**PROXY STATEMENT**

**INFORMATION CONCERNING SOLICITATION AND VOTING**

**General**

The accompanying Proxy is solicited on behalf of the Board of Directors (the "Board") of IRIDEX Corporation, a Delaware corporation (the "Company" or "IRIDEX"), for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at the principal executive offices of the Company located at 1212 Terra Bella Avenue, Mountain View, California 94043 on Wednesday, June 4, 2003, at 2:00 p.m., Pacific Daylight Savings Time, and at any adjournment(s) thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Company's telephone number is (650) 940-4700.

These proxy solicitation materials and the Annual Report on Form 10-K for the fiscal year ended December 28, 2002, including financial statements, were mailed on or about May 2, 2003 to all stockholders entitled to vote at the meeting.

**Record Date and Share Ownership**

Stockholders of record at the close of business on April 11, 2003 (the "Record Date") are entitled to notice of and to vote at the meeting and at any adjournment(s) thereof. At the Record Date, 6,919,285 shares of the Company's Common Stock, \$.01 par value, were issued and outstanding and held of record by approximately 86 stockholders.

**Revocability of Proxies**

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by (a) delivering to the Company at its principal offices to the attention of Chief Financial Officer a written notice of revocation or a duly executed proxy bearing a later date or (b) attending the meeting and voting in person.

**Voting**

Each stockholder is entitled to one vote for each share of Common Stock held by such stockholder. Holders of the Company's Common Stock are the only securityholders of the Company entitled to vote at the Annual Meeting. The stockholders may not cumulate votes in the election of directors.

**Solicitation of Proxies**

The cost of this solicitation will be borne by the Company. The Company has retained the services of Skinner & Co., Inc. (the "Agent") to perform a search of brokers, bank nominees and other institutional owners and to solicit proxies. The Company estimates that it will pay the Agent a fee of \$5,000 for its

---

## **Table of Contents**

services and out-of-pocket expenses. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or other electronic means.

### **Quorum; Abstentions; Broker Non-Votes**

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspector of Elections (the "Inspector"). The Inspector will also determine whether or not a quorum is present. Except in certain specific circumstances, the affirmative vote of a majority of shares present in person or represented by proxy at a duly held meeting at which a quorum is present is required under Delaware law and the Company's Bylaws for approval of all proposals presented to stockholders. Holders of a majority of shares entitled to vote must be present or represented by proxy at the meeting in order for a quorum to exist.

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares will be voted (i) FOR the election of the nominees for directors set forth herein; (ii) FOR the approval of an amendment to the Company's 1998 Stock Plan to increase the number of shares reserved for issuance thereunder by 270,000 shares; (iii) FOR the approval of an amendment to the Company's 1995 Employee Stock Purchase Plan to increase the number of shares reserved for issuance thereunder by 60,000 shares; (iv) FOR the ratification of PricewaterhouseCoopers LLP as independent auditors of the Company for the fiscal year ending January 3, 2004; and (v) in the proxy holder's discretion, upon such other business as may properly come before the Annual Meeting or any adjournment thereof.

Pursuant to Delaware law, the Inspector will treat shares that are voted FOR, AGAINST, WITHHELD or ABSTAIN as being present and entitled to vote for purposes of determining the presence of a quorum and as shares entitled to vote (the "Votes Cast") on the subject matter at the Annual Meeting with respect to such matter. With respect to broker non-votes, although broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the determination as to whether the requisite majority of Votes Cast has been obtained with respect to a particular matter.

If you hold your shares through a broker, bank or other nominee and you do not instruct them how to vote, your broker, bank or other nominee may have authority to vote your shares on your behalf. However, the New York Stock Exchange has proposed new regulations that would prohibit brokers and other nominees that are NYSE member organizations, from voting in favor of proposals relating to equity compensation plans unless they receive specific instructions from the beneficial owner of such shares to vote in that manner. This new rule may become effective before the Annual Meeting, in which case, shares held through a broker or other nominee that is an NYSE member organization will only be voted in favor of Proposals 2 and 3 if the holder of such shares has provided specific voting instructions to its broker or other nominee to vote in favor of such proposals.

### **Deadline for Receipt of Stockholder Proposals to be Presented at the Next Annual Meeting**

Stockholders of the Company may submit proposals on matters appropriate for stockholder action at meetings of the Company's stockholders in accordance with Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The deadline for submitting all proposals by any stockholder to be presented at the 2004 Annual Meeting of Stockholders must be received by the Company at its principal executive offices, attention: Chief Financial Officer, no later than January 3, 2004 and must

**Table of Contents**

otherwise be in compliance with applicable laws and regulations in order to be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

In addition, the Company's Bylaws establish an advance notice procedure with regard to certain matters, including stockholder proposals not included in the Company's proxy statement, to be brought before an annual meeting of stockholders. To be properly brought before an annual meeting of stockholders outside the processes of Rule 14a-8, notice of nominations for the election of directors or other business proposals must be delivered in writing to the Chief Financial Officer of the Company at the principal executive offices of the Company no later than March 19, 2004. However, in the event the date of the 2004 Annual Meeting of Stockholders is more than 30 days before or after (other than as a result of adjournment) the one year anniversary of the 2003 Annual Meeting of Stockholders, notice by the stockholder to be timely must be delivered in writing not later than (i) 60 days before the 2004 Annual Meeting of Stockholders, or (ii) 10 days after the day on which a public announcement of the date of such meeting is first made.

If a stockholder intends to submit a proposal at the Company's 2004 Annual Meeting of Stockholders which is not eligible for inclusion in the proxy statement relating to the meeting, and the stockholder fails to give the Company notice of the proposal on or prior to March 19, 2004 and in accordance with the requirements set forth in the Exchange Act, then the proxy holders will be allowed to use their discretionary authority with regard to proxies delivered in connection with the 2004 Annual Meeting of Stockholders when and if the proposal is raised at the Company's Annual Meeting in 2004.

**Stockholder Information**

A copy of the Company's Annual Report on Form 10-K for the year ended December 28, 2002, including financial statements and schedules, is enclosed with these proxy solicitation materials. In compliance with Rule 14a-3 promulgated under the Exchange Act, the Company hereby undertakes to provide without charge to each person upon written request, a copy of the Company's Annual Report on Form 10-K for the year ended December 28, 2002, including the financial statements and financial schedules thereto. Requests for such copies should be directed to IRIDEX Corporation, 1212 Terra Bella Avenue, Mountain View, California 94043, Attention: Investor Relations.

**PROPOSAL TWO**

**AMENDMENT OF THE 1998 STOCK PLAN**

**Introduction**

The 1998 Stock Plan (the "1998 Plan") was adopted by the Board in February 1998 and was approved by the stockholders in June 1998. The 1998 Plan provides for the grant of options and stock purchase rights to purchase shares of the Company's Common Stock to employees and consultants of the Company. A total of 250,000 shares of Common Stock were initially reserved for issuance under the 1998 Plan. The Board has amended the 1998 Plan each year since 1998 to reserve additional shares of the Company's Common Stock under the 1998 Plan, and the stockholders approved each annual increase at that year's annual meeting of stockholders. In April 2003, the Board authorized an amendment to the 1998 Plan, subject to stockholder approval, to increase the number of shares of Common Stock reserved for issuance thereunder by 270,000 shares, from 1,230,000 shares to an aggregate of 1,500,000 shares. The stockholders are being asked to approve this amendment to increase the number of shares reserved under the 1998 Plan from 1,230,000 shares to an aggregate of 1,500,000 shares at the Annual Meeting. As of the Record Date, options to purchase an aggregate of 871,983 shares of Common Stock were outstanding under the 1998 Plan with a weighted average exercise price of \$5.2906 per share, options to purchase an aggregate of 13,498 shares of Common Stock had been exercised and options to purchase an aggregate of 344,519 shares of Common Stock were available for grant. On the Record Date, the closing price in the Nasdaq National Market for the Company's Common Stock was \$3.820 per share.

The 1998 Plan is structured to allow the Board broad discretion in creating equity incentives in order to assist the Company in attracting, retaining and motivating the best available personnel for the successful conduct of the Company's business. In addition, the Company believes that linking employee compensation to corporate performance motivates employees to improve stockholder value. The Company has, therefore, consistently included equity incentives as a significant component of compensation for its employees.

The Board believes that the number of shares reserved under the 1998 Plan will be inadequate to satisfy the equity needs of the Company and that the proposed increase in the number of shares of Common Stock reserved under the 1998 Plan would be in the best interests of the Company and its stockholders.

The material features of the 1998 Plan are outlined below.

**Summary of the 1998 Plan**

*General.* The 1998 Plan provides for the grant of options to purchase shares of the Company's Common Stock to employees (including officers and employee directors) ("Employees") and consultants. Options granted under the Plan may either be incentive stock options as defined in Section 422 of the Internal Revenue Code of 1986 (the "Code"), or nonstatutory stock options, as determined by the administrator at the time of grant. The administrator of the 1998 Plan also has the discretion to grant stock purchase rights to Employees and consultants.

*Purpose.* The purposes of the 1998 Plan are to attract and retain the best available personnel and to provide incentive to key Employees and consultants to promote the success of the Company's business.

*Administration.* The 1998 Plan is administered by the Board or one or more committees designated by the Board (the "Administrator"), as may be necessary to comply with the applicable rules, including rules

---

**Table of Contents**

governing plans intended to qualify plans under Rule 16b-3 or to qualify options as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986 (the Code). The Administrator has complete authority to construe, interpret, and administer the provisions of the 1998 Plan and the provisions of the agreements governing awards granted thereunder. The Administrator has the authority to prescribe, amend and rescind rules and regulations pertaining to the 1998 Plan and to make all other determinations necessary or deemed advisable in the administration of the 1998 Plan. The determinations and interpretations made by the Administrator are final and binding.

*Grant Limitation.* The 1998 Plan provides that no optionee may be granted options and stock purchase rights to purchase more than 150,000 shares of Common Stock in any fiscal year, except that in connection with an optionee's initial service, an optionee may be granted options to purchase an additional 100,000 shares, a total limitation of 250,000 shares.

*Eligibility.* Nonstatutory options may be granted to Employees and consultants of the Company and its subsidiaries or successor corporation. Incentive stock options may be granted only to Employees of the Company and its subsidiaries. The Administrator selects the Employees and consultants who will be granted options and determines the number of shares to be subject to each option. In making such determination, the Administrator takes into account the duties and responsibilities of the Employee or consultant, the value of the services of such Employee or consultant, his or her present and potential contributions to the success of the Company, the anticipated years of future service of an Employee and other relevant factors. As of December 28, 2002, 108 Employees were eligible to receive options under the 1998 Plan. The Company does not typically grant options under the 1998 Plan to consultants, although such grants are permitted under the 1998 Plan. The Administrator determines which eligible persons shall be granted options and stock purchase rights.

*Exercise of Options and Stock Purchase Rights.* Options and stock purchase rights become exercisable at such times as are determined by the Administrator and set forth in the individual agreements. Generally, options vest as to one forty-eighth (1/48) of the shares for each full month of service; however, typically the options will not be exercisable until at least twelve months of service has been completed. In the case of stock purchase rights, the Company has a repurchase option exercisable upon the termination of the purchaser's employment, unless the Administrator determines otherwise at the time of grant. The Company's repurchase option lapses at a rate determined by the Administrator. The purchase price for the shares so repurchased is the original price paid by the purchaser.

An option or stock purchase right is exercised by giving written notice to the Company specifying the number of full shares of Common Stock to be purchased and tendering payment of the purchase price to the Company. The form of consideration for exercising an option or stock purchase right, including the method of payment, is determined by the Administrator.

*Exercise Price.* The exercise price of options and stock purchase rights granted under the 1998 Plan is determined by the Administrator and must not be less than 100% of the fair market value of the Company's Common Stock at the time of grant; provided, however, that incentive stock options or stock purchase rights granted to stockholders owning more than 10% of the voting stock of the Company, if any, are subject to the additional restriction that the exercise price per share of each option must be at least 110% of the fair market value per share on the date of grant. The exercise price of nonstatutory options is determined by the Administrator and, in order to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, must not be less than 100% of the fair market value of the Common Stock on the date of grant.

*Termination.* The 1998 Plan gives the Administrator authority to vary the terms of the individual option agreements. However, generally, if the optionee ceases to be an employee or consultant, the optionee shall have the right to exercise the vested portion of an unexercised option within thirty (30) days after the date of termination, unless otherwise specified in the option agreement. If such termination is due to death or disability within the meaning of Section 422(c) of the Code, the optionee (or the optionee's legal representative) shall have the right to exercise the vested portion of an unexercised option at any time within twelve (12) months of the termination date, unless otherwise specified in the option agreement. In no event shall an option be exercisable beyond its term.

*Term of Options.* Options granted under the 1998 Plan expire as determined by the Administrator, but in no event later than ten (10) years after the date of grant. However, incentive stock options granted to stockholders owning more than 10% of the Company's outstanding voting stock may not have a term of more than five years. Stock purchase rights granted under the 1998 Plan also expire as determined by the Administrator, but in no event later than ninety (90) days after the date of grant. No option or stock purchase right may be exercised by any person after its expiration.

*Non-Transferability of Options.* Unless determined otherwise by the Administrator, options and stock purchase rights are not transferable by the optionee other than by will or the laws of descent and distribution, and stock purchase rights are exercisable during the lifetime of the optionee or grantee of the stock purchase right only by such optionee or grantee, or in the event of the optionee's or grantee's death, by a person who acquires the right by bequest or inheritance or by reason of the death of the optionee or grantee.

*Adjustments Upon Change in Capitalization.* The number of shares covered by each outstanding option, and the exercise price thereof, shall be proportionately adjusted for any increase or decrease in the number of issued shares resulting from a change in the Company's capitalization, such as a stock dividend, stock split, reverse stock split, combination, reclassification, or like change in the capital structure of the Company.

*Transfer of Control.* In the event the Company is a participant in any merger or consolidation, each outstanding, unexercised option or stock purchase right shall be assumed or substituted by the surviving corporation. If such options or stock purchase rights are not assumed, they become fully exercisable or the repurchase right applicable to them fully lapses, respectively, for a period of fifteen (15) days following the Administrator's notice that such option has become fully exercisable or that the repurchase option with respect to a stock purchase right has fully lapsed, respectively. Any options that are neither assumed nor exercised within 15 days of written notice from the Company terminate upon the expiration of such period.

*Dissolution or Liquidation.* In the event of a dissolution or liquidation of the Company, any outstanding option or stock purchase right shall terminate. However, the Administrator may provide that any option be fully exercisable until ten (10) days prior to such event. In addition, the Administrator may provide that the Company's repurchase option with respect to any stock purchase right shall fully lapse prior to such event.

*Amendment or Termination of the 1998 Plan.* The Administrator may at any time amend, alter, suspend or terminate the 1998 Plan; provided that no amendment, alteration, suspension or termination may impair the rights of any optionee, unless mutually agreed otherwise. Options may be granted under the 1998 Plan until February 2008.

### **United States Tax Information**

An optionee who is granted an incentive stock option will not recognize taxable income either at the time the option is granted or upon its exercise, although the exercise may subject the optionee to the alternative minimum tax. Upon the sale or exchange of the shares more than two years after the date of grant and one year after exercising the option, any gain or loss will be treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee will recognize ordinary income at the time of sale or exchange equal to the difference between the exercise price and the lower of (i) the fair market value of the shares on the date of the option exercise or (ii) the sale price of the shares. A different rule for measuring ordinary income upon such a premature disposition may apply if the optionee is also an officer, director or 10% stockholder of the Company. The Company will be entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income will be characterized as long-term or short-term capital gain or loss, depending on the holding period.

All other options that do not qualify as incentive stock options are referred to as nonstatutory options. An optionee will not recognize any taxable income at the time a nonstatutory option is granted. However, upon its exercise, the optionee will recognize taxable income generally measured as the excess of the then fair market value of the shares exercised over the exercise price. A different rule may apply if the optionee is a director, officer or 10% stockholder. Any taxable income recognized in connection with an option exercise by an optionee who is also an employee of the Company will be subject to tax withholding by the Company by payment in cash or out of the current earnings paid to the optionee. Upon resale of such shares by the optionee, any difference between the sales price and the optionee's exercise price, to the extent not recognized as taxable income as described above, will be treated as long-term or short-term capital gain or loss, depending on the holding period. The Company will be entitled to a tax deduction in the same amount as the ordinary income recognized by the optionee with respect to shares acquired upon exercise of a nonstatutory option.

**The foregoing summary of the effect of the United States federal income taxation laws upon the optionee and the Company in connection with the 1998 Plan does not purport to be complete, and reference should be made to the applicable provisions of the Code. In addition, this summary does not discuss the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside.**

### **Amended and New Plan Benefits**

The grant of options under the 1998 Plan to directors and executive officers, including the officers named in the Summary Compensation Table below, is subject to the discretion of the Administrator. As of the date of this proxy statement, there has been no determination by the Administrator with respect to future awards under the 1998 Plan. Accordingly, future awards are not determinable. The table of option grants under Executive Compensation Stock Option Grants and Exercises During Last Fiscal Year provides information with respect to the grant of options to the named executive officers identified in that table during fiscal 2002. During fiscal 2002, executive officers as a group were granted options to purchase 13,750 shares pursuant to the 1998 Plan, and all other employees as a group were granted options to purchase 200,650 shares pursuant to the 1998 Plan. The Company's directors who are not employees of the Company are not entitled to receive options under the 1998 Plan; the non-employee directors are instead entitled to receive options under the Director Plan.

**PROPOSAL THREE**

**AMENDMENT OF THE 1995 EMPLOYEE STOCK PURCHASE PLAN**

**Introduction**

The Company's 1995 Employee Stock Purchase Plan (the "Purchase Plan") was adopted by the Board in November 1995 and was approved by the stockholders in January 1996. The Purchase Plan provides employees of the Company the opportunity to purchase Common Stock through accumulated payroll deductions at below market prices. A total of 50,000 shares of Common Stock were initially reserved for issuance under the Purchase Plan. The Board has amended the Purchase Plan each year since 1995 to reserve additional shares of the Company's Common Stock under the Purchase Plan, and the stockholders approved each annual increase at that year's annual meeting of stockholders. In April 2003, the Board authorized an amendment to the Purchase Plan, subject to stockholder approval, to increase the number of shares of Common Stock reserved for issuance thereunder by 60,000 shares, from 370,000 shares to 430,000 shares. The stockholders are being asked to approve this amendment to increase the number of shares reserved under the Purchase Plan from 370,000 shares to an aggregate of 430,000 shares at the Annual Meeting. As of the Record Date, 42,704 shares were available for purchase under the Purchase Plan. On the Record Date, the closing price on the Nasdaq National Market for the Company's Common Stock was \$3.820 per share.

The Board believes that the Purchase Plan is an important factor in creating equity incentives to assist the Company in attracting, retaining and motivating the best available personnel for the successful conduct of the Company's business. The Company believes that linking employee compensation to corporate performance motivates employees to improve stockholder value. The Company has, therefore, consistently included equity incentives as a significant component of compensation for its employees.

The Board believes that the number of shares reserved under the Purchase Plan and the other plans described above will be inadequate to satisfy the equity needs of the Company and that the proposed increase in the number of shares of Common Stock reserved under the Purchase Plan would be in the best interests of the Company and its stockholders.

The material features of the Purchase Plan are outlined below.

**Summary of the 1995 Employee Stock Purchase Plan**

*Purpose.* The purpose of the Purchase Plan is to provide employees of the Company with an opportunity to purchase Common Stock through accumulated payroll deductions.

*Administration.* The Purchase Plan, which is intended to qualify under Section 423 of the Code, is administered by the Board or a committee designated by the Board, as may be necessary to comply with the rules governing plans intended to qualify as discretionary grant plans under Rule 16b-3 (the "Administrator"). All questions of interpretation or application of the Purchase Plan are determined by the Administrator, and its decisions are final, conclusive and binding upon all participants.

*Eligibility and Participation; Withdrawal.* Employees of the Company and its designated subsidiaries who are employed on a given enrollment date are eligible to participate in the Purchase Plan if they are customarily employed for at least 20 hours per week and more than five months per year, and do not own or hold options to purchase as a result of such participation, five percent or more of the total combined voting power or value of all classes of stock of the Company. Notwithstanding the foregoing, no employee

---

may be granted the right to purchase more than \$25,000 worth or more than 1,000 shares of Common Stock annually. Eligible employees become participants in the Purchase Plan by completing a subscription agreement authorizing payroll deductions of up to 10% of the employee's compensation, and filing it with the Company's Personnel Department not later than the day before an enrollment date. An employee may withdraw from the Purchase Plan at any time by giving written notice to the Company. In such a case, all payroll deductions credited to the employee's account and not yet used to purchase stock are refunded. As of December 28, 2002, all 108 of the Company's full-time employees were eligible to participate in the Purchase Plan, and 62 employees are currently participating in the Purchase Plan.

*Offering Periods.* The Purchase Plan is implemented by consecutive six-month offering periods. Offering periods commence on the first trading day on or after August 14 and February 14 and terminate on the last trading day of the sixth month following such commencement date. The Administrator may change the commencement date and duration of the offering periods without stockholder approval.

*Purchase Price.* The purchase price per share at which shares may be sold to employees under the Purchase Plan is 85% of the lower of the fair market value of the Company's Common Stock (a) on the date of commencement of the offering period or (b) on the last trading day of the six-month offering period. The fair market value of the Company's Common Stock on a given date is the closing sale price on the Nasdaq National Market. In the event the Company's Common Stock is quoted on the Nasdaq system but not on the National Market thereof, the fair market value is the mean of the closing bid and asked prices for the Company's Common Stock on the date of determination. In the absence of an established market for the Common Stock, the fair market value is established by the Board.

*Adjustments on Changes in Capitalization.* In the event any change is made in the Company's capitalization, such as a stock split or stock dividend, which results in an increase or decrease in the number of outstanding shares of the Company's Common Stock without receipt of consideration by the Company, the number of shares remaining subject to the Purchase Plan and the purchase price per share shall be appropriately adjusted. In the event of a proposed dissolution or liquidation of the Company, the offering periods will terminate immediately prior to such dissolution or liquidation, unless the Board provides otherwise. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each option under the Purchase Plan shall be assumed or an equivalent option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation, unless the Board determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, to shorten the offering period then in progress by setting a new exercise date.

*Transferability.* No rights or accumulated payroll deductions of a participant may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will or the laws of descent and distribution).

*Amendment and Termination of the Purchase Plan.* The Board of Directors may at any time and for any reason amend or terminate the Purchase Plan, except that (i) such termination shall not affect any purchase rights previously granted (except as permitted under the terms of the Purchase Plan), and (ii) no amendment may adversely affect a purchase right previously granted under the Purchase Plan (except to the extent permitted by the terms of the Purchase Plan or as may be necessary to qualify the Purchase Plan as an employee stock purchase plan pursuant to Section 423 of the Code or to obtain qualification or registration of the shares under applicable foreign, federal or state securities laws). The Purchase Plan shall continue in effect until November 2005 unless terminated earlier by the Board or until all of the shares reserved for issuance thereunder have been issued.

**United States Tax Information**

The Purchase Plan and the rights of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the Purchase Plan are sold or otherwise disposed of. Upon the sale or other disposition of the shares, the participant will generally be subject to tax and the amount of the tax will depend upon the holding period. If the shares are sold or otherwise disposed of more than two years from the first day of the offering period and one year from the date the shares are purchased, the participant will recognize ordinary income measured as the lesser of (i) the excess of the fair market value of the shares on the date of such sale or disposition over the purchase price, or (ii) an amount equal to 15% of the fair market value of the shares as of the first day of the offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period. The Company is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

**The foregoing summary of the effect of the United States federal income taxation laws upon the participant and the Company in connection with the Purchase Plan does not purport to be complete, and reference should be made to the applicable provisions of the Code. In addition, this summary does not discuss the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside.**

**Amended and New Plan Benefits**

The Company cannot now determine the number of shares to be issued in the future pursuant to the Purchase Plan to the Company's executive officers and employees. During fiscal 2002, 51,708 shares of the Company's Common Stock were issued to all employees (excluding executive officers) and 1,688 shares of the Company's Common Stock were issued to the executive officers as a group. The Company's non-employee directors are not eligible to participate in the Purchase Plan.

**Required Vote**

If a quorum is present, the affirmative vote of a majority of the Votes Cast will be required to approve the amendment of the Purchase Plan. Votes withheld and broker non-votes will be counted for the purposes of determining the presence or absence of a quorum, but will not be counted as Votes Cast on the subject. Broker non-votes may be prohibited from voting in favor of this proposal, under proposed NYSE regulations, unless the holder of such shares specifically instructs the broker or other nominee to vote in favor of the amendment to the 1995 Employee Stock Purchase Plan. **PROPOSAL FOUR**

**RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS**

**Introduction**

The Audit Committee has selected PricewaterhouseCoopers LLP, independent accountants, to audit the financial statements of the Company for the fiscal year ending January 3, 2004, and recommends that stockholders vote for ratification of such appointment. PricewaterhouseCoopers LLP, previously Coopers & Lybrand, has served as the Company's independent auditors since 1989. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Although action by stockholders is not required by law, the Board has determined that it is desirable to request approval of this selection by the stockholders. Notwithstanding the selection, the Audit Committee, in its discretion, may direct the appointment of new independent auditors at any time during the year, if the Audit Committee feels that such a change would be in the best interest of the Company and its stockholders. In the event of a negative vote on ratification, the Audit Committee will reconsider its selection.

**Fees Billed To Company By PricewaterhouseCoopers LLP During Fiscal 2002**

*Audit Fees*

Audit fees billed to the Company by PricewaterhouseCoopers LLP during the Company's 2002 fiscal year for the audit of the Company's annual financial statements and review of those financial statements included in the Company's quarterly reports on Form 10-Q totaled \$108,500.

*Financial Information Systems Design and Implementation Fees*

The Company did not engage PricewaterhouseCoopers LLP to provide advice to the Company regarding financial information systems design and implementation during the fiscal year ended December 28, 2002.

*All Other Fees*

Fees billed to the Company by PricewaterhouseCoopers LLP during the Company's 2002 fiscal year for all other non-audit services rendered to the Company totaled \$67,041, of which \$51,041 of the fees are attributable to the provision of tax advice and tax services, and \$16,000 of the fees are attributable to PricewaterhouseCoopers LLP's review of the Company's previous filings under the Exchange Act, unrelated to its audit of the Company's financial statements.

The Audit Committee has determined that the provision of non-audit services described above provided by PricewaterhouseCoopers LLP are compatible with maintaining PricewaterhouseCoopers LLP's independence and has approved these non-audit services in accordance with its charter and applicable laws, rules and regulations.

**Table of Contents****Stock Option Grants and Exercises During Last Fiscal Year**

The following table sets forth certain information for each grant of options to purchase the Company's Common Stock during fiscal 2002 to each of the Named Executive Officers. Each of these options granted by the Company was granted under the 1998 Plan. Each option has a term of 10 years, subject to earlier termination in the event optionee's services to the Company cease. In accordance with the rules of the Commission, also shown below is the potential realizable value over the term of the option (the period from the grant date to the expiration date) based on assumed rates of stock appreciation of 5% and 10%, compounded annually. These amounts are mandated by the Commission and do not represent the Company's estimate of future stock price. Actual gains, if any, in stock option exercises, will depend on the future performance of the Company's Common Stock.

**Option Grants in Fiscal 2002**

Name and Principal Position	Individual Grants				Potential Realizable Value of Assumed Annual Rates of Stock Price Appreciation for Option Term(5)

- (1) The options for each of the Named Executive Officers vest at the rate of 25% after the first year, and then 1/48th of the shares subject to the option each month thereafter.
- (2) Based upon an aggregate of 214,400 options granted to employees and consultants, including the Named Executive Officers, in fiscal 2002.
- (3) Options were granted at an exercise price equal to the fair market value of the Company's Common Stock, as determined by reference to the closing price reported on the Nasdaq National Market on the date of grant.
- (4) Options may terminate before their expiration dates if the optionee's status as an employee is terminated or upon the optionee's death or disability.
- (5) The potential realizable value is net of exercise price before taxes and calculated assuming that the fair market value of the Common Stock on the date of grant appreciates at the indicated annual rate compounded annually for the entire term of the option (10 years) and that the option is exercised and sold on the last day of its term for the appreciated stock price.

**Table of Contents****Aggregated Option Exercises in Last Fiscal Year and Year-End Option Values**

The following table shows, as to the Named Executive Officers, the number of options exercisable and unexercisable at December 28, 2002, information concerning stock options exercised during the fiscal year ended December 28, 2002 and the value of unexercised options at such date.

(1) Calculated by determining the difference between the fair market value of the securities underlying the options at year-end (\$2.839 per share) and the exercise price of the options.

**Employment Agreements**

The Company has no employment contracts with any of its officers and has no compensatory plans or arrangements that are activated upon resignation, termination or retirement of any such officer upon a change in control of the Company. The 1998 Plan and the Director Plan provide for the accelerated vesting of all outstanding options upon a change in control, but, in the case of the 1998 Plan, only if the option is not assumed or substituted.

**Other Employee Benefit Plans***401(k) Plan*

The Company sponsors a 401(k) Plan under which eligible employees may contribute, on a pre-tax basis, up to 15% of the employee's total annual income from the Company, excluding bonuses, subject to certain IRS limitations. The Company matches 50% of the employee's contribution up to a maximum amount. The maximum Company match in fiscal year 2002 was \$1,000 per employee and in fiscal year 2003 is \$1,000 per employee. All full-time employees who have attained age 18 are eligible to participate in the plan. All contributions are allocated to the employee's individual account and, at the employee's election, are invested in one or more investment funds available under the plan. Contributions are fully vested and nonforfeitable.

### *1995 Employee Stock Purchase Plan*

The Company's Purchase Plan permits employees, including the Company's officers, who are employed for at least twenty hours per week to purchase Common Stock of the Company, through payroll deductions at the lower of 85% of the fair market value of the Common Stock at the beginning or at the end of each six-month offering period. Payroll deductions may not exceed 10% of an employee's compensation. Notwithstanding the foregoing, no employee may be granted the right to purchase more than \$25,000 worth or more than 1,000 shares of Common Stock annually. The Purchase Plan provides for two offering periods during each fiscal year, each having a duration of six months, and has such other features as described previously.

## **REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS**

### **General**

The Compensation Committee of the Board of Directors establishes the overall executive compensation strategies of the Company and approves compensation elements for the Company's Chief Executive Officer and other executive officers. The Compensation Committee is comprised of two independent, nonemployee members of the Board of Directors, neither of whom has interlocking relationships as defined by the Commission. The Compensation Committee has available to it such external compensation advice and data as the Compensation Committee deems appropriate to obtain.

The compensation philosophy of the Compensation Committee is to provide a comprehensive compensation package for each executive officer that is competitive with those offered by companies of similar type and size, in the same geographical area and whose executives perform similar skills to those performed by the executives of the Company. Accordingly, the Compensation Committee follows a compensation strategy that has used vesting terms to incentivize and reward executives as the Company addresses the challenges associated with growth. As the Compensation Committee applies this compensation philosophy in determining appropriate executive compensation levels and other compensation factors, the Compensation Committee reaches its decisions with a view towards the Company's overall financial performance. The Compensation Committee strives to structure each officer's overall compensation package to enable the Company to attract, retain and reward personnel who contribute to the success of the Company.

### **Committee Charter**

The Compensation Committee amended its written charter in April 2003. A copy of the amended Compensation Committee charter is attached to this Proxy Statement, of which this report is a part, as Exhibit B.

### **Executive Officer Compensation**

The objectives of the executive officer compensation program are to attract, retain, motivate and reward key personnel who possess necessary leadership and management skills through competitive base salary, annual cash bonus incentives, long-term incentive compensation in the form of stock options, and various benefits generally available to employees of the Company.

*Base Salary.* Base salary levels for the Company's executive officers are generally targeted to be competitive with companies in the same stage of development and in the same industry and geographic area.

## **Table of Contents**

In determining salaries, the Committee also takes into account the Chief Executive Officer's recommendations, individual experience, contributions to corporate goals and the Company's performance.

*Incentive Bonuses.* The Compensation Committee believes that a cash incentive bonus plan can serve to motivate the Company's executive officers and management to address annual performance goals, using more immediate measures for performance than those reflected in the appreciation in value of stock options. In 2002, the Company's goals were targeted toward profitability and longer-term objectives for corporate development. As a consequence, the Company did not have an incentive bonus plan for executive officers in fiscal 2002.

*Stock Option Grants.* Stock options are granted to executive officers and other employees under the Company's Option Plans. Stock option grants are intended to focus the recipient on the Company's long-term performance to improve stockholder value and to retain the services of executive officers in a competitive job market by providing significant long-term earning potential. To this end, stock options generally vest over a four-year period, based on continued employment. Factors considered in granting stock options to executive officers of the Company are the duties and responsibilities of each individual, such individual's contributions to the success of the Company and other relevant factors. The Company views stock options as an important component of long-term compensation for executive officers since options motivate executive officers to manage the Company in a manner that is consistent with the interests of stockholders.

## **CEO Compensation**

Compensation for the Chief Executive Officer is consistent with the philosophies and practices described above for executive officers in general. Mr. Boutacoff's salary was increased in 2002 commensurate with market conditions. Mr. Boutacoff was not granted any options in fiscal year 2002.

### **REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS**

## **General**

The Audit Committee of the Board of Directors oversees the accounting and financial reporting processes of the Company and audits of the financial statements of the Company and assists the Board with the oversight and monitoring of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent accountant's qualifications, independence and performance, and the Company's internal accounting and financial controls. The Audit Committee is comprised of three directors named below. Each member of the Audit Committee is an independent director as defined by the recently-enacted Sarbanes-Oxley Act of 2002 and the listing standards of the National Association of Securities Dealers, as determined by our Board.

---

## **Table of Contents**

### **Committee and Charter**

The Audit Committee amended its written charter in January 2003. A copy of the amended Audit Committee charter is attached to this Proxy Statement, of which this report is a part, as Exhibit A.

The Board has determined that each member of the Audit Committee is independent for purposes of the Sarbanes-Oxley Act of 2002.

### **Review with Management**

The Audit Committee has reviewed and discussed our audited financial statements for the fiscal year ended December 28, 2002 and the notes thereto, with management, which has primary responsibility for the financial statements. PricewaterhouseCoopers LLP, our independent accountants, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles.

### **Review and Discussions with Independent Accountants**

The Audit Committee has discussed with PricewaterhouseCoopers LLP, our independent accountants, the matters required to be discussed by the Statement on Accounting Standards No. 61 (Communications with Audit Committees), as may be modified or supplemented, (Codification of Statements on Auditing Standards) which includes, among other items, matters related to the conduct of the audit of our financial statements.

The Audit Committee has also received written disclosures and the letter from PricewaterhouseCoopers, LLP, required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), which relates to the accountant's independence from us and our related entities and has discussed with PricewaterhouseCoopers LLP that firm's independence from us. The Audit Committee also concluded that PricewaterhouseCoopers LLP's provision of non-audit services, as described previously, to the Company is compatible with PricewaterhouseCoopers LLP's independence.

### **Conclusion**

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that our audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 28, 2002 for filing with the Commission.

**COMPANY STOCK PRICE PERFORMANCE**

The following graph demonstrates a comparison of cumulative total stockholder returns for the period shown based on the assumption that \$100 had been invested in the Company's stock on February 16, 1996, the date of the Company's initial public offering, and each of the Russell 2000 Index and the Standard and Poors 500 Index and that all dividends were reinvested, as required by the Commission. No dividends have been declared or paid on the Company's Common Stock during such period. The stock price performance shown on the graph below is not necessarily indicative of future price performance. The graph reflects the Company's stock price performance and the value that such investments would have had on December 28, 2002.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Since the beginning of the Company's last fiscal year, there has not been nor is there currently proposed any transaction or series of similar transactions to which the Company was or is to be a party in which the amount involved exceeds \$60,000 and in which any director, executive officer, holder of more than 5% of the Common Stock of the Company or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than indemnification agreements between the Company and each of its directors and officers.

**SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the Commission and the National Association of Securities Dealers, Inc. Such executive officers, directors and greater than 10% stockholders are also required by SEC rules to furnish the Company with copies of all forms that they file pursuant to Section 16(a). Specific due dates have been established by the Commission, and the Company is required to disclose in this Proxy Statement any failure to file by those dates. In February 2002, Eduardo Arias exercised a stock option and sold the underlying shares. The Form 4 reporting these transactions was filed late. Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no filings were required for such persons, the Company believes that all reports required to be filed under Section 16(a) have been filed on a timely basis during the Company's 2002 fiscal year, other than the exception described in this paragraph.

**OTHER MATTERS**

The Company knows of no other matters to be submitted to the meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the enclosed form of Proxy to vote the shares they represent as the Board may recommend.
