It is Time for the Current Board to be Held Accountable for Years of Poor Performance, Failed Initiatives, and Self-Enriching Executive Compensation Packages

Wholesale Board and Leadership Change is Necessary to Address the Magnitude of Value Destruction and Shareholders' Serious Concerns

We Believe Bed Bath Has Significant Value and Can Thrive Under New Leadership

Vote the WHITE Proxy Card Today to Support Our Highly Qualified Slate of Directors Who Are Committed to Implementing a Comprehensive Turnaround Plan

Dear Fellow Bed Bath Shareholder:

Legion Partners Holdings, LLC and the other participants in this solicitation (collectively, the “Investor Group” or “we”) beneficially own a total 6,912,639 shares of Bed Bath & Beyond Inc., a New York corporation (“Bed Bath” or the “Company”), including 1,419,500 shares underlying currently exercisable call options, or approximately 5.2% of the outstanding common stock, par value \$0.01 per share (the “Common Stock”), making us one of the Company’s largest shareholders.

Bed Bath is a great company with tremendous potential and a dedicated workforce of approximately 62,000 employees that we believe can thrive under the right leadership. Unfortunately, CEO Steven Temares and the board of directors (the “Board”) have presided over an extended period of poor stock price performance, poor operating performance, poor corporate governance, and substantial destruction of shareholder value. Since early 2015, the stock has lost over 80% of its value. Moreover, Bed Bath’s CEO Steven Temares has overseen the destruction of more than \$8 billion in market value over his 15-year tenure, with total shareholder returns of negative 58%, while receiving, together with Co- Chairmen Emeriti of the Board, Warren Eisenberg and Leonard Feinstein, over \$300 million in total compensation over the past 15 years. Notwithstanding four consecutive failed say-on-pay votes, the Board failed to hold itself accountable and even unanimously voted to reject the resignation of a member of the compensation committee after she received more “Against” votes than “For” votes at last year’s 2018 annual meeting of shareholders.

Not until faced with stockholder pressure, did the Board take steps to change its composition. We do not believe the recent Board changes go far enough to address the prolonged underperformance of the Company and destruction of shareholder value. The recent board changes were not announced with a strategic plan developed by the newly constructed Board. Instead, the Company announced it would continue the status quo - implementing its strategic initiatives that we do not believe have shown evidence of the transformational change needed to save this business, as indicated by management's 2019 guidance of a 4.0% sales decline at the midpoint and flat sales in 2020. We continue to believe that CEO Steven Temares must be replaced and new, independent directors with deep retail experience must be added to the Board. We fully appreciate that asking for control, let alone the removal of an entire Board, is no trivial matter. However, in our view, there is an urgent need for wholesale Board and leadership changes at Bed Bath before the Company's failures become irreparable.

The upcoming 2019 annual meeting of shareholders of Bed Bath (the "2019 Annual Meeting") represents a critical juncture for shareholders at Bed Bath to elect a new Board comprised of all-star executives who are both highly qualified and excited to significantly improve the operating performance, oversight, and value of the Company for the benefit of all shareholders. We have gone to great lengths to carefully select ten director nominees who will bring substantial skills directly relevant to Bed Bath's business and current challenges, including: sourcing, supply chain and private label; retail operations; marketing, branding and e-commerce; and investments, governance, real estate, and turnarounds. Notably, among our slate of director nominees are several highly accomplished executives with direct experience successfully leading some of the most well-known brands in the world or overseeing similar turnarounds at competing home furnishing companies such as Pier 1 Imports, Macy's, Guess?, Zales, Chico's, The Gap, Coach, Walmart, Target and Ellery Homestyles.

Our slate of director nominees is committed to executing on a comprehensive strategic plan that we released, which includes a quantified time and action plan that prioritizes the following initiatives: launching an immediate search for a top-flight CEO to lead the Company, addressing the Company's weak sales, improving gross margins, adopting cost-cutting measures, creating an incentive compensation structure that better aligns pay-for-performance, optimizing inventory levels, and reviewing all non-core businesses and assessing their value as part of the business or their potential value to other parties. Shareholders can see our full strategic plan at www.restorebedbath.com.

We hope that you share our excitement to seize the opportunity Bed Bath represents with a newly constituted and extraordinarily capable board of directors at the helm. We believe that shareholders have suffered long enough at Bed Bath. Fortunately, shareholders finally have the opportunity to choose a much better alternative at the 2019 Annual Meeting.

The Company may try to argue that we are seeking a level of Board representation that is disproportionate to our 5.2% ownership interest in the Company. It is important to understand, however, that this election is not about the Investor Group versus the current Board. This election is about what is best for the Company and its shareholders. We strongly believe that anything short of a full change in the Board at the 2019 Annual Meeting will be wholly inadequate to rectify the magnitude of value destruction, operational underperformance and governance issues at Bed Bath. We have gone to great lengths to identify ten highly credible director candidates who are independent-thinking business leaders who are committed to putting the best interests of Bed Bath's shareholders first. Therefore, while the election of a majority of our director candidates may be sufficient to ensure that the changes we are seeking are implemented at Bed Bath following the 2019 Annual Meeting, we have nevertheless nominated a full slate because we believe that each of the director nominees that we have identified is more qualified than the Company's nominees and that each will bring more relevant skills and experiences to the different aspects of Bed Bath's business and current challenges than the incumbent nominees the shareholders would otherwise be forced to accept. We believe shareholders deserve to have the best possible Board, comprised of the most talented and experienced individual directors.

Each of our director nominees is committed to the implementation of our comprehensive turnaround plan for Bed Bath. Therefore, in the event that our director nominees comprise a majority of the Board following the 2019 Annual Meeting, we expect that the Board, consistent with its fiduciary duties, will implement our comprehensive turnaround plan for Bed Bath. While we have confidence that our director nominees' plans for Bed Bath will put the Company on the right path towards substantial shareholder value creation, there can be no assurance that the implementation of our comprehensive turnaround plan will ultimately enhance shareholder value. In the event that our director nominees comprise less than a majority of the Board following the 2019 Annual Meeting, there can be no assurance that any actions or changes proposed by our director nominees, including the implementation of our turnaround plan, will be adopted or supported by the Board.

We urge you to carefully consider the information contained in the attached Proxy Statement and then support our efforts by signing, dating and returning the enclosed **WHITE** proxy card today. The attached Proxy Statement and the enclosed **WHITE** proxy card are first being furnished to the shareholders on or about _____, 2019.

If you have already voted for the incumbent management slate, you have every right to change your vote by signing, dating and returning a later dated **WHITE** proxy card or by voting in person at the 2019 Annual Meeting.

DATED MAY 2, 2019

2019 ANNUAL MEETING OF SHAREHOLDERS

OF

Bed Bath & Beyond Inc.

**PROXY STATEMENT
OF
LEGION PARTNERS HOLDINGS, LLC**

PLEASE SIGN, DATE AND MAIL THE ENCLOSED WHITE PROXY CARD TODAY

Legion Partners Holdings, LLC, a Delaware limited liability company (“Legion Partners Holdings”), and the other participants in this solicitation (collectively, the “Investor Group” or “we”) are significant shareholders of Bed Bath & Beyond Inc., a New York corporation (“Bed Bath” or the “Company”), who beneficially own, in the aggregate, approximately 5.2%¹ of the outstanding shares of common stock, \$0.01 par value per share (the “Common Stock”), of the Company, including approximately 1.0% of shares underlying call options that are currently exercisable. We are furnishing this proxy statement and accompanying **WHITE** proxy card to holders of common stock, par value \$0.01 per share (the “Common Stock”) of Bed Bath in connection with the solicitation of proxies in connection with the Company’s 2019 annual meeting of shareholders (including any and all adjournments, postponements, continuations or reschedulings thereof, or any other meeting of shareholders held in lieu thereof, the “2019 Annual Meeting”). The 2019 Annual Meeting will be held on a date, and at a time and place, to be determined by the Company.²

We are seeking your support at the Company’s 2019 Annual Meeting of Shareholders for the following:

- To elect Legion Partners Holdings’ ten (10) director nominees, [Victor Herrero Amigo, Theresa R. Backes, Joseph Boehm, David A. Duplantis, Jonathan Duskin, John E. Fleming, Sue Ellen Gove, Janet E. Grove, Jeffrey A. Kirwan, Jeremy I. Liebowitz, Jon Lukomnik, Cynthia S. Murray, Martine M. Reardon, Hugh R. Rovit, Joshua E. Schechter and Alexander W. Smith] (each a “Nominee” and, collectively, the “Nominees”) to hold office until the 2020 Annual Meeting of Shareholders (the “2020 Annual Meeting”) and until their respective successors have been duly elected and qualified;
- 1.

¹ Because the Company has not yet publicly disclosed how many shares of Common Stock are outstanding as of [], 2019, the record date for the Annual Meeting, the percentages of ownership reported throughout this Proxy Statement are based upon 132,089,269 shares outstanding, as of March 30, 2019, which is the total number of shares outstanding as reported in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on April 30, 2019.

² The Company has not yet publicly disclosed the date, time and place of the 2019 Annual Meeting. Once the Company publicly discloses such date, time and place, Legion Partners Holdings intends to supplement this Proxy Statement with such information and file revised definitive materials with the Securities and Exchange Commission.

2. To vote on a non-binding, advisory resolution to approve the compensation of the Company's named executive officers;
3. To ratify the appointment of KPMG LLP as the independent registered public accounting firm of the Company for the fiscal year ending February 29, 2020; and
4. To transact such other business, if any, as may properly come before the 2019 Annual Meeting and any adjournment thereof.

The Investor Group is seeking to elect a full slate of nominees to the Company's Board of Directors (the "Board") because we believe that the magnitude of value destruction, gravity of corporate governance issues and deterioration in operational performance necessitates wholesale change in the boardroom. Legion Partners Holdings has nominated a slate of highly qualified and capable candidates with relevant backgrounds and industry experience. If elected, the nominees will bring fresh perspectives, talented leadership, and responsible oversight in implementing a much-needed turnaround at Bed Bath.

Legion Partners Holdings believes the terms of all ten (10) directors currently serving on the Board expire at the 2019 Annual Meeting. This Proxy Statement is only soliciting proxies to elect the Nominees. Accordingly, the enclosed **WHITE** proxy card does not confer voting power with respect to any of the Company's director nominees. You can only vote for the Company's director nominees by signing and returning a proxy card provided by the Company. Shareholders should refer to the Company's proxy statement for the names, backgrounds, qualifications, and other information concerning the Company's director nominees.

As of the date hereof, Legion Partners Holdings, together with Legion Partners, L.P. I, a Delaware limited partnership ("Legion Partners I"), Legion Partners, L.P. II, a Delaware limited partnership ("Legion Partners II"), Legion Partners Special Opportunities, L.P. We intend to vote the Investor Group Shares **FOR** the election of the Nominees, **AGAINST** the approval of the non-binding advisory resolution on the compensation of the Company's named executive officers, and **FOR** the ratification of the selection of KPMG LLP as the independent registered public accounting firm of the Company for the fiscal year ending February 29, 2020, as described herein.

The Company has set the close of business on [_____] [___], 2019 as the record date for determining shareholders entitled to notice of and to vote at the 2019 Annual Meeting (the “Record Date”). Once the Company publicly discloses the number of shares of Common Stock outstanding as of the Record Date, Legion Partners Holdings intends to supplement this Proxy Statement with such information and file revised definitive materials with the SEC.

BACKGROUND OF THE SOLICITATION

From September 2016 to January 2019, the Macellum Group regularly reached out to Janet M. Barth, Vice President of Investor Relations, to discuss the Company's business and quarterly results.

In November and December 2018, the Legion Group and Macellum Group began to discuss their shared concerns with the Company's prolonged underperformance, sustained shareholder value destruction and egregious corporate governance practices, including the Board's disregard for the shareholder vote at the 2018 Annual Meeting of Shareholders (the "2018 Annual Meeting"), in which Victoria Morrison received 56% of the votes cast against her but the Board unanimously reappointed her to the Board, notwithstanding four consecutive failed say-on-pay votes.

On January 10, 2019, the Legion Group called Ms. Barth, to discuss questions related to the Company's performance and to try to set up a meeting with Chief Executive Officer (CEO) Steven H. Temares.

On January 11, 2019, the Legion Group and Macellum Group formally agreed to work together as a group and to engage with the Company regarding their concerns. The Legion Group and Macellum Group subsequently reached out to the Company to try to schedule a meeting with CEO Temares but were largely ignored.

On February 27, 2019, the Legion Group and Macellum Group sent a letter to Mr. Temares expressing their frustration that their prior requests to meet were ignored. In the letter, the Legion Group and Macellum Group noted their serious concerns with the Company's prolonged underperformance and requested a meeting within two weeks to discuss their concerns and to better understand his plans for improving Bed Bath and stopping what the Legion Group and Macellum Group believed was a downward spiral of results that has led to the significant destruction of shareholder value.

On March 14, 2019, representatives of the Legion Group and Macellum Group met with Mr. Temares, Chief Financial Officer and Treasurer, Robyn M. D'Elia, Chief Operating Officer and President, Eugene A. Castagna, Chief Administrative Officer, Susan E. Lattmann and Ms. Barth at the Company's headquarters in New Jersey to discuss their concerns with the Company's underperformance, poor shareholder returns, and executive compensation.

On March 15, 2019, the Legion Group requested from the Company the forms of director questionnaire (the "Questionnaire") and representation agreement (the "Representation Agreement") required under the Company's Amended By-laws (the "Bylaws") to be completed by each nominee nominated by a shareholder in order to nominate directors at the 2019 Annual Meeting.

On March 18, 2019, representatives of the Legion Group and Macellum Group, along with their legal counsel, Olshan Frome Wolosky LLP ("Olshan"), met with former Executive Chairmen, Warren Eisenberg and Leonard Feinstein, member of the Board, Patrick Gaston, Ms. Barth and the Company's legal counsel, Wachtell, Lipton, Rosen & Katz ("Wachtell"). At the meeting, representatives of the Legion Group and Macellum Group repeated their

concerns with the Company's underperformance and executive compensation and expressed the need for a change of a majority of the Board. The Company advised that they believed their strategy was working and initiatives adopted to address the Company's performance were "ahead of plan." The Company argued that results would come in 2020. Messrs. Eisenberg, Feinstein and Gaston also informed the Legion Group and Macellum Group that they had kept Victoria Morrison on the Board despite shareholders having voted to unseat her at the 2018 Annual Meeting due to her past contributions and legal skills.

Between March 19, 2019 and March 25, 2019, Olshan and Wachtell spoke and communicated via email on behalf of their respective clients to discuss the March 18, 2019 meeting as well as certain problematic provisions in the Questionnaire and Representation Agreement, which Olshan believed were not valid under New York law in order to nominate directors for election at a company's annual meeting.

On March 20, 2019, Olshan sent a letter to Wachtell requesting an affirmative waiver to the requirement in the Questionnaire that each Nominee consent to being named in the Company's proxy statement (the "Nominee Consent Requirement"). Olshan also noted that the Representation Agreement required the Nominating Shareholder to become a party thereto which was inconsistent with the Bylaws that only required each Nominee to execute a Representation Agreement.

Also on March 20, 2019, the Legion Group, the Macellum Group, the Ancora Funds, Ancora Advisors and Frederick DiSanto entered into a group agreement, pursuant to which the members agreed to, among other things, work together to nominate directors and solicit proxies for their election (the "Group Agreement").

On March 21, 2019, Wachtell communicated to Olshan a proposal from the Company to add two (2) new directors to the Board to replace two (2) independent directors. Olshan indicated it would speak with its clients and requested a response to its March 20, 2019 letter.

On March 25, 2019, Olshan and Wachtell spoke about the Company's proposal. Olshan communicated to Wachtell that the Investor Group believed more meaningful change was warranted at the Company and the replacement of two independent directors would not be sufficient. Olshan and Wachtell also discussed the issues set forth in Olshan's March 20, 2019 letter. Wachtell communicated that it did not interpret the Nominee Consent Requirement to permit the Company to name any of the Nominees on the Company's proxy card. Olshan requested written confirmation of the same.

On March 25, 2019, each of Ancora Special Opportunity Fund, Ancora/Thelen Small-Mid Cap Fund, Victor Herrero Amigo, Theresa R. Backes, Joseph Boehm, David A. Duplantis, John E. Fleming, Sue Ellen Gove, Janet E. Grove, Jeffrey A. Kirwan, Jeremy I. Liebowitz, Jon Lukomnik, Cynthia S. Murray, Martine M. Reardon, Hugh R. Rovit, Joshua E. Schechter and Alexander W. Smith entered into a Joinder Agreement with the other parties to the Group Agreement pursuant to which they agreed, among other things, to become parties to the Group Agreement and be bound by the terms and conditions thereof.

On March 26, 2019, Legion Partners Holdings delivered a 1,035 page letter (the "Nomination Letter") to Bed Bath nominating the Nominees for election to the Board at the 2019 Annual Meeting. Accompanying the Nomination Letter was a cover letter from Olshan to Wachtell relaying a verbal communication by Wachtell that the consents the Nominees were providing under the Questionnaires would not be interpreted by the Company to give the Company the right to include any of the Nominees in their proxy card in connection with the 2019 Annual Meeting.

Later on March 26, 2019, the Investor Group issued a press release announcing the nomination of sixteen highly-qualified independent candidates for election to the Board at the Annual Meeting. In the press release, the Investor Group noted that given the magnitude of value destruction at the Company, wholesale Board and leadership

changes were warranted, including a search to replace CEO Steven Temares. The Investor Group noted that the Company has lost more than \$8 billion in market value over Mr. Temares' 15-year tenure as CEO, with total shareholder returns of negative 58% and, since early 2015, the stock has lost over 80% of its value. The Investor Group also noted issues with the Board's lengthy average tenure of 19 years, the Company's excessive executive pay packages, certain governance issues, among other things. The Investor Group also announced that it intended to deliver a detailed plan to turn the Company around in the near term that will focus on, among other things, recruiting a highly qualified CEO to lead the Company going forward, addressing the Company's weak sales, improving gross margins, adopting cost-cutting measures, creating an incentive compensation structure that better aligns pay for performance, and reviewing all non-core businesses and assessing their value as part of the business or their potential value to other parties.

Also on March 26, 2019, Bed Bath issued a press release confirming receipt of the Nomination Letter from Legion Partners Holdings. The Company also publicly disclosed its intent to accelerate its Board refreshment program with investor input and repeated its belief that its strategy to transform the Company was ahead of plan.

On March 28, 2019, Legion Partners Holdings delivered a letter (the “Change-in-Control Letter”) to the Board explaining its concerns that following the Annual Meeting, should Legion Partners Holdings’ candidates constitute a majority of the Board, their appointment could trigger certain change in control provisions under certain of the Company’s material contracts and agreements unless they have been certified by the current Board as “continuing directors” in advance of such election. Accordingly, in order to maintain a level playing field, and to allow shareholders to make their voting decisions based solely on the merits, the letter requested written confirmation from the Company that, prior to the Annual Meeting, the Board will take all necessary steps to use its discretionary authority under such agreements to certify Legion Partners Holdings’ candidates as “continuing directors” and otherwise approve of their nomination such that the change in control provisions would not be triggered by the election of Legion Partners Holdings’ candidates to serve on the Board. Legion Partners Holdings requested to receive a response from the Company no later than April 3, 2019.

On March 29, 2019, Legion Partners Holdings delivered to Bed Bath a demand to inspect the Company’s books and records under Section 624 of the New York Business Corporation Law. The parties subsequently discussed and entered into a customary confidentiality agreement with respect to the information to be provided to Legion Partners Holdings.

On March 29, 2019, the Investor Group filed a Schedule 13D disclosing it had nominated the Nominees for election at the Annual Meeting and a collective beneficial ownership of approximately 5.0% of the Common Stock.

Also on March 29, 2019, Wachtell delivered a letter to Legion Partners Holdings identifying certain purported deficiencies in the Nomination Letter and alleging the nomination was not made in good faith because Legion Partners Holdings nominated more persons for election than vacancies expected at the 2019 Annual Meeting.

On March 31, 2019, Olshan, on behalf of Legion Partners Holdings, delivered a response letter (the “Response Letter”) to Wachtell’s March 29th letter refuting its claims that the Nomination Letter was deficient and addressing the Company’s concerns on a point-by-point basis. Olshan reiterated Legion Partners Holdings’ firm belief that its nomination constituted a good faith nomination, that the Bylaws didn’t prohibit the ability to nominate more persons than vacancies expected, that Legion Partners Holdings would only solicit votes for the number of vacancies actually existing and that the information provided in the Nomination Letter was more than sufficient according to the Company’s Bylaws and applicable governing law. Nevertheless, in addition to the Response Letter, Legion Partners Holdings provided to the Company a voluntary 474 page supplement (the “Supplemental Notice”) and supplements to each of the Questionnaires in order to address any purported inconsistencies and provide additional disclosures as requested by the Company. The Group Agreement and Joinder Agreement were also amended as of such date to clarify that the Group Agreement will terminate immediately after the conclusion of the activities contemplated therein, but no later than the final certification by the inspector of elections of the votes for the 2019 Annual Meeting or earlier appoint by any Nominee to the Board, unless otherwise agreed to by the parties thereof.

On April 1, 2019, Wachtell delivered to Olshan a letter acknowledging receipt of the Response Letter and the Supplemental Notice as well as reiterating certain allegations that Legion Partners Holdings' Nomination Letter was not submitted in good faith due to nominating more directors than expected vacancies.

On April 1, 2019, Olshan responded by email to Wachtell that the Company's claims that Legion Partners Holdings' Nomination Letter was not submitted in good faith were baseless because Wachtell admitted in its own letter that the Bylaws did not prohibit nominating more persons than seats available, so long as Legion Partners Holdings did not solicit in its definitive proxy statement more persons than vacancies existing at the 2019 Annual Meeting.

On April 3, 2019, the Company delivered to Legion Partners Holdings a letter in response to the Change-in-Control Letter claiming the Company would consider approving the Nominees for purposes of the change in control provisions in the Company's contracts but would need to interview the Nominees in order to assess whether they meet the standard for approval.

On April 5, 2019, Legion Partners Holdings delivered a letter to the Company noting that well over 1,400 pages of information was provided to the Company in connection with the nomination of the Nominees, providing more than sufficient information to the Board to assess the qualifications of the Nominees. Legion Partners Holdings also noted that if shareholders conclude that the Nominees should be elected to the Board, that determination alone should suffice. Legion Partners Holdings concluded that the Board's suggestion that it can override shareholder wishes and risk a default under its material agreements is improper and unlawful. Legion Partners Holdings asked again for the Company to, no later than April 15, 2019, approve of the Nominees as "continuing directors" in order to avoid any harm to shareholders' inalienable rights to elect directors.

On April 5, 2019, Olshan delivered on Legion Partners Holdings' behalf a letter to Wachtell to follow up on certain open matters including (i) requesting written confirmation no later than April 15, 2019 that the Company would not use the consents given pursuant to the Nominee Consent Requirement to name any Nominee in the Company's proxy card, and (ii) a supplement to Mr. Duskin's Questionnaire, which provided updated ownership information of shares of common stock of the Company beneficially owned by Mr. Duskin and certain other matters.

On April 8, 2019, the Investor Group issued a press release calling on the Board and management team of Bed Bath to increase its level of disclosure and transparency when it reports fourth quarter results on April 10, 2019. In its press release, the Investor Group compiled a list of ten questions for management to address that it believes shareholders deserve to know.

On April 10, 2019, Bed Bath announced its fourth quarter and full-year 2018 financial results, which included annual sales decline. Additionally, the Company named Patrick Gaston as Lead Independent Director despite the fact that he has been a director since 2007 and announced that it was accelerating its Board refreshment program and would anticipate further changes to the Board in the near term.

Later on April 10, 2019, the Investor Group issued a press release commenting on the Company's fourth quarter 2018 earnings and what it believed was evidence of an acceleration of the Company's operating deterioration. The Investor

Group also expressed its deep concerns that management suggested they would reduce their coupon availability to improve profitability. The Investor Group stated its view that it would not make sense to make any couponing adjustments prior to executing on initiatives that would fundamentally improve the in-store experience for customers and drive retail traffic. The Investor Group also announced it planned to release its detailed operational plan over the next two weeks.

On April 12, 2019, Wachtell delivered a letter on behalf of the Board to Legion Partners Holdings responding to Legion Partners Holdings' letter sent April 5, 2019. Wachtell's letters did not respond to the request to confirm it would not name any Nominee in the Company's proxy statement or proxy card. Instead, the Board merely responded to the request to approve the Nominees to avoid triggering certain change of control provisions under the Company's material agreements. In the letter, the Board claimed it was not clear under New York law that the Board had the right to approve of potential director candidates that it was not endorsing. The Board further argued it needed to interview the Nominees in light of purported inaccuracies in the Questionnaires submitted by each Nominee, without identifying what purported inaccuracies existed. The Board noted it was "many weeks away" from filing its proxy statement and would continue to consider the matters raised in Legion Partners Holdings' prior letters.

On April 17, 2019, Olshan delivered a letter to Wachtell to follow up on its letters dated March 26, 2019 and April 5, 2019 that sought to confirm the Company would not name any Nominee in the Company's proxy statement or proxy card. Given the lack of response from the Company to these letters, Olshan stated that Legion Partners Holdings would expect the Company to either agree to (i) the use of a universal proxy card and to deliver to Legion Partners Holdings, written consents of the Company's director nominees to be named in Legion Partners Holdings' proxy card or (ii) provide written confirmation that the Company would not name any Nominee in the Company's proxy statement or proxy card.

On April 19, 2019, Wachtell delivered a letter to Olshan on behalf of the Company in response to Olshan's letter dated April 17, 2019 to confirm that the Company would not name any of the Nominees in the Company's proxy card without their consent.

Later on April 19, 2019, the Company's advisor, The Goldman Sachs Group, Inc. ("Goldman Sachs"), emailed Mr. Kiper to have a discussion regarding a potential settlement between the Company and Legion Partners Holdings. Goldman Sachs and Mr. Kiper had several calls later that day whereby Goldman Sachs suggested the Investor Group enter into a limited duration non-disclosure agreement to discuss potential changes at the Board level.

On April 21, 2019, at the urging of the Company, the Investor Group entered into a non-disclosure agreement with the Company and a proposal for settlement was delivered by Wachtell to Olshan. Given the Easter holiday, Olshan advised Wachtell that it would respond back to the proposal the next morning. The fact that the Investor Group had entered into a non-disclosure agreement was deemed confidential until April 24, 2019.

On April 22, 2019, less than 24 hours after entering into a non-disclosure agreement with the Investor Group, for the purposes of discussing a potential settlement agreement and without giving the Investor Group an opportunity to respond, the Company issued a press release and investor presentation announcing that it had reconstituted the Board, effective May 1, 2019, by having five current directors step down and appointing five new directors. The Company also announced that Co-Founders and Executive Chairmen Warren Eisenberg and Leonard Feinstein would transition to the role of Co-Founders, Co-Chairmen Emeriti and would retire from the Board and that Patrick Gaston, who has been with the Board since 2007, would be named the Current Lead Independent Director.

On April 22, 2019, the Investor Group released a statement responding to the Company's Board changes, stating that it believed the Board changes were not nearly enough when measured against what is needed to address the issues with the current Board and management, including that CEO Steven Temares must be held accountable for the Company's prolonged poor performance and destruction of shareholder value. The Investor Group also noted that the Company's announcement lacked any detailed strategic vision for driving value creation at the Company and, as a result, the Investor Group would continue to move forward with its campaign to install fresh, experienced and independent oversight and management at the Company. The Investor Group could not publicly disclose the fact that it had entered into a non-disclosure agreement with the Company until April 24, 2019, since that fact was deemed confidential information.

Also on April 22, 2019, Olshan, on behalf of Legion Partners Holdings, sent a letter to Wachtell requesting the use of a universal proxy card in light of the Board changes announced by the Company earlier that day. The letter explained Legion Partners Holdings' belief that the use of a universal proxy card was best corporate governance and would provide shareholders the ability to elect the most qualified group of directors.

On April 24, 2019, Wachtell delivered a letter to Olshan indicating that the Company did not believe there was a need for the use of a universal proxy card.

On April 26, 2019, the Investor Group released a comprehensive presentation outlining their strategic plan for the Company. The strategic plan outlines a path forward to modernizing the Company's retail practices and delivering a significant earnings per share improvement, including to (i) revamp the executive management team by hiring a world class CEO, (ii) reverse sales weakness by fixing the merchandise over-assortment problem through a detailed SKU rationalization process as well as developing a merchandise architecture that will better resonate with customers, (iii) turnaround the Company's culture with an increased focus on employee training and education to improve motivation; (iv) significantly expand gross margins through improved vendor relations and drive profits by establishing a direct sourcing strategy and private label program as well as fixing mix issues created by the Company's shift to commoditized and lower margin products, (v) implement cost cutting measures, (vi) improve inventory by increasing inventory turns and (vii) fix capital allocation by reviewing all non-core businesses and assessing their value as part of the business or their potential value to other parties, among other things. The Investor Group also released a statement in conjunction with the strategic plan. The Investor Group stated that the recent Board changes announced by the Company are not nearly enough and appear hastily constructed. The Investor Group reiterated its belief that CEO Steven Temares must be terminated as soon as possible and new directors must be added to the Board that have direct experience in the following areas: customer-centricity, retail operations, sourcing, supply chain, private label, marketing, branding, e-commerce, and turnarounds.

Later on April 26, 2019, the Company issued a statement in response to the Investor Group's comprehensive presentation, claiming it was executing on a comprehensive multi-year strategy that was "well underway and delivering results", despite little evidence of improvements to the business. The Company also falsely stated that it had offered the Investor Group the opportunity to participate in the recent Board changes, when, in fact, the Investor Group had clearly stated it would respond to the Company's proposal within 24 hours. Rather than wait for a response and work towards a settlement in good faith, the Company publicly announced its newly constructed board.

REASONS FOR THE SOLICITATION

WE BELIEVE THE TIME FOR SUBSTANTIAL CHANGE IS NOW

For far too long, the Board has presided over an extended period of poor stock price performance, decelerating operational performance, excessive compensation, and poor corporate governance. Prior to the recent board changes, which we view as reactive and hastily constructed in response to our active engagement, the average director tenure was approximately 19 years, which, in our view, hindered proper oversight of management. Even with the recent Board changes, we believe the Board lacks sufficient retail expertise and has left CEO Temares at the helm, implementing strategic initiatives that in our view have shown little evidence of success. Furthermore, we believe the Board has failed at its basic duty to oversee the creation of a viable strategy, prioritize initiatives, measure success and ensure management is held accountable for execution.

Until recently, the Board was presided over by Co-Founders, Co-Chairmen Emeriti Warren Eisenberg and Leonard Feinstein who have both served on the Board for 48 years, while the Company seems to be growing more out of touch with modern retail with every passing day. In our view, the Company has not demonstrated an ability to appropriately respond to a changing retail landscape that demands a greater aptitude for how to compete in an omnichannel world. While Messrs. Eisenberg and Feinstein have some very dated retail experience primarily through their 48-year tenure at Bed Bath, the CEO and the rest of the independent directors have very minimal retail experience. The recent Board changes are also equally troubling as only two of the five newly appointed directors have direct retail experience. This lack of meaningful outside retail experience and relevant expertise may explain why more than \$8 billion in market value has been destroyed during CEO Temares' 15-year tenure. While overseeing Mr. Temares' reign of prolific shareholder value destruction, Messrs. Eisenberg and Feinstein were each paid over \$60 million over the past 15 years. For his part, CEO Steven Temares has been paid over \$180 million over this same period.

The problem with the new Board is that it appears to have been constructed to perpetuate the status quo. While on the surface, the resignation of seven (7) directors and the appointment of five (5) new directors looks like change, the new directors lack much in the way of retail experience and they are faced with several challenges, including the following:

Steven Temares is still the CEO.

Co-Chairman Emeriti, Leonard Feinstein and Warren Eisenberg, will continue to be paid for attending meetings and voicing their perspectives.

The newly appointed Chairman is Patrick Gaston, who has been on the Board for 12 years and has overseen substantial value destruction while serving on the Audit Committee, Nominating and Governance Committee and the Compensation Committee. Mr. Gaston does not appear to represent any new thinking.

The newly reconstituted Nominating and Governance Committee is comprised of three (3) of the four (4) remaining legacy directors. This committee, which has no retail experience, will have a disproportionate influence over the future of Mr. Temares.

We believe the Company's dramatic underperformance – when coupled with its poor corporate governance and excessive pay packages – necessitates wholesale Board and management changes. Given the lack of a new strategic plan formulated by the recently constructed Board, we fear the status quo will continue, as the same initiatives which haven't driven shareholder value will continue to be pursued under the helm of CEO Temares. We believe the Company has tremendous potential and a valuable and dedicated workforce of more than 62,000 employees that can thrive with the right board and management team in place.

We have nominated a slate of ten (10) highly qualified Nominees for election to the Board at the Annual Meeting. Our Nominees were carefully selected for their diverse skill sets in areas directly relevant to Bed Bath's business, its current challenges, and importantly, its opportunities. Our Nominees collectively bring decades of retail experience, leadership skills, operational execution, financial acumen, a strong respect for proper corporate governance and an unequivocal commitment to represent the best interests of all shareholders. Our Nominees, if elected, are prepared to begin executing on a strategic plan for Bed Bath that will seek to dramatically increase margins, cash flow, and restore Bed Bath's position as a dominant retailer while also holding management accountable. We believe that our Nominees, if elected, will bring about the much needed change that is urgently required at Bed Bath.

The Current Leadership Team and Board has Overseen Tremendous Value Destruction

Bed Bath's stock has significantly underperformed the S&P 500, Russell 2000, its proxy peer group and the Company's closest retail peers over a one, three, five and ten-year period as well as since April 2, 2003 when Steven Temares took the helm as the Company's CEO.

Not only is the performance of Bed Bath below its peers and indices, the performance is negative for all time periods noted. In our view, an engaged and properly aligned Board would have recognized the need to take substantive action to address Bed Bath's deteriorating performance long ago.

Bed Bath's Financial Results Have Been in Constant Decline

Bed Bath's financial results have been in decline for many years. The decline is most clearly demonstrated in Bed Bath's drop in return on invested capital ("ROIC"). The ROIC of Bed Bath was roughly 25% five years ago and has now declined to 6.3% in FY 2018.

In our view, the components of the decline stems from a decrease in gross margin and rapidly rising selling, general and administrative (“SG&A”) expenses. The results of this can most clearly be seen in Bed Bath’s EBITDA margins on the chart below:

Adjusted EBITDA Margin %	FY 2010	FY 2011	FY 2012	FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018

Under the Board’s oversight and guidance, management has delivered a same-store sales compounded annual growth rate (“CAGR”) of 0.7% over the last five years. The lack of growth seems to stem from the Company’s inability to deliver a compelling assortment, experiential shopping environment and a viable omnichannel strategy. Further issues that appear to be causing market share erosion include:

- The merchandise architecture lacks a clearly defined “good, better, best” strategy or sufficient presence of opening price point items.

- Rather than offering a well-designed, thoughtfully curated product assortment, the stores contain a dizzying array of too similar items and lack the experience customers demand.

- The Company has failed to deliver on the promise of building a value-added interior design service model despite acquiring promising building blocks such as Decorist, Inc. which was purchased in 2017.

- The pricing message remains confusing to the customer. Despite price points that are below the competition when considering the coupon or reward member discount (BEYOND+), the Company provides little clear messaging to allow the customer to recognize the magnitude of the value proposition.

Gross margins have materially contracted by approximately 730-basis points in the last eight years from 41% to 34% as demonstrated in the chart below.

We believe this is a result of several factors including:

- Heavy reliance on promotional activity in an attempt to drive store traffic because management has failed to successfully implement initiatives that generate customer visits based on product or store experience.

- A mix shift to lower margin products.

- Failure to address the inadequacies of an expensive antiquated supply chain that has relied on inefficient middlemen for as much as 90% of their products.

- A lack of a comprehensive, margin enhancing private label program.

- A planning and allocation system where over 1,000 individual store managers behave like buyers and order 70% of their store's assortment.

- The Company's inventory turns are very low and likely lead to more clearance.

Despite wielding more influence than store managers of nearly any other chain, store manager compensation is not tied to profitability, margins, inventory levels or asset turns. A phenomenon that likely also impacts payroll and individual store profit.

At the same time, SG&A expenses have increased 27% in the last five years. As a percentage of sales, SG&A has gone from 25% to 31% as demonstrated in the chart below.

FY	2011	2012	2013	2014	2015	2016	2017	2018	SG&A % of Sales	SG&A \$'s

The Company's lack of sufficient disclosure makes it difficult to understand the drivers of additional costs. However, the Investor Group believes expense creep comes from a combination of higher advertising expenses, increasing head count, extensive use of consultants, and excessive executive compensation.

Bed Bath's Capital Allocation Track Record is Troubling

While declining margins have been part of the story, the Company's track record of capital allocation has been deeply concerning. According to the Company's financial statements, capital expenditures have climbed from \$243 million in fiscal 2011 to over \$325 million in fiscal 2018. In addition, poorly executed acquisitions of non-core businesses, some of which were purchased from the children of the Co-Chairmen Emeriti (such as buybuy Baby and Chef Central) appeared to do little to improve any overall return or profit metrics and we believe have added significant complexity to the business.

Further exacerbating the problem, over the last 15 years, the Company has spent approximately \$10.6 billion of cash to buy back the Company's stock at an average price of \$50 per share as demonstrated in the chart below, oddly repurchasing more shares when the stock price was high than when the stock price was lower.

	FY09	FY10	FY11	FY12	FY13	FY14	FY15	FY16	FY17	FY18	Average Price

Poor Corporate Governance and Compensation Practices Demonstrate a Lack of Alignment with Shareholders

Bed Bath has demonstrated a history of excessive compensation which seems to lack alignment with performance. Until recently, the Co-Chairmen Emeriti Eisenberg and Feinstein have both been paid like CEO's since transitioning to Chairmen in 2003, as evidenced by the fact that each were paid over \$60 million since 2003. Since Steven Temares became CEO, Bed Bath's shares have declined 58% compared to its closest retail peers which are up 599%. For presiding over this value destruction, CEO Steven Temares has been paid over \$180 million since 2003.

(1) Value of stock options issued estimated using Black Scholes pricing model (FY2003 through FY2005)

Glass, Lewis & Co., LLC gave the Company's 2018 and 2017 executive compensation each a grade of "F" in its pay-for-performance model, noting that the Company paid more compensation to its named executive officers than the median compensation for its peer group but performed worse than its peers in a number of different performance measures, including both return on assets and return on equity in 2018. Additionally, in 2018, Institutional Shareholder Services gave the Company a QualityScore of "10" in its Compensation category and a "9" in its Board Structure category, where a decile score of 1 indicates lower governance risk, while a 10 indicates higher governance risk.

At the 2018 Annual Meeting, Victoria Morrison, received 56% of votes cast AGAINST her. The Board, who was not sufficiently responsive to the prior three years of failed Say on Pay votes, also chose to ignore the shareholder vote to hold Ms. Morrison accountable and unanimously voted to keep her on the Board after she failed to receive support from a majority of Bed Bath shareholders. This blatant behavior to circumvent the will of the shareholders must be corrected.

We also question the extent of related party transactions with the Co-Chairmen Emeriti's children. For example, in March 2007, the Company disclosed in its proxy statement for the 2009 annual meeting of shareholders, that two sons of Leonard Feinstein sold Bed Bath an eight-store chain now known as buybuy Baby for \$67 million in cash and a \$19 million debt repayment including \$3 million of debt owed to Leonard Feinstein. In January 2017, the Company disclosed in its proxy statement for the 2017 annual meeting of shareholders that a son of Warren Eisenberg sold Bed Bath an underperforming small business known as Chef Central for \$1 million in cash plus an earnout. Given the extraordinary losses in shareholder value over the past 15 years, we fail to see the benefit of acquiring these businesses.

In addition, there is limited ability for shareholders to act outside of the annual meeting process. Shareholders can only act by written consent with unanimity and special meetings may only be called by shareholders holding at least 50% of the voting power. Moreover, directors may only be removed for cause and shareholders cannot fill director vacancies even if a director is removed by shareholders.

We Have a Better Path Forward

We Have Recruited an Exceptional Team of Retail Industry Experts to Return Bed Bath to Prosperity

Our Nominees possess diverse skill sets in areas directly relevant to Bed Bath's business. Given the reactive nature of this Board to appoint five new directors without announcing a new strategic plan while keeping CEO Temares at the helm to continue implementing initiatives that do not show signs of improving the business, we believe that nothing short of wholesale change to the Board will facilitate a turnaround of the Company. We have worked diligently with our Nominees, our group of advisors, and one of the leading operationally-focused consulting firms to develop a comprehensive plan to create significant shareholder value at Bed Bath. Our Nominees, if elected, are prepared to begin executing on this comprehensive plan for Bed Bath that will seek to dramatically increase margins, cash flow, and restore Bed Bath's position as a dominant retailer. Our plan to turn Bed Bath around prioritizes the following initiatives:

Executive management – recruiting a top-flight CEO to lead Bed Bath into the future. We intend to launch a search to address this key position and within our group of Nominees there are a number of interim CEO candidates who have the skill set to take the helm, if necessary, after the Annual Meeting. However, as of the date hereof, there is no understanding or arrangement for any Nominee or third person to serve as CEO or interim CEO of the Company.

Sales weakness – fixing the merchandise over-assortment problem through a detailed SKU rationalization process as well as developing a merchandise architecture that will resonate with customers. Making the in-store experience something that drives traffic to the stores is a key priority.

Gross margin deterioration – developing a direct sourcing and private label model as well as fixing mix issues created by the Company's shift to commoditized and lower margin products.

Cost cutting – conducting an extensive reassessment of the increases in expenses over the last 5 years, including the explosion of the Company's advertising budget, seemingly endless array of initiatives that have failed to produce meaningful results and extensive use of consultants. Our plan will further create a proper incentive compensation structure for store management to focus on: sales, margins, inventory and profits.

Capital allocation – reviewing all non-core businesses and assessing their value as part of the business or their potential value to other parties. Further, we plan to increase inventory turns which would result in a substantial release of cash tied up in slow moving goods. Excess cash created could be applied to a combination of investments in the business as needed and/or reducing debt and returning capital to shareholders. Lastly, the increase in capital expenditures needs to be addressed.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board is currently composed of ten (10) directors, each with a term expiring at the 2019 Annual Meeting. Legion Partners Holdings has nominated ten (10) independent, highly-qualified Nominees for election to the Board to replace the ten (10) incumbent directors. If at least six (6) of the Nominees are elected, such Nominees will represent a majority of the members of the Board.

We strongly believe that anything short of a majority change in the Board at the Annual Meeting will be wholly insufficient to drive the level of change that we believe is required to improve shareholder value and performance at Bed Bath. We have gone to great lengths to identify highly credible director candidates who are independent-thinking business leaders and are committed to putting the best interests of Bed Bath's shareholders first. Therefore, while the election of a majority of our director candidates may be sufficient to ensure that the changes we are seeking are implemented at Bed Bath following the 2019 Annual Meeting, we have nevertheless nominated a full slate because we believe that each of the director nominees that we have identified is more qualified than the existing members of the Board and that each will bring more relevant skills and experiences to the different aspects of Bed Bath's business and current challenges than the incumbent nominees the shareholders would otherwise be forced to accept. We believe shareholders deserve to have the best possible Board, comprised of the most talented and experienced individual directors.

Each of the Nominees is committed to the implementation of our comprehensive turnaround plan for Bed Bath. Therefore, in the event that the Nominees comprise a majority of the Board following the 2019 Annual Meeting, we expect that the Board, consistent with its fiduciary duties, will implement our comprehensive turnaround plan for Bed Bath. While we have confidence that the Nominees' plans for Bed Bath will put the Company on the right path towards substantial shareholder value creation, there can be no assurance that the implementation of the comprehensive turnaround plan will ultimately enhance shareholder value. In the event that the Nominees comprise less than a majority of the Board following the 2019 Annual Meeting, there can be no assurance that any actions or changes proposed by the Nominees, including the implementation of our turnaround plan, will be adopted or supported by the full Board.

There are ten (10) directorships up for election at the 2019 Annual Meeting. We are soliciting proxies to elect our ten (10) Nominees. **Accordingly, the enclosed WHITE proxy card may only be voted for the Nominees and does not confer voting power with respect to any of the Company's director nominees. Shareholders who return the WHITE proxy card will only be able to vote for our ten (10) Nominees, and will not have the opportunity to vote for any of the Company's director nominees for any of the seats up for election at the 2019 Annual Meeting.**

THE NOMINEES

The following information sets forth the name, age, business address, present principal occupation, and employment and material occupations, positions, offices, or employments for the past five years of each of the Nominees. The nominations were made in a timely manner and in compliance with the applicable provisions of the Company's governing instruments. As of the date hereof, none of the Nominees, except Messrs. Duskin and Fleming, own beneficially or of record any shares of Common Stock and have not entered into any transactions in shares of the Common Stock during the past two (2) years. As of the date hereof, Mr. Fleming beneficially owns 5,000 shares of Common Stock. The shares of Common Stock purchased by Mr. Fleming were purchased in the open market with personal funds. As the sole member of Macellum GP, Mr. Duskin may be deemed to beneficially own the 446,415 shares of Common Stock beneficially owned directly by Macellum Home, including 89,500 shares underlying long call options that are currently exercisable. The shares of Common Stock purchased by Macellum Home were purchased in the open market with working capital.

Each of the Nominees may be deemed to be a member of a "group" with the Legion Group, the Ancora Group and the Macellum Group for the purposes of Section 13(d)(3) of the Exchange Act, and accordingly, the Investor Group may be deemed to beneficially own the 6,912,639 shares of Common Stock beneficially owned in the aggregate by the members of the Investor Group, including 1,419,500 shares underlying call options that are currently exercisable. Each member of the Investor Group disclaims beneficial ownership with respect to the shares of Common Stock reported owned in this Proxy Statement, except to the extent of its, his or her pecuniary interest therein. Mr. Lukomnik has served as the Chair of the Investment Advisory Council for Legion Partners Asset Management, which council was formed for the purpose of providing advice and guidance to the Investment Committee of Legion Partners Asset Management in any matter related to the investment process, since December 2013. Mr. Lukomnik has received \$25,000 annually for such services. The Investment Committee of Legion Partners Asset Management consulted with Mr. Lukomnik before making its initial investment in the Company. Mr. Lukomnik is not an employee of the Legion Partners Asset Management and does not receive any other compensation or payments from the Legion Partners Group. Notwithstanding such service, Mr. Lukomnik continues to be completely independent of Legion Partners Asset Management and its affiliates.

Each Nominee presently is, and if elected as a director of Bed Bath would be an “independent director” within the meaning of (i) applicable NASDAQ listing standards applicable to board composition and (ii) Section 301 of the Sarbanes-Oxley Act of 2002, unless any Nominee were requested to serve as the Chief Executive Officer of the Company. We intend to launch a search to address this key position and within our group of Nominees there are a number of candidates who have the skill set to take the helm, if necessary, after the Annual Meeting. However, as of the date hereof, there is no understanding or arrangement for any Nominee or third person to serve as CEO or interim CEO of the Company. To the extent the Investor Group determines, after undertaking a comprehensive search for a new CEO, that a Nominee would be the most qualified candidate to serve as the CEO of the Company, the Investor Group will provide supplemental disclosure to this effect. No Nominee is a member of the Company’s compensation, nominating or audit committee that is not independent under any such committee’s applicable independence standards.

On March 20, 2019, the Legion Group, the Macellum Group, the Ancora Funds, Ancora Advisors and Mr. DiSanto entered into a Group Agreement in which, among other things, (a) they agreed, to the extent required by applicable law, to the joint filing on behalf of each of them of statements on Schedule 13D with respect to the securities of the Company, (b) they agreed to solicit proxies or written consents for the election of the Nominees, or any other person(s) nominated by Legion Partners Holdings, to the Board at the 2019 Annual Meeting, (c) they agreed to provide notice to the Investor Group's legal counsel and a representative of the Legion Group of all trading in the securities of the Company, and not sell or hedge any securities of the Company without the prior written consent of the other parties, and (d) the Legion Group, the Macellum Group and the Ancora Funds agreed to bear all expenses incurred in connection with the Investor Group's activities, including approved expenses incurred by any of the Participants in connection with this solicitation, subject to certain limitations, on a pro rata basis.

On March 26, 2019, each of the Nominees other than Mr. Duskin, Ancora Special Opportunity and Ancora/Thelen entered into a joinder agreement agreeing to be bound by the terms of the Group Agreement (the "Joinder Agreement"). In addition, each of the Nominees other than Mr. Duskin have agreed, pursuant to the Joinder Agreement, not to undertake or effect any purchase, sale, acquisition or disposal of any securities of the Company, undertake any expenses in connection with this solicitation or communicate on behalf of the Investor Group with regards to the Company without the prior written consent of the Legion Group.

On March 31, 2019, the Group Agreement and Joinder Agreement were amended to provide that the Group Agreement will terminate immediately after the conclusion of the activities described therein, but no later than the final certification by the inspector of elections of the votes for the 2019 Annual Meeting or earlier appointment of any Nominee to the Board, unless otherwise agreed to by the parties thereof.

On March 26, 2019, Legion Partners Holdings, Macellum Home and the Ancora Funds entered into letter agreements with each of the Nominees other than Mr. Duskin, pursuant to which each of Legion Partners Holdings, Macellum Home and the Ancora Funds have agreed to indemnify such Nominees against claims arising from this solicitation and any related transactions.

Each of the Nominees other than Mr. Duskin has granted Jonathan Duskin and Christopher S. Kiper, powers of attorney to execute certain SEC filings and other documents in connection with this solicitation.

Other than as stated herein, and except for compensation received by Mr. Duskin as the sole member of Macellum G.P, there are no arrangements or understandings between the Investor Group and the other Participants or any other person or persons pursuant to which the nomination of the Nominees described herein is to be made, other than the consent by each of the Nominees to be named in this Proxy Statement and to serve as a director of Bed Bath if elected as such at the 2019 Annual Meeting. None of the Nominees is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries in any material pending legal proceedings.

If the Investor Group is successful in obtaining shareholder approval for the election of seven (7) or more of the Nominees at the 2019 Annual Meeting, then a change of control of the Board may be deemed to have occurred under certain of the Company's material contracts. Based on a review of the Company's material contracts and agreements, such a change of control may trigger certain change of control provisions or payments contained therein as described below.

The Indenture and First Supplemental Indenture, both dated as of July 17, 2014 (collectively, the “Indenture”), relating to the 3.749% senior unsecured notes due 2024, the 4.915% senior unsecured notes due 2034 and the 5.165% senior unsecured notes due 2044 (collectively, the “Notes”), between the Company and The Bank of New York Mellon, as trustee, include a change of control provision which is triggered, among other things, on the first day on which a majority of the board of directors are not Continuing Directors (as defined below). Any such change of control becomes a triggering event under the Indenture if, sixty (60) days following the earlier of the first public notice of a change of control or the Company's intention to effect a change of control transaction, the rating on any of the Notes is downgraded (below Baa3 by Moody's Investors Service, Inc. and below BBB- by Standard & Poor's Rating Services). In the event that Legion Partners Holdings is successful in electing six (6) or more of its Nominees at the 2019 Annual Meeting and such triggering event occurs, the Company must offer to each noteholder to repurchase all or part of the Notes as set forth in the applicable Note. To avoid triggering a change of control, a committee of a majority of independent Continuing Directors or a majority of Continuing Directors may approve of the nomination of a new director, such that such new director will be deemed a Continuing Director. For purposes of the Indenture, a “Continuing Director” means, as of any date of determination, any member of the Company's board of directors who (1) was a member of the Company's board of directors on the date the Notes were originally issued, (2) was nominated for election to the Company's board of directors with the approval of a committee of the board of directors consisting of a majority of independent Continuing Directors or (3) was nominated for election, elected or appointed to such board of directors **with the approval** of a majority of the Continuing Directors who were members of the Company's board of directors at the time of such nomination, election or appointment (**either by a specific vote** or by approval of the Company's proxy statement in which such member was named as a nominee for election as a director). We believe the Board can, by specific vote, “approve” of the Nominees to avoid triggering a change of control under the Indenture. We have requested such approval based on our belief that the Board has a duty of loyalty and care to the Company and its stockholders to approve of the Nominees to avoid triggering potential adverse financial consequences and because the threat of such consequences will taint the corporate electoral process. The Company has suggested that it may not be able to approve of the Nominees under the Indenture without recommending the Nominees or interviewing them to determine whether they meet the standard for approval. We have responded that we are not seeking the Board's recommendation of the Nominees and that the delivery of over 1,400 pages of materials submitted in connection with the nomination process should be more than sufficient to assess whether the Nominees meet the standard for approval. Moreover, courts addressing this question have found, which may be applicable here, that “approval” of a rival slate for purposes of a change of control is not a recommendation or endorsement by the incumbent directors and the company may simultaneously recommend its own slate instead; and absent a finding that the rival slate lacked ethical integrity, fell within a category of known bad actors or they had made a specific determination that the rival slate proposed a program that would have demonstrated material adverse effects for the company to meet its legal obligations to its creditors. The incumbent board should approve of a rival slate and allow stockholders to choose directors without fear of adverse financial consequences.

The Performance Stock Unit Agreement under the 2012 Incentive Compensation Plan (effective 2017) for Steven H. Temares (the “Temares Agreement”), contains a change in control provision which is triggered, among other things, whenever the majority of the board of directors “consists of individuals other than Incumbent Directors, which term means the members of the board of directors ... on [December 31, 2008].” Such a change in control is not triggered if two-thirds of the directors who then comprised the Incumbent Directors support the election or nomination of any person becoming a director. In the event that Legion Partners Holdings is successful in electing Nominees at the 2019 Annual Meeting this provision may be triggered. If such change in control is triggered under the Temares Agreement, all shares of Common Stock issuable to Mr. Temares in respect of the subject performance stock units will immediately be released from, and no longer subject to, certain sale restrictions. Of note, the Amended and Restated Supplemental Executive Retirement Benefit Agreement between the Company and Steven H. Temares, dated November 16, 2009 (the “Retirement Agreement”) contains a similar change in control provision. The Retirement Agreement entitles Mr. Temares to receive certain retirement benefits upon the earlier of June 12, 2012 or a change in control. Because the June 12, 2012 threshold date has passed, Mr. Temares is entitled to receive such benefits under

the Retirement Agreement regardless of whether Legion Partners Holdings is successful in electing its Nominees at the 2019 Annual Meeting.

The Company's 2004 Incentive Compensation Plan (the "2004 Plan") and the Company's 2012 Incentive Compensation Plan (the "2012 Plan") do not define a "change in control," but if the Board determines to find that a change in a majority of the Board constitutes a change of control, the Compensation Committee of the Board (the "Compensation Committee"), in its sole discretion, may (A) provide for the lapse of restrictions of any restricted stock award, (B) accelerate the vesting of any restricted stock award and/or (c) waive the deferral limitations for any such award. Under the 2004 Plan, a change in control would permit the Compensation Committee to, in its sole discretion, provide for the acceleration and vesting of options and non-tandem stock appreciation rights and any performance award in the event of a such change in control. The Compensation Committee would also be authorized to provide for the earlier lapsing of applicable restrictions on restricted stock awards.

Pursuant to the Company's Amended and Restated Nonqualified Deferred Compensation Plan, effective January 1, 2006 and adopted December 18, 2008 (the "NQDC"), a change in control occurs, among other things, if a majority of members of the Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or elections. In the event that Legion Partners Holdings is successful in electing six or more of its Nominees at the 2019 Annual Meeting, a change in control under the NQDC could be triggered. In that case, under the NQDC, all Participants (as defined in the NQDC) will be fully vested in the amounts credited to their accounts as of the date of the change in control, and the Company may, in its discretion, terminate the Nonqualified Deferred Compensation Plan and distribute all vested balances.

Pursuant to the Company's 2018 Incentive Compensation Plan (the "2018 Plan") a change in control occurs, among other things, if during any period of twelve (12) months, the majority of the Board consists of individuals other than "Incumbent Directors" which term means the members of the Board at the beginning of such period, and any new director (other than a director whose initial assumption of office occurs as a result of either an actual or threatened election contest) whose election by the Board or nomination for election by the Company's shareholders was approved by a vote of a majority of the directors who comprised the Incumbent Directors or whose election or nomination for election was previously so approved. In the event that Legion Partners Holdings is successful in electing six or more of its Nominees at the 2019 Annual Meeting, a change of control under the 2018 Plan could be triggered. Under the 2018 Plan, a change in control would permit the Compensation Committee to, in its sole discretion, provide for the acceleration and vesting of any outstanding award in the event of such change in control. The Compensation Committee would also be authorized to provide for the earlier lapsing of applicable restrictions on restricted stock awards. To date, it is unclear whether any shares have been issued under the 2018 Plan.

Legion Partners Holdings has not independently verified if the copies of the agreements publicly filed by the Company with the SEC and discussed above (collectively, the "Company Agreements") are the same as the actual executed copies of the agreements, and the analyses above are based on our review of the Company's public SEC filings. While we are not aware of any, there may be other agreements that may be triggered by a change in control in connection with the nomination and/or election of the Nominees. The discussion of the potential impact of the nomination is based entirely upon our review of the Company Agreements. Notwithstanding the foregoing, Legion Partners Holdings has requested that the Board, consistent with its fiduciary duties, take any and all action necessary to render inapplicable any change in control provision that would be triggered by the nomination and/or election of the Nominees under the Indenture, Temares Agreement, Retirement Agreement, 2004 Plan, 2012 Plan, 2018 Plan or NQDC, as necessary and to the extent applicable and permitted. Specifically, and as discussed in more detail in the "Background to the Solicitation" section of this Proxy Statement, Legion Partners Holdings has requested that the Board approve of the Nominees to avoid any potential change of control related implications under the Company's material agreements.

We do not expect that the Nominees will be unable to stand for election, but, in the event any Nominee is unable to serve, or for good cause will not serve, the shares of Common Stock represented by the enclosed **WHITE** proxy card will be voted for substitute nominee(s), to the extent this is not prohibited under Bed Bath's organizational documents and applicable law. In addition, we reserve the right to nominate substitute person(s) if the Company makes or announces any changes to its Bylaws or takes or announces any other action that has, or if consummated would have, the effect of disqualifying any Nominee, to the extent this is not prohibited under Bed Bath's organizational documents and applicable law. In any such case, shares of Common Stock represented by the enclosed **WHITE** proxy card will be voted for such substitute nominee(s). Legion Partners Holdings reserves the right to nominate additional person(s),

to the extent this is not prohibited under Bed Bath's organizational documents and applicable law, if Bed Bath increases the size of the Board above its existing size or increases the number of directors whose terms expire at the 2019 Annual Meeting. Additional nominations made pursuant to the preceding sentence are without prejudice to our position that any attempt to increase the size of the current Board or to classify the Board constitutes an unlawful manipulation of Bed Bath's corporate machinery.

**WE STRONGLY URGE YOU TO VOTE "FOR" THE ELECTION OF THE NOMINEES ON THE
ENCLOSED WHITE PROXY CARD**

PROPOSAL NO. 2

ADVISORY VOTE ON NAMED EXECUTIVE OFFICERS' COMPENSATION

As discussed in further detail in the Company's proxy statement, the Company is asking shareholders to approve, on an advisory basis, the compensation of the Company's named executive officers as described under "Compensation Discussion and Analysis" in the Company's proxy statement and the related executive compensation tables, notes and narrative. Accordingly, the Company is asking shareholders to vote for the following resolution:

"RESOLVED, that the compensation paid to the Company's NEOs for fiscal 2018, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED."

As discussed in the Company's proxy statement, while the vote on the executive compensation resolution is non-binding, the Compensation Committee and the Board value the views of Bed Bath shareholders and will take the outcome into account when considering future compensation decisions affecting the Company's named executive officers.

For the reasons set forth in the "Reasons for the Solicitation" section, we believe that the Company's executive compensation is excessive and poorly aligned with performance.

WE RECOMMEND A VOTE "AGAINST" THE APPROVAL OF THE NON-BINDING ADVISORY RESOLUTION ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AND INTEND TO VOTE OUR SHARES "AGAINST" THE APPROVAL OF THE NON-BINDING ADVISORY RESOLUTION ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

Additional information regarding this proposal is contained in the Company's proxy statement.

WE MAKE NO RECOMMENATION WITH RESPECT TO THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY FOR ITS FISCAL YEAR ENDING FEBRUARY 29, 2020 AND INTEND TO VOTE OUR SHARES "FOR" THIS PROPOSAL.

VOTING AND PROXY PROCEDURES

Shareholders are entitled to one vote for each share of Common Stock held of record on the Record Date with respect to each matter to be acted on at the 2019 Annual Meeting. Only shareholders of record on the Record Date will be entitled to notice of and to vote at the 2019 Annual Meeting. Shareholders who sell their shares of Common Stock before the Record Date (or acquire them without voting rights after the Record Date) may not vote such shares of Common Stock. Shareholders of record on the Record Date will retain their voting rights in connection with the 2019 Annual Meeting even if they sell such shares of Common Stock after the Record Date. Based on publicly available information, the Investor Group believes that the only outstanding class of securities of the Company entitled to vote at the 2019 Annual Meeting is the Common Stock.

Shares of Common Stock represented by properly executed **WHITE** proxy cards will be voted at the 2019 Annual Meeting as marked and, in the absence of specific instructions, will be voted **FOR** the election of the Nominees, **AGAINST** the approval of the non-binding advisory resolution on the compensation of the Company's named executive officers, **FOR** the ratification of KPMG LLP as the Company's as the independent registered public accounting firm of the Company for the fiscal year ending February 29, 2020, and in the discretion of the persons named as proxies on all other matters as may properly come before the 2019 Annual Meeting, as described herein.

According to the Company's proxy statement for the 2019 Annual Meeting, the current Board intends to nominate ten (10) candidates for election at the 2019 Annual Meeting. This Proxy Statement is soliciting proxies to elect only the Nominees. Accordingly, the enclosed **WHITE** proxy card may only be voted for the Nominees and does not confer voting power with respect to the Company's nominees. The participants in this solicitation intend to vote the Investor Group Shares in favor of the Nominees. Shareholders should refer to the Company's proxy statement for the names, backgrounds, qualifications and other information concerning the Company's nominees. In the event that some of the Nominees are elected, there can be no assurance that the Company nominee(s) who get the most votes and are elected to the Board will choose to serve as on the Board with the Nominees who are elected.

QUORUM; BROKER NON-VOTES; DISCRETIONARY VOTING

A quorum is the minimum number of shares of Common Stock that must be represented at a duly called meeting in person or by proxy in order to legally conduct business at the meeting. For the 2019 Annual Meeting, the presence, in person or by proxy, of the holders of at least a majority of the shares of Common Stock outstanding as of the Record Date, will be considered a quorum allowing votes to be taken and counted for the matters before the shareholders.

Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Abstentions, however, will not be considered a vote cast with respect to any proposal. Shares represented by "broker non-votes" also are counted as present and entitled to vote for purposes of determining a quorum. However, if you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote (a "broker non-vote"). Under applicable rules, your

broker will not have discretionary authority to vote your shares at the 2019 Annual Meeting on any of the proposals.

A broker non-vote occurs when brokers, banks, or other nominees holding shares for a beneficial owner have discretionary authority to vote on “routine” matters brought before a shareholder meeting, but the beneficial owner of the shares fails to provide the broker, bank, or other nominee with specific instructions on how to vote on any “non-routine” matters brought to a vote at the shareholder meeting. Under the rules of the NASDAQ governing brokers’ discretionary authority, because we anticipate that you will receive proxy materials from or on behalf of both the Company and Legion Partners Holdings, brokers, banks, and other nominees holding shares in your account will not be permitted to exercise discretionary authority regarding any of the proposals to be voted on at the 2019 Annual Meeting, whether “routine” or not. As a result, we do not expect there to be broker non-votes by such brokers, banks, or other nominees. Accordingly, if you are a beneficial owner, if you do not submit any voting instructions to your broker, bank, or other nominee, then your shares will not be counted in determining the outcome of any of the proposals at the 2019 Annual Meeting, nor will your shares be counted for purposes of determining whether a quorum exists.

If you are a shareholder of record, you must deliver your vote by mail or attend the 2019 Annual Meeting in person and vote in order to be counted in the determination of a quorum.

VOTES REQUIRED FOR APPROVAL

Election of Directors The Company has adopted a plurality vote standard for contested director elections. The ten (10) nominees receiving the highest number of affirmative votes will be elected as directors of the Company. With respect to the election of directors, only votes cast “**FOR**” a nominee will be counted. Proxy cards specifying that votes should be withheld with respect to one (1) or more nominees will result in those nominees receiving fewer votes but will not count as votes against the nominees. Neither an abstention nor a broker non-vote will count as a vote cast “**FOR**” or “**AGAINST**” a director nominee. Therefore, abstentions and broker non-votes will have no direct effect on the outcome of the election of directors.

Advisory Resolution to Approve Executive Compensation According to the Company’s proxy statement, although the vote is non-binding, assuming that a quorum is present, the advisory vote on the Company’s named executive officers’ compensation will be approved if the number of votes cast “**FOR**” approval of such advisory resolution by holders entitled to vote exceeds the number of votes cast opposing the approval of the advisory resolution. Therefore, abstentions and broker non-votes will have no direct effect on the approval of the executive compensation program.

Ratification of Appointment of Accountants According to the Company’s proxy statement, assuming that a quorum is present, the selection of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending February 29, 2020 will be deemed to have been ratified if the number of votes cast “**FOR**” ratification of the appointment by holders entitled to vote exceeds the number of votes cast opposing the ratification of the appointment. Therefore, abstentions and broker non-votes will have no direct effect on the outcome of this proposal.

If you sign and submit your **WHITE** proxy card without specifying how you would like your shares voted, your shares will be voted in accordance with the Investor Group’s recommendations specified herein and in accordance with the discretion of the persons named on the **WHITE** proxy card with respect to any other matters that may be voted upon at the 2019 Annual Meeting.

REVOCATION OF PROXIES

Shareholders of the Company may revoke their proxies at any time prior to exercise by attending the 2019 Annual Meeting and voting in person (although attendance at the 2019 Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy which is properly completed will constitute a revocation of any earlier proxy. The revocation may be delivered either to the Investor Group in care of Saratoga at the address set forth on the back cover of this Proxy Statement or to the Company at 650 Liberty Avenue, Union, New Jersey 07083 or any other address provided by the Company. Although a revocation is effective if delivered to the Company, we request that either the original or photostatic copies of all revocations be mailed to the Investor Group in care of Saratoga at the address set forth on the back cover of this Proxy

Statement so that we will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding shares of Common Stock. Additionally, Saratoga may use this information to contact shareholders who have revoked their proxies in order to solicit later dated proxies for the election of the Nominees.

IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD, PLEASE SIGN, DATE AND RETURN PROMPTLY THE ENCLOSED WHITE PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED.

SOLICITATION OF PROXIES

The solicitation of proxies pursuant to this Proxy Statement is being made by the Investor Group. Proxies may be solicited by mail, facsimile, telephone, telegraph, electronic mail, in person and by advertisements. Solicitations may also be made by certain of the respective directors, officers, members and employees of the Investor Group, none of whom will, except as described elsewhere in this Proxy Statement, receive additional compensation for such solicitation. The Nominees may make solicitations of proxies but, except as described herein, will not receive compensation for acting as director nominees.

We have retained Saratoga for solicitation and advisory services in connection with solicitations relating to the 2019 Annual Meeting. Saratoga will receive up to \$130,000, applicable toward the final fee to be mutually agreed upon by Legion Partners Holdings and Saratoga and reimbursement of reasonable out-of-pocket expenses for its services to Legion Partners Holdings in connection with the solicitation. Arrangements will also be made with custodians, nominees and fiduciaries for forwarding proxy solicitation materials to beneficial owners of common stock held as of the record date for the 2019 Annual Meeting. Legion Partners Holdings will reimburse such custodians, nominees and fiduciaries for reasonable expenses incurred in connection therewith. In addition, directors, officers, members and certain other employees of Legion Partners Holdings and its affiliates may solicit proxies as part of their duties in the normal course of their employment without any additional compensation. It is anticipated that Saratoga will employ approximately twenty (20) persons to solicit shareholders for the 2019 Annual Meeting.

The Legion Group, the Macellum Group and the Ancora Funds will pay all costs of the solicitation. The Legion Group, the Macellum Group and the Ancora Funds may seek reimbursement from the Company of all expenses it incurs in connection with the solicitation but does not intend to submit the question of such reimbursement to a vote of shareholders of the Company. The expenses incurred by the Legion Group, the Macellum Group and the Ancora Funds to date in furtherance of, or in connection with, the solicitation is approximately \$450,000. Legion Group, the Macellum Group and the Ancora Funds anticipate that its total expenses will be approximately \$900,000. The actual amount could be higher or lower depending on the facts and circumstances arising in connection with any the solicitation.
