On November 14, 2006, Companhia Siderurgica Nacional ("CSN") issued a
press release in Brazil relating to the enhancement of CSN's existing proposal
for the strategic alliance between CSN and WPC. Attached hereto as Exhibit A is
a translation of CSN's news release in Brazil. The news release in Exhibit A

Edgar Filing: NATIONAL STEEL CO - Form 6-K

contains forward-looking statements as discussed more fully below.

FORWARD-LOOKING STATEMENTS CAUTIONARY LANGUAGE

The information contained in this news release and announcement, other than historical information, consists of forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act. In particular, statements containing estimates or projections of future operating or financial performance are not historical facts, and only represent a belief based on various assumptions, all of which are inherently uncertain. Forward-looking statements reflect the current views of management and are subject to a number of risks and uncertainties that could cause actual results to differ materially from those described in such statements. These risks and uncertainties include, among others, factors relating to (1) the risk that the businesses of CSN Holdings and Wheeling-Pittsburgh will not be integrated successfully or such integration may be more difficult, time-consuming or costly than expected; (2) the ability of CSN, CSN Holdings and Wheeling-Pittsburgh to realize the expected benefits from the proposed strategic alliance, including expected operating efficiencies, synergies, cost savings and increased productivity, and the timing of realization of any such expected benefits; (3) lower than expected operating results for Wheeling-Pittsburgh for the remainder of 2006 or for the strategic alliance; (4) the risk of unexpected consequences resulting from the strategic alliance; (5) the risk of labor disputes, including as a result of the proposed strategic alliance or the failure to reach a satisfactory collective bargaining with the production employees; (6) the ability of the strategic alliance to operate successfully within a highly cyclical industry; (7) the extent and timing of the entry of additional competition in the markets in which the strategic alliance will operate; (8) the risk of decreasing prices for the strategic alliance's products; (9) the risk of significant supply shortages and increases in the cost of raw materials, especially carbon slab supply, and the impact of rising natural gas prices; (10) rising worldwide transportation costs due to historically high and volatile oil prices; (11) the ability of the strategic alliance to complete, and the cost and timing of, capital improvement projects, including upgrade and expansion of Wheeling-Pittsburgh's hot strip mill and construction of an additional galvanizing line; (12) increased competition from substitute materials, such as aluminum; (13) changes in environmental and other laws and regulations to which the strategic alliance are subject; (14) adverse changes in interest rates and other financial market conditions; (15) failure of the convertible financing proposed to be provided by CSN to be converted to equity; (16) changes in United States trade policy and governmental actions with respect to imports, particularly with respect to restrictions or tariffs on the importation of carbons slabs; and (17) political, legal and economic conditions and developments in the United States and in foreign countries in which the strategic alliance will operate. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, and any changes in such assumptions or factors could cause actual results to differ materially from current expectations. CSN, CSN Holdings and Wheeling-Pittsburgh assume no duty to update forward-looking statements. Reference is made to a more complete discussion of forward-looking statements and applicable risks contained in CSN's and Wheeling-Pittsburgh's filings with the SEC.
