NEWS RELEASE

TEEKAY TANKERS LTD. REPORTS
RESTATED FIRST AND SECOND QUARTER 2008 RESULTS

Highlights

Teekay Tankers has completed a financial restatement of its fiscal 2008 first and second quarter results.

There is no impact on the Company's previously reported cash available for distribution or liquidity in any period.

All restatement adjustments are non-cash in nature and do not affect the economics of the Company.

The Company will host a conference call on Tuesday, November 25, 2008 to discuss its restated results and key elements of its financial position and outlook.

Hamilton, Bermuda, November 25, 2008 Teekay Tankers Ltd. (*Teekay Tankers* or *the Company*) (NYSE: TNK) today reported that it has restated its previously reported financial results for the first and second quarters of 2008 to adjust its accounting treatment for:

an interest rate swap agreement under the Statement of Financial Accounting Standards No. 133, *Accounting for Derivative Instruments and Hedging (SFAS 133)*, as more fully discussed below under Restatement for Accounting under SFAS 133 ; and

two vessels acquired from Teekay Corporation (*Teekay*) subsequent to the Company's December 2007 initial public offering, whereby the Company's financial statements have been retroactively adjusted to include the historical results of the vessels from the date they were originally acquired by Teekay and began operating, as more fully discussed below under Changes to Accounting for Dropdown Transactions .

Subsequent to the release of its results for the second quarter of 2008 on August 7, 2008, the Company determined that it would be required to restate its previously reported financial results. Accordingly, the Company's previously reported financial statements for the three months ended March 31, 2008 and June 30, 2008 have been restated. A summary of the Company's financial results reflecting the restatement adjustments for these periods is provided below. More detailed financial information relating to the restatements will be included in the amended Form 6-K/A Report for the quarter ended March 31, 2008 and in the Form 6-K Report for the quarter ended June 30, 2008, which the Company expects to furnish to the U.S. Securities and Exchange Commission and make available on its website at www.teekaytankers.com no later than December 5, 2008.

The requirement to restate our historical financials arose from a detailed and thorough restatement audit which was initiated at Teekay Tankers' parent company, Teekay Corporation, stated Vince Lok, Teekay Tankers' Chief Financial Officer. It is important to emphasize that adjustments to the Company's reported net income as a result of these restatements are due to changes in the Company's accounting treatment only and have no impact on the Company's actual cash flows. Any adjustments to net income as a result of the change in the Company's hedge accounting are exclusively due to unrealized gains or losses from the change in the mark-to-market value of our interest rate swap agreement at the end of each reporting period, which have no cash impact. This change in accounting treatment does not affect the economics of our hedging transactions.

Mr. Lok continued, "In addition, the change in the accounting treatment for vessel dropdowns only impacts the periods prior to when the Company acquired the vessels from Teekay Corporation and, therefore, has no effect on our financial results subsequent to the date of acquisition and also does not impact our cash available for distribution or liquidity in any period.

A summary of financial information reflecting the restatement adjustments for the three and six months ended June 30, 2008 and 2007 and the three months ended March 31, 2008 is presented below.

Summary of Restated Second Quarter 2008 Results

Since the restatement adjustments are all non-cash in nature, they have no impact on the Company's cash available for distribution. On August 5, 2008, Teekay Tankers declared a cash dividend of \$0.90 per share for the quarter ended June 30, 2008, representing a total cash dividend of \$22.5 million⁽¹⁾. The dividend was paid on August 22, 2008 to all shareholders of record as of August 15, 2008.

On November 24, 2008, the Company declared a cash dividend of \$1.07 per share for the quarter ended September 30, 2008. The cash dividend is payable on December 10, 2008 to all shareholders of record on December 3, 2008.

The effect of the accounting adjustments noted above on net income for the three and six months ended June 30, 2008 and 2007 and for the three months ended March 31, 2008, as previously reported on August 7, 2008, is summarized in the table below. The results of vessels acquired from Teekay relating to the periods prior to their acquisition by the Company are referred to herein as the *Dropdown Predecessor*.

(in thousands of U.S. dollars)	Net Income				
	Three Months Ended			Six Months Ended	
	June 30, 2008 (unaudited)	March 31, 2008 (unaudited)	June 30, 2007 (unaudited)	June 30, 2008 (unaudited)	June 30, 2007 (unaudited)

For the three months ended June 30, 2008, Teekay Tankers now reports net income of \$22.6 million, or \$0.89 per share, compared to net income of \$10.5 million, or \$0.39 per share, for the three months ended March 31, 2008. The results for the quarter ended June 30, 2008 now include an unrealized gain relating to the change in fair value of an interest rate swap agreement that has the effect of increasing net income by \$5.4 million⁽⁵⁾, or \$0.22 per share. The results for the quarter ended March 31, 2008 now include an unrealized loss relating to the change in fair value of an interest rate swap that has the effect of decreasing net income by \$4.4 million, or \$0.18 per share. Net voyage revenues⁽⁶⁾ for the three months ended June 30, 2008 increased to \$35.6 million, compared to \$33.4 million for the three months ended March 31, 2008.

Net income for the six months ended June 30, 2008 is now \$33.1 million, or \$1.28 per share, compared to net income of \$27.9 million, or \$1.86 per share, for the same period last year. The results for the six months ended June 30, 2008 include an unrealized gain relating to the change in fair value of an interest rate swap agreement that has the net effect of increasing net income by \$1.0 million⁽⁵⁾, or \$0.04 per share. Net voyage revenues⁽⁶⁾ for the six months ended June 30, 2008 increased to \$69.0 million from \$55.7 million for the same period in 2007.

- (1) Please refer to Appendix A to this release for a calculation of the cash dividend amount.
- (2) Previously reported net income for the three and six months ended June 30, 2008 included

an unrealized gain of \$5.0 million from an interest rate swap agreement.

- (3) Please refer to Restatement for Accounting under SFAS 133 included in this release.
- (4) Please refer to Changes to Accounting for Dropdown Transactions included in this release.
- (5) Unrealized gains of \$5.4 million and \$1.0 million relating to the change in fair value of an interest rate swap agreement for the three and six months ended June 30, 2008, respectively, are comprised of \$5.0 million included in the previously reported net income for such periods and adjustments of \$325,000 and (\$4.0) million for the three and six months ended June 30, 2008, respectively.
- (6) Net voyage revenues represent voyage revenues less voyage expenses. Net voyage revenues is a non-GAAP financial measure used by certain investors to measure the financial performance of shipping companies. Please see the Company's website at www.teekaytankers.com for a reconciliation of this non-GAAP

financial measure.

Further Information Regarding Restatement Items

Restatement for Accounting under SFAS 133

Subsequent to the release of its results for the second quarter of 2008, the Company has restated its financial results for the quarters ended March 31, 2008 and June 30, 2008 to adjust its accounting treatment for an interest rate swap agreement pursuant to SFAS 133. This interest rate swap agreement did not qualify for hedge accounting treatment under SFAS 133, as aspects of the Company's hedge documentation did not meet the strict technical requirements of the standard.

Accordingly, the Company has now recognized the changes in the fair value of its swap agreement through the statement of income rather than directly to stockholders' equity on the balance sheet. The restatement, which is non-cash in nature, has resulted in adjustments to Teekay Tanker's previously reported net income, but does not affect the economics of the hedging transaction and does not have any impact on the Company's previously reported cash available for distribution, liquidity or total stockholders' equity. The Company believes that the applicable derivative transaction was consistent with its risk management policies and that its overall hedging strategy continues to be sound.

The Company has discontinued the use of hedge accounting for its interest rate swap agreement. As a result, the unrealized gains and losses due to the change in the fair value of this derivative instrument will be reflected as increases and decreases to the Company's interest expense going forward. This change will not impact the economics of the hedging transaction, nor the Company's cash available for distribution or liquidity in any future period.

Changes to Accounting for Dropdown Transactions

Subsequent to the release of its results for the second quarter of 2008, the Company reviewed and revised its accounting treatment for the two Suezmax tankers, the *Ganges Spirit* and the *Narmada Spirit*, which it acquired from Teekay on April 7, 2008 (the *Suezmax Dropdowns*). The Company initially accounted for the Suezmax Dropdowns as asset acquisitions (rather than business acquisitions) and recorded the financial results of these vessels commencing from the date the vessels were acquired by Teekay Tankers.

Although substantially all of the value relating to the Suezmax Dropdowns is attributable to the vessels and associated time-charters, the Company has now determined that these related-party vessel acquisitions should be accounted for as business acquisitions (rather than asset acquisitions) under the provision of the Statement of Financial Accounting Standards No. 141, *Business Combinations (SFAS 141)*. Under SFAS 141, business acquisitions for entities under common control which have begun operations are required to be accounted for in a manner whereby the Company's financial statements are retroactively adjusted to include the historical results of the acquired vessels from the date the vessels were originally under the control of Teekay.

Accordingly, the Company has recast its financial statements for the three and six months ended June 30, 2008 to retroactively adjust for the Suezmax Dropdowns as if the vessels had been acquired by the Company on August 1, 2007, the date the vessels were acquired by Teekay. As a result, the Company's financial statements for the three and six months ended June 30, 2008 now include the results of the Suezmax Dropdowns prior to their acquisition by the Company.

The retroactive adjustments to reflect the results of the Dropdown Predecessor for the Suezmax Dropdowns have resulted in changes to Teekay Tanker's previously reported net income and total stockholders' equity. As they are non-cash in nature, these adjustments have not resulted in changes to the Company's previously reported cash available for distribution or liquidity. The effects of these adjustments relating to the Dropdown Predecessor on the Company's previously reported net income for the three and six months ended June 30, 2008 are increases of \$0.3 million and \$1.1 million, respectively. The effect of these adjustments on the Company's previously reported total stockholders' equity as at June 30, 2008 is an increase of \$4.7 million.

(1) Teekay formed Teekay Tankers in

October 2007. Prior to the closing of the Company's initial public offering on December 18, 2007, a subsidiary of Teekay transferred to the Company nine wholly owned subsidiaries, each of which owns one Aframax tanker, in exchange for 12,500,000 shares of the Company's Class B common stock, 2,500,000 shares of the Company's Class A common stock and a \$180.8 million non-interest bearing promissory note. Prior to these contributions to the Company, Teekay transferred seven of the nine Aframax tankers to seven new ship-owning subsidiaries. The accounts of the remaining two wholly owned subsidiaries and

any transactions specifically attributable to these nine vessels in Teekay or other subsidiaries of Teekay which were not contributed to the Company are reflected above for periods prior to Teekay Tankers initial public offering. These transfers represent a reorganization of entities under common control and have been recorded at historical cost.
