JUNE 11, 2002, AND ADJOURNMENTS

APPROXIMATE DATE PROXY MATERIAL FIRST SENT TO SHAREHOLDERS:

SOLICITATION, VOTING AND REVOCABILITY OF PROXIES

The proxy furnished herewith, for use only at the Annual Meeting of Shareholders to be held at 10:00 a.m. on Tuesday, June 11, 2002, in the Doubletree Hotel, 2001 Post Oak Blvd., Houston, Texas, and any and all adjournments thereof, is solicited by the Board of Directors of Stewart & Stevenson Services, Inc. (the "Company"). Such solicitation is being made by mail and may also be made in person or by telephone by officers, directors and regular employees of the Company, and arrangements may be made with brokerage houses or other custodians, nominees and fiduciaries to send proxy material to their principals. In addition, the Company has retained Morrow & Co., Inc., a professional proxy solicitation firm, to assist in the solicitation of proxies. The Company has agreed to reimburse Morrow & Co., Inc. for expenses incurred in connection with the solicitation and to pay a solicitation fee of approximately \$4,000. The Company will pay all expenses incurred in this solicitation of proxies.

As of the date of these proxy materials, the Board of Directors is aware of the following matters that will be considered at the meeting:

1. The election of four directors to the Board of Directors of the Company.
2. The approval of the Amended and Restated 1996 Director Stock Plan.
3. The ratification of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending January 31, 2003.

The presence of the holders of a majority of the issued and outstanding shares of Common Stock entitled to vote, either in person or represented by proxy, is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Proxies that withhold authority to vote for a nominee or abstain from voting on any matter are counted for the purpose of determining whether a quorum is present. Broker non-votes, which may occur when a broker or nominee has not received timely voting instructions on certain proposals, are not counted for the purpose of determining whether a quorum is present. If there are not

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

sufficient shares represented at the meeting to constitute a quorum, the meeting may be adjourned until a specified future date to allow the solicitation of additional proxies.

Directors are elected by a plurality of the votes cast at the meeting. The four nominees that receive the greatest number of votes will be elected even though the number of votes received may be less than a majority of the shares represented in person or by proxy at the meeting. Proxies that withhold authority to vote for a nominee and broker non-votes will not prevent the election of such nominee if other shareholders vote for such a nominee.

The approval of the Amended and Restated 1996 Director Stock Plan requires the affirmative vote of a majority of the shares represented in person or by proxy at the meeting. Proxies that abstain from voting on this proposal have the same effect as a vote against this proposal. Broker non-votes will not have any effect on this proposal.

The ratification of Ernst & Young LLP as the Company's independent auditors requires the affirmative vote of a majority of the shares represented in person or by proxy at the meeting. Proxies that abstain from voting on this proposal have the same effect as a vote against this proposal. Broker non-votes will not have any effect on this proposal.

Any shareholder executing a proxy retains the right to revoke it by signing and delivering a proxy bearing a later date, by giving notice of revocation in writing to the Secretary of the Company at any time prior to its use, or by voting in person at the meeting. All properly executed proxies received by the Company and not revoked will be voted at the meeting, or any adjournment thereof, in accordance with the specifications of the shareholder. IF NO INSTRUCTIONS ARE SPECIFIED ON THE PROXY, SHARES REPRESENTED THEREBY WILL BE VOTED FOR THE ELECTION OF THE FOUR DIRECTOR NOMINEES DESCRIBED HEREIN, FOR THE APPROVAL OF THE AMENDED AND RESTATED 1996 DIRECTOR STOCK PLAN AND FOR THE RATIFICATION OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING JANUARY 31, 2003. PROXIES ALSO GRANT DISCRETIONARY AUTHORITY AS TO MATTERS PRESENTED AT THE MEETING OF WHICH THE BOARD OF DIRECTORS HAD NO NOTICE ON THE DATE HEREOF, APPROVAL OF THE MINUTES OF THE PRIOR ANNUAL MEETING AND MATTERS INCIDENT TO THE CONDUCT OF THE MEETING.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors held seven meetings during the fiscal year ended January 31, 2002 ("Fiscal 2001"). During Fiscal 2001, no director attended fewer than 75% of the aggregate of (a) the total number of meetings of the Board of Directors (held during the period for which he was a director) and (b) the total number of meetings held by all committees of the Board of Directors on which he served (during the periods that he served).

The Audit Committee of the Board of Directors consists of four independent (as defined in Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards) non-employee directors. The Audit Committee reviews with the Company's independent auditors the plan, scope and results of the annual audit; reviews with the Company's independent auditors and internal auditors the procedures for and results of internal auditing and controls; and reviews with management the effectiveness of various operational policies and controls. The Audit Committee recommends to the Board of Directors the employment of independent auditors and considers, in general, the audit services to be performed by such independent auditors and the possible effect on the independence of the independent auditors from the performance of non-audit services. The Board of Directors has adopted a written charter governing the responsibilities of the Audit Committee, a copy of which is attached as Exhibit A to these proxy materials. The Audit Committee held thirteen meetings during Fiscal 2001.

The Compensation and Management Development Committee recommends the total compensation payable by the Company to its executive officers, subject to approval by those members of the Board of Directors that are not and never have been an officer of the Company or its subsidiaries; grants options pursuant to the option plans relating to officers and employees; conducts such investigations and studies as it deems necessary; and considers management succession and related matters. The Compensation and Management Development Committee held three meetings during Fiscal 2001.

The Corporate Governance Committee selects nominees for the Board of Directors of the Company. The Corporate Governance Committee considers nominees submitted by

the members of the Board of Directors, the officers of the Company and the Company's shareholders. Nominees for the Board of Directors may be submitted to the Chairman of the Corporate Governance Committee at the Company's executive offices for consideration by the Corporate Governance Committee. In addition, the Corporate Governance Committee administers the principles and practices established by the Board of Directors. The Corporate Governance Committee held three meetings during Fiscal 2001.

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company's Compensation and Management Development Committee (the "Compensation Committee") consists of Messrs. Charles R. Ofner, Max L. Lukens, Monroe M. Luther and Howard Wolf, all of whom are non-employee directors. None of the Compensation Committee members has served as an officer of the Company, and none of the Company's executive officers has served as a member of a compensation committee or board of directors any other entity that has an executive officer serving as a member of the Company's Board of Directors.

COMPENSATION OF DIRECTORS

During Fiscal 2001, directors whose principal occupation is other than employment with the Company were compensated at the rate of \$15,000 per year plus \$1,000 for each meeting of the Board of Directors and each committee meeting attended in person and \$500 for each meeting attended by telephone. Each committee chairman received an annual fee of \$4,000. The Chairman of the Board received additional compensation in the amount of \$18,000. The directors were also reimbursed for any out-of-pocket expenses incurred to attend meetings. The Company has a retirement plan for directors, but accrual of benefits thereunder terminated after the 1997 Annual Meeting. Under such retirement plan, non-employee directors, including those directors that are retired officers of the Company, with 60 months of continuous service on the Board of Directors will receive \$1,000 per month for a period equivalent to service on the Board of Directors up to a maximum of 120 months, commencing on the month following their 70th birthday or the date such director ceases to serve on the Board, whichever is later.

During Fiscal 2001, each director who was not an officer or employee of the Company participated in the 1996 Director Stock Plan (the "1996 Plan"). Under the 1996 Plan, such directors received, on the date of the Annual Meeting in 2001, (i) the number of shares of the Company's Common Stock determined by dividing (A) the sum of \$15,000 by (B) the fair market value of a share of the Company's Common Stock, and (ii) options to purchase 3,000 shares of the Company's Common Stock. The options were granted at the closing price on the date of grant and will become exercisable on the first anniversary of the grant. All options granted under the 1996 Plan expire on the tenth anniversary of the grant.

AMENDED AND RESTATED 1996 DIRECTOR STOCK PLAN

On April 9, 2002, the Board of Directors adopted the Stewart & Stevenson Services, Inc. Amended and Restated 1996 Director Stock Plan (the "Amended and Restated 1996 Plan"), subject to the approval thereof by the shareholders of the Company. The Amended and Restated 1996 Plan was adopted primarily (i) because most of the shares available for grant under the existing 1996 Director Stock Plan had been granted, and (ii) to maintain market-rate benefits for our non-employee directors and allow us to continue to attract high-quality independent non-employee directors. The Amended and Restated 1996 Plan is intended to encourage the ownership of the Company's Common Stock by the independent directors of the Company and to provide an additional means for the Company to attract and retain qualified persons to act as independent directors of the Company. THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS APPROVE THE AMENDED AND RESTATED 1996 PLAN. UNLESS OTHERWISE INDICATED, ALL PROPERLY EXECUTED PROXIES RECEIVED BY THE COMPANY WILL BE VOTED FOR SUCH APPROVAL AT THE ANNUAL MEETING OR ANY ADJOURNMENT THEREOF. The summary of the Amended and

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

Restated 1996 Plan set forth below is qualified in its entirety by reference to the Amended and Restated 1996 Plan, a copy of which is included as Exhibit B to these proxy materials.

ELIGIBILITY; DIRECTOR STOCK AWARDS; GRANT OF OPTIONS

Each director that is not an officer or employee of the Company or one of its subsidiaries on the date of grant is eligible to participate in the Amended and Restated 1996 Plan. On the date hereof, there are seven directors eligible to participate in the Amended and Restated 1996 Plan.

On the date of each Annual Meeting of Shareholders, the Amended and Restated 1996 Plan provides for the automatic award and issue to each eligible director who is elected to serve as a director at, or whose term as director continues after, such meeting, the number of shares of the Company's Common Stock determined by dividing (i) the sum of \$15,000 by (ii) the fair market value of a share of the Company's Common Stock on the date of such meeting.

Also on the date of each Annual Meeting of Shareholders, the Amended and Restated 1996 Plan provides for the automatic grant of an option to purchase 5,000 shares of the Company's Common Stock to each eligible director who is elected to serve as a director at, or whose term as director continues after, such meeting. The Board of Directors may, in its discretion by majority vote, increase or decrease the number of shares subject to such automatic grant. Additionally, the Amended and Restated 1996 Plan provides that the Board of Directors may, from time to time in their discretion, grant one or more eligible director(s) an additional option to purchase shares of the Company's Common Stock.

DESCRIPTION OF OPTIONS

Options granted pursuant to the Amended and Restated 1996 Plan have an exercise price equal to the last transaction price reported by the National Association of Securities Dealers Automated Quotation, National Market System on the date of grant, or if there is no transaction on the date of grant, on the first preceding date on which there is a transaction in the Company's Common Stock. The Company will not (i) decrease the exercise price of any option

10

after the date of grant or (ii) permit outstanding options to be surrendered to the Company as consideration for the grant of new options with a lower exercise price.

Such options vest and become exercisable on the first anniversary of the grant and become fully vested and immediately exercisable if the recipient dies, fails to stand for re-election or be re-elected, or retires after serving at least 60 consecutive calendar months as a director of the Company. Options also become fully vested and immediately exercisable if the Company merges, consolidates or combines with another company and the Company is not the surviving entity. All options granted pursuant to the Amended and Restated 1996 Plan terminate on the tenth anniversary of the date of grant or one year after recipient ceases to be a director of the Company, whichever first occurs. The exercise price under any option may be paid either in cash or by delivering certificates representing shares of the Company's Common Stock having a market value on the date of exercise equal to the exercise price.

FEDERAL INCOME TAX CONSEQUENCES

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

The options are not intended to qualify for any special tax treatment under any provision of the Internal Revenue Code of 1986, as amended. The grant of options under the Amended and Restated 1996 Plan will not result in taxable income to the recipient or a deduction to the Company on the date of grant. The recipient will be deemed to have received taxable income, and the Company will be entitled to a deduction equal to the difference between the market price and the exercise price at the time an option is exercised.

AMENDMENTS

The Board of Directors may amend, suspend or terminate the Amended and Restated 1996 Plan at any time. However, no such amendment, suspension or termination will affect any outstanding stock award or option without the holder's consent.

The following table sets forth the estimated annual benefits that will be received by each of the persons or groups set forth therein under the Amended and Restated 1996 Plan if approved by the shareholders.

SELECTION OF INDEPENDENT AUDITORS

The Board of Directors, upon recommendation of the Audit Committee, has appointed Ernst & Young LLP as independent auditors of the Company for the fiscal year ending January 31, 2003. Arthur Andersen LLP served as the Company's independent auditors for the fiscal year ended January 31, 2002. THE BOARD OF DIRECTORS RECOMMENDS THAT THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS FOR THE COMPANY FOR THE FISCAL YEAR ENDING JANUARY 31, 2003 BE RATIFIED BY THE SHAREHOLDERS. UNLESS OTHERWISE INDICATED, ALL PROPERLY EXECUTED PROXIES RECEIVED BY THE COMPANY WILL BE VOTED FOR SUCH RATIFICATION AT THE ANNUAL MEETING OR ANY ADJOURNMENT THEREOF. An adverse vote will be considered a direction to the Audit Committee to select other independent auditors in the following year.

On April 22, 2002, the Board of Directors, upon recommendation of the Audit Committee, made a determination to no longer engage Arthur Andersen LLP ("Arthur Andersen") as its independent auditors and appointed Ernst & Young LLP as the Company's independent auditors for the fiscal year ending January 31, 2003.

Arthur Andersen's reports on the Company's consolidated financial statements for the fiscal years ended January 31, 2002 and 2001 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

During the fiscal years ended January 31, 2002 and 2001 and through the date of the dismissal of Arthur Andersen, there were no disagreements with Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused it to make reference to the subject matter in connection with its report on the Company's consolidated financial statements for such years; and there were no reportable events as specified in Item 304(a)(1)(v) of Regulation S-K.

During the fiscal years ended January 31, 2002 and 2001 and through the date of the dismissal of Arthur Andersen, the Company did not consult Ernst & Young LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K. A representative of Ernst & Young LLP will be present at the Annual Meeting to make a statement if such representative desires and to respond to appropriate questions. A representative of Arthur Andersen LLP has been invited to attend the Annual Meeting to make a statement if such representative desires and to respond to appropriate questions.

REPORT OF THE COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE

TO THE SHAREHOLDERS OF STEWART & STEVENSON SERVICES, INC.

The Compensation and Management Development Committee of the Board of Directors (the "Committee") consists of four independent, non-employee directors who have no "interlocking" relationships as defined by the Securities and Exchange Commission. The Committee reviews and recommends all salary arrangements and other executive compensation for approval by the independent members of the Board of Directors, approves the design of executive compensation programs, administers such programs and assesses their effectiveness in supporting the Company's compensation policies. The Committee also evaluates executive performance and considers management succession and related matters. The Committee is authorized to, and does, retain independent consultants to assist in the design of compensation programs and assess their effectiveness.

The Committee is committed to implementing a compensation program that encourages creation of shareholder value. To facilitate the achievement of the Company's business strategies, the Committee adheres to the following compensation policies:

To strengthen the relationship between pay and performance, executive's annual and long-term compensation programs will include variable compensation that is dependent upon the contribution of each executive to the Company's performance.

To focus management on the achievement of both short-term performance goals and the long-term interests of shareholders, a significant portion of each executive's total compensation will consist of "at-risk" compensation.

To enable the Company to attract, retain and encourage the development of

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

the best available executive personnel, competitive compensation opportunities will be offered.

The Committee, with the assistance of its independent compensation consultants, has evaluated the function of each executive position to determine the skill, knowledge, and accountability required. Using this information, the Committee is able to compare the compensation of each executive officer with a broad base of compensation paid to others occupying positions with a similar relative job content.

TOTAL COMPENSATION

The key elements of the Company's executive compensation program are base salary, annual incentives and long-term incentives, each of which is addressed separately below. In determining each component of compensation, the Committee considers all elements of an executive's total compensation package and the relationship of such executive's total compensation to the total compensation paid to the executives with similar position content.

Mr. Michael L. Grimes served as President and Chief Executive Officer of the Company during the twelve months ended January 31, 2002 ("Fiscal 2001"). Total compensation paid to Mr. Grimes during Fiscal 2001 was below the median amount paid to other executives with similar position content. Total compensation paid to other executive officers of the Company was

14

generally consistent with the median total compensation paid to executives with similar position content. However, relative competitiveness of compensation varied significantly among individual executives largely due to historical practice, changes in roles and responsibilities, and new hirings.

BASE SALARY

Base salary levels are targeted at the median levels of compensation for executives with similar position content and targeted within a range of plus or minus 20% of the median. The Committee reviews each executive's salary on an annual basis. Increases to base salaries are driven primarily by changes in the relative job content of the executive's position, the expected contributions of the executive in the upcoming fiscal year, and changes in the competitive market compensation practice. Individual performance, experience, past performance and historical salary levels are also considered. In making its evaluation, the Committee has not assigned particular weights to these factors.

Base salaries established by the Committee for Fiscal 2001 were generally within the administrative range. Several officers' salaries were above the median for positions with similar job content because of recent assignment to new positions or decreases in content during prior periods. Mr. Grimes' base salary was below the median base salary for positions with similar content.

ANNUAL INCENTIVES

The Company provides an annual bonus opportunity to executives. Annual bonuses motivate executives to maximize short-term performance as a part of achieving long-term goals.

At the beginning of Fiscal 2001, the Committee and the Company adopted a Management Incentive Compensation Plan ("MICP") providing for cash bonus opportunities for individual executive officers between 10% and 60% of their

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

base salary if certain individual and Company performance targets are met. In determining the relative percentage of base salary for each individual executive's bonus opportunity, the Committee considered the aggregate total compensation paid by the Company to such person compared to amounts paid by other companies to executives with similar position content. The performance targets used in the MICP to determine whether all or part of an individual executive's bonus opportunity is awarded, are based upon (i) the performance of the Company compared to pre-established goals, (ii) the performance of a particular cost center, profit center, or business function for which each individual executive is responsible compared to pre-established goals, and (iii) the commitment of the individual to ethical business practices. Approximately 70% of the target bonus for each executive officer is based on financial measurements of the Company's and/or individual profit center performance and the balance is based on non-financial goals and considerations.

Bonus payments approved by the Committee for Fiscal 2001 were calculated under the terms of the MICP. In determining the criteria for Mr. Grimes' bonus opportunity under the MICP, the Committee considered Mr. Grimes' measured accomplishments as CEO, as well as the total compensation packages of senior executives with similar responsibilities.

15

LONG-TERM INCENTIVES

In keeping with the Company's philosophy of providing a total compensation package favoring "at-risk" components of pay, long-term incentives comprise a significant portion of each executive's total compensation package. Long-term incentives during Fiscal 2001 consisted exclusively of stock options pursuant to the Stewart & Stevenson 1988 Nonstatutory Stock Option Plan. Stock options under this plan are granted at an option price not less than the fair market value of the Common Stock on the date of grant. Accordingly, stock options have a value only if the stock price appreciates from the date the options are granted. The design of these stock options focuses executives on the creation of shareholder value over the long term and encourages equity ownership in the Company.

The size of award to each executive is affected by individual performance, the individual's level of responsibility, and the desire of the Company to retain the individual. As a result, the number of shares underlying stock option awards varies from year to year and is dependent on the stock price on the date of grant.

POLICY WITH RESPECT TO THE \$1 MILLION DEDUCTION LIMIT

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the corporate deduction for compensation paid to executive officer named in the proxy to \$1 million per year, unless certain requirements are met. The Committee has carefully considered the impact of this provision on the Company's incentive plans and has determined that Section 162(m) is currently inapplicable because no named executive officer is expected to receive compensation, other than performance-based compensation, in excess of \$1 million in the foreseeable future. The Committee believes it is in the Company's best interest to retain some non-formula evaluation of individual performance when determining total compensation payable to the Company's executive officers.

CONCLUSION

The Committee believes these executive compensation policies and programs serve the interests of the shareholders and the Company effectively. The various pay vehicles offered are appropriately balanced to provide increased motivation for

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

executives to contribute to the Company's overall future success, thereby enhancing the value of the Company for the shareholders' benefit. The Committee will continue to monitor the effectiveness of the Company's total compensation program to meet the current needs of the Company.

Respectfully submitted,

COMMITTEE

The 1993 Nonofficer Stock Option Plan (the "1993 Plan") authorizes the grant of options to employees other than officers of the Company to purchase an aggregate of up to 818,625 shares of Common Stock. Stock appreciation rights may not be granted under the 1993 Plan. The Amended and Restated 1996 Director Stock Plan amended and restated the 1996 Director Stock Plan, was adopted by the Board on April 9, 2002 and is subject to shareholder approval as provided herein (the "Amended and Restated 1996 Plan"). The Amended and Restated 1996 Plan authorizes the grant of options to directors other than officers or employees of the Company.

The recipients and terms of options granted pursuant to the 1988 Plan and the 1993 Plan are determined by the Compensation and Management Development Committee of the Board of Directors, none of whom are employees of the Company or eligible for any benefits under such plans. Prior to its amendment and restatement, the Amended and Restated 1996 Plan provided for an automatic grant of an option to purchase 3,000 shares of the Company's Common Stock on the date of each Annual Meeting of Shareholders to each eligible director who was elected to serve as a director at, or whose term as a director continued after, such meeting. Subject to shareholder approval as provided herein, the Amended and Restated 1996 Plan will provide for an automatic grant of an option to purchase 5,000 shares of the Company's Common Stock.

RETIREMENT PLANS

The Company has a defined benefit pension plan (the "Pension Plan") under which benefits are determined primarily by average final base salary and years of service. The Pension Plan covers substantially all of its full-time employees, including officers, and, subject to certain limitations described below, bases pension benefits on 1.5% of (a) the employee's highest consecutive five-year average base salary out of the last ten years or (b) \$200,000 (and thereafter subject to adjustment for increases in the cost of living), whichever is lower, times the employee's years of credited service. The Internal Revenue Code of 1986, as amended, limits benefits that may be paid under the Pension Plan to \$160,000 per year in 2002, offset by a compensation of Social Security benefits.

The Company has a Supplemental Executive Retirement Plan (the "SERP") under which certain key executives will receive retirement benefits in addition to those provided under the Pension Plan. The Compensation and Management Development Committee determines which executive officers are eligible for benefits under the SERP. Supplemental benefits are based upon the average final compensation and years of service without regard to the limitations imposed by the Internal Revenue Code of 1986, as amended, and using the total of base salary and bonus to compute final average compensation. Benefits under the SERP are limited to an amount such that the aggregate of all retirement benefits paid under the Pension Plan and the SERP will not exceed 75% of the executive's highest consecutive five-year average salary, not including bonus payments.

The following table sets forth the estimated annual benefits payable upon retirement to persons in specified compensation and years-of-service classification pursuant to the Stewart & Stevenson Employee Pension Plan and the Stewart & Stevenson Supplemental Executive Retirement Plan.

 The Stewart & Stevenson Pension Plan provides benefits based on compensation less than or equal to the maximum amount under Internal Revenue Code of 1986, as amended (the "IRC") Section 401(a)(17). Qualified plan benefits are limited by IRC Section 4115. Benefits that exceed these limits are provided through a non-qualified plan to eligible SERP participants.

(1) Computation of estimated annual retirement benefit based on a straight-line annuity for the life of the employee, net of base Social Security benefits under the Social Security law currently in effect, assuming the employee retires in 2001 at age 65.

The five-year average compensation of each executive officer listed in the Summary of Compensation Table differs from the present salary and bonus in such table as a result of changes in the rate of pay during the average period. The following table sets forth the years of credited service, five-year average compensation and consecutive five-year average base salary for each of the individuals listed in the Summary of Compensation Table.

STEWART & STEVENSON SERVICES, INC.
AMENDED AND RESTATED 1996 DIRECTOR STOCK PLAN

ARTICLE I. PURPOSE

The purpose of this Amended and Restated 1996 Director Stock Plan (the "Plan") of Stewart & Stevenson Services, Inc. (the "Company") is to encourage ownership in the Company by outside directors of the Company whose continued services are considered essential to the Company's continued progress, to provide them with a further incentive to continue as directors of the Company, and to increase the value of the Company.

ARTICLE II. ELIGIBILITY

Each director of the Company is eligible to participate in the Plan, unless he or she is an officer or employee of the Company or any subsidiary of the Company ("Eligible Director").

ARTICLE III. STOCK SUBJECT TO THE PLAN

The total number of the Company's authorized but unissued shares of common stock, without par value, ("Stock") with respect to which Director Stock Awards and options may be granted shall not exceed in the aggregate 350,000 shares. The class and aggregate number of shares of Stock that may be subject to Director Stock Awards and options granted under the Plan shall be subject to adjustment in accordance with Article IX. In connection with the issuance of shares of Stock under the Plan, the Company may utilize treasury shares or authorized but unissued shares. If any Director Stock Award or option under the Plan shall expire or terminate for any reason without having been exercised in full or if any Director Stock Award or option shall be forfeited, the shares subject to the unexercised or forfeited portion of such award or option shall again be available for purposes of the Plan.

ARTICLE IV. DIRECTOR STOCK AWARDS

On the date of each annual meeting of the Company's shareholders ("Annual Meeting") after the Effective Date (within the meaning of Article X), the Company will, without cost to the grantee and without the exercise of the discretion of any person or persons, award and issue to each Eligible Director who is elected to serve a term as a director at each such meeting and to each Eligible Director who is serving as a director for a term that continues after such meeting, that number of shares of Stock (rounded down to the nearest whole share) determined by dividing (i) the sum of \$15,000 by (ii) the fair market value (as determined in Article VII) of a share of Stock on the date of such meeting. If an Eligible Director is elected or appointed to serve a term as a director on a date other than the date of the Company's Annual Meeting and has not otherwise received a Director Stock Award for such year, the Company will, without cost to the grantee and without the exercise of the discretion of any person or persons, award and issue to such Eligible Director a prorated Director Stock Award equal to the product of (X) the quotient of \$15,000 divided by the fair market value (as determined in Article VII) of a share of Stock on the date

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

of such election or appointment, multiplied by (Y) the quotient of the number of days remaining until the Company's next Annual Meeting divided by 365 days. With respect to each Director Stock Award, the Eligible Director shall pay to the Company all amounts, if any, that the Company is required to collect and remit to the Internal Revenue Service or any other taxing authority as a result of such award.

B-3

ARTICLE V. TERMS, CONDITIONS AND FORM OF OPTIONS

Each option granted under this Plan shall be evidenced by a written agreement that shall be subject to the following terms and conditions:

SECTION 5.1 NON-STATUTORY STOCK OPTIONS. All options granted under the Plan shall be nonstatutory options, not entitled to special tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended to date and as may be further amended from time to time (the "Code").

SECTION 5.2 OPTION GRANT DATES. On the date of each Annual Meeting after the Effective Date of the Plan, the Company will, without cost to the grantee and without the exercise of the discretion of any person or persons, grant to each Eligible Director who is elected to serve a term as a director at such meeting and to each Eligible Director who is serving as a director for a term that continues after such meeting, an option to acquire 5,000 shares of Stock at an exercise price determined in accordance with Article VI and subject to adjustment under Article IX; PROVIDED, that the Board of Directors may, in its discretion by majority vote, increase or decrease the number of shares subject to the aforementioned option. If an Eligible Director is elected or appointed to serve a term as a director on a date other than the date of the Company's Annual Meeting and has not otherwise received an option to acquire shares of Stock for such year, the Company will, without cost to the grantee and without the exercise of the discretion of any person or persons, on the date of such election or appointment, grant to such Eligible Director an option to acquire 5,000 shares of Stock at an exercise price determined in accordance with Article VI and subject to adjustment under Article IX; PROVIDED, that the Board of Directors may, in its discretion by majority vote, increase or decrease the number of shares subject to such option.

Furthermore, the Board of Directors of the Company may, from time to time, deem it appropriate and may provide certain Eligible Directors with additional options to acquire Stock at an exercise price determined in accordance with Article VI and subject to adjustment under Article IX.

SECTION 5.3 TRANSFERABILITY. Each option granted under the Plan by its terms shall not be transferable by the grantee otherwise than by will or by the laws of descent and distribution or pursuant to a domestic relations order as defined by the Code or Title I of the Employee Retirement Income Security Act, or the rules thereunder.

SECTION 5.4 VESTING AND TERM OF OPTION. Options become exercisable on the first anniversary date after the date upon which the options were granted. When an option becomes exercisable, the shares may be purchased at any time, or from time to time, in whole or in part, until the option term expires; provided, however, that any option granted pursuant to the Plan shall become exercisable in full upon the death of the grantee, the failure of such grantee to stand for re-election or be re-elected, or the retirement of such grantee after serving at least 60 consecutive months on the Board of Directors. Unless terminated earlier

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

in accordance with the terms of the Plan, each option shall terminate upon the expiration of ten years after such option was granted.

SECTION 5.5 CHANGE OF CONTROL. In the case of any merger, exchange of shares, consolidation or combination of the Company (other than a transaction in which the holders of Stock immediately prior to the consummation thereof own 50% or more of the voting securities eligible to vote for the election of directors of the surviving entity immediately after the consummation of such transaction) all options theretofore granted and not fully exercisable shall become exercisable on the date that is 30 days prior to the record or effective date of such merger, exchange of shares, consolidation or combination.

If a tender offer or exchange offer for the Stock (other than such an offer by the Company) is commenced or if the Company shall set a record date to approve an agreement providing for a sale or other disposition of all or substantially all of the assets of the Company, all options theretofore granted and not fully exercisable shall become exercisable in full upon the commencement of such tender offer

B-4

or 30 days prior to such record date and shall remain so exercisable for a period of 60 days following such date after which they shall revert to being exercisable in accordance with their terms.

If any tender offer, exchange offer, or sale or other disposition of all or substantially all of the assets of the Company results in any grantee ceasing to be a director of the Company, then all options theretofore granted and not fully exercisable shall automatically become exercisable in full upon the termination of such person as a director.

SECTION 5.6 MANNER OF EXERCISE. Options may be exercised only by written notice to the Company, which notice must specify the date the stock option is to be exercised (such date must be on or after the date of the notice) and the number of shares of Stock covered by the exercise, accompanied by payment of the full option price of the shares covered by the options being exercised and payment of all amounts, if any, that the Company is required to collect and remit to the Internal Revenue Service or any other taxing authority as a result of such exercise. Such payment shall be made in one or a combination of the following alternative forms:

- (i) cash (including check, bank draft or money order);
- (ii) certificates, duly endorsed or accompanied by appropriate transfer instruments, representing shares of Stock previously acquired and standing in the name of the grantee, with an aggregate fair market value on the date of exercise that is equal to or less than the option price of the shares covered by the options being exercised hereunder; or
- (iii) by delivering a properly executed exercise notice together with irrevocable instructions to a broker to deliver promptly to the Company the total option price in cash.

If the grantee desires that the shares of Stock be registered in his or her name and that of another as joint tenants with rights of survivorship, he or she should so state in the notice. In no case may fewer than 100 of such shares be purchased at any one time, except to purchase a residue of fewer than 100 shares. An option may not be exercised for a fractional share.

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

SECTION 5.7 TERMINATION OF DIRECTORSHIP. All rights of a grantee in an option, to the extent that such rights have not been exercised, shall lapse and be forfeited one year after the termination of his or her services as a director of the Company or, if earlier, on the original expiration date of the option. In the case of retirement, whether by reason of disability or age, such grantee's option may be exercised within the period set forth in the preceding sentence by such grantee or his or her legal representative. In the case of death, such grantee's option may be exercised within the period set forth in the preceding sentence by the personal representative of the grantee's estate or by the person or persons to whom the option is transferred pursuant to the grantee's will or in accordance with the laws of descent and distribution.

ARTICLE VI. OPTION PRICE

The option price per share for the shares covered by each option shall be the fair market value (as determined in Article VII) of one share of Stock as of the date of grant of the option; PROVIDED, that the Board of Directors may, in its discretion by majority vote, set the option price per share for the shares covered by each option in excess of the fair market value of one share of Stock as of the date of grant of the option.

B-5

ARTICLE VII. VALUATION OF STOCK

For all valuation purposes under the Plan, the fair market value of a share of Stock shall be the last reported sale price as of the close of trading activity on the day for which such fair market value is to be determined, as reported on the Nasdaq National Market system, or any similar system then in use, or the principal securities exchange on which the Stock is listed on such date. If there is no trade on such day, then the last trade price on the next preceding day for which there does exist such a trade shall be determinative of fair market value.

ARTICLE VIII. NO RIGHT TO CONTINUE AS A DIRECTOR

Neither the Plan nor the granting of a Director Stock Award or an option nor any other action taken pursuant to the Plan shall constitute or be evidence of any agreement or understanding, express or implied, that the Company will retain a director for any period of time or at any particular rate of compensation.

ARTICLE IX. ADJUSTMENT TO STOCK

In the event any change is made to the Stock subject to the Plan or subject to any outstanding option granted under the Plan (whether by reason of merger, exchange of shares, consolidation, reorganization, recapitalization, stock dividend, stock split, combination of shares, exchange of shares, change in corporate structure or otherwise), then appropriate adjustments shall be made to the number of shares and option price per share of Stock subject to outstanding options. The grant of Stock or options under the Plan shall not affect the right of the Company to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

ARTICLE X. EFFECTIVE DATE

The Plan originally became effective on June 10, 1997, the date of the first Annual Meeting after the adoption of the Plan by the Board of Directors of

Edgar Filing: STEWART & STEVENSON SERVICES INC - Form DEFR14A

the Company (the "Effective Date").

ARTICLE XI. AMENDMENT OF THE PLAN

The Board of Directors of the Company may suspend or discontinue the Plan or revise or amend it in any respect whatsoever; provided that no such amendment shall adversely affect a grantee's rights under any Director Stock Award previously issued or option previously granted without the grantee's consent.

ARTICLE XII. USE OF PROCEEDS

The cash proceeds received by the Company from the issuance of shares pursuant to options under the Plan shall be used for general corporate purposes.

ARTICLE XIII. COMPLIANCE WITH APPLICABLE LAWS

All transactions pursuant to terms of the Plan, including, without limitation, grants of Stock and grants and vesting of options, shall only be effective at such time as counsel to the Company shall have determined that such transaction will not violate federal or state securities or other laws or regulations.

ARTICLE XIV. GOVERNING LAW

The Plan and all determinations made and actions taken pursuant hereto shall be governed by the laws of the State of Texas and construed accordingly.

ARTICLE XV. SUCCESSORS

The Plan shall be binding upon the successors and assigns of the Company.
