EMPLOYEE COMMUNICATION

Dear Partner Leader,

Attached is a message that I just sent to all partners updating them on some actions our company is taking related to the Sprint-Nextel merger. Some of your team members may have questions or concerns related to this information.

I am asking for your leadership in helping our partners maintain a proper perspective during this time and to stay focused on serving customers and growing our business. It is more important than ever that we continue to achieve our goals.

Here is an overview of the attached message:

Shareholders for both Sprint and Nextel will be voting on their proposed merger July 13. Their merger is expected to close in the following months.

Sprint-Nextel is expected to unveil their post merger branding strategy as early as today. We continue to make every effort to work with them to ensure that any branding initiatives are well coordinated with Partners.

A Special Committee of our Board of Directors, which includes myself, is recommending to our shareholders that they vote to exercise our "Put Right" and sell Nextel Partners to Sprint-Nextel following the close of their merger.

The final decision on any sale will be determined by shareholder vote. This vote is expected to take place later this year at the earliest.

In responding to any partner questions related to this news, please emphasize the following:

There is no guarantee that shareholders will vote to sell our company to Sprint-Nextel. We will have to wait and see. The most important thing for us to do in the interim is focus on our business.

We believe that recommending to our shareholders that they vote to exercise our Put Right is the right decision given all the factors involved.

As I have been advising for months, this process is going to take considerable time. Even if our shareholders vote to sell our company to Sprint-Nextel, the process for determining the price and closing the transaction would likely not conclude until well into next year.

We will keep our partners' interests at the forefront of everything we do throughout this process.

I will keep you updated as developments occur. In the interim, thank you for your leadership during this critical time and for your ongoing commitment to our Mission and Guiding Principles. This especially means to continue obtaining and taking great care of our customers better than anyone in our industry.

6/23/05 Letter to All-Partners

Partners,

Over the last few months I have promised to keep you informed on important events related to the proposed Sprint-Nextel merger. Here's an update:

Sprint and Nextel plan to receive all regulatory approvals in July and have scheduled their shareholder vote for July 13. Their merger is expected to close in the following months.

What does this mean for us?

Sprint-Nextel is expected to unveil their post merger branding strategy as early as today. We continue to make every effort to work with them to ensure that any branding initiatives are well coordinated with Partners.

In anticipation of the closing of the Sprint-Nextel merger, earlier today Partners filed documents with the Securities and Exchange Commission. In this filing we indicated that a Special Committee of our Board of Directors, including myself, is recommending to shareholders that Partners exercise our "Put Right" and sell our company to Sprint-Nextel following the close of their merger.

The final decision on whether or not to exercise our Put Right will be up to our shareholders. We expect this vote to take place later this year.

There is no guarantee that shareholders will vote to sell our company to Sprint-Nextel. We will have to wait and see. The most important thing for us to do in the interim is focus on our business.

Recommending to our shareholders that they vote to exercise our Put Right is the right decision given all the factors involved. Our company has always strived to do the right thing and it has served us well.

As I have been advising for months, this process is going to take considerable time. Even if our shareholders vote to sell our company to Sprint-Nextel, the process for determining the price and closing the transaction would likely not conclude until well into next year.

We have built our company by putting partners' interests first and continue to do so. I will update you as events occur going forward.

We are entering a very important and what promises to be a very interesting time for our company. It is more critical than ever that each of us remain focused on serving customers and growing our business. Let's finish June in the strongest possible manner and commit ourselves to an outstanding 2nd half of the year.

As always, thank you for your professionalism and for your commitment to our Mission and Guiding Principles. I feel extremely fortunate to be part of such an exciting and growing company made up of an incredible team of partners. Let's make this our strongest quarter and strongest year ever.

It is to our benefit to show how strong and effective we are. Let's demonstrate our performance and professionalism. Many industry experts view us as the #1 wireless carrier. Maintaining this position serves to benefit us all.

John
