Elbit Systems Awarded an Israeli Ministry of Defense Follow-on Order for the Digital Army Program

Out of the follow on program, valued at a total of \$300 million, \$40 million contract has been awarded, with the additional orders due to be received subsequently

Haifa, Israel, July 25, 2011 – Elbit Systems Ltd. (NASDAQ and TASE:ESLT) ("Elbit Systems") announced today that it was awarded a \$40 million order by the Israel Ministry of Defense (MOD) for the follow- on Digital Army Program (DAP). The total value of this phase of the program is approximately \$300 million and the additional orders are due to be received subsequently. The program will be performed over several years

The DAP enables force coordination at all levels, access to updated situational pictures, improved overall operational capabilities, including survivability and accuracy and more efficient utilization of personnel and other resources. The contract calls for the supply and support of all hardware and software, including command and control stations, data processing and distribution systems.

The DAP currently is in the advanced implementation process of Phase One Of the program.

This press release contains forward looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended) regarding Elbit Systems Ltd.

and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current fact. Forward Looking Statements are based on management's expectations, estimates, projections and assumptions. Forward looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results, performance and trends may differ materially from these forward looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward looking statements speak only as of the date of this release. The Company does not undertake to update its forward-looking statements.
