HAIFA, ISRAEL, NOVEMBER 16, 2004 - ELBIT SYSTEMS LTD. (THE "COMPANY") (NASDAQ: ESLT), the international defense company, today reported its consolidated results for the third quarter ended September 30, 2004.

CONSOLIDATED REVENUES FOR THE THIRD QUARTER OF 2004 increased by 4.5% to \$223.8 million from \$214.3 million in the corresponding quarter in 2003.

CONSOLIDATED REVENUES FOR THE NINE-MONTH PERIOD ENDED SEPTEMBER 30, 2004 increased by 5.3% to \$669.2 million from \$635.2 million in the same period in 2003.

CONSOLIDATED NET INCOME FOR THE THIRD QUARTER OF 2004 increased by 14.2% to \$13.7 million (6.1% of revenues), from \$12.0 million (5.6% of revenues) in the same period in 2003. Diluted earnings per share ("EPS") for the third quarter of 2004 was \$0.33 as compared with \$0.30 for the third quarter of 2003.

The Company's financial results in the reported periods were effected by the changes in the Company's share price during the reported periods, due to the non-cash effect related to the employees "phantom" option plan.

Excluding the phantom option plan effect, net income in the third quarter of

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

2004 was \$14.1 million (6.3% of revenues), and the diluted EPS was \$0.34, as compared to net income of \$9.6 million (4.5% of revenues) and diluted EPS of \$0.24 in the third quarter of 2003.

CONSOLIDATED NET INCOME FOR THE FIRST NINE MONTHS OF 2004 was \$37.7 million (5.6% of revenues), as compared with \$33.5 million (5.3% of revenues) for the same period in 2003.

DILUTED EPS FOR THE NINE MONTHS PERIOD ENDED SEPTEMBER 30, 2004 was \$0.92, as compared with \$0.83 for the corresponding period in 2003.

Excluding the phantom option plan effect, net income in the first nine months of 2004 was \$41.1 million (6.1% of revenues), and the diluted EPS was \$1.00, as compared to net income of \$36.2 million (5.7% of revenues) and diluted EPS of \$0.90 in the first nine months of 2003.

GROSS PROFIT FOR THE THIRD QUARTER OF 2004 was \$61.5 million (27.5% of revenues), as compared with gross profit of \$57.1 million (26.7% of revenues) in the third quarter of 2003.

Excluding the effect of the Company's phantom option plan, gross profit in the quarter ended September 30, 2004 was \$61.8 million, or 27.6% of revenues, as compared with \$55.5 million, or 25.9% of revenues in the quarter ended September 30, 2003.

Elbit Systems Ltd.
Management's Report

For The Three and Nine-Month Period Ended September 30, 2004

This report should be read together with the unaudited financial statements of Elbit Systems Ltd. ("Elbit Systems" or the "Company") and together with its subsidiaries (the "Group") for the quarter ended September 30, 2004, the Company's audited consolidated financial statements and related notes for the year ended December 31, 2003, the Company's management report for the year ended December 31, 2003 and the Company's Form 20-F for the year ended December 31, 2003, filed by the Company with the U.S. Securities and Exchange Commission and with the Israeli Securities Authority.

Forward looking statements with respect to the Company's business, financial condition and results of operations in this document are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward looking statements, including, but not limited to, product demand, pricing, market acceptance, changing economic conditions, risks in product and technology development, the effect of the Company's accounting policies

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

as well as certain other risk factors which are detailed from time to time in the Company's filings with the U.S. Securities and Exchange Commission.

A. Executive Overview

Business Description

Elbit Systems is engaged in projects involving the design, development, manufacture and integration of advanced integrated defense systems, electronic systems, electro-optic systems and products and software intensive programs and products for the defense and homeland security sectors. In addition, the Company operates in the area of upgrading existing airborne, land and naval defense platforms and provides support services for such platforms, systems and products.

The Company is involved in leading projects in Israel and worldwide, in areas such as air, land and naval Command, Control, Communication, Computers, Intelligence, Surveillance and Reconnaissance ("C4ISR") systems, digital maps, night vision systems, pilot helmet mounted systems, display and data processing systems, unmanned air vehicles ("UAVs"), computerized simulators, communication systems, thermal imaging products, laser products, optical systems for space applications, airborne reconnaissance systems, optic communication systems, surveillance products and systems, electric drive systems and products and systems for Homeland Defense.

The Company provides logistic support services, including operation of pilot training services and aircraft maintenance services for the Israeli Air Force on a private financing initiative ("PFI") basis. Several of the Group's companies also provide advanced engineering and manufacturing services to various customers, utilizing their significant manufacturing capabilities. The Company often cooperates with industries in Israel and in various other countries.

The Company tailors and adapts its technologies, integration skills, market knowledge and battle-proven systems to each customer's individual requirements in both existing and new platforms. By upgrading existing platforms with advanced electronic and electro-optic technologies, the Company provides customers with cost-effective solutions, and its customers are able to improve their technological and operational capabilities within limited defense budgets.

1

The Company operates in a competitive environment for most of its projects, systems and products. Competition is based on product and program performance, price, reputation, reliability, maintenance costs and responsiveness to customer requirements. This includes the ability to respond to rapid changes in technology.

Recent Events

- o On August 10, 2004, the Company announced that Vision Systems International, LLC ("VSI"), Elbit Systems' joint venture with Rockwell Collins, was awarded a \$75.6 million contract for over 300 Joint Helmet Mounted Cueing Systems ("JHMCS") from the Boeing Company. This award is the first Full Rate

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

Production ("FRP") of "JHMCS" following four Low Rate Initial Production ("LRIP") lot deliveries.

- o On August 31, 2004, a subsidiary of EFW Inc., the Company's wholly-owned U.S. subsidiary, acquired most of the assets of Computer Instruments Corporation Inc. of Westbury, New York for a price of approximately \$2 million. The acquired assets relate to the design and manufacture of aviation pressure transducers, air data probes and air data computers. EFW is in the process of moving the operations of the acquired assets to one of its manufacturing facilities in the United States.
- o On September 29, 2004, the Israeli Parliament approved the Amendment to the Income Tax Ordinance (No. 140 and Temporary Provision) (the "Amendment") which reduces the corporate tax rate from 36% to 35% in 2004 and to a rate of 30% in 2007 progressively. Accordingly, the Company recorded the effect of the change in the tax rate in the third quarter of 2004. The adoption of the Amendment did not have a material effect on the Company's financial statements.
- o On November 8, 2004, the Company announced that it was awarded a contract in an amount of approximately \$300 million by the Israeli Ministry of Defense to supply advanced systems. The contract will be performed over a multi-year period. Elbit Systems will supply under this contract airborne systems, command and control systems, logistic support and training. The contract includes integration of various systems, part of whose purpose includes providing advanced solutions in the area of homeland security.
- o On November 8, 2004, the Company's Annual General Meeting of Shareholders approved various modifications to the Company's Articles of Association, which modifications were described in the Proxy Statement filed by the Company with the U.S. Securities and Exchange Association and the Israel Securities Authority on October 18, 2004.
- o On November 10, 2004, the Company announced that it was awarded, in cooperation with the Romanian aircraft manufacturer Avioane Craiova, a \$43 million contract from the Romanian Defense Ministry to supply eight IAR-99 lead-in trainer aircraft, to be executed over a period of approximately three years. As part of the contract, the Company will supply an advanced avionics package which will contribute to savings in pilot training costs and also ACTS, an Advanced Combat Training System, which will aid pilot training and the transition to upgraded MiG-21 aircraft and other future fighters.

Financial Highlights

The Company's revenues increased by 4.5% and reached \$223.8 million in the third quarter of 2004, as compared to \$214.3 million in the third quarter of 2003.

Net earnings in the third quarter of 2004 were \$13.7 million and the diluted earnings per share ("EPS") were \$0.33, as compared to \$12.0

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

million and \$0.30 in the third quarter of 2003. Excluding the phantom option plan non-cash expenses, net earnings in the quarter ended September 30, 2004 were \$14.1 million, and EPS was \$0.34, as compared to \$9.6 million and \$0.24 in the third quarter of 2003.

The Company's backlog as of September 30, 2004 reached \$1.96 billion, as compared to \$1.75 billion as of December 31, 2003.

The Company's cash flow generated from operations in the nine-month period ended September 30, 2004 was \$85.4 million, as compared to \$12.7 million in the nine-month period ended September 30, 2003.

During the third quarter of 2004, the Company distributed an extraordinary dividend of \$1.80 per share.

The Board of Directors declared a dividend of \$0.13 per share for the third quarter of 2004.

B. Backlog of Orders

The Company's backlog of orders as of September 30, 2004 reached \$1,958 million, of which 66% were for orders outside Israel. The Company's backlog as of December 31, 2003 was \$1,752 million, of which 63% were for orders outside Israel.

Approximately 53% of the Company's backlog as of September 30, 2004 is scheduled to be performed in the last quarter of 2004 and during 2005. The majority of the 47% balance is scheduled to be performed in 2006 and 2007.

C. Critical Accounting Policies and Estimates

The Company's significant accounting policies are described in Note 2 to the audited consolidated financial statements for the year ended December 31, 2003 and in Note 2 to the unaudited consolidated financial statements for the quarter ended September 30, 2004. See also the Company's management report for the year ended December 31, 2003.

D. Sarbanes-Oxley Act

According to Section 404 of the U.S. Sarbanes-Oxley Act of 2002, the Company is required to include in its annual report for 2005 an assessment, as of the end of the fiscal year, of the effectiveness of its internal controls over financial reporting.

During 2003 and the first three quarters of 2004, the Company took steps to assure compliance of its documentation and internal controls over financial reporting with the guidelines stipulated in the Sarbanes-Oxley Act. The Company plans to continue with these steps during the remainder of 2004 and 2005.

3

E. New Accounting Standards

The significant accounting policies applied in the preparation of these statements are identical to those applied in preparation of the latest annual financial statements except as follows:

In January 2003, the Financial Accounting Standard Board ("FASB")

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

issued FASB Interpretation No. 46, Consolidation of Variable Interest Entities, an interpretation of ARB No. 51 ("FIN 46"). In December 2003, the FASB modified FIN 46 to make certain technical corrections and address certain implementation issues that arose. FIN 46 provides a new framework for identifying Variable Interest Entities ("VIEs") and determining when a company should include the assets, liabilities, non-controlling interests and results of activities of a VIE in the activities of the company's financial statements. The provisions of FIN 46 were adopted as of March 31, 2004. The adoption of FIN 46 did not have a significant effect on the Company's financial statements.

F. Employee Stock Option Plan

The change in the Company's share price affected the Company's financial results due to the impact of the employee stock option plan adopted in 2000. The plan is comprised of options for 5 million shares, divided into options to purchase up to 2.5 million shares and an additional 2.5 million "phantom" options. The phantom options grant the option holders a number of shares corresponding to the benefit component of the options exercised, as calculated on the exercise date, in consideration for their par value only, and are considered as a variable option plan. The actual number of options granted as of September 30, 2004 was approximately 4.8 million, and the number of outstanding options was approximately 2.5 million.

Under U.S. GAAP, the total compensation is computed periodically according to the change in the share price and amortized as compensation expense, or income, based on the vesting period of the options. The amount of the net expense related to the "phantom" stock option compensation in the third quarter of 2004 was approximately \$0.4 million, and approximately \$3.3 million for the three quarters ended September 30, 2004 (see the Non-U.S. GAAP disclosure below).

Non -U.S. GAAP Disclosure

The Company records non-cash expenses related to its employees option plans, consisting mainly of expenses related to the "phantom" share option plan (See Note 17C to the audited consolidated financial statements for the year ended December 31, 2003). The "phantom" plan expenses are calculated based on the vesting period and the exercise price (set on the date of the options grant) and the Company share price at the end of each period and are not affected directly from the results of operations or the condition of the Company. Accordingly, abnormal costs have been reported due to significant changes in the Company's share price.

The Company believes that the non-cash expenses (income) related to the employees' option plans, do not reflect properly the Company's performance on a period-to-period basis.

The following table sets forth the Company's results of operations excluding the effect of the Company's "Phantom" share option plan, reflecting the manner in which the Company's management evaluates its results of operations.

The Company's sales are primarily to governmental entities and prime contractors under government defense programs. Accordingly, the level of the Company's revenues is subject to governmental budgetary constraints.

Nine Months Ended on September 30, 2004, Compared to Nine Months Ended on September 30, 2003

The Company's consolidated revenues increased by 5.3%, from \$635.2 million in the nine months ended September 30, 2003, to \$669.2 million in the nine months ended September 30, 2004.

7

The following table sets forth the Company's revenue distribution by areas of operation:

	Nine-Month Period ended		
	----- September 30, 2004		----- September
	\$ millions	%	\$ millions
Airborne systems	284.5	42.5	304.8
Land systems	154.0	23.0	118.4

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

C4I systems	93.5	14.0	95.4
Electro-optics	98.9	14.8	79.1
Other (mainly non-defense engineering and production services)	38.2	5.7	37.5
	-----	-----	-----
Total	669.2	100.0	635.2
	=====	=====	=====

The decrease in the airborne systems sales was mainly a result of completion of certain upgrade programs and a temporary reduction of commercial avionics systems.

The increase in the land systems revenues of approximately 30% was mainly due to revenues from various fire control systems sold for new land systems projects, the M-60 project in Europe and the Bradley project in the U.S..

The following table sets forth the Company's distribution of revenues by geographic regions:

	Nine-Month Period ended			
	September 30, 2004		September 30, 2003	
	\$ millions	%	\$ millions	%
Israel	163.4	24.4	186.3	29.3

Net finance expense in the quarter ended September 30, 2004 was \$1.6 million (0.7% of revenues), as compared to \$0.2 million (0.1% of revenues) in the quarter ended September 30, 2003.

The increase in the net finance expense resulted from exchange rate differences in the third quarter of 2004, as well as from the finance income recognized in the third quarter of 2003.

Nine Months Ended on September 30, 2004, Compared to Nine Months Ended on September 30, 2003

Net finance expense in the nine months ended September 30, 2004 was \$2.9 million (0.4% of revenues), as compared to \$3.5 million (0.5% of revenues) in the nine months ended September 30, 2003.

Taxes on Income

The Company's tax rate represents a weighted average of the tax rates to which the various companies in the Group are subject. The changes in the effective tax rate are attributable to the mix of the tax rates in the various tax jurisdictions in which the Group's companies generating the taxable income operate.

Three Months Ended on September 30, 2004, Compared to Three Months Ended on September 30, 2003

Provision for taxes in the quarter ended September 30, 2004 was \$4.0 million (effective tax rate of 25.4%), as compared to a provision for

The number of shares used for computation of diluted EPS in the nine months ended September 30, 2004 was 40,924 thousand shares, as compared to 40,198 thousand shares in the nine months ended September 30, 2003. The increase in the number of shares used for computation of diluted EPS was due mainly to the exercise of options by employees during the period.

J. Liquidity and Capital Resources

The Company's cash flows are effected by the cumulative cash flows of its various projects in the reported periods. Project cash flows are affected by the timing of the receipt of advances and the collection of accounts receivable from customers, which relate to specific events during the project, while expenses are on-going. As a result, the Company's cash flows may vary from one period to another.

The Company's policy is to invest its cash surplus primarily in interest bearing deposits in accordance with its projected needs.

The resources available to the Company include mainly profits, collection of accounts receivable, advances from customers, as well as Government of Israel grants and participation and bank financing in Israel and elsewhere based on its capital, assets and activities. In addition, the Company has the ability to raise funds through the offering of shares and debentures to the public from time to time.

The Company's net cash flows generated from operating activities in the nine-month period ended September 30, 2004 were \$85.4 million, resulting mainly from net income for the period and collection of accounts receivable, which was partly offset by an increase in inventories.

Net cash flows used for investment activities in the quarter ended September 30, 2004 were \$33.4 million, which were used mainly for procurement of property, plant and equipment. The investments were made primarily in equipment for the Group's various manufacturing plants and in a building constructed at Elbit Systems' facility in Haifa, Israel.

Net cash flows used for financing activities in the nine-month period ended September 30, 2004 were \$68.5 million, which were used mainly for paying dividends.

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

On September 30, 2004, the Company had total borrowings in the amount of \$78.4 million, including \$66.7 million in long-term loans, and \$397 million in guarantees issued on its behalf by banks, mainly in respect of advance payment and performance guarantees provided in the regular course of business. On September 30, 2004, the Company had a cash balance amounting to \$59.6 million.

As of September 30, 2004, the Company had working capital of \$175.7 million, and its current ratio was 1.46. The Company's ratio of equity to total assets was 41.9%.

13

K. Derivatives and Hedges

Market risks relating to the Company's operations result primarily from changes in interest rates and exchange rates. The Company typically uses financial instruments to limit its exposure to those changes. The Company also typically enters into forward contracts in connection with transactions that are denominated in currencies other than U.S. dollars and New Israeli Shekels ("NIS"). The Company may enter from time to time into forward contracts and other hedging instruments related to NIS, based on market conditions.

On September 30, 2004, the Company's liquid assets were comprised of bank deposits, and it had no investments in liquid equity securities that were subject to market fluctuations. The Company's deposits and loans are based on variable interest rates, and their value as of September 30, 2004 was therefore not exposed to changes in interest rates. Should interest rates either increase or decrease, such change may affect the Company's results of operations due to changes in the cost of its liabilities and the return on its assets that are based on variable rates.

The Company's functional currency is the U.S. dollar. On September 30, 2004, the Company had exposure due to liabilities denominated in NIS of \$62 million in excess of its NIS denominated assets. These liabilities represent mostly wages and trade payables. The amount of the Company's exposure to the changes in the NIS-U.S. dollar exchange rate varies from time to time. On September 30, 2004, the Company had options for hedging future cash flows denominated in NIS in the amount of

\$21 million and denominated in GBP in the amount of \$144 million. The fair market value of the options as of September 30, 2004 and 2003 amounted to \$0.5 million and \$0.4 million respectively.

Most of the Company's assets and liabilities which are denominated in currencies other than the NIS and the U.S. dollar were covered as of September 30, 2004 by forward contracts. On September 30, 2004, the Company had contracts for the sale and purchase of such foreign currencies totaling \$32.3 million. The results of financial derivative activities in this quarter were not material.

L. Dividends

The Board of Directors declared on November 15, 2004 a dividend of \$0.13 per share.

ELBIT SYSTEMS LTD. AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED

(In thousands of U.S. dollars)

Note 1 - GENERAL

The accompanying financial statements have been prepared in a condensed format as of September 30, 2004, and for the nine months and three months then ended in accordance with generally accepted accounting principles in the United States)U.S. GAAP(relating to the preparation of financial statements for interim periods. Accordingly, certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States but which are not required for interim reporting purposes, have been condensed or omitted. See Note 6 for the reconciliation from U.S. GAAP to accounting principles generally accepted in Israel (Israeli GAAP).

These financial statements should be read in conjunction with the Company's annual financial statements and accompanying notes as of December 31, 2003.

The interim financial statements reflect all adjustments, which are, in the opinion of management, necessary for a fair presentation. All such adjustments were of a normal recurring nature.

Operating results for the nine months ended September 30, 2004, are not necessarily indicative of the results that may be expected for the year ending December 31, 2004.

Note 2 - SIGNIFICANT ACCOUNTING POLICIES

A. The significant accounting policies followed in the preparation of these statements are identical to those applied in preparation of the latest annual financial statements except as follows:

In January 2003, the Financial Accounting Standards Board (FASB) issued Interpretation 46, Consolidation of Variable Interest Entities, an interpretation of ARB No. 51 (FIN 46). In December 2003, the FASB modified FIN 46 to make certain technical corrections and address certain implementation issues that had arisen. FIN 46 provides a new framework for identifying variable interest entities (VIEs) and determining when a company should include the assets, liabilities, non-controlling interests and results of a VIE in its consolidated financial statements.

In general, a VIE is a corporation, partnership, limited

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

liability corporation, trust or any other legal structure used to conduct activities or hold assets that either (1) has an insufficient amount of equity to carry out its principal activities without additional subordinated financial support, (2) has a group of equity owners that are unable to make significant decisions about its activities or (3) has a group of equity owners that do not have the obligation to absorb losses or the right to receive returns generated by its operations.

10

ELBIT SYSTEMS LTD. AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED

(In thousands of U.S. dollars)

Note 2 - SIGNIFICANT ACCOUNTING POLICIES (CONT.)

FIN 46 requires a VIE to be consolidated if a party with an ownership, contractual or other financial interest in the VIE (a variable interest holder) is obligated to absorb a majority of the risk of loss from the VIE's activities, is entitled to receive a majority of the VIE's residual returns (if no party absorbs a majority of the VIE's losses), or both. A variable interest holder that consolidates the VIE is called the primary beneficiary. Upon consolidation, the primary beneficiary generally must initially record all of the VIE's assets, liabilities and non-controlling interest at fair value and subsequently account for the VIE as if it were consolidated based on majority voting interest. FIN 46 also requires disclosures about VIEs that the variable interest holder is not required to consolidate but in which it has a significant variable interest.

FIN 46 was effective immediately for VIEs created after January 31, 2003. The provisions of FIN 46, as revised, were adopted as of September 30, 2004 for the Company's interests in all VIEs. The adoption of FIN 46 did not have a significant effect on the Company's financial statements.

- B. The accompanying financial statements have been prepared in U.S. dollars since the functional currency of the primary economic environment in which the operations of the Group (which includes Elbit Systems Ltd. and its subsidiaries) are conducted is the U.S. dollar.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED

(In thousands of U.S. dollars, except per share data)

Note 4 - STOCK-BASED COMPENSATION

The Company has elected to follow Accounting Principles Board Opinion No. 25. ("APB 25") "Accounting for Stock Issued to Employees" and the FASB Interpretation No. 44, "Accounting for Certain Transactions Involving Stock Compensation" in accounting for its employee stock option plans. According to APB 25, compensation expense is measured under the intrinsic value method, whereby compensation expense is equal to the excess, if any, of the quoted market price of the stock at the grant date of the award or other measurement date over the exercise price.

The Company adopted the disclosure provisions of Financial Accounting Standards Board Statement No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure" ("SFAS No. 148"), which amended certain provisions of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123") to provide alternative methods of transition for an entity that voluntarily changes to the fair value based method of accounting for stock-based employee compensation, effective as of the beginning of the fiscal year. The Company continues to apply the provisions of APB No. 25, in accounting for stock-based compensation.

Pro forma information regarding the Company's net income and net earnings per share is required by SFAS No. 123 and has been determined as if the Company had accounted for its employee stock options under the fair value method prescribed by SFAS No. 123.

If compensation cost had been determined under the alternative fair value accounting method provided under SFAS No. 123, the Company's stock-based employee compensation cost, net income and basic and diluted net earnings per share would have changed to the following pro forma amounts:

Note 5 - AMENDMENT TO THE INCOME TAX ORDINANCE

On September 29, 2004, the Israeli Parliament approved the Amendment to the Income Tax Ordinance (No. 140 and Temporary Provision) (the "Amendment") which reduces the corporate tax rate from 36% to 35% in 2004 and to a rate of 30% in 2007 progressively. The Amendment was signed and published in July 2004 and is therefore considered enacted in July 2004. Accordingly, the Company recorded the effect of the change in the tax rate in the third quarter of 2004. The adoption of the Amendment did not have a significant effect on the Company's financial statements.

Note 6 - RECONCILIATION TO ISRAELI GAAP

As described in Note 1, the Company prepares its financial statements in accordance with U.S. GAAP. See Note 26 to the 2003 annual financial statements for a description of the differences between U.S. GAAP and Israeli GAAP in respect to the Company. The effects of the differences between U.S. GAAP and Israeli GAAP on the Company's financial statements are detailed below.
