Cautionary Statements

This filing and the press release include "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. These statements are based on management's current expectations or predictions of future conditions, events or results based on various assumptions and management's estimates of trends and economic factors in the markets in which we are active, as well as our business plans. Words such as "expects", "anticipates", "intends", "plans", "believes", "seeks", "estimates", "projects", "forecasts", "may", "should", variations of such words and similar expressions are intended to identify such forward-looking statements. The forward-looking statements may include, without limitation, statements regarding product development, product potential or financial performance. As all dividend payments are subject to compliance with legal requirements, dividend announcements constitute "forward-looking statements" and could be withdrawn prior to payment at the discretion of the Company's board of directors. The forward-looking statements are subject to risks and uncertainties, which may cause results to differ materially from those set forth in the statements. Forward-looking statements in this release should be evaluated together with the many uncertainties that affect the business of PDL and its markets, particularly those discussed in the risk factors and cautionary statements contained in the Company's 2013 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 3, 2014, as updated by subsequent periodic reports. All forward-looking statements are expressly qualified in their entirety by such factors. The forward-looking statements are representative only as of the date they are made, and PDL assumes no responsibility to update any forward-looking statements, whether as a result of new information, future events or otherwise.
