INDEPENDENT AUDITORS REPORT

Conexant Systems, Inc.
Hourly Employees Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Conexant Systems, Inc. Hourly Employees Savings Plan (the Plan) as of December 31, 2002, December 31, 2001 and September 30, 2001 and the related statements of changes in net assets available for benefits for the years ended December 31, 2002 and September 30, 2001 and the quarter ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002, December 31, 2001 and September 30, 2001 and the changes in net assets available for benefits for the years ended December 31, 2002 and September 30, 2001 and for the quarter ended December 31, 2001, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the Table of Contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2002 and 2001 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

YEARS ENDED DECEMBER 31, 2002 AND SEPTEMBER 30, 2001 AND THE QUARTER ENDED
DECEMBER 31, 2001**

1. DESCRIPTION OF PLAN

Effective January 1, 1999, Conexant Systems, Inc. (the Company or Plan Sponsor) adopted the Conexant Systems, Inc. Hourly Employees Savings Plan (the Plan). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

On January 7, 2002, the Board of Directors of Conexant Systems, Inc. approved a resolution to change the Plan year-end to December 31, effective with the Plan year beginning October 1, 2001.

General The Plan is a defined-contribution plan designed to qualify under Internal Revenue Code (the Code) Section 401(a). The Plan covers former union employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). At December 31, 2002, the Plan had 208 vested and terminated participants.

Fidelity Investments Institutional Operations Company, Inc. provides recordkeeping services to the Plan in its capacity as agent for the trustee, Fidelity Management Trust Company (Fidelity), pursuant to the terms of the Trust Agreement between Conexant Systems, Inc. Master Trust (the Trust) and Fidelity Management Trust Company. All of the Plan s assets and the assets of the Conexant Systems, Inc. Retirement Savings Plan are kept in the Trust. As of December 31, 2002, September 30, 2001 and December 31, 2001, the Plan owned 3%, 4% and 5%, respectively, of the total net assets available for benefits in the Trust. Net assets of the Trust and plan-specific expenses are allocated to the Plan based on specific identification. Net investment income, gains and losses and general expenses are allocated based on the Plan s proportional share of net assets in the Trust.

Contributions Each year, participants may elect to contribute up to 15% of pretax/post-tax annual compensation, as defined in the Plan. Total participant pretax contributions may not exceed \$11,000 for the year ended December 31, 2002. For employees with 52 weeks of service, the Company will match 52% of employee contributions, up to \$650 in the form of Conexant common stock for the calendar year ended December 31, 2002 and has matched 55% of employee contributions, up to \$550 in the form of Conexant common stock for the calendar year ended December 31, 2001. The amount allocated each calendar year to any participant cannot exceed the lesser of \$40,000 or 100% of a participant s total compensation for the plan year ended December 31, 2002. For purposes of this limitation, amounts allocated shall be comprised of Company matching contributions and the participant s pretax and post-tax contributions. All Company contributions are directed to the Conexant Stock Fund A (not participant directed), which was established for company-matching contributions.

Benefit Distribution Upon retirement, a participant s account shall be distributed in either (a) a lump sum payment or (b) 10 or fewer annual payments, less any loans outstanding. Account withdrawals are permitted by participants who suffer certain financial hardships and meet criteria established by the Internal Revenue Service (IRS). Participants who terminate employment prior to retirement and

whose aggregate vested account value is less than \$5,000, will receive the vested portion of their accounts in a lump-sum distribution. For aggregate vested accounts with a value greater than \$5,000, the account may be kept in the Plan at the election of the participant.

Participant Accounts Each participant's account reflects the participant's contributions, the Company's matching contributions, an allocation of Plan earnings (losses) and an allocation of administrative expenses. Allocations of administrative expenses are equally allocated to all participants.

Investment Options Upon enrollment in the Plan, a participant may direct employee contributions, as follows:

As of December 31, 2002, September 30, 2001 and December 31, 2001, the Plan offered investment options in the following funds (percentages are approximate and descriptions are based on information extracted from the related prospectus):

Conexant Common Stock Fund B Conexant Systems, Inc. common stock, cash and the proceeds and income on such cash and common stock. Such option became available to participants in August 2000.

Skyworks Common Stock Fund Skyworks Solutions, Inc. common stock, cash and the proceeds and income on such cash and common stock. Such option became available to participants in June 2002.

Fidelity Equity-Income Fund Primary investment focus on income-producing stocks, such as common and preferred stocks, with some limited focus on bonds producing income (in general, would avoid securities without proven earnings or credit).

Fidelity Emerging Markets Fund Primary investment focus is stock of companies in emerging markets, with emphasis on countries with relatively low Gross National Products compared to the world's major economies, but with potential for rapid growth.

Fidelity Diversified International Fund Primary focus is stocks of larger companies which are located outside the United States and which are viewed as being undervalued.

Fidelity Dividend Growth Fund Stocks of companies that have potential to increase the amount of their dividends or to begin paying them if none are being paid now.

Fidelity Mid-Cap Stock Fund Primary focus in stocks of mid-size companies with capitalizations within the range of the Standard & Poors MidCap 400 (approximate capitalization of \$110 million to \$5 billion).

Fidelity Freedom Income Fund 20% in Fidelity stock mutual funds, 40% in Fidelity bond mutual funds and 40% in Fidelity money market mutual funds.

Fidelity Freedom 2000 Fund 25% in Fidelity stock mutual funds, 43% in Fidelity bond mutual funds and 32% in Fidelity money market mutual funds. Percentage mix will gradually become more conservative over time.

Fidelity Freedom 2010 Fund 45% in Fidelity stock mutual funds, 46% in Fidelity bond mutual funds and 9% in Fidelity money market mutual funds. Percentage mix will gradually become more conservative over time.

Table of Contents

Fidelity Freedom 2020 Fund 69% in Fidelity stock mutual funds and 31% in Fidelity bond mutual funds. Percentage mix will gradually become more conservative over time.

Fidelity Freedom 2030 Fund 82% in Fidelity stock mutual funds and 18% in Fidelity bond mutual funds. Percentage mix will gradually become more conservative over time.

Fidelity Managed Income Portfolio (Stable Value) Fund Primarily invests in investment contracts providing a stated rate of interest which is offered by major insurance companies, with some investment in certain types of fixed income securities to provide daily liquidity.

Spartan U.S. Equity Index Fund Primary investment focus on the 500 domestic companies that make up the S&P 500 and in other securities that are based on the value of that Index.

Fidelity U.S. Bond Index Fund Investment-grade (medium to high quality) or above with maturities of at least one year, including U.S. Treasury and U.S. government securities, corporate bonds, asset-backed and mortgage-backed securities and U.S. dollar-denominated foreign securities.

Fidelity Fund Invests primarily in common stocks. The fund potentially invests a portion of its assets in bonds, including lower-quality debt securities. Invests in domestic and foreign issuers.

Fidelity OTC Portfolio Fund Normally invests primarily in common stocks. Normally invests at least 65% of its assets in securities principally traded on the over-the-counter (OTC) market, which has more small and medium-sized companies than other markets. Potentially, the fund may invest in non-OTC securities. The fund may invest in domestic and foreign issuers. Securities traded on the OTC market tend to be from smaller or newer companies, which generally involve greater investment risk than investments in larger, well-known companies.

Fidelity Growth Company Fund Invests primarily in common stocks of domestic and foreign issuers. The fund invests in companies that it believes have above-average growth potential.

Franklin Small-Cap Growth Fund-A (Fund removed during fiscal year 2001) Primarily invests in equity securities of companies with market capitalizations of less than \$1.5 billion at the time of the investment. The fund may also invest a portion of its assets in foreign securities, including those of developing markets issuers, which involve greater risk.

Franklin Small Mid-Cap Growth Fund-A (Fund added during fiscal year 2001) Normally invests at least 80% of its net assets in equity securities of small capitalization companies. The fund may invest in equity securities of larger companies, initial public offerings of securities and may invest a very small portion of its assets in private or illiquid securities, such as late-stage venture capital financings.

Vesting Participant elective deferral contributions are fully vested at all times. Each participant who is an employee and has at least five years of vesting service, as defined in the Plan document, or has attained the age of 65, shall be fully vested in their Company contribution account.

Plan Termination Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA.

Table of Contents

Forfeited Accounts At December 31, 2002 and 2001 and September 30, 2001, there were \$1,547, \$0 and \$21,086 forfeited nonvested accounts, respectively. These accounts will be used to reduce employer contributions. During the years ended December 31, 2002 and September 30, 2001 and for the quarter ended December 31, 2001, employer contributions were not reduced by any forfeited nonvested accounts.

Participant Loans Receivable Participants who are active employees of the Company may borrow up to the lesser of 50% of their account balance in the Plan or \$50,000. The minimum loan is \$1,000. Loans are repayable ratably through bi-weekly payroll deductions over a period not to exceed five years, except for loans for the purchase or construction of a participant's principal residence, which provide for repayment over a reasonable period of time that may not exceed ten years. Loans bear interest at the prime rate, as published by the *Wall Street Journal* on the last day of the preceding quarter in which the loan funds, plus 1% (5.75% at December 31, 2002). As of December 31, 2002, September 30, 2001 and December 31, 2001, delinquent participant loans were \$46,169, zero and zero, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation The accompanying financial statements and supplemental schedules have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and changes in those net assets.

Reclassifications Certain prior year amounts have been reclassified to conform to the current year presentation.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition The Plan's investments are stated at fair value. The Plan's investments are valued at their quoted market price. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits Benefits are recorded when paid.

Administrative Expenses The costs of administering the Plan are paid for by the Company, with the exception of a per participant fee charged by Fidelity Investments, which is applied equally to all participant accounts on a quarterly basis.

Derivative Financial Instruments Derivative financial instruments are accounted for in accordance with Statement of Financial Accounting Standards (SFAS) No. 133, *Accounting for Derivative Instruments and Hedging Activities*. SFAS No. 133 requires that the Plan recognize all derivatives as either assets or liabilities in the statement of net assets available for benefits and measure those at fair value. As of December 31, 2002, September 30, 2001 and December 31, 2001, the Plan had no derivative financial instruments.

4. INCOME TAXES

The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of stocks, bonds, fixed-income securities and mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Because of the risks associated with certain investment securities and the uncertainties related to changes in the value of investment securities, it is possible that changes in the value of such securities may materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Table of Contents**6. NONPARTICIPANT-DIRECTED INVESTMENTS**

As employer contributions are in the form of Conexant common stock, and such investments cannot be transferred to other funds, except as described in Note 1, these investments are considered nonparticipant-directed investments.

Information about the net assets and significant components of the changes in net assets relating to nonparticipant-directed investments is as follows:

Conexant Stock Fund A end of period	\$ 36,513	\$ 324,205	\$ 190,761

7. RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan for investment management services amounted to \$59, \$79 and \$18 for the years ended December 31, 2002 and September 30, 2001 and for the quarter ended December 31, 2001, respectively.

At December 31, 2002, September 30, 2001 and December 31, 2001, the Plan held 57,711, 58,020 and 56,672 shares of common stock of Conexant Systems, Inc., the sponsoring employer, with a cost basis of \$493,485, \$1,590,644 and \$698,880, respectively. During the years ended December 31, 2002 and September 30, 2001 and the quarter ended December 30, 2001, the Plan recorded no dividend income.
