Independent Auditors' Report

The Plan Administrator
Airgas, Inc. 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Airgas, Inc. 401(k) Plan as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Airgas, Inc. 401(k) Plan at December 31, 2000 and 1999, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2000, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AIRGAS, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2000 and 1999

(1) Description of the Plan

The following description of the Airgas, Inc. 401(k) Plan (the Plan) provides general information only. Participants should refer to the Plan agreement for more complete information.

(a) General

The Plan is a defined contribution plan covering substantially all employees of Airgas, Inc. and subsidiaries (the Company). Included in the assets of the Plan are contribution rollovers from benefit plans of acquired companies, where applicable. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Vanguard Fiduciary Trust Company (the Trustee) serves as the trustee for the Plan.

(b) Contributions

Employee

The Plan permits a participant to defer up to 15% of eligible compensation. The amount of deferred compensation is treated as a salary reduction and is not subject to federal income tax until withdrawn from the Plan. In no event will the contribution exceed maximum allowable contributions as prescribed by the Internal Revenue Service.

Employer

Contributions to the Plan by the Company are made on a

Edgar Filing: AIRGAS INC - Form 11-K

matched basis and at a rate of 50% of participant deferred compensation. The employer match is applied on employee contributions of up to 4% of eligible compensation (i.e., maximum employer match is 2% of eligible compensation). Plan participants are eligible for Company matching contributions as of the first day of each calendar month after the date the employee is first credited with one hour of service. If employees become eligible to participate in the Plan through a business acquisition, participation may be delayed up to seven months from the date of acquisition.

5

AIRGAS, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2000 and 1999

In addition to the required Company match, the Company may elect to make discretionary contributions as determined by the Board of Directors. The Company made profit sharing discretionary contributions of \$2,718,558 and \$1,904,532 for the years ended December 31, 2000 and 1999, respectively. The Company determines its discretionary contribution based on the overall profitability of the Company. Of that amount, the Company allocates a portion to each subsidiary based on that subsidiary's profitability. Each subsidiary then allocates its profit sharing to individual participants based on their proportionate compensation.

(c) Participant Accounts

Contributions are invested as directed by each participant in 12 separate investment funds. Each participant may designate, by written notice to the Plan administrator, how the contributions to his or her account are to be allocated among the 12 funds. Participants are required to allocate contributions to the funds in increments of 1% of total contributions. In the event a participant fails to submit a written notice of allocation, contributions will be invested in the Retirement Savings Trust. In addition to the above initial election, participants may elect, by calling the Trustee, to transfer, in 1% increments of the total funds credited to their account, monies among the investment funds. Interest, dividends and other income earned by the investment funds, net of administrative fees, are reinvested in the same fund. Such amounts are allocated to participants based upon the proportion of a participant's balance to the total fund balance.

(d) Participant Loans

The Plan administrator may, upon the application of a participant, direct the Trustee to make a loan to such a participant. The maximum the participant may borrow is limited to the lesser of 50% of the participant's Plan balance or \$50,000. The minimum loan amount is \$1,000. The loan will bear interest at a rate equal to prime plus 2% and shall provide for periodic repayment over a reasonable period of time not to exceed five years for general purpose loans and 30 years for principal residence loans. The prime

Edgar Filing: AIRGAS INC - Form 11-K

rate at December 31, 2000, was 9.5%.

(e) Vesting

Participants are immediately vested in all contributions. In addition, all earnings on such investments are fully vested.

Notes to Financial Statements

December 31, 2000 and 1999

(f) Payment of Benefits

Upon retirement, death or termination of service, participants or beneficiaries are entitled to a distribution equal to the total value of their accounts. Such distributions are generally payable in cash.

Participants experiencing serious financial hardships may be entitled to a distribution upon approval by the Plan administrator.

(g) Transfer to Other Benefit Plans

The transfer to other benefit plans during 1999 primarily resulted from Plan disbursements in connection with the fiscal 1999 divestiture of the Company's Calcium Carbide and Carbon products operations.

(h) Administrative Expenses

All administrative expenses have been paid by the Plan.

(2) Merger of 401(k) Plans

During 2000 and 1999, in connection with acquisitions completed by the Company, there were transfers in from certain 401(k) plans of acquired companies.

(3) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present net assets available for benefits and changes in those assets.

(b) Investments

Investments in the Airgas Common Stock Fund are valued at market value based upon closing prices at the Plan year-end. The fair values of the Vanguard funds are based on the net asset values per share at year-end.
