ITEM 2.03 CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT OF A REGISTRANT

On March 24, 2006, Navistar International Corporation (the company) borrowed an aggregate principal amount of \$614,095,905.69 under its new 3-year senior unsecured term loan facility in the aggregate principal amount of \$1,500,000,000 (the loan facility). The loan facility was arranged by Credit Suisse and included Banc of America Securities, Banc of America Bridge, Citigroup Corporate and Investment Banking and J.P. Morgan Chase Bank. The loan facility is guaranteed by International Truck and Engine Corporation, the principal operating subsidiary of the company.

This borrowing under the loan facility accrues interest at a rate equal to an adjusted LIBOR rate plus a spread. The spread, which is based on the company's credit ratings in effect from time to time, ranges from 475 basis points to 725 basis points and will increase by an additional 50 basis points at the end of the twelve-month period following the date of the first borrowing and by an additional 25 basis points at the end of each subsequent six-month period and is subject to further increases under certain other circumstances.

The proceeds of this borrowing were used to (1) repurchase \$217.042 million of the company's outstanding \$220 million 4.75% subordinated exchangeable notes due 2009 pursuant to the company's previously announced consent solicitations and tender offers for such notes

(2) retire all of the company's outstanding \$400 million 6.25% senior notes due 2012 and (3) pay certain fees incurred in connection with the foregoing and the loan facility.

ITEM 2.04 TRIGGERING EVENTS THAT ACCELERATE OR INCREASE A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT

On March 22, 2006, Navistar International Corporation (the company) received a notice of acceleration from at least 25% of the holders of its \$400 million 6.25% senior notes due 2012 (the 6.25% senior notes), as is required by the indenture governing such notes in order to initiate acceleration, declaring the entire principal amount outstanding and any accrued interest and premium thereon, immediately due and payable. This acceleration notice relates to the failure to cure an alleged financial reporting covenant default under the company's indenture governing the 6.25% senior notes. In response to the notice of acceleration, the company today retired all \$400 million of the 6.25% senior notes.

PAGE 3

As previously disclosed in the company's 8-K filed on February 9, 2006 with the Securities and Exchange Commission (the SEC), on February 3, 2006, the company received a notice alleging that the company defaulted under a financial reporting covenant under the indenture governing the 6.25% senior notes for failing to furnish the Trustee a copy of the company's Annual Report on Form 10-K for the fiscal year ended October 31, 2005. As previously disclosed in the company's Current Report on Form 8-K filed on January 17, 2006 with the SEC, the company

was unable to timely file its Annual Report on Form 10-K for the period ended October 31, 2005 because of an ongoing review of a number of complex and technical accounting items.

The acceleration of the company 6.25% senior notes could lead to the acceleration of the maturity of other outstanding series of the company's long-term debt or under certain of its lease agreements and certain other indebtedness of the company and its subsidiaries. At such time as the 6.25% senior notes are repaid in full, however, all existing defaults under the 6.25% senior notes will be cured and all existing cross defaults and/or cross accelerations will also be eliminated.

The company used proceeds available under its new 3-year senior unsecured term loan facility in the aggregate principal amount of \$1,500,000,000 to retire the 6.25% senior notes.

ITEM 3.03. MATERIAL MODIFICATION TO RIGHTS OF SECURITY HOLDERS

On March 24, 2006, Navistar International Corporation (the company) executed supplemental indentures (collectively, the supplemental indentures) relating to its 4.75% subordinated exchangeable notes due 2009. The supplemental indenture, among other things, waived any and all defaults and events of default existing under the 4.75% subordinated exchangeable notes indenture, eliminated substantially all of the material restrictive covenants, specified affirmative covenants and certain events of default and related provisions in the 4.75% subordinated exchangeable notes indentures and rescinded any and all prior notices of default and/or acceleration delivered to the company pursuant to the 4.75% subordinated exchangeable notes indenture.

ITEM 8.01. OTHER EVENTS

On March 24, 2006, the company issued a press release, which is attached as Exhibit 99.1 to this Report and incorporated by reference herein.
