Item 8.01 Other Events

Tanger Factory Outlet Centers, Inc., or the “Company”, is filing this Current Report on Form 8-K solely to reflect certain accounting adjustments described below with respect to the financial information contained in the Company’s Annual Report on Form 10-K for the year ended December 31, 2008 or the “2008 Form 10-K”, which was filed with the United States Securities and Exchange Commission or the “SEC”, on February 27, 2009. This Current Report on Form 8-K shows the effects of the retrospective adoption on January 1, 2009 of the following:

- Financial Accounting Standards Board, or “FASB”, Staff Position APB 14-1, “Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement)”, or FSP APB 14-1. The adoption of FSP APB 14-1 affects the accounting for our \$149.5 million 3.75% convertible unsecured notes due 2026, or the Exchangeable Notes. FSP APB 14-1 requires bifurcation of the Exchangeable Notes into a debt component that is initially recorded at fair value and an equity component. The difference between the fair value of the debt component and the initial proceeds from issuance of the instrument is recorded as a component of equity. The liability component of the debt instrument is accreted to par using the effective interest method over the remaining life of the debt (the first redemption date in August 2011). The accretion is reported as a component of interest expense. The equity component is not subsequently re-valued as long as it continues to qualify for equity treatment. The retrospective adoption of FSP APB 14-1 affects the Company’s financial information for the years 2006 through 2008, as reflected in Exhibit 99.1, 99.2 and 99.3, respectively. The adoption reduced income from continuing operations and net income by approximately \$2.7 million, \$2.5 million and \$934,000 in each of the years ending December 31, 2008, 2007 and 2006, respectively.
- FASB No. 160, “No. 160 “Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51”, or FAS 160 and the adoption of the recent revisions to EITF Topic D-98, “Classification and Measurements of Redeemable Securities”, which became effective upon our adoption of FAS 160. FAS 160 amends ARB 51 to establish accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. FAS 160 clarifies that a noncontrolling interest in a subsidiary should be reported as equity in the consolidated balance sheet and the noncontrolling interest's share of earnings is included in consolidated net income. The calculation of earnings per share continues to be based on income amounts attributable to the Company. The retrospective adoption of FSP APB 14-1 affects the Company’s financial information for the years 2004 through 2008, as reflected in Exhibit 99.1, 99.2 and 99.3, respectively. The adoption increased equity by approximately \$30.7 million, \$35.6 million, \$41.3 million, \$49.4 million and \$35.6 million as of December 31, 2008, 2007, 2006, 2005 and 2004, respectively.
- FASB Staff Position EITF 03-6-1, “Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities” or FSP EITF 03-6-1. FSP EITF 03-6-1 addresses whether instruments granted in share-based payment awards are participating securities prior to vesting, and therefore, need to be included in the earnings allocation when computing earnings per share under the two-class method as described in SFAS No. 128. In accordance with FSP EITF 03-6-1, unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share pursuant to the two-class method. The retrospective adoption of FSP APB 14-1 affects the Company’s financial information for the years 2004 through 2008, as reflected in Exhibit 99.1, 99.2 and 99.3, respectively. The adoption decreased diluted earnings per share by approximately \$.02, \$.02, \$.01, \$.01 and \$.01 per share in each of the years ending December 31, 2008, 2007, 2006, 2005 and 2004, respectively.

The information in this Form 8-K does not reflect any event or development occurring after February 27, 2009, the date on which the Company filed its 2008 10-K. Except as described above, we have not modified or updated any
