The Board of Directors has an Audit Committee, an Employee Stock Option Committee, a Compensation Committee and a Nominating Committee. Edgar Filing: INKTOMI CORP - Form DEFR14A

Annual Meeting. The Audit Committee held four meetings during the last fiscal year. The Audit Committee reviews the internal accounting procedures of Inktomi and consults with and reviews the services provided by Inktomi's independent accountants. Each of the Audit Committee members is independent as that term is defined in Rule 4200(a)(14) of the National Association of Securities Dealers' listing standards. The Board of Directors has adopted a written charter for the Audit Committee.

The Compensation Committee currently consists of directors Gill, Harman and Shugart. Mr. Harman's position on this committee will end on the date of the Annual Meeting. The Compensation Committee held one formal meeting during the last fiscal year and informally discussed compensation matters individually and as a group on several occasions. The Compensation Committee reviews and recommends to the Board of Directors the compensation and benefits of all officers of Inktomi and establishes and reviews general policies relating to compensation and benefits of employees of Inktomi.

The Employee Stock Option Committee currently consists of one director, David Peterschmidt. The Employee Stock Option Committee did not meet as a formal committee during the fiscal year and acted fifty times by unanimous written consent. Edgar Filing: INKTOMI CORP - Form DEFR14A

for expenses in connection with attendance at Board and Committee meetings. Under Inktomi's 1998 Stock Plan, nonemployee directors are eligible to receive stock option grants at the discretion of the Board of Directors or other administrators of the plan. In September 2001, the Board of Directors granted options to purchase 35,000 shares of Common Stock at \$2.25 per share to each of Frank C. Gill, Fredric W. Harman, and Alan F. Shugart in connection with their continued service as members of the Board of Directors. VOTE REQUIRED

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote.

RECOMMENDATION OF THE BOARD

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES LISTED ABOVE.

PROPOSAL NO. 2 APPROVAL OF INCREASE OF SHARES OF COMMON STOCK UNDER THE 1998 EMPLOYEE STOCK PURCHASE PLAN

We are asking Inktomi's stockholders to approve an amendment to the 1998 Employee Stock Purchase Plan that will increase the number of shares of Common Stock authorized for issuance under the Plan by 800,000 shares in 2002 and up to 800,000 additional shares (or a lesser amount determined by the Board) on each anniversary date of the Plan through 2008 effective and contingent upon receipt of stockholder approval. Following approval of this amendment, the maximum aggregate number of shares reserved for future annual issuance under the Plan shall not exceed 2,000,000 shares. The Board of Directors approved this amendment in January 2002.

We believe this amendment to increase the number of shares of Common Stock authorized for issuance under the Plan is necessary to ensure that a sufficient reserve of Common Stock is available under the Plan. We also believe that operation of the Plan is important in attracting and retaining employees in a competitive labor market, which is essential to our long-term growth and success.

The essential features of the Plan as amended are summarized below. This summary does not purport to be a complete description of all the provisions of the Plan. Any stockholder of Inktomi who wishes to obtain a copy of the actual Plan document may do so upon written request to the Secretary at Inktomi's principal executive offices.

GENERAL

The Plan is intended to qualify under Section 423 of the Internal Revenue Code. It is not a tax-qualified, deferred compensation plan under Section 401(a) of the Code, nor is it subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The purpose of the Plan is to provide employees (including officers and employee directors) of Inktomi with an

Edgar Filing: INKTOMI CORP - Form DEFR14A

opportunity to purchase Common Stock of Inktomi at a discount to market price through payroll deductions.

8

ADMINISTRATION

The Plan is administered by the Board of Directors of Inktomi or a committee appointed by the Board. All questions of interpretation or application of the Plan are determined by the Board of Directors or its appointed committee, and its decisions are final, conclusive and binding upon all participants.

ELIGIBILITY AND PARTICIPATION

Employees (including officers and employee directors) who are customarily employed for at least 20 hours per week and more than 5 months per calendar year with Inktomi and designated subsidiaries of Inktomi are eligible to participate in the Plan, subject to certain limitations imposed by the Internal Revenue Code and certain other limitations set forth in the Plan. Eligible employees become participants in the Plan by filing with the stock administration department of Inktomi a subscription agreement authorizing payroll deductions prior to the applicable offering date, unless the administrator sets a later time for filing the subscription agreement. A participant's subscription agreement continues to be effective for each consecutive offering period until the participant withdraws from the Plan or ceases to be eligible to participate in the Plan.

As of December 31, 2001, approximately 700 employees, including 7 executive officers, were eligible to participate in the Plan. Members of Inktomi's Board of Directors who are not employees and other non-employees such as consultants are not eligible to participate. The actual benefits, if any, to participants in the Plan are not determinable prior to the purchase of shares thereunder as the value, if any, of such shares to their holders is represented by the difference between the market price of a share of Inktomi's Common Stock on the date of the purchase and the purchase price of the shares, as described below.

OFFERING PERIODS; PURCHASE PRICE

To date, the Plan has been implemented by a series of consecutive offering periods of twenty-four months commencing on May 1 and November 1 of each year. Payroll deductions accumulate during six month periods and are applied at the end of the purchase period to purchase shares of Common Stock. The price at which shares are purchased is equal to 85% of the lesser of the fair market value (the closing price on Nasdaq for the applicable day) of the Common Stock on the first day of the offering period or the fair market value on the purchase date (the last day of the purchase period).

LIMITATIONS ON PARTICIPATION

Employees are permitted to have up to 15% of their compensation accumulated and applied toward purchases of shares under the Plan. The administrator may change this participation rate at any time before the beginning of an offering period. An employee may not participate in the Plan if, immediately after he or she joined, he or she (or any other person whose stock would be attributed to such employee under stock attribution rules of the Internal Revenue Code) would own stock and/or hold rights to purchase stock possessing 5% or more of the total combined voting power or value of all classes of stock of Inktomi or of any subsidiary of Inktomi. The Plan also limits an

Edgar Filing: INKTOMI CORP - Form DEFR14A

employee's rights to purchase stock under all employee stock purchase plans (those subject to Section 423 of the Code) of Inktomi and its subsidiaries so that such rights may accrue at a rate that does not exceed \$25,000 of fair market value of such stock (determined at the time the employee begins participating in the offering period) for each calendar year in which such right to purchase stock is outstanding at any time.

Inktomi may make a pro rata allocation of the shares remaining available for option grant if the total number of shares that would otherwise be subject to options granted at the beginning of an offering period exceeds the number of remaining available shares in the Plan. Employees may withdraw from the Plan, and receive back their accumulated payroll deductions, at any time prior to a purchase date (April 30 and October 31). If any employee does not withdraw prior to the end of an offering period, he or she will continue to participate in the next offering period that begins following the end of that offering period.

9

PAYROLL DEDUCTIONS

The purchase price of the shares to be acquired under the Plan is accumulated by payroll deductions over an offering period. The deductions may not be at a rate of more than 15% of a participant's compensation on each payday during the offering period. The administrator may change the maximum amount that a participant can contribute at any time before the beginning of an offering period. A participant may change his or her rate of contribution at anytime during the offering period. A participant may discontinue his or her participation in the Plan by withdrawing at any time. When a participant withdraws, he or she receives back the payroll deductions accumulated under the Plan, but does not receive interest on such amounts. Amounts contributed to the Plan are part of Inktomi's general funds and are not required to be segregated. Payroll deductions for a participant begin with the first full payroll following the date he or she joins the Plan. To the extent necessary to comply with Internal Revenue Code provisions and certain purchase limitations of the Plan, a participant's payroll deductions may be decreased to 0%.

TERMINATION OF EMPLOYMENT OR LOSS OF ELIGIBILITY

Termination of a participant's employment for any reason, including retirement or death, or the failure of the participant to remain in the continuous employment of Inktomi for at least 20 hours per week during an offering period, causes the employee to become ineligible to participate in the Plan. In such event, payroll deductions credited to the participant's account will be returned to him or her or, in the case of death, to the person or persons entitled thereto as provided in the Plan, without interest.

CAPITAL CHANGES

In the event any change is made in Inktomi's capitalization in the middle of an offering period, such as a stock split or stock dividend, that results in an increase or decrease in the number of shares of Common Stock outstanding without receipt of consideration by Inktomi, appropriate adjustment shall be made in the purchase price and in the number of shares subject to options under the Plan and to the number of shares authorized for issuance under the Plan.

In the event of a merger of Inktomi with or into another corporation or a sale of substantially all of Inktomi's assets, each right to purchase stock

Edgar Filing: INKTOMI CORP - Form DEFR14A

under the Plan will be assumed or an equivalent right substituted by the successor corporation unless the successor corporation refuses to assume or substitute for outstanding options, in which case the offering period shall be shortened so that employees' rights to purchase stock under the Plan will be automatically exercised prior to the merger or sale of assets (unless the participant has withdrawn prior to that date). In the event of the proposed dissolution or liquidation of Inktomi, the offering period will terminate immediately prior to the consummation of such proposed action.

STOCK

The maximum number of shares of Inktomi's Common Stock which shall be made available for sale under the Plan shall be 2,000,000 shares upon stockholder approval, plus an annual increase to be added on each anniversary date of the adoption of the Plan equal to the lesser of (i) the number of shares needed to restore the maximum aggregate number of shares available for purchase under the Plan to 2,000,000 shares approval or (ii) a lesser amount determined by the Board, subject to adjustment in the case of a change in capitalization of Inktomi as described above. If, on a given purchase date, the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the Plan, Inktomi shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.

The participant shall have no interest or voting right in shares covered by his option until such option has been exercised.

Shares to be delivered to a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.

10

AMENDMENT AND TERMINATION OF THE PLAN

The Board of Directors may at any time amend or terminate the Plan, except that any such termination cannot affect rights to purchase stock previously granted nor may an amendment make any change in an outstanding right to purchase stock which adversely affects the rights of any participant, provided that, the Plan or an offering or purchase period may be terminated if the Board of Directors determines that termination is in the best interests of Inktomi and the stockholders or if continuation of the Plan and/or the offering period would cause Inktomi to incur adverse accounting charges.

If not terminated earlier, the Plan will terminate in 2008.

TAX INFORMATION

The Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Section 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the Plan are sold or otherwise disposed of. If a participant disposes of his or her shares of Common Stock within the later of two years from the offering date that applies to the shares (the beginning of the offering period or the day on which the employee joined the Plan) or within one year from the purchase date of the shares, a transaction referred to as a "disqualifying disposition," the participant will realize ordinary income in the year of such disposition equal to the amount by which the fair market value of the stock on the purchase date exceeded the purchase price. In such instances,

Edgar Filing: INKTOMI CORP - Form DEFR14A

the amount of such ordinary income will be added to the participant's basis in the shares, and any additional gain or resulting loss recognized on the disposition of the shares after such basis adjustment will be a capital gain or loss. A capital gain or loss will be long-term if the participant holds the shares of Common Stock for more than one year after the purchase date.

If the participant disposes of his or her shares of Common Stock more than two years after the offering date of such option and more than one year after the purchase date of such option, the participant will realize ordinary income in the year of such disposition equal to the lesser of (i) the excess of the fair market value of the shares on the date of disposition over the purchase price or (ii) 15% of the fair market value of the shares on the offering date of such option. The amount of such ordinary income will be added to the participant's basis in the shares, and any additional gain recognized on the disposition of the shares after such basis adjustment will be long-term capital gain. If the fair market value of the shares on the date of disposition is less than the purchase price, there will be no ordinary income and any loss recognized will be a capital loss.

Inktomi will be entitled to a deduction in the year of a disqualifying disposition equal to the amount of ordinary income recognized by the participant as a result of such disposition. In all other cases, no deduction is allowed the Company.

The foregoing is only a summary of the effect of federal income taxation upon the participants and Inktomi with respect to participation in the Plan and does not purport to be complete. Furthermore, the foregoing does not discuss the income tax laws of any municipality, state or foreign country in which a participant may reside. Participants should consult their own tax advisors with respect to the tax consequences of participation in the Plan for their particular situations.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE AMENDMENT TO THE 1998 EMPLOYEE STOCK PURCHASE PLAN.

PROPOSAL NO. 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

GENERAL

The Board of Directors has selected the firm of PricewaterhouseCoopers LLP as Inktomi's independent auditors to audit the financial statements of Inktomi for the fiscal year ending September 30, 2002, and recommends that stockholders vote for ratification of this appointment. PricewaterhouseCoopers LLP has audited Inktomi's financial statements since inception in 1996. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting and will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as Inktomi's independent auditors is not required by Inktomi's Bylaws or otherwise. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that

Edgar Filing: INKTOMI CORP - Form DEFR14A

firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such change would be in the best interests of Inktomi and its stockholders.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and voting at the Annual Meeting will be required to ratify the selection of PricewaterhouseCoopers LLP.

RECOMMENDATION OF THE BOARD

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS INKTOMI'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2002.

OPTION GRANTS IN LAST FISCAL YEAR

The following table sets forth certain information with respect to stock options granted to each of the Named Executive Officers during the fiscal year ended September 30, 2001. In accordance with the rules of the Securities and Exchange Commission, also shown below is the potential realizable value over the term of the option (the period from the grant date to the expiration date) based on assumed rates of stock appreciation of 5% and 10%, compounded annually. These amounts are based on certain assumed rates of appreciation and do not represent Inktomi's estimate of future stock price. Actual gains, if any, on stock option exercises will be dependent on the future performance of the Common Stock. Certain grants below identified as grants made under the Stock Option Exchange Program replace cancelled grants from earlier periods. This table does not reflect the cancellation of the shares that were granted in earlier periods.

STOCK OPTION EXCHANGE PROGRAM

In February 2001, Inktomi's Board of Directors approved a Stock Option Exchange program. Under this program, all employees (including executive officers and outside directors) were given the opportunity to cancel one or more stock options previously granted to them in exchange for one or more new stock options to be granted at least six months and one day from the date the old options are cancelled, provided the individual is still employed or providing service on such date. The participation deadline for the program was February 28, 2001. The number of shares subject to the new options was equal to the number of shares subject to the old options, and the exercise price of the new options was the fair market value of Inktomi Common Stock on the date they were granted. The new options have the same vesting schedule as the old options and will be immediately exercisable as to vested shares when granted (however, new options granted to executive officers and outside directors will lose three months of vesting and be subject to a trading blackout of three months following the grant). Officers cancelled a total of 3,439,000 shares in the Stock Option Exchange Program with option prices ranging between \$42.30 and \$116.50, and non-employee Directors cancelled a total of 268,800 shares with option prices ranging between \$27.44 and \$116.50. Each of these cancelled options was replaced with a new stock option in August 2001 with an option price of \$4.21 per share.

The following table sets forth certain information with respect to the participation of the Named Executive Officers in Inktomi's Stock Option Exchange Program during the fiscal year ended September 30, 2001:

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE OF CONTROL PLANS AND AGREEMENTS

Inktomi has an employment agreement with David C. Peterschmidt, its President and Chief Executive Officer. The agreement provides for an initial annual salary of \$150,000. The agreement is for no specified length of term, and either party has the right to terminate the agreement at any time with or without cause. The agreement does not provide for any mandatory severance, although Inktomi has the right to continue to pay Mr. Peterschmidt his then current salary for up to 12 months following termination of employment, in which case Mr. Peterschmidt may not compete against Inktomi for such time period.

Inktomi has an employment agreement with Edward A. Hally, Senior Vice President and General Manager of Network Products. The agreement is for no specified length of term, and either party has the right to terminate the agreement at any time with or without cause. The agreement provides that if Mr. Hally is terminated without cause then he shall be entitled to continue receiving pay at his then current monthly salary for a period of six months from the date of termination. The agreement also provides that should Mr. Hally be an employee in good standing on January 12, 2005 and if the "Gross Exercise Value" of all of his exercised and exercisable options does not exceed \$1.5 million, then Inktomi shall pay Mr. Hally as a bonus the difference between \$1.5 million and the Gross Exercise Value. Gross Exercise Value (i) for exercised stock options shall equal the spread between the exercise price of such stock options and the issuance price after deductions for taxes; and (ii) for exercisable stock options shall equal the spread between the price of Inktomi's common stock at the close of trading on January 12, 2005 and the issuance price after deductions for taxes.

Under each of Inktomi's stock option plans, all shares under the options

Edgar Filing: INKTOMI CORP - Form DEFR14A

are immediately exercisable; however, as a condition of exercise, the optionee must enter into a stock restriction agreement giving Inktomi the right in the event of any termination of employment to repurchase all then unvested shares. Each of Inktomi's stock option plans also provide that each outstanding option will fully vest in the event an optionee is terminated from employment without cause within twelve months of a change of control of Inktomi.

Each of the executive officers of Inktomi have entered into Management Retention and Change of Control Agreements that provide for full vesting of all outstanding options and restricted stock in the event such executive is constructively terminated within twelve months of a change of control of Inktomi.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors currently consists of Frank C. Gill, Fredric W. Harman and Alan F. Shugart, all of whom are outside directors of Inktomi. The Compensation Committee reviews and recommends to the Board of Directors the compensation and benefits of all officers of Inktomi and establishes and reviews general policies relating to compensation and benefits of employees of Inktomi. The following is the report of the Compensation Committee describing compensation policies and rationale applicable to Inktomi's executive officers with respect to the compensation paid to such executive officers for the fiscal year ended September 30, 2001. The information contained in this report, as well as the information contained in the stock price performance graph which follows, shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the 1934 Securities Exchange Act, as amended, except to the extent that Inktomi specifically incorporates such information by reference in such filing.

COMPENSATION PHILOSOPHY AND REVIEW

Inktomi's executive compensation program is designed to align the

Edgar Filing: INKTOMI CORP - Form DEFR14A

interests of executives with the interests of stockholders and to reward executives for achieving corporate and individual objectives. The executive compensation program is also designed to attract and retain the services of qualified executives in the highly competitive Internet and computer networking marketplaces. Executive compensation currently consists of a base salary, quarterly incentive plan, long-term equity incentives, and other compensation and benefit programs generally available to other employees.

The Compensation Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code on the compensation paid to Inktomi's executive officers. Section 162(m) disallows a tax deduction for any publicly-held corporation for individual compensation exceeding \$1.0 million in any taxable year for any of the executive officers, unless compensation is performance-based. In general, it is the Compensation Committee's policy to qualify, to the maximum extent possible, its executives' compensation for deductibility under applicable tax laws.

BASE SALARIES

Base salary levels for the Chief Executive Officer and other executive officers are intended to compensate executives competitively within the high-technology marketplace. Base salaries are determined on an individual basis by evaluating each executive's scope of responsibility, past performance, prior experience and data on prevailing compensation levels in relevant markets for executive talent. Regarding the latter measure, certain companies included in the peer group index of the stock performance graph are also included in surveys reviewed by the Compensation Committee in determining salary levels for the CEO and other executive officers of Inktomi. Base salaries for executives are reviewed annually by the Compensation Committee.

QUARTERLY INCENTIVE PLAN

Inktomi provides quarterly incentive bonuses for its executive officers as well as other key management employees. The quarterly incentive plan is intended to provide a direct link between management compensation and the achievement of corporate, divisional and individual objectives. The level of bonus is based as a percentage of the base salary for the manager for the year. At the beginning of each quarter, Inktomi sets certain corporate objectives (including financial performance goals), each business unit sets certain divisional objectives and each individual manager sets his or her own personal objectives to support the achievement of the corporate and divisional objectives. At the end of the quarter, performance is assessed and the level of bonus payable, if any, is determined. Achievement of corporate and divisional objectives is given more weight than achievement of individual objectives for purposes of determining the quarterly bonus.

19

LONG-TERM EQUITY INCENTIVES

Inktomi provides long-term equity incentives to its executive officers and to all other employees through the grant of stock options under its stock option plans. The purpose of granting stock options is to create a direct link between compensation and the long-term performance of Inktomi. Stock options are generally granted at an exercise price equal to 100% of the fair market on the date of grant, have a ten year term and generally vest in installments over 50 months. Because the receipt of value by an executive officer under a stock option is dependent upon an increase in the price of Inktomi's Common Stock, this portion of the executives' compensation is directly aligned with an

Edgar Filing: INKTOMI CORP - Form DEFR14A

increase in stockholder value. The primary stock options granted to executive officers are generally in conjunction with the executive officer's acceptance of employment with Inktomi. When determining the number of stock options to be awarded to an executive officer, the Compensation Committee considers the executive's position, skills and experience, the executive's role in defining and meeting Inktomi's long-term strategic performance goals, the needs of the company in light of business and economic conditions and comparisons to formal and informal surveys of executive stock option grants made by other enterprise software and computer networking companies. The Compensation Committee also reviews stock option levels for executive officers periodically in light of the current business environment, long-term strategic and performance objectives and each executive's current and anticipated contributions to Inktomi's future performance. Reflecting the challenging economic times, the desire to preserve continuity in management and the changing scope of Inktomi's business, the Compensation Committee recommended (and the full Board of Directors granted) stock option grants in September 2001 for the CEO of 500,000 shares and for the other Named Executive Officers of an aggregate of 1,115,000 shares. These options vest monthly over 50 months beginning as of September 1, 2001. Two additional grants were awarded to Mr. Kennelly and Mr. Stevens at above fair market value in September 2001. These shares vest monthly over 50 months beginning as of September 1, 1998.

OTHER COMPENSATION

Inktomi's executive officers are also eligible to participate in compensation and benefit programs generally available to other employees, including Inktomi's Employee Stock Purchase Plan. In addition, from time to time, executive officers have received sign-on bonuses or other bonuses based on extraordinary effort.

CEO COMPENSATION

David C. Peterschmidt is President, CEO and Chairman of the Board of Directors. The Compensation Committee reviews Mr. Peterschmidt's compensation annually using the same criteria and policies as are employed for other executive officers. Mr. Peterschmidt's compensation was initially determined in part by the terms of an employment agreement entered into upon his acceptance of employment with Inktomi in July 1996. See "Management--Employment Contracts, Termination of Employment and Change of Control Plans and Agreements" above. However, the Compensation Committee retains the discretion to increase Mr. Peterschmidt's compensation to levels above those provided in the employment agreement. Mr. Peterschmidt received his first increase in base salary from \$150,000 during fiscal 1998 to \$250,000 for fiscal 1999. His salary was increased to \$325,000 for the 2000 fiscal year and was further increased to \$400,000 for the 2001 fiscal year. The Compensation Committee set Mr. Peterschmidt's salary for the 2001 fiscal year in September of 2000, a period in which Inktomi was experiencing substantial growth and had not yet experienced the economic downturn that encompassed much of fiscal year 2001. The Compensation Committee at the time based its decision to increase Mr. Peterschmidt's base salary on a variety of factors, including his leadership skills, the increasing scope and responsibility of the CEO office and comparisons of CEO compensation levels for companies of similar size and maturity. Mr. Peterschmidt received bonuses under Inktomi's quarterly incentive plan equal to 42% of his base salary for fiscal 2001, or \$169,587. This bonus was substantially less than received by Mr. Peterschmidt in each of the two previous fiscal years reflecting the financial downturn Inktomi encountered in the 2001 fiscal year and the correlation between bonuses under the quarterly incentive plan and the financial performance of Inktomi. In addition, he received stock option grants in fiscal 2001 as described above.

(a) Any Employee who shall be employed by the Company on a given Enrollment Date shall be eligible to participate in the Plan.

-2-

(b) Any provisions of the Plan to the contrary notwithstanding, no Employee shall be granted an option under the Plan (i) to the extent that, immediately after the grant, such Employee (or any other person whose stock would be attributed to such Employee pursuant to Section 424(d) of the Code) would own capital stock of the Company and/or hold outstanding options to purchase such stock possessing five percent (5%) or more of the total combined voting power or value of all classes of the capital stock of the Company or of any Subsidiary, or (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans of the Company and its subsidiaries accrues at a rate which exceeds Twenty-Five Thousand Dollars (\$25,000) worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year in which such option is outstanding at any time.

4. Offering Periods. The Plan shall be implemented by consecutive, overlapping Offering Periods with a new Offering Period commencing on the first Trading Day on or after May 1 and November 1 each year, or on such other date as the Board shall determine, and continuing thereafter until terminated in accordance with Section 20 hereof; provided, however, that the first Offering Period under the Plan shall commence with the first Trading Day on or after the date on which the Securities and Exchange Commission declares the Company's Registration Statement effective and ending on the last Trading Day on or before April 30, 2000. The Board shall have the power to change the duration of Offering Periods (including the commencement dates thereof) with respect to future offerings without shareholder approval if such change is announced at least five (5) days prior to the scheduled beginning of the first Offering Period to be affected thereafter.

5. Participation.

(a) An eligible Employee may become a participant in the Plan by completing a subscription agreement authorizing payroll deductions in the form of Exhibit B to this Plan and filing it with the Company's payroll office prior to the applicable Enrollment Date.

(b) Payroll deductions for a participant shall commence on the first payroll following the Enrollment Date and shall end on the last payroll in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof.

6. Payroll Deductions.

(a) At the time a participant files his or her subscription agreement, he or she shall elect to have payroll deductions ("Payroll Deductions") made on each pay day during the Offering Period in an amount not exceeding fifteen percent (15%) of the Compensation which he or she receives on each pay day during the Offering Period. For purposes of the first Offering Period only, the maximum payroll deductions a participant may elect shall not exceed twenty percent (20%) of Compensation. In the event the participant elects to deduct greater than fifteen percent (15%) of Compensation in the first Offering Period, then for all other Offering Periods and Purchase Periods, the maximum payroll deductions a participant may elect shall automatically be

Edgar Filing: INKTOMI CORP - Form DEFR14A

reduced to fifteen percent (15%) of his or her Compensation.

(b) All payroll deductions made for a participant shall be credited to his or her account under the Plan and shall be withheld in whole percentages only. A participant may not make any additional payments into such account.

(c) A participant may discontinue his or her participation in the Plan as provided in Section 10 hereof, or may increase or decrease the rate of his or her payroll deductions during the Offering Period by completing or filing with the Company a new subscription agreement authorizing a change in payroll deduction rate. The Board may, in its discretion, limit the number of participation rate changes during any Offering Period. The change in rate shall be effective with the first full payroll period following five (5) business days after the Company's receipt of the new subscription agreement unless the Company elects to process a given change in participation more

-3-

quickly. A participant's subscription agreement shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

(d) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b) (8) of the Code and Section 3(b) hereof, a participant's payroll deductions may be decreased to zero percent (0%) at any time during a Purchase Period. Payroll deductions shall recommence at the rate provided in such participant's subscription agreement at the beginning of the first Purchase Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 10 hereof.

(e) At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock. At any time, the Company may, but shall not be obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Employee.

7. Grant of Option. On the Enrollment Date of each Offering Period, each eligible Employee participating in such Offering Period shall be granted an option to purchase on each Exercise Date during such Offering Period (at the applicable Purchase Price) up to a number of shares of the Company's Common Stock determined by dividing such Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's account as of the Exercise Date by the applicable Purchase Price; provided that in no event shall an Employee be permitted to purchase during each Purchase Period more than 25,000 shares of the Company's Common Stock (subject to any adjustment pursuant to Section 19) on the Enrollment Date, and provided further that such purchase shall be subject to the limitations set forth in Sections 3(b) and 13 hereof. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof. The option shall expire on the last day of the Offering Period.

8. Exercise of Option. Unless a participant withdraws from the Plan as provided in Section 10 hereof, his or her option for the purchase of shares shall be exercised automatically on the Exercise Date, and the maximum number of

Edgar Filing: INKTOMI CORP - Form DEFR14A

full shares subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional shares shall be purchased; any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full share shall be retained in the participant's account for the subsequent Purchase Period or Offering Period, subject to earlier withdrawal by the participant as provided in Section 10 hereof. Any other monies left over in a participant's account after the Exercise Date shall be returned to the participant. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

9. Delivery. As promptly as practicable after each Exercise Date on which a purchase of shares occurs, the Company shall arrange the delivery to each participant, as appropriate, of a certificate representing the shares purchased upon exercise of his or her option.

10. Withdrawal.

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by giving written notice to the Company in the form of Exhibit C to this Plan. All of the participant's payroll deductions credited to his or her account shall be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new subscription agreement.

-4-

(b) A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

11. Termination of Employment.

Upon a participant's ceasing to be an Employee, for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option shall be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15 hereof, and such participant's option shall be automatically terminated. The preceding sentence notwithstanding, a participant who receives payment in lieu of notice of termination of employment shall be treated as continuing to be an Employee for the participant's customary number of hours per week of employment during the period in which the participant is subject to such payment in lieu of notice.

12. Interest. No interest shall accrue on the payroll deductions of a participant in the Plan.

13. Stock.

(a) The maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be 2,000,000 shares,

Edgar Filing: INKTOMI CORP - Form DEFR14A

plus an annual increase to be added on each anniversary date of the adoption of the Plan equal to the lesser of (i) the number of shares needed to restore the maximum aggregate number of shares available for purchase under the Plan to 2,000,000 shares or (ii) a lesser amount determined by the Board, subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof. If, on a given Exercise Date, the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the Plan, the Company shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.

(b) The participant shall have no interest or voting right in shares covered by his option until such option has been exercised.

(c) Shares to be delivered to a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.

14. Administration. The Plan shall be administered by the Board or a committee of members of the Board appointed by the Board. The Board or its committee shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Board or its committee shall, to the full extent permitted by law, be final and binding upon all parties.

15. Designation of Beneficiary.

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

-5-

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

16. Transferability. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw

Edgar Filing: INKTOMI CORP - Form DEFR14A

funds from an Offering Period in accordance with Section 10 hereof.

17. Use of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

18. Reports. Individual accounts shall be maintained for each participant in the Plan. Statements of account shall be given to participating Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

19. Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.

(a) Changes in Capitalization. Subject to any required action by the shareholders of the Company, the Reserves, the maximum number of shares each participant may purchase each Purchase Period (pursuant to Section 7), as well as the price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration". Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the "New Exercise Date"), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Board. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(c) Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, any

Purchase Periods then in progress shall be shortened by setting a new Exercise Date (the "New Exercise Date") and any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Board shall notify each participant

Edgar Filing: INKTOMI CORP - Form DEFR14A

in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

20. Amendment or Termination.

(a) The Board of Directors of the Company may at any time and for any reason terminate or amend the Plan. Except as provided in Section 19 hereof, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board of Directors on any Exercise Date. Except as provided in Section 19 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain shareholder approval in such a manner and to such a degree as required.

(b) Without shareholder consent and without regard to whether any participant rights may be considered to have been "adversely affected," the Board (or its committee) shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Board (or its committee) determines in its sole discretion advisable which are consistent with the Plan.

21. Notices. All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

22. Conditions Upon Issuance of Shares. Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23. Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board of Directors or its approval by the shareholders of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 20 hereof.

24. Automatic Transfer to Low Price Offering Period. To the extent

Edgar Filing: INKTOMI CORP - Form DEFR14A

the Plan within 2 years after the Enrollment Date (the first day of the Offering Period during which I purchased such shares) or one year after the Exercise Date, I will be treated for federal income tax purposes as having received ordinary income at the time of such disposition in an amount equal to the excess of the fair market value of the shares at the time such shares were purchased by me over the price which I paid for the shares. I hereby agree to notify the Company in writing within 30 days after the date of any disposition of my shares and I will make adequate provision for Federal, state or other tax withholding obligations, if any, which arise upon the disposition of the Common Stock. The Company may, but will not be obligated to, withhold from my compensation the amount necessary to meet any applicable withholding obligation including any withholding necessary to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Common Stock by me. If I dispose of such shares at any time after the expiration of the 2-year and 1-year holding periods, I understand that I will be treated for federal income tax purposes as having received income only at the time of such disposition, and that such income will be taxed as ordinary income only to the extent of an amount equal to the lesser of (1) the excess of the fair market value of the shares at the time of such disposition over the purchase price which I paid for the shares, or (2) 15% of the fair market value of the shares on the first day of the Offering Period. The remainder of the gain, if any, recognized on such disposition will be taxed as capital gain.

7. I hereby agree to be bound by the terms of the Employee Stock Purchase Plan. The effectiveness of this Subscription Agreement is dependent upon my eligibility to participate in the Employee Stock Purchase Plan.

8. In the event of my death, I hereby designate the following as my beneficiary(ies) to receive all payments and shares due me under the Employee Stock Purchase Plan (please print first, middle and last name of beneficiary(ies), address of beneficiary(ies) and relationship to you): _____

I UNDERSTAND THAT THIS SUBSCRIPTION AGREEMENT SHALL REMAIN IN EFFECT THROUGHOUT SUCCESSIVE OFFERING PERIODS UNLESS TERMINATED BY ME.
