PROXY STATEMENT

General

The accompanying proxy is solicited by and on behalf of the Board of Directors of Onyx Acceptance Corporation, a Delaware corporation (the Company), in connection with the Annual Meeting of Stockholders to be held at 10:00 a.m. on May 29, 2003, at the Company's Corporate Headquarters, 27051 Towne Centre Drive, Foothill Ranch, California, 92610, and at any and all postponements and adjournments thereof.

This Proxy Statement and accompanying proxy will first be mailed to stockholders of record on or about May 1, 2003. The costs of solicitation of proxies will be paid by the Company. In addition to soliciting proxies by mail, the Company's officers, directors and other regular employees, without additional compensation, may solicit proxies personally or by other appropriate means. The Company will reimburse brokers, banks, fiduciaries and other custodians and nominees holding Common Stock in their names or in the names of their nominees for their reasonable charges and expenses in forwarding proxies and proxy materials to the beneficial owners of such Common Stock.

Voting Rights and Outstanding Shares

Only stockholders of the Company's Common Stock of record as of April 1, 2003, will be entitled to vote at the Annual Meeting. On April 1, 2003, there were outstanding 5,086,793 shares of Common Stock, which constituted all of the outstanding voting securities of the Company. Each share of Common Stock is entitled to one vote on all matters to come before the Annual Meeting.

Assuming a quorum is present, the nominee receiving the greatest number of votes will be elected as a director (Proposal 1), and the affirmative vote of a majority of the shares present or represented by proxy at the Annual Meeting and entitled to vote will be required for the approval of Proposal 2 (ratification of the election of independent accountants) and to act on all other matters to come before the Annual Meeting. For purposes of determining the number of votes cast with respect to any voting proposal, the sum of votes cast and abstentions are included. Abstentions with respect to any proposal are counted as shares present and also have the effect of a vote against such proposal as to which they are specified. Broker non-votes with respect to any proposal are not considered shares present and, therefore, have the effect of reducing the number of affirmative votes required to achieve a majority of the votes cast for such proposal. Broker non-votes will be counted for the purpose of determining whether a quorum is present.

Revocability of Proxies

Proxies must be written, signed by the stockholder and returned to the Secretary of the Company. Any stockholder who signs and returns a proxy may revoke it at any time before it is voted by filing with the Secretary of the Company a written revocation or a duly executed proxy bearing a date later than the date of the proxy being revoked. Any stockholder attending the Annual Meeting in person may withdraw such stockholder's proxy and vote such stockholder's shares.

Director Remuneration

The directors, with the exception of the Chairman of the Board, who received \$30,000 as compensation in 2002, do not receive cash compensation for service on the Board of Directors or any committee thereof but are reimbursed for their out-of-pocket expenses in serving on the Board of Directors. (Messrs. Hall and Duffy, who are Board Members, receive salaries for their positions as CEO and CFO of the Company, respectively.) Certain non-employee members of the Board of Directors have been granted options to purchase shares of the Company's Common Stock from time to time in connection with their appointment to and service on the Board of Directors. Additionally, each of the non-employee members of the Board of Directors is eligible to receive options to purchase Common Stock under the 1996 Plan's Automatic Option Grant Program.

Under the Automatic Option Grant Program, each non-employee director is granted an option to purchase 10,000 shares of Common Stock at the time he or she is initially elected, and thereafter, at each annual Stockholders Meeting, each individual with at least six months of Board service who is to continue to

Each automatic grant has a term of 10 years, subject to earlier termination following the optionee's cessation of Board service. The initial automatic option grant of 10,000 shares under the Automatic Option Grant Program upon initial Board membership vests in a series of 24 successive equal monthly installments upon the optionee's completion of each month of Board service over the 24 month period measured from the grant date. The annual automatic option grants of 7,000 shares vest in a series of 12 equal monthly installments upon the optionee's completion of each month of Board service over the 12-month period measured from the grant date. However, each outstanding option will immediately vest upon (i) certain changes in the ownership or control of the Company or (ii) the death or disability of the optionee while serving as a Board member.

Pursuant to this program, the non-employee directors will receive a grant of 7,000 shares each following the Annual Shareholders Meeting in 2003.

The Board of Directors held five meetings and acted by unanimous written consent five times during the fiscal year ended December 31, 2002 (the 2002 Fiscal Year). Each director attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board on which such director served during the 2002 Fiscal Year.

The Audit Committee currently consists of three directors, Mr. Stickel, Mr. Jones and Mr. Meyers, and is primarily responsible for assisting the Board in fulfilling its oversight responsibilities relating to (i) the integrity of the Company's financial statements, financial reporting process and systems of controls, and (ii) the annual independent audit of the Company's financial statements and the engagement of the independent auditors and the evaluation of their qualifications, independence and performance. The Audit Committee held five meetings during the 2002 Fiscal Year and acted by unanimous written consent one time during the 2002 Fiscal Year.

The Compensation Committee currently consists of three directors, Mr. Stickel, Mr. Jones, and Mr. Meyers, and is primarily responsible for reviewing and approving the Company's general compensation policies and setting compensation levels for the Company's executive officers. The Compensation Committee also has the exclusive authority to administer the Company's 1996 Plan and to make option grants thereunder. The Compensation Committee acted by unanimous written consent one time during the 2002 Fiscal Year.

REPORT OF THE COMPENSATION COMMITTEE(1)

The Company applies a consistent philosophy to compensation for all employees, including senior management. This philosophy is based on the premise that the achievements of the Company result from the coordinated efforts of all individuals working toward common objectives.

Compensation Philosophy

Under the supervision of the Compensation Committee of the Board of Directors, the Company has developed and implemented compensation policies, plans and programs which seek to enhance the profitability of the Company, and thus stockholder value, by aligning closely the financial interests of the Company's senior managers and employees with those of its stockholders. The Compensation Committee endorses the belief that stock ownership by a significant percentage of the Company's employees, including the granting of stock options to employees, furthers that goal and fosters decision-making by its employees with the Company's long-term performance in mind.

Table of Contents

The compensation plans and programs are structured to integrate pay with the Company's annual and long-term performance goals. The plans and programs are designed to recognize initiative and achievement and to assist the Company in attracting and retaining qualified employees. In furtherance of these goals, annual base salaries are generally set at competitive levels, and the Company relies to a large degree on annual incentive compensation to attract and retain key employees with outstanding abilities and to motivate them to perform to the full extent of their abilities. For the longer term, stock options (incentive stock options and non-qualified stock options) are awarded by the Company, the stock of which is traded on the Nasdaq National Market. Incentive compensation is variable and closely tied to corporate, business unit and individual performance in a manner that encourages a continuing focus on building profitability and shareholder value. As a result of the increased emphasis on tying executive compensation to corporate performance, in any particular year the total compensation of the Company's executives may be more or less than the executives of the Company's competitors, depending upon the Company's or the individual business unit's performance.

In evaluating the performance and setting the incentive compensation of the Chief Executive Officer and other senior executives, the Compensation Committee takes into account their commitment to the long-term success of the Company through management of their respective units as dictated by existing and anticipated market conditions. The Compensation Committee expects the Chief Executive Officer and senior executives to demonstrate strong management in both adverse and advantageous market conditions for each of the Company's major divisions, and rewards such executives accordingly.

At the beginning of each year, performance goals are set to determine potential annual incentive compensation for each executive. Financial goals include loan volume growth, operating earnings, loan losses, delinquency levels, cost controls, productivity and profitability.

Compensation of Chief Executive Officer

In determining the Chief Executive Officer's compensation, the Compensation Committee discussed and considered all of the factors discussed above in the overall context of the Company's performance. The Compensation Committee acknowledged the continued focus on purchasing quality auto contracts, strengthening infrastructure and managing the performance of the auto contracts portfolio.

Stock Option Grants

Onyx Acceptance Corporation uses stock options as long-term incentives and expects that it will continue to use this compensation alternative in the future. The Onyx Compensation Committee grants incentive stock options and, in certain circumstances, non-qualified stock options to employees of the Company and views such grants less as short-term compensation and more as a long-term incentive mechanism. Grants were made in 2002 to some executives as shown in the Summary Compensation Table, and to other key employees.

Policy Regarding Compliance with I.R.C. Section 162(m)

Section 162(m) of the Internal Revenue Code, provides in general that compensation paid to certain executives of publicly held corporations will not be deductible for federal income tax purposes to the extent it exceeds \$1,000,000 per year unless certain conditions are met. It is the present policy of the Compensation Committee that individual compensation shall not exceed the deductibility requirements of Section 162(m), and the Company intends to take the necessary steps to comply, but also reserves the right to enter into

Table of Contents

incentive and other compensation arrangements that do not comply when it determines that the benefits to the Company outweigh the cost of the possible loss of federal income tax deductions.

The Audit Committee of the Company's Board of Directors is comprised of independent directors as required by the listing standards of the Nasdaq National Market. The Audit Committee operates pursuant to a written charter adopted by the Board of Directors.

The role of the Audit Committee is to oversee the Company's independent auditors and financial reporting process on behalf of the Board of Directors. Management of the Company has the primary responsibility for the Company's financial statements as well as the Company's financial reporting process, principles and internal controls. The independent auditors are responsible for performing an audit of the Company's financial statements and expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed the audited financial statements of the Company as of and for the year ended December 31, 2002, with management and the independent auditors. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and it has discussed with the auditors their independence from the Company. The Audit Committee has also considered whether the independent auditor's provision of non-audit services, if any, to the Company is compatible with maintaining the auditor's independence.

The members of the Audit Committee are not engaged in the accounting or auditing profession. In the performance of their oversight function, the members of the Audit Committee necessarily relied upon the information, opinions, reports and statements presented to them by management of the Company and by the independent auditors.

The Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Form 10-K for 2002.

Submitted on May 1, 2003 by the members of the Audit Committee of the Company's Board of Directors.

COMPANY PROPOSALS

The following proposals will be submitted for stockholder consideration and voting at the Annual Meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Certificate of Incorporation, as amended, and its Amended and Restated Bylaws, provide for a classified Board of Directors consisting of three classes of directors with staggered three-year terms, with each class consisting, as nearly as possible, of one-third of the total number of directors. The Board currently consists of five persons in the following classes: Mr. Jones and Mr. Meyers, Class 1, 2005; Mr. Duffy, Class 2, 2003; and Mr. Stickel and Mr. Hall, Class 3, 2004. The class whose term of office expires at the Annual Meeting currently consists of one director, Mr. Duffy. If elected as proposed, Mr. Duffy will serve for a term of three years, expiring at the 2006 annual meeting of stockholders or until a successor has been duly elected and qualified.

Mr. Duffy has agreed to serve if elected, and management has no reason to believe that such nominee will be unavailable to serve. In the event such nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who may be designated by the present Board of Directors to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominee named above. Mr. Duffy's biography is stated above in this Proxy statement under "Directors, Executive Officers and Compensation Information."

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors recommends that the stockholders vote FOR the election of Mr. Duffy.

PROPOSAL 2

ber 31, 2003. Although the appointment of PricewaterhouseCoopers LLP is not required to be submitted to a vote of the stockholders, the Board of Directors believes it appropriate as a matter of policy to request that the stockholders ratify the appointment for the current fiscal year. In the event a majority of the votes cast at the meeting are not voted in favor of the appointment, the Audit Committee and the Board of Directors will reconsider its selection and may or may not then decide to select a firm other than PricewaterhouseCoopers LLP. Proxies solicited by the Board of Directors will be voted in favor of the appointment unless stockholders specify otherwise in such proxies.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting with the opportunity to make a statement if the representative so desires, and to respond to appropriate questions.

The affirmative vote of a majority of the shares of Common Stock voting at the Annual Meeting is required to ratify the selection of PricewaterhouseCoopers LLP as independent accountants.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors recommends that stockholders vote FOR Proposal 2.
