QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

What is a proxy statement and why is it important?

We hold a meeting of stockholders annually. This year's meeting will be held on November 20, 2014. There will be certain items of business that must be voted on by our stockholders at the meeting, and our Board of Directors (sometimes referred to as the "Board") is seeking your proxy to vote on these items. This proxy statement contains important information about The Hain Celestial Group, Inc. and the matters that will be voted on at the meeting. Please read these materials carefully so that you have the information you need to make informed decisions. Throughout this proxy statement, we will refer to ourselves as "we," "us," "our," "the Company" or "Hain Celestial."

How are proxy solicitation and other required annual meeting materials distributed?

The Securities and Exchange Commission (the "SEC") has adopted rules that allow us to mail a notice to our stockholders advising that our proxy statement, annual report to stockholders, electronic proxy card and related materials are available for viewing, free of charge, on the Internet. Stockholders may then access these materials and vote over the Internet or request delivery of a full set of materials by mail or email. We have elected to utilize this process for the 2014 annual meeting. We intend to begin mailing the required notice, called Notice of Internet Availability of Proxy Materials, to stockholders on or about October [10], 2014. The proxy materials will be posted on the Internet, at <http://www.hain.com/proxy>, no later than the day we begin mailing the Notice of Internet Availability of Proxy Materials.

The Notice of Internet Availability of Proxy Materials contains important information, including:

- The date, time and location of the annual meeting;
- A brief description of the matters to be voted on at the meeting;
- A list of the proxy materials available for viewing on the Internet;
- Any control number you will use to access the proxy; and
- Instructions on how to access and review the proxy materials online, how to vote your shares over the Internet, and how to get a paper or email copy of the proxy materials, if that is your preference.

We believe that this delivery process expedites stockholders' receipt of proxy materials, while conserving natural resources and reducing the costs of printing and distributing our proxy materials.

What is a proxy?

A proxy is your legal designation of another person to vote the stock that you own. The person you designate to vote your shares is also called a proxy. The Notice of Internet Availability of Proxy Materials will include instructions on how to submit a proxy online or by telephone. If you requested a paper copy of our proxy materials, you also can vote using the proxy card enclosed with those materials. On our proxy card, you will find the names of the persons designated by the Company to act as proxies to vote your shares at the annual meeting. When you submit a valid proxy, the people named on the proxy card as proxies are required to vote your shares at the annual meeting in the manner you have instructed.

What are the items of business for the annual meeting?

The items of business for the annual meeting are as stated in the Notice of Annual Meeting of Stockholders and Proxy Statement, included herein. There are six matters scheduled for a vote:

• To elect the director nominees specified herein to serve until the next Annual Meeting of Stockholders and until their successors are duly elected and qualified;

• To approve an amendment of our By-Laws to provide for majority voting in uncontested director elections;

• To approve an amendment of our Certificate of Incorporation to increase the authorized number of shares of common stock from 100,000,000 to 150,000,000;

• To approve an Executive Incentive Plan intended to comply with Section 162(m) of the Internal Revenue Code;

• To approve, on an advisory basis, the compensation awarded to the named executive officers for the fiscal year ended June 30, 2014, as set forth in this proxy statement;

To approve the Amended and Restated 2002 Long Term Incentive and Stock Award Plan; and

To ratify the appointment of Ernst & Young LLP as our registered independent accountants for the fiscal year ending June 30, 2015.

Who is entitled to vote?

You may vote if you owned shares of common stock of Hain Celestial as of the close of business on September 25, 2014, the record date for the annual meeting. On the record date, there were [] shares of common stock outstanding and entitled to vote.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of September 25, 2014.

How can I vote my shares before the meeting?

Stockholder of Record: Shares Registered in Your Name

If on September 25, 2014 your shares were registered directly in your name with the Company's transfer agent, Continental Stock Transfer & Trust Company, then you are a stockholder of record. Follow the instructions on the Notice of Internet Availability of Proxy Materials to access our proxy materials and vote online or to request a paper or email copy of our proxy materials.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on September 25, 2014 your shares were held in an account at a broker, bank or other agent, then you are the beneficial owner of shares held in "street name" and these Notice of Internet Availability of Proxy Materials or proxy materials are being forwarded to you by that organization. Follow the instructions on the Notice of Internet Availability of Proxy Materials to access our proxy materials and vote online or to request a paper or email copy of our proxy materials. If you received these materials in paper form, the materials included a voting instruction card so you can instruct your broker, bank or other holder of record how to vote your shares.

Can I vote at the meeting?

If you are a stockholder of record, you can vote at the meeting any shares that were registered in your name as the stockholder of record as of the record date. To vote in person, come to the annual meeting, and we will give you a ballot during the meeting.

If you are a beneficial owner, you are not a holder of record of those shares and cannot vote them at the annual meeting unless you have a legal proxy from the holder of record. If you plan to attend and vote your street-name shares at the annual meeting, you should request a legal proxy from your broker, bank or other holder of record and bring it with you to the meeting.

Whether or not you plan to attend the meeting, we strongly encourage you to vote by proxy prior to the meeting.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted as follows:

Proposal	Vote
No. 1 Election of seven directors, each to serve to the next annual meeting of stockholders and until their successors are duly elected and qualified	FOR all nominees
No. 2 Amendment of our By-Laws to provide for majority voting in uncontested director elections	FOR
No. 3 Amendment of our Certificate of Incorporation to increase the authorized number of shares of common stock from 100,000,000 to 150,000,000	FOR
No. 4 Approval of an Executive Incentive Plan intended to comply with Section 162(m) of the Internal Revenue Code	FOR
No. 5 Approval, on an advisory basis, of the compensation awarded to the NEOs for the fiscal year ended June 30, 2014, as set forth in this proxy statement	FOR
No. 6 Approval of the Amended and Restated 2002 Long Term Incentive and Stock Award Plan	FOR
No. 7 Ratification of Ernst & Young LLP as our independent accountants for the fiscal year ending June 30, 2015	FOR

The Company does not expect that any matters other than those described in the Notice of Annual Meeting of Stockholders and Proxy Statement to be brought before the annual meeting. The persons appointed as proxies will vote in their discretion on any other matters that may properly come before the annual meeting or any postponement or adjournments thereof, including any vote to postpone or adjourn the annual meeting.

Who is paying for this proxy solicitation?

We will bear the cost of soliciting proxies. We expect that the solicitation of proxies will be primarily by mail. Proxies may also be solicited by our officers and employees, at no additional cost to us, in person, by telephone, or by other means of communication. We have retained the proxy solicitation firm of Alliance Advisors, LLC to assist us in the distribution and solicitation of proxies, and we intend to pay a fee of approximately \$[], plus reasonable expenses, for these services. We may reimburse custodians, nominees and fiduciaries holding our common stock for their reasonable expenses in sending proxy materials to beneficial owners and obtaining their proxy.

What does it mean if I receive more than one Notice of Internet Availability of Proxy Materials or proxy card?

If you receive more than one Notice of Internet Availability of Proxy Materials or proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

How do I revoke my proxy?

If you are the stockholder of record, you may revoke your proxy if we receive your revocation at any time before the final vote at the annual meeting. You may revoke your proxy by sending a written notice stating that you are revoking your proxy before it is voted at the meeting to the Corporate Secretary at The Hain Celestial Group, Inc., 1111 Marcus Avenue, Lake Success, New York 11042 or by attending the annual meeting and voting in person.

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, your ability to revoke your proxy depends on the voting procedures of the broker, bank or other agent. Please follow the directions provided to you by your bank or broker.

How are votes counted?

Votes will be counted by the inspector of election appointed for the annual meeting, who will separately count “For” and “Against” votes, abstentions and broker non-votes. A “broker non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner (despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions). Broker non-votes on a proposal are not counted or deemed present or represented and entitled to vote for determining whether stockholders have approved that proposal.

3

Therefore, broker non-votes have no effect and will not be counted towards the vote total for any proposal. Shares not present at the meeting and shares voting “abstain” have no effect on the election of directors. For all other proposals, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote.

Under the rules that govern brokers who are voting with respect to shares held in “street name,” brokers have the discretion to vote those shares on routine matters, but not on non-routine matters. Routine matters include ratification of independent public accountants. Non-routine matters include the election of directors, the advisory vote regarding compensation paid to our NEOs and actions on stock plans. If you are a beneficial owner and do not provide specific voting instructions to your broker, the organization that holds your shares will not be authorized to vote on most items being put to a vote, including the election of directors.

How many votes are needed to approve each proposal?

With respect to Proposal 1, each director must be elected by a plurality of the votes cast, meaning a director nominee who receives the highest number of affirmative votes cast is elected. Abstentions and broker non-votes will have no effect.

To be approved, Proposals No. 2, 3, 4, 5, 6 and 7 must receive a “For” vote from the majority of shares present and entitled to vote either in person or by proxy. If you “Abstain” from voting, it will have the same effect as an “Against” vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid annual meeting. A quorum will be present if at least a majority of the outstanding shares are represented by proxy or by stockholders present and entitled to vote at the annual meeting. On the record date, there were [] shares outstanding and entitled to vote. Thus, [] shares must be represented by proxy or by stockholders present and entitled to vote at the annual meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker or bank) or if you vote in person at the annual meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the chairman of the annual meeting or holders of a majority of the votes present at the annual meeting may adjourn or postpone the annual meeting to another time or date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. We will publish final results in a Current Report on Form 8-K that we expect to file with the SEC within four business days of the annual meeting. After the Form 8-K is filed, you may obtain a copy by visiting our website or contacting our Investor Relations Department by calling (516) 587-5000, by writing to the Investor Relations Department, The Hain Celestial Group, Inc., 1111 Marcus Avenue, Lake Success, New York 11042 or by sending an email to investorrelations@hain.com.

The primary responsibility of the Board of Directors is to foster our long-term success, consistent with its fiduciary duty to our stockholders. In addition, the Board has responsibility for establishing broad corporate policies and overseeing our direction, affairs and management.

Director Independence

A majority of the current Board, consisting of Ms. Hahn and Messrs. Berke, Futterman, Heyer, Meltzer, O'Neil and Zilavy, are "independent directors" as defined in the listing standards of the NASDAQ Global Select Market ("NASDAQ"). Mr. Simon was determined not to be independent because he is our President and CEO.

Board Meetings and Attendance

The Board typically holds regular meetings at least once every quarter and holds special meetings when necessary. During the 2014 fiscal year, the Board held ten meetings. We expect directors to attend Board meetings, the Annual Meeting of Stockholders, and meetings of the Committees on which they serve. All directors standing for re-election attended at least 75% of the meetings of the Board and of the committees on which they served during the fiscal year. All of the directors standing for re-election other than Mr. Heyer attended our 2013 Annual Meeting of Stockholders.

Board Leadership Structure

Our Corporate Governance Guidelines provide that the Board has no policy with respect to the need to separate or combine the offices of Chairman of the Board and CEO of the Company. The Board believes that stockholders are best served if the Board retains flexibility to decide what leadership structure works best for the Company based on the facts and circumstances existing from time to time. Mr. Simon currently serves as our Chairman of the Board, President and CEO. Mr. Simon has been our President and CEO and a director since our inception and is our founder. As a result, Mr. Simon possesses a great depth of knowledge and experience regarding the Company, its business and the organic and natural products industry. Mr. Simon was appointed Chairman of the Board of Directors in April 2000. During his tenure as Chairman and CEO, Mr. Simon has consistently demonstrated that his service in this combined capacity has fostered timely and clear communication with both the Board and Company management regarding significant issues facing the Company, effective decision-making, clear accountability and efficient execution of business strategies and plans. The Board believes that given the knowledge, experience and performance described above, it is in the best interests of the Company and its stockholders for Mr. Simon to continue to serve in a position that provides unified leadership and focus to both the Board and Company management, as well as a uniform voice to constituencies outside of the Company. Additionally, pursuant to Mr. Simon's employment agreement, we have agreed that so long as he is a member of our Board he will serve as Chairman of the Board unless he and the Company determine otherwise. If he is not re-appointed as Chairman of the Board, he will be entitled to terminate his employment with the rights and entitlements available to him under his employment agreement as if his employment was terminated by him for good reason.

The Board currently does not have a lead independent director. Mr. Zilavy, as chairperson of the Corporate Governance and Nominating Committee, presides over meetings of non-management directors and of independent directors. The Company does not have a lead independent director because the Board believes that it is currently best served without designating a single lead independent director. Of the seven directors standing for election, six are independent under the NASDAQ listing standards and each of the Audit, Compensation and the Corporate Governance and Nominating Committees is composed solely of independent directors. In addition, the Board and each

of these committees have complete and open access to any member of management and the authority to retain independent legal, financial and other advisors as they deem appropriate without consulting or obtaining the approval of any member of management. The Board also holds regularly scheduled executive sessions of only non-management directors in order to promote discussion among the non-management directors and assure independent oversight of management.

Board Role in Risk Oversight

Management is responsible for the Company's day-to-day risk management and the Board's role is to engage in informed oversight of and provide direction with respect to such risk management. In its oversight role regarding risk management, the Board focuses on understanding the nature of our enterprise risks, including risk in our operations, finances and the strategic direction of the Company and reviews and approves the Company's Annual Operating Plan. The Annual Operating Plan addresses, among other things, the risks and opportunities facing the Company. The Board receives regular updates regarding the Company's progress against its Annual Operating Plan and reviews quarterly updates regarding the related risks and opportunities. The Board maintains control over significant transactions and decisions that require Board approval for certain corporate actions (including material acquisitions or divestitures).

The Board has delegated certain risk management oversight responsibilities to the Audit Committee and the Compensation Committee.

As part of its responsibilities as set forth in its charter, the Audit Committee is responsible for discussing with management the Company's policies and guidelines regarding risk assessment and risk management as well as the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures.

The Compensation Committee reviews the risk and reward structure of executive compensation plans, policies and practices. Considered in this review are program attributes deemed to help mitigate risk, including: (i) the use of multiple performance measures, balanced between short- and long-term objectives; (ii) the Compensation Committee's application of judgment when determining individual payouts; (iii) the presence of individual payout caps under plans and programs; and (iv) the Compensation Committee's ability to clawback incentive compensation based on erroneous financial statements caused by misconduct.

Executive Sessions

Non-management directors meet in executive session at regularly scheduled meetings of the Board of Directors without any members of management present. In addition, independent directors typically meet at regularly scheduled meetings of the Board of Directors. Mr. Zilavy, as chairperson of the Corporate Governance and Nominating Committee, presides over meetings of non-management directors and of independent directors.

Director Elections

All directors stand for election annually. Voting is not cumulative.

Committees of the Board

The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee. All committee members of the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee are independent directors, as defined in the applicable rules for companies traded on the NASDAQ. The Board of Directors has adopted a written charter for each of the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee, a current copy of which is available on our website at www.hain.com under Investor Relations-Corporate Governance. The members of the committees are identified in the table below.

The Audit Committee.

The Audit Committee's principal duties include appointing, retaining and terminating our registered independent accountants, overseeing the work of and evaluating the independence of the registered independent accountants, reviewing with the registered independent accountants their reports as well as oversight responsibilities with respect to our financial statements, disclosure practices, accounting policies, procedures and internal controls.

Our Audit Committee is composed of Messrs. Berke, Futterman, Heyer and Zilavy, with Mr. Heyer acting as chairperson. The Board has determined that each member of the Audit Committee (1) is "independent" as defined by applicable SEC rules and the listing standards of NASDAQ, (2) has not participated in the preparation of our financial statements or those of any of our current subsidiaries at any time during the past three years, and (3) is able to read and understand fundamental financial statements, including a balance sheet, income statement, and cash flow statement. In addition, the Board has determined that each of Messrs. Futterman, Heyer and Zilavy, is an "audit committee financial expert" as defined by applicable SEC rules. Audit Committee

9

members are not permitted to serve on the audit committees of more than two other public companies. During fiscal year 2014, our Audit Committee held ten meetings. See “Report of the Audit Committee.”

The Compensation Committee.

The Compensation Committee’s duties include reviewing our compensation strategy on an annual basis to ensure that such strategy supports our objectives and stockholder interests and that executive officers are rewarded in a manner consistent with such strategy. The Compensation Committee is also responsible for, among other things, reviewing and approving annual and long-term goals and financial objectives relevant to executive officer compensation, evaluating the performance of the executive officers in light of these goals and objectives, approving the annual and long-term compensation awards for our executive officers, except to the extent that such awards are equity awards, then such awards are recommended by the Compensation Committee to the independent members of the Board for their approval, and reviewing and assessing the management succession plan for the CEO and other executive officers.

Our Compensation Committee is composed of Messrs. Berke, Futterman and O’Neil, with Mr. Berke acting as chairperson. The Board has determined that each member of the Compensation Committee is “independent” as defined by the listing standards of NASDAQ. During fiscal year 2014, the Compensation Committee held seven meetings.

Our Compensation Committee has engaged Aon Hewitt (formerly Hewitt Associates, Inc.) as its independent compensation consultant to advise it on executive and director compensation. Aon Hewitt reports only to the Compensation Committee and does not advise the Company on any matters other than executive and director compensation. Aon Hewitt assists and advises the Compensation Committee on the following:

- executive compensation plan design;
- identifying comparable companies for the Compensation Committee to use to evaluate the competitiveness of the compensation of our NEOs and non-employee directors;
- providing competitive market data with respect to NEO and non-employee directors compensation programs and arrangements; and
- evaluating equity plan proposals and amendments.

The Compensation Committee believes that there was no conflict of interest between Aon Hewitt and the Company during fiscal year 2014. In reaching this conclusion, the Compensation Committee considered the factors set forth in the SEC rule regarding compensation advisor independence. Specifically, the Compensation Committee has analyzed whether the work of Aon Hewitt as compensation consultant raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to the Company by the consultant; (ii) the amount of fees from the Company paid to the consultant as a percentage of the consultant’s total revenue; (iii) the policies and procedures of the consultant that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the consultant or the individual compensation advisors employed by the consultant with an executive officer of the Company; (v) any business or personal relationship of the individual compensation advisors with any member of the Compensation Committee; and (vi) any stock of the Company owned by the consultant or the individual compensation advisors employed by the consultant.

The Corporate Governance and Nominating Committee.

The Corporate Governance and Nominating Committee’s duties include, among other things, identifying individuals qualified to serve on the Board, recommending to the Board persons to be nominated for election as directors at the

annual meeting of the stockholders or to be appointed by the Board to fill an existing or newly created vacancy on the Board, identifying and recommending members of the Board to serve on each Board committee and to serve as chairman thereof, reviewing, on an annual basis, the charters of the committees of the Board and the Company's Corporate Governance Guidelines and recommending any changes to the Board, overseeing the evaluation by the Board of itself and its committees, and identifying and recommending to the Board individuals to serve as officers of the Company.

Our Corporate Governance and Nominating Committee is composed of Ms. Hahn and Messrs. O'Neil and Zilavy, with Mr. Zilavy acting as chairperson. The Board has determined that each member of the Corporate Governance and Nominating Committee is "independent" as defined in the listing standards of NASDAQ. During fiscal year 2014, the Corporate Governance and Nominating Committee held four meetings.

The Corporate Governance and Nominating Committee's charter provides that the Committee shall consider written proposals for director nominees from stockholders in accordance with our Corporate Governance Guidelines and our By-Laws. The Committee will consider candidates recommended by stockholders, and a stockholder wishing to submit a recommendation should

send a letter to our Corporate Secretary at The Hain Celestial Group, Inc., 1111 Marcus Avenue, Lake Success, NY 11042. The mailing envelope must contain a clear notation indicating that the enclosed letter is a “Director Nominee Recommendation” and, in order to be considered for the 2015 Annual Meeting of Stockholders, must be received by us no later than June 12, 2015. The letter must identify the author as a stockholder, demonstrate evidence of ownership, provide a complete listing of the candidate’s qualifications to serve on the Board, the candidate’s current principal occupation, most recent five-year employment history, current directorships and a statement that the proposed nominee has consented to the nomination, as well as contact information for both the candidate and the author of the letter. For more information regarding stockholder communications with our Board of Directors, see “Stockholder Proposals and Other Communications.”

When considering potential director nominees, the Corporate Governance and Nominating Committee reviews desired experience, skills and other qualities to assure appropriate Board composition, taking into account the current Board members and the specific needs of the Company and the Board. To be considered by the Corporate Governance and Nominating Committee, a director nominee must have experience as a board member or senior officer of a company in the natural food or other related industries or have a strong financial background and be a leading participant in another field related to our business or have achieved national prominence in a relevant field as a faculty member, professional or government official. In addition to these minimum requirements, the Corporate Governance and Nominating Committee evaluates director candidates based on a number of qualifications, including displayed ethical standards, integrity, sound business judgment, independence, knowledge, leadership skills, education, experience, financial literacy, standing in the community and a willingness to devote adequate time to Board duties. Although we do not have a formal policy regarding diversity, the Corporate Governance and Nominating Committee seeks to include members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to the business of the Company. Consistent with past practices, the Board is committed to a strong and diverse membership and to a thorough process to identify those individuals who can best contribute to the Company’s continued success.

The Board of Directors and the Corporate Governance and Nominating Committee begin the process of identifying and evaluating director nominees by seeking recommendations from a wide variety of contacts, including current executive officers and directors, and industry, academic and community leaders. The Board or the Committee may retain a search firm to identify and screen candidates, conduct reference checks, prepare biographies for review by the Committee and the Board and assist in scheduling interviews. The Committee and one or more of our other directors will interview candidates, and the Committee selects nominees that best suit our needs.

Website Access to Corporate Governance Documents

We have adopted a “Code of Ethics” as defined in the regulations of the SEC which applies to all of our directors and employees, including our principal executive officer and principal financial officer. Copies of the charters for the Audit Committee, the Compensation Committee, the Corporate Governance and Nominating Committee, as well as the Company’s Corporate Governance Guidelines and Code of Business Conduct and Ethics, are available free of charge on our website at www.hain.com or by writing to Investor Relations, The Hain Celestial Group, Inc., 1111 Marcus Avenue, Lake Success, NY 11042. The information on our website is not, and shall not be deemed to be, a part of this proxy statement or incorporated into any of our other filings made with the SEC.

Compensation of Directors

Each year, our Board of Directors and the Compensation Committee of the Board review and determine compensation for our non-employee directors. The Compensation Committee and our Board believe that compensation should fairly compensate non-employee directors for work required in a company of our size and scope. Mr. Simon did not receive any compensation for his Board service. As detailed below, our non-employee directors receive cash compensation as

well as restricted stock.

In addition, the chairpersons of the Audit Committee and the (1) Compensation Committee will each receive additional cash compensation of \$10,000 per annum and the chairperson of the Corporate Governance and Nominating Committee will receive additional cash compensation of \$5,000 per annum for their increased responsibilities.

On November 19, 2013, the Compensation Committee recommended and the Board approved a grant of 2,000 shares of restricted common stock to each of the Company's non-employee directors for service as a director. These (2) shares will vest annually in equal installments over 3 years. The grant date fair value of these awards computed in accordance with Accounting Standards Codification ("ASC") Topic 718 was \$166,800. Please see Note 13 to the Consolidated Financial Statements contained in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2014 for more information.

Stock Ownership Guidelines

The Board strongly believes that the directors should have a meaningful ownership interest in the Company and, to that end, has implemented stock ownership guidelines for our directors. The ownership guidelines require directors to own, at a minimum, the value of five times the annual cash compensation (excluding additional cash compensation to committee chairpersons) in shares of Hain Celestial common stock within the later of five years after a director is first elected to the Board or five years after the implementation of the guidelines. All directors are currently in compliance with the guidelines or are expected to meet the stock ownership guidelines within the five year period.

PROPOSAL NO. 2

APPROVAL OF AN AMENDMENT TO THE COMPANY'S BY-LAWS REGARDING MAJORITY VOTING IN UNCONTESTED DIRECTOR ELECTIONS

The Board of Directors recommends approval of an amendment to Article III, Section 2 of the Company's Amended and Restated By-Laws ("By-Laws") that would provide for a majority voting standard uncontested director elections.

The Company's current By-Laws provide for a plurality voting standard, under which a director nominee who receives the highest number of affirmative votes cast is elected, whether or not such "for" votes constitute a majority of all votes (including those withheld). By contrast, a majority voting standard requires that the number of votes cast "for" a director nominee's election exceed the number of votes cast "against" that nominee in order for the nominee to be elected. Abstentions and broker non-votes would have no effect in determining whether the required majority vote had been obtained.

After careful consideration, the Board determined that the adoption of a majority voting standard for uncontested director elections is in the best interests of the Company and its stockholders at this time. The Board recognizes that many stockholders believe a majority voting standard increases a board's accountability to stockholders and that many public companies recently have adopted a majority voting standard in uncontested director elections. The majority vote standard would only apply in uncontested elections. Uncontested elections are elections where the number of director nominees does not exceed the number of directors to be elected at the meeting. In a contested election, director nominees would continue to be elected by a plurality vote standard. A contested election is an election where the number of director nominees exceeds the number of directors to be elected at the annual meeting, as determined by the Secretary of the Company. If a majority voting standard is used in a contested election, fewer nominees or more nominees could be elected to the Board than the number of Board seats. This is because a majority voting standard compares the number of votes "for" with the number of votes "against" each director nominee without regard to voting for other nominees. Accordingly, to avoid such results, the Board intends to maintain a plurality voting standard for contested director elections.

The proposed amended text of Article III, Section 2 of the Company's By-Laws, is attached to this proxy statement as Annex A.

Vote Required and Board of Directors' Recommendation

Approval of this Proposal requires the affirmative vote of the holders of a majority of the shares of our common stock that are voting on this Proposal 2 in person or by proxy and entitled to vote at the stockholder meeting.

The Board of Directors unanimously recommends that you vote "FOR" the amendment to the Company's By-Laws to provide for majority voting in uncontested director elections.

PROPOSAL NO. 3

APPROVAL OF AN AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE

THE AUTHORIZED NUMBER OF SHARES OF COMMON STOCK FROM 100,000,000 to 150,000,000

The Board of Directors recommends approval of an amendment to our Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") to increase the number of authorized shares of Common Stock available for issuance from 100,000,000 to 150,000,000. The number of authorized shares of our preferred stock will not be affected and will be maintained at 5,000,000.

Our Certificate of Incorporation currently authorizes the issuance of 105,000,000 shares, 100,000,000 of which are designated as common shares, par value \$.01 per share, and 5,000,000 of which are designated as preferred shares, par value \$.01 per share. As of September 25, 2014, approximately 57,302,000 shares of Common Stock are either issued and outstanding or reserved for issuance under our stock plans. As a result, approximately 42,698,000 shares of Common Stock are currently available for future issuance. Accordingly, our Board of Directors has directed that we submit this Proposal No. 3 to the stockholders for approval to increase the number of authorized shares of Common Stock from 100,000,000 to 150,000,000 shares.

The Board of Directors believes it is desirable to increase the number of authorized shares of common stock in order to provide the Company with adequate flexibility in corporate planning and strategies. The availability of additional authorized shares of common stock could be used for a number of purposes, including corporate financing, public or private offerings of common stock, future acquisitions, stock dividends, stock splits, strategic relationships with corporate partners, and stock-based compensation. While the Company has no present agreement, arrangement, or understanding with respect to the issuance of any such additional shares of common stock, the Company is considering undertaking a stock split.

The availability of additional authorized shares of common stock is particularly important in the event that our Board needs to undertake any of the foregoing actions on an expedited basis and thus to avoid the time and expense of seeking stockholder approval in connection with the contemplated issuance of common stock. Such additional authorized shares may be issued for such purposes and for such consideration as our Board may determine without further stockholder approval, unless stockholder approval is required by applicable law or the rules of the Nasdaq Stock Market or any stock exchange on which our securities may be listed.

Although the Board of Directors has no current plans to utilize the additional authorized common shares to entrench present management, it may, in the future, be able to use the additional common shares as a defensive tactic against hostile takeover attempts. The authorization of such additional common shares will have no current anti-takeover effect. No hostile take-over attempts are, to our management's knowledge, currently threatened.

Upon issuance, the additional shares of authorized common stock would have rights identical to the currently outstanding shares of the Company's common stock. Adoption of the amendment would not have an immediate dilutive effect on the proportionate voting power or other rights of existing stockholders. However, as is true for shares presently authorized but unissued, the future issuance of common stock authorized by the amendment may, among other things, dilute the earnings per share of the common stock, decrease existing stockholders' percentage equity ownership, dilute the voting rights of existing stockholders and, depending on the price at which they are issued, could have a negative effect on the market price of the common stock. Current stockholders have no preemptive or similar rights. Accordingly, current stockholders do not have a prior right to purchase any new issue of common stock in order to maintain their proportionate ownership thereof.

The proposed amended text of ARTICLE FOURTH of the Company's Certificate of Incorporation is attached to this proxy statement as Annex B.

Vote Required and Board of Directors' Recommendation

Approval of this Proposal requires the affirmative vote of the holders of a majority of the shares of our common stock that are voting on this Proposal 3 in person or by proxy and entitled to vote at the stockholder meeting. If the proposed amendment to our Certificate of Incorporation is approved, it will become effective upon the filing of such amendment with the Secretary of State of the State of Delaware.

The Board of Directors unanimously recommends that you vote "FOR" the amendment to the Company's Certificate of Incorporation to increase the authorized number of shares of common stock from 100,000,000 to 150,000,000.

PROPOSAL NO. 4

APPROVAL OF THE 2015-2019 EXECUTIVE INCENTIVE PLAN

Overview and Purpose

We have adopted The Hain Celestial Group, Inc. 2015-2019 Executive Incentive Plan (the “Plan”), subject to stockholder approval at the annual meeting, as a means of providing our executive officers and other key employees with incentive compensation based on the performance of the Company in order to align such employees with stockholders and enhance stockholder value. The Plan is designed so that the awards payable under the Plan may be exempt from the \$1 million deduction limitation of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”).

In general, Section 162(m) of the Code imposes a limit on corporate tax deductions for compensation in excess of \$1 million per year paid by a public company to its Chief Executive Officer or any of the next three most highly paid executive officers (other than the Chief Financial Officer) as listed in the proxy statement. An exception to this limitation is provided for performance-based compensation.

As required for such exemption, the Board of Directors is seeking your approval of the Plan. A copy of the Plan is attached as Annex B to this Proxy Statement and a summary of the Plan is provided below. This summary does not purport to be complete and is qualified in its entirety by the provisions of the Plan.

Plan Summary

Eligibility. The Chief Executive Officer of the Company and each other employee of the Company who is at or above the level of Senior Vice President or who is considered a key employee and whom the Compensation Committee selects for participation is eligible to participate under the Plan. Five employees are currently eligible for participation under the Plan.

Administration and Interpretation. The Compensation Committee will administer the Plan. The members of the Compensation Committee who will administer the Plan will be “outside directors” within the meaning of Section 162(m). The Compensation Committee determines the recipients and amount of awards under the Plan. The Compensation Committee also has the authority to interpret the Plan and make all determinations under the Plan.

Performance Measures. All payments under the Plan are based on the attainment of certain performance measures established by the Compensation Committee. The Plan requires that the performance measures be established within the first 90 days of the performance period to which they relate. The performance measures are one or more of the following objective criteria, on a consolidated basis, on the basis of a business unit or other geographically based unit or relative to one or more peer group companies or indices, and which can be expressed either in terms of specified levels of, rates of change or relative changes in: (a) share price; (b) earnings per share; (c) return to shareholders (including dividends); (d) return on equity; (e) revenues; (f) sales; (g) sales by category, brand, territory or geography; (h) unit growth; (i) customer growth (including new customers and increased sales to existing customers); (j) EBITDA or EBIT; (k) operating income or operating profit; (l) net income; (m) gross margin; (n) operating margin; (o) return on capital or return on invested capital; (p) economic value added; (q) economic profit; (r) cash flows; (s) cash flow from operations; (t) market share; (u) inventory levels; (v) inventory days outstanding; (w) consumption; (x) size of line in total or by category or type; (y) consumer and strategic investments; (z) advertising, brand and product innovation; (aa) research and development; (bb) costs; (cc) managing commodity costs; (dd) capital expenditures; (ee) working capital; (ff) net fixed assets; (gg) accounts receivable; (hh) days sales outstanding; (ii) period overhead; (jj) expenses; (kk) productivity; (ll) market capitalization; (mm) customer satisfaction; (nn) pro forma net income; (oo) return on equity; (pp) return on designated assets; (qq) expenses; (rr) free cash flow; (ss) cash flow return on investment; (tt) net profit margin; (uu) cash conversion cycle; and (vv) service levels. Such criteria will be determined

in accordance with generally accepted accounting principles to the extent applicable and may be adjusted to take into account one or more of the following, as determined by the Committee: (i) discontinued operations, categories, or segments; (ii) acquisitions and mergers; (iii) divestitures; (iv) cumulative effect of changes in accounting rules and methods; (v) material impairment or disposal losses; (vi) restructuring or productivity initiative costs; (vii) product recall or withdrawal; (viii) business losses from economic, political and legal changes; (ix) retained and uninsured losses from natural catastrophe; (x) extraordinary items; (xi) currency fluctuations; (xii) stock dividend, split, combination or exchange of stock; (xiii) financing activities; or (xiv) other unusual or nonrecurring events.

Awards. The Plan provides for annual incentive awards covering each fiscal year of the Company and long-term incentive awards covering a period of at least two fiscal years of the Company. Within the first 90 days of the Company's fiscal year or long-term performance period, as applicable, the Compensation Committee is required to establish the terms and conditions for the payment of awards, including the eligible participants, the performance measures (and any required adjustments), the length of the performance period and the formula for calculating the amount of the awards for each participant. The Compensation Committee may reduce, but not increase, the amount of an award in its sole discretion and to take into account any factors as the

Compensation Committee deems appropriate. The amount of future payments under the Plan cannot be determined at this time, since they will be based on our future financial and operating performance.

Maximum Award. The maximum payment that can be made to any one participant under the annual award portion of the Plan is \$15 million, which maximum has been established by the Board taking into account expected increases in compensation and inflation over the five-year term of the Plan. The maximum payment that may be made to a participant for each long-term performance period established by the Compensation Committee may not exceed \$25 million, which maximum has been established by the Board, taking into account the same factors.

Compensation Committee Certification. After expiration of a fiscal year or long-term performance period, as applicable, the Compensation Committee will certify if the performance measures have been attained and, if so, determine the amount of the awards to be paid to each participant in accordance with the terms of the Plan.

Payment of Awards. Awards may be made in the form of cash, stock, restricted stock, stock units or other forms of stock-based awards, or any combination thereof, provided that any such stock-based awards will be issued pursuant to and be subject to the terms and conditions of the Company's Amended and Restated 2002 Long-Term Incentive and Stock Award Plan, or any successor plan.

Annual Incentive Award. Payments of annual incentive awards will be made no later than March 15 of the calendar year following the end of the annual performance period. A participant must generally remain employed through the end of the fiscal year to receive the annual incentive award, however a participant who is involuntarily terminated without cause on or after February 1 of the fiscal year or dies, becomes permanently disabled, or retires during the fiscal year will be eligible for a prorated annual incentive award for such fiscal year, provided that the performance measures have been achieved. In the event of a change in control during the fiscal year, a participant who is involuntarily terminated by the Company without cause or terminates for good reason during the fiscal year after the change in control will be eligible for a prorated annual incentive award, provided that the performance measures have been achieved. A participant is not eligible for an annual incentive award if he or she is involuntarily terminated by the company for cause prior to payment of the annual incentive award.

Long-Term Performance Award. Payment of long-term performance awards will be made no later than March 15 of the calendar year following the end of the long-term performance period. A participant must also generally remain employed until the end of a long-term performance period in order to be entitled to a long-term incentive award, however a participant who is involuntarily terminated without cause during the second half of the performance period or dies, becomes permanently disabled, or retires during the long-term performance period will be eligible for a prorated long-term incentive award for the performance period, provided that the performance measures have been achieved. In the event of a change in control during the performance period, a participant who is involuntarily terminated by the Company without cause or terminates employment for good reason during the performance period after the change in control will be eligible for a prorated long-term incentive award, provided that the performance measures have been achieved. A participant is not eligible for a long-term incentive award if he or she is involuntarily terminated by the Company for cause prior to payment of the long-term incentive award.

A change in control is defined in the Plan generally as one of the following events:

• The acquisition by a person of beneficial ownership of more than 50% of the total voting power of the outstanding stock of the Company;

• A majority of our Board of Directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by two-thirds of the members of the Board prior to the date of the appointment or election;

A reorganization, merger or consolidation, or sale or other disposition of all or substantially all of the assets of the Company unless (i) all or substantially all, of our stockholders prior to such event beneficially own more than 50% of the voting stock of the surviving entity in substantially the same proportions as their prior ownership, (ii) no person (other than the Company or the surviving entity) beneficially owns 50% or more of the combined voting power of the outstanding stock of the surviving entity and (iii) at least a majority of the members of the board of directors of the surviving entity were members of our Board of Directors; or

Stockholders approve (i) sale or disposition of all or substantially all of the assets of the Company (other than to a subsidiary) or (ii) a complete liquidation or dissolution of the Company.

However, if a participant is a party to an employment agreement or change in control agreement with the Company, “change in control” shall have the meaning set forth in such agreement.

Good reason is defined as the occurrence of: (i) a diminution in a participant's position, duties and responsibilities, (ii) a reduction in a participant's annual base salary; (iii) any material reduction in compensation opportunity (including achievability) or benefits provided under any compensation, incentive, employee benefit or welfare plan or program of the Company or any subsidiary in which a participant participates before the change in control; or (iii) a relocation of the participant's principal place of employment by more than fifty (50) miles.

Amendment and Termination. The Compensation Committee may at any time amend, suspend, discontinue or terminate the Plan; provided, however, that no such amendment, suspension, discontinuance or termination shall adversely affect the rights of any participant to any award that has been certified by the Compensation Committee. To the extent necessary or advisable under applicable law, including Section 162(m) of the Code, Plan amendments shall be subject to stockholder approval.

Repayment. If the Company is required to prepare an accounting restatement to correct an accounting error included in a report on Form 10-Q or 10-K caused by the misconduct of a participant, such participant shall return to the Company, or forfeit if not paid, any annual incentive award or long-term incentive award arising out of the misconduct for or during such restated period.

Effective Date. If the Plan is approved at the annual meeting, it will be effective as of July 1, 2014 and shall provide for awards that may be granted through and including the 2019 fiscal year of the Company.

Federal Income Tax Consequences of the Plan

The Plan is designed such that the bonuses paid thereunder to the covered executives may be deductible by us for federal income tax purposes. Under present federal income tax law, participants will realize ordinary income equal to the amount of the award received in the year of receipt. That income will be subject to applicable income and employment tax withholding by the Company. We will receive a deduction for the amount constituting ordinary income to the participant, provided that the Plan satisfies the requirements of Section 162(m) of the Code, which limits the deductibility of nonperformance-based compensation paid to certain corporate executives, and otherwise satisfies the requirements for deductibility under federal income tax law.

New Plan Benefits

The actual amounts payable under the Plan over its term are not determinable at this time. However, under the annual long term incentive award program adopted for fiscal year 2015, the maximum award that can be earned by Mr. Simon is four times his base salary, the maximum award that can be earned by Mr. Carroll is three times his base salary and, the maximum award that can be earned by Ms. Faltischek and Mr. Smith is two times his or her base salary, if the Company achieves the approved EBITDA goal in fiscal year 2015. This maximum bonus may be reduced by the Compensation Committee based on such factors as they may determine in their discretion. The actual amount of future award payments under the Plan is not presently determinable because such amounts are dependent on the future attainment of the performance goals and subject to the discretion of the Compensation Committee. Assuming, however, that these performance goals are achieved and the Compensation Committee does not exercise its discretion to reduce the bonuses, the maximum award the participants could receive is as follows:

Name and Position	Maximum Dollar Value (\$)
Irwin D. Simon President, Chief Executive Officer and Chairman of the Board	\$7,400,000
John Carroll	\$2,079,000

Edgar Filing: HAIN CELESTIAL GROUP INC - Form PRE 14A

Executive Vice President and Chief Executive Officer - Hain Celestial United States

Stephen J. Smith Executive Vice President and Chief Financial Officer	\$1,020,000
Denise M. Faltischek Executive Vice President and General Counsel, Chief Compliance Officer	\$1,100,000
Executive Group	\$11,599,000
Non-Executive Director Group ¹	\$—
Non-Executive Officer Employee Group	\$1,000,000

¹ Not eligible to participate in the Plan

With respect to the long-term incentive awards, the Company has adopted a two year performance-based program under the Plan. Under this long-term incentive award program, the maximum award that can be earned by Mr. Simon is ten times his base salary, the maximum award that can be earned by Mr. Carroll and Ms. Faltischek is four and a half times his or her base salary and, the maximum award that can be earned by Mr. Smith is two and a half times his base salary, if we achieve certain operating income goals over the 2015-2016 fiscal years. This maximum bonus may be reduced by the Compensation Committee based on such factors as they may determine in their discretion. The actual amount of future award payments under the Plan is not presently determinable because such amounts are dependent on the future attainment of the performance goals and subject to the discretion of the Compensation Committee. Assuming, however, that these performance goals are achieved and the Compensation Committee does not exercise its discretion to reduce the bonuses, the maximum award the participants could receive is as follows:

Name and Position	Maximum Dollar Value (\$)
Irwin D. Simon President, Chief Executive Officer and Chairman of the Board	\$18,500,000
John Carroll Executive Vice President and Chief Executive Officer - Hain Celestial United States	\$3,118,500
Stephen J. Smith Executive Vice President and Chief Financial Officer	\$1,275,000
Denise M. Faltischek Executive Vice President and General Counsel, Chief Compliance Officer	\$2,250,000
Executive Group	\$25,143,500
Non-Executive Director Group ¹	\$—
Non-Executive Officer Employee Group	\$2,250,000

Vote Required and Board of Directors' Recommendation

Approval of the Plan requires the affirmative vote of the holders of a majority of the shares of our common stock that are voting on this Proposal 4 in person or by proxy and entitled to vote at the stockholder meeting. In the event the stockholders fail to approve the Plan, the Plan and all awards under the Plan shall be null and void.

The Board of Directors believes that approval of the Plan is in our best interest, as well as the best interest of our stockholders and employees, because it provides for the granting of incentive compensation based on the performance of the Company which will enhance stockholder value while enabling the awards payable under the Plan to be exempt from the \$1 million deduction limitations of Section 162(m) of the Code.

The Board of Directors unanimously recommends that you vote "FOR" the approval of The Hain Celestial Group, Inc. 2015-2019 Executive Incentive Plan.

PROPOSAL NO. 5

ADVISORY VOTE REGARDING THE COMPENSATION OF THE COMPANY'S
NAMED EXECUTIVE OFFICERS

We believe that both the Company and stockholders benefit from responsive corporate governance policies. Recognizing the interest our stockholders expressed in an advisory vote on the compensation of our NEOs, since 2009 the Company has provided its stockholders an annual advisory vote on executive compensation. Since 2011, Section 14A of Securities Exchange Act of 1934, as amended (the "Exchange Act") requires us to provide our stockholders with a non-binding advisory vote to approve the compensation of our NEOs ("Say on Pay Proposal") as disclosed in this proxy statement.

As described in detail under the heading "Executive Compensation - Compensation Discussion and Analysis," we believe that our compensation policies and procedures align with the long-term interests of our stockholders. The Company's compensation program is guided by the philosophy that total executive compensation should vary based on achievement of goals and objectives, both individual and corporate, and should be focused on long-term strategies to build stockholder value. The Compensation Committee acts diligently to provide compensation opportunities that are competitive and that emphasize performance with a long-term perspective. We believe that our philosophy and practices have resulted in executive compensation decisions that are appropriate and that have benefited the Company over time.

For the reasons stated above, the Board of Directors recommends that our stockholders vote in favor of the following Say on Pay Proposal:

Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company's named executive officers as described in the Compensation Discussion and Analysis, the Summary Compensation Table and other related tables and disclosures in this proxy statement.

Because your vote is advisory, it is not binding on the Company or the Board. However, the Compensation Committee values the opinions that our stockholders express in their votes. The Compensation Committee will review the results of the stockholder votes on the Say on Pay Proposal and consider whether to recommend any changes or modifications to the Company's executive compensation policies and practices as a result of such votes.

The Board of Directors unanimously recommends that you vote, on an advisory basis, "FOR" this proposal.

PROPOSAL NO. 6
 APPROVAL OF THE AMENDED AND RESTATED
 2002 LONG TERM INCENTIVE AND STOCK AWARD PLAN
 General

We are asking our stockholders to approve the Amended and Restated 2002 Long Term Incentive and Stock Award Plan (the “2002 Plan”), and specifically:

the increase the maximum number of shares authorized for issuance under the 2002 Plan by 1,750,000 shares, to a total of 15,750,000 shares; and

the material terms of performance goals under the 2002 Plan for purposes of deductibility under Section 162(m) of the Internal Revenue Code (the “Code”).

The 2002 Plan, as amended, was last approved by our stockholders at our Annual Meeting of Stockholders held on November 19, 2013. Currently, there are an aggregate of 14,000,000 shares of common stock authorized for issuance under the existing 2002 Plan, of which, as of June 30, 2014, 5,093,742 shares were available for grant.

The following table provides the number of shares subject to outstanding awards and the number of shares available for future grants under company plans and programs as of June 30, 2014.

Number of Stock Options Outstanding	1,337,145
Weighted Average Exercise Price	\$19.65
Weighted Average Remaining Term (in years)	2.1
Number of Stock Awards Outstanding (restricted stock and units):	629,372
Number of Shares Remaining for Future Grant:	
2000 Directors Stock Plan	12,045
Amended and Restated 2002 Long Term Incentive and Stock Award Plan	5,093,742
Common Shares Outstanding (as of September 25, 2014)	[]

There are no other shares remaining available for grant under any other plans or programs of the Company except as identified in the table above. If the proposal to amend the 2002 Plan is approved, the total number of shares available for new awards will be increased by 1,750,000 shares to a total of 15,750,000 shares (subject to adjustment in the event of a stock split, stock dividend, recapitalization, merger, spin-off or other similar change or event involving the Company).

Stockholder approval is required in order to increase the number of shares under NASDAQ listing rules and therefore the terms of the 2002 Plan also require stockholder approval.

In addition, the Company is specifically seeking stockholder approval of the material terms of performance goals under the 2002 Plan. Stockholder approval of such terms would preserve the Company’s ability to deduct compensation associated with future performance-based awards made under the 2002 Plan to certain executives. Section 162(m) of the Code limits the deductions a publicly-held company can claim for compensation in excess of \$1 million paid in a given year to its chief executive officer and its three other most highly-compensated executive officers (other than its chief financial officer) (these officers are generally referred to as the “covered employees”). “Performance-based” compensation that meets certain requirements is not counted against the \$1 million deductibility cap. Stock options and stock appreciation rights qualify as performance-based compensation. Other awards that we may grant under the 2002 Plan may qualify as performance-based compensation if the payment, retention or vesting

of the award is subject to the achievement during a performance period of performance goals selected by the Compensation Committee. The Compensation Committee retains the discretion to set the level of performance for a given performance measure under a performance-based award. For such awards to qualify as performance-based compensation, the stockholders must approve the material terms of the performance goals every five years.

Although the material terms of the 2002 Plan normally would not need approval until 2018, since the Company is already seeking stockholder approval for the increase in the number of shares, it determined also to seek approval of the material terms of the performance goals under the 2002 Plan at this time. For a discussion of the performance criteria for which approval is being sought, please see the discussion under “Performance Shares and Performance Units” below.

The 2002 Plan is designed to attract, retain and motivate qualified employees in order to achieve our long-term growth and profitability objectives, provide competitive levels of remuneration, recognize individual initiatives and achievements, link compensation to corporate performance and align the interests of our employees with the interests of our stockholders. The grants under the 2002 Plan are designed to promote the convergence of long-term interests between our key employees and our stockholders.

Our Board of Directors believes that increasing the number of shares issuable under the 2002 Plan is necessary to allow us to continue to utilize equity-based compensation awards to retain and attract the services of key individuals essential to our growth and success. Our employees are our most valuable asset and such awards are crucial to our ability to motivate individuals in our service to achieve our goals. Our Board of Directors believes that such equity incentives are necessary for us to remain competitive with regard to retaining and attracting qualified individuals. Additionally, the 2002 Plan enables participants to share in our future success. In furtherance of these objectives, the Board of Directors approved the amendment described above on September 23, 2014, subject to approval by the stockholders at the annual meeting.

The Company has registered with the SEC on a Form S-8 Registration Statement the shares of common stock currently issuable under the 2002 Plan. If this proposal is approved by our stockholders, the Board of Directors intends to cause the additional shares of common stock that will become available for issuance under the 2002 Plan to be registered on a Form S-8 Registration Statement to be filed with the SEC at the Company's expense prior to grant or vesting of any awards on such additional shares.

Overview

The 2002 Plan provides for the grant to eligible employees, consultants and directors of stock options, stock appreciation rights ("SARs"), restricted shares, restricted share units ("RSUs"), performance shares, performance units, dividend equivalents and other share-based awards (the "Awards"). Each Award (other than a stock option or SAR) granted shall be deemed to equal 2.07 shares. Awards may be granted alone or in tandem with any other Award.

Summary of the 2002 Plan

The following is a summary of the material terms of the 2002 Plan, after giving effect to the proposed amendment. This summary does not purport to be a complete description of the 2002 Plan and is qualified in its entirety by reference to the full text of the 2002 Plan after giving effect to the proposed amendment, a copy of which is attached as Annex C to this proxy statement.

Purpose

The 2002 Plan is intended to advance the interests of the Company and our stockholders by providing a means to attract, retain, and motivate employees, consultants and directors, upon whose judgment, initiative and efforts the continued success, growth and development of the Company is dependent.

Eligibility

Employees of the Company, its subsidiaries and affiliates (including employees who are directors), directors of the Company and its subsidiaries and affiliates who are not employees and consultants to the Company are eligible to receive Awards under the 2002 Plan. Approximately 4,400 employees and seven non-employee directors are eligible to receive awards under the 2002 Plan. The Granting Authority (described below) has the authority to select the individuals to whom Awards will be made under the 2002 Plan.

Grants of Awards

Grants of Awards will be made by those directors who are non-employee directors within the meaning of Rule 16b-3 of the Exchange Act and outside directors within the meaning of Section 162(m) of the Code, provided that the Compensation Committee or such other committee designated by the Board (the "Committee") shall have the authority to grant Awards on a quarterly basis to new hires. As used in this description, the term "Granting Authority" means such members of the Board or, with respect to quarterly grants, the Committee. The Granting Authority determines which eligible employees, consultants and directors receive Awards, the types of Awards to be received and the terms and conditions thereof. The Granting Authority has the authority to waive conditions relating to an Award or accelerate vesting of Awards.

The Granting Authority is permitted to delegate to officers or other directors of The Hain Celestial Group, Inc. the authority to perform administrative functions for the 2002 Plan and, with respect to Awards granted to persons not subject to Section 16 of the Exchange Act, to perform such other functions as the Granting Authority may determine to the extent permitted under Rule 16b-3 of the Exchange Act and applicable law.

If an Award is intended to be qualified as performance-based compensation under Section 162(m) of the Code, the Granting Authority may not increase the amount of compensation payable if it would disqualify the Award under Section 162(m) of the Code.

Subject to the foregoing, the Committee generally has the authority to administer the 2002 Plan.

Shares Subject to the 2002 Plan and 2002 Plan Limits.

The aggregate number of shares of our common stock that are reserved for issuance in connection with Awards under the 2002 Plan is 14,000,000. Each Share subject to an Award (other than an Option or SAR) counts as 2.07 Shares for the purposes of the limit set forth in the preceding sentence. As of June 30, 2014, options to purchase 1,253,673 shares and unvested restricted shares and restricted stock units in the amount of 594,543 were outstanding under the 2002 Plan. As of June 30, 2014, a total of 5,093,742 shares remain available for future grant under the 2002 Plan. The amendments would increase the authorized number of shares by 1,750,000. As of June 30, 2014, options outstanding under the 2002 Plan have per share exercise prices ranging from \$11.76 to \$30.35 with a weighted average per share price of \$19.65.

Additionally, the 2002 Plan limits the number of shares that may be awarded to any one individual in a calendar year to 1,000,000 shares in the form of Options or SRS, and 800,000 shares in the form of performance shares, performance units, restricted shares or RSUs that are intended to qualify as performance based compensation under Section 162(m) of the Code. The 2002 Plan further limits the number of shares that may be awarded to any non-employee director in a calendar year to 7,500.

If an Award is forfeited, canceled, terminated, exchanged or surrendered or such Award is settled in cash or otherwise terminates without a distribution of shares to the participant, the shares subject to the Award are returned to the available pool of shares reserved for issuance under the 2002 Plan. However, shares used to pay the exercise price of an Option, withheld to satisfy any tax withholding obligations or repurchased on the open market with the proceeds of the exercise price of an option are not added back to the pool of shares reserved for future issuance. Additionally, the number of shares subject to a SAR will upon exercise of the SAR be counted as used against the pool of shares reserved for issuance, even if a fewer number of shares are actually issued in settlement of the exercise of the SAR.

Stock Options

A stock option is the right to acquire shares of our common stock at a fixed exercise price for a fixed period of time. Under the 2002 Plan, the Granting Authority may grant incentive stock options ("ISOs") (which entitle employees to more favorable tax treatment) and/or nonqualified stock options.

The Granting Authority is authorized to set the terms relating to a stock option, including exercise price, which shall not be less than the fair market value on the date of grant, and the time and method of exercise. The term of an Option shall not exceed seven years from the date of grant. ISOs may only be granted to employees of the Company or its subsidiaries. Once granted, the exercise price of a stock option may not be repriced without stockholder approval. Further, once granted, a stock option may not be exchanged (except in the case of a corporate transaction or event that is subject to the anti-dilution provisions of the 2002 Plan), as such an exchange would be considered to be a repricing and would therefore require stockholder approval.

Stock Appreciation Rights

A SAR generally entitles the participant, upon exercise, to receive from the Company an amount equal to the excess of the fair market value of the shares over the exercise price of the SAR set by the Granting Authority as of the date of

grant, which shall not be less than fair market value. Payment with respect to SARs may be made in cash or shares of common stock as determined by the Granting Authority. Once granted, the exercise price of a SAR may not be repriced without stockholder approval. Further, once granted, a SAR may not be exchanged (except in the case of a corporate transaction or event that is subject to the anti-dilution provisions of the 2002 Plan), as such an exchange would be considered to be a repricing and would therefore require stockholder approval.

Restricted Stock and Restricted Stock Units

Awards of restricted shares are subject to such restrictions on transferability and other restrictions, if any, as the Granting Authority may impose. Such restrictions will lapse under circumstances as the Granting Authority may determine, including upon the achievement of performance criteria referred to below. Except as otherwise determined by the Granting Authority, restricted shares will have all of the rights of a stockholder, including the right to vote restricted shares and receive dividends thereon, and unvested restricted shares will be forfeited upon termination of service during the applicable restriction period.

A RSU entitles the holder thereof to receive shares of common stock or cash at the end of a specified deferral period. RSUs also are subject to such restrictions as the Granting Authority may impose. Such restrictions will lapse under circumstances as the

Granting Authority may determine, including upon the achievement of performance criteria referred to below. Except as otherwise determined by the Granting Authority, RSUs subject to deferral or restriction will be forfeited upon termination of employment during any applicable deferral or restriction period.

Performance Shares and Performance Units

Performance shares and performance units provide for future issuance of shares or payment of cash, respectively, to the recipient upon the attainment of corporate performance goals established by the Granting Authority over specified performance periods. Except as otherwise determined by the Granting Authority, performance shares and performance units will be forfeited upon termination of service during any applicable performance period. Prior to payment of performance shares or performance units, the Granting Authority will certify that the performance objectives were satisfied. Performance objectives may vary from person to person and will be based upon one or more of the following performance criteria as the Granting Authority may deem appropriate: share price; earnings per share; return to shareholders (including dividends); return on equity; revenues; sales; sales by category, brand, territory or geography; unit growth; customer growth (including new customers and increased sales to existing customers); EBITDA or EBIT; operating income or operating profit; net income; gross margin; operating margin; return on capital or return on invested capital; economic value added; economic profit; cash flows; cash flow from operations; market share; inventory levels; inventory days outstanding; consumption; size of line in total or by category or type; consumer and strategic investments; advertising, brand and product innovation; research and development; costs; managing commodity costs; capital expenditures; working capital; net fixed assets; accounts receivable; days sales outstanding; period overhead; expenses; productivity; market capitalization; customer satisfaction; pro forma net income; return on designated assets; expenses; free cash flow; cash flow return on investment; net profit margin; cash conversion cycle; and service levels. The performance objectives may be determined by reference to the performance of the Company, or of a subsidiary or affiliate, or of a division or unit of any of the foregoing. The Granting Authority may revise performance objectives if significant events occur during the performance period which the Granting Authority expects to have a substantial effect on such objectives.

Dividend Equivalents

Dividend equivalents granted under the 2002 Plan entitle the holder thereof to receive cash, shares of common stock or other property equal in value to dividends paid with respect to a specified number of shares of common stock. Dividend equivalents may be awarded on a free-standing basis or in connection with another Award, and may be paid currently or on a deferred basis. No dividend equivalent right may be granted in connection with, or related to, a stock option or SAR. The Granting Authority is also authorized, subject to limitations under applicable law, to grant such other Awards that may be denominated in, valued in, or otherwise based on, shares of common stock, as deemed by the Granting Authority to be consistent with the purposes of the 2002 Plan.

Clawback

If the Company is required to prepare an accounting restatement to correct an accounting error included in a report on Form 10-Q or 10-K caused by the misconduct of a participant, such participant shall return to the Company, or forfeit if not paid, any Award arising out of the misconduct.

Nontransferability

Awards (except for vested shares) will generally not be transferable by the participant other than by will or the laws of descent and distribution and will be exercisable during the lifetime of the participant only by such participant or his or her guardian or legal representative. A nonqualified stock option may be transferred by gift to a family member of the participant or a trust or other entity for their benefit.

Capital Structure Changes

If the Granting Authority determines that any dividend, recapitalization, share split, reorganization, merger, consolidation, spin-off, repurchase, or other similar corporate transaction or event affects the common stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of eligible participants under the 2002 Plan, then the Granting Authority shall make such equitable changes or adjustments as it deems appropriate, including adjustments to (i) the number and kind of shares which may thereafter be issued under the 2002 Plan, (ii) the number and kind of shares, other securities or other consideration issued or issuable in respect of outstanding Awards and (iii) the exercise price, grant price or purchase price relating to any Award.

Amendment and Termination

The 2002 Plan may be amended, suspended or terminated by our Board of Directors at any time, in whole or in part. The Board may seek the approval of any amendment or modification by the Company's stockholders to the extent it deems necessary or advisable in its discretion for purposes of compliance with Section 162(m) or Section 422 of the Code, the listing requirements

of the applicable exchange or securities market or for any other purpose. Except as may be required to comply with Section 409A of the Code, no amendment or modification of the Plan or any Award shall adversely affect any Award theretofore granted without the consent of the participant or the permitted transferee of the Award.

Effective Date and Term

If approved, the 2002 Plan shall be effective as of November 20, 2014. Notwithstanding the foregoing, the adoption of the 2002 Plan is expressly conditioned upon the approval of our stockholders. Unless earlier terminated, the 2002 Plan will terminate as to future awards on November 20, 2024. If the 2002 Plan as proposed for approval is not approved, then the existing 2002 Plan as last approved by stockholders in 2013 shall remain in effect and the number of shares available under the 2002 Plan will not be increased, nor will the term of the 2002 Plan be extended.

Federal Income Tax Consequences

The following is a brief summary of the general federal income tax consequences to U.S. taxpayers and the Company with respect to the grant, vesting and exercise of Awards granted under the 2002 Plan. This summary does not purport to be complete and does not discuss the tax consequences of a participant's death, the tax consequences of an award that is subject to but does not satisfy the deferred compensation rules of Section 409A of the Code, or the tax laws of any locality, state or foreign country in which the participant may reside. Tax consequences for any particular individual may be different.

Stock Options

In general, the grant of a stock option will not be a taxable event to the recipient and it will not result in a deduction to us. The tax consequences associated with the exercise of a stock option and the subsequent disposition of shares of common stock acquired on the exercise of such option depend on whether the stock option is a nonqualified stock option or an ISO.

Upon the exercise of a nonqualified stock option, the participant will recognize ordinary taxable income equal to the excess of the fair market value of the shares of common stock received upon exercise over the exercise price. We will generally be entitled to a deduction in an equivalent amount. Any gain or loss upon a subsequent sale or exchange of the shares of common stock will be capital gain or loss, long-term or short-term, depending on the holding period for the shares of common stock.

Generally, a participant will not recognize ordinary taxable income at the time of exercise of an ISO and no deduction will be available to us, provided the option is exercised while the participant is an employee or within three months following termination of employment (longer, in the case of disability or death). If an ISO granted under the 2002 Plan is exercised after these periods, the exercise will be treated for federal income tax purposes as the exercise of a nonqualified stock option.

If shares of common stock acquired upon exercise of an ISO are sold or exchanged more than one year after the date of exercise and more than two years after the date of grant of the option, any gain or loss will be long-term capital gain or loss. If shares of common stock acquired upon exercise of an ISO are disposed of prior to the expiration of these one-year or two-year holding periods (a "Disqualifying Disposition"), the participant will recognize ordinary income at the time of disposition, and we will generally be able to claim a deduction, in an amount equal to the excess of the fair market value of the shares of common stock at the date of exercise over the exercise price. Any additional gain to the participant will be treated as capital gain, long-term or short-term, depending on how long the shares of common stock have been held. Where shares of common stock are sold or exchanged in a Disqualifying Disposition (other than certain related party transactions) for an amount less than their fair market value at the date of exercise,

any ordinary income recognized in connection with the Disqualifying Disposition will be limited to the amount of gain, if any, recognized in the sale or exchange, and any loss will be a long-term or short-term capital loss, depending on how long the shares of common stock have been held.

If an option is exercised through the use of shares of common stock previously owned by the participant, such exercise generally will not be considered a taxable disposition of the previously owned shares and, thus, no gain or loss will be recognized with respect to such previously owned shares upon such exercise. The amount of any built-in gain on the previously owned shares generally will not be recognized until the new shares acquired on the option exercise are disposed of in a sale or other taxable transaction.

Although the exercise of an ISO as described above would not produce ordinary taxable income to the participant, it would result in an increase in the participant's alternative minimum taxable income and may result in an alternative minimum tax liability.

Restricted Stock

A participant who receives shares of restricted stock will generally recognize ordinary income at the time that they "vest" (i.e., either when they are not subject to a substantial risk of forfeiture or when they are freely transferable). The amount of ordinary income so recognized will generally be the fair market value of the common stock at the time the shares vest, less the amount, if

any, paid for the stock. This amount is generally deductible for federal income tax purposes by us. Dividends paid with respect to common stock that is nonvested will be ordinary compensation income to the participant (and generally deductible by us). Any gain or loss upon a subsequent sale or exchange of the shares of common stock, measured by the difference between the sale price and the fair market value on the date the shares vest, will be capital gain or loss, long-term or short-term, depending on the holding period for the shares of common stock. The holding period for this purpose will begin on the date following the date the shares vest.

In lieu of the treatment described above, a participant may elect immediate recognition of income under Section 83(b) of the Code. In such event, the participant will recognize as income the fair market value of the restricted stock at the time of grant (determined without regard to any restrictions other than restrictions which by their terms will never lapse), and we will generally be entitled to a corresponding deduction. Dividends paid with respect to shares as to which a proper Section 83(b) election has been made will not be deductible to us. If a Section 83(b) election is made and the restricted stock is subsequently forfeited, the participant will not be entitled to any offsetting tax deduction. Any gain or loss upon a subsequent sale or exchange of the shares of common stock, measured by the difference between the sale price and the fair market value on the date the shares were granted, will be capital gain or loss, long-term or short-term, depending on the holding period for the shares of common stock. The holding period for this purpose will begin on the date the shares were granted to the participant.

SARs and Other Awards

With respect to SARs, RSUs, performance shares, performance units, dividend equivalents and other Awards under the 2002 Plan not described above, generally, when a participant receives payment with respect to any such Award granted to him or her under the 2002 Plan, the amount of cash and the fair market value of any other property received will be ordinary income to such participant and will be allowed as a deduction for federal income tax purposes to us.

Payment of Withholding Taxes

We may withhold, or require a participant to remit to us, an amount sufficient to satisfy any federal, state or local withholding tax requirements associated with Awards under the 2002 Plan.

Deductibility Limit on Compensation in Excess of \$1 Million

Section 162(m) of the Code generally limits the deductible amount of annual compensation paid (including, unless an exception applies, certain compensation otherwise deductible in connection with Awards granted under the 2002 Plan) by a public company to a “covered employee” (i.e., the chief executive officer and any of the three other most highly compensated executive officers except for the chief financial officer) to no more than \$1 million. Amounts payable upon exercise of stock options and SARs, which were granted at an exercise price of not less than fair market value at their date of grant, as well as amounts payable solely upon satisfaction of performance objectives specified in the Plan and selected by the Granting Authority, are generally exempt from the \$1 million deduction limitation of Section 162(m).

New Plan Benefits

The amount of benefits payable in the future under the 2002 Plan is not currently determinable. However, for illustrative purposes, the following table represents the number of shares of stock, restricted stock and RSUs which were granted to the following individuals and groups under the 2002 Plan during the fiscal year ended June 30, 2014:

available for grant under the Amended and Restated 2002 Long Term Incentive and Stock Award Plan and 12,045 shares are available for grant under the 2000 Directors Stock Plan.

Recommendation of the Board of Directors

The Board of Directors believes that approval of the 2002 Plan is in our best interest, as well as the best interest of our stockholders and employees, because the granting of equity awards promotes the convergence of long-term interests between our key employees and our stockholders, as the value of such awards granted will increase or decrease with the value of our common stock. In addition, the ability to grant Awards will assist us in continuing to attract and retain the services of outstanding management and will enable us to use this type of long-term incentive compensation at levels commensurate with our peers while conserving our cash resources. The Board of Directors approved the amendment of the 2002 Plan. In the event the stockholders fail to approve

27

the 2002 Plan as proposed, the 2002 Plan as previously approved by stockholders in 2013 will continue in operation pursuant to its terms with no change to the number of shares authorized for issuance under the plan.

The Board of Directors unanimously recommends that you vote “FOR” the approval of the Amended and Restated 2002 Long Term Incentive and Stock Award Plan.

PROPOSAL NO. 7

RATIFICATION OF APPOINTMENT OF REGISTERED INDEPENDENT ACCOUNTANTS

It is the practice of the Board of Directors to designate an accounting firm to serve as our registered independent accountants. The Audit Committee has recommended that Ernst & Young LLP be selected to audit our financial statements for the fiscal year ending June 30, 2015 and the Board of Directors has approved the selection of Ernst & Young LLP. Ernst & Young LLP has audited our financial statements since 1994.

The Audit Committee reviews and approves the audit and non-audit services to be provided by our registered independent accountants during the year, considers the effect that performing those services might have on audit independence and approves management's engagement of our registered independent accountants to perform those services.

If the stockholders fail to ratify the selection, the Audit Committee may, but is not required to, reconsider whether to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different registered independent accountant at any time during the year if it is determined that such a change would be in the best interest of the Company and its stockholders.

Ernst & Young LLP expects to have a representative at our annual meeting who will have the opportunity to make a statement and will be available to respond to questions, as appropriate.

The Board of Directors recommends that you vote "FOR" the proposal to ratify the appointment of Ernst & Young LLP as our registered independent accountants for our fiscal year ending June 30, 2015.

The Audit Committee has considered whether the provision of the services described above in this section is compatible with maintaining Ernst & Young's independence and has determined that it is.

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our registered independent accountants. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by the registered independent accountants, the Audit Committee considers whether such services are consistent with the registered independent accountants' independence, whether the registered independent accountants are likely to provide the most effective and efficient service based on their familiarity with us, and whether the service could enhance our ability to manage or control risk or improve audit quality. The Audit Committee has delegated limited pre-approval authority to its chairman, who must report any decisions to the Audit Committee at its next scheduled meeting.

In fiscal years 2014 and 2013, all of the audit fees, audit related fees, tax fees and all other fees were pre-approved by the Audit Committee or its chairman.

REPORT OF THE AUDIT COMMITTEE

The primary purpose of the Audit Committee is to assist the Board of Directors' oversight of the integrity of the Company's financial statements, the qualifications, independence and performance of the Company's independent registered public accounting firm and the performance of the Company's internal controls and procedures. In addition, the Audit Committee reviews all material related party transactions, if any, for potential conflicts of interest and all such transactions must be approved by the Audit Committee.

In addition to fulfilling its responsibilities as set forth in its charter and further described above in "Board of Directors and Corporate Governance - Committees of the Board - The Audit Committee," the Audit Committee has reviewed the Company's audited financial statements for fiscal year 2014. Discussions about the Company's audited financial statements included its independent registered public accounting firm's judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates used in its financial statements, as well as other matters, as required under Public Company Accounting Oversight Board Auditing Standard No. 16, Communications with Audit Committees ("AS 16") and by our Audit Committee Charter. In conjunction with the specific activities performed by the Audit Committee in its oversight role, it issued the following report:

1. The Audit Committee has reviewed and discussed the audited financial statements as of and for the year ended June 30, 2014 with the Company's management.
2. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by AS 16.

The Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding

3. the independent registered public accounting firm communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the independent registered public accounting firm their independence from the Company.

Based on the review and discussions referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2014 for filing with the SEC.

Richard C. Berke

Lawrence S. Zilavy

The foregoing Report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Executive	Position
Irwin D. Simon	Founder, President, Chief Executive Officer and Chairman of the Board
Ira J. Lamel	Executive Vice President and Chief Financial Officer (through August 31, 2013)
Stephen J. Smith	Executive Vice President and Chief Financial Officer (commencing September 3, 2013)
John Carroll	Executive Vice President and Chief Executive Officer - Hain Celestial United States
Denise M. Faltischek	Executive Vice President and General Counsel, Chief Compliance Officer
Michael J. Speiller	Senior Vice President and Chief Accounting Officer (through March 31, 2014)

Our Compensation Committee is responsible for reviewing and approving all components of executive compensation. This CD&A also summarizes the compensation related determinations made by the Compensation Committee and the factors considered by them in making those determinations.

Executive Summary

Recent Performance

Building on our strong fiscal year 2013 financial performance, our performance expectations for fiscal year 2014 included an increase in net sales of 16.7% to 18.2% over fiscal year 2013 and an increase in adjusted earnings per diluted share of 16.6% to 20.5% over fiscal year 2013. These expectations were incorporated into our performance goals set for our fiscal year 2014 annual cash incentive program. In addition, revenue growth was included as a performance goal in our 2013-2014 long-term incentive program.

In fiscal year 2014, we achieved strong sales and earnings growth driven by improved consumption, expanded distribution and the contributions from the acquisitions we made during the year. In August 2014, we reported that we had exceeded the performance expectations for fiscal year 2014 noted above as net sales increased 24.2% over fiscal year 2013 and adjusted earnings per diluted share increased 25.3% over fiscal year 2013.

Our fiscal year 2014 performance reflected a continuation of our steadily improving results. Our three year performance in fiscal years 2012 through 2014 reflected double-digit compounded net sales growth as well as double-digit compounded earnings per diluted share and adjusted earnings per diluted share growth³:

During this same three-year period, we also delivered double-digit compounded EBITDA growth. EBITDA, as adjusted, was included as a performance measure in our fiscal year 2014 annual cash incentive program and our 2013-2014 long-term incentive program.

³ The “adjusted” financial measures referred to in this section are not defined under U.S. generally accepted accounting principles (“GAAP”) and are not deemed alternatives to measure performance under GAAP. Earnings per Diluted Share (“EPS”) - adjusted and EBITDA were included in the Company’s earnings press release for the fourth quarter and fiscal year ended June 30, 2014. EBITDA is defined as net income before income taxes, net interest expense, depreciation and amortization, impairment of long lived assets, equity in the earnings of non-consolidated affiliates, stock based compensation. Adjusted EBITDA is defined as net income before income taxes, net interest expense, depreciation and amortization, impairment of long lived assets, equity in the earnings of non-consolidated affiliates, stock based compensation and acquisition-related expenses, including integration and restructuring charges.

Stockholder value has increased as a result of our successful execution of our strategic plan. Our total shareholder return (“TSR”) for each period is the annualized rate of return reflecting price appreciation plus dividends (based on reinvestment as of the end of the month of the dividend payment) and the compounding effect of dividends paid on reinvested dividends over the period. has outperformed the TSR of our Global Industry Classification Standard (“GICS”) Industry Group over each of the last one- and three- year periods as follows:

	Hain Celestial	GICS Industry Group Median	% of Hain Outperformance
1-year	36.5%	22.2%	64.4%
3-year	38.6%	15.7%	145.9%

Our TSR of 38.6% for the three years ended June 30, 2014 was higher than 67 of the other 73 companies in our GICS having three years of data. The Compensation Committee believes that the above-referenced TSR performance, together with the financial performance we generated during fiscal years 2012, 2013 and 2014, merited the above-target payouts for Messrs. Simon and Carroll under the 2014 Annual Cash Incentive Awards, the above-target payments for all NEOs under the 2013-2014 LTIP and the discretionary cash awards.

The Company achieved several additional accomplishments in fiscal year 2014:

Completed two strategic acquisitions:

Tilda, a leading premium 100% branded Basmati and specialty rice products company, which offers a range of over 60 dry rice and ready-to-heat branded products principally in the United Kingdom, the Middle East and North Africa, Continental Europe, North America and India;

Rudi’s Organic Bakery, a leading organic and gluten-free company, which offers a range of USDA-certified organic and gluten-free bread and baked goods in the United States and Canada;

Worldwide net sales surpassed \$2 billion;

Introduced over 200 new innovative products worldwide;

Hain Celestial AOC U.S. consumption as measured by Nielsen was 10.8% for the 52-weeks ended July 5, 2014;

Delivered in excess of \$50 million in worldwide productivity savings.

Achieved record adjusted EBITDA of \$300.0 million;

Generated record operating free cash flow of \$143.2 million; and

Divested non-core Grains Noirs foodservice business in Belgium.

Stockholder Outreach

Hain Celestial is committed to the interests of its stockholders and the delivery of stockholder value through sustainable growth strategies. To that end, Hain Celestial seeks to engage with its stockholders on an on-going basis during the course of the fiscal year on a variety of topics including the Company’s executive compensation practices and its tie to Company performance. During the course of our fiscal year, we believe we held discussions with investors representing over []% of our outstanding shares. The objectives of these discussions were to:

- better understand stockholder views on our executive compensation such that we can better align programs with stockholder objectives;

- be responsive to views that stockholders expressed in the 2013 stockholder advisory vote on executive compensation; and

- discuss any other issues or concerns of our stockholders.

⁴ TSR for each period is the annualized rate of return reflecting price appreciation plus dividends (based on reinvestment as of the end of the month of the dividend payment) and the compounding effect of dividends paid on reinvested dividends over the period.

Commenting on our fiscal year 2013 compensation programs, the stockholders we spoke to were generally positive about our compensation philosophy, program and practices. Certain stockholders commented that, with respect to the annual cash incentive plans for our NEOs, they believed that the executive officers should be aligned with respect to the weighting of the financial and non-financial goals. In fiscal year 2013, the weightings assigned by the Compensation Committee to the categories of performance measures were 75% for financial performance and 25% for non-financial performance for Messrs. Simon and Carroll and 50% for financial performance and 50% for non-financial performance for the other NEOs. Based upon this feedback, in fiscal year 2014 the weightings assigned by the Compensation Committee to the categories of performance measures were 50% for financial performance and 50% for non-financial performance for each of the NEOs.

The Compensation Committee will continue to consider the outcome of the Company's Say on Pay Proposal and stockholder feedback when making further compensation decisions for our NEOs.

Significant Compensation Practices and Recent Modifications

The Company's compensation programs, practices, and policies are regularly reviewed and reevaluated by the Compensation Committee. The Committee modifies the compensation programs to address evolving best practices as it deems appropriate and changing regulatory requirements. Listed below are some of the Company's more significant practices, policies and recent modifications.

Performance-Based Pay. In accordance with the Company's pay for performance philosophy, performance-based compensation generally comprised 60% to 75% of NEO compensation for fiscal year 2014.

Multiple Performance Measures. The Compensation Committee uses multiple performance measures, balanced between short- and long-term objectives, to evaluate NEO performance.

Stock Ownership Guidelines. The Compensation Committee adopted stock ownership guidelines which apply to members of senior management and the Board of Directors. These guidelines require that members of senior management and directors be meaningfully invested in the Company's stock, and therefore be personally invested in the Company's performance to ensure strong alignment with stockholder interests.

Hedging and Trading Policy. All directors and employees are prohibited from trading in Hain Celestial securities while aware of material nonpublic information and subject to an open window policy. All directors and members of senior management must also have pre-cleared transactions prior to trading Company securities. In addition, the Company recently adopted anti-hedging and anti-pledging provisions that apply to all directors, officers and employees under which the following activities are prohibited: purchases of Company shares on margin, borrowing against Company shares, short sales of Company shares, buying or selling put or call options on Company shares, or entering into other derivative contracts or hedging transactions

Change in Control Arrangements. Our CEO's employment agreement and all change in control agreements with the Company's executive officers entered into since 2009 include a double trigger and do not include a tax "gross-up" for taxes imposed on any excess parachute payment.

Clawback. We have adopted a clawback provision in connection with equity awards. The clawback provision provides that, if the Company is required to prepare an accounting restatement to correct an accounting error included in a report on Form 10-Q or 10-K caused by the misconduct of an employee, the employee shall return to the Company, or forfeit if not paid, any award arising out of the misconduct for or during such restated period.

Pension Benefits. None of our NEOs receive a defined pension benefit plan.

Compensation Risk Assessment. The Company conducted a compensation risk assessment and concluded that the Company's compensation policies and practices do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on the Company.

Independent Compensation Committee. Each member of the Compensation Committee is independent as defined in the corporate governance listing standards of NASDAQ and an outside director within the meaning of Section 162(m) of the Code.

Outside Compensation Consultant. The Compensation Committee utilizes the services of Aon Hewitt, an independent outside compensation consultant.

Compensation Philosophy

Our mission is to be the leading organic and natural products company in the world and to provide our stockholders with long-term sustainable growth. To achieve this, we strive to maximize growth in revenue, earnings and operating cash flow. This requires the Company to continue to introduce innovative new products and expand its distribution and geographical reach, maintain a strong financial position and manage its cost of goods and expenses. Our mission and operating strategy requires that our compensation philosophy recognizes both near-term financial and operational success as well as decision-making that supports long-term value growth. For these reasons, the Company's executive compensation program has been designed to incentivize both near-term and long-term objectives by providing executive officers with both annual cash incentives and long-term incentive awards. Given the importance of long-term growth, a greater emphasis is placed on the value of long-term incentives in our executive officer's total compensation.

We believe that a significant portion of our compensation should be dependent on the continued growth and success of our Company so that our executive officers have even stronger motivation to work towards the long-term interests of our stockholders. Accordingly, a significant portion of executive compensation is designed to be "at risk" and therefore, the majority of the compensation of our executives is annual and long-term incentive compensation which is dependent on achieving performance goals and contains a component of equity compensation, that will appreciate in value only to the extent that shares held by our stockholders also increase in value. The Compensation Committee reviews our compensation design and philosophy on an annual basis to ensure that our executive compensation program continues to support the Company's strategy, objectives and stockholder interest and that executive officers are rewarded in a manner consistent with such philosophy.

Objectives of Our Compensation Program

We provide a competitive total compensation package to our executive management team through a combination of base salary, annual cash incentives, long-term incentives and other compensation, including severance and change in control agreements.

The primary objectives of our executive compensation program are to:

- Attract, retain and incentivize qualified executives who will provide strong, competitive leadership in the organic and natural products industry;
- Structure executive compensation in a manner that promotes our strategic, financial and operating performance objectives; and
- Align the interests of our executives with the interests of our stockholders.

Our compensation elements are designed to achieve the objectives set forth above as follows:

- Base salary and benefits are designed to attract and retain executives by providing regular and continued payments that are appropriate to their position, experience and responsibilities;
- Annual performance-based cash awards are designed to focus our executives on pre-set objectives each year and drive specific performance needed to foster short-term and long-term growth and profitability;
-

Long-term incentives are designed to align our executives' interests with those of our stockholders and to motivate executives to generate successful results for our stockholders over the long-term; and

Severance and change-in-control plans are designed to mitigate the distraction of our key executives when faced with a potential change in control or other possible termination situations and to facilitate our ability to attract and retain executives as we compete for talented individuals in a marketplace where such protections are commonly offered.

CEO Compensation

Our CEO, Irwin D. Simon, founded our Company in 1993. Mr. Simon is widely viewed as a prominent visionary and leader in the organic and natural products industry. He brings innovation and a creative vision to his position, as well as important relationships with customers, consumers and suppliers not easily found elsewhere in the industry. As both CEO and Chairman of the Board, he provides leadership on strategy, acquisitions and new product innovation and is a spokesperson not only for our Company but for issues that face the industry as a whole. Through his leadership and years of dedication as both CEO and Chairman of the Board, Mr. Simon has made, and continues to make, considerable contributions to our success through worldwide internal growth and acquisitions. Mr. Simon also has contributed significantly to the growth of the Company and the organic and natural products industry through expansion into conventional outlets and a more widespread customer base, including grocery, mass merchandisers, club stores and e-tailers,. As discussed in more detail below, we believe Mr. Simon's unique position at Hain

Celestial and in our industry as well as his extraordinary performance warrant his compensation. Incentivizing and retaining Mr. Simon is a top priority for the Compensation Committee.

In connection with retaining and incentivizing Mr. Simon, the Company and Mr. Simon entered into an amendment of his employment agreement on September 23, 2014. As this amendment occurred following the completion of fiscal year 2014, it does not impact his fiscal year 2014 compensation. The amended terms will be reflected in the fiscal year 2015 proxy statement and Summary Compensation table. The amendments accomplished the following:

- extended the term of his employment agreement to June 30, 2019;
- established his base salary at \$1,850,000 for the fiscal year ending June 30, 2015;
- increased the maximum annual incentive award to four times base salary; and
- set the target and maximum long-term incentive awards in any fiscal year at seven times and ten times base salary.

In addition, as discussed further in “Potential Payments upon Termination or Change-in-Control” below, Mr. Simon will now receive the severance benefits in his employment agreement upon a termination not for good reason. As consideration for such additional benefits, for three years following the termination not for good reason, Mr. Simon will not compete with the Company and will serve as Non-Executive Chairman of the Board or, if he is neither appointed nor elected Non-Executive Chairman of the Board, will provide consulting services of a similar nature. Lastly, the severance benefits received in connection with certain terminations will include a multiple of the long-term incentive award paid to Mr. Simon over the immediately preceding fiscal year.

Fiscal Year 2014 Compensation

Compensation Consultant and Benchmarking

For the purpose of its fiscal year 2014 executive compensation determinations, the Compensation Committee requested that Aon Hewitt compare the total direct compensation of the NEOs to the Food and Beverage Peer Group discussed below, provide an analysis of our CEO’s compensation as compared to Founder CEO Peer Group discussed below, evaluate the competitiveness of the compensation of our non-employee directors, evaluate the proposal to increase shares authorized under the 2002 Plan and advise on executive compensation plan design.

In order to examine the competitiveness of our overall compensation program, Aon Hewitt compared the total direct compensation, which consists of base salary, annual cash incentive compensation, and long-term incentive compensation, but does not include benefits and perquisites, of our NEOs during fiscal year 2013 to publicly filed data of comparable companies in the Food and Beverage Industry. The process for choosing the companies used in the Aon Hewitt analysis report was based on the following screening criteria as instructed by the Compensation Committee: revenue, market capitalization, experiencing strong growth, having significant international operations, primarily focused on food/beverage or consumer/household products, recognized for their industry leadership and brand recognition and competing for talent (the “Food and Beverage Peer Group”). The resulting companies were as follows:

- B&G Foods, Inc.
- Chipotle Mexican Grill, Inc.
- Coach, Inc.
- Coty Inc.
- Diamond Foods, Inc.
- Flowers Foods, Inc.
- Monster Beverage Corp.
- Movado Group, Inc.
- Nu Skin Enterprises Inc.
- Panera Bread Co
- Pinnacle Foods Inc.
- Post Holdings, Inc.

Edgar Filing: HAIN CELESTIAL GROUP INC - Form PRE 14A

- Green Mountain Coffee Roasters, Inc.
- Helen of Troy Limited
- J&J Snack Foods Corp.
- McCormick & Company, Inc.
- Mead Johnson Nutrition Company
- Molson Coors Brewing Company
- Snyder's-Lance, Inc.
- The J.M. Smucker Company
- the WhiteWave Foods Company
- Treehouse Foods, Inc.
- United Natural Foods, Inc.

In addition to the Food and Beverage Peer Group, the Compensation Committee also instructed Aon Hewitt to provide similar comparative information regarding companies in General Industry in the \$1 billion to \$5 billion revenue range (the “General Industry Peer Group”). The data provided by Aon Hewitt with respect to the General Industry Peer Group was general aggregated data of companies with the specified characteristics, but did not identify any specific companies. Therefore the names of the companies in the General Industry Peer Group are not known to the Compensation Committee. There were 147 companies in the General Industry Peer Group and the median revenues for the group was approximately \$2.5 billion.

Lastly, the Compensation Committee instructed Aon Hewitt to include a separate analysis on the founder CEO, based on a unique peer group where, like Mr. Simon, the founder or co-founder is also the current CEO of the company (the “Founder CEO Peer Group”). Because Mr. Simon founded the Company in 1993 and has presided over its growth, strategic vision and success, the Compensation Committee believes he brings unique, in-depth knowledge and dedication to the CEO position and therefore his compensation should be considered alongside other founder CEOs.

The companies in the Founder CEO Peer Group were as follows:

- 1-800-Flowers.com
- Boulder Brands
- Chipotle Mexican Grill Inc.
- Helen of Troy Limited
- Hollywood Media Corp.
- Jakks Pacific Corp
- (L. Brands) Limited Brands, Inc.
- Netflix Inc.
- Rocky Mountain Chocolate Factory, Inc.
- Starbucks Corp.

The Compensation Committee reviewed the Aon Hewitt report for the purpose of confirming that (i) our executive compensation practices are generally in line with companies who compete with us for executive talent in both the Food and Beverage Industry and General Industry; and (ii) our compensation practices with respect to our CEO are generally in line with other companies with founder CEOs. The Compensation Committee did not set our executive compensation levels with reference to any particular percentile of either the Food & Beverage Peer Group or the General Industry Peer Group, or with an eye towards “matching” any particular element or mix of elements. However, when both sets of data were compared, the Compensation Committee believed that the Company’s levels of executive pay were competitive.

Total Annual Compensation

Base Salary

The base salary component of our compensation program is intended to attract and retain top executive talent by fairly compensating our executive officers according to their job responsibilities and professional experience. The salary ranges for each of our executive positions are based on appropriate external comparisons discussed above and internal responsibilities.

As discussed above, Mr. Simon’s unique talent and perspective as a leader in the organic and natural products industry is of vital importance to Hain Celestial’s success. We believe that our CEO’s salary is appropriate given his leadership position and in view of his years of dedication to the Company during which he has made, and continues to make, significant contributions to the Company’s growth and success.

Base salaries for our executive officers are reviewed annually and are subject to annual adjustments at the discretion of the Compensation Committee. At the Compensation Committee’s request, our CEO discusses the performance of the other executive officers. The Compensation Committee gives considerable weight to the CEO’s evaluation of the other executive officers because of his direct knowledge of each officer’s performance and contributions.

In reviewing base salaries, the Compensation Committee considers, among other matters, each executive officer's:

past performance,

scope and nature of responsibilities,

experience,

expected future contributions,

base salary in comparison to our other employees (including the relationship of the salaries of our CEO and the other executive officers), and

achievement of corporate and individual performance goals.

39

For fiscal year 2014 the Compensation Committee approved the following salaries for the NEOs:

Name	Fiscal Year 2014 Salary
Irwin D. Simon	\$1,664,000
John Carroll	\$625,000
Stephen J. Smith	\$495,000
Denise M. Faltischek	\$450,000
Michael J. Speiller	\$365,000

Mr. Lamel retired as Executive Vice President and Chief Financial Officer on August 31, 2013, but continued to provide services as a special advisor to Mr. Simon on various business development opportunities until August 2014. Because his planned retirement was early in fiscal year 2014, the Compensation Committee neither set his salary nor approved any annual or long-term incentive awards for Mr. Lamel in fiscal year 2014 as it did for the other NEOs. Mr. Lamel remained eligible to earn prior long-term incentive awards previously granted.

Annual Cash Incentives

Our annual cash incentive compensation program is designed to motivate our executive officers to achieve annual financial and operational performance based upon our financial and non-financial objectives.

Funding

For fiscal year 2014, the Compensation Committee established the performance goal of EBITDA⁵ of \$250.6 million, which must be met for an executive officer's annual incentive award opportunity to be funded at the maximum of his or her award. As our fiscal year 2014 EBITDA of \$305.2 million exceeded the goal, payment of the maximum awards was authorized to fund the plan for our executive officers, subject to the individual payout determinations discussed below.

Individual Payouts

Once the performance goal has been achieved, the Compensation Committee determines individual annual cash incentive payments. For fiscal year 2014, the annual cash incentive targets for Messrs. Simon, Carroll and Smith were set at 100% of annual base salary for target performance, subject, in each case, to the Compensation Committee's discretion as described below. Mr. Smith was eligible for annual cash incentive payments of up to 100% of his respective annual base salary and Messrs. Carroll and Simon were eligible for up to a maximum of 200% and 250%, respectively, of their annual base salary for performance that exceeded target.

The annual cash incentive target for Ms. Faltischek and Mr. Speiller was set at 80% of annual base salary for target performance subject, in each case, to the Compensation Committee's discretion as described below. Ms. Faltischek's and Mr. Speiller's annual cash incentive payments could not exceed their respective annual cash incentive targets.

For fiscal year 2014, the Compensation Committee adopted eleven performance measures for Mr. Simon, ten performance measures for Mr. Carroll, eight performance measures for Mr. Smith, nine performance measures for Ms. Faltischek, and seven performance measures for Mr. Speiller. These performance measures were grouped into

two categories, financial and non-financial goals. These performance measures guide the Compensation Committee in assessing each executive's performance and determining individual annual cash incentive payments. The weightings assigned by the Compensation Committee to the categories of performance measures were 50% for financial performance and 50% for non-financial performance for each individual.

These weightings represented the Compensation Committee's general view of the relative importance of the performance measures with respect to each executive officer at the time the performance measures were adopted. No one performance measure was considered to be material in determining annual cash incentive payments. The performance measures are set annually by the Compensation Committee and are intended to be difficult but realistic, given our expectations about our performance for the year.

⁵ Under the terms of the plan adopted by the Compensation Committee, EBITDA - adjusted excludes the impact of non-cash compensation, currency fluctuations, impairment of long-lived assets, restructuring charges and other non-cash and non-recurring items which may have been incurred during the fiscal year.

While the performance measures form a framework for awarding individual annual cash incentive payments, the Compensation Committee retains complete discretion over the final amount of the annual cash incentive payment, and has authority to award no payments even if the targets for all performance measures are met, to award some payment for performance below the threshold performance level, and to award additional amounts for above target performance. However, the Compensation Committee does not have authority to grant awards in excess of the maximum annual cash incentive payment described above for which each executive is eligible. In making its payment determination, the Compensation Committee may consider a variety of factors, including achievement of the individual performance measures set by the Compensation Committee, each executive officer's individual contributions to the achievement of the performance measures and to the overall performance of the Company, and the performance of each executive officer relative to the other executive officers. In making its assessment, the Compensation Committee may exercise its discretion with respect to the factors listed above as well as their relative importance to arrive at an initial award determination for each executive based on the totality of the information considered, including Mr. Simon's evaluation of each other executive officer. The Compensation Committee may also consider external factors, such as the overall economic environment.

Financial Measures

The following are the financial measures and actual results that the Compensation Committee considered for Messrs. Simon, Smith and Speiller and Ms. Faltischek for fiscal year 2014:

Financial Measure	50% of Target Award	Target	200% of Target Award	Actual
Revenue (FY2014 vs. FY2013)	+16.7%	+17.5%	+18.2%	+24.2%
Diluted Earnings Per Share - adjusted ⁶ (FY2014 vs. FY2013)	+16.6%	+18.6%	+20.5%	+25.3%
EBITDA - adjusted ⁶ (FY2014 vs. FY2013)	+28.1%	+29.6%	+31.0%	+27.2%

The Compensation Committee adopted separate non-financial performance measures for each NEO. The non-financial performance measures provide recognition for contributions made to the overall performance of the Company and were intended to capture how the NEO performed in areas that were not quantified in the financial measures metrics. The non-financial measures were intended to be difficult but realistic to meet.

Fiscal Year 2014 Cash Incentive Determinations

In making its initial determination of the annual cash incentive payment for each NEO, the Compensation Committee first considered a variety of factors in evaluating each NEO's performance, including:

• achievement of the performance measures set by the Committee (as described in the following paragraphs), and

• each NEO's individual contributions to the achievement of the performance measures and to the overall performance of the Company,

In making its assessment, the Committee exercised its discretion with respect to the factors listed above as well as their relative importance to arrive at an award determination for each executive based on the totality of the information considered, including Mr. Simon's evaluation of each other NEO. Although the weightings ascribed to the performance measures were used as a guide in the decision making process, the ultimate incentive payment awards did not strictly follow the weightings that had been previously established; rather, they were considered in combination with the Compensation Committee exercising its discretion based on the totality of the information considered.

The “adjusted” financial measures referred to in the “Financial Measures” section are not defined under GAAP and are not deemed alternatives to measure performance under GAAP. As explained in this section, the annual incentive plan is based in part on certain financial goals, which may be adjusted from the GAAP results by the Compensation Committee at its discretion. We have presented certain information regarding these adjusted results solely to indicate the inputs to the annual incentive plan, as considered by the Compensation Committee. The results for

⁶ Earnings Per Diluted Share - adjusted were calculated using the Net income from continuing operations- adjusted presented by the Company in its earnings press release for the fourth quarter and fiscal year ended June 30, 2014 and using the originally budgeted diluted shares upon which the targets were set. Under the terms of the plan adopted by the Compensation Committee, EBITDA - adjusted excludes the impact of non-cash compensation, currency fluctuations, impairment of long-lived assets, restructuring charges and other non-cash and non-recurring items which may have been incurred during the fiscal year.

Mr. Simon

In assessing whether Mr. Simon achieved his financial measures, the Compensation Committee noted the Company's strong financial results in fiscal year 2014 and that the Company significantly overachieved the targets indicated for Mr. Simon to receive at least 250% of target award for revenue, earnings per share and EBITDA.

The eight non-financial measures for Mr. Simon related to entering into acquisitions, divestitures or strategic alliances or entering into new product categories or geographies, strengthening the Company's management team, the continued evolution of the Company's worldwide headquarters, developing and beginning to implement a plan to build the Company's international infrastructure, building global teams to drive research and development, innovation, product quality and procurement initiatives, making progress towards implementing a global branding campaign, working to continuously improve the Company's corporate governance practices and Board of Directors and enhancing the public awareness of the Company. The Compensation Committee noted that Mr. Simon had significantly overachieved his targets by successfully completing two acquisitions and a divestiture of a non-core business. The acquisition of Tilda Limited expanded our worldwide product portfolio into the premium Basmati rice category along with other specialty rice products. In addition, Tilda's existing markets in the Middle East, Northern Africa and India provide us with the opportunity for expansion of our global brands into new markets. The acquisition of Rudi's Organic Bakery, Inc. ("Rudi's"), a leading organic and gluten-free company, expanded our gluten free and whole grain product offerings in the United States and Canada. The Compensation Committee also took into account that Mr. Simon had implemented a plan for the Company's operations in India, as well as strengthened the U.S. segment's management team. The Compensation Committee noted Mr. Simon's work on overseeing the implementation of the global branding campaign, including the creation of a Chief Digital Office role to develop and implement a digital strategy for the Company. Finally, the Compensation Committee noted that Mr. Simon worked to continuously improve the Company's corporate governance practices and enhance the public awareness of the Company through increased media appearances. For the second year in row, the Company was named to FORTUNE magazine's 100 Fastest-Growing Companies in America list, this year ranking at number 61.

Mr. Carroll

In assessing whether Mr. Carroll achieved his financial measures, the Compensation Committee noted Hain Celestial U.S.'s strong financial results in fiscal year 2014 and that the U.S. segment significantly exceeded the performance indicated for Mr. Carroll to receive at least 200% of target award for revenues and operating income. In addition, the Company significantly overachieved the performance indicated for Mr. Carroll to receive at least 200% of target award for earnings per share.

The seven non-financial measures for Mr. Carroll related to upgrading the U.S. segment's management team with key strategic hires, achieving productivity savings, integrating the BluePrint organization into the Company's headquarter operations, closing an acquisition for integration into the Company's U.S. segment, driving innovation and distribution of products and certain supply chain initiatives. The Compensation Committee recognized that Mr. Carroll had achieved the performance indicated for Mr. Carroll to receive at least 200% of target award for all but one measure for which the 100% of target threshold was met. In particular the Compensation Committee noted the addition of a new Chief Customer Officer in the U.S. as well as a new President of the U.S. Infant & Toddler Feeding & Refrigerated Juice Divisions, the integration of BluePrint into the Lake Success offices ahead of schedule, closing the Rudi's acquisition for the U.S. operating segment, the introduction of approximately 100 new products, and delivering productivity savings in excess of the 200% of target threshold.

Mr. Smith

In assessing whether Mr. Smith achieved his financial measures, the Compensation Committee noted the Company's strong financial results in fiscal year 2014 and that the Company significantly overachieved the targets indicated for Mr. Smith to receive at least 200% of target award for revenue, earnings per share and EBITDA.

The five non-financial measures for Mr. Smith related to assessing and strengthening the Company's finance team, developing and standardizing financial operating metrics to better assess performance, developing an information technology strategy for the Company, reviewing and improving cash management procedures and executing against cost controls initiatives and goals. In assessing whether Mr. Smith had been able to achieve each of the non-financial performance measures attributed to him, the Compensation Committee noted that Mr. Smith had achieved the performance indicated to receive at least 100% of target award for all such measures. In particular the Compensation Committee noted that the Company was in the process of implementing a standardized financial reporting tool which will be used by all segments, had implemented enhanced cash management procedures for the U.S. segment and global e-mail and had delivered productivity in excess of the 200% of target threshold.

Ms. Faltischek

In assessing whether Ms. Faltischek achieved her financial measures, the Compensation Committee noted the Company's strong financial results in fiscal year 2014 and that the Company significantly overachieved the targets indicated for Ms. Faltischek to receive at least 200% of target award for revenue, earnings per share and EBITDA.

The six non-financial measures for Ms. Faltischek related to assessing and upgrading corporate policies, working to continuously improve the Company's corporate governance practices, reviewing standards and processes to ensure compliance, risk assessment and mitigation, overseeing all strategic transactions and upgrading the processes and talent related to the legal, quality control, regulatory assurance and consumer care departments. In assessing whether Ms. Faltischek had been able to satisfy each of the non-financial performance measures attributed to her, the Committee noted that Ms. Faltischek had achieved the performance indicated for Ms. Faltischek to receive at least 100% of target award for all such goals and overachieved the 100% target threshold in certain circumstances. In particular they noted that Ms. Faltischek had significantly overachieved her targets by successfully completing two acquisitions and a divestiture of a non-core business. In addition to completing Tilda Limited and Rudi's acquisitions and the divestiture of Grains Noirs, she also led the effort relating to establishing the Company's ability to do business in India, including obtaining the required licenses and registrations. The Compensation Committee also noted that Ms. Faltischek completed risk assessment in certain critical areas and implemented new procedures or policies in order to mitigate such risk. Finally, the Compensation Committee noted that Ms. Faltischek worked to continuously improve the Company's corporate governance practices and the processes related to the legal, quality control, regulatory assurance and consumer care departments.

Mr. Speiller

In assessing whether Mr. Speiller achieved his financial measures, the Compensation Committee noted the Company's strong financial results in fiscal year 2014 and that the Company significantly overachieved the targets indicated for Mr. Speiller to receive at least 200% of target award for revenue, earnings per share and EBITDA.

The four non-financial measures for Mr. Speiller included closing and liquidating the Grains Noirs business, implementation of an enhanced tax structure in the U.K. operating segment, identifying and implementing improvements in treasury management and achieving Sarbanes-Oxley compliance with respect to the acquisitions completed in fiscal year 2013. The Compensation Committee noted the ability of Mr. Speiller to achieve certain of his targets, despite retiring from his position of Senior Vice President, Finance and Chief Accounting Officer at the end of the third quarter of the fiscal year. In particular they noted Mr. Speiller's leadership role in the sale of the Grains Noirs business and the achievement of Sarbanes-Oxley compliance with respect to the fiscal year 2013 acquisitions.

The following table shows the target awards and the awards as determined by the Compensation Committee and the percentage of the target payment represented by the award for each participating NEO:

Name	Target Award	Annual Cash Incentive Award	Award as a Percentage of Target
Irwin D. Simon	\$1,664,000	\$4,160,000	250%
John Carroll	\$625,000	\$1,250,000	200%
Stephen J. Smith	\$495,000	\$495,000	100%

Denise M. Faltischek	\$360,000	\$360,000	100%
Michael J. Speiller (1)	\$239,000	\$239,000	100%

(1) Target award reflects Mr. Speiller’s prorated salary because he did not serve as an executive officer for the entire fiscal year.

Fiscal Year 2014 Discretionary Cash Awards

In light of the Company’s extraordinary financial performance in fiscal year 2014, in which it achieved record net sales and earnings which exceeded the financial targets previously approved by the Compensation Committee, as well as the strong contribution to the Company’s success by the NEOs, the Compensation Committee awarded discretionary cash awards to certain NEOs as follows: \$400,000 for Mr. Simon, \$200,000 for Mr. Carroll, and \$115,000 for Ms. Faltischek . These bonuses are reflected under the “Bonus” heading in the Summary Compensation Table.

Long-Term Incentive Program

We believe that equity grants serve our compensation objectives by linking the compensation of our key employees to our long-term growth and prosperity, since the value of equity awards will increase or decrease with the changes in the value of our common stock. Historically, our principal method for long-term incentive compensation was discretionary equity grants under our 2002 Plan. Beginning in fiscal year 2010, the Company adopted a performance-based long-term incentive program, (the “LTI Program”). In fiscal year 2014, the LTI Program consisted of two performance-based long-term incentive plans (the “2013-2014 LTIP” and the “2014-2015 LTIP”) that provide for a combination of time-based equity grants and performance awards, which may be earned over a two-year performance period and paid in cash, stock, restricted stock, restricted stock units or other forms of stock-based awards, or any combination thereof at the discretion of the Compensation Committee. Participants in the LTI Program include our executive officers, including the NEOs, and certain other key executives.

The Compensation Committee administers the LTI Program and is responsible for, among other items, establishing the target values of awards to participants and selecting the specific performance factors for such awards. At the end of each performance period, the Compensation Committee determines, at its sole discretion, the specific payout to each participant.

2013-2014 LTIP

Funding

For the 2013-2014 LTIP, the Compensation Committee established an overall performance goal of attaining a two-year average operating income⁷ of \$153.0 million over the performance period of July 1, 2012 through June 30, 2014. This overall performance goal must be met in order for each executive officer’s long-term incentive award opportunity to be funded at the maximum award for each executive officer. The maximum award that can be earned by Mr. Simon was four times his base salary, by Messrs. Lamel and Carroll was three times his base salary and by Ms. Faltischek and Mr. Speiller was two and half times his or her base salary. As Mr. Smith was not yet employed by the company at the time of adoption of the 2013-2014 LTIP, he was not a participant in the plan. As described below, the maximum awards could be reduced, but not increased, by the Compensation Committee based on such factors as they determined in their discretion, as described below. Such awards may be paid in cash and/or full value shares at the discretion of the Compensation Committee.

At the end of fiscal year 2014, the Compensation Committee determined that with our actual two-year average operating income of \$235.2 million the performance goal was exceeded and payment of up to the maximum award was authorized for our NEOs, subject to the individual payout determinations discussed below.

Individual Payout

For the 2013-2014 LTIP, for target performance each executive had a target award as a percentage of annual base salary as follows: Mr. Simon 250%; Mr. Lamel 120%; Mr. Carroll 200%, Ms. Faltischek 125% and Mr. Speiller 125%. For this purpose, the annual base salary is determined by taking the average of the annual base salaries for fiscal year 2013 and fiscal year 2014. For threshold performance each executive’s award was 66.67% of the target award and the maximum award was 133.33% of the target award.

For determining individual payouts if the overall operating income goal of \$153.0 million was achieved, the Compensation Committee adopted two performance measures, revenue and EBITDA⁸. The target revenue measure was to achieve the middle range of net sales guidance (as reported in the Company’s earnings release for the fourth quarter and fiscal year ended June 30, 2012) for fiscal year 2013 and increase net sales for fiscal year 2014 by 4%

over fiscal year 2013 net sales, as adjusted for fiscal year 2013 acquisitions. The target EBITDA measure was to achieve the EBITDA implied by the middle range of earnings per share guidance (as reported in the Company's earnings release for the fourth quarter and fiscal year ended June 30, 2012) for fiscal year 2013 and increase EBITDA for fiscal year 2014 by 5% over fiscal year 2013 EBITDA, as adjusted for fiscal year 2013 acquisitions. Based on the Company's revenue and EBITDA performance during the 2013-2014 performance period, the Compensation Committee determined to award each NEO 117.24% of their target award under the 2013-2014 LTIP.

⁷Under the terms of the plan adopted by the Compensation Committee, operating income is adjusted for the impact of non-cash compensation, currency fluctuations, impairment of long-lived assets, restructuring charges and other non-recurring items which may have been incurred during the performance period.

⁸Under the terms of the plan approved by the Compensation Committee, EBITDA results exclude the impact of non-cash compensation, currency fluctuations, impairment of long-lived assets, restructuring charges and other non-cash and non-recurring items which may have been incurred during the fiscal year. In determining the level of achievement, the Compensation Committee, in its discretion, determined to weigh EBITDA more heavily than revenue because improvements in EBITDA will have a greater impact on increasing stockholder value over the long term.

As disclosed in last year's proxy statement, in November 2012, the NEOs received an equity grant having a value equal to 50% of the targeted award under the 2013-2014 LTIP. Therefore, the value of the payout of the 2013-2014 LTIP was reduced by the value of the November 2012 award. The following table shows the target awards and the awards as determined by the Compensation Committee and the actual payout to be made for each NEO:

Name	Annual Base Salary (1)	LTIP Target Percent	LTIP Target Dollars	LTIP Award (2)	50% of LTIP Target Dollars Previously Granted (3)	LTIP Payout (4)
Irwin D. Simon	\$1,632,000	250%	\$4,080,000	\$4,783,392	\$2,000,000	\$2,783,392
Ira J. Lamel	\$556,300	120%	\$667,560	\$782,647	\$333,780	\$448,867
John Carroll	\$610,000	200%	\$1,220,000	\$1,430,328	\$595,000	\$835,328
Denise M. Faltischek	\$400,000	125%	\$500,000	\$586,200	\$218,750	\$367,450
Michael J. Speiller	\$357,500	125%	\$446,875	\$523,916	\$218,750	\$305,166

(1) The annual base salary is determined by taking the average of the annual base salaries for fiscal year 2013 and fiscal year 2014.

(2) The LTIP award was 117.24% of target award.

(3) On November 15, 2012 each of Messrs. Simon, Lamel, Carroll and Speiller and Ms. Faltischek received a grant of restricted stock having a value equal to 50% of their target awards under the 2013-2014 LTIP. The number of shares granted was determined using the closing market price of \$59.14 on November 15, 2012. In each case, the NEO's fiscal year 2013 salary was used to calculate the LTIP target.

(4) The amounts in this column differ slightly from the amounts listed in the Summary Compensation Table due to rounding to the nearest whole share.

Reflecting its philosophy that executive compensation contain a component of equity compensation, which will appreciate in value only to the extent that shares held by our stockholders also increase in value, the Compensation Committee determined to pay 100% of the LTIP payout in fully vested shares of the Company's common stock. Based upon the recommendation of the Compensation Committee, the Board of Directors approved grants of fully vested common stock to the LTIP participants.

2014-2015 LTIP

Funding

The 2014-2015 LTIP generally follows the 2013-2014 LTIP, with an overall performance goal of two-year average operating income⁹, which must be met for each executive officer's long-term incentive award opportunity to be funded at the maximum level. The two-year operating income goal was designed to challenge management to improve operating results year over year, but were set at levels which would be reasonably likely to be met, based on expected performance. The maximum award that can be earned by Mr. Simon is four times his base salary, by Messrs. Carroll and Smith is three times his base salary and by Ms. Faltischek is two and half times her base salary. The maximum awards may be reduced, but not increased, by the Compensation Committee based on such factors as they may determine in their discretion, as described below. Such awards may be paid in cash and/or full value shares at the discretion of the Compensation Committee. At the end of the performance period, the Compensation Committee will evaluate whether the Company achieved the operating income goal. As we have not completed the performance period, individual payments with respect to performance-based incentive awards have not yet been determined or

authorized for our executive officers under this plan.

Individual Payout

At the end of the performance period, in the event the performance goal is achieved, the Compensation Committee will determine individual long-term incentive awards. For the 2014-2015 LTIP, target awards as a percentage of base salary for each of the named executive officers is: Mr. Simon 250%; Mr. Carroll 200%; Mr. Smith 110%, and Ms. Faltischek 125%, subject, in each case, to the Compensation Committee's discretion as described below.

⁹ Under the terms of the plan adopted by the Compensation Committee, operating income is adjusted for the impact of non-cash compensation, currency fluctuations, impairment of long-lived assets, restructuring charges and other non-recurring items which may have been incurred during the performance period.

Similar to the 2013-2014 LTIP, the Compensation Committee adopted revenue and EBITDA¹⁰ as the performance measures for determining individual payouts assuming that the overall operating income goal is achieved. These performance measures guide the Compensation Committee in assessing each executive's performance and determining individual long-term incentive award payments. The revenue measure was designed to reflect our objective of growing top-line revenue year over year. The EBITDA measure was intended to motivate our executive officers to manage our costs and take into account the appropriate level of expenses consistent with our growth over the long-term. The performance measures were designed to challenge management to improve operating results year over year, but were set at levels which would be reasonably likely to be met, based on expected performance.

While the performance measures form a framework for awarding individual long-term incentive payments, the Compensation Committee retains complete discretion over the final amount of the long-term incentive payments, and has authority to award some payment for performance below the target performance level and to award additional amounts for above target performance. However, the Compensation Committee does not have authority to grant awards in excess of the maximum long-term incentive payment described above for which each executive is eligible.

Equity Awards

Based upon the recommendation of the Compensation Committee, the Board of Directors approved grants of restricted stock to senior management of the Company on November 19, 2013, including the NEOs. The NEOs received restricted stock value equal to 50% of each of their targets under the 2014-2015 LTIP as follows:

Name	Annual Base Salary	LTIP	LTIP Target Dollars	50% of LTIP Target Dollars (1)	Number of Shares
Irwin D. Simon	\$1,664,000	250%	\$4,160,000	\$2,080,000	24,940
John Carroll	\$625,000	200%	\$1,250,000	\$625,000	7,494
Stephen J. Smith	\$495,000	110%	\$544,500	\$272,250	3,264
Denise M. Faltischek	\$450,000	125%	\$562,500	\$281,250	3,372
Michael J. Speiller	\$365,000	125%	\$456,250	\$228,125	2,735

(1) The amounts in this column differ slightly from the amounts listed in the Summary Compensation Table and Grant of Plan Based Awards Table due to rounding to the nearest whole share.

All of the above restricted stock grants were granted pursuant to the 2002 Plan. The number of shares granted was determined using the closing market price of \$83.40 on November 19, 2013. Half of the shares are time-based and will vest on November 19, 2015 and half of the shares are performance-based and will vest on November 19, 2015, provided the Company achieves the performance measures which were approved by the Compensation Committee. If the Company does not achieve the performance measures, the performance-based shares will not vest. The performance measures, the achievement of which determine the vesting of the restricted shares, are based on the revenue and EBITDA goals set in connection with the 2014-2015 LTIP.

In the event the operating income goal is achieved and individual long-term incentive award payments are authorized under the 2014-2015 LTIP, the Compensation Committee would offset the grant date value of the above restricted stock awards granted to the NEOs against his or her individual award.

Other Compensation and Perquisites

Our executive officers are eligible for the same level and offering of benefits that we make available to other employees, including our 401(k) plan, health care, dental and vision plans, life insurance plans, and other employee benefit programs. In addition to the standard benefits offered to other employees, we provide Mr. Simon with a

Medical Expense Reimbursement Plan, which reimburses any expenses for health, prescription, dental and vision not covered by our insurance plan that are incurred by him and his dependents. In addition, in accordance with his employment agreement we reimburse Mr. Simon for a portion of the premium associated with his life insurance policy and provide long-term disability coverage for the benefit of Mr. Simon and long-term care coverage for the benefit of Mr. Simon and his spouse with annual premiums of not more than \$60,000, in the aggregate. We do not have any defined benefit pension plans or executive supplemental retirement programs.

¹⁰ Under the terms of the plan approved by the Compensation Committee, EBITDA results exclude the impact of non-cash compensation, currency fluctuations, impairment of long-lived assets, restructuring charges and other non-cash and non-recurring items which may have been incurred during the fiscal year.

We also provide either an automobile perquisite or a car allowance for each of the executive officers. We believe the costs of these benefits constitute only a small portion of each NEO's total compensation and are consistent with benefits offered by companies with whom we compete for talent for purposes of recruitment and retention. For additional information regarding other compensation and perquisites, see "Executive Compensation Tables-Summary Compensation Table."

Impact of Tax Treatment

Section 162(m) of the Internal Revenue Code places a limit of \$1 million on the amount of compensation that we may deduct in any one year with respect to each of our most highly paid executive officers (other than the chief financial officer). Stock options granted at fair market value and certain performance-based compensation approved by stockholders is not subject to the deduction limit. For this reason, we previously sought stockholder approval at our 2009 Annual Meeting of Stockholders for the 2010-2014 Executive Incentive Plan and the 2002 Plan, which was intended to provide for any annual or long-term incentive awards granted thereunder to constitute performance-based compensation not subject to the Section 162(m) limit and are currently seeking reapproval of the 2002 Plan and approval of a new 2015-2019 Executive Incentive Plan for the same reason. Although the Compensation Committee considers whether or not a compensation program would be subject to the Section 162(m) limit, in order to maintain flexibility in compensating executive officers in a manner designed to promote corporate goals, the Committee has not adopted a policy that all compensation must be tax deductible.

Severance and Change-in-Control Agreements

Mr. Simon's employment agreement provides for severance in the event his employment is terminated (except if such employment is terminated with cause) or if his employment agreement is terminated for "non-renewal". The severance benefit to Mr. Simon in connection with the non-renewal of his employment agreement has been in such agreement since 2003.

In addition, we have entered into change of control agreements with each of the other NEOs which provide for severance in the event of a change of control as defined in the change of control agreement. In addition, each of the other NEOs will receive severance in the event his or her employment is terminated without cause. The restricted stock agreements entered into with our NEOs provide for the immediate vesting of such stock grants upon a change in control. For a complete description of these severance and change in control agreements, see "Potential Payments Upon Termination or Change-in-Control" below.

The Compensation Committee believes that severance and change-in-control benefits are important for attracting and retaining executive talent and help to ensure that executive officers can remain focused during periods of uncertainty and neutralize the potential conflict of our key executives when faced with a potential change-in-control.

Stock Ownership Guidelines

To further align the interests of senior management and stockholders, the Compensation Committee has adopted stock ownership guidelines that require key members of the Company's management team to own minimum amounts of the Company's common stock. The guidelines for senior management are set forth below:

Officer Level	Ownership Target
Chief Executive Officer	6 times annual base salary
Executive Vice Presidents	3 times annual base salary
Other Executive Officers and Segment Leaders	2 times annual base salary
All other LTIP participants	1 times annual base salary

Members of management subject to the guidelines have until five years after appointment, or the implementation of the guidelines, whichever is later, to achieve the ownership target. All covered employees are currently in compliance with the guidelines or are expected to meet the stock ownership guidelines within the five year period.

Compensation Recoupment Policy

We have adopted a clawback provision in connection with equity awards. The clawback provision provides that, if the Company is required to prepare an accounting restatement to correct an accounting error included in a report on Form 10-Q or 10-K caused by the misconduct of an employee, the employee shall return to the Company, or forfeit if not paid, any award arising out of the misconduct for or during such restated period.

The amounts provided for each of the above NEOs in 2012, 2013 and 2014 represent a matching contribution by the Company (a) on behalf of such officer under the Company's 401(k) Plan for the 2011, 2012 and 2013 plan years, respectively (in each case, from January 1 through December 31 of that year). (1) The amounts shown as Estimated Future Payouts Under Non-Equity Incentive Plan Awards reflect the threshold, target and maximum amounts that may be earned by each individual during fiscal year 2014 under the Annual Cash Incentive Plan. For more information, see “-Compensation Discussion and Analysis-Annual Cash Incentives,” page [].

(2) As Mr. Lamel was not a participant in the fiscal year 2014 Annual Cash Incentive Plans and the 2014-2015 LTIP, he did not receive any plan-based awards in fiscal year 2014.

(2) The amounts reflected in Estimated Future Payouts Under Equity Incentive Plan Awards columns reflect the threshold, target and maximum amounts that could be paid to each NEO under the 2014-2015 LTIP. The Compensation Committee has the discretion to adjust these amounts based upon its determination at the end of the

2014-2015 LTIP performance period. As described in the “Long-Term Incentive Program” section above, on November 19, 2013 the NEOs received equity grants (the “LTIP Awards”), the value of which was 50% of each NEO’s target under the 2014-2015 LTIP. Accordingly, at the end of the two year performance period, if the Compensation Committee determines that the amounts reflected in the Estimated Future Payouts Under Equity Incentive Plan Awards columns should be awarded, any such awards will be paid net of the 50% of LTIP dollars as shown in the table on page [44]. Because half of the restricted shares granted on November 19, 2013 do not vest unless the Company achieves certain performance measures and half vest in November 2015, the threshold, target and maximum amounts represent 75% of the potential value of the 2014-2015 LTIP awards. The remaining 25% of the 2014-2015 LTIP awards appears in the “All Other Stock Awards” column due to the fact that they are time based awards.

- (3) The amounts shown as All Other Stock Awards reflect the time-based portion of the LTIP Awards. The amounts in the Grant Date Fair Value of Stock and Option Awards column were determined in accordance ASC Topic 718. Assumptions made in the calculation of these amounts are included in Note 13 to the Consolidated

(1) Represents the aggregate value realized with respect to all options to purchase Company common stock upon exercise during the fiscal year ended June 30, 2014. (3) For Mr. Simon, the shares he acquired above vested as follows: (i) on September 26, 2013 he received 35,577 fully vested shares and the closing price of the Company's common stock on such date was \$77.04; (ii) on September 28, 2013, 20,000 shares vested and the closing price of the Company's stock was \$77.12; and (iii) on November 18, 2013, 52,025 shares vested and the closing price of the Company's common stock on such date was \$83.40.

(7) For Mr. Speiller, the shares he acquired above vested as follows: (i) on September 26, 2013 he received 3,585 fully vested shares and the closing price of the Company's common stock on such date was \$77.04; (ii) and on November 18, 2013, 5,288 shares vested and the closing price of the Company's common stock on such date was \$83.40.

Potential Payments upon Termination or Change-in-Control

We believe that severance and change-in-control benefits are important for attracting and retaining executive talent and help to ensure that executive officers can remain focused during periods of uncertainty and neutralize the potential conflict of our key executives when faced with a potential change-in-control. These are particularly important in an

environment where merger and acquisition activity is high.

Irwin D. Simon

The following descriptions include the terms of the amendment to Mr. Simon's employment agreement, dated September 23, 2014, and the calculations provided as of June 30, 2014 are provided as if the amendment was in effect on the date. In the event that Mr. Simon is terminated without cause, due to disability, he resigns for good reason, or he resigns not for good reason, he will be entitled to: (i) any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination; (ii) three years' annual salary, three years' average annual bonus paid to Mr. Simon over the two immediately preceding fiscal years and three years' long time incentive compensation paid to Mr. Simon over the immediately preceding fiscal year; (iii) his accrued annual bonus through the date of termination; (iv) all options and other stock awards previously granted, but unvested, shall become fully vested; and (v) continued participation in all of the Company's medical, dental and vision plans until the third anniversary of his termination. If Mr. Simon's employment had terminated on June 30, 2014, without cause, due to disability, he resigned for good reason, or he resigned not for good reason, Mr. Simon would have been entitled to severance and other benefits having a value of approximately \$56,979,000. In the case of termination not for good reason (before the occurrence of a change of control), Mr. Simon will receive the severance benefits only if he agrees to serve as Non-Executive Chairman of the Board for three years following the termination of his employment, or, if he is neither appointed nor elected Non-Executive Chairman of the Board, will provide consulting services of a similar nature during that time period.

Pursuant to Mr. Simon's employment agreement: (i) a "termination without cause" means any termination of Mr. Simon's employment other than a termination for cause (termination due to conviction of a felony or crime of moral turpitude or a willful and continued failure to perform material duties) or termination due to disability; (ii) a "termination for good reason" means a termination of his employment by Mr. Simon following a diminution of his position, duties and responsibilities, the removal of Mr. Simon from, or failure to re-elect Mr. Simon as, the Chairman of the Board or as CEO, a reduction in his base salary or following a change in control, Mr. Simon not being Chairman of the Board or CEO of any ultimate parent company resulting from the change in control or any material reduction in compensation opportunity (including achievability) or benefits provided under any compensation, incentive, employee benefit or welfare plan or program of the Company or any subsidiary in which Mr. Simon participated before the change in control; and (iii) a "termination not for good reason" means any termination of Mr. Simon's employment other than a termination for good reason or a termination due to disability or death.

A change in control is defined generally as one of the following events:

The acquisition by a person of beneficial ownership of more than 50% of the total voting power of the outstanding stock of the Company, however if any one person or group is considered to own more than 50% of the total fair market value or total voting power of the capital stock of the Company, the acquisition of additional stock by the same person or persons acting as a group is not considered to cause a Change in Control;

A majority of our Board of Directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election;

The consummation of a merger, consolidation, recapitalization or reorganization of the Company or a subsidiary, reverse split of any class of voting stock, or an acquisition of securities or assets by the Company or a subsidiary, unless our stockholders prior to such event beneficially own more than 60% of the voting stock of the surviving or transferee entity in substantially the same proportions as their prior ownership; or

The consummation of a sale or disposition by the Company of all or substantially all of the Company's assets.

In the event that Mr. Simon's employment terminates due to death he will be entitled to: (i) any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination; (ii) two years' annual salary, two years' average annual bonus paid to Mr. Simon over the two immediately preceding fiscal years and two years' long time incentive compensation paid to Mr. Simon over the immediately preceding fiscal year; (iii) his accrued annual bonus through the date of termination; (iv) all options and other stock awards previously granted, but unvested, shall become fully vested; and (v) continued participation of his dependents in all of the Company's medical, dental and vision plans until the second anniversary of his termination. If Mr. Simon's employment had terminated due to his death as of June 30, 2014, he would have been entitled to severance having a value of approximately \$51,028,000.

In the event that Mr. Simon's employment terminates for cause he will be entitled to any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination, and any amounts which are vested at the time of termination.

If Mr. Simon's contract is not renewed at the end of its term on June 30, 2019 on equal or more favorable terms, Mr. Simon will be entitled to: (i) any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination; (ii) three years' annual salary, three years' average annual bonus paid to Mr. Simon over the two immediately preceding fiscal years and three years' long time incentive compensation paid to Mr. Simon over the immediately preceding fiscal year; (iii) all options and other stock awards previously granted, but unvested, shall become fully vested and (iv) continued participation in all of the Company's medical, dental and vision plans until the third anniversary of his termination. In this instance, Mr. Simon would be entitled to receive approximately \$56,979,000.

Mr. Simon has also agreed not to compete with us for a period of three years following the termination of his employment, if such termination was a "termination without cause", a "termination for good reason," a "termination not for good reason" or a non-renewal of Mr. Simon's contract. Mr. Simon has agreed to customary provisions regarding confidentiality and proprietary rights.

Other NEOs

We have entered into change of control agreement with Mr. Carroll that provides that in the event that, following a change of control of the Company, the executive is terminated without cause, experiences a diminution in duties or forced relocation, or such executive terminates his employment for any reason within 13 months of a change in control, such executive will be entitled to terminate his employment and receive, at the executive's discretion, either a lump sum payment or salary continuation of: (i) three times the highest annual base salary paid to such executive during the thirty-six month period immediately preceding the month in which the change in control occurs; (ii) three times the highest annual bonus paid to such executive during the thirty-

six month period immediately preceding the month in which the change in control occurs; (iii) all unpaid accrued vacation through the date of termination; (iv) up to three years' benefits continuation; (v) immediate vesting of all outstanding options and reimbursement of certain tax obligations; (vi) the automobile allowance and other automobile benefits the Executive was receiving immediately prior to the change in control for a period of twelve months following the date of termination and (vii) the cost of outplacement services.

Each of Ms. Faltischek's and Mr. Smith's change in control agreement provides for severance only if she or he is terminated without cause or experiences a diminution in duties or forced relocation following a change in control. Severance is equal to two times her or his annual base salary and two times the average annual bonus paid to her or him during the thirty-six month period prior to the change in control and up to two years of benefits continuation. In addition, our restricted stock agreements (including those with Messrs. Carroll and Smith and Ms. Faltischek) provide for immediate vesting of such stock grants upon a change in control. Unless another time period is provided, all payments provided herein shall be made no later than the fifteenth day following the date of termination.

A change in control is defined generally as one of the following events:

• The acquisition by a person of beneficial ownership of more than 50% of the total voting power of the outstanding stock of the Company;

• A majority of our Board of Directors is replaced by directors whose appointment or election is not endorsed by two-thirds of the members of the Board prior to the date of the appointment or election;

• A reorganization, merger or consolidation, or sale or other disposition of all or substantially all of the assets of the Company unless (i) all or substantially all, of our stockholders prior to such event beneficially own more than 50% of the voting stock of the surviving entity in substantially the same proportions as their prior ownership, (ii) no person (other than the Company or the surviving entity) beneficially owns 50% or more of the combined voting power of the outstanding stock of the surviving entity and (iii) at least a majority of the members of the board of directors of the surviving entity were members of our Board of Directors; or

• Stockholders approve (i) sale or disposition of all or substantially all of the assets of the Company (other than to a subsidiary) or (ii) a complete liquidation or dissolution of the Company provided, that if the agreement would cause the executive to incur an additional tax, penalty or interest under Section 409A of the Code, the Company and the executive will use reasonable best efforts to reform such provision.

If any payments or benefits to be provided to Mr. Carroll in connection with a change in control are subject to the excise tax imposed under Section 4999 of the United States Internal Revenue Code, they are entitled to an additional "gross-up" payment so that the net amount retained by them is equal to such payments and benefits. Neither Ms. Faltischek nor Mr. Smith is entitled to such a "gross up" payment pursuant to the terms of their change in control agreements.

If Mr. Carroll's employment had terminated on June 30, 2014 in accordance with the change in control agreement, Mr. Carroll would have been entitled to severance having a value of approximately \$7,893,000. If Ms. Faltischek's employment had terminated on June 30, 2014 in accordance with the change in control agreement, Ms. Faltischek would have been entitled to severance having a value of approximately \$2,317,000. If Mr. Smith's employment had terminated on June 30, 2014 in accordance with the change in control agreement, Mr. Smith would have been entitled to severance having a value of approximately \$2,817,000. The amounts set forth in the preceding sentences do not include the cost of outplacement services.

Messrs. Carroll and Smith and Ms. Faltischek each have the right to receive one year of severance in the event of a termination without cause, which is not in connection with a change in control.

Review, Approval or Ratification of Transactions with Related Persons

We have adopted a written policy regarding the review, approval and ratification of related party transactions. The Related Party Transaction Policy and Procedures requires the approval or ratification by the Audit Committee of any "related party transaction," which is defined as any transaction, arrangement or relationship in which (i) we are a participant, (ii) the amount involved exceeds \$120,000 and (iii) one of our executive officers, directors, director nominees, 5% stockholders (or their immediate family members) or any entity with which any of the foregoing persons is an employee, general partner, principal or 5% stockholder, each of whom we refer to as a "related person," has a direct or indirect interest as set forth in Item 404 of Regulation S-K. The policy provides that management must present to the Audit Committee for review and approval each proposed related party transaction (other than related party transactions involving compensation matters and certain ordinary course transactions). The Audit Committee must review the relevant facts and circumstances of the transaction, including if the transaction is on terms comparable to those that could be obtained in arms-length dealings with an unrelated third party and the extent of the related party's interest in the transaction, take into account the conflicts of interest and corporate opportunity provisions of our Code of Conduct, and either approve or disapprove the related party transaction. If advance approval of a related party transaction requiring the Audit Committee's approval is not feasible, the transaction may be preliminarily entered into by management upon prior approval of the transaction by the chair of the Audit Committee, subject to ratification of the transaction by the Audit Committee at its next regularly scheduled meeting. The Audit Committee will also review those transactions that would have been deemed a "related party transaction" but for the fact that the amount involved is \$120,000 or less. No director may participate in approval of a related party transaction for which he or she is a related party.

No member of the Granting Authority, and no officer or employee of the Company acting on behalf of the Granting Authority, shall be personally liable for any action, determination, or interpretation taken or made in good faith with respect to the Plan, and all members of the Granting Authority and any officer or employee of the Company acting on their behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action, determination, or interpretation.

(d) Limitation on Committee's Discretion. Anything in this Plan to the contrary notwithstanding, in the case of any Award which is intended to qualify as "performance-based compensation" within the meaning of Section 162(m) (4)(C) of the Code, unless otherwise provided in an Award Agreement, there shall not be an increase in the amount of compensation payable under the Award to the extent such an increase would cause the Award to lose its qualification as such performance-based compensation.

4. Shares Subject to the Plan.

D-3

(a) Subject to adjustment as provided in Section 4(d) hereof, the total number of Shares reserved for issuance in connection with Awards under the Plan shall be 15,750,000. Each Share subject to an Award (other than an Option or SAR) shall count as 2.07 Shares for the purposes of the limit set forth in the preceding sentence. No Award may be granted if the number of Shares to which such Award relates, when added to the number of Shares previously issued under the Plan, exceeds the number of Shares reserved under the preceding sentence. If any Awards are forfeited, canceled, terminated, exchanged or surrendered or such Award is settled in cash or otherwise terminates without a distribution of Shares to the Participant, any Shares counted against the number of Shares reserved and available under the Plan with respect to such Award shall, to the extent of any such forfeiture, settlement, termination, cancellation, exchange or surrender, again be available for Awards under the Plan. Upon the exercise of any Award granted in tandem with any other Awards, such related Awards shall be canceled to the extent of the number of Shares as to which the Award is exercised.

(b) Notwithstanding anything to the contrary: (i) shares tendered or withheld in payment of the exercise price of an Option shall not be added to the maximum share limitations described in Section 4(a) above; (ii) shares tendered or withheld to satisfy the tax withholding obligation shall not be added to the maximum share limitations described in Section 4(a) above; (iii) shares repurchased on the open market with the proceeds of the exercise price of an Option shall not be added to the maximum share limitations described in Section 4(a) above; and (iv) all shares covered by a SAR, to the extent that it is exercised and whether or not the Shares are actually issued to the Participant upon exercise of the right, shall be considered issued or transferred pursuant to the Plan.

(c) Subject to adjustment as provided in Section 4(d) hereof and notwithstanding anything to the contrary contained herein, the maximum number of Shares (i) with respect to which Options or SARs may be granted during a calendar year to any Eligible Person under this Plan shall be 1,000,000 Shares, and (ii) with respect to Performance Shares, Performance Units, Restricted Shares or RSUs intended to qualify as performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code shall be the equivalent of 800,000 Shares during a calendar year to any Eligible Person under this Plan. Notwithstanding the foregoing, no more than 7,500 Shares may be subject to awards granted to a Director in any fiscal year.

(d) In the event that the Committee shall determine that any dividend in Shares, recapitalization, Share split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, or share exchange, or other similar corporate transaction or event, affects the Shares such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of Eligible Persons under the Plan, then the Committee shall make such equitable changes or adjustments as it deems appropriate and, in such manner as it may deem equitable, adjust any or all of (i) the number and kind of shares which may thereafter be issued under the Plan, (ii) the number and kind of shares, other securities or other consideration issued or issuable in respect of outstanding Awards, and (iii) the exercise price, grant price, or purchase price relating to any Award; provided, however, in each case that, with respect to ISOs, such adjustment shall be made in accordance with Section 424(a) of the Code, unless the Committee determines otherwise. In addition, the Committee is authorized to make adjustments in the terms and conditions of, and the criteria and performance objectives, if any, included in, Awards in recognition of unusual or non-recurring events (including, without limitation, events described in the preceding sentence) affecting the Company or any Subsidiary or Affiliate or the financial statements of the Company or any Subsidiary or Affiliate, or in response to changes in applicable laws, regulations, or accounting principles; provided, however, that, unless otherwise provided in an Award Agreement, there shall be no increase in the amount of compensation payable under the Award to the extent such an increase would cause the Award to lose its qualification as performance-based compensation for purposes of Section 162(m)(4)(C) of the Code and the regulations thereunder.

(e) Any Shares distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares or treasury Shares including Shares acquired by purchase in the open market or in private transactions.

5. Specific Terms of Awards.

(a) General. Awards may be granted on the terms and conditions set forth in this Section 5. In addition, the Granting Authority may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to Section 7(d)), such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Granting Authority shall determine, including terms regarding forfeiture of Awards or continued exercisability of Awards in the event of termination of service by the Eligible Person.

(b) Options. The Granting Authority is authorized to grant Options, which may be NQSOs or ISOs, to Eligible Persons on the following terms and conditions:

(i) Exercise Price. The exercise price per Share purchasable under an Option shall not be less than the Fair Market Value of the Shares on the date such Option is granted.

D-4

(ii) Option Term. The term of each Option shall be a maximum of seven (7) years from the date of grant of the Option.

(iii) Time and Method of Exercise. The Granting Authority shall determine at the date of grant or thereafter the time or times at which an Option may be exercised in whole or in part (including, without limitation, upon achievement of performance criteria if deemed appropriate by the Granting Authority), the methods by which such exercise price may be paid or deemed to be paid (including, without limitation, broker-assisted exercise arrangements), the form of such payment (including, without limitation, cash, Shares, or other property), and the methods by which Shares will be delivered or deemed to be delivered to Eligible Persons.

(iv) ISOs. The terms of any ISO granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code, including but not limited to the requirement that the ISO shall be granted within ten years from the earlier of the date of adoption or stockholder approval of the Plan. ISOs may only be granted to employees of the Company or a Subsidiary.

(c) SARs. The Granting Authority is authorized to grant SARs (Share Appreciation Rights) to Eligible Persons on the following terms and conditions:

(i) Right to Payment. A SAR shall confer on the Eligible Person to whom it is granted a right to receive with respect to each Share subject thereto, upon exercise thereof, the excess of (1) the Fair Market Value of one Share on the date of exercise (or, if the Granting Authority shall so determine in the case of any such right, the Fair Market Value of one Share at any time during a specified period before or after the date of exercise) over (2) the exercise price per Share of the SAR on the date of grant of the SAR, which shall not be less than Fair Market Value (which in the case of a SAR granted in tandem with an Option, shall be equal to the exercise price of the underlying Option).

(ii) SAR Term. The term of each SAR shall be a maximum of seven (7) years from the date of grant of the SAR.

(iii) Other Terms. The Granting Authority shall determine, at the time of grant or thereafter, the time or times at which a SAR may be exercised in whole or in part, the method of exercise, method of settlement, form of consideration payable in settlement, method by which Shares will be delivered or deemed to be delivered to Eligible Persons, whether or not a SAR shall be in tandem with any other Award, and any other terms and conditions of any SAR. Unless the Granting Authority determines otherwise, a SAR (1) granted in tandem with an NQSO may be granted at the time of grant of the related NQSO or at any time thereafter and (2) granted in tandem with an ISO may only be granted at the time of grant of the related ISO.

(d) Restricted Shares. The Granting Authority is authorized to grant Restricted Shares to Eligible Persons on the following terms and conditions:

(i) Issuance and Restrictions. Restricted Shares shall be subject to such restrictions on transferability and other restrictions, if any, as the Granting Authority may impose at the date of grant or thereafter, which restrictions may lapse separately or in combination at such times, under such circumstances (including, without limitation, upon achievement of performance criteria if deemed appropriate by the Granting Authority), in such installments, or otherwise, as the Granting Authority may determine. Except to the extent restricted under the Award Agreement relating to the Restricted Shares, an Eligible Person granted Restricted Shares shall have all of the rights of a stockholder including, without limitation, the right to vote Restricted Shares and the right to receive dividends thereon. If the lapse of restrictions is conditioned on the achievement of performance criteria, the Granting Authority shall select the criterion or criteria from the list of criteria set forth in Section 5(f)(i). The Granting Authority must certify in writing prior to the lapse of restrictions conditioned on achievement of performance criteria that such performance criteria were in fact satisfied.

(ii) Forfeiture. Except as otherwise determined by the Granting Authority, at the date of grant or thereafter, upon termination of service during the applicable restriction period, Restricted Shares and any accrued but unpaid dividends or Dividend Equivalents that are at that time subject to restrictions shall be forfeited; provided, however, that the Granting Authority may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Shares will be waived in whole or in part in the event of terminations resulting from specified causes, and the Granting Authority may in other cases waive in whole or in part the forfeiture of Restricted Shares.

(iii) Certificates for Shares. Restricted Shares granted under the Plan may be evidenced in such manner as the Granting Authority shall determine. If certificates representing Restricted Shares are registered in the name of the

D-5

Eligible Person, such certificates shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Shares, and the Company shall retain physical possession of the certificate.

(iv) Dividends. Dividends paid on Restricted Shares shall be either paid at the dividend payment date, or deferred for payment to such date as determined by the Granting Authority, in cash or in unrestricted Shares having a Fair Market Value equal to the amount of such dividends. Shares distributed in connection with a Share split or dividend in Shares, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Shares with respect to which such Shares or other property has been distributed.

(e) RSUs. The Granting Authority is authorized to grant RSUs to Eligible Persons, subject to the following terms and conditions:

(i) Award and Restrictions. Delivery of Shares or cash, as the case may be, will occur upon expiration of the deferral period specified for RSUs by the Granting Authority (or, if permitted by the Granting Authority, as elected by the Eligible Person). In addition, RSUs shall be subject to such restrictions as the Granting Authority may impose, if any (including, without limitation, the achievement of performance criteria if deemed appropriate by the Granting Authority), at the date of grant or thereafter, which restrictions may lapse at the expiration of the deferral period or at earlier or later specified times, separately or in combination, in installments or otherwise, as the Granting Authority may determine. If the lapse of restrictions is conditioned on the achievement of performance criteria, the Granting Authority shall select the criterion or criteria from the list of criteria set forth in Section 5(f)(i). The Granting Authority must certify in writing prior to the lapse of restrictions conditioned on the achievement of performance criteria that such performance criteria were in fact satisfied.

(ii) Forfeiture. Except as otherwise determined by the Granting Authority at date of grant or thereafter, upon termination of service (as determined under criteria established by the Granting Authority) during the applicable deferral period or portion thereof to which forfeiture conditions apply (as provided in the Award Agreement evidencing the RSUs), or upon failure to satisfy any other conditions precedent to the delivery of Shares or cash to which such RSUs relate, all RSUs that are at that time subject to deferral or restriction shall be forfeited; provided, however, that the Granting Authority may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to RSUs will be waived in whole or in part in the event of termination resulting from specified causes, and the Granting Authority may in other cases waive in whole or in part the forfeiture of RSUs.

(f) Performance Shares and Performance Units. The Granting Authority is authorized to grant Performance Shares or Performance Units or both to Eligible Persons on the following terms and conditions:

(i) Performance Period. The Granting Authority shall determine a performance period (the "Performance Period") of one or more years and shall determine the performance objectives for grants of Performance Shares and Performance Units. Performance objectives may vary from Eligible Person to Eligible Person and shall be based upon one or more of the following performance criteria as the Granting Authority may deem appropriate: share price; earnings per share; return to shareholders (including dividends); return on equity; revenues; sales; sales by category, brand, territory or geography; unit growth; customer growth (including new customers and increased sales to existing customers); EBITDA or EBIT; operating income or operating profit; net income; gross margin; operating margin; return on capital or return on invested capital; economic value added; economic profit; cash flows; cash flow from operations; market share; inventory levels; inventory days outstanding; consumption; size of line in total or by category or type; consumer and strategic investments; advertising, brand and product innovation; research and development; costs; managing commodity costs; capital expenditures; working capital; net fixed assets; accounts receivable; days sales outstanding; period overhead; expenses; productivity; market capitalization; customer satisfaction; pro forma net income; return on designated assets; expenses; free cash flow; cash flow return on investment; net profit margin; cash

conversion cycle; and service levels. The performance objectives may be determined by reference to the performance of the Company, or of a Subsidiary or Affiliate, or of a division or unit of any of the foregoing. Performance Periods may overlap and Eligible Persons may participate simultaneously with respect to Performance Shares and Performance Units for which different Performance Periods are prescribed.

(ii) Award Value. At the beginning of a Performance Period, the Granting Authority shall determine for each Eligible Person or group of Eligible Persons with respect to that Performance Period the range of number of Shares, if any, in the case of Performance Shares, and the range of dollar values, if any, in the case of Performance Units, which may be fixed or may vary in accordance with such performance or other criteria specified by the Granting Authority, which shall be paid to an Eligible Person as an Award if the relevant measure of Company performance for the Performance Period is met. The Granting Authority must certify in writing that the applicable performance criteria were satisfied prior to payment under any Performance Shares or Performance Units.

D-6

(iii) Significant Events. If during the course of a Performance Period there shall occur significant events as determined by the Granting Authority which the Granting Authority expects to have a substantial effect on a performance objective during such period, the Granting Authority may revise such objective; provided, however, unless otherwise provided in an Award Agreement, there shall not be an increase in the amount of compensation payable under the Award to the extent such an increase would cause the Award to lose its qualification as performance-based compensation for purposes of Section 162(m)(4)(C) of the Code and the regulations thereunder.

(iv) Forfeiture. Except as otherwise determined by the Granting Authority, at the date of grant or thereafter, upon termination of service during the applicable Performance Period, Performance Shares and Performance Units for which the Performance Period was prescribed shall be forfeited; provided, however, that the Granting Authority may provide, by rule or regulation or in any Award Agreement, or may determine in an individual case, that restrictions or forfeiture conditions relating to Performance Shares and Performance Units will be waived in whole or in part in the event of terminations resulting from specified causes, and the Granting Authority may in other cases waive in whole or in part the forfeiture of Performance Shares and Performance Units.

(v) Payment. Each Performance Share or Performance Unit may be paid in whole Shares, or cash, or a combination of Shares and cash either as a lump sum payment or in installments, all as the Granting Authority shall determine, at the time of grant of the Performance Share or Performance Unit or otherwise, commencing as soon as practicable after the end of the relevant Performance Period. The Granting Authority must certify in writing prior to the payment of any Performance Share or Performance Unit that the performance objectives and any other material terms were in fact satisfied.

(g) Dividend Equivalents. The Granting Authority is authorized to grant Dividend Equivalents to Eligible Persons, except that no Dividend Equivalent right may be granted in connection with, or related to, an Option or SAR. The Granting Authority may provide, at the date of grant or thereafter, that Dividend Equivalents shall be paid or distributed when accrued or shall be deemed to have been reinvested in additional Shares, or other investment vehicles as the Granting Authority may specify; provided, however, that Dividend Equivalents (other than freestanding Dividend Equivalents) shall be subject to all conditions and restrictions of the underlying Awards to which they relate.

(h) Other Share-Based Awards. The Granting Authority is authorized, subject to limitations under applicable law, to grant to Eligible Persons such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Shares, as deemed by the Granting Authority to be consistent with the purposes of the Plan, including, without limitation, unrestricted shares awarded purely as a “bonus” and not subject to any restrictions or conditions, other rights convertible or exchangeable into Shares, purchase rights for Shares, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Granting Authority, and Awards valued by reference to the performance of specified Subsidiaries or Affiliates. The Granting Authority shall determine the terms and conditions of such Awards at date of grant or thereafter. Shares delivered pursuant to an Award in the nature of a purchase right granted under this Section 5(h) shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including, without limitation, cash, Shares, notes or other property, as the Granting Authority shall determine. Cash awards, as an element of or supplement to any other Award under the Plan, shall also be authorized pursuant to this Section 5(h).

6. Certain Provisions Applicable to Awards.

(a) Stand-Alone, Additional, and Tandem. Awards granted under the Plan may, in the discretion of the Granting Authority, be granted to Eligible Persons either alone or in addition to, in tandem with, any other Award granted under the Plan or any award granted under any other plan or agreement of the Company, any Subsidiary or Affiliate.

(b) Substitute Awards in Transactions. Nothing contained in the Plan shall be construed to limit the right of the Granting Authority to grant Awards under the Plan in connection with the acquisition, whether by purchase, merger, consolidation or other transaction, of the business or assets of any corporation or other entity. Without limiting the foregoing, the Granting Authority may grant Awards under the Plan to an employee or director of another corporation or other entity who becomes an Eligible Person by reason of any such transaction in substitution for awards previously granted by such corporation or entity to such employee or director. The terms and conditions of the substitute Awards may vary from the terms and conditions that would otherwise be required by the Plan solely to the extent the Granting Authority deems necessary for such purpose.

(c) Term of Awards. The term of each Award granted to an Eligible Person shall be for such period as may be determined by the Granting Authority; provided, however, that in no event shall the term of any Option or a SAR exceed a period of seven years from the date of its grant (or such shorter period as may be applicable under Section 422 of the Code).

D-7

(d) Repricing Prohibited. Subject to the anti-dilution adjustment provisions contained in Section 4(d) hereof, without the prior approval of the Company's stockholders, neither the Granting Authority nor the Board shall cause the amendment of an Option or SAR that would have the effect of reducing the exercise price of an Option or SAR previously granted under the Plan, the cancellation or exchange of an Option or SAR for cash, other awards, or an Option or SAR with an exercise price that is less than the exercise price of the original Option or SAR or otherwise approve any modification to an Option or SAR that would be treated as a "repricing" of such Option or SAR under any then applicable rules, regulations or listing requirements.

(e) Form of Payment Under Awards. Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or a Subsidiary or Affiliate upon the grant, maturation, or exercise of an Award may be made in such forms as the Granting Authority shall determine at the date of grant or thereafter, including, without limitation, cash, Shares, notes or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis. The Granting Authority may make rules relating to installment or deferred payments with respect to Awards, including the rate of interest to be credited with respect to such payments, subject to applicable law.

(f) Nontransferability. Awards shall not be transferable by an Eligible Person except (i) by will or the laws of descent and distribution (except pursuant to a Beneficiary designation) or (ii) with respect to NQSOs, by gift to a family member of the Participant to the extent permitted in the applicable Award Agreement and shall be exercisable during the lifetime of an Eligible Person only by such Eligible Person or his guardian or legal representative unless it has been transferred by gift to a family member of the Participant, in which case it shall be exercisable only by such transferee. For the purpose of this provision, a "family member" shall have the meaning set forth in the General Instructions to Form S-8 Registration Statement under the Securities Act of 1933, as amended. An Eligible Person's rights under the Plan may not be pledged, mortgaged, hypothecated, or otherwise encumbered, and shall not be subject to claims of the Eligible Person's creditors.

(g) Repayment. If the Company is required to prepare an accounting restatement to correct an accounting error included in a report on Form 10-Q or 10-K caused by the misconduct of a Participant, the Participant shall return to the Company, or forfeit if not paid, any Award arising out of the misconduct for or during such restated period.

(h) Noncompetition. The Granting Authority may, by way of the Award Agreements or otherwise, establish such other terms, conditions, restrictions and/or limitations, if any, of any Award, provided they are not inconsistent with the Plan, including, without limitation, the requirement that the Participant not engage in competition with the Company.

7. General Provisions.

(a) Compliance with Legal and Trading Requirements. The Plan, the granting and exercising of Awards thereunder, and the other obligations of the Company under the Plan and any Award Agreement, shall be subject to all applicable federal, state and foreign laws, rules and regulations, and to such approvals by any regulatory or governmental agency as may be required. The Company, in its discretion, may postpone the issuance or delivery of Shares under any Award until completion of such stock exchange or market system listing or registration or qualification of such Shares or other required action under any state or federal law, rule or regulation as the Company may consider appropriate, and may require any Participant to make such representations and furnish such information as it may consider appropriate in connection with the issuance or delivery of Shares in compliance with applicable laws, rules and regulations. No provisions of the Plan shall be interpreted or construed to obligate the Company to register any Shares under federal, state or foreign law. The Shares issued under the Plan may be subject to such other restrictions on transfer as determined by the Committee.

(b) No Right to Continued Employment or Service. Neither the Plan nor any action taken thereunder shall be construed as giving any employee, consultant, or director the right to be retained in the employ or service of the Company or any of its Subsidiaries or Affiliates, nor shall it interfere in any way with the right of the Company or any of its Subsidiaries or Affiliates to terminate any employee's, consultant's or director's employment or service at any time.

(c) Taxes. The Company or any Subsidiary or Affiliate is authorized to withhold from any Award granted, any payment relating to an Award under the Plan, including from a distribution of Shares, or any payroll or other payment to an Eligible Person, amounts of withholding and other taxes due in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company and Eligible Persons to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Shares or other property and to make cash payments in respect thereof in satisfaction of an Eligible Person's tax obligations; provided, however, that the amount of tax withholding to be satisfied by withholding Shares shall be limited to the minimum amount of taxes, including employment taxes, required to be withheld under applicable Federal, state and local law.

D-8

(d) Amendment. The Board may at any time and from time to time and in any respect, amend or modify the Plan and any Award granted under the Plan. The Board may seek the approval of any amendment or modification by the Company's stockholders to the extent it deems necessary or advisable in its discretion for purposes of compliance with Section 162(m) or Section 422 of the Code, the listing requirements of the applicable exchange or securities market or for any other purpose. Except as may be required to comply with Section 409A of the Code, no amendment or modification of the Plan or any Award shall adversely affect any Award theretofore granted without the consent of the Eligible Person or the permitted transferee of the Award.

(e) No Rights to Awards; No Stockholder Rights. No Eligible Person or employee shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Eligible Persons and employees. No Award shall confer on any Eligible Person any of the rights of a stockholder of the Company unless and until Shares are duly issued or transferred to the Eligible Person in accordance with the terms of the Award.

(f) Unfunded Status of Awards. The Plan is intended to constitute an "unfunded" plan for incentive compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Company; provided, however, that the Committee may authorize the creation of trusts or make other arrangements to meet the Company's obligations under the Plan to deliver cash, Shares, other Awards, or other property pursuant to any Award, which trusts or other arrangements shall be consistent with the "unfunded" status of the Plan unless the Committee otherwise determines with the consent of each affected Participant.

(g) Nonexclusivity of the Plan. Neither the adoption of the Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of options and other awards otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

(h) Not Compensation for Benefit Plans. No Award payable under this Plan shall be deemed salary or compensation for the purpose of computing benefits under any benefit plan or other arrangement of the Company for the benefit of its employees, consultants or directors unless the Company shall determine otherwise.

(i) No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, other Awards, or other property shall be issued or paid in lieu of such fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

(j) Governing Law. The validity, construction, and effect of the Plan, any rules and regulations relating to the Plan, and any Award Agreement shall be determined in accordance with the laws of New York without giving effect to principles of conflict of laws thereof.

(k) Effective Date; Plan Termination. The Plan shall become effective as of November 20, 2014 (the "Effective Date"). Notwithstanding the foregoing, the adoption of this Plan is expressly conditioned upon the approval of the stockholders of the Company. The Plan shall terminate as to future awards on the date which is ten (10) years after the Effective Date.

(l) Titles and Headings. The titles and headings of the sections in the Plan are for convenience of reference only. In the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

(m) Section 409A. It is intended that the Plan and Awards issued thereunder will comply with Section 409A of the Code (and any regulations and guidelines issued thereunder) to the extent the Awards are subject thereto, and the Plan and such Awards shall be interpreted on a basis consistent with such intent. The Plan and any Award Agreements issued thereunder may be amended in any respect deemed by the Board or the Committee to be necessary in order to preserve compliance with Section 409A of the Code.
