PROSPECTUS

Cricket Communications, Inc.

Offer to exchange its 9.375% Senior Notes due 2014, which have been registered under the Securities Act of 1933, for any and all of its outstanding 9.375% Senior Notes due 2014

**The exchange offer and withdrawal rights will expire at 5:00 p.m.,
New York City time, on June 17, 2008, unless extended.**

We are offering to exchange up to \$350,000,000 aggregate principal amount of our new 9.375% Senior Notes due 2014, which have been registered under the Securities Act of 1933, referred to in this prospectus as the new notes, for any and all of our outstanding unregistered 9.375% Senior Notes due 2014, referred to in this prospectus as the old notes. We issued the old notes on June 6, 2007 in a transaction not requiring registration under the Securities Act. We are offering you new notes, with terms substantially identical to those of the old notes, in exchange for old notes in order to satisfy our registration obligations from that previous transaction. The new notes will be treated as a single class with the \$750,000,000 aggregate principal amount of 9.375% Senior Notes due 2014 already outstanding, which we refer to as the existing notes. The old notes, the new notes and the existing notes are collectively referred to in this prospectus as the notes.

See Risk Factors starting on page 16 of this prospectus for a discussion of risks associated with the exchange of old notes for the new notes offered hereby.

We will exchange new notes for all old notes that are validly tendered and not withdrawn before expiration of the exchange offer. You may withdraw tenders of old notes at any time prior to the expiration of the exchange offer. The exchange procedure is more fully described in The Exchange Offer Procedures for Tendering. If you fail to tender your old notes, you will continue to hold unregistered notes that you will not be able to transfer freely.

The terms of the new notes are identical to the existing notes and are identical in all material respects to those of the old notes, except that the transfer restrictions and registration rights applicable to the old notes do not apply to the new notes. See Description of New Notes for more details on the terms of the new notes. We will not receive any proceeds from the exchange offer.

There is no established trading market for the new notes or the old notes. However, the new notes are expected to be eligible for trading in the PORTALsm Market of the National Association of Securities Dealers, Inc. The exchange of old notes for new notes should not be a taxable event for United States federal income tax purposes. See Certain Federal Income Tax Considerations. All broker-dealers must comply with the registration and prospectus delivery requirements of the Securities Act. See Plan of Distribution.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these notes or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense. We are not asking you for a proxy and you are requested not to send us a proxy.

The date of this prospectus is May 19, 2008

This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for outstanding old notes where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed that, starting on the expiration date of the exchange offer and ending on the close of business one year after such expiration date, we will make this prospectus available to any broker-dealer for use in connection with any such resale. Such statements are based on currently available operating, financial and competitive information and are subject to various risks, uncertainties and assumptions that could cause actual results to differ materially from those anticipated in or implied by our forward-looking statements. Such risks, uncertainties and assumptions include, among other things:

changes in economic conditions including interest rates, consumer credit conditions, unemployment and other macro-economic factors that could adversely affect the demand for the services we provide;

the impact of competitors' initiatives;

our ability to successfully implement product offerings and execute effectively on our planned coverage expansion, launches of markets we acquired in the Federal Communications Commission's, or FCC's, auction for Advanced Wireless Services, or Auction #66, expansion of our mobile broadband product offering and other strategic activities;

our ability to obtain roaming services from other carriers at cost-effective rates;

our ability to maintain effective internal control over financial reporting;

delays in our market expansion plans, including delays resulting from any difficulties in funding such expansion through our existing cash, cash generated from operations or additional capital, or delays by existing U.S. government and other private sector wireless operations in clearing the Advanced Wireless Services, or AWS, spectrum, some of which users are permitted to continue using the spectrum for several years;

our ability to attract, motivate and retain an experienced workforce;

our ability to comply with the covenants in our senior secured credit facilities, indenture and any future credit agreement, indenture or similar instrument;

PROSPECTUS SUMMARY

This summary highlights selected information included elsewhere in this prospectus and does not contain all the information that you should consider before exchanging your old notes for new notes. You should read the entire prospectus carefully, including the Risk Factors section and the financial statements and related notes, before deciding to exchange your old notes for new notes. As used in this prospectus, the terms we, our, ours and us refer to Leap Wireless International, Inc., a Delaware corporation, and its wholly owned subsidiaries, including Cricket Communications, Inc., a Delaware corporation and the issuer of the notes, or Cricket, unless the context suggests otherwise. Unless otherwise specified, information relating to population, or POPs, is based on 2008 population estimates provided by Claritas Inc.

Overview of Our Business

We are a wireless communications carrier that offers digital wireless service in the U.S. under the Cricket® brand. Our Cricket service offers customers unlimited wireless service for a flat monthly rate without requiring a fixed-term contract or a credit check. Cricket service is offered by Cricket, a wholly owned subsidiary of Leap, and is also offered in Oregon by LCW Wireless Operations, LLC, or LCW Operations, a designated entity under FCC regulations. Cricket owns an indirect 73.3% non-controlling interest in LCW Operations through a 73.3% non-controlling interest in LCW Wireless, LLC, or LCW Wireless. Cricket also owns an 82.5% non-controlling interest in Denali Spectrum, LLC, or Denali, which purchased a wireless license in Auction #66 covering the upper mid-west portion of the U.S. as a designated entity through its wholly owned subsidiary, Denali Spectrum License, LLC, or Denali License. We consolidate our interests in LCW Wireless and Denali in accordance with Financial Accounting Standards Board Interpretation No., or FIN, 46(R), Consolidation of Variable Interest Entities, because these entities are variable interest entities and we will absorb a majority of their expected losses.

At March 31, 2008, Cricket service was offered in 23 states and had approximately 3.1 million customers. As of March 31, 2008, we, LCW Wireless License, LLC, or LCW License (a wholly owned subsidiary of LCW Operations), and Denali License owned wireless licenses covering an aggregate of approximately 186 million POPs (adjusted to eliminate duplication from overlapping licenses). The combined network footprint in our operating markets covered approximately 53 million POPs as of March 31, 2008, which includes incremental POPs attributed to ongoing footprint expansion in existing markets. The licenses we and Denali License purchased in Auction #66, together with the existing licenses we own, provide 20 MHz of coverage and the opportunity to offer enhanced data services in almost all markets in which we currently operate or are building out, assuming Denali License were to make available to us certain of its spectrum.

In addition to the approximately 53 million POPs we covered as of March 31, 2008 with our combined network footprint, we estimate that we and Denali License hold licenses in markets that include up to approximately 85 million additional POPs that are suitable for Cricket service. We recently launched our first Auction #66 markets in Oklahoma City, Las Vegas and southern Texas, and we and Denali License are currently building out additional Auction #66 markets that we intend to launch this year and in 2009. We also plan to continue to expand our network coverage and capacity in many of our existing markets, allowing us to offer our customers a larger local calling area. As part of our overall coverage expansion plans, we expect to increase our network coverage by approximately eight million additional POPs between January and June 2008. Looking ahead, we and Denali License expect to cover up to approximately 36 million additional POPs by the middle of 2009 and up to approximately 50 million additional POPs by the end of 2010 (in each case measured on a cumulative basis beginning January 2008). We and Denali License may also develop some of the licenses covering our additional POPs through partnerships with others.

Portions of the AWS spectrum that was auctioned in Auction #66 are currently used by U.S. federal government and/or incumbent commercial licensees. Several federal government agencies have cleared or developed plans to clear spectrum covered by licenses we and Denali License purchased in Auction #66 or have indicated that we and Denali License can operate on the spectrum without interfering with the agencies' current uses. As a result, we do not expect spectrum clearing issues to impact our near-term market launches. In other markets, we continue to work with one federal agency to ensure that the agency either relocates its spectrum use to alternative frequencies or confirms that we can operate on the spectrum without interfering with its current uses. If

Table of Contents

our efforts with this agency are not successful, the agency's continued use of the spectrum could delay the launch of certain markets.

We continue to seek additional opportunities to enhance our current market clusters and expand into new geographic markets by participating in FCC spectrum auctions, by acquiring spectrum and related assets from third parties, and/or by participating in new partnerships or joint ventures. We also expect to continue to look for opportunities to optimize the value of our spectrum portfolio. Because some of the licenses that we and Denali License hold include large regional areas covering both rural and metropolitan communities, we and Denali License may sell some of this spectrum and pursue the deployment of alternative products or services in portions of this spectrum.

Corporate Information

Leap was formed as a Delaware corporation in June 1998. Leap's shares began trading publicly in September 1998, and we launched our innovative Cricket service in March 1999. In April 2003, we filed voluntary petitions for relief under Chapter 11 in federal bankruptcy court. On August 16, 2004, our plan of reorganization became effective and we emerged from Chapter 11 bankruptcy. On that date, a new board of directors of Leap was appointed, Leap's previously existing stock, options and warrants were cancelled, and Leap issued 60 million shares of new Leap common stock to two classes of creditors. On June 29, 2005, Leap became listed for trading on the Nasdaq National Market (now known as the Nasdaq Global Market) under the symbol LEAP, and our common stock currently trades on the Nasdaq Global Select Market, also under the symbol LEAP.

Our principal executive offices are located at 10307 Pacific Center Court, San Diego, California 92121 and our telephone number at that address is (858) 882-6000. Our principal websites are located at www.leapwireless.com, www.mycricket.com and www.jumpmobile.com. The information contained in, or that can be accessed through, our websites is not part of this prospectus.

Leap is a U.S. registered trademark of Leap, and a trademark application for the Leap logo is pending. Cricket, Jump, the Cricket K and Flex Bucket are U.S. registered trademarks of Cricket. In addition, the following are trademarks or service marks of Cricket: BridgePay, Cricket By Week, Cricket Choice, Cricket Connect, Cricket Nation and Cricket Wireless Internet Service.

The Exchange Offer

On June 6, 2007, we completed the private offering of \$350 million aggregate principal amount of 9.375% Senior Notes due 2014. As part of that offering, we entered into a registration rights agreement with the initial purchasers of the old notes in which we agreed, among other things, to deliver this prospectus to you and to complete an exchange offer for the old notes. Below is a summary of the exchange offer.

Old Notes	9.375% Senior Notes due 2014.
New Notes	Notes of the same series, the issuance of which has been registered under the Securities Act. The terms of the new notes are identical in all material respects to those of the old notes, except that the transfer restrictions and registration rights provisions relating to the old notes do not apply to the new notes. After payment of the unpaid additional interest that has accrued on the old notes, the additional interest provisions relating to the old notes will not apply to the new notes. The new notes will be treated as a single class with the \$750 million aggregate principal amount of 9.375% Senior Notes due 2014 already outstanding, which we refer to as the existing notes. The terms of the new notes are identical to the terms of the existing notes. Because of the need to identify the new notes which may be entitled to receive accrued and unpaid additional interest after the completion of the exchange offer, the new notes will have a temporary CUSIP number different from that of the existing notes. Following the first interest payment date after the consummation of the exchange offer, after payment of the interest on the new notes (including any accrued and unpaid additional interest), the new notes will be reassigned the same CUSIP number as that of the existing notes without any further action on the part of the holders.
Terms of the Offer	We are offering to exchange a like amount of new notes for our old notes in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. In order to be exchanged, an old note must be properly tendered and accepted. All old notes that are validly tendered and not withdrawn will be exchanged. As of the date of this prospectus, there are \$350 million aggregate principal amount of old notes outstanding and \$750 million aggregate principal amount of existing notes outstanding. We will issue new notes promptly after the expiration of the exchange offer.
Expiration Time	The exchange offer will expire at 5:00 p.m., New York City time, on June 17, 2008, unless extended.
Procedures for Tendering	To tender old notes, you must complete and sign a letter of transmittal in accordance with the instructions contained in the letter and forward it by mail, facsimile or hand delivery, together with any other documents required by the letter of transmittal, to the exchange agent, either with the old notes to be tendered or in compliance with the specified procedures for guaranteed delivery of old notes. Certain brokers, dealers, commercial banks, trust companies and other nominees may also effect tenders by

book-entry transfer. Holders of old notes registered in the name of a broker, dealer, commercial bank, trust company or other nominee are urged to contact such person promptly if they wish to tender old notes pursuant to the exchange offer. See The Exchange Offer Procedures for Tendering.

Table of Contents

Letters of transmittal and certificates representing old notes should not be sent to us. Such documents should only be sent to the exchange agent. Questions regarding how to tender old notes and requests for information should be directed to the exchange agent. See The Exchange Offer Exchange Agent.

Acceptance of Old Notes for Exchange;
Issuance of New Notes

Subject to the conditions stated in The Exchange Offer Conditions to the Exchange Offer, we will accept for exchange any and all old notes which are properly tendered in the exchange offer before the expiration time. The new notes will be delivered promptly after the expiration time.

Interest Payments on the New Notes

The new notes will bear interest from the most recent date through which interest has been paid on the old notes. If your old notes are accepted for exchange, then you will receive interest on the new notes (including any accrued but unpaid additional interest on the old notes) and not on the old notes.

Withdrawal Rights

You may withdraw your tender of old notes at any time before the expiration time.

Conditions to the Exchange Offer

The exchange offer is subject to customary conditions. We may assert or waive these conditions in our sole discretion. If we materially change the terms of the exchange offer, we will resolicit tenders of the old notes. See The Exchange Offer Conditions to the Exchange Offer for more information.

Resales of New Notes

Based on interpretations by the staff of the SEC, as detailed in a series of no-action letters issued by the SEC to third parties, we believe that the new notes issued in the exchange offer may be offered for resale, resold or otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act as long as:

you are acquiring the new notes in the ordinary course of your business;

you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate in a distribution of the new notes;

you are not an affiliate of ours; and

you are not a broker-dealer that acquired any of its old notes directly from us.

If you fail to satisfy any of the foregoing conditions, you will not be permitted to tender your old notes in the exchange offer and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or other transfer of your old notes unless such sale is made pursuant to an exemption from such

requirements.

Each broker or dealer that receives new notes for its own account in exchange for old notes that were acquired as a result of market-making or other trading activities must acknowledge that it will comply with the registration and prospectus delivery requirements of the Securities

You should carefully consider the matters set forth under [Risk Factors](#) before you decide to tender your old notes pursuant to the exchange offer.
