He joined Warner Communications, Inc. in 1966 and had been an officer of that company since 1970. Mr. Wasserman is a director of several investment companies in the Dreyfus Family of Funds. He is a director of Malibu Entertainment International, Inc., Winstar Communications, Inc. and Lillian Vernon Corporation.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission ("SEC") reports of ownership and changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater-than-10% beneficial owners are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that, during the 2001 fiscal year, all filing requirements applicable to its officers, directors and greater-than-10% beneficial owners were complied with.

ITEM 11: EXECUTIVE COMPENSATION

- (1) The potential realizable value portion of the table illustrates the value that might be realized upon exercise of the options immediately prior to the expiration of their term, assuming the specified compounded rates of appreciation on the Company's Common Shares over the term of the options. This hypothetical value is based entirely on assumed annual growth rates of 5% and 10% in the Company's stock price over the term of the options granted in 2001. The assumed rates of growth were selected by the Securities and Exchange Commission for illustration purposes only, and are not intended to predict future performance and prospects. These numbers do not take into account provisions of certain options providing for termination of the option following termination of employment, non-transferability or vesting over various periods.
- (2) Percentages indicated are based on a total of 820,500 options granted to 30 individuals (22 employees and 8 directors) during 2001, plus the 500,000 options granted to Mr. Borey in 2000 were repriced to \$1.19 in 2001.
- (3) The exercise price per share is 100% of fair market value of the Company's Common Shares on the date of grant.
- (4) All stock options expire five years from the date of grant.
- (5) See "EXECUTIVE COMPENSATION Other Remuneration Arrangements".

Option Repricing and Ten-Year Option Repricing Table

On October 23, 2000, the Board of Directors approved the repricing of all stock options held by employees, including executive officers, on that date. Options for approximately 1,159,000 shares, held by approximately 154 persons, were repriced to \$2.50 per share, the closing price of the Company's Common Shares on The Nasdaq Stock Market® on October 23, 2000. All other terms and conditions contained in the original stock options remained in effect. In addition, effective as of October 23, 2000, all stock options held by the directors were repriced to \$2.50 per share.

The following table sets forth, for all Executive Officers and of the Company, all option repricings during the period January 1, 1991 through December 31, 2001.

TEN-YEAR OPTION/SAR REPRICINGS

(1)

In 1999, the Company offered Mr. Schler the opportunity to exchange options for new options for 37,500 shares. The new options reduced the number of shares underlying the original grants by 25%. In addition, the new options for 37,500 shares, lowered the exercise price, reduced the option term from ten years to five years and established a new performance-based vesting and exercise schedule. The option will expire on December 6, 2004.

The closing price for the Company's Common Shares as reported by The Nadsaq Stock Market® on December 31, 2001 was \$0.52. Value is calculated on the basis of the difference between the option price and \$0.52 multiplied by the number of Common Shares underlying the option. An option is in-the-money if the market value of the Common Shares subject to the option exceeds the option price.

CORPORATE PERFORMANCE GRAPH

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934 that might incorporate future filings, the following Performance Graph and the Report of the Compensation Committee of the Board of Directors on Executive Compensation shall not be incorporated by reference into any such filings.

The following graph reflects a comparison of the cumulative total return of the Company's Common Shares from December 31, 1996 through December 31, 2001, with the Standard and Poor's 500 Index and the Standard and Poor's Technology Sector Index. Comparisons of this sort are required by the Securities and Exchange Commission and, therefore, are not intended to forecast or be indicative of possible future performance of the Company's Common Shares. The graph assumes that \$100 was invested on December 31, 1996 in each of the Company's Common Shares, the Standard and Poor's 500 Index and the Standard and Poor's Technology Sector Index and that all dividends were reinvested.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee"), consisting entirely of non-employee directors (Messrs. O'Shea (Chairman), Morgan, Rosenfeld and Thill), approves all of the policies under which compensation is paid or awarded to the Company's executive officers.

The Company's executive compensation policy is intended (i) to support the attainment of the Company's long and short-term strategic and financial objectives; (ii) to provide a competitive total compensation program that enables the Company to attract, motivate and retain the key executives needed to accomplish the Company's goals; (iii) to provide variable compensation opportunities that are directly related to the performance of the Company; (iv) to align executive compensation with growth in shareholder value; and (v) to recognize and reward executives for their contributions and commitment to the growth and profitability of the Company. The Compensation Committee believes this policy is generally best accomplished by providing a competitive total compensation package, a significant portion of which is variable and at risk and related to established performance goals.

To maintain a competitive level of compensation, the Company and the Committee periodically utilize the services of independent compensation consultants to analyze compensation data for high technology companies with revenues of \$250 million and to recommend plan designs and guidelines and compensation strategies.

Edgar Filing: PSC INC - Form 10-K/A

The Company's compensation program for executive officers consists of the following key elements: base salary, annual cash incentives and equity-based incentives. Salary and annual incentive payments are mainly designed to reward current and past performances. Equity-based incentives are primarily designed to provide strong incentives for long-term future performance. The components of the compensation program for executives are described below.

Base Salary: Base salaries and increases for executive officers, other than Mr. Borey, are determined by the Chief Executive Officer within the guidelines established by the Committee and are based upon the officer's current performance, experience, the scope and complexity of his or her position within the Company and the external competitive marketplace for comparable positions at peer companies. Base salaries are designed to be competitive, generally at the median or 50th percentile, as compared to salary levels for equivalent executive positions in comparable companies and are normally reviewed annually.

Annual Incentive: A substantial portion of each executive officer's compensation is variable and tied to Company performance.

The Company's Management Incentive Plan (the "MIP"), which is applicable to all of the Company's key executives and department managers, provides cash incentive awards based upon overall performance by the Company as determined by specific measurement targets which are established each year by the Committee. In 2001, the measurement target was based on achievement of specific EBITDA (earnings before interest, taxes, depreciation and amortization), adjusted for certain restructuring costs. If the target is achieved, awards varying from 10% to 100% of base salary will be paid. Below a threshold level of performance, no awards will be granted. If the target is surpassed, awards increase, depending on the percentage of target achieved. The incentive percentage for an employee is based upon position in the Company and is based upon market comparisons. Since the Company did not meet its performance targets for 2001, no MIP bonuses were paid to any individual in 2001. In 2002, the performance targets will be based on EBITDA and return on assets.

Equity-Based Incentives: Stock options are granted to aid in the retention of key employees and to align the interests of key employees with those of the shareholders. Stock option grants are discretionary and reflect the current performance and continuing contribution of the individual to the success of the Company. The Committee is responsible for determining the individuals to whom grants should be made, the time of the grants and the number of shares subject to each option. Stock options are granted with an exercise price equal to the fair market value of the Company's Common Shares on

the date of grant. Any value received by the executive from an option grant depends completely upon increases in the price of the Company's Common Shares. Consequently, the full value of an executive's compensation package cannot be realized unless an appreciation in the price of the Company's Common Shares occurs over a period of years.

In 2001, stock options were granted only to new officers and to certain other newly employed key individuals.

Option Repricing

Recognizing that executive officers and directors, as well as all employees, held stock options with option prices significantly higher than the current market value of the Company's Common Shares, thereby negating the incentive and retention power associated with such options, the Committee authorized on October 23, 2000 the repricing of all outstanding options held by all individuals who were officers, directors and employees on that date. Accordingly, the exercise price for all options, which had exercise prices ranging from \$13.06 to \$3.59, was reduced to \$2.50 per share, the fair market value of the Company's Common Shares as of October 23, 2000. The Compensation Committee believes that stock options are a significant factor in the Company's ability to attract, retain and motivate employees who are critical to the Company's long-term success. The disparity between the original exercise prices of the Company's outstanding options and the market price for the Common Shares did not provide, in the judgment of the Compensation Committee, a meaningful incentive or retention device to the employees holding those stock options, and, therefore, the Compensation Committee determined that repricing the stock options was in the best interests of the Company and its shareholders. See "EXECUTIVE OFFICER COMPENSATION Option Repricing and Ten-Year Option Repricing Table."

When Mr. Borey was elected President and Chief Executive Officer as of December 4, 2000, the Committee established his base salary and other compensation arrangements [by assessing comparative compensation information and survey sources that capture high technology pay data for companies that approximate PSC's size. Mr. Borey's base salary, which is at the rate of \$400,000 per annum, approximates the median of relevant general industry market data. Mr. Borey's Employment Agreement is described in detail in "EXECUTIVE OFFICER COMPENSATION Employment Contracts and Severance and Change-in-Control Agreements Edward J. Borey"

Tax Considerations

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation paid to the Named Executive Officers to \$1,000,000 each. However, compensation is exempt from this limit if it qualifies as "performance-based compensation". The

Edgar Filing: PSC INC - Form 10-K/A

Compensation Committee has carefully considered the impact of this tax code provision and its normal practice is to take such action as is necessary to preserve the Company's tax deduction. The Committee believes that all of the Company's 2001 compensation expense will be deductible for federal income tax purposes.

Although the Compensation Committee will continue to consider deductibility under Section 162(m) with respect to future compensation arrangements with executive officers, deductibility will not be the sole factor used in determining appropriate levels or methods of compensation. Since Company objectives may not always be consistent with the requirements for full deductibility, the Company may enter into compensation arrangements under which payments are not deductible under Section 162(m). It is not expected that the compensation of any executive officer will exceed \$1,000,000 in fiscal 2002.

Hydra Investissements S.p.A. ("Hydra Investissements"), a Luxembourg corporation, is the record owner of 110,000 Series A Preferred Shares and a warrant ("Warrant") to purchase 180,000 Common Shares. The Series A Preferred Shares are convertible into Common Shares at the rate of one Series A Preferred Share for 12.5 Common Shares (subject to adjustment in certain circumstances). As adjusted to reflect the conversion, Hydra Investissements owns beneficially 1,375,000 Common Shares. The Warrant is currently exercisable and accordingly Hydra Investissements owns beneficially 180,000 Common Shares. On its Schedule 13D dated September 22, 1997, filed with the Securities and Exchange Commission, Hydra Investissements reported that it has shared voting and dispositive power with respect to all of the 1,555,000 Common Shares beneficially owned by it. Dr. Volta directly owns 426,501 Common Shares with sole voting and dispositive power and may be deemed to be beneficial owner, with shared voting and dispositive power, of the 1,555,000 Common Shares beneficially owned by Hydra Investissements by reason of the ownership by Hydra S.p.A. ("Hydra") of 100% of the capital stock of Hydra Investissements and the ownership by Dr. Volta of 50% of the capital stock of Hydra. Dr. Volta also beneficially owns 9,750 Common Shares which are subject to options currently exercisable.

- (2) Based on Schedule 13F filed with the Securities and Exchange Commission on February 12, 2002, Whelan & Gratny Capital Management reported that it had sole voting power and sole investment power with respect to 1,034,750 shares and shared voting power and shared investment power with respect to 381,837 shares. Whelan & Gratny Capital Management is an institutional investment manager.

ITEM 13: CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

COMPENSATION OF DIRECTORS

In 2001, each non-employee director was paid \$500 for each Board and Committee meeting attended by him, except that no more than \$500 was paid if more than one meeting occurred on the same day. Also, each non-employee director received a retainer at the annual rate of \$12,500 (the "Director Retainer"), and each Chairman of a Board Committee (except Mr. Ehrlich) received an additional annual retainer of \$2,500 (the "Chairman Retainer"). Both the Director Retainer and the

Chairman Retainer were paid in four equal installments on the last day of each calendar quarter. For 2001, an aggregate of \$131,167 in meeting fees and retainers was paid in cash or in stock to the non-employee directors. Each non-employee director is also reimbursed the reasonable expenses incurred in attending the meeting.

Through 2001, pursuant to the PSC Inc. Compensation Plan for Non-Employee Directors, non-employee directors had the opportunity to receive payment of their compensation either in cash or in Common Shares. The maximum number of Common Shares that may be issued under the Plan is 50,000 shares. At December 31, 2000 all such shares had been issued. The directors may also elect to receive their compensation either currently or on a deferred basis. During 2001, no director chose to defer his compensation. If the amount to be deferred would have been payable in cash, the Company would credit a Deferral Account maintained for the director with an amount that would otherwise have been payable to the director in cash. If the amount to be deferred would have been payable in stock, the Company would credit units ("Stock Units") to a Unit Account maintained for the director. Directors make separate elections with respect to the manner of the payment of the compensation and the time of the payment of the compensation. The number of Common Shares issued or the number of Stock Units credited to a director's account would equal the cash amount of the compensation divided by the fair market value of one share of stock on the date on which such cash amount would otherwise have been paid. Stock Units and amounts in a Deferral Account are fully vested at all times. Payment of Stock Units (in full Common Shares) and the amounts in a Deferral Account must be deferred at least one year. The director chooses the date of the payment, which may be upon termination of service as a director.

The Company's 1994 Stock Option Plan (the "1994 Plan") provides that each member of the Board of Directors who is not also an employee or consultant of the Company will automatically receive on the date of the Annual Meeting of Shareholders a stock option for 6,500 Common Shares. On the date of the 2001 Annual Meeting of Shareholders, non-employee director stock options ("NEDSOs") to purchase 6,500 shares were granted to each non-employee director, at a purchase price of \$1.12 per share, the fair market value on the date of the grant. The NEDSOs are exercisable in their entirety on July 11, 2002 and terminate on July 11, 2006. No NEDSOs were granted to Messrs. Ehrlich or Borey in 2001.

In January 2001, the Board approved a three-year compensation agreement for Mr. Ehrlich effective as of January 1, 2001 and terminating on December 31, 2003. The agreement was subsequently amended in November 2001 (the Agreement, as amended is referred to as the "2001 Ehrlich Agreement").

Pursuant to the 2001 Ehrlich Agreement, Mr. Ehrlich will receive base fee ("Base Fee") of the annual rate of (i) \$100,000 with respect to the calendar year ending December 31, 2001; (ii) \$110,000 with respect to the calendar year ending December 31, 2002; and (iii) \$121,000 with respect to the year ending December 31, 2003.

In addition, under the 2001 Ehrlich Agreement, Mr. Ehrlich will be eligible to receive a performance bonus in each year of the 2001 Ehrlich Agreement if certain performance goals and targets determined by the Company's Board of Directors for the Company's Management Incentive Plan ("MIP") are met. Such performance bonus will range from 30% to 150% of his Base Fee with no performance bonus if the minimum performance goal is not achieved. Mr. Ehrlich is also eligible to participate in the Company's 401(k) Plan.

Mr. Ehrlich will be reimbursed for all reasonable expenses, as reasonably determined by him, incurred by him in carrying out his duties. In addition, the Company will pay Mr. Ehrlich a non-refundable allowance of \$3,000 per month for office, secretarial and other overhead expenses incurred by him in rendering services on behalf of the Company. This allowance will be increased by \$500 per month on each January 1, commencing January 1, 2002.

Pursuant to the 2001 Ehrlich Agreement, on January 1, 2001 and January 1, 2002 Mr. Ehrlich received a stock option for 37,500 Common Shares of the Company at an exercise price of \$0.75 per

share and \$0.52 per share, respectively, the fair market value of the Company's Common Shares on those dates. These options vest in three equal annual installments commencing on the date of grant and terminate on January 1, 2006 and January 2007, respectively. If Mr. Ehrlich is Chairman of the Board of Directors of the Company on January 1, 2003, the Company will grant Mr. Ehrlich a stock option for 37,500 Common

Edgar Filing: PSC INC - Form 10-K/A

Shares. If there is a Change-in-Control (as hereinafter defined), or in the event of the termination of Mr. Ehrlich's services by the Company prior to December 31, 2003 for any reason other than termination for Cause, as defined below, death or disability, or in the event of the termination of such services by Mr. Ehrlich for Good Reason, Mr. Ehrlich will be immediately entitled to receive the stock options which otherwise would have been granted to him on January 1, 2003, fully vested and exercisable and at a purchase price equal to the fair market value of the Company's Common Shares on the date preceding the date of the Change in Control or termination, as the case may be.

The 2001 Ehrlich Agreement contains provisions relating to confidentiality, non-competition and Change in Control.

In the event of the termination of Mr. Ehrlich's services by the Company for any reason other than Cause or a Change- in-Control or upon the resignation of Mr. Ehrlich for Good Reason, the Company will pay Mr. Ehrlich on the date of such termination a lump sum amount equal to the aggregate amount of Mr. Ehrlich's Base Fee and bonuses at 100% of target for the unexpired portion of the term of the 2001 Ehrlich Agreement.

In the event of Mr. Ehrlich's services are effectively terminated as a result of a Change-in-Control, or at Mr. Ehrlich's election within sixty (60) days after a Change-in-Control, the Company or its successor will pay Mr. Ehrlich, on the date of such Change- in-Control, a lump sum payment in an amount equal to the product of (A) the sum of (x) the Base Fee at the annual rate then in effect *plus* (y) the highest annual bonus paid to Mr. Ehrlich under the Company's current Management Incentive Plan or any successor plan in the three full fiscal years preceding termination *multiplied* by (B) 2.9. In addition, Mr. Ehrlich will be immediately vested in any retirement, incentive, restricted stock, or option plans or agreements then in effect.

If any of the payments to Mr. Ehrlich are considered "excess parachute payments" as defined in Section 280G of the Internal Revenue Code, the payments will be reduced to avoid such a characterization.

On May 29, 2001, the Board of Directors approved the repricing of all stock options held by directors, to be effective as of October 23, 2000, the date on which the Board had approved the repricing of stock options held by officers and employees. Accordingly, options for 513,578 shares, held by eight directors, were repriced to \$2.50 per share, the closing price of the Company's Common Shares on the Nasdaq Stock Market® on October 23, 2000. The closing price of the Company's Common Shares on The Nasdaq Stock Market® on May 29, 2001 was \$1.10.

Directors' and Officers' Liability Insurance Policy

The Company has an insurance policy for \$15,000,000 effective until January 20, 2003, which protects its employees, officers and directors against losses which certain persons may incur because of their acts or omissions as employees, officers, or directors. The policy is underwritten by National Union Fire Insurance Company of Pittsburg, PA (AIG) at an aggregate premium of \$275,000 for a one-year period. Additionally, the company elected to extend coverage for any claims made between January 20, 2002 and January 20, 2003 alleging wrongful acts that occurred prior to January 20, 2002, at a premium of \$109,375 for the extended period.

EMPLOYMENT CONTRACTS AND SEVERANCE AND CHANGE-IN-CONTROL ARRANGEMENTS

Edward J. Borey

On December 4, 2000, the Company and Edward J. Borey entered into an Employment Agreement pursuant to which Mr. Borey was employed as President and Chief Executive Officer. The Agreement was amended in November 2001 (the agreement, as amended, is referred to as the "Borey Agreement" and expires on December 31, 2003. However, unless written notice is given to the contrary by either the Company or Mr. Borey at least four months prior to the expiration date, the employment period will automatically be extended for an additional one-year term. Under the Borey Agreement, Mr. Borey received a base salary at the annual rate of \$360,000 during the first year of the Agreement, increasing to \$400,000 thereafter, plus cost of living. In addition, under the Borey Agreement, for 2001 Mr. Borey received a guaranteed bonus of \$360,000, and for calendar years thereafter, if certain performance goals and targets determined by the Company's Board of Directors for the Company's Management Incentive Plan ("MIP") are met, he will be entitled to receive a performance bonus ranging from 30% to 150% of his base salary. Mr. Borey is eligible to participate in employee benefit plans generally made available by the Company to its executive officers and to receive reimbursement for reasonable individual relocation expenses.

Pursuant to his agreement, on December 4, 2000, Mr. Borey received a stock option for 500,000 Common Shares at an exercise price of \$1.75, the fair market value of the Company's Common Shares on the date of grant. In January 2001, the options were repriced to \$1.19. The options vest in three equal annual installments commencing one year from the date of grant, but no options may be exercised unless and until the trading price of the Company's Common Shares equals or exceeds \$3.00 per share for twenty consecutive days. If the trading price does not reach the specified goal, the options may nevertheless be fully exercisable after June 4, 2005. The options expire on December 4, 2005. On January 14, 2002, Mr. Borey received a stock option award for 100,000 Common Shares at an exercise price of \$0.52, the fair market value of

Edgar Filing: PSC INC - Form 10-K/A

the Company's Common Shares on the date of grant. The option vest in three equal annual installments commencing on November 26, 2002; November 26, 2003; November 26, 2004. The options expire on January 2, 2007. If Mr. Borey is an officer of the Company on January 2, 2003, the Company will grant him a stock option for not less than 75,000 shares.

In the event the Company is adjudicated insolvent, Mr. Borey will be entitled to additional compensation to offset the decrease in the likelihood that there will be any value to his equity potential and bonus potential. Accordingly, he will be entitled to a twofold increase in base salary and payment of 2% of the total gross sales of the Company's assets in lieu of the bonus payments. Also, in the event the Company is adjudicated insolvent, Mr. Borey will be entitled, at his discretion, to terminate his employment relationship with the Company upon sixty (60) days written notice. If such termination option is exercised he will be entitled to a severance payment equal to the greater of (a) his base salary and bonuses for the unexpired portion of the term or (b) his base salary for one year and his bonus for one year at 100% of target.

The Borey Agreement contains provisions relating to confidentiality, non-competition and Change-in-Control.

In the event of the termination of Mr. Borey's services by the Company for any reason other than Cause (as defined below) or a Change-in-Control or upon the resignation of Mr. Borey for Good Reason, the Company will pay Mr. Borey an amount equal to the greater of (a) Mr. Borey's base salary and bonuses at 100% of target for the unexpired portion of the term or (b) Mr. Borey's base salary for one year and his bonus for one year at 100% of target, and all benefits will continue for a period equal to the greater of the periods set forth in (a) or (b) above. Under certain circumstances, the severance payments to Mr. Borey may be offset if he receives compensation from a third party.

In the event Mr. Borey terminates his employment for any reason within ninety days after the occurrence of a Change-in-Control or in the event of the termination of Mr. Borey's services within the two-year period following a Change-in-Control of the Company and such termination is (a) by the Company or its successor for any reason other than Cause or (b) by Mr. Borey for Good Reason

following a Change-in-Control, the Company will pay Mr. Borey an amount equal to the product of the sum of (x) his base salary and (y) the highest annual bonus paid to him in the three full fiscal years preceding termination multiplied by 3.0. Said amount will be in a lump sum cash payment. All benefits will also continue for a period of three years after such termination.

If any of the payments to Mr. Borey are considered "excess parachute payments" as defined in Section 280G of the Internal Revenue Code, the payments will be reduced to avoid such a characterization.

Severance/Change-in-Control Agreements

Severance/Change-in-Control Agreements have been entered into with all senior executive officers in order to assure the Company of the continued services of those executives to the Company in an effective manner without distraction by reason of the possibility of a termination of employment by the Company or a change in control of the Company. In general, all provide that in the event of the termination of the executive's employment by the Company, for any reason other than Termination for Cause, death, disability or a Change-in-Control, the Company will continue to pay the executive for a period of one year (two years in the case of William L. Parnell, Executive Vice President and Chief Operating Officer) following such termination an amount equal to the executive's salary at the annual rate then in effect. In addition, the Company will provide the executive with the executive's then current health, dental, life and accidental death and dismemberment insurance benefits for a period of the same time period following such termination. Each agreement also contains a covenant not-to-compete during the one-year period (two-year period in the case of Mr. Parnell) in which severance benefits are being paid. In the event of the termination of the executive's employment within the two-year period following a Change-in-Control of the Company, and such termination is (i) by the Company for any reason other than Termination for Cause or (ii) by the executive if the executive terminates such employment for Good Reason (as defined below), or, in the case of Mr. Parnell, if he terminates his employment for any reason within 90 days after the occurrence of a Change-in-Control, the Company will pay the executive his annual salary for a period of one year (in the case of Mr. Parnell, over a period of three years) an amount equal to the sum of (x) the executive's salary at the annual rate then in effect and (y) the highest annual bonus paid to the executive under the Company's current Management Incentive Plan or any successor plan in the three full fiscal years preceding termination multiplied by 2.9. In addition, the executive will be immediately vested in any retirement, incentive or option plans then in effect and the Company will continue to provide the executive with his or her then current health, dental, life and accidental death and dismemberment insurance benefits for the term of the severance agreement.

If any of the payments to the executive are considered "excess parachute payments" as defined in Section 280G of the Internal Revenue Code, the payments will be reduced to avoid such a characterization.

Certain Definitions. As used in the Borey Agreement, the Ehrlich Agreement, and the Severance/Change-in-Control Agreements:

Edgar Filing: PSC INC - Form 10-K/A

(a) **Change-in-Control** generally means the acquisition of 30% (20% in the case of Borey or Ehrlich) of the Company's voting securities, or a change of one-third of the incumbent Board of Directors without the prior approval of the members of the incumbent Board of Directors, or the merger or consolidation of the Company with another corporation where the shareholders of the Company would not, immediately after the merger or consolidation, own at least 50% of the voting securities of the corporation issuing the cash or securities in the merger or consolidation, or the sale of substantially all of the assets of the Company.

(b) **Termination for Cause** generally means the termination of the employment of an officer because the officer has failed or refused to perform such services as may reasonably be delegated to the officer consistent with the officer's position, or has been grossly negligent in connection with the performance of his or her duties, or has committed acts involving dishonesty, willful misconduct, breach of fiduciary duty, fraud, or any similar offense which materially affects the officer's ability to perform

his or her duties for the Company or may materially adversely affect the Company, or has been convicted of a felony.

(c) **Good Reason** generally means an officer's annual rate of salary is reduced from the annual rate then currently in effect or the officer's other employee benefits are in the aggregate materially reduced from those then currently in effect, (unless such reduction of employee benefits applies generally to employees of the Company), or the officer's place of employment is moved from its then current location, or the officer is assigned duties that are demeaning or are otherwise materially inconsistent with the duties then currently performed by the officer.

(d) **Termination without Cause** generally means the termination of the employment of an officer for reasons other than death, disability, termination for cause or termination upon Change-in-Control.
