Trustees
Guaranty Bancshares, Inc. Employee Stock Ownership Plan
(With 401(k) Provisions)
Mt. Pleasant, Texas

We have audited the accompanying statement of net assets available for benefits of Guaranty Bancshares, Inc. Employee Stock Ownership Plan (With 401(k) Provisions) (Plan) as of December 31, 2001, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements as of December 31, 2000 were reported on by Fisk & Robinson, P.C. whose partners merged with McGladrey & Pullen, LLP on October 1, 2001 and whose report dated June 15, 2001 disclaimed an opinion for reasons permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We conducted our audit in accordance with generally accepted auditing standards. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the administrator, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinion.

In our opinion, the 2001 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Guaranty Bancshares, Inc. Employee Stock Ownership Plan (With 401(k) Provisions) as of December 31, 2001, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

(1)

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental Schedule of Assets Held for Investment Purposes (Schedule I) as of December 31, 2001 and Schedule of Reportable Transactions (Schedule II) for the year ended December 31, 2001 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

December 31, 2001 and 2000

1. Description of the Plan

The following description of the Guaranty Bancshares, Inc. Employee Stock Ownership Plan (With 401(k) Provisions) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan whereby eligible employees of Guaranty Bancshares, Inc. (Company) are permitted to make contributions that are tax deferred under Section 401(k) of the Internal Revenue Code.

The Plan became effective January 1, 1992, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

A participant may elect to defer from 1% to 15% of his or her pretax compensation subject to certain maximum limitations imposed by the Internal Revenue Code (\$10,500 for 2001 and 2000, respectively). Participants may also make eligible rollover contributions.

The Company may make three types of contributions to the Plan: (1) Basic Contributions (discretionary contributions made for all non-highly compensated participants in order to satisfy the nondiscrimination requirements of the Internal Revenue Code), (2) Discretionary Matching Contributions (Company matches up to a certain percentage of Salary Reduction Contributions made by the participant), and (3) Optional Contributions (additional discretionary contributions made by the Company as determined by the Board of Directors). The Company contributions are made to Guaranty Bancshares, Inc. Stock Fund and are non-participant directed.

(WITH 401(k) PROVISIONS)**

Vesting and Participation

Employees hired after January 1, 2001 that are compensated on an hourly basis are not eligible to participate in the Plan, as amended. Employees hired after January 1, 2001 that are not compensated on an hourly basis will become eligible to make elective deferrals on the first day of the month coincident with or following their date of employment. Prior to 2001, all employees became eligible for participation upon completing one full year of service with at least 1,000 hours of service, as defined by the Plan. During 2001 participants completing six consecutive months of service in which they are credited with 500 hours of service will be eligible to receive employer contributions on the January 1st or July 1st coincident with or following the date eligibility is met.

All participant contributions, employer basic contributions and 25% of employer matching contributions for participants employed prior to December 31, 1997 are fully vested and nonforfeitable.

Employer optional contributions, 75% of employer matching contributions for participants employed prior to December 31, 1997, and 100% of employer matching contributions for participants employed after December 31, 1997 vest to participants upon the following schedule:

Participant s Years of Service	Vested Percentage
Less than three years	0%
Three years	20%
Four years	40%
Five years	60%
Six years	80%
Seven or more years	100%

Upon death, retirement, or total disability, participants are 100% vested in all employer contributions.

Participant Accounts

Each participant s account is credited with any salary deferrals as well as an allocation of the Company s contributions, Plan earnings and forfeitures of terminated participants non-vested accounts, and charged with an allocation of administrative expenses. Allocations of the Company basic and optional contributions are based on a participant s compensation. Company matching contributions are allocated based on a participant s salary deferrals. A participant must be employed by the Company on December 31 of the Plan year to be eligible to receive an allocation of Company basic or optional contributions.

The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant s account.
