long-term profitability. The application of the salary adjustment percentage to the salaries of the Company's salaried employees results generally in the Company's executive officers as a group, including the CEO, receiving the same percentage increase as the other salaried employees of the Company. A subjective determination as to whether the individual salaried employee is performing satisfactorily is also made. In April 2006, upon the recommendation of the Executive Committee, the Board of Directors approved an overall increase in compensation for salaried employees of 4.2 percent. These increases are reflective of, although not directly tied to, the Company's performance in 2005.

Chief Executive Officer Compensation

The compensation of the Company's CEO is established by the Board of Directors in the same way as compensation is established for the Company's other executive officers. As indicated in the above discussion, the increase in the CEO's salary, and that of the other executive officers, largely is determined by the application of the salary adjustment percentage selected by the Executive Committee to the CEO's salary, although Ms. Roe, Mr. Rush and Mr. Buckley received a slightly higher increase than the above 4.2 percent. A subjective determination as to whether the individual salaried employee is performing satisfactorily is also made.

COMPENSATION COMMITTEE REPORT

The Board of Directors has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of the SEC's Regulation S-K. Based on such review and discussions, the Board of Directors recommended that the Compensation Discussion and Analysis be included in this proxy statement.

Pre-Approval Policy

The Audit Committee of the Company pre-approves with an engagement letter all audit and non-audit services performed by BKD. One hundred percent (100%) of the non-audit services provided by BKD were pre-approved by the Audit Committee.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of BKD LLP.

AUDIT COMMITTEE REPORT

The Company's Audit Committee of the Board of Directors (the "committee") operates under a written charter approved by the committee and adopted by the Company's Board of Directors. The committee's charter is not available on the Company's website, but it is attached to this proxy statement as Appendix A. The sole member of the committee, Jack R. Callahan, is independent as defined in the Nasdaq Global Market's listing standards. Based on his years of experience as the Company's CEO and his financial sophistication, the Board of Directors has determined that Jack R. Callahan meets the SEC's definition of an audit committee financial expert.

The Audit Committee assists the Board in fulfilling its responsibilities with respect to accounting and financial reporting practices and the scope and expense of audit and related services provided by external auditors. The committee reviews and approves the hiring of audit personnel and evaluates the performance of the external auditors. In fulfilling its responsibilities, the committee reviewed and discussed The Monarch Cement Company's audited financial statements for the fiscal year ended December 31, 2006 with the Company's management and independent auditors, BKD LLP ("BKD").

The committee also discussed with BKD the matters required to be discussed by Auditing Standards No. 61, Professional Standards. In addition, the committee received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees", and discussed with the independent auditors their independence in relation to us and the Company's management. The committee also considered the non-audit services provided to it by the independent auditors and concluded that such services were compatible with maintaining their independence.

Based upon the reviews and discussions referred to above, the committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 to be filed with the Securities and Exchange Commission.

AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF
THE MONARCH CEMENT COMPANY**

I. PURPOSE

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing: (i) the financial reports and other financial information provided by the Corporation to any governmental body or the public; (ii) the Corporation's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established; and (iii) the Corporation's auditing, accounting and financial reporting processes generally. Consistent with this function, the Audit Committee should encourage continuous improvement of, and should foster adherence to, the Corporation's policies, procedures and practices at all levels. The Audit Committee's primary duties and responsibilities are to:

1. Serve as an independent and objective party to monitor the Corporation's financial reporting process and internal control system.
2. Select and engage the services of the Corporation's independent accountants.
3. Review and appraise the audit efforts of the Corporation's independent accountants.
4. Provide an open avenue of communication among the independent accountants, financial and senior management and the Board of Directors.

The Audit Committee will primarily fulfill these responsibilities by carrying out the activities enumerated in Section IV of this Charter. These responsibilities are in addition to those duties set out for a member of the Board of Directors.

II. COMPOSITION

The Audit Committee shall be comprised of one or more directors as determined by the Board, each of whom shall be independent directors. Members of the Audit Committee shall be considered independent if they (i) do not, other than in their capacity as a member of the Audit Committee, the Board or other Board committee, accept any consulting, advisory or other compensatory fee from the Corporation, (ii) are not affiliated persons of the Corporation or any of its subsidiaries, and (iii) have no relationship to the Corporation that reasonably may be regarded as interfering with the exercise of their independence from management and the Corporation. Examples of such relationships include:

- a director being employed by the Corporation or any of its affiliates for the current year or any of the past three years;

- a director who accepts any compensation from the Corporation or any of its affiliates during the previous fiscal year, other than compensation for service as a member of the Audit Committee, the Board or other Board committee;

- a director being employed as an executive of another entity where any of the Corporation's executives serves on that entity's compensation committee.

One director who is not an independent director (as defined above) and is not a current employee or an immediate family member of such employee may be appointed to the Audit Committee, if such appointment otherwise would be permitted by applicable regulation or exemptive action of the Securities and Exchange Commission ("SEC") (and of any national securities exchange or automated securities quotation system on which the Corporation's common stock may be traded).

All members of the Committee shall be capable of reading and understanding fundamental financial statements, including a company's balance sheet, income statement and cash flow statement or will be able to do so within a reasonable period of time after his or her appointment to the Committee. If reasonably practicable, at least one member of the Committee shall have past employment experience in accounting or finance, requisite professional certification in accounting or any other experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. Committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Corporation or an outside consultant. The members of the Committee shall be elected by the Board at the annual organizational meeting of the Board or until their successors shall be duly elected and qualified.
