THE GABELLI EQUITY TRUST INC. AND
THE GABELLI HEALTHCARE & WELLNESS (RX) TRUST

Semi-Annual Report
June 30, 2007

TO OUR SHAREHOLDERS,

We are pleased to announce that The Gabelli Equity Trust Inc. (the "Equity Trust") successfully completed its spin-off of The Gabelli Healthcare & Wellness (Rx) Trust (the "Healthcare Trust") on June 28, 2007. On this date, each shareholder of the Equity Trust received one share of the Healthcare Trust for every twenty shares owned of Equity Trust common stock. For news and additional information regarding the spin-off, please visit our website at www.gabelli.com.

Due to the spin-off's completion immediately prior to quarter end, we have combined the Equity Trust's semi-annual report for the six months ended June 30, 2007 with the Healthcare Trust's initial report for the period ended June 30, 2007. Enclosed are the financial statements and the investment portfolios for both funds as of June 30, 2007.

We have separated the portfolio manager's commentary from the financial statements and investment portfolios due to corporate governance regulations stipulated by the Sarbanes-Oxley Act of 2002. We have done this to ensure that the content of the portfolio manager's commentary is unrestricted. The financial statements and investment portfolios are mailed separately from the commentary. Both the commentary and the financial statements, including the portfolios of investments, will be available on our website at www.gabelli.com/funds.

The Gabelli Equity Trust's net asset value ("NAV") total return was 11.57% during the first half of 2007, compared with gains of 6.96% and 8.79% for the Standard & Poor's ("S&P") 500 Index and the Dow Jones Industrial Average, respectively. The Equity Trust's NAV total return outperformed the benchmark S&P 500 Index for this period, as well as for each of the longer-term intervals shown in the comparative results table. The total return for the Equity Trust's publicly traded shares was 13.31% during the first half of the year. On June 30, 2007, the Equity Trust's NAV per share was \$9.67, while the price of the publicly traded shares closed at \$9.84 on the New York Stock Exchange.

 SHAREHOLDER MEETING - MAY 14, 2007 AND MAY 30, 2007 - FINAL RESULTS

The Gabelli Equity Trust's Annual Meeting of Shareholders was held in two sessions: May 14, 2007 at the Greenwich Library in Greenwich, Connecticut and May 30, 2007 at the office of Gabelli Funds, LLC in Rye, NY. At the meeting, common and preferred shareholders, voting together as a single class, approved a proposal to distribute to the Equity Trust's common shareholders approximately \$70 million of the Equity Trust's net assets in the form of shares of The Gabelli Healthcare & Wellness(Rx) Trust, a newly organized, closed-end management investment company. A total of 79,666,056 votes were cast in favor of the proposal, 3,777,950 votes were cast against, and 1,847,563 votes abstained.

In addition, common and preferred shareholders, voting together as a single class, also elected Mario J. Gabelli, Thomas E. Bratter, and Arthur V. Ferrara as Directors of the Equity Trust. A total of 111,287,915 votes, 111,130,027 votes, and 110,916,578 votes were cast in favor of each Director and a total of 1,607,342 votes, 1,765,230 votes, and 1,978,679 votes were withheld for each Director, respectively.

Anthony J. Colavita, James P. Conn, Frank J. Fahrenkopf, Jr., Anthony R. Pustorino, and Salvatore J. Zizza continue to serve in their capacities as Directors of the Equity Trust.

We thank you for your participation and appreciate your continued support.

THE GABELLI EQUITY TRUST INC. AND
THE GABELLI HEALTHCARE & WELLNESS(RX) TRUST
NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

1. ORGANIZATION. The Gabelli Equity Trust Inc. (the "Equity Trust") is a non-diversified closed-end management investment company organized as a Maryland corporation on May 20, 1986 and registered under the Investment Company Act of 1940, as amended (the "1940 Act"), whose primary objective is long-term growth of capital. Investment operations commenced on August 21, 1986.

The Equity Trust will invest at least 80% of its assets in equity securities under normal market conditions (the "80% Policy"). The 80% Policy may be changed without shareholder approval. The Equity Trust will provide shareholders with notice at least 60 days prior to the implementation of any changes in the 80% Policy.

The Gabelli Healthcare & Wellness(Rx) Trust ("Healthcare Trust") is a

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

non-diversified closed-end management investment company organized as a Delaware statutory trust on February 20, 2007 and registered under the 1940 Act, whose objective is long-term growth of capital. Investment operations commenced on June 28, 2007. The Healthcare Trust had no operations prior to June 28, 2007, other than the sale of 12,500 common shares for \$100,000 to the Equity Trust. On June 28, 2007, the Equity Trust contributed \$67,695,672 in cash in exchange for shares of the Healthcare Trust, and on the same date distributed such shares to the holders of record on June 21, 2007 at the rate of one share of the Healthcare Trust for every twenty shares of the Equity Trust common stock.

Under normal market conditions, the Healthcare Trust will invest at least 80% of its assets in equity securities and income producing securities of domestic and foreign companies in the healthcare and wellness industries.

2. SIGNIFICANT ACCOUNTING POLICIES. The preparation of financial statements in accordance with United States ("U.S.") generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Equity Trust and the Healthcare Trust (each a "Fund", collectively, the "Funds") in the preparation of their financial statements.

SECURITY VALUATION. Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board of Directors for the Equity Trust or the Board of Trustees for the Healthcare Trust (the "Board" or the "Boards") so determines, by such other method as the respective Board shall determine in good faith to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by Gabelli Funds, LLC (the "Adviser").

Portfolio securities primarily traded on a foreign market are generally valued at the preceding closing values of such securities on the relevant market, but may be fair valued pursuant to procedures established by the respective Board if market conditions change significantly after the close of the foreign market but prior to the close of business on the day the securities are being valued. Debt instruments with remaining maturities of 60 days or less that are not credit impaired are valued at amortized cost, unless the respective Board determines such amount does not reflect the securities' fair value, in which case these securities will be fair valued as determined by the respective Board. Debt instruments having a maturity greater than 60 days for which market quotations are readily available are valued at the average of the latest bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price. Futures contracts are valued at the closing settlement price of the exchange or board of trade on which the applicable contract is traded.

THE GABELLI HEALTHCARE & WELLNESS(RX) TRUST
NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

Securities and assets for which market quotations are not readily available

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

are fair valued as determined by the Boards. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons to the valuation and changes in valuation of similar securities, including a comparison of foreign securities to the equivalent U.S. dollar value ADR securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

In September 2006, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards ("SFAS") 157, Fair Value Measurements, which clarifies the definition of fair value and requires companies to expand their disclosure about the use of fair value to measure assets and liabilities in interim and annual periods subsequent to initial recognition. Adoption of SFAS 157 requires the use of the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. At this time, management is in the process of reviewing the requirements of SFAS 157 against its current valuation policies to determine future applicability.

REPURCHASE AGREEMENTS. Each Fund may enter into repurchase agreements with primary government securities dealers recognized by the Federal Reserve Board, with member banks of the Federal Reserve System, or with other brokers or dealers that meet credit guidelines established by the Adviser and reviewed by the Board. Under the terms of a typical repurchase agreement, the Fund takes possession of an underlying debt obligation subject to an obligation of the seller to repurchase, and the Fund to resell, the obligation at an agreed-upon price and time, thereby determining the yield during the Fund's holding period. The Fund will always receive and maintain securities as collateral whose market value, including accrued interest, will be at least equal to 102% of the dollar amount invested by the Fund in each agreement. The Fund will make payment for such securities only upon physical delivery or upon evidence of book entry transfer of the collateral to the account of the custodian. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to maintain the adequacy of the collateral. If the seller defaults and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Fund may be delayed or limited. At June 30, 2007, the Equity Trust and the Healthcare Trust had investments of \$85,743,000 and \$6,700,000 in repurchase agreements, respectively.

INVESTMENTS IN OTHER INVESTMENT COMPANIES. Each Fund may invest, from time to time, in shares of other investment companies (or entities that would be considered investment companies but are excluded from the definition pursuant to certain exceptions under the 1940 Act) (the "Acquired Funds") in accordance with the 1940 Act and related rules. As a shareholder in the Fund, you would bear the pro rata portion of the periodic expenses of the Acquired Funds in addition to the Fund's expenses. For the six months ended June 30, 2007, the Equity Trust and the Healthcare Trust's pro rata portion of the periodic expenses charged by the Acquired Funds was less than one basis point.

OPTIONS. Each Fund may purchase or write call or put options on securities or indices. As a writer of put options, the Fund receives a premium at the outset and then bears the risk of unfavorable changes in the price of the financial instrument underlying the option. The Fund would incur a loss if the price of the underlying financial instrument decreases between the date the option is written and the date on which the option is terminated. The Fund would realize a gain, to the extent of the premium, if the price of the financial instrument increases between those dates.

As a purchaser of put options, the Fund pays a premium for the right to

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

sell to the seller of the put option the underlying security at a specified price. The seller of the put has the obligation to purchase the underlying security upon exercise at the exercise price. If the price of the underlying security declines, the Fund would realize a gain upon sale or

21

THE GABELLI EQUITY TRUST INC. AND THE GABELLI HEALTHCARE & WELLNESS(RX) TRUST NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

exercise. If the price of the underlying security increases or stays the same, the Fund would realize a loss upon sale or at expiration date, but only to the extent of the premium paid.

In the case of call options, these exercise prices are referred to as "in-the-money", "at-the-money", and "out-of-the-money", respectively. The Fund may write (a) in-the-money call options when the Adviser expects that the price of the underlying security will remain stable or decline moderately during the option period, (b) at-the-money call options when the Adviser expects that the price of the underlying security will remain stable or advance moderately during the option period, and (c) out-of-the-money call options when the Adviser expects that the premiums received from writing the call option will be greater than the appreciation in the price of the underlying security above the exercise price. By writing a call option, the Fund limits its opportunity to profit from any increase in the market value of the underlying security above the exercise price of the option. Out-of-the-money, at-the-money, and in-the-money put options (the reverse of call options as to the relation of exercise price to market price) may be utilized in the same market environments that such call options are used in equivalent transactions.

SWAP AGREEMENTS. The Funds may enter into interest rate swap or cap transactions. The use of swaps and caps is a highly specialized activity that involves investment techniques and risks different from those associated with ordinary portfolio transactions. Swap agreements may involve, to varying degrees, elements of market and counterparty risk, and exposure to loss in excess of the related amounts reflected in the Statements of Assets and Liabilities. In an interest rate swap, a Fund would agree to pay to the other party to the interest rate swap (which is known as the "counterparty") periodically a fixed rate payment in exchange for the counterparty agreeing to pay to the Fund periodically a variable rate payment that, for the Equity Trust, is intended to approximate the Equity Trust's variable rate payment obligation on Series C Preferred Stock. In an interest rate cap, a Fund would pay a premium to the counterparty and, to the extent that a specified variable rate index exceeds a predetermined fixed rate, would receive from that counterparty payments of the difference based on the notional amount of such cap. Interest rate swap and cap transactions introduce additional risk because the Equity Trust would remain obligated to pay preferred stock dividends when due in accordance with the Articles Supplementary even if the counterparty defaulted. If there is a default by the counterparty to a swap contract, that Fund will be limited to contractual remedies pursuant to the agreements related to the transaction. There is no assurance that the swap contract counterparties will be able to meet their obligations pursuant to a swap contract or that, in the event of default, the Fund will succeed in pursuing contractual remedies. The Fund thus assumes the risk that it may be delayed in or prevented from obtaining payments owed to it pursuant to a swap contract. The creditworthiness of the swap contract counterparties is closely monitored in order to minimize this risk. Depending on the general state of short-term interest rates and the returns on a Fund's portfolio securities at that point in time, such a default could negatively affect the Fund's ability to make dividend payments. In addition, at the time an interest rate swap or cap transaction reaches its

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

scheduled termination date, there is a risk that a Fund will not be able to obtain a replacement transaction or that the terms of the replacement will not be as favorable as on the expiring transaction. If this occurs, it could have a negative impact on the Fund's ability to make dividend payments.

The use of derivative instruments involves, to varying degrees, elements of market and counterparty risk in excess of the amount recognized in the Statements of Assets and Liabilities.

Unrealized gains related to swaps are reported as an asset and unrealized losses are reported as a liability in the Statements of Assets and Liabilities. The change in value of swaps, including the accrual of periodic amounts of interest to be paid or received on swaps is reported as unrealized gains or losses in the Statements of Operations. A realized gain or loss is recorded upon payment or receipt of a periodic payment or termination of swap agreements.

22

THE GABELLI EQUITY TRUST INC. AND
THE GABELLI HEALTHCARE & WELLNESS(RX) TRUST
NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

The Equity Trust has entered into an interest rate swap agreement with Citibank N.A. Under the agreement, the Equity Trust receives a floating rate of interest and pays a respective fixed rate of interest on the nominal value of the swap. Details of the swap at June 30, 2007 are as follows:

NOTIONAL AMOUNT -----	FIXED RATE -----	VARIABLE RATE* (RATE RESET MONTHLY) -----	TERMINATION DATE -----
\$130,000,000	4.494%	5.32%	July 2, 2007

* Based on Libor (London Interbank Offered Rate).

FUTURES CONTRACTS. Each Fund may engage in futures contracts for the purpose of hedging against changes in the value of its portfolio securities and in the value of securities it intends to purchase. Upon entering into a futures contract, the Fund is required to deposit with the broker an amount of cash or cash equivalents equal to a certain percentage of the contract amount. This is known as the "initial margin". Subsequent payments ("variation margin") are made or received by the Fund each day, depending on the daily fluctuations in the value of the contract, which are included in unrealized appreciation/(depreciation) on investments and futures contracts. The Fund recognizes a realized gain or loss when the contract is closed.

There are several risks in connection with the use of futures contracts as a hedging instrument. The change in value of futures contracts primarily corresponds with the value of their underlying instruments, which may not correlate with the change in value of the hedged investments. In addition, there is the risk that the Fund may not be able to enter into a closing transaction because of an illiquid secondary market. Open futures contracts at June 30, 2007 are reflected within the Schedules of Investments.

FORWARD FOREIGN EXCHANGE CONTRACTS. Each Fund may engage in forward foreign exchange contracts for hedging a specific transaction with respect to either the currency in which the transaction is denominated or another currency as deemed

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

appropriate by the Adviser. Forward foreign exchange contracts are valued at the forward rate and are marked-to-market daily. The change in market value is included in unrealized appreciation/(depreciation) on investments and foreign currency translations. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

The use of forward foreign exchange contracts does not eliminate fluctuations in the underlying prices of the Fund's portfolio securities, but it does establish a rate of exchange that can be achieved in the future. Although forward foreign exchange contracts limit the risk of loss due to a decline in the value of the hedged currency, they also limit any potential gain that might result should the value of the currency increase. In addition, the Fund could be exposed to risks if the counterparties to the contracts are unable to meet the terms of their contracts. At June 30, 2007, there were no open forward foreign exchange contracts in the Funds.

FOREIGN CURRENCY TRANSLATIONS. The books and records of each Fund are maintained in U.S. dollars. Foreign currencies, investments, and other assets and liabilities are translated into U.S. dollars at the current exchange rates. Purchases and sales of investment securities, income, and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses that result from changes in foreign exchange rates and/or changes in market prices of securities have been included in unrealized appreciation/(depreciation) on investments and foreign currency translations. Net realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions, and the

23

THE GABELLI EQUITY TRUST INC. AND THE GABELLI HEALTHCARE & WELLNESS(RX) TRUST NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

difference between the amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial trade date and subsequent sale trade date is included in realized gain/(loss) on investments.

FOREIGN SECURITIES. Each Fund may directly purchase securities of foreign issuers. Investing in securities of foreign issuers involves special risks not typically associated with investing in securities of U.S. issuers. The risks include possible revaluation of currencies, the ability to repatriate funds, less complete financial information about companies, and possible future adverse political and economic developments. Moreover, securities of many foreign issuers and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. issuers.

FOREIGN TAXES. The Funds may be subject to foreign taxes on income, gains on investments, or currency repatriation, a portion of which may be recoverable. The Funds will accrue such taxes and recoveries as applicable, based upon its current interpretation of tax rules and regulations that exist in the markets in which it invests.

RESTRICTED AND ILLIQUID SECURITIES. The Equity Trust may invest up to 10% of its net assets in securities for which the markets are illiquid. The Healthcare Trust may invest without limit in illiquid securities. Illiquid securities include securities the disposition of which is subject to substantial

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

legal or contractual restrictions. The sale of illiquid securities often requires more time and results in higher brokerage charges or dealer discounts and other selling expenses than does the sale of securities eligible for trading on national securities exchanges or in the over-the-counter markets. Restricted securities may sell at a price lower than similar securities that are not subject to restrictions on resale. Securities freely saleable among qualified institutional investors under special rules adopted by the SEC may be treated as liquid if they satisfy liquidity standards established by the Board. The continued liquidity of such securities is not as well assured as that of publicly traded securities, and accordingly the Board will monitor their liquidity.

CONCENTRATION RISKS. The Healthcare Trust will invest a significant portion of its assets in companies in the healthcare and wellness industries. As a result, the Healthcare Trust may be more susceptible to economic, political, and regulatory developments in this particular sector of the market, positive or negative, and may experience increased volatility to the Healthcare Trust's NAV and a magnified effect in its total return.

SECURITIES TRANSACTIONS AND INVESTMENT INCOME. Securities transactions are accounted for on the trade date with realized gain or loss on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded on the accrual basis. Premiums and discounts on debt securities are amortized using the effective yield to maturity method. Dividend income is recorded on the ex-dividend date except for certain dividends which are recorded as soon as the Fund is informed of the dividend.

CUSTODIAN FEE CREDITS AND INTEREST EXPENSE. When cash balances are maintained in the custody account, each Fund receives credits which are used to offset custodian fees. The gross expenses paid under the custody arrangement are included in custodian fees in the Statements of Operations with the corresponding expense offset, if any, shown as "custodian fee credits". When cash balances are overdrawn, the respective Fund is charged an overdraft fee equal to 110% of the 90 day Treasury Bill rate on outstanding balances. This amount, if any, would be shown as "interest expense" in the Statements of Operations.

DISTRIBUTIONS TO SHAREHOLDERS. Distributions to common shareholders are recorded on the ex-dividend date. Distributions to shareholders are based on income and capital gains as determined in accordance with federal income tax regulations, which may differ from income and capital gains as determined under U.S. generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities and foreign currency transactions held by the respective Fund, timing differences, and differing characterizations of

24

THE GABELLI EQUITY TRUST INC. AND
THE GABELLI HEALTHCARE & WELLNESS(RX) TRUST
NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

distributions made by the Funds. Distributions from net investment income include net realized gains on foreign currency transactions. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent, adjustments are made to the appropriate capital accounts in the period when the differences arise. These reclassifications have no impact on the NAV of the Funds.

Distributions to shareholders of the Equity Trust's 7.20% Series B

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

Cumulative Preferred Stock, Series C Auction Rate Cumulative Preferred Stock, 5.875% Series D Cumulative Preferred Stock, Series E Auction Rate Cumulative Preferred Stock, and 6.20% Series F Cumulative Preferred Stock ("Cumulative Preferred Stock") are recorded on a daily basis and are determined as described in Note 5.

The tax character of distributions paid during the fiscal year ended December 31, 2006 for the Equity Trust was as follows:

	COMMON -----	PREFERRED -----
DISTRIBUTIONS PAID FROM:		
Ordinary income

PROVISION FOR INCOME TAXES. The Equity Trust intends to continue to qualify as, and the Healthcare Trust intends to elect to be treated and to qualify as, regulated investment companies under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). It is the policy of each Fund to comply with the requirements of the Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provisions for federal income taxes are required.

As of December 31, 2006, the components of accumulated earnings/(losses) on a tax basis were as follows:

Net unrealized appreciation on investments	\$475,036,839
Net unrealized appreciation on foreign currency and swap contracts	537,593
Undistributed ordinary income (inclusive of short-term capital gains)	777,037
Undistributed long-term capital gains	472,624

THE GABELLI EQUITY TRUST INC. AND
 THE GABELLI HEALTHCARE & WELLNESS(RX) TRUST
 NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

In July 2006, the FASB issued Interpretation No. 48, "Accounting for Uncertainty in Income Taxes, an Interpretation of FASB Statement No. 109" ("the Interpretation"). The Interpretation established for all entities, including pass-through entities such as the Funds, a minimum threshold for financial statement recognition of the benefit of positions taken in filing tax returns (including whether an entity is taxable in a particular jurisdiction), and required certain expanded tax disclosures. The Interpretation was implemented by the Funds on June 29, 2007 and applied to all open tax years as of the effective date. Management has evaluated the application of the Interpretation to the Funds, and the adoption of the Interpretation had no impact on the amounts reported in the Funds' financial statements.

3. AGREEMENTS AND TRANSACTIONS WITH AFFILIATES. Each Fund has entered into an investment advisory agreement (the "Advisory Agreement") with the Adviser which provides that the Fund will pay the Adviser a fee, computed weekly and paid monthly, equal on an annual basis to 1.00% of the value of the Fund's average weekly net assets including the liquidation value of preferred stock for the Equity Trust. In accordance with the Advisory Agreements, the Adviser provides a continuous investment program for each Fund's portfolio and oversees the administration of all aspects of the Fund's business and affairs. For the Equity Trust, the Adviser has agreed to reduce the management fee on the incremental assets attributable to the Cumulative Preferred Stock if the total return of the NAV of the common shares of the Equity Trust, including distributions and advisory fee subject to reduction, does not exceed the stated dividend rate or corresponding swap rate of each particular series of the Cumulative Preferred Stock for the fiscal year.

The Equity Trust's total return on the NAV of the common shares is monitored on a monthly basis to assess whether the total return on the NAV of the common shares exceeds the stated dividend rate or corresponding swap rate of each particular series of Cumulative Preferred Stock for the period. For the six months ended June 30, 2007, the Equity Trust's total return on the NAV of the common shares exceeded the stated dividend rate on corresponding swap rate of Series C Auction Rate, 5.875% Series D, Series E Auction Rate, and 6.20% Series F Cumulative Preferred Stock. Thus, management fees were accrued on these assets. The Equity Trust's total return on the net asset value of the common shares did not exceed the stated dividend rate or corresponding swap rate of 7.20% Series B Cumulative Preferred Stock. Thus, management fees with respect to the liquidation value of these preferred stock assets in the amount of \$23,733 were not accrued.

During the period ended June 30, 2007, the Equity Trust and the Healthcare Trust paid brokerage commissions of \$208,934 and \$718, respectively, to Gabelli & Company, Inc. ("Gabelli & Company"), an affiliate of the Adviser.

The cost of calculating each Fund's NAV per share is a Fund expense pursuant to the Advisory Agreement between the Fund and the Adviser. During the period ended June 30, 2007, the Equity Trust and the Healthcare Trust paid or

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

accrued \$22,375 and \$371, respectively, to the Adviser in connection with the cost of computing each Fund's NAV.

The Equity Trust and the Healthcare Trust are assuming their portion of the allocated cost of the Gabelli Funds' Chief Compliance Officer in the amount of \$16,894 and \$0, respectively, for the period ended June 30, 2007, which is included in payroll expenses in the Statements of Operations.

As per the approval of the Board, the Equity Trust compensates officers of the Equity Trust that are employed by the Equity Trust and are not employed by the Adviser (although the officers may receive incentive-based variable compensation from affiliates of the Adviser). For the six months ended June 30, 2007, the Fund paid \$103,213, which is included in payroll expenses in the Statement of Operations.

The Equity Trust pays each Director that is not considered to be an affiliated person an annual retainer of \$12,000 plus \$1,500 for each Board meeting attended in person and \$500 per telephonic meeting, and they are reimbursed for any out of

26

THE GABELLI EQUITY TRUST INC. AND THE GABELLI HEALTHCARE & WELLNESS(RX) TRUST NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

pocket expenses incurred in attending meetings. All Board committee members receive \$1,000 per meeting attended. In addition, the Audit Committee Chairman receives an annual fee of \$3,000, the Proxy Voting Committee Chairman receives an annual fee of \$1,500, and the Nominating Committee Chairman receives an annual fee of \$2,000. Directors who are directors or employees of the Adviser or an affiliated company receive no compensation or expense reimbursement from the Equity Trust.

The Healthcare Trust pays each Trustee who is not considered to be an affiliated person an annual retainer of \$3,000 plus \$1,000 for each Board meeting attended in person and \$500 per telephonic meeting, and they are reimbursed for any out of pocket expenses incurred in attending meetings. In addition, the Audit Committee Chairman receives an annual fee of \$3,000, and the Nominating Committee Chairman receives an annual fee of \$3,000. Trustees who are directors or employees of the Adviser or an affiliated company receive no compensation or expense reimbursement from the Healthcare Trust.

4. PORTFOLIO SECURITIES. Purchases and proceeds from the sales of securities for the period ended June 30, 2007, other than short-term securities, aggregated \$297,311,898 and \$128,740,863, respectively, for the Equity Trust and \$1,245,498 and \$0, respectively, for the Healthcare Trust.

5. CAPITAL. The charter permits the Equity Trust to issue 246,000,000 shares of common stock (par value \$0.001) and authorizes the Board to increase its authorized shares from time to time. The Board has authorized the repurchase of its shares on the open market when the shares are trading on the New York Stock Exchange ("NYSE") at a discount of 10% or more (or such other percentage as the Board may determine from time to time) from the NAV of the shares. During the six months ended June 30, 2007, the Equity Trust did not repurchase any shares of its common stock in the open market.

The Healthcare Trust is authorized to issue an unlimited number of shares of beneficial interest (par value \$0.001). The Board has authorized the repurchase of its shares on the open market when the shares are trading on the NYSE at a discount of 10% or more (or such other percentage as the Board may

determine from time to time) from the NAV of the shares. During the period ended June 30, 2007, the Healthcare Trust did not repurchase any of its common shares in the open market.

THE GABELLI EQUITY TRUST INC. AND
THE GABELLI HEALTHCARE & WELLNESS(RX) TRUST
NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

The Equity Trust's Articles of Incorporation, as amended, authorizes the issuance of up to 18,000,000 shares of \$0.001 par value Cumulative Preferred Stock. The Cumulative Preferred Stock is senior to the common stock and results in the financial leveraging of the common stock. Such leveraging tends to magnify both the risks and opportunities to common shareholders. Dividends on shares of the Cumulative Preferred Stock are cumulative. The Equity Trust is required by the 1940 Act and by the Articles Supplementary to meet certain asset coverage tests with respect to the Cumulative Preferred Stock. If the Equity Trust fails to meet these requirements and does not correct such failure, the Equity Trust may be required to redeem, in part or in full, the 7.20% Series B, Series C Auction Rate, 5.875% Series D, Series E Auction Rate, and 6.20% Series F Cumulative Preferred Stock at redemption prices of \$25, \$25,000, \$25, \$25,000, and \$25, respectively, per share plus an amount equal to the accumulated and

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

unpaid dividends whether or not declared on such shares in order to meet these requirements. Additionally, failure to meet the foregoing asset coverage requirements could restrict the Equity Trust's ability to pay dividends to common shareholders and could lead to sales of portfolio securities at inopportune times. The income received on the Equity Trust's assets may vary in a manner unrelated to the fixed and variable rates, which could have either a beneficial or detrimental impact on net investment income and gains available to common shareholders.

On September 21, 2005, the Equity Trust distributed one transferable right for each of the 143,681,301 shares of common stock outstanding to shareholders of record on that date. Seven rights were required to purchase one additional common share at the subscription price of \$7.00 per share. Shareholders who exercised their full primary subscription rights were eligible for an over-subscription privilege entitling them to subscribe, subject to certain limitations and a pro-rata allotment, for any additional shares not purchased pursuant to the primary subscription plus such additional amounts as authorized by the Board in accordance with the registration statement. The subscription period expired on October 26, 2005. The rights offering was fully subscribed, having received over-subscription requests in excess of the shares available for primary subscription resulting in the issuance of 20,525,901 shares of common stock and proceeds of \$143,681,307 to the Fund, prior to the deduction of estimated expenses of \$600,000. Additional expenses of \$151,821 were recorded in the year ended December 31, 2006. The NAV of the Equity Trust's common shares was reduced by approximately \$0.15 per share as a result of the issuance of shares below NAV.

On June 20, 2001, the Equity Trust received net proceeds of \$159,329,175 (after underwriting discounts of \$5,197,500 and offering expenses of \$473,325) from the public offering of 6,600,000 shares of 7.20% Series B Cumulative Preferred Stock. The Series B Preferred Shares were callable at any time at the liquidation value plus accrued dividends following the expiration of the five year call protection on June 20, 2006. On June 26, 2006, the Equity Trust, as authorized by the Board, redeemed 25% (1,650,000 shares) of its outstanding 7.20% Series B Cumulative Preferred Stock at the redemption price of \$25.00 per share (the liquidation value). On January 8, 2007, the Fund, as authorized by the Board, redeemed the balance (4,950,000 shares) of its outstanding 7.20% Series B Cumulative Preferred Stock at the redemption price of \$25.00 per share, plus accumulated and unpaid dividends through the redemption date of \$0.06 per share.

On June 27, 2002, the Equity Trust received net proceeds of \$128,246,557 (after underwriting discounts of \$1,300,000 and offering expenses of \$453,443) from the public offering of 5,200 shares of Series C Auction Rate Cumulative Preferred Stock. The dividend rate, as set by the auction process, which is generally held every seven days, is expected to vary with short-term interest rates. The dividend rates of Series C Auction Rate Cumulative Preferred Stock ranged from 4.80% to 5.25% for the six months ended June 30, 2007. Existing shareholders may submit an order to hold, bid, or sell such shares on each auction date. Series C Auction Rate Cumulative Preferred Stock shareholders may also trade shares in the secondary market. The Equity Trust, at its option, may redeem the Series C Auction Rate Cumulative

of Series C Auction Rate Cumulative Preferred Stock. At June 30, 2007, 5,200 shares of Series C Auction Rate Cumulative Preferred Stock were outstanding with an annualized dividend rate of 5.10% and accrued dividends amounted to \$55,250.

On October 7, 2003, the Equity Trust received net proceeds of \$72,375,842 (after underwriting discounts of \$2,362,500 and offering expenses of \$261,658) from the public offering of 3,000,000 shares of 5.875% Series D Cumulative Preferred Stock. Commencing October 7, 2008 and thereafter, the Fund, at its option, may redeem the 5.875% Series D Cumulative Preferred Stock in whole or in part at the redemption price at any time. During the six months ended June 30, 2007, the Equity Trust did not repurchase any shares of 5.875% Series D Cumulative Preferred Stock. At June 30, 2007, 2,949,700 shares of 5.875% Series D Cumulative Preferred Stock were outstanding and accrued dividends amounted to \$48,138.

On October 7, 2003, the Equity Trust received net proceeds of \$49,350,009 (after underwriting discounts of \$500,000 and offering expenses of \$149,991) from the public offering of 2,000 shares of Series E Auction Rate Cumulative Preferred Stock. The dividend rate, as set by the auction process, which is generally held every seven days, is expected to vary with short-term interest rates. The dividend rates of Series E Auction Rate Cumulative Preferred Stock ranged from 4.65% to 5.20% for the six months ended June 30, 2007. Existing shareholders may submit an order to hold, bid, or sell such shares on each auction date. Series E Auction Rate Cumulative Preferred Stock shareholders may also trade shares in the secondary market. The Equity Trust, at its option, may redeem the Series E Auction Rate Cumulative Preferred Stock in whole or in part at the redemption price at any time. During the six months ended June 30, 2007, the Equity Trust did not redeem any shares of Series E Auction Rate Cumulative Preferred Stock. At June 30, 2007, 2,000 shares of Series E Auction Rate Cumulative Preferred Stock were outstanding with an annualized dividend rate of 5.20% and accrued dividends amounted to \$7,222.

On November 10, 2006, the Equity Trust received net proceeds of \$144,765,000 (after underwriting discounts of \$4,725,000 and estimated offering expenses of \$510,000) from the public offering of 6,000,000 shares of 6.20% Series F Cumulative Preferred Stock. Commencing November 10, 2011 and thereafter, the Equity Trust, at its option, may redeem the 6.20% Series F Cumulative Preferred Stock in whole or in part at the redemption price at any time. During the six months ended June 30, 2007, the Equity Trust did not repurchase any shares of 6.20% Series F Cumulative Preferred Stock. At June 30, 2007, 6,000,000 shares of 6.20% Series F Cumulative Preferred Stock were outstanding and accrued dividends amounted to \$103,333.

The holders of Equity Trust Cumulative Preferred Stock generally are entitled to one vote per share held on each matter submitted to a vote of shareholders of the Equity Trust and will vote together with holders of common stock as a single class. The holders of Equity Trust Cumulative Preferred Stock voting together as a single class also have the right currently to elect two Directors and under certain circumstances are entitled to elect a majority of the Board of Directors. In addition, the affirmative vote of a majority of the votes entitled to be cast by holders of all outstanding shares of the preferred stock, voting as a single class, will be required to approve any plan of reorganization adversely affecting the preferred stock, and the approval of two-thirds of each class, voting separately, of the Equity Trust's outstanding voting stock must approve the conversion of the Equity Trust from a closed-end to an open-end investment company. The approval of a majority (as defined in the 1940 Act) of the outstanding preferred stock and a majority (as defined in the 1940 Act) of the Fund's outstanding voting securities are required to approve certain other actions, including changes in the Fund's investment objectives or fundamental investment policies.

6. INDEMNIFICATIONS. Each Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

7. OTHER MATTERS. The Adviser and/or affiliates received subpoenas from the Attorney General of the State of New York and the SEC requesting information on mutual fund share trading practices involving certain funds managed by the Adviser. GAMCO Investors, Inc. ("GAMCO"), the Adviser's parent company, responded to these requests for documents and testimony. In June 2006, GAMCO began discussions with the SEC regarding a possible resolution of their inquiry. In February 2007, the Adviser made an offer of settlement to the staff of the SEC for communication to the Commission for its consideration to resolve this matter. This offer of settlement is subject to agreement regarding the specific language of the SEC's administrative order and other settlement documents. On a separate matter, in September 2005, the Adviser was informed by the staff of the SEC that the staff may recommend to the Commission that an administrative remedy and a monetary penalty be sought from the Adviser in connection with the actions of two of seven closed-end funds managed by the Adviser relating to Section 19(a) and Rule 19a-1 of the 1940 Act. These provisions require registered investment companies to provide written statements to shareholders when a dividend is made from a source other than net investment income. While the two closed-end funds sent annual statements and provided other materials containing this information, the funds did not send written statements to shareholders with each distribution in 2002 and 2003. The Adviser believes that all of the funds are now in compliance. The Adviser believes that these matters would have no effect on the Funds or any material adverse effect on the Adviser or its ability to manage the Funds. The staff's notice to the Adviser did not relate to the Funds.

8. SUBSEQUENT EVENTS. Effective July 9, 2007, Kevin V. Dreyer and Jeffrey J. Jonas, CFA were named Associate Portfolio Managers of the Healthcare Trust. Mr. Dreyer and Mr. Jonas will manage a portion of the assets of the portfolio and report to Mario J. Gabelli, Portfolio Manager of the Healthcare Trust and Chief Investment Officer - Value Portfolios for the Adviser.

Mr. Dreyer joined Gabelli & Company, Inc. in 2005 as a research analyst upon earning an MBA from Columbia Business School. Mr. Dreyer previously worked as an investment banking analyst at Banc of America Securities following his graduation from the University of Pennsylvania.

Mr. Jonas joined Gabelli & Company, Inc. in 2003 as a research analyst. Prior to his appointment as Associate Portfolio Manager of the Healthcare Trust, Mr. Jonas served as co-portfolio manager of GAMCO Medical Opportunities LP. Mr. Jonas was a Presidential Scholar at Boston College where he received a BS in finance and management information systems.

BOARD CONSIDERATION AND RE-APPROVAL OF INVESTMENT ADVISORY AGREEMENT (UNAUDITED)

Section 15(c) of the Investment Company Act of 1940, as amended (the "1940 Act"), contemplates that the Board of Directors (the "Board") of The Gabelli Equity Trust Inc. (the "Fund"), including a majority of the Directors who have no direct or indirect interest in the investment advisory agreement and are not "interested persons" of the Fund, as defined in the 1940 Act (the "Independent Board Members"), are required annually to review and re-approve the terms of the Fund's existing investment advisory agreement and approve any newly proposed terms therein. In this regard, the Board reviewed and re-approved, during the most recent six month period covered by this report, the Investment Advisory Agreement (the "Advisory Agreement") with Gabelli Funds, LLC (the "Adviser") for the Fund.

More specifically, at a meeting held on May 16, 2007, the Board, including the Independent Board Members, considered the factors and reached the conclusions described below relating to the selection of the Adviser and the re-approval of the Advisory Agreement.

NATURE, EXTENT, AND QUALITY OF SERVICES. The Independent Board Members considered the nature, quality, and extent of administrative and shareholder services performed by the Adviser, including portfolio management, supervision of Fund operations and compliance and regulatory filings and disclosures to shareholders, general oversight of other service providers, review of Fund legal issues, assisting the Independent Board Members in their capacity as directors, and other services. The Independent Board Members concluded that the services are extensive in nature and that the Adviser consistently delivered a high level of service.

INVESTMENT PERFORMANCE OF THE FUND AND ADVISER. The Independent Board Members considered short-term and long-term investment performance for the Fund over various periods of time as compared to both relevant equity indices and the

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

performance of the Fund's Lipper Inc. peer group, and concluded that the Adviser was delivering good performance results consistent with the investment strategies being pursued by the Fund.

COSTS OF SERVICES AND PROFITS REALIZED BY THE ADVISER.

(A) COSTS OF SERVICES TO FUND: FEES AND EXPENSES. The Independent Board Members considered the Fund's management fee rate and expense ratio relative to industry averages for the Fund's peer group category and the advisory fees charged by the Adviser and its affiliates to other fund and non-fund clients. The Independent Board Members noted that the mix of services under the Agreement are much more extensive than those under the advisory agreements for non-fund clients. The Independent Board Members recognized that the investment advisory fee paid by the Fund and the Fund's overall expense ratio is higher than the average for its peer group, but concluded that the fee is acceptable based upon the performance, experience, reputation, and qualifications of the Adviser.

(B) PROFITABILITY AND COSTS OF SERVICES TO ADVISER. The Independent Board Members considered the Adviser's overall profitability and costs, and pro forma estimates of the Adviser's profitability and costs attributable to the Fund (i) as part of the Gabelli fund complex and (ii) assuming the Fund constituted the Adviser's only investment company under its management. The Independent Board Members also considered whether the amount of profit is a fair entrepreneurial profit for the management of the Fund and noted that the Adviser has substantially increased its resources devoted to Fund matters in response to regulatory requirements and enhanced Fund policies and procedures. The Independent Board Members concluded that the Adviser's profitability was at an acceptable level.

34

EXTENT OF ECONOMIES OF SCALE AS FUND GROWS. The Independent Board Members considered whether there have been economies of scale with respect to the management of the Fund and whether the Fund has appropriately benefited from any economies of scale. The Independent Board Members noted that economies of scale may develop for certain funds as their assets increase and their fund level expenses decline as a percentage of assets, but that fund level economies of scale may not necessarily result in Adviser level economies of scale. They also recognized that the Adviser has agreed to reduce the advisory fee on incremental assets attributable to the preferred shares if the total return of the common shares does not exceed a specified amount (i.e., the dividend rate paid on preferred shares.) The Board Members concluded that there was an appropriate sharing of economies of scale.

WHETHER FEE LEVELS REFLECT ECONOMIES OF SCALE. The Independent Board Members also considered whether the advisory fee rate is reasonable in relation to the asset size of the Fund and any economies of scale that may exist and concluded that the Fund's current fee schedule (without breakpoints) was considered reasonable.

OTHER RELEVANT CONSIDERATIONS.

(A) ADVISER PERSONNEL AND METHODS. The Independent Board Members considered the size, education, and experience of the Adviser's staff, the Adviser's fundamental research capabilities and the Adviser's approach to recruiting, training, and retaining portfolio managers and other research and management personnel, and concluded that in each of these areas the Adviser was structured in such a way to support the high level of services being provided to the Fund.

(B) OTHER BENEFITS TO THE ADVISER. The Independent Board Members also considered the character and amount of other incidental benefits received by the Adviser

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

and its affiliates from its association with the Fund. The Independent Board Members considered the brokerage commissions paid to an affiliate of the Adviser. The Independent Board Members concluded that potential "fall-out" benefits that the Adviser and its affiliates may receive, such as affiliated brokerage commissions, greater name recognition, or increased ability to obtain research services, appear to be reasonable.

CONCLUSIONS. In considering the Advisory Agreement, the Independent Board Members did not identify any factor as all-important or all-controlling and instead considered these factors collectively in light of the Fund's surrounding circumstances. Based on this review, it was the judgment of the Independent Board Members that shareholders had received over the long term good absolute and relative performance at reasonable fees and, therefore, re-approval of the Advisory Agreement was in the best interests of the Fund and its shareholders. As a part of its decision making process, the Independent Board Members noted that the Adviser has managed the Fund since its inception, and the Independent Board Members believe that a long-term relationship with a capable, conscientious adviser is in the best interests of the Fund. The Independent Board Members considered, generally, that shareholders invested in the Fund knowing that the Adviser managed the Fund and knowing its investment advisory fee schedule. As such, the Independent Board Members considered, in particular, whether the Adviser managed the Fund in accordance with its investment objectives and policies as disclosed to shareholders. The Independent Board Members concluded that the Fund was managed by the Adviser consistent with its investment objectives and policies.

Upon conclusion of their review and discussion, the Independent Board Members unanimously agreed to recommend the continuation of the Advisory Agreement for the Fund.

THE GABELLI HEALTHCARE & WELLNESS (RX) TRUST

BOARD CONSIDERATION AND APPROVAL OF INVESTMENT ADVISORY AGREEMENT (UNAUDITED)

Section 15(c) of the Investment Company Act of 1940, as amended (the "1940 Act"), contemplates that the Board of Trustees (the "Board") of The Gabelli Healthcare & Wellness(Rx) Trust (the "Fund"), including a majority of the Trustees who have no direct or indirect interest in the investment advisory agreement and are not "interested persons" of the Fund, as defined in the 1940 Act (the "Independent Board Members"), are required to review and approve the terms of the Fund's proposed investment advisory agreement. In this regard, the Board reviewed and approved, during the most recent six month period covered by this report, the Investment Advisory Agreement (the "Advisory Agreement") with Gabelli Funds, LLC (the "Adviser") for the Fund.

More specifically, at a meeting held on February 22, 2007, the Board, including the Independent Board Members, considered the factors and reached the conclusions described below relating to the selection of the Adviser and the approval of the Advisory Agreement.

NATURE, EXTENT, AND QUALITY OF SERVICES. The Independent Board Members considered the nature, quality, and extent of proposed administrative and shareholder services to be performed by the Adviser, including portfolio management, supervision of Fund operations and compliance and regulatory filings and disclosures to shareholders, general oversight of other service providers, review of Fund legal issues, assisting the Independent Board Members in their capacity as trustees, and other services. The Independent Board members concluded that the proposed services are extensive in nature.

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

INVESTMENT PERFORMANCE OF THE FUND AND THE ADVISER. The Independent Board Members considered short-term and long-term investment performance for other registered and unregistered funds advised or subadvised by the Adviser and its affiliates that invest regularly in healthcare and wellness companies over various periods of time as compared with both relevant equity indices and the performance of the Fund's Lipper, Inc. peer group and concluded that, although the Fund had no performance history as it had not yet commenced operations, the Adviser appeared to have the capability of delivering satisfactory performance results consistent with the investment strategies to be pursued by the Fund.

COST OF SERVICES AND PROFITS REALIZED BY THE ADVISER.

(A) COSTS OF SERVICES TO THE FUND: FEES AND EXPENSES. The Independent Board Members considered the Fund's proposed advisory fee rate and expense ratio relative to industry averages for the Fund's peer group category and the advisory fees charged by the Adviser and its affiliates to other fund and non-fund clients. The Independent Board members noted that the mix of services under the Advisory Agreement is more extensive than those under the advisory agreements for non-fund clients. The Independent Board Members recognized that the advisory fee to be paid by the Fund was slightly higher than the median fee to its peer group, but concluded that the fee is acceptable based on the qualifications, experience, reputation, and performance of the Adviser.

(B) PROFITABILITY AND COSTS OF SERVICES TO ADVISER. The Independent Board Members considered the Adviser's overall profitability and costs and discussed the potential profitability of the Fund. The Independent Board Members concluded that the potential profitability of the Fund to the Adviser was acceptable.

EXTENT OF ECONOMIES OF SCALE AS FUND GROWS. The Independent Board Members considered whether economies of scale would occur with respect to the management of the Fund and whether the Fund would benefit from any economies of scale. The Independent Board members noted that economies of scale may develop for certain funds as their assets increase and their fund level expenses decline as a percentage of assets, but that fund level economies of scale may not necessarily result in Adviser level economies of scale. The Independent Board members concluded that after the completion of the offering, meaningful economies of scale could not occur in the absence of secondary offerings.

36

WHETHER FEE LEVELS REFLECT ECONOMIES OF SCALE. The Independent Board Members also considered whether the advisory fee rate is reasonable in relation to the initial asset size of the Fund and any economies of scale that could exist. The Independent Board members concluded that the investment advisory fee for the Fund did not take into account any potential economies of scale that might develop.

OTHER RELEVANT CONSIDERATIONS.

(A) ADVISER PERSONNEL AND METHODS. The Independent Board Members considered the size, education, and experience of the Adviser's staff, the Adviser's fundamental research capabilities, and the Adviser's approach to recruiting, training, and retaining portfolio managers and other research and management personnel and concluded that, in each of these areas, the Adviser was structured in such a way to support the high level of services being provided to the Fund.

(B) OTHER BENEFITS TO THE ADVISER. The Independent Board members also considered the character and amount of other incidental benefits received by the Adviser and its affiliates from its association with the Fund. The Independent Board Members considered that brokerage commissions could be paid to an affiliate of the Adviser. The Independent Board Members concluded that potential "fall out"

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

benefits that the Adviser and its affiliates may receive, such as affiliated brokerage commissions, greater name recognition, or increased ability to obtain research services, appear to be reasonable.

CONCLUSION. In considering the proposed Advisory Agreement, the Independent Board Members did not identify any factor as all-important and instead considered these factors collectively in light of the Fund's surrounding circumstances. Based on their review, it was the judgment of the Independent Board members that the Fund would enjoy highly experienced portfolio advisory services and good ancillary services at an acceptable fee and, therefore, approval of the Advisory Agreement would be in the best interests of shareholders. Upon conclusion of their review and discussion, the Independent Board Members unanimously agreed to recommend the approval of the Advisory Agreement for the Fund.
