## Earning Release

# ELBIT SYSTEMS REPORTS STRONG FIRST QUARTER 2009 RESULTS

*Record backlog of orders at \$5.1 billion;*

*Revenues increased by 6.6% YoY to \$657 million;*

*Diluted net earnings per share increased by 36% YoY to \$1.02*

**Haifa, Israel, May 20, 2009** – Elbit Systems Ltd. (the “Company”) (NASDAQ: ESLT, TASE: ESLT), the international defense company, today reported its consolidated financial results for the first quarter ended March 31, 2009.

**Consolidated revenues** increased by 6.6% to \$656.9 million, as compared to \$616.1 million in the first quarter of 2008. The Company’s revenues in the C4ISR area of operations increased significantly in the first quarter of 2009 compared to the first quarter of 2008, as a result of increased sales of communication equipment and unmanned air vehicle systems to a number of customers. Other than relatively minor fluctuations, the percentage mix of revenues derived from the various geographical regions remained steady, as compared to the first quarter of 2008.

**Gross profit** increased by 22% to \$208.3 million (31.7% of revenues) for the first quarter of 2009, as compared with gross profit of \$170.7 million (27.7% of revenues) in the first quarter of 2008. The strong gross profit margin was primarily the result of a mix of projects performed with higher gross profit, and in part due to the strength of the U.S. Dollar versus the Israeli Shekel during the first quarter of 2009, which affected the labor costs incurred in Shekels.

**Research and development (“R&D”)** - The Company continually invests in R&D in order to maintain and further advance its technologies, in accordance with its long-term plans. In the quarter ended March 31, 2009 net R&D expenses totaled \$45.9 million (7.0% of revenues), as compared to \$38.0 million (6.2% of revenues) in the quarter ended March 31, 2008.

**Marketing and selling expenses** - The Company incurs marketing and selling expenses in developing new markets and pursuing from time to time various business opportunities according to the Company’s plan. Marketing and selling expenses in the quarter ended March 31, 2009 were

## Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

\$56.9 million (8.7% of revenues), as compared to \$52.5 million (8.5% of revenues) in the quarter ended March 31, 2008.

**General and administrative (“G&A”) expenses** were \$28.9 million (4.4% of revenues) in the quarter ended March 31, 2009, as compared to \$31.6 million (5.1% of revenues) in the quarter ended March 31, 2008.

**Net financial expenses** were \$19 million in the quarter ended March 31, 2009, as compared to \$4.6 million in the quarter ended March 31, 2008. The increase in net financial expenses was mainly a result of the strengthening of the U.S. Dollar against the Israeli Shekel, which affected the value of the Company’s currency hedge derivatives in Israeli Shekels.

---

## Earning Release

**Provision for taxes** was \$12.2 million (effective tax rate of 21.3%) in the quarter ended March 31, 2009, as compared to a provision for taxes of \$7.9 million (effective tax rate of 16.5%) in the quarter ended March 31, 2008. The change in the effective tax rate is attributable mainly to the mix of the tax rates in the various tax jurisdictions in which the Company entities generating the taxable income operate.

**Net income attributable to the Company** increased by 34.5% to \$43.3 million (6.6% of revenues) for the first quarter of 2009, as compared with \$32.2 million (5.2% of revenues) in the first quarter of 2008. According to SFAS No. 160, which is applicable to the Company's results for the first time in the first quarter of 2009, consolidated net income attributable to the Company is calculated after eliminating net income or loss attributable to non-controlling interests.

**Diluted net earnings per share attributable to the Company** for the first quarter of 2009 was \$1.02, as compared with \$0.75 for the first quarter of 2008, an increase of 36%.

**The Company's backlog of orders** totaled \$5,091 million as of March 31, 2009, as compared with \$5,030 million as of December 31, 2008. Approximately 67% of the backlog relates to orders outside of Israel. Approximately 72% of the Company's backlog as of March 31, 2009, is scheduled to be performed during the upcoming three quarters of 2009 and during 2010.

**Operating Cash flow** was \$5.4 million during the first quarter of 2009, as compared to \$66.3 million in the first quarter of 2008. The decrease in the operating cash flow in the first quarter of 2009 was mainly a result of a reduction in the overall amount of advanced payments from customers.

### Recent Events:

On April 7, 2009, the Company completed the purchase of the minority shares of its previously 51%-owned subsidiary Kinetics Ltd. ("Kinetics"). The Company purchased the remaining 49% of the shares from Kinetics' minority shareholders for a maximum total consideration of \$118 million, of which \$110 million was paid upon closing, and the balance is subject to Kinetics' 2009 financial results.

On May, 5, 2009, the Company's wholly-owned subsidiary Elbit Systems of America, LLC, was selected as part of an industry team led by Rockwell Collins for the system integration and prototype phase of the Ground Soldier Ensemble (GSE) program for the U.S. Army. Elbit Systems of America and Rockwell Collins together formed "Team Spartan". The team was selected, as one of three teams, in a competition among several U.S. companies to develop the next-generation soldier-worn computer system. The system will provide situational awareness to soldiers during intense operations in a configuration that optimizes size, weight and power and can be customized for different missions.

On May 7, 2009, the Company's subsidiary, Elisra Electronic Systems Ltd. (Elisra), was awarded a contract by Lockheed Martin Canada Ltd. valued at approximately \$55 million to supply Electronic Warfare (EW) equipment for the Canadian Navy's Halifax Frigate Modernization

## Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

program. Elisra's systems were selected after meeting the strict standards and challenges required by the customer.

On May 14, 2009, the Company's wholly owned U.S. subsidiary, Elbit Systems of America announced the award of a contract from the U.S. Army for the Mortar Fire Control (MFC) Systems Integration program. The contract is a hybrid Indefinite Delivery /Indefinite Quantity-Time and Materials (ID/IQ-T&M) type contract, which provides for orders up to \$197.5 million amount over a five-year period. The initial order under the contract is valued at approximately \$22 million and is expected shortly.

---

## **Earning Release**

On May 17, 2009, the Company's subsidiary, Elbit Systems of America, and General Dynamics Armament and Technical Products announced the formation of a new joint venture named UAS Dynamics, LLC, to provide unmanned aerial systems (UAS) to the Department of Defense and other potential U.S. government customers through programs such as the recently announced U.S. Marine Corps' Small Tactical Unmanned Aircraft Systems (STUAS)/Tier II program. The solutions that UAS Dynamics will offer are based on advanced, mature UAS designs that accumulated more than 150,000 operational flight hours to date: the combat-proven Hermes® and Skylark® systems, developed and fielded by the Company. UAS Dynamics will adapt those proven designs to incorporate new logistics resources to rapidly field and satisfy evolving U.S. requirements.

On May 18, 2009, the Company announced it was awarded a contract valued at €25 million to supply the Austrian Army with Elbit Systems' new 12.7mm unmanned Electrically Remote Controlled Weapon Stations. The systems will be delivered over the course of the next four years. The contract for the Austrian Army was signed between Elbit Systems and IVECO S.p.A., a subsidiary of the Fiat Group, prime contractor for the program. The Weapon Stations provided by Elbit Systems will be integrated into IVECO Defence Vehicles' Light Multi-role Vehicles (LMV) 4X4.

### **Management Comment:**

The President and CEO of Elbit Systems, Joseph Ackerman, commented: "We are satisfied with the first quarter's profitability, which resulted in part from our efficient management of business synergies. The growth in the C4ISR area of operations is encouraging and a good example of our ability to successfully foresee our customers' needs. We have also witnessed continued demand in other areas of our activity. Based on all these factors, we expect a double digit growth in revenues in 2009, as compared to 2008."

Mr. Ackerman added: "Based on our recent acquisitions, as well as our recent announcements regarding cooperation with industry leaders, we continue to feel confident about our future success."

### **Dividend:**

The Board of Directors declared a dividend of \$0.30 per share for the first quarter of 2009. The dividend's record date is June 2, 2009, and the dividend will be paid on June 15, 2009, net of taxes and levies, at the rate of 16.61%.

*This press release contains forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended) regarding Elbit Systems Ltd. And/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current fact. Forward Looking Statements are based on management's expectations, estimates, projections and assumptions. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. The Company does not undertake to update its forward-looking statements.*
