DESC AGREES IN PRINCIPLE TO SELL
CONSTANT VELOCITY JOINT BUSINESS

Mexico City, August 4, 2004 - DESC, S.A. de C.V. (NYSE: DES; BMV: DESC) announced today that it has reached an agreement in principle by the signing of a non-binding Memorandum of Understanding (MOU) with GKN Industries for the sale of Desc's 51% shareholding in Velcon, S.A., de C.V., the Mexican joint venture in the constant velocity joint (CVJ) business. This goes in line with Desc's strategy to restructure its business portfolio.

The total estimated value of the transaction is in the range of US\$ 80 to US\$ 85 million, which Desc will use to strengthen its financial structure, translating into better financial ratios, reduced leverage and financing expenses, and positioning itself to recover its profitability levels.

DESC, S.A. de C.V. (NYSE: DES; BMV: DESC) is one of the largest industrial groups in Mexico, with 2003 sales of approximately US\$ 2 billion and nearly 14,000 employees, which through its subsidiaries is a leader in the Automobile Parts, Chemical, Food and Property sectors.

This press release contains forward-looking statements (pursuant to the Private Securities Litigation Reform Act of 1995) which reflect the current opinions of DESC's management regarding future events. The words "anticipate," "believe," "expect," "hope," "have the intention of," "might," "plan," "should" and similar expressions generally indicate comments on expectations. These comments are subject to risks, uncertainties and changing circumstances. The final results may be materially different from current expectations due to several factors, which include, but are not limited to, global and local changes in politics, the economy, business, competition, market and regulatory factors, cyclical trends in the automobile parts and chemical sectors; as well as other factors that are highlighted under the title "Risk Factors" on the annual Form 20F report submitted by DESC to the US Securities and Exchange Commission. DESC has no obligation whatsoever to update these comments on expectations. Any comment on expectations is valid only on the date on which it is made
