GENERAL INFORMATION

This proxy statement is furnished to the stockholders of Chromcraft Revington, Inc. (the "Company") in connection with the solicitation by the Board of Directors of the Company of proxies to be voted at the annual meeting of stockholders of the Company to be held Wednesday, June 5, 2002 at 9:00 a.m., local time, at the Canterbury Hotel, 123 South Illinois Street, Indianapolis, Indiana, and at any and all adjournments or postponements of such meeting. This proxy statement and accompanying form of proxy were first mailed to stockholders of the Company on or about April 30, 2002.

The cost of soliciting proxies will be borne by the Company. In addition to use of the mail, proxies may be solicited personally or by telephone by directors, officers and certain employees of the Company who will not be specially compensated for such soliciting. The Company also will request brokerage houses, nominees, custodians and fiduciaries to forward the proxy solicitation materials relating to the annual meeting to the beneficial owners of the Company's common stock and will reimburse such institutions for the cost of forwarding the material.

Any stockholder giving a proxy has the right to revoke it at any time before the proxy is exercised. Revocation may be made by written notice delivered to the Secretary of the Company, by executing and delivering to the Company a proxy bearing a later date or by attending and voting at the annual meeting.

The shares represented by proxies received by the Company will be voted as instructed by the stockholders giving the proxies. In the absence of specific instructions, proxies will be voted as follows:

VOTING SECURITIES

The Company has one class of capital stock outstanding consisting of common stock. On April 15, 2002, the Company had 6,022,990 shares of common stock outstanding and entitled to vote. There are no other outstanding securities of the Company entitled to vote. The close of business on April 15, 2002 has been fixed as the record date for determining stockholders entitled to notice of and to vote at the annual meeting and any adjournments or postponements thereof.

Each share of common stock of the Company is entitled to one vote, exercisable in person or by proxy. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock is necessary to constitute a quorum at the annual meeting. Shares voting, abstaining or withholding authority to vote on any matter at the annual meeting will be counted as present for purposes of determining a quorum. Broker non-votes and instructions on the accompanying proxy card to withhold authority to vote for one or more of the director nominees will result in those nominees receiving fewer votes. In counting the votes with respect to the plans, abstentions will have the same effect as votes against the matter and shares that are the subject of a broker non-vote will be deemed to be not voted and have no effect on the outcome of the vote. Assuming a quorum is present at the annual meeting, the election of directors will be determined by a plurality of the votes cast and action on the plans or any other matters to properly come before the meeting must be approved by the affirmative vote of a majority of the shares present in person or by proxy.

2

ITEM 1 - ELECTION OF DIRECTORS

Six directors are to be elected to hold office for a term of one year and until the next annual meeting at the time their respective successors are elected and qualified. The persons named on the enclosed proxy intend to vote the proxy for the election of each of the six director nominees identified in this proxy statement, unless you indicate on the proxy that your vote should be withheld from any or all of the nominees. The Company expects each nominee for election as a director to be able to serve if elected. If any nominee is not able to serve, proxies will be voted in favor of the remainder of those nominated and may be voted for substitute nominees, unless the Board of Directors chooses to reduce the number of directors serving on the Board. Set forth below are the name and age of each nominee, his principal occupation and his directorships with other public companies.

ITEM 2 - APPROVAL OF THE AMENDED AND RESTATED CHROMCRAFT REVINGTON SHORT TERM EXECUTIVE INCENTIVE PLAN

Introduction

The Chromcraft Revington Short Term Executive Incentive Plan was adopted by the Company's Board of Directors in 1998. The Board amended and restated the Short Term Executive Incentive Plan effective as of January 1, 2002 (the "Short Term Plan") and is submitting the Short Term Plan to stockholders for approval. No future awards will be paid to covered employees (described below) if the Short Term Plan is not approved by the stockholders.

The Short Term Plan is an incentive compensation plan designed to focus the efforts of eligible executive employees of the Company and its subsidiaries on continued improvement in the profitability of the Company and its subsidiaries with the ultimate objective of providing an adequate return to stockholders. The Short Term Plan provides for the award of annual cash compensation if performance standards for specified financial performance factors are satisfied for the Company's fiscal year. Awards are payable in the

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

year following the year in which they are earned and are based on a percentage of a participant's base salary (as defined in the Short Term Plan attached as Appendix A).

Section 162(m) of the Internal Revenue Code and the regulations thereunder ("Section 162(m)") place a \$1,000,000 limit on the federal income tax deduction that may be taken by a public company for compensation paid to its chief executive officer and each of its four most highly compensated officers (other than the chief executive officer). These five individuals are referred to as "covered employees." However, "performance-based compensation" is not subject to this limitation and is excluded from the calculation. In general, compensation is treated as "performance-based" if it is payable on the attainment of objective performance goals established in advance by a committee of "outside directors" and the material terms of the plan under which the compensation is paid are disclosed to and approved by stockholders.

The Short Term Plan is designed to satisfy the requirements for performance-based compensation under Section 162(m). Accordingly, stockholders are being asked to approve the restated Short Term Plan so that awards thereunder will not be subject to the federal income tax deduction limit.

A summary of the material terms of the Short Term Plan is set forth below. A copy of the Short Term Plan, excluding exhibits, is attached as Appendix A.

Summary of Material Provisions of the Short Term Plan

Eligibility. Executive employees of the Company and its subsidiaries designated by the Compensation Committee of the Board of Directors are eligible to receive awards. As of April 15, 2002, the Committee had designated six executive employees of the Company and its subsidiaries to participate in the Short Term Plan for 2002.

Administration. The Committee administers the Short Term Plan. Each member of the Committee is an "outside director" within the meaning of Section 162(m).

Performance Factors. A participant receives an award if the Company or subsidiary, as applicable, achieves the requisite performance standard for a particular performance factor for the year. These factors are objective criteria based on, with respect to executive officers of the Company, the Company's (i) consolidated cash flow, (ii) consolidated sales, and (iii) reduction of bank indebtedness. With respect to executive officers of subsidiaries, except Silver Furniture Co., Inc. ("Silver"), the objective criteria are based on each subsidiary's (i) earnings before interest and taxes, (ii) sales, and (iii) working capital management. In the case of Silver, the objective criteria are based on Silver's (i) earnings before interest and taxes, and (ii) working capital management. The Committee believes that the specific performance standards, the weighting of the performance standards and the definitions and descriptions of the performance factors constitute confidential business information the disclosure of which could adversely affect the Company.

4

Calculation of Awards. Each year, the Committee may establish the performance factors (including the relative weight allocated to each factor) and performance standards that must be satisfied for an award to be made. Performance standards have "threshold," "target" and "maximum" levels. Depending on the performance factor, performance standards are based on the extent to which the Company or subsidiary financial performance meets or exceeds the Company's or subsidiary's financial performance in comparison to the applicable

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

financial plan or the ranking of financial performance of the Company's peer group.

Limitations on Awards. Potential awards range from 0% to 150% of a participant's base salary, depending on (i) the extent to which the Company's or subsidiary's, as applicable, financial performance meets its financial plan for a year, and (ii) the participant's position. Under the Short Term Plan, the maximum award for each fiscal year may not exceed the lesser of (i) \$700,000 for the Company's Chief Executive Officer and \$300,000 for each other participant, or (ii) for 2002, 7 1/2% of the Company's consolidated earnings before interest and taxes (but before the cumulative effect of an accounting change for 2002, net of tax benefit, relating to goodwill) and thereafter, 5% of the Company's consolidated earnings before interest and taxes, with respect to the aggregate of all awards for any year to participants under the Short Term Plan. Unless the Committee determines otherwise or the award was designated as a separate award based on subjective criteria, payments to participants who are covered employees can be made only after the Committee certifies that the performance standards for applicable financial performance factors have been achieved.

Termination of Employment. If a participant's employment terminates before the last day of a calendar year due to (i) death, (ii) disability, (iii) retirement, or (iv) termination by the Company for reasons other than "for cause" (as defined in the Short Term Plan), or the participant recommences employment within 30 days after termination, he will be entitled to a pro rata portion of the award that he would have otherwise been entitled to receive for such calendar year. If a participant's employment terminates for any other reason, he will not be entitled to any award for that year.

Payment of Awards and Transferability. Awards are paid in cash in a single sum less applicable tax withholdings. No award is transferable other than by the participant's will or the laws of descent and distribution and cannot otherwise be assigned, transferred, pledged or encumbered.

Deferral of Payments. If a participant is covered by a nonqualified deferred compensation plan sponsored by the Company or a subsidiary that provides for employee deferral contributions, he may elect to defer all or any part of an award under that plan. Any amount deferred will be paid in accordance with the terms of the nonqualified deferred compensation plan.

Amendment and Termination. The Short Term Plan is intended to be of indefinite duration. However, the Board or the Committee may amend or terminate the Short Term Plan, or discontinue or suspend the payment of awards at any time but may not, without the consent of the participant to whom an award has been made, make any alteration which would adversely affect the award. In addition, the Committee may, in its sole discretion and subject to certain limitations, make adjustments to awards, award rates, performance standards or performance factors and such other terms and conditions of the Short Term Plan that the Committee determines to be necessary and reasonable.

Short Term Plan Benefits

The future benefits to be received by any individual or group of individuals under the Short Term Plan are not determinable at this time and will depend on corporate financial performance. There were no awards under the Short Term Plan granted to any individual named in the Summary Compensation Table for fiscal year 2001.

The Board of Directors recommends voting "FOR" this proposal, designated on the proxy card as Item 2.

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

ITEM 3 - APPROVAL OF THE AMENDED AND RESTATED CHROMCRAFT REVINGTON LONG TERM EXECUTIVE INCENTIVE PLAN

Introduction

The Chromcraft Revington Long Term Executive Incentive Plan was adopted by the Board in 1998. The Board has amended and restated the Long Term Executive Incentive Plan effective as of January 1, 2002 (the "Long Term Plan") and is submitting the Long Term Plan to stockholders for approval. No future awards will be paid to covered employees if the Long Term Plan is not approved by the stockholders.

The Long Term Plan is an incentive compensation plan designed to focus the efforts of eligible executive employees of the Company and its subsidiaries on continued, long term improvement in the profitability of the Company and its subsidiaries with the objective of providing an adequate return to stockholders. The Long Term Plan provides for the award of annual cash compensation and/or options to acquire shares of the Company's common stock if performance standards for specified financial performance factors are satisfied for the applicable performance period over which the performance factors are measured. Under the Long Term Plan, the performance periods are (i) fiscal year 2002, (ii) fiscal years 2002 and 2003, and (iii) thereafter, the three consecutive fiscal years ended December 31, 2004 and each three consecutive fiscal years ended each December 31 thereafter. Awards are payable in the year following the end of the performance period in which they are earned and are based on a percentage of a participant's base salary (as defined in the Long Term Plan attached as Appendix B).

As discussed in the description of the Short Term Plan, performance-based compensation is not subject to the limitations on deductibility for federal income taxes imposed by Section 162(m). In general, compensation is treated as performance-based if it is payable on the attainment of objective performance goals established in advance by a committee of outside directors and the material terms of the plan under which the compensation is to be paid are disclosed to and approved by stockholders.

The Long Term Plan is designed to satisfy the requirements for performance-based compensation under Section 162(m). Accordingly, stockholders are being asked to approve the restated Long Term Plan so that awards thereunder will not be subject to the federal income tax deduction limit.

A summary of the material terms of the Long Term Plan is set forth below. A copy of the Long Term Plan, excluding exhibits, is attached as Appendix B.

Summary of Material Provisions of the Long Term Plan

Eligibility. Executive employees of the Company and its subsidiaries designated by the Committee are eligible to receive awards. As of April 15, 2002, the Committee had designated five executive employees of the Company and its subsidiaries to participate in the Long Term Plan for the 2002 performance period.

Administration. The Compensation Committee administers the Long Term Plan. Each member of the Committee is an "outside director" within the meaning of Section 162(m).

Performance Factors. A participant receives an award if the Company or subsidiary, as applicable, achieves the requisite performance standard for a particular performance factor for the performance period. These factors are

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

objective criteria based on, with respect to executive officers of the Company, the Company's (i) consolidated sales, (ii) consolidated cash flow, and (iii) reduction of bank indebtedness. The performance factors also include the Company's return on equity, based on the Company's average return on equity percentile rank during the performance period compared to the average return on equity percentile rank of the Company's peer group for such performance period. In the case of executive officers of subsidiaries, the performance factors are the subsidiary's (i) sales, and (ii) earnings before interest and taxes. The Committee believes the specific performance standards, the weighting of the performance standards and the definitions and descriptions of the performance factors constitute confidential business information the disclosure of which could adversely affect the Company.

Calculation of Awards. Each year, the Committee may establish the performance factors (including the relative weight allocated to each factor) and performance standards that must be satisfied for an award to be made. Performance standards have "threshold," "target" and "maximum" levels. Depending on the performance factor,

6

performance standards are based on the extent to which the Company or subsidiary financial performance meets or exceeds the Company's or subsidiary's financial performance in comparison to the applicable financial plan or the ranking of financial performance of the Company's peer group.

Limitation on Awards. Potential awards range from 0% to 150% of a participant's base salary, depending on the extent to which the Company's or subsidiary's, as applicable, financial performance meets its financial plan and the participant's position. Under the Long Term Plan, the maximum award for each performance period may not exceed the lesser of (i) \$700,000 for the Company's Chief Executive Officer and \$300,000 for each other participant, or (ii) for the 2002 performance period, 7 1/2% of the Company's consolidated earnings before interest and taxes (but before the cumulative effect of an accounting change for 2002, net of tax benefit, relating to goodwill) and thereafter, 5% of the Company's consolidated earnings before interest and taxes, with respect to the aggregate of all awards for any performance period to participants under the Long Term Plan. Unless the Committee determines otherwise or the award was designated as a separate award based on subjective criteria, payments to participants who are covered employees can be made only after the Committee certifies that the performance standards for the applicable financial performance factors have been achieved.

Termination of Employment. If a participant's employment terminates before the last day of a performance period due to (i) death, (ii) disability, (iii) retirement, or (iv) termination by the Company for reasons other than "for cause" (as defined in the Long Term Plan), or the participant recommences employment with the Company or a subsidiary within 30 days after termination, he will be entitled to a pro rata portion of the cash component of the award that he would have otherwise been entitled to receive for the performance period. In addition, if a participant's employment terminates for any reason other than for cause within one year of a "change in control" (as defined in the Long Term Plan) of the Company, he will also be entitled to receive a pro rata portion of the stock option component of the award. Such component will be paid in cash. If a participant's employment terminates for any other reason, he will not be entitled to any Long Term Plan award for that performance period.

Payment of Awards. Awards are payable 50% in cash (less applicable withholdings) and 50% in stock options under the Chromcraft Revington, Inc. 1992 Stock Option Plan, as amended (the "Stock Option Plan"), previously approved by the stockholders; provided, however, the Committee may determine in its

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

discretion to pay all or a portion of the stock option component in cash. Stock options awarded under the Long Term Plan are subject to the provisions of the Stock Option Plan.

Transferability. No award is transferable other than by the participant's will or the laws of descent and distribution and cannot otherwise be assigned, transferred, pledged or encumbered.

Deferral of Cash Payments. If a participant is covered by a nonqualified deferred compensation plan sponsored by the Company or a subsidiary that provides for employee deferral contributions, he may elect to defer all or any part of an award under that plan. Any amount deferred will be paid in accordance with the terms of the nonqualified deferred compensation plan.

Amendment and Termination. The Long Term Plan is intended to be of indefinite duration. However, the Board or the Committee may amend or terminate the Long Term Plan, or discontinue or suspend the payment of awards at any time but may not, without the consent of the participant to whom an award has been made, make any alteration which would adversely affect the award. In addition, the Committee may, in its sole discretion and subject to certain limitations, make adjustments to awards, award rates, performance standards or performance factors and such other terms and conditions of the Long Term Plan that the Committee determines to be necessary and reasonable.

Long Term Plan Benefits

The future benefits to be received by any individual or group of individuals under the Long Term Plan are not determinable at this time and will depend on corporate financial performance. Awards granted under the Long Term Plan during 2001 to the executive officers named in the Summary Compensation Table are reported in this proxy statement under the Summary Compensation Table.

The Board of Directors recommends voting "FOR" this proposal, designated on the proxy card as Item 3.

7

ITEM 4 - APPROVAL OF THE CHROMCRAFT REVINGTON DIRECTORS' STOCK OPTION PLAN

Introduction

The Chromcraft Revington Directors' Stock Option Plan (the "Directors' Stock Option Plan") was adopted by the Board on March 12, 2002, effective as of January 1, 2002. No options granted thereunder can be exercised until the Directors' Stock Option Plan has been approved by the stockholders. Accordingly, stockholders are being asked to approve the Directors' Stock Option Plan. The Directors' Stock Option Plan is designed to promote the interests of the Company and its stockholders through the granting of options to acquire shares of the Company's common stock to non-employee members of the Board, thereby encouraging their focus on the growth and profitability of the Company.

A summary of the material terms of the Directors' Stock Option Plan is set forth below. The Directors' Stock Option Plan is attached as Appendix C.

Summary of Material Provisions of the Directors' Stock Option Plan

Eligibility. All non-employee directors are eligible to receive option grants under the Directors' Stock Option Plan. As of April 15, 2002, the Company had three non-employee directors eligible for option grants under the Directors' Stock Option Plan.

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

Administration. The Compensation Committee administers the Directors' Stock Option Plan. However, the Committee has no authority to grant options, determine option periods, determine the time at which an option is granted, determine the time when an option becomes exercisable or determine other conditions applicable to the exercise of an option. Such events are automatic pursuant to the terms of the Directors' Stock Option Plan. Subject to the foregoing, the Committee has the authority to (i) delegate, under most circumstances, all or any part of its authority to one or more directors or officers of the Company, and (ii) construe and interpret the Directors' Stock Option Plan and options granted thereunder, including establishing, amending or waiving rules and regulations for the plan's administration and amending the terms and conditions of any outstanding option, subject to limitations imposed by law, the Company's Certificate of Incorporation and By-Laws and the terms of the plan.

Shares Subject to the Plan. A maximum of 75,000 shares are available for issuance under the Directors' Stock Option Plan. Only "nonqualified" stock options, which do not meet the requirements of Internal Revenue Code Section 422 applicable to "incentive stock options," can be granted under the Directors' Stock Option Plan. If an option expires or is terminated without being exercised in full, the shares subject to the unexercised portion of the option will be available for new grants. In the event of any change in the Company's voting common stock due to stock dividends, stock splits, recapitalizations or reclassifications, or if other securities will be substituted for the shares as the result of any merger, consolidation, share exchange, reorganization or any similar transaction which constitutes a "change in control" (as defined in the Directors' Stock Option Plan) of the Company, the Committee will correspondingly adjust (i) the number, kind, class and price of shares which may be delivered under the Directors' Stock Option Plan, (ii) the number, kind, class and price of shares subject to outstanding awards (within the limitations of the Directors' Stock Option Plan), and (iii) the maximum number of shares reserved for issuance under the plan.

In the event of a change in control of the Company, the kind of shares which will be subject to the Directors' Stock Option Plan and to each outstanding option will automatically be converted into and replaced by securities of the successor company, and the number of shares, calculation of option values and per share option prices will be correspondingly adjusted.

Option Provisions. The exercise price of all options will be not less than 100 percent of the "fair market value" (as defined in the Directors' Stock Option Plan) of the shares on the day the option is granted. All options are 100 percent vested on the day of the grant and are exercisable for a period of 10 years. If a director ceases to be a director for any reason other than his death or disability, the option will expire 90 days following the date the director ceases to be a director, unless the option would expire earlier under its terms. In the case of a director's

8

death or disability, the option will expire one year from the date his status as a director terminates, unless the option would expire earlier under its terms.

Each option is generally transferable only by the laws of descent and distribution or by the director's will. However, the Committee may permit a director to transfer an option to his immediate family members, a trust for his immediate family members or a partnership or limited liability company of which the director and/or his immediate family members are the only equity owners.

Options can only be exercised by a written notice to the Company which

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

specifies the number of shares to be purchased and accompanied by payment in full of the exercise price. The exercise price may be paid in cash or, if permitted by the Committee, in the form of shares of the Company's voting common stock.

Amendment and Termination. The Board may amend or terminate the Directors' Stock Option Plan at any time. However, no amendment or termination can be made which would impair the rights of a director under an option which has been granted without the director's consent, except to avoid a material charge or expense to the Company or an affiliate, to cause the Directors' Stock Option Plan to comply with applicable law or to permit the Company or an affiliate to claim a tax deduction. In addition, the Board may amend or terminate the Directors' Stock Option Plan at any time without the approval of the stockholders if the approval is not required by applicable law. However, an amendment cannot increase the number of shares available under the Directors' Stock Option Plan, increase the maximum number of options granted to any director, decrease the option price, extend the term of the plan or any option period, change the restrictions on transferability, change the manner of determining the option price, change the class of individuals eligible to receive options or withdraw the authority to administer the plan from the Committee or the Board.

No options will be granted under the Directors' Stock Option Plan after December 31, 2011.

Directors' Stock Option Plan Benefits

In connection with the consummation of the stock repurchase transaction with Court Square Capital Limited, Mr. Kunz, Mr. Kolb and Mr. Wintrub were each granted an option to purchase 2,500 shares at an exercise price of \$12.59 per share. Each year, beginning with the annual meeting of stockholders in 2002, each director who is otherwise eligible and who is reelected at the annual meeting will receive an option to purchase 2,500 shares on the day after the annual meeting. Change of Control

On March 15, 2002, Court Square Capital Limited ("Court Square"), a Delaware corporation and an affiliate of Citigroup Inc., completed its sale of 5,695,418 shares of common stock of the Company, comprising approximately 59% of the Company's issued and outstanding shares of common stock on that date, to the Company and the Chromcraft Revington Employee Stock Ownership Plan Trust (the "ESOP Trust"), which forms a part of the ESOP. With respect to the 5,695,418 shares of the Company's common stock sold by Court Square, 3,695,418 shares were repurchased by the Company (the "Company Stock Transaction") and 2,000,000 shares were purchased by the ESOP Trust (the "ESOP Stock Transaction" and together with the Company Stock Transaction, the "Transaction"). The Company and the ESOP Trust each paid \$10 per share for the shares acquired from Court Square

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

for a purchase price of \$56,954,180. In addition, the Company paid Court Square and its designee an aggregate transaction fee of \$2,800,000. Court Square's designee was Mr. M. Saleem Muqaddam, who received \$1,000,000 of the aggregate transaction fee. Mr. Muqaddam is a former officer of Court Square and resigned as a director of the Company concurrently with the consummation of the Company Stock Transaction.

The funds required to pay the total consideration and certain related expenses of the Transaction were obtained using available cash and borrowings of approximately \$45,000,000 under the Company's new \$75,000,000 bank credit agreement, pursuant to which National City Bank of Indiana is acting as agent and National City Bank of Indiana, LaSalle Bank National Association, The Huntington National Bank, Union Planters Bank, National Association, KeyBank National Association and The Northern Trust Company are lenders (the "Lenders"). Of the debt incurred, \$25,000,000 was borrowed under a 5-year term loan and approximately \$20,000,000 was borrowed under the Company's \$50,000,000 revolving line of credit facility. Under a separate term loan and security agreement (the "ESOP Loan Agreement") the Company loaned \$20,000,000 to the ESOP Trust to finance the ESOP Stock Transaction. Under the ESOP Loan Agreement, the ESOP Trust will repay such loan to the Company over a 30-year term at a fixed rate of interest of 5.48% per annum.

Under the ESOP Loan Agreement, the ESOP Trust pledged the 2,000,000 shares of the Company's common stock owned by it (the "Pledged Shares") to the Company as security for repayment of its obligations thereunder. Under the Pledge and Security Agreement entered into as of March 12, 2002 by and between the Company and National City Bank as agent for the Lenders, the Company granted the Lenders a first priority pledge in the Pledged Shares.

Specific due dates for these reports have been established by the Securities and Exchange Commission, and the Company is required to disclose in this proxy statement any failure to file timely the required reports by directors, executive officers and 10% stockholders of the Company. During 2001, no director or executive officer was delinquent in filing the required reports with the Securities and Exchange Commission. In making this disclosure, the Company has relied solely upon written representations of directors and executive officers of the Company and copies of reports that those persons have filed with the Securities and Exchange Commission and provided to the Company.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is composed entirely of outside directors and is responsible for developing and making recommendations to the Board with respect to the Company's executive compensation philosophy and policies. The Compensation Committee determines on an annual basis the compensation to be paid to the executive officers of the Company and administers the Stock Option Plan, the Short Term Plan and the Long Term Plan. The following report of the Compensation Committee discusses the Committee's objectives in determining executive compensation.

The overall objective of the Compensation Committee is to help assure that executive compensation bears a reasonable relationship to corporate performance, business strategy and increases in stockholder value. The executive compensation package relies more heavily on bonuses and longer-term incentive compensation than base salary in order to motivate performance by executives and to create a performance-oriented environment. The Compensation Committee uses its discretion to set executive compensation at levels warranted in its judgment by external and internal factors and individual performance. The following objectives currently serve as guidelines for compensation recommendations and decisions of the Compensation Committee:

- o Reward executives through appropriate incentive compensation and ownership in the Company for achievement of annual and long term business goals and strategy.

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

- o Align executive officer compensation with the success of the Company such that compensation is based, in substantial part, upon performance in order to create a performance-oriented environment that rewards performance.
- o Provide a total comprehensive executive compensation package that enables the Company to attract and retain appropriate executives.
- o Integrate compensation programs with both annual and long term business objectives.

Regularly, the Compensation Committee reviews comparable company information in order to establish the general guidelines for executive officer compensation. In addition, during 2001, an independent compensation consultant was retained to review the competitiveness of the executive compensation program in relation to other comparable companies, including those in the peer group set forth in the "Stock Performance Graph."

The principal elements of the compensation program for executive officers, including Mr. Thomas, the Chief Executive Officer of the Company, are summarized below.

Base Salary

Base salary levels are set to reflect competitive market conditions. The Compensation Committee, in determining the 2001 base salary increases for Mr. Thomas and the other executives, considered many factors, including the executive's responsibilities, duties, performance and experience. Accordingly, Mr. Thomas received a 4.0% salary increase for 2001. While the Compensation Committee reviewed all of these factors in determining Mr. Thomas' salary, no specific weights were placed on any of these factors, and the salary increase process was not tied to specific performance goals.

Short Term Plan

The Company established, effective January 1, 1998, the Short Term Plan to focus the efforts of its executives on continued improvement in the profitability of the Company. The Compensation Committee sets financial operating targets for the Short Term Plan at the beginning of each year. Target performance levels for Messrs. Thomas and Kane have been based on meeting or exceeding certain levels of earnings per share and consolidated sales. These performance goals have been amended beginning with the fiscal year ending December 31, 2002 and are discussed under Item 2 of this proxy statement. Awards under the Short Term Plan are payable in cash.

18

The Compensation Committee established Mr. Thomas' 2001 bonus rate under the Short Term Plan at 75% of base salary. In establishing the 2001 bonus, the Compensation Committee weighted the consolidated sales goal at 25% and the earnings per share goal at 75%. No bonus was awarded to Mr. Thomas for 2001 under the Short Term Plan.

Long Term Plan

The Company established, effective January 1, 1998, the Long Term Plan to focus the efforts of its executives on continued long term improvement in the financial performance of the Company. Awards under the Long Term Plan for the three year performance periods ended December 31, 2001 and 2000, were paid in cash. For prior performance periods, awards under the Long Term Plan were

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

payable 50% in cash and 50% in options to acquire shares of the Company's common stock. Stock options awarded under the Long Term Plan were subject to the provisions of the Stock Option Plan and were valued using the Black-Scholes option pricing model. The Compensation Committee sets financial operating targets for the Long Term Plan at the beginning of each year. Target performance levels for Messrs. Thomas and Kane have been based on meeting or exceeding certain levels of operating income, consolidated sales and return on equity. These performance goals have been amended beginning with the fiscal year ending December 31, 2002 and are discussed under Item 3 of this proxy statement.

The Compensation Committee established Mr. Thomas' target award under the Long Term Plan at 75% of salary. In establishing the financial objectives, the Compensation Committee weighted the return on equity goal at 25%, the operating income goal at 50%, and the consolidated sales goal at 25%. In February 2002, Mr. Thomas was awarded, for the fiscal year ended December 31, 2001, \$72,926 under the Long Term Plan that was paid in cash. The Long Term Plan award represented 22.6% of Mr. Thomas' 2001 salary. The maximum award opportunity available to Mr. Thomas under the Long Term Plan was 150% of base salary.

- (a) The Key Executive's date of hire; or
- (b) The date on which an employee of the Company or Subsidiary is appointed to a position which causes him to become a Key Executive.

A Key Executive who becomes covered by the Plan after the commencement of a calendar year but who would otherwise be entitled to an Award for such year will be entitled, subject to the other provisions of the Plan, to a pro rata portion of any Award based on the ratio that the number of calendar days in the year he was actively employed as a Key Executive bears to three hundred sixty (360).

ARTICLE IV

Calculation of Awards

4.1. Components of Calculation of Awards. For each calendar year, the Committee will establish the following business criteria for calculating Awards with respect to the Company and the Subsidiaries:

- (a) Performance Factors for the Company and Subsidiaries.
- (b) The relative weight accorded each Performance Factor.
- (c) The target, threshold and maximum Award Rates for each Key Executive expressed as a percentage of Base Salary for a year.
- (d) The Performance Standards which reflect the threshold, target and maximum levels of the Company's consolidated or Subsidiary's individual Performance Factors that must be satisfied for an Award payment to be made.

4.2. Communication of Award Opportunity Level and Awards. Prior to the beginning of each calendar year, the Award Rates, Performance Factors (and their respective weightings), Performance Standards of the Award and any requirements

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

or other criteria thereunder will be communicated by the Committee in writing to Key Executives. Such communication will not constitute the grant of an Award.

4.3. Form of Payment of Awards. Subject to the Key Executive's right to defer the receipt of an Award as provided in Section 4.7, all Awards will be paid to eligible Key Executives in cash.

A-4

4.4. Time of Payment of Awards. Subject to the Key Executive's right to defer the receipt of an Award as provided in Section 4.7, all Awards will be paid not later than forty-five (45) days after the end of the calendar year to which the Awards relate.

4.5. Withholding of Taxes. Each Key Executive will be solely responsible for, and the Company will withhold from any amounts payable under the Plan, all applicable federal, state, city and local income taxes and the Key Executive's share of applicable employment taxes.

4.6. Limitation on Awards. Notwithstanding any other provision in this Plan to the contrary, the following limitations on Awards will apply:

- (a) The Company's Chief Executive Officer, if eligible to receive an Award under the Plan, will not receive an Award under the Plan for any one fiscal year in excess of Seven Hundred Thousand Dollars (\$700,000). Any other Key Executive, if eligible to receive an Award under the Plan, will not receive an Award under the Plan for any one fiscal year in excess of Three Hundred Thousand Dollars (\$300,000).
- (b) Notwithstanding the limitations in Section 4.6(a) above, Awards will be further limited as follows:
 - (i) The aggregate dollar amount of all Award payments under the Plan to the Company's Chief Executive Officer and all other Key Executives for 2002 will not exceed seven and one half percent (7-1/2%) of the Company's consolidated EBIT for the 2002 fiscal year (before the cumulative effect of an accounting change for 2002, net of tax benefit, relating to goodwill). In the event Award payments for 2002 would exceed seven and one half percent (7-1/2%) of the Company's 2002 consolidated EBIT (before the cumulative effect of an accounting change for 2002, net of tax benefit, relating to goodwill), the dollar amount of each Award will be reduced based on the ratio that the total dollar amount of each Key Executive's Award for the year bears to the total dollar amount of all Key Executives' Awards for such year.
 - (ii) The aggregate dollar amount of all Award payments under the Plan to the Company's Chief Executive Officer and all other Key Executives for any fiscal year beginning on or after January 1, 2003 will not exceed five percent (5%) of the Company's consolidated EBIT for the fiscal year prior to the year in which the Award payments are scheduled to be made. In the event Award payments for any year would exceed five percent (5%) of the Company's consolidated EBIT, the dollar amount of each Award will be reduced based on the ratio that the

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

total dollar amount of each Key Executive's Award for the year bears to the total dollar amount of all Key Executives' Awards for such year.

- (c) Subject to the limitations in Sections 4.6(a) and (b) above, if the Company's consolidated EBIT for a fiscal year does not exceed the greater of the prior fiscal year's EBIT or ninety percent (90%) of the Financial Plan EBIT for such fiscal year, then Awards to Key Executives of a Subsidiary for such fiscal year will be limited

A-5

to seventy-five percent (75%) of each Key Executive's earned Award for such fiscal year.

4.7. Deferred Payment of Cash Awards. Subject to the limitations contained in Sections 4.9 and 4.10, a Key Executive who is also covered by a SERP may elect that all or any part of the cash component of any Award grant payment to which he is entitled under the Plan be deferred under the SERP. All deferrals of the cash component of Awards will be governed by and subject to all of the applicable provisions of the applicable SERP. To the extent any provision of the Plan conflicts with any provision of the SERP, the applicable provisions of the SERP will control. In order for cash Awards to be deferred under a SERP, the Key Executive must execute and deliver (i) an agreement which contains such terms and conditions as the committee responsible for administering the applicable SERP prescribes; and (ii) such documents, certificates and other writings as may be required by the Committee or the committee which administers such SERP.

4.8. Payment on Termination of Employment. If a Key Executive terminates employment before the last day of a calendar year, he will not be entitled to any Award under the Plan for such year unless one (1) or more of the following circumstances apply:

- (a) The Key Executive dies while actively employed.
- (b) The Key Executive's termination is due to Permanent and Total Disability.
- (c) The Key Executive's employment is terminated by the Company or Subsidiary for reasons other than For Cause.
- (d) The Key Executive retires on or after attaining age sixty-five (65).
- (e) Within thirty (30) days after his termination of employment, the Key Executive commences or recommences employment with the Company or a Subsidiary.

If the Key Executive's termination of employment is due to one or more of the circumstances described in subsections (a) through (d), or if subsection (e) is applicable, he will be entitled to a pro rata portion of the Award, as described in Section 4.3, to which he would otherwise be entitled for the calendar year. The Award shall be calculated based on the ratio that the number of days during the calendar year in which he was actually employed bears to three hundred sixty-five (365).

4.9. Payment on Termination of Plan. Notwithstanding any other provision of the Plan, if the Plan is terminated effective as of a date other than last day of a calendar year, all Key Executives will be entitled only to a

Edgar Filing: CHROMCRAFT REVINGTON INC - Form DEF 14A

pro rata portion of the cash component of any Award, as described in Section 4.3, for the calendar year in which the termination of the Plan occurs. The Award will be calculated based, in the case of each Key Executive, on the ratio that the number of days during the calendar year in which the Plan was in existence bears to the three hundred sixty-five (365).

A-6

ARTICLE V

Miscellaneous

5.1. Amendment or Termination. The Board or the Committee may, at any time, without the approval of the stockholders of the Company (except as otherwise required by applicable law, rule or regulations, including, without limitation, the applicable provisions of Code Section 162(m), or listing requirements of any National Securities Exchange on which are listed any of the Company's equity securities including, without limitation, any shareholder approval requirement of Rule 16b-3 or any successor safe harbor rule promulgated under the Exchange Act), alter, amend, modify, suspend or terminate the Plan, but may not, without the consent of a Key Executive to whom an Award has been made, make any alteration which would adversely affect an Award previously granted under the Plan.

5.2. Conflict with Employment Agreement. To the extent any provision of the Plan conflicts with any provision of a written employment or other agreement between a Key Executive and the Company or any Subsidiary, the provisions of the employment agreement will control.

5.3. Employment Rights. The Plan does not constitute a contract of employment and participation in the Plan will not give a Key Executive the right to be rehired or retained in the employ of the Company or any Subsidiary, nor will participation in the Plan give any Key Executive any right or claim to any benefit under the Plan, unless such right or claim has specifically accrued under the terms of the Plan.

5.4. Evidence. Evidence required of anyone under the Plan may be by certificate, affidavit, document or other information which the person relying thereon considers pertinent and reliable, and signed, made or presented by the proper party or parties.

5.5. Gender and Number. Where the context admits, words in the masculine gender will include the feminine gender, the plural will include the singular and the singular will include the plural.

5.6. Action by the Board or Committee. Any action required of or permitted by the Board or Committee under this Plan will be by resolution of the Board or by a person or persons authorized by resolution of the Board or Committee.

5.7. Controlling Laws. Except to the extent superseded by laws of the United States, the laws of Indiana will be controlling in all matters relating to the Plan.

5.8. n the event any provision of the Plan is held to be illegal or invalid for any reason, such illegality or invalidity will not affect the remaining parts of the Plan, and the Plan will be construed and endorsed as if such illegal or invalid provision had never been contained in the Plan.

5.10. Code Section 162(m) Requirements and Bifurcation of Plan. It is the intent of the Company that the Plan and Awards satisfy and be interpreted in a manner that, in the case of Participants who are individuals who are "covered employees" as described in Code Section 162(m), satisfy any applicable requirements as performance-based compensation. Any provision, application or interpretation

A-7

of the Plan which is inconsistent with this intent to satisfy the standards in Code Section 162(m) will be disregarded. Notwithstanding anything to the contrary in the Plan or any Award agreement, the provisions of the Plan may at any time be bifurcated by the Committee in any manner so that provisions of the Plan or Award specified by the Committee which are intended or necessary to satisfy the applicable requirements of Code Section 162(m) are only applicable to persons whose compensation is subject to Code Section 162(m).

5.11. Effect of Headings. The descriptive headings of the Articles and Sections of the Plan are inserted for convenience of reference and identification only and do not constitute a part of the Plan for purposes of interpretation.

5.12. Nontransferability. No Award payment will be transferable, except by the Key Executive's will or the applicable laws of descent and distribution. During the Key Executive's lifetime, his Award will be payable only to the Key Executive or his guardian or attorney-in-fact. The payment and any rights and privileges pertaining thereto may not be transferred, assigned, pledged or hypothecated by him in any way, whether by operation of law or otherwise and will not be subject to execution, attachment or similar process.

5.13. No Liability. No member of the Board or the Committee or any officer or Key Executive of the Company or Subsidiary will be personally liable for any action, omission or determination made in good faith in connection with the Plan. The Company will indemnify and hold harmless the members of the Committee, the Board and the officers and Key Executives of the Company and its Subsidiaries, and each of them, from and against any and all loss which results from liability to which any of them may be subjected by reason of any act or conduct (except willful misconduct or gross negligence) in their official capacities in connection with the administration of the Plan, including all expenses reasonably incurred in their defense, in case the Company fails to provide such defense. By participating in the Plan, each Key Executive agrees to release and hold harmless each of the Company, the Subsidiaries (and their respective directors, officers and employees), the Board and the Committee, from and against any tax or other liability, including without limitation, interest and penalties, incurred by the Key Executive in connection with his participation in the Plan.

5.13. Funding. All amounts payable under the Plan will be paid by the Company from its general assets. The Company is not required to segregate on its books or otherwise establish any funding procedure for any amount to be used for the payment of benefits under the Plan. The Company may, however, in its sole discretion, set funds aside in investments to meet its anticipated obligations under the Plan. Any such action or set-aside amount may not be deemed to create a trust of any kind between the Company and any Key Executive or beneficiary or to constitute the funding of any Plan benefits. Consequently, any person entitled to a payment under the Plan will have no rights against the assets of the Company greater than the rights of any other unsecured creditor of the Company.
