See Item 2.04

Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement

On July 9, 2010, Trans Energy, Inc. (the "Company") and CIT Capital USA Inc. ("CIT") entered into a forbearance letter agreement (the "July Forbearance Letter") whereby CIT agreed to forebear from exercising its rights and remedies against the Company and its property until October 29, 2010. The July Forbearance Letter provides as follows:

The Company must submit to CIT an operating budget on a weekly basis and conduct bi-weekly status calls with CIT to review its operating budget and discuss any variances therefrom.

The Company must provide CIT with an updated monthly budget for calendar year 2010 on or before July 15, 2010 and an updated reserve report by July 31, 2010.

All outstanding forbearance fees, including outstanding delinquency charges payable pursuant to the forbearance letters of June 18, 2010 and June 25, 2010 and an additional delinquency charge of \$100,000, are payable on the earlier of (i) July 31, 2010 or (ii) upon the closing of the sale of certain assets by the Company. At the election of CIT, the forbearance fees are payable in either cash or five-year warrants to purchase shares of the Company's common stock.

The Company shall retain Oppenheimer & Co. Inc. as its restructuring advisor during the forbearance period.

If the Company sells assets, it shall be permitted to retain the first \$5 million of cash proceeds and all additional amounts realized would be applied to the outstanding debt to CIT.

If any portion of the debt remains outstanding, the Company will be obligated to pay an additional forbearance fee of \$150,000 on September 15, 2010 and \$150,000 on October 29, 2010, payable in either cash or five-year warrants to purchase shares of the Company's common stock.

The outstanding debt will continue to accrue interest until paid.

As of July 9, 2010, the aggregate indebtedness, including accrued interest, fees and expenses, was \$32,320,239. The Company is working with its financial advisor and investment banker in an effort to restructure the credit agreement, sell certain assets or arrange for alternative financing. If the Company is unable to restructure the credit agreement or arrange for alternative financing, the agreement will be in default and the principal amount and accrued interest and fees would become immediately due.
