Report of Independent Registered Public Accounting Firm

Board of Directors
City Holding Company

We have audited the accompanying statements of net assets available for benefits of the City Holding Company 401(k) Plan and Trust (the Plan) as of December 31, 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005, and the changes in its net assets available for benefits for the year ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2005, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Financial Statements

December 31, 2005

1. Significant Accounting Policies

Basis of Accounting

The accounting records of the City Holding Company 401(k) Plan and Trust (the Plan) are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Cash and Cash Equivalents

Cash equivalents are short-term, highly liquid investments. The market value of cash equivalents approximates cost.

Investments

The Plan determines the fair value of its investment in City Holding Company common stock based on the stock's quoted trade price. Investments in mutual and commingled funds are valued at the Plan's proportionate share of the quoted fair value of net assets in each fund as of December 31, 2005 and 2004. The participant loans are valued at their outstanding balances, which approximate fair value.

Each participant may designate the percentage of his or her contributions to be invested into any of the investment options, offered by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. Description of Plan

The following description of the Plan provides general only information. Participants should refer to the Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan covering all employees of City Holding Company and its subsidiaries (the Company) who are eligible for participation in the plan the first day of the month subsequent to date of hire or attaining the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company's contribution consists of a 50% match of the first 6% of each eligible participant's contribution as directed by the participant's investment elections. If a participant does not elect investment options, all contributions are invested in the default fund, as defined in the Plan agreement.

Participant Accounts

Participants may elect to contribute, on a salary-deferral basis, up to 15% of annual compensation, subject to federal income tax limits. Included in participant contributions are approximately \$21,000 and \$110,000 in 2005 and 2004, respectively, of participant account balances rolled-over from previous employer plans. Participants may elect, on an annual basis, to have the dividends on their investment in Plan sponsor stock to be paid directly to the participant or reinvested in the participant's account in the Plan sponsor stock.

Vesting

Participants are immediately vested in all contributions, the employer match, and earnings thereon when they are made to the Plan.

2. Description of Plan (continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1-5 years or for a reasonable time period if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate. Participant assets are utilized to pay administrative fees associated with processing participant loans. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

Benefits, representing each participant's share in the Plan, are generally payable upon the participating employee's death, retirement, disability, or separation from the Company. Benefits are payable in the form of cash, stock, or a combination thereof.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

3. Federal Income Taxes

The Plan has received a determination letter from the Internal Revenue Service dated May 6, 2004, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.
