Report of Independent Registered Public Accounting Firm

AT&T Inc.,

Plan Administrator for AT&T PAYSOP

We have audited the accompanying statements of net assets available for benefits of AT&T PAYSOP (formerly SBC PAYSOP) as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the year ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2005, and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

AT&T PAYSOP

Notes to Financial Statements

December 31, 2005 and 2004

(Dollars in Thousands)

**1. Plan Description**

The AT&T PAYSOP (the Plan), formerly known as the SBC PAYSOP, was established by SBC Communications Inc. (SBC) during 1983 as a result of the disaggregation of the Bell System Employee Stock Ownership Plan. The Plan was established to provide shares of SBC common stock to eligible employees of participating SBC companies. In connection with the acquisition of AT&T Corp., SBC changed its name to AT&T Inc. (AT&T) in November 2005.

The following description of the Plan provides only general information. The Plan text and prospectus include complete descriptions of Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions for years prior to the 1987 plan year were in amounts equal to the credit claimed by AT&T on its consolidated federal income tax return pursuant to Section 41 of the Internal Revenue Code of 1954 (IRC). This credit was one-half of one percent of compensation paid or accrued for all participants during the plan year up to a maximum of \$100 per participant.

The Tax Reform Act of 1986 repealed the income tax credit on employee stock ownership plan contributions for compensation paid or accrued after December 31, 1986. No contributions were made to the Plan beginning with the 1987 plan year. Employees with a balance in the Plan on December 31, 1986 and whose accounts have not been totally distributed in accordance with the terms of the Plan are eligible for participation in the Plan and continue to maintain a balance in the Plan. Employees who did not have a balance in the Plan at that time are not eligible to participate.

AT&T has the right under the Plan to terminate the Plan subject to the provisions of ERISA. AT&T will file an application for a determination of the Plan's qualified status with the Internal Revenue Service (IRS) in the third quarter of 2006, and intends to terminate the Plan within a reasonable period of time following receipt of a favorable determination letter from the IRS. The Plan termination will be subject to the conditions set forth by ERISA and as the Plan provides, the net assets will be distributed to participants in amounts equal to their respective interests in such assets.

**2. Summary of Significant Accounting Policies**

The fair value of AT&T common stock is determined on the basis of the closing price per share on the valuation date as reported at the official close of the New York Stock Exchange. Temporary cash investments are valued at cost, which approximates fair value. Purchases and sales of securities are reflected as of the trade date. Dividend income is recognized on the ex-dividend date. Interest earned on investments is recognized on the accrual basis.

The Plan provides for investments in investment securities, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Expenses incurred to administer the Plan are paid by AT&T. A portion of these expenses, up to \$100 per year, is reimbursed by the Plan to AT&T.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**3. Allocations and Distributions to Participants**

The Plan maintains an account for each participant. Distribution of the shares allocated to a participant's account is generally made to a participant after termination of employment but no later than April of the plan year following the plan year in which the participant attains age 70 1/2, or to a beneficiary as soon as practicable after the participant's death. If a participant remains an active employee beyond the year the participant turns age 70 1/2, the participant's account will begin to be distributed no later than April of the following year. For each distribution, the participant or beneficiary receives stock.

## Edgar Filing: AT&T INC. - Form 11-K

All quarterly dividends for a year earned on shares in participants' accounts are held in an interest-bearing account until paid to participants on an annual basis in November of each year. Effective January 1, 2002, the Plan was amended to allow participants the option to reinvest dividends on AT&T common stock held in their accounts. Reinvested dividends are used to

(Dollars in Thousands)

purchase AT&T common stock. Earnings attributable to dividends pending distribution which exceed administrative expenses paid by the Plan are used to purchase additional shares of AT&T common stock. These shares are proportionately allocated to each participant's account.

**4. Tax Status**

The IRS issued a determination letter on March 26, 2004, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the determination letter was received. The Plan Administrator believes that the Plan is currently designed and is operating in compliance with the applicable requirements of the IRC.

**5. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<b>2005</b>	2004
Net assets available for benefits per the financial statements	<b>\$ 67,190</b>	\$ 75,454
Less: Distributions payable to participants	<b>(257)</b>	(257)
Net assets available for benefits per the Form 5500	<b>\$ 66,933</b>	\$ 75,197

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2005:

Distributions to participants per the financial statements	<b>\$ 7,379</b>
Add: distributions payable to participants at December 31, 2005	257
Less: distributions payable to participants at December 31, 2004	(257)
Distributions to participants per the Form 5500	<b>\$ 7,379</b>

Distributions payable to participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.
