PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS

LENOX GROUP INC

TO BE HELD MAY 17, 2006

The Annual Meeting of Stockholders of Lenox Group Inc (the Company) will be held on Wednesday, May 17, 2006 at 7 West 34th Street, 11th Floor, Suite 1117, New York, NY 10001, beginning at 11:00 a.m., Eastern Daylight Time. The enclosed form of proxy is solicited by the Company's Board of Directors. The Company anticipates that this Proxy Statement and the form of proxy will first be mailed to holders of the Company's Common Stock on or about April 6, 2006.

Why am I receiving this Proxy Statement and proxy card?

You are receiving this Proxy Statement and proxy card because you own shares of Common Stock in the Company. This Proxy Statement describes issues on which the Company would like you, as a stockholder, to vote. It provides information on these issues so that you can make an informed decision.

When you sign the proxy card, you appoint Louis A. Fantin and Robert O. Cohen as your representatives at the meeting. These representatives will vote your shares at the meeting (or any adjournments) as you have instructed them on the proxy card. With proxy voting, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the meeting, complete, sign and return your proxy card in advance of the meeting, just in case your plans should change.

If an issue comes up for vote at the meeting (or any adjournments) that is not described in this Proxy Statement, these representatives will vote your shares, under your proxy, at their discretion.

Can I receive proxy materials via the Internet?

For next year's Annual Meeting, you can help the Company save significant printing and mailing expenses by agreeing to receive the Proxy Statement, proxy card and Annual Report electronically via the Internet. You can agree to receive next year's proxy materials and Annual Report electronically by following the instructions set forth at the website <http://www.econsent.com/lrx>. If you choose to receive your proxy materials and Annual Report electronically, then prior to next year's Annual Meeting, you will receive e-mail notification when the proxy materials and Annual Report are available for online review over the Internet. Your choice for electronic distribution will remain in effect for all future stockholder meetings unless you revoke it prior to the meeting by following the instructions set forth at the website <http://www.econsent.com/lrx>. If you elect to access these materials via the Internet, you can still request paper copies by contacting your brokerage firm, bank or the Company's transfer agent, Wells Fargo Shareowner Services, at 1-800-468-9716. The Company does not charge a fee for receiving proxy materials through the Internet.

When is the record date?

The Board of Directors has fixed March 24, 2006, as the record date for the Annual Meeting. Only holders of Lenox Group Inc Common Stock as of the close of business on that date will be entitled to vote at the Annual Meeting.

How many shares are outstanding?

As of March 24, 2006, the Company had 14,039,231 shares of Common Stock issued and outstanding. Each share is entitled to one vote. No cumulative rights are authorized, and dissenters' rights are not applicable to any of the matters being voted upon.

1

What am I voting on?

You are being asked to vote on the following:

The election of six directors for terms expiring in 2007;

The ratification of the appointment of Deloitte & Touche LLP (Deloitte) as the Company's independent registered public accounting firm for fiscal year 2006; and

Any other business that may properly come before the meeting.

How do I vote?

You have four voting options. You may vote by:

Signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope;

Internet;

Telephone; or

Attending the Annual Meeting and voting in person.

If your shares are registered in your name with the Company's transfer agent, Wells Fargo, instead of through a broker or other nominee, you can vote your shares on the Internet or by telephone. If your shares are held in an account at a brokerage firm or bank participating in a street name program, you may already have been offered the opportunity to elect to vote using the Internet. A number of brokerage firms and banks are participating in a program for shares held in street name that offers Internet voting options. These programs are different from the program offered by Wells Fargo for shares registered in the name of the stockholder.

If you vote by telephone or on the Internet, you will be prompted to enter the voter control number printed on your proxy card above your name and to follow a few simple instructions. Voting via the Internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting, or to change your vote electronically or by telephone.

Can stockholders vote in person at the Annual Meeting?

The Company will pass out written ballots to anyone who wants to vote at the meeting. If you hold your shares through a brokerage account but do not have a physical share certificate, or the shares are registered in someone else's name, you must request a legal proxy from your stockbroker or the registered owner to vote at the meeting.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, it means that you have multiple accounts with the transfer agent and/or with stockbrokers. Please vote all of your shares.

2

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. You may do this by:

Voting again over the Internet or by telephone prior to 12:00 p.m., Central Time (CT), on May 16, 2006;

Signing another proxy with a later date and mailing it to the Company's transfer agent, Wells Fargo, as long as Wells Fargo receives the proxy prior to 12:00 p.m., CT, on May 16, 2006;

Voting in person at the Annual Meeting; or

Giving written notice to the Company's Secretary prior to 12:00 p.m., CT, on May 16, 2006.

How many votes does the Company need to hold the meeting?

To conduct the Annual Meeting, the Company must have a quorum, which means that a majority of outstanding shares of the Company's Common Stock as of the record date must be present at the meeting. Your shares will be counted as present at the Annual Meeting if you:

Vote via the Internet or by telephone;

Submit a properly executed proxy card (even if you do not provide voting instructions); or

Attend the Annual Meeting and vote in person.

What if I abstain from voting?

Abstentions with respect to a proposal are counted for purposes of establishing a quorum. If a quorum is present, abstentions will not be included in vote totals and will not affect the outcome of the vote of any proposal contained in this year's Proxy Statement.

How many votes are needed to elect directors?

The nominees for election as directors at the 2006 Annual Meeting will be elected by a plurality of the votes cast at the meeting. This means that since stockholders will be electing six directors, the six nominees receiving the highest number of votes will be elected.

A properly executed proxy card marked "Withheld" with respect to the election of directors will not be voted and will not count *FOR* or *AGAINST* any of the nominees.

How many votes are needed to ratify the appointment of Deloitte as the Company's independent registered public accounting firm for fiscal year 2006?

The ratification of the appointment of Deloitte as the Company's independent registered public accounting firm for fiscal year 2006 will be approved if the votes cast *FOR* the proposal exceed the votes cast *AGAINST* the proposal. A properly executed proxy card marked "Abstain" with respect to this proposal will not be voted and will not count *FOR* or *AGAINST* this proposal.

Will my shares be voted if I do not sign and return my Proxy Card?

If your shares are held through a brokerage account, your brokerage firm, under certain circumstances, may vote your shares.

The election of directors and the ratification of the appointment of Deloitte as the Company's independent registered public accounting firm are routine matters under New York Stock Exchange (NYSE) rules. The NYSE rules allow brokerage firms to vote their customers' shares on these matters.

if the customers do not provide voting instructions. If your brokerage firm votes your shares on these matters because you do not provide voting instructions, your shares will be counted for purposes of establishing a quorum to conduct business at the meeting and in determining the number of shares voted *FOR* or *AGAINST* the routine matter. The Company encourages you to provide instructions to your brokerage firm to vote your proxy. This action ensures your shares will be voted at the meeting.

If your shares are registered in your name, and you do not sign and return your proxy card, your shares will not be voted at the meeting.

How are votes counted?

Your shares will be voted as you indicate. If you just sign your proxy card with no further instructions, your shares will be voted:

FOR each director nominee for terms expiring in 2007; and

FOR the ratification of the appointment of Deloitte as the Company's independent registered public accounting firm for fiscal year 2006.

Voting results will be tabulated and certified by the Company's transfer agent, Wells Fargo.

Where can I find the voting results of the meeting?

The Company will announce preliminary voting results at the meeting and will publish the final results in the Company's Quarterly Report on Form 10-Q for the second quarter of 2006, which will be filed with the Securities and Exchange Commission (SEC).

Who will pay for the costs of soliciting proxies?

The Company will bear the cost of soliciting proxies. In an effort to have as large a representation at the meeting as possible, the Company's directors, officers and employees may solicit proxies by telephone or in person in certain circumstances. These individuals will receive no additional compensation for their services other than their regular salaries. Upon request, the Company will reimburse brokers, dealers, banks, voting trustees and their nominees who are holders of record of the Company's Common Stock on the record date for the reasonable expenses incurred for mailing copies of the proxy materials to the beneficial owners of such shares.

How can I obtain a copy of the 2005 Annual Report on Form 10-K?

The Company's 2005 Annual Report on Form 10-K, including audited financial statements, accompanies this Proxy Statement. The 2005 Annual Report on Form 10-K is available through the Company's website at <http://www.lenoxgroupinc.com>.

At the written request of any stockholder who owns Common Stock on the record date, the Company will provide to such stockholder, without charge, an additional paper copy of the Company's 2005 Annual Report on Form 10-K as filed with the SEC, including the financial statements and financial statement schedules but not including exhibits. If requested, the Company will provide copies of the exhibits for a reasonable fee. Requests for additional paper copies of the 2005 Annual Report on Form 10-K should be mailed to:

CORPORATE GOVERNANCE

BOARD OF DIRECTORS STRUCTURE

How many times did the Board of Directors meet in fiscal 2005?

During fiscal year 2005, the Board held four regular meetings, three special meetings, and took action by unanimous written consent in lieu of a meeting on one occasion, as permitted under the Company's By-Laws. Each current director attended at least 75% of the meetings of the Board of Directors and Board Committees on which the directors served during fiscal year 2005.

How does the Board determine which directors are independent?

In February 2004, the Board adopted governance principles containing independence standards for directors. The guidelines set by the Board require that a majority of the members of the Board be independent as defined under applicable law, NYSE listing standards and other governance principles, as adopted by the Board. A director will not be considered independent if he or she has a material relationship with the Company.

What was the Board's determination with respect to director independence?

The independence of each director was reviewed by the Company. As a result of that review, it was determined that the following directors are independent: Mr. Bloom; Mr. Hayssen; Mr. Kasen; Dr. King; and Mr. Weber. Ms. Engel is not independent because she is employed by the Company as its Chief Executive Officer.

How can stockholders communicate with the Board?

Stockholders who are interested in communicating directly with members of the Board, including the lead director, the nonmanagement directors as a group or any chairperson of a Board committee, may do so by writing directly to those individuals c/o Secretary, Lenox Group Inc, 100 Lenox Drive, Lawrenceville, NJ 08648. The Company's Secretary will forward all such communications directly to the

6

appropriate Board member. If the correspondence is not addressed to a particular member, the communication will be forwarded to the Chairwoman of the Board. The Company's Secretary will review all communications before forwarding to the appropriate Board member.

Do the nonmanagement directors of the Board meet during the year?

Yes. The nonmanagement directors hold an executive session at each regular Board meeting without the attendance of the Chairwoman and Chief Executive Officer.

Does the Company have a lead director?

Yes. The lead director is Stewart M. Kasen.

Does the Board have a policy with respect to attendance at the Annual Meeting?

Yes. The Board has adopted a policy stating that all directors are expected to attend the Annual Meeting. Although the Board understands that there may be situations that prevent a director from attending an Annual Meeting, the Board strongly encourages all directors to make attendance at the Annual Meeting a priority. All of the directors who were serving at the time of the 2005 Annual Meeting attended that meeting.

Are directors allowed to serve on the Boards of other companies?

Yes. The Board does not believe that its members should be prohibited from serving on the Boards of other companies so long as those commitments do not create material, actual or potential conflicts and do not interfere with the director's ability to fulfill his or her duties as a member of the Company's Board. The Board Affairs Committee will take into account the nature and time involved in the director's service on other boards in assessing director nominees.

DIRECTOR COMPENSATION

How are the directors compensated?

Directors are compensated as follows:

An annual retainer of \$25,000;

An additional retainer of \$10,000 for the lead director and the chairperson of the Audit Committee; \$5,000 for the chairperson of the Compensation Committee; and \$3,000 for the chairperson of the Board Affairs Committee;

In-person and telephonic Board Meeting fees of \$1,500 per meeting and committee meeting fees of \$1,000 per meeting;

4,000 stock options, which are exercisable on the first anniversary of the grant date; and

2,000 restricted shares, which vest after three years as long as the director is still serving.

The Company pays the annual retainer on a quarterly basis, either in cash or in stock, at each director's election. Directors may elect to receive shares of Common Stock in lieu of all or a portion of their cash fees, in which case shares of Common Stock are issued having a fair market value on the date of issuance of 110% of the cash fees which would otherwise then be payable. The Company also reimburses directors for travel expenses incurred in traveling to committee and full Board meetings. Directors who are employees are not paid cash or stock compensation for serving on the Board.

COMMITTEE STRUCTURE

What are the committees of the Board?

The Board of Directors currently has four committees: Audit, Board Affairs, Compensation and Executive.

7

Who are the members of the committees, and how many times did the committees meet during fiscal year 2005?

What are the responsibilities of the Audit Committee?

They must also have an inquisitive and objective perspective, practical wisdom, energy and mature judgment. The Company works to have a Board representing diverse experience at policy-making and policy-implementing levels in business, government, education and philanthropy, and in areas that are relevant to the Company's business activities.

Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively and should be committed to serve on the Board for an extended period of time. Directors should offer their resignation in the event of any significant change in their personal circumstances, including a change in their principal job responsibilities, although the Board is under no obligation to accept a resignation tendered under these circumstances.

What procedures does the Board Affairs Committee follow in identifying new nominees?

The Board Affairs Committee identifies director candidates from various sources and has the authority to engage and compensate third-party executive search consultants to assist it in identifying and evaluating possible nominees for director. Interviews are required of any candidate of substantial interest to the Board Affairs Committee. In fiscal year 2005, the Company engaged the consulting services of Corporate Board Executive Search to identify and evaluate potential candidates to serve as directors and paid that firm \$40,000 for its services.

Will the Board Affairs Committee consider stockholder nominations for director?

Yes. The Board Affairs Committee will consider nominations for directors from the Company's stockholders. Stockholders who wish to recommend qualified candidates to the Board Affairs Committee should write to the Chair of the Board Affairs Committee, c/o Secretary, Lenox Group Inc, 100 Lenox Drive, Lawrenceville, NJ 08648, setting forth the recommended candidate's qualifications and other relevant biographical information. Such recommended candidates will receive the same level of consideration by the Board Affairs Committee as candidates identified on its own initiative or by other Board members based on the criteria described above.

- (1) The options granted will be exercisable at various times in accordance with each optionee's stock option agreement, provided, however, in no event can options be exercised earlier than the one year anniversary of the grant date pursuant to the 2004 Stock Incentive Plan approved by the shareholders.

- (3) The options generally expire on the earliest of (a) the tenth anniversary of the date of grant, (b) various periods of time following a separation of employment in accordance with each optionee's stock option agreement, or (c) the exercise in full of the option.
- (4) The Company calculated the estimated present value at grant date of options granted during fiscal year 2005 using the Black-Scholes option pricing model. Note that this model is only one method of valuing options, and the Company's use of the model should not be interpreted as an endorsement of its accuracy. The actual value of the options may be significantly different, and the value actually realized, if any, will depend upon the excess of the market value of the Common Stock over the option exercise price at the time of the exercise. The assumptions the Company used to develop the grant date valuations were: estimated time until exercise of six years; a risk-free interest rate of 3.8% (for options granted on 1/3/05) and 4.1% (for options granted on 12/29/05), representing the interest rate on a U.S. Government zero-coupon bond on the date of grant with a maturity corresponding to the estimated time until exercise; a volatility rate of 32% and no dividends.

The 2004 Stock Plan authorized the issuance of awards with respect to 1,000,000 shares of Common Stock, together with shares remaining available under the Prior Plans and shares that would become available for issuance under the Prior Plans incident to forfeitures and for other reasons specified in the Prior Plans. This share number represents the aggregate number of shares remaining available under the 2004 Stock Plan, which is the sum of the 1,000,000 shares specifically authorized under the 2004 Stock Plan as reduced by the number of shares that have been previously awarded under the 2004 Stock Plan, and increased by the number of shares remaining available under the Prior Plans (net of forfeitures).

The 2001 Plan provides for the issuance only of nonqualified options to purchase the Company's Common Stock (2001 Plan Options). 2001 Plan Options may be issued only to nonofficer employees, consultants and advisors to the Company and its subsidiaries. The 2001 Plan and the issuance of 2001 Plan Options is determined and administered by the Company's Chief Executive Officer and its Vice President, Human Resources Officer (the Committee). The Committee determines all terms of 2001 Plan Options, including such terms as the amount of the Company's common shares subject to a 2001 Plan Option, exercise price and vesting, but no 2001 Plan Options may be transferred by the optionee (other than by will or otherwise in the case of death), and no 2001 Plan Option may have a duration greater than ten years from the date of grant. Vesting and exercisability of 2001 Plan Options accelerate immediately

The 2001 Plan will terminate immediately prior to the tenth anniversary of its adoption by the Company's Board of Directors, although the Board may terminate or amend the 2001 Plan at any earlier time so long as no such amendment or termination adversely affects any 2001 Plan Option then outstanding. This summary of the 2001 Plan does not purport to be complete and is qualified in its entirety by the terms of the 2001 Plan, the entire text of which was filed as Exhibit 10.17 to the Company's Annual Report on Form 10-K for the 2001 fiscal year.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors is composed entirely of nonmanagement directors who are independent, as defined under the Company's Board Governance Principles and the NYSE listing standards. The members of the Committee during the most recently completed fiscal year were Michael R. Francis, Stewart M. Kasen, Reatha Clark King and Vin Weber. Mr. Francis resigned from the Board, effective September 1, 2005. The Committee meets throughout the year to review general compensation issues. During fiscal year 2005, the Committee met three times.

This report discusses the Committee's overall objectives in designing the Company's executive compensation program. It also reviews the Committee's compensation determinations in 2005 for the Chief Executive Officer and the Company's executive officers named in the Summary Compensation Table in this Proxy Statement.

What is the Company's executive compensation philosophy?

The approach taken to compensation for executive officers is designed to:

Emphasize company performance and place a substantial portion of officer compensation at risk;

Align interests of management with those of stockholders and bring focus on long-term value creation by providing a significant portion of compensation in Company equity; and

Attract, motivate and retain executives of high caliber and ability.

What are the primary components of the Company's ongoing executive compensation program?

The primary components of the Company's executive compensation program consist of base salary, annual cash incentives and stock incentives. One-time cash awards are also considered on a discretionary basis. In setting total compensation, the Compensation Committee considers each executive's responsibilities, accomplishments and experience in his or her specific area. The Committee may also perform a subjective evaluation of the appropriate overall compensation to induce an individual to join the Company as an officer and to remain in the Company's employ. The Committee considers compensation data in relevant executive labor markets, where available, in determining executive salaries and opportunities for incentive compensation. No specific weights are assigned to these factors, although the Compensation Committee believes job position, accomplishments and subjective evaluation of appropriate overall compensation to attract or retain the executive are the most important factors.

Base Salary

Consistent with the Company's entire philosophy, the most substantial opportunities for additional compensation for the Company's executives are in corporate growth and performance-based incentives. As a result, the Compensation Committee takes a market-based approach in its annual review of officer base salaries, primarily considering level and changes of responsibility and general executive salary market trends. In fiscal year 2005, there were no changes to the base salaries of the executive officers named in the Summary Compensation Table.

Annual Cash Incentives

At the 2004 Annual Meeting, the Company's stockholders approved the 2004 Cash Incentive Plan (the Cash Plan), which provides for performance-based cash incentives (Awards) to key employees. The Compensation Committee administers the Cash Plan and selects the employees who are eligible for Awards under the Cash Plan (the Participants). The Cash Plan designates that Participants must meet certain targets in a Performance Period in order to be granted an Award. Performance Periods may be equal to or longer than, but not less than, a fiscal year and may overlap. Within 90 days after the

beginning of the Performance Period, and before 25% of the Performance Period has elapsed, the Compensation Committee will establish Performance Targets, Target Awards and objective criteria for determining the Performance Percentage to be applied to each Target Award to which a Performance Target relates in arriving at the actual award payout amount. The Performance Targets are based on one or more of the following metrics:

- revenue growth;
- operating income;
- operating cash flow;
- net income;
- earnings per share;
- return on sales;
- return on assets;
- return on equity;
- return on invested capital; and
- total stockholder return.

Participant Awards for a Performance Period of one year cannot exceed \$1,500,000. Participant Awards for a Performance Period of greater than one year cannot exceed \$3,000,000. Participants cannot earn Awards for more than three Performance Periods that end within a single fiscal year.

In 2005, the metrics that were evaluated were earnings per share and revenue. Based upon those metrics, no cash bonuses were awarded for fiscal year 2005.

Equity Incentives

At the 2004 Annual Meeting, the Company's stockholders approved the 2004 Stock Incentive Plan (the Stock Plan), which provides for nonqualified stock options, tandem and stand-alone stock appreciation rights (SARs) and other stock based awards, including restricted stock and performance shares, to be administered by the Committee. The purpose of the Stock Plan is to promote the interests of the Company and its stockholders by providing incentives to certain employees, consultants and nonemployee directors to encourage them to remain with the Company. The Stock Plan replaces the 1995 Stock Incentive Plan, 1997 Stock Incentive Plan and 2001 Nonofficer Stock Option Plan. The Stock Plan authorizes the issuance of awards with respect to 1,000,000 shares of the Company's Common Stock, together with shares remaining under the earlier plans and Shares that may become available under those earlier plans as a result of forfeitures and other reasons set out in those earlier plans.

Each option recipient receives a written agreement setting out the terms of the award. The exercise price of an option will not be less than 100% of the fair market value of a share of Common Stock on the date on which the option is granted. Each option is vested and exercisable on the date, during the period and for a certain number of shares of Common Stock as the Committee determines. The following restrictions apply:

- Options are not exercisable after ten years from the grant date;
- Options are not exercisable earlier than one year after the grant date; and

Options are subject to earlier termination, expiration or cancellation as provided in the Stock Plan or the individual agreement.

In 2005, Ms. Engel, Ms. Linehan, Mr. Melville, Mr. Rothmeier and Mr. Schugel received option grants, as set out in the Option Grants in the Last Fiscal Year table in this Proxy Statement.

Each grantee of performance shares receives a written agreement setting out the terms of the award. The performance shares are based upon the achievement of a performance target over a specified performance cycle as established by the Compensation Committee. In 2005, Ms. Engel, Ms. Linehan, Mr. Melville, Mr. Rothmeier and Mr. Schugel received performance shares as set forth in the Summary Compensation table in this Proxy Statement.

22

Does the Company provide any other executive benefits?

The Company's executive compensation program also includes various employee benefits. Generally, these benefits serve a different purpose than traditional compensation, such as providing protection against financial loss arising from illness, disability or death. They are similar to the benefits offered to the Company's other employees but, in some cases, include variations which are intended to enhance the tax efficiency of the benefit to the recipient or serve as a substitute for benefit opportunities lost due to regulatory contribution limits or changes in company policies.

How is the Chief Executive Officer compensated?

Ms. Engel's compensation is principally comprised of a base salary, a bonus, stock options, performance share awards and contingent cash/restricted stock awards. In fiscal year 2005, Ms. Engel received a base salary of \$605,000. Her bonus and equity incentive awards for 2005 were determined as described above for other executive officers, and the actual amounts are shown in the Summary Compensation Table in this Proxy Statement.

How does the Company handle limitations on the tax deductibility of compensation?

Under Section 162(m) of the U.S. Internal Revenue Code, the Company must meet specified requirements related to the Company's performance and stockholder approval of certain compensation arrangements in order for the Company to fully deduct compensation in excess of \$1,000,000 paid to any executive officer named in the Summary Compensation Table. The Cash Plan approved by stockholders in 2004 includes specific performance criteria; therefore, annual incentive awards granted under the Cash Plan are deemed to meet the requirements of Section 162(m) for deducting compensation in excess of \$1,000,000. The Committee believes that compensation paid pursuant to the Cash Plan will be deductible. The stockholders approved the 2004 Stock Incentive Plan at the 2004 Annual Meeting so that compensation attributable to stock options and certain other awards granted under the plan may be excluded from the \$1,000,000 cap as well.

Compensation paid in fiscal 2005 subject to the Section 162(m) cap is not expected to exceed \$1,000,000 for any executive officer named in the Summary Compensation Table. Therefore, the Committee believes that the Company will not be subject to any Section 162(m) limitations on the deductibility of compensation paid to the executive officers named in the Summary Compensation Table for fiscal 2005.

The Company intends to continue its practice of paying competitive compensation to attract and retain executive officers to manage the Company in the best interest of the Company and its stockholders. The Company therefore may choose to provide nondeductible compensation to executive officers if it deems such compensation to be in the best

interest of the Company and its stockholders.

Based on the auditors' experience, and their knowledge of the Company, do the Company's financial statements fairly present to investors, with clarity and completeness, the Company's financial position and performance for the reporting period in accordance with generally accepted accounting principles and SEC disclosure requirements?

Based on the auditors' experience, and their knowledge of the Company, has the Company implemented internal controls and internal audit procedures that are appropriate for it?

During the course of the fiscal year, have the auditors received any communication or discovered any information indicating any improprieties with respect to the Company's accounting and reporting procedures or reports?

The Audit Committee has also communicated to the independent auditors that they are retained by the Audit Committee and that they must raise any concerns about the Company's financial reporting and procedures directly with the Audit Committee.
