ITEM 9. Regulation FD Disclosure. (Information Provided Under Item 12. Disclosure of Results of Operations and Financial Condition.)

In accordance with SEC Release No. 33-8216, the following information, intended to be furnished under Item 12. Results of Operations and Financial Condition, instead is furnished under Item 9. Regulation FD Disclosure. The following information and the information set forth in Exhibit 99.1 attached hereto shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such filing.

On April 16, 2003, Concerto Software, Inc. (the Company) issued a press release reporting its financial results for the first quarter ended March 31, 2003. The press release is attached as Exhibit 99.1 and is incorporated herein by reference.

In the press release attached hereto as Exhibit 99.1, the Company announced its net income and diluted earnings per share on a GAAP and on a pro forma basis. The Company's management believes that the presentation of pro forma net income and pro forma diluted earnings per share enhances investors' understanding of the Company's current financial performance by eliminating certain non-recurring items, such as merger, integration and restructuring charges related to the Company's acquisition of CellIt, Inc. in January 2002 as well as purchased intangibles amortization expense in connection with such transaction, in order to provide greater comparability of the Company's quarterly financial performance on a year-to-year basis.
