FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d)
OF THE SECURITIES EXCHANGE ACT OF 1934
FOR THE QUARTERLY PERIOD ENDED MARCH 31, 2017
OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d)
OF THE SECURITIES EXCHANGE ACT OF 1934
FOR THE TRANSITION PERIOD FROM _____ TO _____
Commission File Number: 1-4364

RYDER SYSTEM, INC.

(Exact name of registrant as specified in its charter)

Florida

59-0739250

(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification No.)

11690 N.W. 105th Street

Miami, Florida 33178

(305) 500-3726

(Address of principal executive offices, including zip code) (Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. YES NO

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). YES NO

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer Non-accelerated filer

(Do not check if a smaller reporting company)

Smaller reporting company Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act)

YES NO

The number of shares of Ryder System, Inc. Common Stock (\$0.50 par value per share) outstanding at March 31, 2017, was 53,560,199.

RYDER SYSTEM, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
(unaudited)

1. GENERAL

Interim Financial Statements

The accompanying unaudited Consolidated Condensed Financial Statements include the accounts of Ryder System, Inc. (Ryder) and all entities in which Ryder has a controlling voting interest (subsidiaries) and variable interest entities (VIEs) required to be consolidated in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The accompanying unaudited Consolidated Condensed Financial Statements have been prepared in accordance with the accounting policies described in our 2016 Annual Report on Form 10-K and should be read in conjunction with the Consolidated Financial Statements and notes thereto. The year-end condensed balance sheet data was derived from audited financial statements, but does not include all disclosures required by U.S. GAAP. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair statement have been included and the disclosures herein are adequate. The operating results for interim periods are unaudited and are not necessarily indicative of the results that can be expected for a full year.

2. RECENT ACCOUNTING PRONOUNCEMENTS

Employee Benefits Plans

In March 2017, the FASB issued ASU No. 2017-07, Compensation-Retirement Benefits (Topic 715), Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost, which requires an employer to report the service cost component in the same line item or items as other compensation costs arising from services rendered by the pertinent employees during the period. The other components of net benefit cost are required to be presented in the income statement separately from the service cost component and outside a subtotal of income from operations. The amendments in this update also allow only the service cost component to be eligible for capitalization when applicable. The standard is effective January 1, 2018, with early adoption as of January 1, 2017 permitted. We adopted the standard during the first quarter of 2017, and recorded the other components of net benefit cost within "Non-service retirement benefit costs" in the Consolidated Condensed Statements of Earnings for both the current and prior year periods.

Intangibles - Goodwill and Other

In January 2017, the FASB issued ASU No. 2017-04, Simplifying the Test for Goodwill Impairment, which requires an entity to perform a one-step quantitative impairment test, whereby a goodwill impairment loss will be measured as the excess of a reporting unit's carrying amount over its fair value (not to exceed the total goodwill allocated to that reporting unit). It eliminates Step 2 of the current two-step goodwill impairment test, under which a goodwill impairment loss is measured by comparing the implied fair value of a reporting unit's goodwill with the carrying amount of that goodwill. The standard is effective January 1, 2020, with early adoption as of January 1, 2017 permitted. We adopted the standard during the first quarter of 2017 and it did not have a material impact on our consolidated financial position, results of operations and cash flows.

Statement of Cash Flows

In August 2016, the FASB issued ASU No. 2016-15, Statement of Cash Flows, which clarifies how companies present and classify certain cash receipts and cash payments in the statement of cash flows. In November 2016, the FASB issued additional guidance related to the statement of cash flows, which requires companies to explain the

change during the period in the total of cash, cash equivalents, and restricted cash or restricted cash equivalents. The standard is effective January 1, 2018, with early adoption permitted. We will adopt the standard as of January 1, 2018, on a retrospective basis. We do not expect this standard to have a material impact on the presentation of our consolidated cash flows.

RYDER SYSTEM, INC. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS — (Continued)
 (unaudited)

Leases

In February 2016, the FASB issued ASU No. 2016-02, Leases, which sets out the principles for the recognition, measurement, presentation and disclosure of leases. The standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases. This classification will determine whether the lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales-type leases, direct financing leases and operating leases. We will adopt the standard effective January 1, 2019, using the modified retrospective transition method. We do not anticipate a material impact upon adoption of the standard on our consolidated financial position, results of operations and cash flows.

Revenue Recognition

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, which together with related, subsequently issued guidance, requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The adoption of ASU 2014-09 will primarily impact our ChoiceLease product line, which includes a vehicle lease as well as maintenance and other services related to the vehicle. We will generally continue to recognize revenue for the vehicle lease portion of the product line on a straight-line basis. Revenue from the non-lease portion of the product line, primarily maintenance services, will be recognized at the time the maintenance services are performed, which will generally require the deferral of some portion of the customer's lease payments when received, as maintenance services are not performed evenly over the life of a ChoiceLease contract. Under current GAAP, substantially all revenues from our ChoiceLease arrangements are recognized on a straight line basis over the term of the lease. We will adopt the standard on January 1, 2018, using the full retrospective transition method, which will result in a cumulative-effect adjustment to recognize deferred revenue on the opening balance sheet for 2016 and the restatement of the financial statements for all prior periods presented (2016 and 2017). We continue to evaluate the impact of adoption of this standard on our consolidated financial position, results of operations and cash flows.

3. REVENUE EARNING EQUIPMENT

	March 31, 2017			December 31, 2016		
	Cost	Accumulated Depreciation	Net Book Value ⁽¹⁾	Cost	Accumulated Depreciation	Net Book Value ⁽¹⁾
	(In thousands)					
Held for use:						
ChoiceLease	\$9,664,962	(3,159,228)	6,505,734	\$9,486,977	(3,031,937)	6,455,040
Commercial rental	2,492,992	(942,309)	1,550,683	2,499,010	(935,346)	1,563,664
Held for sale	439,022	(324,263)	114,759	494,355	(365,337)	129,018
Total	\$12,596,976	(4,425,800)	8,171,176	\$12,480,342	(4,332,620)	8,147,722

(1)

Revenue earning equipment, net book value includes vehicles acquired under capital leases of \$37 million, less accumulated depreciation of \$17 million, at March 31, 2017, and \$43 million, less accumulated depreciation of \$22 million, at December 31, 2016.

We lease revenue earning equipment to customers for periods typically ranging from three to seven years for trucks and tractors and up to ten years for trailers. The majority of our leases are classified as operating leases. However, some of our revenue earning equipment leases are classified as direct financing leases and, to a lesser extent, sales-type leases. As of March 31, 2017 and December 31, 2016, the net investment in direct financing and sales-type leases was \$404 million and \$409 million, respectively. Our direct financing lease customers operate in a wide variety of industries, and we have no significant customer concentrations in any one industry. We assess credit risk for all of our customers including those who lease equipment under direct financing leases prior to signing a ChoiceLease contract. For those customers who are designated as high risk, we typically require deposits to be paid in advance in order to mitigate our credit risk. Additionally, our receivables are collateralized by the vehicles, which further mitigates our credit risk.

RYDER SYSTEM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS — (Continued)

(unaudited)

As of March 31, 2017 and December 31, 2016, the amount of direct financing lease receivables past due was not significant, and there were no impaired receivables. Accordingly, we do not believe there is a material risk of default with respect to the direct financing lease receivables.

Revenue earning equipment held for sale is stated at the lower of carrying amount or fair value less costs to sell. Losses on vehicles held for sale for which carrying values exceeded fair value are recognized at the time they arrive at our used truck sales centers and are presented within “Used vehicle sales, net” in the Consolidated Condensed Statements of Earnings. For revenue earning equipment held for sale, we stratify our fleet by vehicle type (trucks, tractors and trailers), weight class, age and other relevant characteristics and create classes of similar assets for analysis purposes. For a certain population of our revenue earning equipment held for sale, fair value was determined based upon recent market prices obtained from our own sales experience for sales of each class of similar assets and vehicle condition. These vehicles held for sale were classified within Level 3 of the fair value hierarchy.

The following table presents our assets held for sale that are measured at fair value on a nonrecurring basis and considered a Level 3 fair value measurement:

	March 31,		Total Losses (2) Three months ended March 31,	
	2017	2016	2017	2016
	(In thousands)			
Assets held for sale:				
Revenue earning equipment (1):				
Trucks	\$12,228	11,538	\$5,800	1,744
Tractors	38,383	39,739	5,183	4,882
Trailers	2,303	3,153	568	662
Total assets at fair value	\$52,914	54,430	\$11,551	7,288

Assets held for sale in the above table only include the portion of revenue earning equipment held for sale where (1) net book values exceeded fair values and fair value adjustments were recorded. The net book value of assets held for sale not exceeding fair value was \$62 million and \$120 million as of March 31, 2017 and 2016, respectively.

(2) Total losses represent fair value adjustments for all vehicles reclassified to held for sale throughout the period for which fair value was less than carrying value.

For the three months ended March 31, 2017 and 2016, the components of used vehicle sales, net were as follows:

	Three months ended March 31,	
	2017	2016
	(In thousands)	
Gains on vehicle sales, net	\$(12,331)	(26,417)
Losses from fair value adjustments	11,551	7,288
Used vehicle sales, net	\$(780)	(19,129)

4. ACCRUED EXPENSES AND OTHER LIABILITIES

	March 31, 2017			December 31, 2016		
	Accrued Expenses	Non-Current Liabilities	Total	Accrued Expenses	Non-Current Liabilities	Total
	(In thousands)					
Salaries and wages	\$68,831	—	68,831	\$90,913	—	90,913
Deferred compensation	3,548	48,550	52,098	2,992	46,541	49,533
Pension benefits	3,808	455,625	459,433	3,796	451,940	455,736
Other postretirement benefits	1,507	19,365	20,872	1,506	19,459	20,965
Other employee benefits	11,437	2,325	13,762	29,358	5,854	35,212
Insurance obligations ⁽¹⁾	126,520	265,466	391,986	127,470	234,336	361,806
Operating taxes	98,717	—	98,717	92,150	—	92,150
Income taxes	1,784	24,091	25,875	4,197	23,174	27,371
Interest	28,807	—	28,807	27,277	—	27,277
Customer deposits	63,320	4,501	67,821	61,225	4,569	65,794
Deferred revenue	14,758	—	14,758	14,064	—	14,064
Restructuring liabilities ⁽²⁾	4,387	—	4,387	7,278	—	7,278
Other	41,035	32,912	73,947	44,963	31,692	76,655
Total	\$468,459	852,835	1,321,294	\$507,189	817,565	1,324,754

(1) Insurance obligations are primarily comprised of self-insured claim liabilities.

The reduction in restructuring liabilities from December 31, 2016, principally represents cash payments for (2) employee termination costs. The majority of the balance remaining in restructuring liabilities is expected to be paid by the end of 2017.

				5,135,973	5,213,645
Current portion of long-term debt				(782,863) (613,781
Long-term debt				4,353,110	4,599,864
Total debt				\$5,326,225	5,391,274

(1) Amounts are net of unamortized original issue discounts of \$7 million at March 31, 2017 and December 31, 2016.

(2) Asset-backed U.S. obligations are related to financing transactions involving revenue earning equipment.

(3) The notional amount of the executed interest rate swaps designated as fair value hedges was \$825 million at March 31, 2017 and December 31, 2016.

We maintain a \$1.2 billion global revolving credit facility with a syndicate of twelve lending institutions led by Bank of America N.A., Bank of Tokyo-Mitsubishi UFJ, Ltd., BNP Paribas, Mizuho Corporate Bank, Ltd., Royal Bank of Canada, Lloyds Bank Plc, U.S. Bank National Association and Wells Fargo Bank, N.A. The facility matures in January 2020. The agreement provides for annual facility fees which range from 7.5 basis points to 25 basis points based on Ryder's long-term credit ratings. The annual facility fee is currently 10 basis points, which applies to the total facility size of \$1.2 billion.

The credit facility is used primarily to finance working capital but can also be used to issue up to \$75 million in letters of credit (there were no letters of credit outstanding against the facility at March 31, 2017). At our option, the interest rate on borrowings under the credit facility is based on LIBOR, prime, federal funds or local equivalent rates. The credit facility contains no provisions limiting its availability in the event of a material adverse change to Ryder's business operations; however, the credit facility does contain standard representations and warranties, events of default, cross-default provisions and certain affirmative and negative covenants.

In order to maintain availability of funding, we must maintain a ratio of debt to consolidated net worth of less than or equal to 300%. Net worth, as defined in the credit facility, represents shareholders' equity excluding any accumulated other comprehensive income or loss associated with our pension and other postretirement plans. The ratio at March 31, 2017 was 197%. At March 31, 2017, there was \$660 million available under the credit facility.

RYDER SYSTEM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS — (Continued)

(unaudited)

Our global revolving credit facility enables us to refinance short-term obligations on a long-term basis. Short-term commercial paper obligations not expected to require the use of working capital are classified as long-term as we have both the intent and ability to refinance on a long-term basis. In addition, we have the intent and ability to refinance the current portion of certain long-term debt on a long-term basis. At March 31, 2017, we classified \$350 million of short-term commercial paper and \$50 million of the current portion of long-term debt as long-term debt. At December 31, 2016, we classified \$342 million of short-term commercial paper and \$350 million of the current portion of long-term debt as long-term debt.

In February 2017, we issued \$300 million of unsecured medium-term notes maturing in March 2022. The proceeds from these notes were used to pay off maturing debt and for general corporate purposes. If these notes are downgraded below investment grade following, and as a result of, a change in control, the note holders can require us to repurchase all or a portion of the notes at a purchase price equal to 101% of principal value plus accrued and unpaid interest.

We have a trade receivables purchase and sale program, pursuant to which we sell certain of our domestic trade accounts receivable to a bankruptcy remote, consolidated subsidiary of Ryder, that in turn sells, on a revolving basis, an ownership interest in certain of these accounts receivable to a committed purchaser. The subsidiary is considered a VIE and is consolidated based on our control of the entity's activities. We use this program to provide additional liquidity to fund our operations, particularly when it is cost effective to do so. The costs under the program may vary based on changes in interest rates. The available proceeds that may be received under the program are limited to \$175 million. The program was renewed in October 2016. If no event occurs which causes early termination, the 364-day program will expire on October 23, 2017. The program contains provisions restricting its availability in the event of a material adverse change to our business operations or the collectibility of the collateralized receivables. Sales of receivables under this program are accounted for as secured borrowings based on our continuing involvement in the transferred assets. No amounts were outstanding under the program at March 31, 2017 or December 31, 2016.

At March 31, 2017 and December 31, 2016, we had letters of credit and surety bonds outstanding totaling \$358 million and \$354 million, respectively, which primarily guarantee the payment of insurance claims.

The fair value of total debt (excluding capital lease and asset-backed U.S. obligations) at March 31, 2017 and December 31, 2016 was approximately \$4.91 billion and \$4.97 billion, respectively. For publicly-traded debt, estimates of fair value were based on market prices. For other debt, fair value was estimated based on a model-driven approach using rates currently available to us for debt with similar terms and remaining maturities. The fair value measurements of our publicly-traded debt and other debt were classified within Level 2 of the fair value hierarchy. The carrying amounts reported in the Consolidated Condensed Balance Sheets for "Cash and cash equivalents," "Receivables, net" and "Accounts payable" approximate fair value because of the immediate or short-term maturities of these financial instruments.

6. DERIVATIVES

From time to time, we enter into interest rate derivatives to manage our fixed and variable interest rate exposure and to better match the repricing of debt instruments to that of our portfolio of assets. We assess the risk that changes in interest rates will have either on the fair value of debt obligations or on the amount of future interest payments by monitoring changes in interest rate exposures and by evaluating hedging opportunities. We regularly monitor interest rate risk attributable to both our outstanding or forecasted debt obligations as well as any offsetting hedge positions. This risk management process involves the use of analytical techniques, including cash flow sensitivity analyses, to estimate the expected impact of changes in interest rates on our future cash flows.

As of March 31, 2017, we had interest rate swaps outstanding which are designated as fair value hedges for certain debt obligations, with a total notional value of \$825 million and maturities through 2020. Interest rate swaps are measured at fair value on a recurring basis using Level 2 fair value inputs. The fair value of these interest rate swaps was a liability of \$1 million and an asset of \$1 million as of March 31, 2017 and December 31, 2016, respectively. The amounts are presented in "Other non-current liabilities" and "Direct financing leases and other assets" in our Consolidated Condensed Balance Sheets. Changes in the fair value of our interest rate swaps were offset by changes in the fair value of the hedged debt instruments. Accordingly, there was no ineffectiveness related to the interest rate swaps.

7. SHARE REPURCHASE PROGRAMS

In December 2015, our Board of Directors authorized a share repurchase program intended to mitigate the dilutive impact of shares issued under our employee stock plans (the program). Under the program, management is authorized to repurchase (i) up to 1.5 million shares of common stock, the sum of which will not exceed the number of shares issued to employees under the Company's employee stock plans from December 1, 2015 to December 9, 2017, plus (ii) 0.5 million shares issued to employees that were not repurchased under the Company's previous share repurchase program. The program limits aggregate share repurchases to no more than 2 million shares of Ryder common stock. Share repurchases of common stock are made periodically in open-market transactions and are subject to market conditions, legal requirements and other factors. Management may establish prearranged written plans for the Company under Rule 10b5-1 of the Securities Exchange Act of 1934 as part of the program, which allow for share repurchases during Ryder's quarterly blackout periods as set forth in the trading plan.

During the three months ended March 31, 2017, we repurchased approximately 221,000 shares for \$17 million. We did not repurchase any shares during the three months ended March 31, 2016.

8. ACCUMULATED OTHER COMPREHENSIVE LOSS

The following summary sets forth the components of accumulated other comprehensive loss, net of tax:

	Currency Translation Adjustments and Other (In thousands)	Net Actuarial Loss ⁽¹⁾	Prior Service (Cost)/ Credit ⁽¹⁾	Accumulated Other Comprehensive Loss
December 31, 2016	\$(206,610)	(620,292)	(7,130)	(834,032)
Amortization	—	5,011	53	5,064
Other current period change	15,742	—	—	15,742
March 31, 2017	\$(190,868)	(615,281)	(7,077)	(813,226)

	Currency Translation Adjustments and Other (In thousands)	Net Actuarial Loss ⁽¹⁾	Prior Service Credit ⁽¹⁾	Accumulated Other Comprehensive Loss
December 31, 2015	\$(136,020)	(576,993)	278	(712,735)
Amortization	—	4,752	(37)	4,715
Other current period change	13,684	—	—	13,684
March 31, 2016	\$(122,336)	(572,241)	241	(694,336)

⁽¹⁾ These amounts are included in the computation of net pension expense. See Note 11, "Employee Benefit Plans," for further information.

The gain from currency translation adjustments in the three months ended March 31, 2017 of \$15.7 million was primarily due to the strengthening of the British Pound and the Canadian Dollar against the U.S. Dollar. The gain from currency translation adjustments in the three months ended March 31, 2016 of \$13.7 million was due to the strengthening of the Canadian Dollar against the the U.S. Dollar, partially offset by the weakening of the British Pound against the U.S. Dollar.

9. EARNINGS PER SHARE

The following table presents the calculation of basic and diluted earnings per common share from continuing operations:

	Three months ended March 31,	
	2017	2016
	(In thousands, except per share amounts)	
Earnings per share — Basic:		
Earnings from continuing operations	\$38,279	56,185
Less: Earnings allocated to unvested stock	(130)	(166)
Earnings from continuing operations available to common shareholders — Basic	\$38,149	56,019
Weighted average common shares outstanding — Basic	52,945	53,076
Earnings from continuing operations per common share — Basic	\$0.72	1.06
Earnings per share — Diluted:		
Earnings from continuing operations	\$38,279	56,185
Less: Earnings allocated to unvested stock	(130)	(166)
Earnings from continuing operations available to common shareholders — Diluted	\$38,149	56,019
Weighted average common shares outstanding — Basic	52,945	53,076
Effect of dilutive equity awards	451	287
Weighted average common shares outstanding — Diluted	53,396	53,363
Earnings from continuing operations per common share — Diluted	\$0.71	1.05
Anti-dilutive equity awards not included above	591	1,186

(unaudited)

10. SHARE-BASED COMPENSATION PLANS

Share-based incentive awards are provided to employees under the terms of various share-based compensation plans (collectively, the “Plans”). The Plans are administered by the Compensation Committee of the Board of Directors and principally include at-the-money stock options, unvested stock and cash awards. Unvested stock awards include grants of market-based, performance-based and time-vested restricted stock rights. Under the terms of our Plans, dividends are not paid unless the stock award vests. Upon vesting, the amount of the dividends paid is equal to the aggregate dividends declared on common shares during the period from the grant date of the award until the date the shares underlying the award are delivered.

The following table provides information on share-based compensation expense and income tax benefits recognized during the periods:

	Three months ended March 31,	
	2017	2016
	(In thousands)	
Stock option and stock purchase plans	\$1,905	1,873
Unvested stock	3,050	3,015
Share-based compensation expense	4,955	4,888
Income tax benefit	(1,734)	(1,655)
Share-based compensation expense, net of tax	\$3,221	3,233

During the three months ended March 31, 2017 and 2016, approximately 462,000 and 513,000 stock options, respectively, were granted under the Plans. These awards generally vest in equal annual installments over a three year period beginning on the date of grant. The stock options have contractual terms of ten years. The fair value of each option award at the date of grant was estimated using a Black-Scholes-Merton option-pricing valuation model. Share-based compensation expense is recognized on a straight-line basis over the vesting period. The weighted-average fair value per option granted during the three months ended March 31, 2017 and 2016 was \$15.71 and \$12.53, respectively.

During the three months ended March 31, 2017 and 2016, approximately 45,000 and 34,000 market-based restricted stock rights were granted, respectively, under the Plans. The awards are segmented into three performance periods of one, two and three years. At the end of each performance period, up to 150% of the award in 2017 and 125% in 2016 may be earned based on Ryder's total shareholder return (TSR) compared to the target TSR of a peer group over the applicable performance period. If earned, employees will receive the grant of stock at the end of the relevant three-year performance period provided they continue to be employed with Ryder, subject to Compensation Committee approval. The fair value of the market-based restricted stock rights was estimated using a lattice-based option-pricing valuation model that incorporates a Monte-Carlo simulation. The fair value of the market-based awards was determined on the grant date and considers the likelihood of Ryder achieving the market-based condition. Share-based compensation expense is recognized on a straight-line basis over the vesting period. The weighted-average fair value per market-based restricted stock right granted during the three months ended March 31, 2017 and 2016 was \$73.43 and \$54.10, respectively.

During the three months ended March 31, 2017 and 2016, approximately 142,000 and 58,000 performance-based restricted stock rights (PBRs), respectively, were awarded under the Plans. The awards are segmented into three one-year performance periods. For these awards, up to 150% of the awards in 2017 and 125% in 2016 may be earned

based on Ryder's one-year adjusted return on capital (ROC) measured against an annual ROC target. If earned, employees will receive the grant of stock three years after the grant date, provided they continue to be employed with Ryder, subject to Compensation Committee approval. For accounting purposes, these awards are not considered granted until the Compensation Committee approves the annual ROC target. During the three months ended March 31, 2017 and 2016, approximately 79,000 and 45,000 PBRs, respectively, were considered granted for accounting purposes. The fair value of the PBRs is determined and fixed on the grant date based on Ryder's stock price on the date of grant. Share-based compensation expense is recognized on a straight-line basis over the vesting period, based upon the probability that the performance target will be met. The weighted-average fair value per PBR granted during the three months ended March 31, 2017 and 2016 was \$76.49 and \$55.32, respectively.

During the three months ended March 31, 2017 and 2016, approximately 85,000 and 111,000 time-vested restricted stock rights, respectively, were granted under the Plans. The time-vested restricted stock rights entitle the holder to shares of common stock when the awards generally vest at the end of the three-year period after the grant date. The fair value of the time-vested awards is determined and fixed based on Ryder's stock price on the date of grant. Share-based compensation expense is

RYDER SYSTEM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS — (Continued)

(unaudited)

recognized on a straight-line basis over the vesting period. The weighted-average fair value per time-vested restricted stock right granted during the three months ended March 31, 2017 and 2016 was \$76.57 and \$55.32, respectively.

During the three months ended March 31, 2016, employees received market-based cash awards. The cash awards have the same vesting provisions as the market-based restricted stock rights. The cash awards are accounted for as liability awards under the share-based compensation accounting guidance as the awards are based upon the performance of our common stock and are settled in cash. As a result, the liability is adjusted to reflect fair value at the end of each reporting period. The fair value of the cash awards was estimated using a lattice-based option-pricing valuation model that incorporates a Monte-Carlo simulation. Share-based compensation expense is recognized on a straight-line basis over the vesting period. There were no market-based cash awards granted in 2017.

The following table is a summary of compensation expense recognized for market-based cash awards in addition to the share-based compensation expense reported in the previous table:

	Three months ended March 31, 2017 2016 (In thousands)	
Cash awards	\$ 77	151

Total unrecognized pre-tax compensation expense related to all share-based compensation arrangements at March 31, 2017 was \$34.7 million and is expected to be recognized over a weighted-average period of 2.2 years.

11. EMPLOYEE BENEFIT PLANS

Components of net pension expense were as follows:

	Three months ended March 31, 2017 2016 (In thousands)	
Pension Benefits		
Company-administered plans:		
Service cost	\$3,249	3,400
Interest cost	21,489	22,240
Expected return on plan assets	(22,478)	(23,085)
Amortization of:		
Net actuarial loss	8,450	7,965
Prior service cost	145	—
	10,855	10,520
Union-administered plans	2,502	2,322
Net pension expense	\$13,357	12,842

Company-administered plans:

U.S.	\$11,311	11,175
Non-U.S.	(456)	(655)
	10,855	10,520
Union-administered plans	2,502	2,322
Net pension expense	\$13,357	12,842

RYDER SYSTEM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS — (Continued)

(unaudited)

During the three months ended March 31, 2017, we contributed \$3.7 million to our pension plans. In 2017, the expected total contributions to our pension plans are approximately \$23.7 million. We also maintain other postretirement benefit plans that are not reflected in the above table. The amount of postretirement benefit expense was not material for the three months ended March 31, 2017.

12. OTHER ITEMS IMPACTING COMPARABILITY

During the three months ended March 31, 2017, we determined that certain operating tax expenses related to prior periods had not been recognized in prior period earnings. We recorded a one-time charge of \$2.2 million within “Selling, general and administrative expenses” in our Consolidated Condensed Statement of Earnings as the impact of the adjustment was not material to our consolidated condensed financial statements in any individual prior period, and the cumulative amount is not material to the first quarter 2017 results.

13. OTHER MATTERS

We are a party to various claims, complaints and proceedings arising in the ordinary course of our continuing business operations including, but not limited to, those relating to commercial and employment claims, environmental matters, risk management matters (e.g., vehicle liability, workers’ compensation, etc.) and administrative assessments primarily associated with operating taxes. We have established loss provisions for matters in which losses are probable and can be reasonably estimated. We believe that the resolution of these claims, complaints and legal proceedings will not have a material effect on our consolidated condensed financial statements.

Our estimates regarding potential losses and materiality are based on our judgment and assessment of the claims utilizing currently available information. Although we will continue to reassess our reserves and estimates based on future developments, our objective assessment of the legal merits of such claims may not always be predictive of the outcome and actual results may vary from our current estimates.

14. SUPPLEMENTAL CASH FLOW INFORMATION

Supplemental cash flow information was as follows:

	Three months ended March 31,	
	2017	2016
	(In thousands)	
Interest paid	\$31,441	34,421
Income taxes paid	3,107	4,750
Changes in accounts payable related to purchases of revenue earning equipment	74,766	(77,486)
Operating and revenue earning equipment acquired under capital leases	1,607	240

RYDER SYSTEM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS — (Continued)

(unaudited)

15. SEGMENT REPORTING

Our operating segments are aggregated into reportable business segments based upon similar economic characteristics, products, services, customers and delivery methods. We report our financial performance in three business segments: (1) FMS, which provides leasing, commercial rental and maintenance of trucks, tractors and trailers to customers principally in the U.S., Canada and the U.K.; (2) DTS, which provides vehicles and drivers as part of a dedicated transportation solution in the U.S.; and (3) SCS, which provides comprehensive supply chain solutions including distribution and transportation services in North America and Asia. Dedicated transportation services provided as part of an integrated, multi-service, supply chain solution to SCS customers are reported in the SCS business segment.

Our primary measurement of segment financial performance, defined as segment “Earnings Before Tax” (EBT) from continuing operations, includes an allocation of Central Support Services (CSS) and excludes non-operating pension costs and the operating tax adjustment discussed in Note 12 “Other Items Impacting Comparability.” CSS represents those costs incurred to support all business segments, including human resources, finance, corporate services, public affairs, information technology, health and safety, legal, marketing and corporate communications. The objective of the EBT measurement is to provide clarity on the profitability of each segment and, ultimately, to hold leadership of each segment accountable for their allocated share of CSS costs. Certain costs are considered to be overhead not attributable to any segment and remain unallocated in CSS. Included among the unallocated overhead remaining within CSS are the costs for investor relations, public affairs and certain executive compensation. CSS costs attributable to the business segments are predominantly allocated to FMS, DTS and SCS as follows:

- Finance, corporate services, and health and safety — allocated based upon estimated and planned resource utilization;
- Human resources — individual costs within this category are allocated under various methods, including allocation based on estimated utilization and number of personnel supported;
- Information technology — principally allocated based upon utilization-related metrics such as number of users or minutes of CPU time. Customer-related project costs and expenses are allocated to the business segment responsible for the project; and
- Other — represents legal and other centralized costs and expenses including certain share-based incentive compensation costs. Expenses, where allocated, are based primarily on the number of personnel supported.

RYDER SYSTEM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS — (Continued)

(unaudited)

Our FMS segment leases revenue earning equipment and provides fuel, maintenance and other ancillary services to the DTS and SCS segments. Inter-segment revenue and EBT are accounted for at rates similar to those executed with third parties. EBT related to inter-segment equipment and services billed to DTS and SCS customers (equipment contribution) are included in both FMS and the segment that served the customer and then eliminated (presented as “Eliminations”).

The following tables set forth financial information for each of our segments and provide a reconciliation between segment EBT and earnings from continuing operations before income taxes for the three months ended March 31, 2017 and 2016. Segment results are not necessarily indicative of the results of operations that would have occurred had each segment been an independent, stand-alone entity during the periods presented.

	FMS	DTS	SCS	Eliminations	Total
	(In thousands)				
For the three months ended March 31, 2017

(2) Excludes revenue earning equipment acquired under capital leases.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

The following Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A) should be read in conjunction with the unaudited Consolidated Condensed Financial Statements and notes thereto included under Item 1. In addition, reference should be made to our audited Consolidated Financial Statements and notes thereto and related Management's Discussion and Analysis of Financial Condition and Results of Operations included in the 2016 Annual Report on Form 10-K.

Ryder System, Inc. (Ryder) is a global leader in transportation and supply chain management solutions. We report our financial performance based on three segments: (1) FMS, which provides leasing, commercial rental, and maintenance of trucks, tractors and trailers to customers principally in the U.S., Canada and the U.K.; (2) DTS, which provides vehicles and drivers as part of a dedicated transportation solution in the U.S.; and (3) SCS, which provides comprehensive supply chain solutions including distribution and transportation services in North America and Asia. Dedicated transportation services provided as part of an integrated, multi-service, supply chain solution to SCS customers are reported in the SCS business segment.

We operate in highly competitive markets. Our customers select us based on numerous factors including service quality, price, technology and service offerings. As an alternative to using our services, customers may choose to provide these services for themselves, or may choose to obtain similar or alternative services from other third-party vendors. Our customer base includes enterprises operating in a variety of industries including automotive, industrial, food and beverage service, consumer packaged goods (CPG), transportation and warehousing, technology and healthcare, retail, housing, business and personal services, and paper and publishing.

In 2016, we expanded our full service lease product line to provide lease customers additional flexibility, choice and control in fleet management, and we renamed the lease product to ChoiceLease. Our ChoiceLease product line allows customers to select the the level of maintenance they prefer in their leases, from full service or total bumper-to-bumper coverage to on demand or pay-as-you-go maintenance. We also combined and renamed our historical contract maintenance and our contract-related maintenance product offerings to SelectCare. Our SelectCare product line allows customers to select the level of maintenance to keep their fleet running properly, as well as the option to choose where they want their service delivered. Beginning in 2017, FMS is reporting using these new product names.

This MD&A includes certain non-GAAP financial measures. Please refer to the "Non-GAAP Financial Measures" section of this MD&A for information on the non-GAAP measures included in the MD&A, reconciliations to the most comparable GAAP financial measure and the reasons why we believe each measure is useful to investors.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

Operating results were as follows:

	Three months ended		Change	
	March 31, 2017	2016	2017/2016	
	(In thousands, except per share amounts)			
Total revenue	\$1,748,163	1,629,672	7	%
Operating revenue ⁽¹⁾	1,445,126	1,406,013	3	%
EBT	\$59,956	88,708	(32)	%
Comparable EBT ⁽²⁾	69,404	95,576	(27)	%
Earnings from continuing operations	38,279	56,185	(32)	%
Comparable earnings from continuing operations ⁽²⁾	44,164	60,145	(27)	%
Net earnings	38,149	55,794	(32)	%
Earnings per common share (EPS) — Diluted				
Continuing operations	\$0.71	1.05	(32)	%

Net earnings	0.71	1.04	(32)	%

Non-GAAP financial measure. Refer to the “Non-GAAP Financial Measures” section of this MD&A for a (1) reconciliation of total revenue to operating revenue and the reasons why management believes this measure is important to investors.

Non-GAAP financial measures. Refer to the “Non-GAAP Financial Measures” section for a reconciliation of EBT, (2) net earnings and earnings per diluted common share to the comparable measures and the reasons why management believes these measures are important to investors.

Total revenue and operating revenue (a non-GAAP measure excluding fuel and subcontracted transportation) increased 7% and 3%, respectively, in the first quarter of 2017. Total revenue increased due to higher operating revenue and increased subcontracted transportation passed through to customers, reflecting new business and higher volumes, as well as higher fuel costs passed through to customers. Total revenue growth was partially offset by negative impacts from foreign exchange. Operating revenue increased due to higher ChoiceLease revenue and higher revenue in the SCS and DTS business segments, partially offset by lower commercial rental revenue and, to a lesser extent, negative impacts from foreign exchange. EBT decreased 32% in the first quarter of 2017, reflecting lower commercial rental and used vehicle sales results in FMS and higher insurance and vehicle maintenance costs in DTS, partially offset by increased volumes and higher pricing in SCS.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

CONSOLIDATED RESULTS

Lease and Rental

	Three months ended		Change	
	March 31, 2017	2016	2017/2016	
	(Dollars in thousands)			
Lease and rental revenues	\$767,590	767,754	—	%
Cost of lease and rental	578,762	552,490	5	%
Gross margin	188,828	215,264	(12)	%
Gross margin %	25	% 28		%

Lease and rental revenues represent revenues from our ChoiceLease and commercial rental product offerings within our FMS segment. Revenues were approximately \$768 million in the first quarter of 2017, consistent with the first quarter of 2016. For 2017, higher ChoiceLease revenue, driven by growth in the ChoiceLease fleet and higher prices on replacement vehicles, was offset by lower commercial rental revenue reflecting lower demand and, to a lesser extent, a negative impact from foreign exchange. For the first quarter, foreign exchange negatively impacted revenue growth by 100 basis points.

Cost of lease and rental represents the direct costs related to lease and rental revenues. These costs consist of depreciation of revenue earning equipment, maintenance costs (primarily repair parts and labor), and other costs such as licenses, insurance and operating taxes. Cost of lease and rental excludes interest costs from vehicle financing. Cost of lease and rental increased 5% in the first quarter, primarily due to higher depreciation and maintenance costs from a larger average lease fleet (3% higher in the first quarter) and accelerated depreciation on vehicles expected to be made available for sale through June 2018 of \$9 million, partially offset by lower depreciation on a smaller average rental fleet (9% lower in the first quarter). Cost of lease and rental also increased by approximately \$1 million in the first quarter of 2017, due to changes in estimated residual values effective January 1, 2017. For the first quarter, foreign exchange also reduced cost of lease and rental by 100 basis points.

Lease and rental gross margin decreased 12% in the first quarter of 2017 to \$188.8 million and gross margin as a percentage of revenue decreased to 25% in the first quarter of 2017. The decrease in gross margin dollars and as a percentage of revenue in the first quarter of 2017 was due to lower commercial rental demand and higher maintenance costs.

Services

	Three months ended		Change	
	March 31, 2017	2016	2017/2016	
	(Dollars in thousands)			
Services revenue	\$851,867	759,127	12	%
Cost of services	714,080	631,714	13	%
Gross margin	137,787	127,413	8	%
Gross margin %	16	% 17		%

Services revenue represents all the revenues associated with our DTS and SCS segments, as well as SelectCare and fleet support services associated with our FMS segment. Services revenue increased 12% in the first quarter, primarily due to increased volumes, new business and higher pricing in the SCS and DTS segments. Services revenue also

benefited from higher fuel prices passed through to our DTS and SCS customers. For the first quarter, foreign exchange negatively impacted revenue growth by 100 basis points.

Cost of services represents the direct costs related to services revenue and is primarily comprised of salaries and employee-related costs, subcontracted transportation (purchased transportation from third parties), fuel, vehicle liability costs and maintenance costs. Cost of services increased 13% in the first quarter of 2017 due to higher volumes and higher fuel costs in SCS and DTS and higher insurance and vehicle maintenance costs in DTS. For the first quarter, foreign exchange reduced cost of services by 100 basis points.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

Services gross margin increased 8% to \$137.8 million and decreased as a percentage of revenue to 16%. The increase in gross margin dollars reflects benefits from increased volumes, new business and higher pricing in our SCS segment, partially offset by higher insurance and vehicle maintenance costs in DTS. The decline in gross margin as a percentage of revenue reflects higher insurance costs and lost business in DTS.

Fuel

	Three months ended		Change	
	March 31, 2017	2016	2017/2016	
	(Dollars in thousands)			
Fuel services revenue	\$ 128,706	102,791	25	%
Cost of fuel services	125,850	98,901	27	%
Gross margin	2,856	3,890	(27)	%
Gross margin %	2	% 4		%

Fuel services revenue represents fuel services provided to our FMS customers. Fuel services revenue increased 25% in the first quarter due to higher fuel prices passed through to customers.

Cost of fuel services includes the direct costs associated with providing our customers with fuel. These costs include fuel, salaries and employee-related costs of fuel island attendants and depreciation of our fueling facilities and equipment. Cost of fuel services increased 27% in the first quarter as a result of higher fuel prices.

Fuel services gross margin decreased 27% to \$2.9 million and fuel services gross margin as a percentage of revenue decreased to 2% in the first quarter of 2017. Fuel is largely a pass-through to customers for which we realize minimal changes in margin during periods of steady market fuel prices. However, fuel services margin is impacted by sudden increases or decreases in market fuel prices during a short period of time, as customer pricing for fuel is established based on trailing market fuel costs. Fuel services gross margin in the first quarter of 2017 was adversely impacted by these price change dynamics as compared to the first quarter of 2016.

	Three months ended		Change	
	March 31, 2017	2016	2017/2016	
	(Dollars in thousands)			
Other operating expenses	\$ 31,271	30,151	4	%

Other operating expenses include costs related to our owned and leased facilities within the FMS segment, such as facility depreciation, rent, purchased insurance, utilities and taxes. These facilities are utilized to provide maintenance to our ChoiceLease, rental, and SelectCare customers. Other operating expenses increased to \$31.3 million due to higher utility costs for FMS facilities.

	Three months ended		Change	
	March 31, 2017	2016	2017/2016	
	(Dollars in thousands)			

Edgar Filing: RYDER SYSTEM INC - Form 10-Q

Selling, general and administrative expenses (SG&A)	\$201,761	204,403	(1)%
Percentage of total revenue	12	% 13	%

SG&A expenses decreased 1% in the first quarter primarily due to lower compensation-related expenses and foreign exchange. Foreign exchange reduced the growth in SG&A expenses by 100 basis points. SG&A expenses as a percent of total revenue decreased to 12% due to lower compensation-related expenses.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

	Three months ended March 31,			Change
	2017	2016	2017/2016	
	(Dollars in thousands)			
Non-service retirement benefit costs	\$7,330	6,810	8	%

Non-service retirement benefit costs includes the components of our net periodic benefit cost other than service cost. These components include interest cost, expected return on plan assets, amortization of actuarial loss and prior service cost. Non-service retirement benefit costs increased \$0.5 million from the prior year due to the impact of a lower asset return assumption.

	Three months ended March 31,			Change
	2017	2016	2017/2016	
	(Dollars in thousands)			
Used vehicle sales, net	\$780	19,129	(96)%

Used vehicle sales, net includes gains from sales of used vehicles as well as the selling costs associated with used vehicles and write-downs of vehicles to fair market values. Gains on used vehicles, net decreased to \$0.8 million in the first quarter of 2017, primarily due to a drop in the market value of trucks and tractors. Global average proceeds per unit in the first quarter decreased from the prior year reflecting a 20% decrease in truck proceeds per unit and a 16% decrease in tractor proceeds per unit.

	Three months ended March 31,			Change
	2017	2016	2017/2016	
	(Dollars in thousands)			
Interest expense	\$34,886	37,889	(8)%
Effective interest rate	2.6	%	2.7	%

Interest expense decreased 8% to \$34.9 million in the first quarter of 2017 reflecting a lower effective interest rate and a lower average outstanding debt. The lower effective interest rate in 2017 reflects the replacement of higher interest rate debt with debt issuances at lower rates. The decrease in average outstanding debt reflects lower planned vehicle capital spending.

	Three months ended March 31,			Change
	2017	2016	2017/2016	
	(Dollars in thousands)			
Miscellaneous income, net	\$4,953	2,265	119	%

Miscellaneous income, net consists of investment income on securities used to fund certain benefit plans, interest income, gains from sales of operating property, foreign currency transaction gains (losses) and other non-operating items. The increase in the first quarter is primarily driven by increased rabbi trust investment income, partially offset by foreign currency transaction losses.

	Three months ended		Change
	March 31,		
	2017	2016	2017/2016
	(Dollars in thousands)		
Provision for income taxes	\$21,677	32,523	(33)%
Effective tax rate from continuing operations	36.2 %	36.7 %	

Provision for income taxes decreased 33% in the first quarter. The decrease in the provision for income taxes reflects lower taxable earnings and a lower effective income tax rate. The decrease in the effective tax rate reflects the reduction of the valuation allowance for foreign deferred income tax assets.

Earnings from continuing operations before income taxes	\$59,956	88,708	(32)	%

Non-GAAP financial measure. Refer to the "Non-GAAP Financial Measures" section of this MD&A for a (1)reconciliation of total revenue to operating revenue, and segment total revenue to segment operating revenue for FMS, DTS and SCS, as well as the reasons why management believes these measures are important to investors.

As part of management's evaluation of segment operating performance, we define the primary measurement of our segment financial performance as "Earnings Before Taxes" (EBT) from continuing operations, which includes an allocation of Central Support Services (CSS), and excludes non-operating pension costs and other items discussed in Note 15, "Segment Reporting," in the Notes to Consolidated Condensed Financial Statements. CSS represents those costs incurred to support all segments, including human resources, finance, corporate services and public affairs, information technology, health and safety, legal, marketing and corporate communications.

The objective of the EBT measurement is to provide clarity on the profitability of each segment and, ultimately, to hold leadership of each segment accountable for their allocated share of CSS costs. Segment results are not necessarily indicative of the results of operations that would have occurred had each segment been an independent, stand-alone entity during the periods presented. Certain costs are not attributable to any segment and remain unallocated in CSS, including costs for investor relations, public affairs and certain executive compensation.

Inter-segment revenue and EBT are accounted for at rates similar to those executed with third parties. EBT related to inter-segment equipment and services billed to DTS and SCS customers (equipment contribution) are included in both

FMS and the segment that served the customer and then eliminated (presented as “Eliminations” in the table above).

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

The following table sets forth equipment contribution included in EBT for our segments:

	Three months ended March 31, 2017 2016 2017/2016 (Dollars in thousands)		
Equipment Contribution:			
Dedicated Transportation Solutions	\$6,655	7,718	(14)%
Supply Chain Solutions	4,561	4,026	13
Total ⁽¹⁾	\$11,216	11,744	(4)%

(1) Total amount is included in FMS EBT.

The decrease in DTS equipment contribution is primarily driven by higher maintenance costs on an older vehicle fleet used in DTS operations. The increase in SCS equipment contribution is primarily driven by higher volumes.

Items excluded from our segment EBT measure and their classification within our Consolidated Condensed Statements of Earnings follow:

Description	Classification	Three months ended March 31, 2017 2016 (In thousands)	
Non-operating pension costs	Non-service retirement benefit costs	\$(7,243)	(6,868)
Operating tax adjustment ⁽¹⁾	SG&A	(2,205)	—
		\$ (9,448)	(6,868)

(1) See Note 12, "Other Items Impacting Comparability," in the Notes to Consolidated Condensed Financial Statements for a discussion of adjustments.

Fleet Management Solutions

	Three months ended March 31, 2017 2016 (Dollars in thousands)		Change 2017/2016
ChoiceLease	\$656,312	622,863	5 %
SelectCare	113,609	114,387	(1)
Commercial Rental	174,006	204,837	(15)
Other	18,289	20,237	(10)
Fuel services revenue	170,254	135,604	26
FMS total revenue ⁽¹⁾	\$1,132,470	1,097,928	3 %
FMS operating revenue ⁽²⁾	\$962,216	962,324	—
FMS EBT	\$52,108	83,301	(37)%
FMS EBT as a % of FMS total revenue	4.6	% 7.6	% (300) bps

FMS EBT as a % of FMS operating revenue ⁽²⁾ 5.4 % 8.7 % (330) bps

(1) Includes intercompany fuel sales from FMS to DTS and SCS.

Non-GAAP financial measures. Reconciliations of FMS total revenue to FMS operating revenue, FMS EBT as a % of FMS total revenue to FMS EBT as a % of FMS operating revenue, as well as the reasons why management believes these measures are important to investors are included in the “Non-GAAP Financial Measures” section of this MD&A.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

The following table summarizes the components of the change in FMS revenue on a percentage basis versus the prior year:

	Three months ended March 31, 2017			
	Total	Operating		
	(1)	(1)		
Organic, including price and volume	1 %	1 %		
Fuel	3	—		
Foreign exchange	(1)	(1)		
Net increase	3 %	— %		

Non-GAAP financial measure. A reconciliation of FMS total revenue to FMS operating revenue as well as the (1) reasons why management believes this measure is important to investors is included in the "Non-GAAP Financial Measures" section of this MD&A.

FMS total revenue increased 3% in the first quarter due to higher fuel services revenue, partially offset by negative impacts from foreign exchange. FMS operating revenue in the first quarter was consistent with the prior year as organic growth in the ChoiceLease product line was offset by lower commercial rental revenue and negative impacts from foreign exchange. In the first quarter of 2017, foreign exchange negatively impacted both total and operating revenue growth by 100 basis points.

ChoiceLease revenue increased 5% in the first quarter, reflecting a larger average fleet size and higher prices on replacement vehicles. Foreign exchange negatively impacted ChoiceLease revenue growth by 100 basis points in the first quarter of 2017. We expect favorable ChoiceLease revenue comparisons to continue through the end of the year based on sales activity. Commercial rental revenue decreased 15% in the first quarter due to lower demand. We expect unfavorable commercial rental revenue comparisons through the end of the year based on a weaker demand environment. SelectCare revenue decreased 1% in the first quarter as steady volumes were negatively impacted by foreign exchange.

The following table provides commercial rental statistics on our global fleet:

	Three months ended March 31,		Change
	2017	2016	2017/2016
	(Dollars in thousands)		
Rental revenue from non-lease customers	\$106,437	120,702	(12)%
Rental revenue from lease customers ⁽¹⁾	\$67,569	84,135	(20)%
Average commercial rental power fleet size — in service ⁽²⁾ ⁽³⁾	29,540	32,900	(10)%
Commercial rental utilization — power fleet	67.2 %	70.4 %	(320) bps

⁽¹⁾ Represents revenue from rental vehicles provided to our existing ChoiceLease customers, generally in place of a lease vehicle.

⁽²⁾ Number of units rounded to nearest hundred and calculated using quarterly average unit counts.

⁽³⁾ Excluding trailers.

FMS EBT decreased 37% in the first quarter of 2017, reflecting lower commercial rental and used vehicle sales results and accelerated depreciation on vehicles expected to be made available for sale through June 2018 of \$9 million,

partially offset by lower compensation-related costs including cost savings initiatives. Used vehicle sales results decreased primarily due to lower pricing in the first quarter. Commercial rental results declined from lower demand. Commercial rental utilization declined 320 basis points to 67.2%. ChoiceLease and commercial rental results were negatively impacted by approximately \$1 million of higher depreciation in the first quarter, due to residual value changes implemented January 1, 2017.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

Our global fleet of revenue earning equipment, SelectCare vehicles including vehicles under on-demand maintenance is summarized as follows (number of units rounded to the nearest hundred):

	March 31, 2017	December 31, 2016	March 31, 2016	Change		March 2017/Dec. 2016	
				March 2016	%	March 2017	%

Service vehicles and other	3,400	3,400	3,400	—		—	
Active units	177,800	177,700	177,000	—		—	
Held for sale	7,100	7,500	8,500	(5))	(16))
Total	184,900	185,200	185,500	—	%	—	%
Customer vehicles under SelectCare contracts ⁽⁵⁾	50,100	49,200	48,200	2	%	4	%
Customer vehicles under SelectCare on-demand ⁽⁶⁾	9,300	7,800	7,100	19	%	31	%
Total vehicles serviced	244,300	242,200	240,800	1	%	1	%

- (1) Generally comprised of Class 1 through Class 7 type vehicles with a Gross Vehicle Weight (GVW) up to 33,000 pounds.
- (2) Generally comprised of over the road on highway tractors and are primarily comprised of Class 8 type vehicles with a GVW of over 33,000 pounds.
- (3) Generally comprised of dry, flatbed and refrigerated type trailers.
Includes 4,800 UK trailers (3,000 ChoiceLease and 1,800 commercial rental), 5,300 UK trailers (3,300 ChoiceLease and 2,000 commercial rental) and 5,700 UK trailers (3,700 ChoiceLease and 2,000 commercial rental) as of March 31, 2017, December 31, 2016, and March 31, 2016, respectively.
- (5) Excludes customer vehicles under SelectCare on-demand contracts.
Comprised of the number of unique vehicles serviced under on-demand maintenance agreements for the quarterly (6) periods. This does not represent averages for the periods. Vehicles included in the count may have been serviced more than one time during the respective period.

Note: Quarterly amounts were computed using a 6-point average based on monthly information.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

The following table provides a breakdown of our non-revenue earning equipment included in our global fleet count (number of units rounded to nearest hundred):

	March 31, 2017	December 31, 2016	March 31, 2016	Change March 2017/ March 2016	Change March 2017/ Dec. 2016
Not yet earning revenue (NYE)	2,700	1,700	2,400	59 %	13 %
No longer earning revenue (NLE):					
Units held for sale	6,700	7,500	8,600	(11)	(22)
Other NLE units	6,200	4,400	4,800	41	29
Total	15,600	13,600	15,800	15 %	(1)%

NYE units represent new vehicles on hand that are being prepared for deployment to a lease customer or into the rental fleet. Preparations include activities such as adding lift gates, paint, decals, cargo area and refrigeration equipment. NYE units increased 13% compared to March 31, 2016, reflecting lease fleet growth and the redeployment of more used vehicles to fulfill lease sales in the prior year. NLE units represent vehicles held for sale and vehicles for which no revenue has been earned in the previous 30 days. Accordingly, these vehicles may be temporarily out of service, being prepared for sale or awaiting redeployment. NLE units decreased 1% compared to March 31, 2016, reflecting lower used vehicle inventories, partially offset by a higher number of units being prepared for sale. We expect NLE levels to decline through the end of the year as a result of lower expected used vehicle inventories and a decline in units being prepared for sale.

Dedicated Transportation Solutions

	Three months ended March 31,		Change	
	2017	2016	2017/2016	
	(Dollars in thousands)			
DTS total revenue ⁽¹⁾	\$266,674	244,842	9	%
DTS operating revenue ⁽²⁾	\$193,356	190,273	2	%
DTS EBT	\$11,279	14,268	(21))%
DTS EBT as a % of DTS total revenue	4.2	% 5.8	(160)	bps
DTS EBT as a % of DTS operating revenue ⁽²⁾	5.8	% 7.5	(170)	bps
Memo:				
Average fleet	8,200	8,000	3	%

(1) Includes intercompany fuel sales from FMS to DTS.

(2) Non-GAAP financial measures. Reconciliations of DTS total revenue to DTS operating revenue, DTS EBT as a % of DTS total revenue to DTS EBT as a % of DTS operating revenue, as well as the reasons why management believes these measures are important to investors are included in the "Non-GAAP Financial Measures" section of this MD&A.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

The following table summarizes the components of the change in DTS revenue on a percentage basis versus the prior year:

	Three months ended March 31, 2017	
	Total	Operating ⁽¹⁾
Organic, including price and volume	7%	2%
Fuel	2	—
Net increase	9%	2%

Non-GAAP financial measure. A reconciliation of DTS total revenue to DTS operating revenue, as well as the (1) reasons why management believes this measure is important to investors is included in the "Non-GAAP Financial Measures" section of this MD&A.

In the first quarter of 2017, DTS total revenue increased 9% reflecting higher operating revenue (a non-GAAP measure excluding fuel and subcontracted transportation) and increased subcontracted transportation resulting from new business, as well as higher fuel costs passed through to customers. DTS operating revenue increased 2% due to higher pricing and increased volumes. We expect DTS total revenue and DTS operating revenue comparisons to remain favorable through the end of the year; however, at a lower growth rate than prior year levels. DTS EBT decreased 21% in the first quarter of 2017, primarily due to higher insurance costs and higher maintenance costs on an older vehicle fleet.

Supply Chain Solutions

	2017	2016	2017/2016	
	(Dollars in thousands)			
Automotive	\$148,348	129,124	15	%
Technology and healthcare	62,897	57,438	10	
CPG and Retail	114,055	108,602	5	
Industrial and other	36,456	27,252	34	
Subcontracted transportation	82,479	51,979	59	
Fuel ⁽¹⁾	18,514	14,320	29	
SCS total revenue	\$462,749	388,715	19	%
SCS operating revenue ⁽²⁾	\$361,756	322,416	12	%
SCS EBT	\$27,446	19,796	39	%
SCS EBT as a % of SCS total revenue	5.9	% 5.1	%	80 bps
SCS EBT as a % of SCS operating revenue ⁽²⁾	7.6	% 6.1	%	150 bps
Memo:				
Average fleet	7,700	6,900	12	%

(1) Includes intercompany fuel sales from FMS to SCS.

Non-GAAP financial measures. Reconciliations of SCS total revenue to SCS operating revenue, SCS EBT as a % of SCS total revenue to SCS EBT as a % of SCS operating revenue, as well as the reasons why management (2) believes these measures are important to investors are included in the “Non-GAAP Financial Measures” section of this MD&A.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

The following table summarizes the components of the change in SCS revenue on a percentage basis versus the prior year:

	Three months ended March 31, 2017	
	Total	Operating (1)
Organic, including price and volume	19 %	13 %
Fuel	1	—
Foreign exchange	(1)	(1)
Net increase	19 %	12 %

Non-GAAP financial measure. A reconciliation of SCS total revenue to SCS operating revenue, as well as the (1) reasons why management believes this measure is important to investors is included in the "Non-GAAP Financial Measures" section of this MD&A.

In the first quarter of 2017, SCS total revenue increased 19% as growth reflects higher operating revenue (a non-GAAP measure excluding fuel and subcontracted transportation) and increased subcontracted transportation passed through to customers resulting from new business. SCS operating revenue increased 12% in the first quarter of 2017, primarily due to increased volumes, new business and higher pricing, partially offset by a negative impact from foreign exchange. We expect SCS total revenue and SCS operating revenue comparisons to remain favorable through the end of the year; however, at a lower growth rate. SCS EBT increased 39% in the first quarter of 2017 due to increased volumes and higher pricing.

Central Support Services

	Three months ended March 31, 2017		2016	Change 2017/2016
	(Dollars in thousands)			
Human resources	\$4,160	4,524		(8)%
Finance	14,796	14,774		—
Corporate services and public affairs	2,406	2,455		(2)
Information technology	21,232	19,908		7
Legal and safety	6,537	6,638		(2)
Marketing	3,432	3,710		(7)
Other	6,137	6,726		(9)
Total CSS	58,700	58,735		—
Allocation of CSS to business segments	(48,487)	(48,690)		—
Unallocated CSS	\$10,213	10,045		2 %

Total CSS costs were unchanged in the first quarter as higher information technology costs were offset by lower compensation-related costs. Unallocated CSS increased slightly in the first quarter to \$10.2 million.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

FINANCIAL RESOURCES AND LIQUIDITY

Cash Flows

The following is a summary of our cash flows from continuing operations:

	Three months ended March 31,	
	2017	2016
	(In thousands)	
Net cash provided by (used in):		
Operating activities	\$331,349	368,002
Financing activities	(106,215)	60,512
Investing activities	(247,130)	(429,044)
Effect of exchange rates on cash	1,501	(3,508)
Net change in cash and cash equivalents	\$(20,495)	(4,038)

Cash provided by operating activities decreased to \$331 million in the three months ended March 31, 2017, compared with \$368 million in 2016, due to lower earnings and higher working capital needs, partially offset by lower pension contributions. Cash used in financing activities was \$106 million in the three months ended March 31, 2017, compared with cash provided from financing activities of \$61 million in 2016, due to lower borrowing needs. Cash used in investing activities decreased to \$247 million in the three months ended March 31, 2017, compared with \$429 million in 2016, primarily due to lower payments for capital expenditures.

The following table shows our free cash flow computation:

	Three months ended March 31,	
	2017	2016
	(In thousands)	
Net cash provided by operating activities from continuing operations	\$331,349	368,002
Sales of revenue earning equipment ⁽¹⁾	95,617	119,188
Sales of operating property and equipment ⁽¹⁾	892	1,410
Collections on direct finance leases and other items ⁽¹⁾	16,265	25,610
Total cash generated ⁽²⁾	444,123	514,210
Purchases of property and revenue earning equipment ⁽¹⁾	(361,339)	(575,031)
Free cash flow ⁽²⁾	\$82,784	(60,821)

Memo:

Net cash (used in) provided by financing activities	\$(106,215)	60,512
Net cash used in investing activities	\$(247,130)	(429,044)

(1) Included in cash flows from investing activities.

Non-GAAP financial measures. Reconciliations of net cash provided by operating activities to total cash generated (2) and to free cash flow are set forth in this table. Refer to the "Non-GAAP Financial Measures" section of this MD&A for the reasons why management believes these measures are important to investors.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

The following table provides a summary of capital expenditures:

	Three months ended March 31, 2017 2016 (In thousands)	
Revenue earning equipment:		
ChoiceLease	\$316,310	441,041
Commercial rental	93,453	33,315
	409,763	474,356
Operating property and equipment	26,342	23,189
Total capital expenditures	436,105	497,545
Changes in accounts payable related to purchases of revenue earning equipment	(74,766)	77,486
Cash paid for purchases of property and revenue earning equipment	\$361,339	575,031

Capital expenditures decreased 12% to \$436 million in the three months ended March 31, 2017, reflecting planned lower investments in our lease fleet, partially offset by higher planned investments to refresh our commercial rental fleet. We expect full-year 2017 capital expenditures to be approximately \$2 billion. We expect to fund 2017 capital expenditures primarily with internally generated funds and additional debt financing.

Financing and Other Funding Transactions

We utilize external capital primarily to support working capital needs and growth in our asset-based product lines. The variety of debt financing alternatives typically available to fund our capital needs include commercial paper, long-term and medium-term public and private debt, asset-backed securities, bank term loans, leasing arrangements and bank credit facilities. Our principal sources of financing are issuances of commercial paper and medium-term notes.

Our ability to access unsecured debt in the capital markets is impacted by both our short-term and long-term debt ratings. These ratings are intended to provide guidance to investors in determining the credit risk associated with particular Ryder securities based on current information obtained by the rating agencies from us or from other sources. Lower ratings generally result in higher borrowing costs, as well as reduced access to unsecured capital markets. A significant downgrade of our short-term debt ratings would impair our ability to issue commercial paper and likely require us to rely on alternative funding sources. A significant downgrade would not affect our ability to borrow amounts under our revolving credit facility described below, assuming ongoing compliance with the terms and conditions of the credit facility.

Our debt ratings and rating outlooks at March 31, 2017, were as follows:

	Rating Summary		
	Short-Term	Long-Term	Outlook
Fitch Ratings	F-2	A-	Stable
Standard & Poor's Ratings Services	A-2	BBB+	Stable
Moody's Investors Service	P-2	Baa1	Stable (affirmed February 2017)

Cash and cash equivalents totaled \$38 million as of March 31, 2017. As of March 31, 2017, approximately \$18 million was held outside the U.S. and is available to fund operations and other growth of non-U.S. subsidiaries. If we decide to repatriate cash and cash equivalents held outside the U.S., we may be subject to additional U.S. income taxes and foreign withholding taxes. However, our intent is to permanently reinvest these foreign amounts outside the U.S. and our current plans do not demonstrate a need to repatriate these foreign amounts to fund our U.S. operations.

We believe that our operating cash flows, together with our access to the public unsecured bond market, commercial paper market and other available debt financing, will be adequate to meet our operating, investing and financing needs in the foreseeable future. However, there can be no assurance that unanticipated volatility and disruption in the public unsecured debt market or the commercial paper market would not impair our ability to access these markets on terms commercially acceptable to us or at all. If we cease to have access to public bonds, commercial paper and other sources of unsecured borrowings, we would meet our liquidity needs by drawing upon contractually committed lending agreements and/or by seeking other funding sources.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

As of March 31, 2017, we had the following amounts available to fund operations under the following facilities:

	(In millions)
Global revolving credit facility	\$660
Trade receivables program	\$175

See Note 5, "Debt", in the Notes to Consolidated Condensed Financial Statements for a discussion of these debt facilities.

The following table shows the movements in our debt balance:

	Three months ended	
	March 31,	
	2017	2016
	(In thousands)	
Debt balance at January 1	\$5,391,274	5,502,627
Cash-related changes in debt:		
Net change in commercial paper borrowings	9,513	98,580
Proceeds from issuance of medium-term notes	299,511	298,254
Proceeds from issuance of other debt instruments	179,191	—
Retirement of medium term notes	(350,000)	(300,000)
Other debt repaid	(205,671)	(12,400)
Debt issuance costs paid	(685)	(622)
	(68,141)	83,812
Non-cash changes in debt:		
Fair value adjustment on notes subject to hedging	(2,056)	12,853
Addition of capital lease obligations	1,558	240
Changes in foreign currency exchange rates and other non-cash items	2,243	(92)
Total changes in debt	(66,396)	96,813
Debt balance at March 31	\$5,326,225	5,599,440

In accordance with our funding philosophy, we attempt to match the aggregate average remaining re-pricing life of our debt with the aggregate average remaining re-pricing life of our assets. We utilize both fixed-rate and variable-rate debt to achieve this match and generally target a mix of 20% - 40% variable-rate debt as a percentage of total debt outstanding. The variable-rate portion of our total debt (including notional value of swap agreements) was 30% as of March 31, 2017 and December 31, 2016.

Refer to Note 5, "Debt," in the Notes to Consolidated Condensed Financial Statements for further discussion around the global revolving credit facility, the trade receivables program, the issuance of medium-term notes under our shelf registration statement, asset-backed financing obligations and debt maturities.

Ryder's debt to equity ratios were 256% and 263% as of March 31, 2017 and December 31, 2016, respectively. The debt to equity ratio represents total debt divided by total equity.

Pension Information

The funded status of our pension plans is dependent upon many factors, including returns on invested assets and the level of certain market interest rates. We review pension assumptions regularly and we may, from time to time, make voluntary contributions to our pension plans, which exceed the amounts required by statute. In 2017, the expected total contributions to our pension plans are approximately \$24 million. During the three months ended March 31, 2017, we contributed \$3.7 million to our pension plans. Changes in interest rates and the market value of the securities

held by the plans during 2017 could materially change, positively or negatively, the funded status of the plans and affect the level of pension expense and contributions in 2017 and beyond. See Note 11, "Employee Benefit Plans," in the Notes to Consolidated Condensed Financial Statements for additional information.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS - (Continued)

Share Repurchases and Cash Dividends

See Note 7, "Share Repurchase Programs," in the Notes to Consolidated Condensed Financial Statements for a discussion of share repurchases.

In February 2017, our Board of Directors declared a quarterly cash dividend of \$0.44 per share of common stock.

RECENT ACCOUNTING PRONOUNCEMENTS

See Note 2, "Recent Accounting Pronouncements," in the Notes to Consolidated Condensed Financial Statements for a discussion of recent accounting pronouncements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

NON-GAAP FINANCIAL MEASURES

This Quarterly Report on Form 10-Q includes information extracted from consolidated condensed financial information but not required by generally accepted accounting principles (GAAP) to be presented in the financial statements. Certain elements of this information are considered "non-GAAP financial measures" as defined by SEC rules. Non-GAAP financial measures should be considered in addition to, but not as a substitute for or superior to, other measures of financial performance or liquidity prepared in accordance with GAAP. Also, our non-GAAP financial measures may not be comparable to financial measures used by other companies. We provide a reconciliation of each of these non-GAAP financial measures to the most comparable GAAP measure in this non-GAAP financial measures section. We also provide the reasons why management believes each non-GAAP financial measure is useful to investors in this section.

Specifically, we refer to the following non-GAAP financial measures in this Form 10-Q:

Non-GAAP Financial Measure	Comparable GAAP Measure
Operating Revenue Measures:	
Operating Revenue	Total Revenue
FMS Operating Revenue	FMS Total Revenue
DTS Operating Revenue	DTS Total Revenue
SCS Operating Revenue	SCS Total Revenue
FMS EBT as a % of FMS Operating Revenue	FMS EBT as a % of FMS Total Revenue
DTS EBT as a % of DTS Operating Revenue	DTS EBT as a % of DTS Total Revenue
SCS EBT as a % of SCS Operating Revenue	SCS EBT as a % of SCS Total Revenue
Comparable Earnings Measures:	
Comparable Earnings Before Income Tax	Earnings Before Income Tax
Comparable Earnings	Earnings from Continuing Operations
Comparable EPS	EPS from Continuing Operations
Cash Flow Measures:	
Total Cash Generated and Free Cash Flow	Cash Provided by Operating Activities

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

Set forth in the table below is an explanation of each non-GAAP financial measure and why management believes that presentation of each non-GAAP financial measure provides useful information to investors:

Operating Revenue Measures:

<p>Operating Revenue</p> <p>FMS Operating Revenue</p> <p>DTS Operating Revenue</p> <p>SCS Operating Revenue</p> <p>FMS EBT as a % of FMS Operating Revenue</p> <p>DTS EBT as a % of DTS Operating Revenue</p> <p>SCS EBT as a % of SCS Operating Revenue</p>	<p>Operating revenue is defined as total revenue for Ryder System, Inc. or each business segment (FMS, DTS and SCS), respectively, excluding any (1) fuel and (2) subcontracted transportation. We believe operating revenue provides useful information to investors as we use it to evaluate the operating performance of our core businesses and as a measure of sales activity at the consolidated level for Ryder System, Inc., as well as for each of our business segments. We also use segment EBT as a percentage of segment operating revenue for each business segment for the</p>
--	---

same reason.

Note: FMS
EBT, DTS
EBT and SCS
EBT, our
primary
measures of
segment
performance,
are not
non-GAAP
measures.

Fuel: We
exclude FMS,
DTS and SCS
fuel from the
calculation of
our operating
revenue
measures, as
fuel is an
ancillary
service that we
provide our
customers,
which is
impacted by
fluctuations in
market fuel
prices, and the
costs are
largely a
pass-through to
our customers,
resulting in
minimal
changes in our
profitability
during periods
of steady
market fuel
prices.
However,
profitability
may be
positively or
negatively
impacted by
rapid changes
in market fuel
prices during a

short period of time, as customer pricing for fuel services is established based on trailing market fuel costs.

Subcontracted transportation:

We also exclude subcontracted transportation from the calculation of our operating revenue measures, as these services are also typically a pass-through to our customers and, therefore, fluctuations result in minimal changes to our profitability.

While our DTS and SCS business segments subcontract certain transportation services to third party providers, our FMS business segment does not engage in subcontracted transportation and, therefore, this item is not applicable to FMS.

Comparable Earnings Measures:

Comparable earnings before income tax (EBT)	Comparable
Comparable earnings	EBT,
Comparable earnings per diluted common share (EPS)	comparable
	earnings and
	comparable
	EPS are
	defined,
	respectively, as
	GAAP EBT,
	earnings and
	EPS, all from
	continuing
	operations,
	excluding (1)
	non-operating
	pension costs
	and (2) any
	other items that
	are not
	representative
	of our business
	operations. We
	believe these
	comparable
	earnings
	measures
	provide useful
	information to
	investors and
	allow for better
	year-over-year
	comparison of
	operating
	performance.
	Non-Operating
	Pension Costs:
	Our
	comparable
	earnings
	measures
	exclude
	non-operating
	pension costs,
	which include
	the
	amortization of
	net actuarial
	loss, interest
	cost and
	expected return
	on plan assets

components of pension and postretirement costs. We exclude non-operating pension costs because we consider these to be impacted by financial market performance and outside the operational performance of our business.

Other Items:

Our comparable earnings measures also exclude other items that are not representative of our business operations as detailed in the reconciliation table below page 38. These other items vary from period to period and, in some periods, there may be no such items.

Calculation of comparable tax rate: The comparable provision for income taxes is computed using the same methodology as the GAAP provision for income taxes.

Income tax effects of non-GAAP adjustments are calculated based on the statutory tax rates of the jurisdictions to which the non-GAAP adjustments relate.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

Cash Flow Measures:

Total Cash Generated We consider
Free Cash Flow total cash generated and free cash flow to be important measures of comparative operating performance, as our principal sources of operating liquidity are cash from operations and proceeds from the sale of revenue earning equipment.

Total Cash Generated:
Total cash generated is defined as the sum of (1) net cash provided by operating activities, (2) net cash provided by the sale of revenue earning equipment and (3) operating property and equipment, (4) collections on direct finance leases and (5) other cash inflows from investing

activities. We believe total cash generated is an important measure of total cash flows generated from our ongoing business activities.

Free Cash Flow: We refer to the net amount of cash generated from operating activities and investing activities (excluding changes in restricted cash and acquisitions) from continuing operations as “free cash flow”. We calculate free cash flow as the sum of (1) net cash provided by operating activities, (2) net cash provided by the sale of revenue earning equipment and (3) operating property and equipment, (4)

collections on
direct finance
leases and (5)
other cash
inflows from
investing
activities, less
(6) purchases
of property
and revenue
earning
equipment.

We believe
free cash flow
provides
investors with
an important
perspective on
the cash
available for
debt service
and for
shareholders,
after making
capital
investments
required to
support
ongoing
business
operations.

Our
calculation of
free cash flow
may be
different from
the calculation
used by other
companies
and, therefore,
comparability
may be
limited.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

The following table provides a reconciliation of GAAP earnings before taxes (EBT), earnings, and earnings per diluted share (EPS) from continuing operations to comparable EBT, comparable earnings and comparable EPS from continuing operations, which was not provided within the MD&A discussion.

EBT, earnings and diluted EPS from continuing operations in the three months ended March 31, 2017 and 2016, included certain items we do not consider indicative of our business operations and have been excluded from our comparable EBT, comparable earnings and comparable diluted EPS measures. The following table lists a summary of these items, which are discussed in more detail throughout our MD&A and within the Notes to Consolidated Condensed Financial Statements:

	EBT		Earnings		Diluted EPS	
	2017	2016	2017	2016	2017	2016
Three months ended March 31, (In thousands, except per share amounts)						
EBT/Earnings/EPS	\$59,956	88,708	\$38,279	56,185	\$0.71	1.05
Non-operating pension costs	7,243	6,868	4,208	3,960	0.08	0.07
Operating tax adjustment	2,205	—	1,677	—	0.03	—
Comparable EBT/Earnings/EPS	\$69,404	95,576	\$44,164	60,145	\$0.82	1.12

The following table provides a reconciliation of the provision for income taxes to the comparable provision for income taxes:

	Three months ended March 31,	
	2017	2016
	(Dollars in thousands)	
Provision for income taxes ⁽¹⁾	\$(21,677)	(32,523)
Income tax effects of non-GAAP adjustments ⁽¹⁾	(3,563)	(2,908)
Comparable provision for income taxes ⁽¹⁾	\$(25,240)	(35,431)

The comparable provision for income taxes is computed using the same methodology as the GAAP provision of (1) income taxes. Income tax effects of non-GAAP adjustments are calculated based on statutory tax rates of the jurisdictions to which the non-GAAP adjustments related.

The following table provides a numerical reconciliation of net cash provided by operating activities to total cash generated and free cash flow for the three months ended March 31, 2017 and 2016:

	Three months ended March 31,	
	2017	2016
	(In thousands)	
Net cash provided by operating activities from continuing operations	\$331,349	368,002
Sales of revenue earning equipment ⁽¹⁾	95,617	119,188
Sales of operating property and equipment ⁽¹⁾	892	1,410
Collections on direct finance leases and other items ⁽¹⁾	16,265	25,610
Total cash generated ⁽²⁾	444,123	514,210
Purchases of property and revenue earning equipment ⁽¹⁾	(361,339)	(575,031)
Free cash flow ⁽²⁾	\$82,784	(60,821)

Memo:

Net cash (used in) provided by financing activities	\$(106,215) 60,512
Net cash used in investing activities	\$(247,130) (429,044)

(1) Included in cash flows from investing activities.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

The following table provides a reconciliation of total revenue to operating revenue, which was not provided within the MD&A discussion:

	Three months ended March 31,	
	2017	2016
	(In thousands)	
Total revenue	\$1,748,163	1,629,672
Fuel	(175,255)	(140,451)
Subcontracted transportation	(127,782)	(83,208)
Operating revenue	\$1,445,126	1,406,013

The following table provides a reconciliation of FMS total revenue to FMS operating revenue, which was not provided within the MD&A discussion:

	Three months ended March 31,			
	2017	2016		
	(In thousands)			
FMS total revenue	\$1,132,470	1,097,928		
Fuel ⁽¹⁾	(170,254)	(135,604)		
FMS operating revenue	\$962,216	962,324		
FMS EBT	\$52,108	83,301		
FMS EBT as a % of FMS total revenue	4.6	% 7.6	%	
FMS EBT as a % of FMS operating revenue	5.4	% 8.7	%	

(1)Includes intercompany fuel sales from FMS to DTS and SCS.

The following table provides a reconciliation of DTS total revenue to DTS operating revenue, which was not provided within the MD&A discussion:

	Three months ended March 31,			
	2017	2016		
	(In thousands)			
DTS total revenue	\$266,674	244,842		
Subcontracted transportation	(45,303)	(31,229)		
Fuel ⁽¹⁾	(28,015)	(23,340)		
DTS operating revenue	\$193,356	190,273		
DTS EBT	\$11,279	14,268		
DTS EBT as a % of DTS total revenue	4.2	% 5.8	%	
DTS EBT as a % of DTS operating revenue	5.8	% 7.5	%	

(1)Includes intercompany fuel sales from FMS to DTS.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

The following table provides a reconciliation of SCS total revenue to SCS operating revenue, which was not provided within the MD&A discussion:

	Three months ended	
	March 31,	
	2017	2016
	(In thousands)	
SCS total revenue	\$462,749	388,715
Subcontracted transportation	(82,479)	(51,979)
Fuel ⁽¹⁾	(18,514)	(14,320)
SCS operating revenue	\$361,756	322,416
SCS EBT	\$27,446	19,796
SCS EBT as a % of SCS total revenue	5.9	% 5.1
SCS EBT as a % of SCS operating revenue	7.6	% 6.1

(1) Includes intercompany fuel sales from FMS to SCS.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

FORWARD-LOOKING STATEMENTS

Forward-looking statements (within the meaning of the Federal Private Securities Litigation Reform Act of 1995) are statements that relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends concerning matters that are not historical facts. These statements are often preceded by or include the words "believe," "expect," "intend," "estimate," "anticipate," "will," "may," "could," "should" or similar expressions. This Quarterly Report on 10-Q contains forward-looking statements including, but not limited to, statements regarding:

- our expectations in our FMS business segment regarding anticipated ChoiceLease and commercial rental revenue and demand;
- our expectations in our DTS and SCS business segments regarding anticipated operating revenue trends and growth rates;
- our expectations of the long-term residual values of revenue earning equipment;
- the anticipated decline in NLE vehicles in inventory through the end of the year;
- our expectations of operating cash flow and capital expenditures through the end of 2017;
- the adequacy of our accounting estimates and reserves for pension expense, compensation expense and employee benefit plan obligations, depreciation and residual value guarantees and income taxes;
- the anticipated timing of payment of restructuring liabilities;
- the adequacy of our fair value estimates of employee incentive awards under our share-based compensation plans, publicly traded debt and other debt;
- our beliefs regarding the default risk of our direct financing lease receivables;
- our ability to fund all of our operating, investing and financial needs for the foreseeable future through internally generated funds and outside funding sources;
- the anticipated impact of fuel price fluctuations;
- our expectations as to return on pension plan assets, future pension expense and estimated contributions;
- our expectations regarding the scope, anticipated outcomes and the adequacy of our loss provisions with respect to certain claims, proceedings and lawsuits;
- our expectations about the need to repatriate foreign cash to the U.S.;
- our ability to access commercial paper and other available debt financing in the capital markets;
- our expectations regarding the future use and availability of funding sources; and
- the anticipated impact of recent accounting pronouncements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

These statements, as well as other forward-looking statements contained in this Quarterly Report, are based on our current plans and expectations and are subject to risks, uncertainties and assumptions. We caution readers that certain important factors could cause actual results and events to differ significantly from those expressed in any forward-looking statements. These risk factors include, but are not limited to, the following:

Market Conditions:

Changes in general economic and financial conditions in the U.S. and worldwide leading to decreased demand for our services, lower profit margins, increased levels of bad debt and reduced access to credit

Decreases in freight demand which would impact both our transactional and variable-based contractual business

Changes in our customers' operations, financial condition or business environment that may limit their need for, or ability to purchase, our services

Further decreases in market demand affecting the commercial rental market and used vehicle sales as well as global economic conditions

Volatility in customer volumes and shifting customer demand in the industries serviced by our SCS business

Changes in current financial, tax or regulatory requirements that could negatively impact the leasing market

Competition:

Advances in technology may require increased investments to remain competitive, and our customers may not be willing to accept higher prices to cover the cost of these investments

Competition from other service providers, some of which have greater capital resources or lower capital costs, or from our customers, who may choose to provide services themselves

Continued consolidation in the markets in which we operate which may create large competitors with greater financial resources

Our inability to maintain current pricing levels due to economic conditions, demand for services, customer acceptance or competition

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

Profitability:

- Our inability to obtain adequate profit margins for our services
- Lower than expected sales volumes or customer retention levels
- Lower ChoiceLease sales activity
- Decreases in commercial rental fleet utilization and pricing
- Lower than expected used vehicle sales pricing levels and fluctuations in the anticipated proportion of retail versus wholesale sales
- Loss of key customers in our DTS and SCS business segments
- Our inability to adapt our product offerings to meet changing consumer preferences on a cost-effective basis
 - The inability of our legacy information technology systems to provide timely access to data
- Sudden changes in fuel prices and fuel shortages
- Higher prices for vehicles, diesel engines and fuel as a result of new environmental standards
- Higher than expected maintenance costs and lower than expected benefits associated with our maintenance initiatives
- Our inability to successfully execute our asset management initiatives, maintain our fleet at normalized levels and right-size our fleet in line with demand
- Our inability to redeploy vehicles and prepare vehicles for sale in a cost-efficient manner
 - Our key assumptions and pricing structure of our DTS and SCS contracts prove to be invalid
- Increased unionizing, labor strikes and work stoppages
- Difficulties in attracting and retaining drivers and technicians due to driver and technician shortages, which may result in higher costs to procure drivers and technicians and higher turnover rates affecting our customers
- Our inability to manage our cost structure
- Our inability to limit our exposure for customer claims
- Unfavorable or unanticipated outcomes in legal proceedings or uncertain positions
- Business interruptions or expenditures due to severe weather or natural occurrences

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - (Continued)

Financing Concerns:

Higher borrowing costs and possible decreases in available funding sources caused by an adverse change in our debt ratings

Unanticipated interest rate and currency exchange rate fluctuations

Negative funding status of our pension plans caused by lower than expected returns on invested assets and unanticipated changes in interest rates

Withdrawal liability as a result of our participation in multi-employer plans

Instability in U.S. and worldwide credit markets, resulting in higher borrowing costs and/or reduced access to credit

Accounting Matters:

Impact of unusual items resulting from ongoing evaluations of business strategies, asset or expense valuations, acquisitions, divestitures and our organizational structure

Reductions in residual values or useful lives of revenue earning equipment

Increases in compensation levels, retirement rate and mortality resulting in higher pension expense; regulatory changes affecting pension estimates, accruals and expenses

Increases in health care costs resulting in higher insurance costs

Changes in accounting rules, assumptions and accruals

Impact of actual insurance claim and settlement activity compared to historical loss development factors used to project future development

Other risks detailed from time to time in our SEC filings including our 2016 annual report on Form 10-K.

New risk factors emerge from time to time and it is not possible for management to predict all such risk factors or to assess the impact of such risk factors on our business. As a result, no assurance can be given as to our future results or achievements. You should not place undue reliance on the forward-looking statements contained herein, which speak only as of the date of this Quarterly Report. We do not intend, or assume any obligation, to update or revise any forward-looking statements contained in this Quarterly Report, whether as a result of new information, future events or otherwise.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no material changes to Ryder's exposures to market risks since December 31, 2016. Please refer to the 2016 Annual Report on Form 10-K for a complete discussion of Ryder's exposures to market risks.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As of the end of the first quarter of 2017, we carried out an evaluation, under the supervision and with the participation of management, including Ryder's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of Ryder's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that as of the end of the first quarter of 2017, Ryder's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) were effective.

Changes in Internal Controls over Financial Reporting

During the three months ended March 31, 2017, there were no changes in Ryder's internal control over financial reporting that have materially affected or are reasonably likely to materially affect such internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table provides information with respect to purchases we made of our common stock during the three months ended March 31, 2017:

	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Programs	Maximum Number of Shares That May Yet Be Purchased Under the Anti-Dilutive Program ⁽²⁾
January 1 through January 31, 2017	1,625	\$ 78.06	—	1,463,702
February 1 through February 28, 2017	243,911	76.09	220,764	1,242,938
March 1 through March 31, 2017	169	74.47	—	1,242,938
Total	245,705	\$ 76.10	220,764	

(1) During the three months ended March 31, 2017, we purchased an aggregate of 24,941 shares of our common stock in employee-related transactions. Employee-related transactions may include: (i) shares of common stock withheld as payment for the exercise price of options exercised or to satisfy the employees' tax withholding liability associated with our share-based compensation programs and (ii) open-market purchases by the trustee of Ryder's deferred compensation plans relating to investments by employees in our stock, one of the investment options

available under the plans.

In December 2015, our Board of Directors authorized a new share repurchase program intended to mitigate the dilutive impact of shares issued under our employee stock plans. Under the December 2015 program, management is authorized to repurchase (i) up to 1.5 million shares of common stock, the sum of which will not exceed the number of shares issued to employees under the Company's employee stock plans from December 1, 2015 to December 9, 2017 plus (ii) 0.5 million shares issued to employees that were not purchased under the Company's (2) previous share repurchase program. The December 2015 program limits aggregate share repurchases to no more than 2 million shares of Ryder common stock. Share repurchases of common stock are made periodically in open-market transactions and are subject to market conditions, legal requirements and other factors. Management may establish prearranged written plans for the Company under Rule 10b5-1 of the Securities Exchange Act of 1934 as part of the December 2015 program, which allow for share repurchases during Ryder's quarterly blackout periods as set forth in the trading plan.

ITEM 6. EXHIBITS

Exhibit Number	Description
10.4(cc)	Form of Terms and Conditions applicable to 2017 annual cash incentive awards granted under the Amended and Restated Ryder System, Inc. 2012 Equity and Incentive Compensation Plan
