Third Quarter 2015 Results

HIGHLIGHTS OF THE THIRD QUARTER OF 2015

- Turkcell Turkey and Turkcell Group registered all-time-high quarterly revenue and EBITDA.
- Turkcell Turkey revenues, comprising 91% of Group revenues, rose by 9.9% to TRY3,074 million (TRY2,797 million) with a 0.8pp higher EBITDA margin of 34.5% (33.7%). This was driven by continued growth in mobile and fixed broadband revenues along with mobile services.
- Turkcell Turkey's outstanding financial performance was backed by solid operational results.
 - We gained 271 thousand customers, all through postpaid net additions of 278 thousand.
 - Smartphone penetration reached 49%.
 - ARPU reached the highest level of the recent periods in the mobile market, up by 9.7% to TRY26.1, through a larger postpaid base (47.1%), higher data usage (1.6GB per user per month), increased mobile service revenues and tariff adjustments.
- Group revenues grew by 6.4% to TRY3,364 million (TRY3,162 million), mainly driven by growth in Turkcell Turkey.
 - Group EBITDA1 rose by 10.5% to TRY1,161 million (TRY1,050 million) leading to an increased EBITDA margin of 34.5% (33.2%), notably up by 1.3pp year-on-year. This marked one of the highest EBITDA margin prints of recent years.
 - Proforma net income (excluding non-recurring items2), increased by 17.8% to TRY707 million (TRY600 million). Reported Group net income as per IFRS was TRY630 million (TRY755 million).
- Turkcell International revenues, constituting 7% of Group revenues, were at TRY235 million (TRY305 million), impacted by devaluation, while the EBITDA margin rose 5.3pp to 29.6% (24.3%).
- Reflecting our strategic priority of improved balance sheet structure, we restructured the debt of Astelit and BeST, eliminating the foreign exchange exposure risk on the debt of these operations.
- Turkcell won 47% of the total 4.5G spectrum tender. As of April 1, 2016, we will be the only operator to provide the fastest speed of 375 Mbps that this technology enables.
- Turkcell became the only Turkish company with an investment grade rating from three agencies.
- We raised close to USD2.9 billion in funds, including US\$500 million Eurobond, within a short period of 2 months for infrastructure investments, restructuring of existing debt, and possible new investment opportunities.
 - We completed US\$500 million Eurobond issuance on October 15, 2015. Oversubscribed by almost 4 times, this Eurobond was the first and only issuance made in 2015 by a Turkish company from the non-financial services sector.

Given our first nine months' performance, and on the basis of current market conditions, we are upgrading our EBITDA target for the full year*. Thus, we are targeting an EBITDA margin of 32.0%-32.5%, up from the 31%-32% range. Further, we have revised our revenue growth forecast to 10% for Turkcell Turkey and 6% for the Group from the previous 6%-9% range.

(1)EBITDA is a non-GAAP financial measure. See page 14 for the reconciliation of an explanation of how we calculate Adjusted EBITDA to net income.

(2)Net Income excluding FX Gain/(Loss) (including tax and minority impact), monetary Gain (inflation impact), interest Income on time deposit, one -off items.

(*) Please note that this paragraph contains forward looking statements based on our current estimates and expectations regarding market conditions for each of our different businesses. No assurance can be given that actual results will be consistent with such estimates and expectations. Third Quarter 2015 Results

COMMENTS FROM CEO, KAAAN TERZIOGLU

“Encouraged by double record, we have raised our EBITDA target

Third quarter is marked with our bold steps, crowned by solid financial and operational results. In this period, we, once again, earned the confidence of the financial markets in Turkey and Turkcell. Therefore, we are glad to present an outstanding performance, recorded in a tough macroeconomic environment, and one that reflects the harmony between the Board of Directors, senior management and our team.

Turkcell Turkey and Turkcell Group generated their all-time-highest revenue and EBITDA. Turkcell Turkey’s revenues, accounting for 91% of total Group revenues, increased 9.9%, generating an EBITDA margin of 34.5%. Group revenues reached TRY3,364 million on 6.4% growth, while EBITDA rose 10.5% to TRY1,161 million. The EBITDA margin rose 1.3 percentage points to 34.5%. Proforma Group net income (excluding non-recurring items¹), reached TRY707 million on 17.8% growth, while the reported net income as per IFRS was TRY630 million.

Based on our nine months’ Group performance of 5.5% revenue growth with an EBITDA margin of 32.7%, we expect to exceed our full year EBITDA target*. In this regard, we have upgraded our full year EBITDA margin guidance range to 32%-32.5% from 31%-32%, and revised our revenue growth forecast to 10% for Turkcell Turkey and 6% for the Group from the previous 6%-9% range.

Our postpaid customer base has continued to grow; total customers has exceeded 34 million

While our total customer base grew by 271 thousand, blended mobile ARPU increased by 9.7% year-on-year to TRY26.1, the highest level in the mobile sector for the quarter. This achievement came on the back of a 278 thousand quarterly increase of postpaid customer base, which has exceed 16 million, increased mobile services and data usage, and tariff adjustments. With 74 thousand net additions, our fixed broadband customer base exceeded 1.4 million, while residential fixed ARPU reached TRY49.1.

BiP becomes global; demand for Turkcell TV sustains its momentum

We continued to create value for our customers through our services and solutions which we serve through our superior network. Turkcell TV’s customer base, reaching 342 thousand with a 131 thousand quarterly increase, has emboldened us in our targets in this arena.

The number of downloads of BiP, which has recently begun to offer video and audio calling features, has reached 1.4 million. Shortly, we will launch BiP, which is already in use in Germany and Northern Cyprus besides Turkey, in Ukraine and Belarus. Meanwhile, Turkey’s most widely-used consumer cloud service, Turkcell Smart Storage’s active user base exceeded 1.3 million users and the number of downloads of Turkcell Music was almost 1.6 million in the first nine months of 2015.

We have once again confirmed our global credibility as Turkey, and as Turkcell in the international financial markets

Our new vision and the strategic steps we have taken towards achieving this vision were reflected in the financial markets. We have become the only Turkish company with an “investment grade” rating from all three major rating agencies. We raised close to US\$2.9 billion in funds within a short period of 2 months for infrastructure investments, restructuring of existing debt, and possible new investment opportunities.

In this regard, first, we signed a long-term loan agreement with five banks for US\$500 million and EUR445 million, unsecured and at favorable terms.

4

Third Quarter 2015 Results

We issued a Eurobond in the amount of US\$500 million. Our Eurobond issue, at a yield of 5.95 percent, was almost four times oversubscribed, and is the first and only Eurobond sale to be held in the international markets by a Turkish company from the non-financial sector in 2015.

(1) Net Income excluding FX Gain/(Loss) (including tax and minority impact), monetary Gain (inflation impact), interest Income on time deposit, one -off items

Next, we signed a loan agreement package with China Development Bank for up to EUR500 million with a 2 year availability period, and for up to EUR750 million with a 3 year availability period.

These achievements, once again confirm our global credibility as Turkey, and as Turkcell.

We invest in our future, while registering great accomplishments

This quarter, we have continued to invest in new technologies to strengthen our position as an integrated communication and technology services company, one of our strategic priorities. In this regard, we have acquired 47% of the frequency for EUR1.6 billion at the 4.5G tender, which we believe to be a significant milestone for the industry. Having paid the first installment of EUR706 million, including VAT, today, October 27, we received the authorization license at the signing ceremony. With the acquired frequencies and carrier aggregation, we will be the only operator in Turkey with the capability to provide the fastest 4.5G speed of 375 Mbps. Our 4.5G infrastructure, where we expect to offer mobile TV services, will have the technology to support 1Gbps speed with the availability of supporting terminals.

We have taken significant steps towards improving our balance sheet, thereby creating value for our shareholders. We have launched the process of establishing a consumer financing company to further facilitate the financing of the technology demand of our customers. Following the debt restructuring of our international subsidiary Astelit, the debt of BeST, our subsidiary in Belarus, has also been restructured, eliminating the foreign exchange risk arising from the debt of our international subsidiaries.

We are more confident about the future

Going forward, our key priorities will be to strengthen our position in the Turkish telecommunication market as an integrated player, to invest in our superior network infrastructure and to consider global expansion opportunities for further growth.

We would like to congratulate the Turkcell team and all of our stakeholders for their contribution to our success, and to thank our Board of Directors for their continued support.”

(*) Please note that this paragraph contains forward looking statements based on our current estimates and expectations regarding market conditions for each of our different businesses. No assurance can be given that actual results will be consistent with such estimates and expectations. For a discussion of factors that may affect our results, see our Annual Report on Form 20-F for 2014 filed with U.S. Securities and Exchange Commission, and in particular, the risk factor section therein.

Third Quarter 2015 Results

Revenue of the Group grew by 6.4% year-on-year to TRY3,364 million (TRY3,162 million).

In the third quarter, competitive dynamics in Turkish telecoms market prevailed similar to previous quarters; yet, the quarter was seasonally favorable in terms of customer demand and usage. Meanwhile, higher data incentives in bundle offers led unit prices in the mobile market to decline further. Similarly, in the fixed broadband market, competition revolved around aggressively priced triple play offers. Converged offerings remain at an initial stage with no significant presence.

In this environment, Turkcell Turkey revenues rose by 9.9% to TRY3,074 million (TRY2,797 million) on 10.9% growth in consumer segment revenues to TRY2,402 million (TRY2,167 million) and a 6.5% increase in corporate segment revenues to TRY560 million (TRY525 million). The performance of key revenue drivers was as follows:

- Consumer and Corporate revenues in total grew by 10.0% to TRY2,962 million (TRY2,692 million).
 - Voice revenues declined by 2.0% to TRY1,539 million (TRY1,570 million). The declining trend slowed down in Q315 mainly through increased consumption.
 - Data revenues increased by 34.2% to TRY975 million (TRY726 million) driven by growth of 37.2% in mobile broadband and 26.0% in fixed broadband revenues with higher smartphone penetration, a larger number of data users and the continued rise in data consumption.
 - Services and solutions revenues rose by 11.3% to TRY316 million (TRY284 million) with the 40.3% growth in services revenues, despite the continued decline in SMS revenues of 11.7%, reflecting the industry trend.
 - Other revenues, including mainly our retail and call center revenues, grew by 18.5% to TRY133 million (TRY112 million).
 - Wholesale revenues grew by 8.5% to TRY130 million (TRY120 million).

Turkcell International revenues fell by 22.9% to TRY235 million (TRY305 million), mainly due to year-on-year currency devaluation in Ukraine and Belarus.

Other subsidiaries'1 revenues, mainly comprised of our information and entertainment service revenues, contracted by 10.0% to TRY55 million (TRY61 million).

Operational expenses:

Decreased sales and marketing expenses along with lower direct cost of revenues led to improved operational expenses as a percentage of revenues, despite higher general administrative expenses.

Direct cost of revenues as a percentage of revenues declined to 59.1% (59.5%), mainly due to the decrease in interconnect costs (0.7pp), despite the increase in network related expenses (0.2pp) and other cost items (0.1pp) as a percentage of revenues.

Meanwhile, selling and marketing expenses fell by 1.6pp with the decline in selling expenses (1.3pp) on the back of value focused customer acquisition, lower marketing expenses (0.2pp) and other cost items (0.1pp).

EBITDA* grew by 10.5% to TRY1,161 million (TRY1,050 million) year-on-year, while the EBITDA margin reached 34.5% (33.2%) on 1.3pp growth driven by efficiency measures and a focus on higher value generating customers. The decline in selling and marketing expenses of 1.6pp and direct cost of revenues (excluding depreciation and amortization) of 0.3pp more than offset the rise in administrative expenses of 0.6pp.

The EBITDA of Turkcell International declined by 6.0% to TRY70 million (TRY74 million), impacted by the yearly currency devaluation in Ukraine and Belarus. Meanwhile, the EBITDA margin increased 5.3pp to 29.6% (24.3%) with strict operational expense management and the increased share of mobile broadband in the revenue mix of Astelit. The EBITDA of other subsidiaries¹ declined by 13.0% to TRY29 million (TRY34 million).

Third Quarter 2015 Results

Net finance income of TRY30 million (TRY142 million) was recorded in Q315. This was mainly driven by higher translation losses of TRY97 million (TRY55 million) along with the decline in interest earned on time deposits to TRY54 million (TRY152 million) on lower cash balance following the dividend distribution. Higher net finance income in Q215 was driven by increased translation gains due to positive quarterly currency movement impact from Ukraine and Turkey operations.

(*)EBITDA is a non-GAAP financial measure. See page 14 for the reconciliation of an explanation of how we calculate Adjusted EBITDA to net income.

(1)Other subsidiaries mainly comprise our information and entertainment services business and interbusiness eliminations.

Net income, excluding non-recurring items, increased by 17.8% to TRY707 million (TRY600 million). Reported net income was TRY630 million (TRY755 million) on a 16.5% decline year-on-year, mainly due to higher translation losses and lower interest income earned on time deposits with the lower cash balance despite higher EBITDA registered. Further, no monetary gain was recorded in Q315 as inflationary accounting in Belarus was discontinued in Q115.

Other expenses in Q215 were higher compared to Q315 since we performed payments in relation to commercial agreement terminations. Further, non-controlling interests figure declined in Q315 on a quarter-on-quarter basis as we completed the acquisition of Astelit's remaining shares in this quarter.

Total debt as of September 30, 2015 had decreased to TRY3,466.6 million (US\$1,139.1 million) from TRY4,014.2 million (US\$1,494.3 million) as of June 30, 2015 in consolidated terms. The decline in debt balance was mainly driven by the payments made to financial institutions in relation to Astelit's debt restructuring. Turkcell Turkey's debt balance was TRY817.0 million (US\$268.5 million), of which TRY198.1 million (US\$65.1 million) was denominated in US\$. The debt balance of Astelit was TRY515.1 million (US\$169.3 million), all denominated in local currency. Meanwhile, BeST had a debt balance of TRY7.9 million (US\$2.6 million) and the whole amount was denominated in local currency. Remaining debt balance of TRY2,127.0 million (US\$698.9 million) following the debt restructuring of Astelit and BeST, all of which is denominated in US\$, is planned to be repaid to banks in October 2015 (US\$689 million) and December 2015 (US\$10 million).

TRY2,295.0 million (US\$754.1 million) of our consolidated debt is set at a floating rate, while TRY2,884.3 million (US\$947.8 million) will mature within less than a year. (Please note that the figures in parentheses refer to US\$ equivalents).

This quarter, we have raised US\$2.9 billion equivalent funding to be utilized on a needs basis, mainly to pay the license fee, infrastructure investments, refinancing of subsidiary debt and any other potential investments. The details of new funds are as follows:

8

Third Quarter 2015 Results

- Turkcell issued a Eurobond with an aggregate principal amount of US\$500 million, 10-year maturity, redemption date of October 15, 2025 and a coupon rate of 5.75% based on a 5.95% reoffer yield.
- Turkcell signed a loan agreement with China Development Bank for amounts of up to EUR500 and EUR750 million, with availability periods of 2 years and 3 years, respectively. The total loan package will have 10 years final maturity with a 3 year grace period and an annual interest rate of EURIBOR + 2.2%.
- Turkcell signed a loan agreement with BNP Paribas, Citibank, HSBC, ING and Intesa Sanpaolo SpA for an amount of US\$500 million and EUR445 million with an availability period until June 30, 2016. The unsecured loan has a 2 year grace period, a 5 year maturity and an annual interest rate of 3 month LIBOR/EURIBOR+ 2.00%.

Cash flow analysis: Capital expenditures, including non-operational items, amounted to TRY634 million in Q315, of which TRY506 million was related to Turkcell Turkey, and TRY126 million to Turkcell International. Net change in debt mainly relates to Astelit's debt restructuring as explained in the total debt section. The cash flow item noted as "other" includes cash inflows in relation to foreign currency valuation impacts (TRY222 million), a decrease in advances given for fixed assets (TRY66 million), and cash outflows in relation to the corporate tax payment of Turkcell Iletisim (TRY110 million), the acquisition of Astelit's remaining shares (TRY268 million) and other working capital (TRY4 million).

In the first nine months of the year, operational capital expenditures at the Group level amounted to TRY1,719 million and stood at 18% of Group revenues.

We opted to make the 4.5G license payment in four installments, and accordingly on October 26 we paid the first installment of EUR706 million, including VAT.

Mobile business KPIs:

Mobile customers in Turkey increased by 271 thousand net quarterly additions, reaching 34.2 million in total, driven by our attractive value propositions and improving customer churn in the prepaid segment. We gained 278 thousand postpaid net additions and accordingly, the share of postpaid customers reached 47.1% (42.6%).

Improvement in the churn rate by 1.3pp yearly reflects our focus on value-generating customers and targeted retention actions.

ARPU rose by 9.7% to TRY26.1 (TRY23.8) in Q315 with the continued favorable change in subscriber mix, our upsell strategy, increased mobile broadband usage, mobile services revenue growth and our focus on high value customer groups.

MoU rose by 7.5% to 309.6 minutes (288.0 minutes) driven by our increased postpaid base and upsell strategy.

Smartphone penetration on our network reached 49%, supporting higher data usage. Registering 1.4 million* quarterly additions, there were 15.2 million smartphones on our network as at the end of the quarter where one third are already 4G enabled.

Third Quarter 2015 Results

Fixed business KPIs:

Turkcell Turkey's fixed business continued to grow, exceeding 1.4 million customers on the back of our expanding fiber network, strong sales force and customer care efforts. We gained 74 thousand net additions where 34 thousand are fiber and 40 thousand are ADSL subscribers. The Turkcell TV platform continued its growth momentum as penetration reached 171 thousand on 32 thousand net additions. Including mobile TV and web TV users, Turkcell TV users reached 342 thousand.

Fixed Residential ARPU improved by 3.8% to TRY49.1 (TRY47.3) positively impacted by the growth in triple play customers, comprising 19% of total fiber residential customers.

* Approximately 700 thousand of these smartphone net additions were due to an adjustment in relation to devices which were not previously classified as smartphones.

TURKCELL INTERNATIONAL

Astelit revenues grew by 3.3% in local currency terms. The growth rate was impacted by the absence of Crimean operations on a yearly comparison basis. Eliminating this impact, Astelit would have recorded 8.7% revenue growth.

Astelit recorded a solid 3.3pp improvement in EBITDA margin to 34.9% (31.6%), driven by effective cost management and an increased share of mobile broadband revenues on the back of 3G+ services. Astelit continued its 3G network roll-out, offering the fastest 3G network with triple carrier technology. Three-month active 3G data users on its network reached around 1.7 million, while smartphone users were 45% of the total. Mobile broadband has become the key growth driver for Astelit.

Although some easing in the macroeconomic environment was observed with a more stable currency rate, Astelit's financials in Turkish Lira terms continued to be impacted by year-on-year devaluation of the local currency. Accordingly, Astelit's revenues declined by 18.6% to TRY158 million (TRY194 million), while EBITDA fell by 10.1% to TRY55 million (TRY61 million). On the other hand, having completed the debt restructuring of Astelit, the foreign exchange exposure risk on this debt at the Group level was eliminated.

Astelit's three-month active subscriber base reached 10.8 million (10.6 million) with 167 thousand quarterly net additions. Blended ARPU (3-month active) contracted by 3.2% to UAH36.7 (UAH37.9), mainly due to the lower frequency and duration of international calls. MoU (12-month active) fell by 13.5% to 145.4 minutes (168.1 minutes) due to changing consumer behavior.

(1) We may occasionally offer campaigns and tariff schemes that have an active subscriber life differing from the one that we normally use to deactivate subscribers and calculate churn.

(2) Active subscribers are those who in the past three months made a revenue generating activity.

(*) Since July 10, 2015, we hold a 100% stake in Astelit.

(**) During 3rd quarter of 2015, foreign exchange gains and losses arising from receivable from or payable to a foreign operation, the settlement of which is neither planned nor likely occur in the foreseeable future, have been considered to form part of a net investment in a foreign operation and are recognized directly in equity in the foreign currency translation differences in the consolidated financial statements. Exchange differences arising in the foreign operations' individual financial statements which have been recognized directly in equity in the foreign currency translation differences in the consolidated financial statements have been eliminated from the individual financial statements above for reporting purposes.

BeST's financial performance continued to be impacted by the macroeconomic environment in Belarus. The local currency further depreciated by 15% against the US\$ during the quarter.

In TRY terms, BeST's revenues remained nearly flat at TRY39 million (TRY40 million) with an improved EBITDA margin of 2.1% (2.0%). In local currency terms, however, revenues rose by 16.7% with the expanding three-month active subscriber base reaching 1.1 million along with increased voice and mobile broadband usage.

As disclosed, Best's total existing intragroup loans were converted into a EUR\$610 million subordinated loan, directly from Turkcell. Accordingly, the foreign currency exposure risk in relation to the debt of Belarusian operations has been eliminated from our Group financials.

KKTCELL's revenues decreased by 6.7% to TRY33 million (TRY36 million) and EBITDA declined by 10.6% to TRY13 million (TRY14 million) leading to an EBITDA margin of 38.0% (39.8%). This was driven by regulatory amendment regarding the maximum price ceiling, termination rates and additional frequency fees.

Fintur's subscribers increased by 75 thousand net additions during the quarter mainly driven by increase in Geocell subscribers. Its revenues fell by 27.7% year-on-year, mainly due to the decrease in both Kcell and Azercell revenues. While Kcell revenues were impacted by a continued price war and devaluation of the Kazakhstani Tenge against the US\$, the decline in Azercell revenues was due to decreased voice and SMS revenues. The contribution of Fintur to Group net income decreased to US\$28million (US\$30 million) year-on-year.

Turkcell Group Subscribers

Turkcell Group mobile subscribers amounted to approximately 68.1 million as of September 30, 2015. This figure is calculated by taking the number of subscribers of Turkcell and each of our subsidiaries and unconsolidated investees. It includes the total number of mobile subscribers of Turkcell Turkey, Astelit and BeST, as well as of our operations in the Turkish Republic of Northern Cyprus ("Northern Cyprus"), and Fintur.

RECONCILIATION OF NON-GAAP FINANCIAL MEASUREMENTS: We believe Adjusted EBITDA, among other measures, facilitates performance comparisons from period to period and management decision making. It also facilitates performance comparisons from company to company. Adjusted EBITDA as a performance measure eliminates potential differences caused by variations in capital structures (affecting interest expense), tax positions (such as the impact of changes in effective tax rates on periods or companies) and the age and book depreciation of tangible assets (affecting relative depreciation expense). We also present Adjusted EBITDA because we believe it is

frequently used by securities analysts, investors and other interested parties in evaluating the performance of other mobile operators in the telecommunications industry in Europe, many of which present Adjusted EBITDA when reporting their results.

Our Adjusted EBITDA definition includes Revenue, Direct Cost of Revenue excluding depreciation and amortization, Selling and Marketing expenses and Administrative expenses, but excludes translation gain/(loss), finance income, share of profit of equity accounted investees, gain on sale of investments, income/(loss) from related parties, minority interest and other income/(expense).

Nevertheless, Adjusted EBITDA has limitations as an analytical tool, and you should not consider it in isolation from, or as a substitute for analysis of, our results of operations, as reported under IFRS.

FORWARD-LOOKING STATEMENTS: This release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and the Safe Harbor provisions of the US Private Securities Litigation Reform Act of 1995. This includes, in particular, our targets for revenue, EBITDA and capex in 2015 and our 4G and 3G development in Turkey and Ukraine, respectively. More generally, all statements other than statements of historical facts included in this press release, including, without limitation, certain statements regarding our operations, financial position and business strategy may constitute forward-looking statements. In addition, forward-looking statements generally can be identified by the use of forward-looking terminology such as, among others, “will,” “expect,” “intend,” “estimate,” “believe”, “continue” and “guidance.”

Although Turkcell believes that the expectations reflected in such forward-looking statements are reasonable at this time, it can give no assurance that such expectations will prove to be correct. All subsequent written and oral forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements. For a discussion of certain factors that may affect the outcome of such forward looking statements, see our Annual Report on Form 20-F for 2014 filed with the U.S. Securities and Exchange Commission, and in particular the risk factor section therein. We undertake no duty to update or revise any forward looking statements, whether as a result of new information, future events or otherwise.

ABOUT TURKCELL: Turkcell is an integrated communication and technology services player in Turkey. Turkcell Group has approximately 68.1 million mobile subscribers in nine countries and over 1.4 million fixed subscribers in Turkey as of September 30, 2015. Turkcell was one of the first among the global operators to have implemented HSPA+. It has announced two new HSPA+ Technologies on its 3G network to meet rising data usage. Having successfully integrated 3C-HSDPA and DC-HSUPA Technologies, it became the first mobile operator in the world to enable peak speed of 63.3 Mbps downlink while also enabled an 11.5 Mbps uplink on a 3G network. Turkcell is the first telecom operator to offer households fiber broadband connection at speeds of up to 1,000 Mbps in Turkey. As of September 2015, Turkcell’s population coverage is at 99.81% in 2G and 94.14% in 3G. Turkcell Group reported a TRY3.4 billion (US\$1.2 billion) revenue with total assets of TRY20.6 billion (US\$6.8 billion) as of September 30, 2015. It has been listed on the NYSE and the BIST since July 2000, and is the only NYSE-listed company in Turkey. Read more at www.turkcell.com.tr

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

As at and for the nine months ended 30 September 2015

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

1. Reporting entity

Turkcell Iletisim Hizmetleri Anonim Sirketi (the “Company”) was incorporated in Turkey on 5 October 1993 and commenced its operations in 1994. The address of the Company’s registered office is Maltepe Aydinler Mahallesi Inonu Caddesi No: 20, Kucukyali Ofispark/ Istanbul. It is engaged in establishing and operating a Global System for Mobile Communications (“GSM”) network in Turkey and regional states.

The condensed interim consolidated financial statements of the Company as at and for the nine months ended 30 September 2015 comprise the Company and its subsidiaries (together referred to as the “Group”) and the Group’s interest in one associate.

The consolidated financial statements of the Company as at and for the year ended 31 December 2014 are available upon request from the Company’s registered office or at www.turkcell.com.tr.

2. Basis of preparation

The same accounting policies, presentation and methods of computation have been followed in these condensed interim consolidated financial statements as were applied in the preparation of the Group’s consolidated financial statements as at and for the year ended 31 December 2014 other than the adoption of the following new standards or amendments to the standards which are effective for the annual periods on or after 1 January 2015, accounting of new transactions and events (Note 3b) and the restatement of segment information (Note 5).

The effects of the new standards or amendments to the standards adopted are explained in Note 3c.

The consolidated financial statements are presented in US Dollars (“USD” or “\$”), rounded to the nearest thousand. Moreover, all financial information expressed in Turkish Lira (“TL”), Euro (“EUR”) and Ukrainian Hryvnia (“UAH”) and Belarusian Ruble (“BYR”) has been rounded to the nearest thousand. The functional currency of the Company and its consolidated subsidiaries located in Turkey and Turkish Republic of Northern Cyprus is TL. The functional currency of Euroasia Telecommunications Holding BV (“Euroasia”) and Financell BV (“Financell”) is USD. The functional currency of Eastasian Consortium BV (“Eastasia”), Beltur Coöperatief UA (“Beltur”), and Turkcell Europe GmbH (“Turkcell Europe”) is EUR. The functional currency of LLC Astelit (“Astelit”), LLC Global Bilgi (“Global LLC”) and UkrTower LLC (“UkrTower”) is UAH. The functional currency of Belarusian Telecommunication Network (“Belarusian Telecom”) and LLC Lifetech is BYR. The functional currency of Azerinteltek QSC (“Azerinteltek”) is Azerbaijan Manat.

The condensed interim consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) and in accordance with International Accounting Standard (“IAS”) 34 “Interim Financial Reporting”. They do not include all of the information required for full annual financial statements and should be read in conjunction with the consolidated financial statements of the Group as at and for the year ended 31 December 2014.

2. Basis of preparation (continued)

The Group's audited consolidated financial statements prepared as at and for the years ended 31 December 2010, 2011, 2012, 2013 and 2014 were approved by the General Assembly on 26 March 2015.

The Group's condensed interim consolidated financial statements as at and for the period ended 30 September 2015 were approved by the Board of Directors on 27 October 2015.

The Company selected the presentation form of "function of expense" for the statement of comprehensive income in accordance with IAS 1 "Presentation of Financial Statements".

3. Significant accounting policies

a) Comparative Information and Revision of Prior Period Financial Statements

The condensed interim consolidated financial statements of the Group have been prepared with the prior periods on a comparable basis in order to give consistent information about the financial position and performance. If the presentation or classification of the financial statements is changed, in order to maintain consistency, the financial statements of the prior periods are also reclassified in line with the related changes.

b) Accounting policies for new transactions and events

Net investment in foreign operations

Foreign exchange gains and losses arising from a monetary item due from or due to a foreign operation, the settlement of which is neither planned nor likely in the foreseeable future, are considered to form part of a net investment in a foreign operation and are recognized directly in equity in the foreign currency translation differences which shall be reclassified from equity to profit or loss on the disposal of a foreign operation. The Company has recognized net foreign exchange losses net of tax amounting to TL 200,248 and TL 62,260 (equivalent to \$65,800 and \$20,458 as at 30 September 2015) resulting from net investment in their foreign operations located in Belarus and Ukraine respectively, in foreign currency translation differences in the current period (31 December 2014: None).

Subordinated debt instruments

The foreign subsidiaries of the Company have issued subordinated debt instruments to the Company. These instruments are treated as equity instruments in subsidiaries' separate financial statements and carried at historic cost in accordance with IAS 32 Financial Instruments: Presentation as it includes no contractual obligation to deliver cash or another financial asset to another entity or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the issuer.

c) New and Revised International Financial Reporting Standards

(i) Amendments to IFRSs affecting amounts reported and/or disclosures in the financial statements

None.

(ii) New and Revised IFRSs applied with no material effect on the condensed interim consolidated financial statements

Amendments to IAS 19
Annual Improvements to
2010-2012 Cycle

Annual Improvements to
2011-2013 Cycle

Defined Benefit Plans: Employee Contributions 1
IFRS 2, IFRS 3, IFRS 8, IFRS 13, IAS 16 and IAS 38, IAS 24 1

IFRS 1, IFRS 3, IFRS 13, IAS 40 1

1 Effective for annual periods beginning on or after 1 July 2014.

Amendments to IAS 19 Defined Benefit Plans: Employee Contributions

This amendment clarifies the requirements that relate to how contributions from employees or third parties that are linked to service should be attributed to periods of service. In addition, it permits a practical expedient if the amount of the contributions is independent of the number of years of service, in that contributions, can, but are not required, to be recognised as a reduction in the service cost in the period in which the related service is rendered.

Annual Improvements to 2010-2012 Cycle

IFRS 2: Amends the definitions of 'vesting condition' and 'market condition' and adds definitions for 'performance condition' and 'service condition'.

IFRS 3: Require contingent consideration that is classified as an asset or a liability to be measured at fair value at each reporting date.

IFRS 8: Requires disclosure of the judgements made by management in applying the aggregation criteria to operating segments, clarify reconciliations of segment assets only required if segment assets are reported regularly.

c) New and Revised International Financial Reporting Standards (continued)

(ii) New and Revised IFRSs applied with no material effect on the consolidated financial statements (continued)

IFRS 13: Clarify that issuing IFRS 13 and amending IFRS 9 and IAS 39 did not remove the ability to measure certain short-term receivables and payables on an undiscounted basis (amends basis for conclusions only).

IAS 16 and IAS 38: Clarify that the gross amount of property, plant and equipment is adjusted in a manner consistent with a revaluation of the carrying amount.

IAS 24: Clarify how payments to entities providing management services are to be disclosed.

Annual Improvements to 2011-2013 Cycle

IFRS 1: Clarify which versions of IFRSs can be used on initial adoption (amends basis for conclusions only).

IFRS 3: Clarify that IFRS 3 excludes from its scope the accounting for the formation of a joint arrangement in the financial statements of the joint arrangement itself.

IFRS 13: Clarify the scope of the portfolio exception in paragraph 52.

IAS 40: Clarifying the interrelationship of IFRS 3 and IAS 40 when classifying property as investment property or owner-occupied property.

c) New and Revised International Financial Reporting Standards (continued)

(iii) New and revised IFRSs in issue but not yet effective (continued)

IFRS 9 Financial Instruments

IFRS 9, issued in November 2009, introduces new requirements for the classification and measurement of financial assets. IFRS 9 was amended in October 2010 to include requirements for the classification and measurement of financial liabilities and for derecognition, and in November 2013 to include the new requirements for general hedge accounting. Another revised version of IFRS 9 was issued in July 2014 mainly to include a) impairment requirements for financial assets and b) limited amendments to the classification and measurement requirements by introducing a fair value through other comprehensive income (“FVTOCI”) measurement category for certain simple debt instruments.

IFRS 14 Regulatory Deferral Accounts

IFRS 14 Regulatory Deferral Accounts permits an entity which is a first-time adopter of International Financial Reporting Standards to continue to account, with some limited changes, for ‘regulatory deferral account balances’ in accordance with its previous GAAP, both on initial adoption of IFRS and in subsequent financial statements.

IFRS 14 was issued by the IASB on 30 January 2014 and applies to an entity’s first annual IFRS financial statements for a period beginning on or after 1 January 2016.

Amendments to IFRS 11 Accounting for Acquisition of Interests in Joint Operations

This amendment requires an acquirer of an interest in a joint operation in which the activity constitutes a business to:

- apply all of the business combinations accounting principles in IFRS 3 and other IFRSs, except for those principles that conflict with the guidance in IFRS 11,
- disclose the information required by IFRS 3 and other IFRSs for business combinations.

Amendments to IAS 16 and IAS 38 Clarification of Acceptable Methods of Depreciation and Amortisation

This amendment

- clarify that a depreciation method that is based on revenue that is generated by an activity that includes the use of an asset is not appropriate for property, plant and equipment,
- introduce a rebuttable presumption that an amortisation method that is based on the revenue generated by an activity that includes the use of an intangible asset is inappropriate, which can only be overcome in limited circumstances where the intangible asset is expressed as a measure of revenue, or when it can be demonstrated that revenue and the consumption of the economic benefits of the intangible asset are highly correlated.

The amendment also adds guidance that expected future reductions in the selling price of an item that was produced using an asset could indicate the expectation of technological or commercial obsolescence of the asset, which, in turn, might reflect a reduction of the future economic benefits embodied in the asset.

c) New and Revised International Financial Reporting Standards (continued)

(iii) New and revised IFRSs in issue but not yet effective (continued)

Amendments to IAS 16 and IAS 41 Agriculture: Bearer Plants

This amendment include 'bearer plants' within the scope of IAS 16 rather than IAS 41, allowing such assets to be accounted for a property, plant and equipment and measured after initial recognition on a cost or revaluation basis in accordance with IAS 16. The amendment also introduces a definition of 'bearer plants' as a living plant that is used in the production or supply of agricultural produce, is expected to bear produce for more than one period and has a remote likelihood of being sold as agricultural produce, except for incidental scrap sales, and clarifies that produce growing on bearer plants remains within the scope of IAS 41.

IFRS 15 Revenue from Contracts with Customers

IFRS 15 provides a single, principles based five-step model to be applied to all contracts with customers.

The five steps in the model are as follows:

- Identify the contract with the customer,
- Identify the performance obligations in the contract,
- Determine the transaction price,
- Allocate the transaction price to the performance obligations in the contracts,
- Recognise revenue when the entity satisfies a performance obligation.

Amendments to IAS 27 Equity Method in Separate Financial Statements

This amendment permits investments in subsidiaries, joint ventures and associates to be optionally accounted for using the equity method in separate financial statements.

Amendments to IFRS 10 and IAS 28 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

This amendment clarifies the treatment of the sale or contribution of assets from an investor to its associate or joint venture.

Annual Improvements 2012-2014 Cycle

IFRS 5: Adds specific guidance in IFRS 5 for cases in which an entity reclassifies an asset from held for sale to held for distribution or vice versa and cases in which held-for-distribution accounting is discontinued.

IFRS 7: Additional guidance to clarify whether a servicing contract is continuing involvement in a transferred asset, and clarification on offsetting disclosures in condensed interim financial statements.

IAS 19: Clarify that the high quality corporate bonds used in estimating the discount rate for post-employment benefits should be denominated in the same currency as the benefits to be paid.

IAS 34: Clarify the meaning of 'elsewhere in the interim report' and require a cross-reference.

Amendments to IAS 1 Disclosure Initiative

This amendment addresses perceived impediments to preparers exercising their judgement in presenting their financial reports.

Amendments to IFRS 10, IFRS 12 and IAS 28 Investment Entities: Applying the Consolidation Exception

This amendment addresses issues that have arisen in the context of applying the consolidation exception for investment entities by clarifying the following points:

- The exemption from preparing consolidated financial statements for an intermediate parent entity is available to a parent entity that is a subsidiary of an investment entity, even if the investment entity measures all of its subsidiaries at fair value.
- A subsidiary that provides services related to the parent's investment activities should not be consolidated if the subsidiary itself is an investment entity.
- When applying the equity method to an associate or a joint venture, a non-investment entity investor in an investment entity may retain the fair value measurement applied by the associate or joint venture to its interests in subsidiaries.
- An investment entity measuring all of its subsidiaries at fair value provides the disclosures relating to investment entities required by IFRS 12.

The Group evaluates the effects of these standards on the consolidated financial statements.

4. Critical accounting judgments and key sources of estimation uncertainty

Key sources of estimation uncertainty

Belarus

Belarusian economy is still expected to continue contracting while vulnerabilities to external developments remain. As of September 2015, market expectations for GDP signal 2.5% of contraction in economy; due to weak economic activity in Russia. National Bank of the Republic of Belarus ("NBRB") devalued BYR and raised its refinancing rate to 25% in January 2015 with worsening expectations for the Russian economy. BYR depreciated 25% throughout 2014 and 49% in the first nine months of 2015 against US Dollars. Tight monetary policy is still seen necessary because of weak domestic demand and concerns regarding the foreign exchange rate. As of September 2015, foreign exchange reserves excluding gold and IMF money have decreased by \$0.7 million to \$2.2 million within 2015. On the other

hand, Russia postponing payments of loans maturing this year and allowing payments to be made in Russian Ruble rather than US Dollars led external payments to be made in 2015 decrease from \$4 million to \$2.7 million. RMB swap agreement made with the Chinese Central Bank also strengthened Belarus' debt payment ability. Annual inflation in September 2015 decreased to 11.9%, the lowest level for the last four years. In spite of the devaluation in BYR since 2014, inflationary pressures are expected to ease over the medium term due to Central Bank policies prioritizing the fight against inflation.

4. Critical accounting judgments and key sources of estimation uncertainty (continued)

Key sources of estimation uncertainty (continued)

Belarus (continued)

The three-year cumulative inflation at the end of 2011 was 153% primarily influenced by the high inflation of 109% experienced in 2011. As the cumulative inflation in the last three years exceeded 100%, Belarus was considered a hyperinflationary economy at the end of 2011. In this context, IAS 29 “Financial Reporting in Hyperinflationary Economies” was being applied by subsidiaries operating in Belarus in financial statements starting from their annual financial statements for the year ending 31 December 2011. However, decrease in inflation rate in subsequent years led the three-year cumulative rate as of the end of 2014 to decrease to 65%. Accordingly, the economy of Belarus was considered to transit out of hyperinflationary status and 2015 is determined to be appropriate to cease applying IAS 29. Therefore, subsidiaries operating in Belarus ceased applying IAS 29 in 2015.

Ukraine

Ukrainian economy is still struggling with high level of inflation and economic recession but growth outlook for 2016 has turned positive after 2015 second quarter GDP data showed pace of deterioration slowing and successful debt restructuring negotiations with creditors. On the other hand, in the nine months period of 2015, Ukraine observed improving current account deficit (down from \$2.3 million in January-August 2014 to \$0.133 million in January-August 2015) and improving Central Bank foreign exchange reserves due to IMF agreement and fiscal and economic reforms approved by the parliament.

2014 GDP had contracted by 6.8% and continued to further contract another 14.6% in the second quarter of 2015. National Bank of Ukraine’s (“NBU”) growth expectation has been revised to (9.5%) from (5.5%). Annual inflation has reached 51.9% as of September 2015 end. 2015 year end inflation is still expected at 40-45% due to rising food and energy prices and devaluation of local currency.

The local currency has stabilized with IMF agreement and NBU’s restrictions on foreign exchange market. In order to comply with IMF aid agreement, NBU introduced free float foreign exchange rate regime as well. With the continuance of the correction after the aid agreement, devaluation of the local currency has depreciated by 37% in the first nine months of 2015 from highs of 90% while the foreign exchange rate stood at USD/UAH 21.53 as of 30 September 2015.

With the first two \$6.6 million tranches of IMF aid, foreign exchange reserves have increased to \$12.8 million as of 30 September 2015 from record low levels of \$5.6 million. Ukraine finalized a debt restructuring deal of \$18 million with foreign creditors at the end of August. The result of these negotiations secured second tranche of IMF aid package of \$ 1.6 million.

4. Critical accounting judgments and key sources of estimation uncertainty (continued)

Key sources of estimation uncertainty (continued)

Ukraine (continued)

In order to stop depreciation of UAH, NBU raised its refinancing rates; to 9.5% from 6.5% on 15 April 2014, to 12.5% from 9.5% on 18 July 2014, to 14% from 12.5% on 13 November 2014, to 19.5% from 14% on 6 February 2015 and lastly to the highest policy rate in the world, 30% on 2 March 2015. National Bank of Ukraine decided to ease its policy rate due to slowing inflation and stabilization of foreign exchange market from 30% to 27% in August 2015 and to 22% in September 2015.

Although the conflict in the eastern part of Ukraine continues to affect country's economy, positive effects of IMF aid on reform process, decreasing tension in the eastern part of country and a deal on debt restructuring with creditors are expected to support growth in future years by limiting further depreciation in UAH and decreasing risk premiums.

As of 31 December 2014, Astelit has impaired its assets in Crimea region amounting to \$8,027. The risk of further annexations of Luhansk and Donetsk regions still remain as a possibility. As of 30 September 2015, the net book value of non-current assets of the Group located in, Donetsk and Luhansk amounts to \$8,550 and \$1,280 respectively (31 December 2014: \$14,437 and \$2,369 respectively).

Current and potential future political and economic changes in Belarus and Ukraine could have an adverse effect on the subsidiaries operating in these countries. The economic stability of Belarus and Ukraine depends on the economic measures that will be taken by the governments and the outcomes of the legal, administrative and political processes in these countries. These processes are beyond the control of the subsidiaries established in these countries.

Consequently, the subsidiaries operating within Belarus and Ukraine may subject to foreign currency and interest rate risks related to borrowings and the subscriber's purchasing power and liquidity and increase in corporate and personal insolvencies, that may not necessarily be observable in other markets. The accompanying condensed interim consolidated financial statements contain the Group management's estimations on the economic and financial positions of its subsidiaries operating in Belarus and Ukraine. The future economic situation of Belarus and Ukraine might differ from the Group's expectations. As of 30 September 2015, the Group's management believes that their approach is appropriate in taking all the necessary measures to support the sustainability of these subsidiaries' businesses in the current circumstances.

5. Operating Segments

Starting from 2015, the Group has changed its reportable segments which are based on the dominant source and nature of the Group's risk and returns as well as the Group's new internal reporting structure. Prior year corresponding information has been also restated in the current period according to the new reportable segments.

Some of these strategic segments offer the same types of services, however they are managed separately because they operate in different geographical locations and are affected by different economic conditions.

The Group has aggregated its operations under two main reportable segments in accordance with its integrated communication and technology services strategy as Turkcell Turkey and Turkcell International which represent economical integrity. Turkcell Turkey reportable segment includes the operations of Turkcell, Superonline İletisim Hizmetleri A.S. ("Turkcell Superonline"), Turkcell Satis ve Dagitim Hizmetleri A.S. ("Turkcell Satis"), Global Bilgi Pazarlama Danisma ve Cagri Servisi Hizmetleri A.S. ("Turkcell Global Bilgi"), Turktell Bilisim Servisleri A.S. ("Turktell"), Turkcell Teknoloji Arastirma ve Gelistirme A.S. ("Turkcell Teknoloji"), Turkcell Interaktif Dijital Platform ve Icerik Hizmetleri A.S. Turkcell International reportable segment includes the operations of Kibris Mobile Telekomunikasyon Limited Sirketi ("Kibris Telekom"), Eastasia, Euroasia, Astelit, Beltur, Beltel, Belarusian Telecom, UkrTower, Global LLC, Turkcell Europe, Lifetech LLC and Fintur Holdings B.V. ("Fintur"). Other reportable segment mainly comprises from the information and entertainment services in Turkey and Azerbaijan.

Segment reporting of revenue has been revised to reflect the focus of the Group Management in marketing and sales around consumer and corporate customer groups.

Information regarding the operations of each reportable segment is included below. Adjusted EBITDA is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Adjusted EBITDA definition includes revenue, direct cost of revenues excluding depreciation and amortization, selling and marketing expenses and administrative expenses. Adjusted EBITDA is not a financial measure defined by IFRS as a measurement of financial performance and may not be comparable to other similarly-titled indicators used by other companies.

The accounting policies of operating segments are the same as those described in the summary of significant accounting policies.

6. Seasonality of operations

The Turkish mobile communications market is affected by seasonal peaks and troughs. Historically, the effects of seasonality on mobile communications usage had positively influenced the Company's results in the second and third quarters of the fiscal year and negatively influenced the results in the first and fourth quarters of the fiscal year. Recently, however, due to changing market dynamics, such as the Information Technologies and Communications Authority's ("ICTA") intervention in tariffs and increasing competition in the Turkish telecommunications market, the effects of seasonality on the Company's subscribers' mobile communications usage has decreased. Local and religious holidays in Turkey also affect the Company's operational results.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

As at and for the nine months ended 30 September 2015

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

7. Finance income and expense

Net finance income or expense amounts to \$(45,975), \$(45,273), \$11,506 and \$68,139 for the nine and three months ended 30 September 2015 and 2014, respectively.

The foreign exchange income amounting to \$179,814, \$70,988, \$(23,374) and \$68,994 have been presented on net basis with foreign exchange losses for the nine and three months ended 30 September 2015 and 2014, respectively.

Net foreign exchange loss is mainly attributable to the foreign exchange losses in Belarusian Telecom operating in Belarus amounting to \$164,912 and \$63,613 and foreign exchange loss in Astelit operating in Ukraine amounting to \$195,780 and \$317,434 foreign exchange loss for the periods ended 30 September 2015 and 2014, respectively. Foreign exchange losses from Belarusian Telecom and Astelit exclude foreign exchange losses arising in the foreign operations' individual financial statements which have been recognized directly in equity in the foreign currency translation differences in the consolidated financial statements in accordance with accounting policy for net investment in foreign operations as disclosed in Note 3.b.

8. Other income and expense

Other income amounts to \$9,528, \$19,759, \$1,019 and \$12,508 for the nine and three months ended ended 30 September 2015 and 2014 respectively. Other income for the nine months ended 30 September 2015 and 2014 mainly consists of fixed asset sales gain and rent income.

Other expenses amount to \$83,234, \$55,906, \$7,302 and \$3,990 for the nine and three months ended 30 September 2015 and 2014 respectively. Other expenses for the nine months ended 30 September 2015 and 2014 mainly consist of commercial agreements termination expenses and litigation expenses.

9. Income tax expense

Effective tax rates are 31%, 29%, 22% and 23% for the nine and three months ended 30 September 2015 and 2014, respectively.

Since it is not probable that taxable profit will be available against which the unused tax losses or unused tax credits of Astelit and Belarusian Telecom can be utilized, no deferred tax asset is recognized on any loss incurred by the subsidiaries operating in Ukraine and Belarus.

When these effects of unused tax losses of Astelit and Belarusian Telecom are excluded, the effective tax rates are 19%, 20% and 20%, 19% for the nine and three months ended 30 September 2015 and 2014, respectively.

12. Intangible assets

Impairment testing for long-lived assets

The carrying amounts of the Group's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Long-lived assets of Astelit were tested as at 31 March 2015 and other long-lived assets in Turkcell Superonline and Best were tested for impairment as at 31 December 2014. Independent appraisals was obtained to determine recoverable amount. Since there is no indication of impairment, long lived assets were not tested for impairment as of 30 September 2015.

Astelit

Long-lived assets of Astelit were tested for impairment as at 31 March 2015. Independent appraisals was obtained to determine recoverable amount for Astelit. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets, cash generating units. As at 31 March 2015, impairment test for long-lived assets of Astelit is made on the assumption that Astelit is the cash generating unit.

As the recoverable amounts based on the value in use of cash generating units was higher than the carrying amount of cash-generating units of Astelit, no impairment was recognized. The assumptions used in value in use calculation of Astelit were:

As of 31 March 2015, a 26.2% post-tax discount rate in UAH for 2015 to 2020, a 25.5% post-tax discount rate in UAH for after 2020 and a 5.0% terminal growth rate were used to extrapolate cash flows beyond the 6-year forecasts based on the business plans (31 December 2014: 22.1% post-tax discount rate in USD for 2015 to 2019, 21.3% post-tax discount rate in USD for after 2019 and 2.1% terminal growth rate). The pre-tax rate in UAH for disclosure purposes was 27.6% (31 December 2014: 23.3% in USD).

Belarusian Telecom

As at 31 December 2014 impairment test was performed for Belarusian Telecom and after tax impairment in the amount of \$15,044 was calculated for the cash-generating unit, allocated to the fixed assets on a pro-rata basis based on the carrying amount of each asset and included in depreciation expense. Tax effect of the long-lived asset impairment of \$861 is included in deferred taxation benefit.

Value in use was determined by discounting the expected future cash flows to be generated by the cash-generating unit and the terminal value.

12. Intangible assets (continued)

Impairment testing for cash-generating unit containing goodwill

As at 30 September 2015, the aggregate carrying amount of goodwill allocated to Turkcell Superonline is \$10,789 (31 December 2014: \$14,159).

Goodwill allocated to cash generating units and carrying values of all cash generating units are reviewed as of each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amounts (that is, higher of value in use and fair value less cost to sell) are normally determined on the basis of value in use, applying discounted cash flow calculation.

Independent appraisals were obtained for fair values to determine recoverable amounts for Turkcell Superonline as at 31 December 2014, the date of the goodwill impairment test. In calculating the net present value of the future cash flows, certain assumptions were made in respect of highly uncertain matters including management's expectations of growth in adjusted EBITDA, timing and quantum of future capital expenditure, long term growth rates, and the selection of discount rates to reflect the risks involved. As the recoverable value based on the value in use of the cash generating units was estimated to be higher than carrying amount, no impairment was required for goodwill arising from the acquisition of Superonline as at 31 December 2014.

Since there is no indication of impairment regarding goodwill allocated to Turkcell Superonline as at 30 September 2015, impairment testing was not performed.

19. Loans and borrowings (continued)

Following the 44,96% share acquirement of Euroasia from SCM Holdings Limited's ("SCM"), Astelit's borrowings obtained from and with guarantee of SCM Group have been paid in July 2015. The Group converted a material portion of Astelit's borrowings to equity and restructured Astelit's remaining borrowings in order to mitigate the foreign exchange risks associated with borrowings denominated in foreign currency. Astelit's capital has been increased by \$686,000, it utilized UAH 2.7 million (equivalent to \$127,279 as at 30 September 2015) loans under the guarantee of the Company and obtained \$66,000 subordinated loan directly from the Company in the third quarter of 2015. Consequently, Astelit's loan portfolio from financial institutions has been fully denominated in local currency which is UAH 3.55 million (equivalent to \$164,905 as at 30 September 2015). Regarding UAH 2.5 million (equivalent to \$116,130 as at 30 September 2015) of these loans, a cash collateral of USD 130,000 has been provided by Turkcell and recognised in other current assets in the financial statements as at 30 September 2015.

In line with Group strategic priority of improving balance sheet structure, the Company has restructured the outstanding debt of Belarusian Telecom. As part of the restructuring, Belarusian Telecom's total existing intragroup loans were converted into a EUR 610,213 (equivalent to \$685,986 as at 30 September 2015) subordinated loan, provided directly by Turkcell. Following the restructuring, Belarusian Telecom's outstanding debt is amounting to BYR 45.3 million (equivalent to \$2,603 as at 30 September 2015) owed to financial institutions and a EUR 610,213 (equivalent to \$685,986 as at 30 September 2015) subordinated loan owed to the Company as at 30 September 2015.

The Company signed a loan agreement with BNP Paribas, Citibank, HSBC, ING and Intesa Sanpaolo SpA for an amount of \$500,000 and EUR 445,000 (equivalent to \$500,258 as at 30 September 2015) with an availability period until 30 June 2016 to be utilized by the Company and its subsidiaries for the purpose of funding infrastructure investments and any other potential investment opportunities. The respective unsecured loan has 2 years grace period, 5 years maturity, principal repayment in every 6 months and an annual interest rate of 3 month LIBOR/EURIBOR+ 2%. As at 30 September 2015, the Company has not utilized any amount under this agreement.

Additionally, as at 23 October 2015 the Company signed a loan agreement package with China Development Bank (CDB) for an amount of up to EUR 500,000 (equivalent to \$562,087 as at 30 September 2015) with 2 years availability period to refinance Group's existing loans and for an amount of up to EUR 750,000 (equivalent to \$843,131 as at 30 September 2015) with 3 years availability period to finance Group's procurements from China in relation to infrastructure investments. The total loan package has 10 years final maturity with 3 years grace period and will be paid back in equal installments. The annual interest rate of the loan is EURIBOR + 2.2%. As at 26 October 2015, the Company utilized EUR 500,000 under this agreement.

Onerous contracts

The Company won the tender regarding the construction and operation of mobile communication infrastructure in rural areas (“Evrensel Project”) with the Ministry of Transport, Maritime Affairs and Communications on 17 January 2013. The Company is liable to complete the construction for a predetermined amount in TL while most of the expenditures are in foreign currencies. The appreciation in the foreign exchange rates has resulted in the unavoidable costs of meeting the obligations to exceed the economic benefits expected to be received. Therefore, the Company accrued a provision amounting to \$29,611 for the difference between the unavoidable costs and benefits expected to be received for this onerous contract. However, the Company has also increased their foreign currency denominated bank deposits position within the period of undertaking the project in order to hedge against the currency risk associated with the contract and additionally recognized accumulated foreign exchange gains over these deposits as a result of the appreciation in the foreign exchange rates in the consolidated financial statements as of 30 September 2015.

Legal Proceedings

The Group is involved in various claims and legal actions arising in the ordinary course of business described below.

Concession Agreement

Dispute on treasury share in accordance with the amended license agreement

Based on the law enacted on 3 July 2005 with respect to the regulation of privatization, the calculation basis for the treasury share has been changed. According to this new regulation, accrued interest charges for the late payments, taxes such as indirect taxes, and accrued revenues are excluded from the calculation basis. Calculation method of gross sales for treasury share stipulated in the law according to the new regulation shall be valid as of the application date of the Company with the claim of amendment of its license agreement in compliance with the said Law. In the meanwhile, the Company realized the payments including above-mentioned items between 21 July 2005 and 10 March 2006, when the amendment in license agreement was effective.

On 9 June 2008, the Company filed a lawsuit before Administrative Court for the difference between the aforementioned period amounting to TL 102,649 (equivalent to \$ 33,730 as at 30 September 2015) and interest amounting to TL 68,276 (equivalent to \$22,435 as at 30 September 2015) till to the date the case is filed. The Administrative Court rejected the case without any examination and reasoned that the case shall be settled by arbitration. The Company appealed the decision. The Council of State rejected the appeal request. The Company requested correction of the decision. The Council of State rejected the Company’s request for the correction of the decision.

On 26 August 2013, the Company filed a lawsuit before ICC against the Undersecretariat of Treasury. The Case Management Conference was held on 13 March 2014. The evidentiary hearing was held on 24-25 June 2014 and the parties' witnesses were heard. Arbitral Tribunal decided to extend the deadline until 30 October 2015 for submitting the final award. The decision process is still pending.

Since it is not virtually certain that an inflow of economic benefits will arise, no asset or related income is recognized in the condensed interim consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: None).

Concession Agreement (continued)

Disputes regarding the contribution share payments arising after the amendments made to the Concession Agreement in accordance with the Code numbered 5398

Based on the 9th article of the license agreement dated 10 March 2006, the Company has been obliged to pay 0.35% of its yearly gross revenue once a year as ICTA Fee.

However, in the previous license agreement, the Company was obliged to pay 0.35% of its yearly gross revenue after deducting treasury share, universal service fund and other indirect taxes from the calculation base whereas in the new agreement, these aforementioned payments are not deducted from the base of the calculation. Therefore, on 12 April 2006, the Company filed a lawsuit for the cancellation of the 9th article of the new license agreement.

On 10 March 2009, the Court rejected the case. The Company appealed the decision. The Council of State decided to approve the decision of the First Instance Court. The Company applied for the correction of the decision. The Council of State rejected the Company's correction of the decision request.

On 21 June 2006, ICTA notified the Company that the ICTA fee for the year 2005 which had been already paid in April 2006 should have been calculated according to the new license agreement dated 10 March 2006 instead of the previous license agreement which was effective in the year 2005. Therefore, ICTA requested the Company to pay additional TL 4,011 (equivalent to \$1,318 as at 30 September 2015) and its accrued interest. The Company made the payment and filed a lawsuit for the stay of execution and cancellation of the aforesaid decision of ICTA on 28 August 2006. On 24 July 2009, the Court decided in favor of the Company and annulled additional payment request of ICTA. The ICTA appealed the decision. The Council of State reversed the decision with the reason that the case shall be settled by arbitration. ICTA applied for the correction of the decision. The Council of State rejected ICTA's request for the correction of the decision. The First Instance Court granted its decision in line with the reversal decision and rejected the case. Both Turkcell and ICTA appealed the decision. The Company replied this request. The Council of State approved the First Instance Court decision. The Company requested for the correction of decision in due time. The correction of the decision process is still pending.

The Company received the related principal amount of TL 4,011 (equivalent to \$1,318 as at 30 September 2015) on 8 February 2010 and recorded income in the consolidated financial statements as at and for the year ended 31 December 2009. Upon the reversal decision of the Council of State, ICTA re-claimed the aforementioned amount which returned to the Company in accordance with the first instance court decision. The Company paid back the aforementioned amount with its accrued interest on 24 January 2013.

On the other hand, as the interest was not paid with the payment that ICTA made on 8 February 2010, the Company initiated a lawsuit on 17 March 2010, for the accrued interest amounting to TL 3,942 (equivalent to \$1,295 as at 30 September 2015) for the time being devoid of the amount which was paid to ICTA. The Court decided in favor of the

Company for the part of TL 1,392 (equivalent to \$457 as at 30 September 2015) of the compensation request. ICTA appealed the decision. The Company also appealed the decision's rejected part. The appeal process is still pending. The Company received the aforementioned amount on 18 May 2011 and recorded as income in the consolidated financial statements as at and for the year ended 31 December 2011. Upon the re-pay request of the ICTA, the Company paid back the aforementioned amount on 24 January 2013.

Dispute on the discounts which are paid over the treasury share and ICTA fee

At the end of 2006, Tax Auditors of the Company claimed that gross revenue in the statutory accounts should include discounts granted to distributors although the Company recorded these discounts in a separate line item as sales discounts.

Starting from 1 January 2007, the Company started to deduct discounts granted to distributors from gross revenue and present them on a net basis. Accordingly, the Company decided that, it has paid excess treasury share and universal service fund for the year 2006 totaling TL 51,254 (equivalent to \$16,842 as at 30 September 2015).

Through the letter dated 23 February 2007, the Company requested treasury share amounting to TL 46,129 (equivalent to \$15,158 as at 30 September 2015) and interest accrued amounting to TL 5,020 (equivalent to \$1,650 as at 30 September 2015) from Turkish Treasury and universal service fund amounting to TL 5,125 (equivalent to \$1,684 as at 30 September 2015) and interest accrued amounting to TL 558 (equivalent to \$183 as at 30 September 2015) from Turkish Ministry to be paid in 10 days. Since Turkish Treasury and Turkish Ministry have not made any payment, the Company started to deduct these amounts from ongoing monthly payments. As at 31 December 2007, the Company deducted TL 51,254 (equivalent to \$16,842 as at 30 September 2015) from monthly treasury share and universal service fund payments.

Turkish Treasury sent a letter to the Company dated 17 July 2007 and objected the deduction of the discounts granted to the distributors from the treasury share payments. Accordingly, the Company is asked to return TL 2,960 (equivalent to \$973 as at 30 September 2015) that is deducted from treasury share payment for May 2007. The Company has not made the related payment and continued to deduct such discounts treasury share and universal service fee amount related to discounts granted to distributors for the year 2006.

Management believes that the Company has the legal right to make deductions with respect to this issue. Accordingly, the Company has not recorded any provisions with respect to this matter in its condensed interim consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: None).

The Company filed two lawsuits before ICC claiming that the Company is not obliged to pay treasury share and ICTA Fee in accordance with the 8th and 9th Articles of the Concession Agreement, respectively, on discounts granted to distributors. On the both lawsuits, ICC has decided in favor of the Company. As stated in both of the Final Awards, the Company is not under obligation of paying Treasury Share and the Contribution to the expenses of Authority pursuant to Article of 8 and 9 of the Concession Agreement dated 10 March 2006. ICTA filed lawsuits for cancellation of these Final Awards. In both lawsuits, the Court decided in favor of the Company. ICTA appealed the decisions. The Company replied to the appeal requests. The Court of Cassation reversed the decisions of the First

Instance Court. The Company has applied for the correction of the decision. The Court of Cassation rejected the request for correction of the decision of the Company. On the hearing dated 28 November 2012, the Local Court decided to accept the lawsuit in accordance with the reversal decision of The Court of Cassation. Full decisions are notified to the Company. The Company appealed the decisions. Appeal process is still pending.

Dispute on payments of additional treasury share payment for the period between 1 June 2004 and 9 March 2006

Turkish Treasury, through a letter which is based on the Report of the Treasury Controller's Board following the examinations covering the period between 1 June 2004 and 9 March 2006, requested additional treasury share payment regarding the mentioned period. The Company initiated a lawsuit before ICC on 18 December 2009 in order to obtain a declaratory judgment that the Company is not obliged to pay TL 3,320 (equivalent to \$1,091 as at 30 September 2015) of the requested amount and treasury share over the exchange differences arising from roaming revenue. The arbitral tribunal partially accepted the Company's claims and decided that the Company is not obliged to pay TL 885 (equivalent to \$291 as at 30 September 2015). ICTA filed a lawsuit for cancellation of the in favor parts of the Final Award. Subsequently the Company filed a lawsuit for cancellation of the disadvantageous part of the Final Award. The lawsuit filed by the Company has been dismissed. The final award is appealed by ICTA.

ICTA, through a letter dated 14 May 2010 which is based on the Report of the Treasury Controller's Board following the examinations covering the period between 1 June 2004 to 9 March 2006, requested additional treasury share payment of TL 4,909 (equivalent to \$1,613 as at 30 September 2015) together with the penalty of TL 12,171 (equivalent to \$3,999 as at 30 September 2015) on the ground that the treasury share and treasury share over the exchange differences arising from roaming revenue are not paid entirely.

On 26 May 2010, the Company, in order to provide the suspension of the payment, requested a preliminary injunction from the Civil Court of First Instance based on the grounds that the payment of additional treasury share payment of TL 4,909 (equivalent to \$1,613 as at 30 September 2015) together with the penalty of TL 12,171 (equivalent to \$3,999 as at 30 September 2015) is a pending case before ICC Arbitration Court. The Civil Court of First Instance accepted the Company's request. ICTA raised an objection to the preliminary injunction and this objection has been rejected.

The Company filed a lawsuit before ICC on 27 January 2012 claiming the contradiction to law of the penalty of TL 12,171 (equivalent to \$3,999 as at 30 September 2015). ICC Arbitration Court decided in favor of the Company, accepting all its claims. ICTA filed a lawsuit for cancellation of the final award in the Ankara Civil Court of First Instance. The Court held its award rejecting ICTA's claim of cancellation. ICTA appealed the decision. The appeal process is still pending.

Dispute on payments of additional treasury share payment for the period between 1 June 2004 and 9 March 2006 (continued)

The ICTA, through a letter dated 19 October 2010 which is based on the Report of the Treasury Controller's Board following the examinations covering the period between 10 March 2006 and 31 December 2008, requested treasury share of TL 72,527 (equivalent to \$23,832 as at 30 September 2015) and conventional penalty of TL 205,594 (equivalent to \$67,556 as at 30 September 2015). The Company paid TL 1,535 (equivalent to \$504 as at 30 September 2015) of the aforementioned amount.

On 13 December 2010, the Company, seeking to suspend the payment, requested a preliminary injunction from the Civil Court of First Instance based on the grounds that the payment of treasury share of TL 70,992 (equivalent to \$23,327 as at 30 September 2015) and conventional penalty of TL 205,594 (equivalent to \$67,556 as at 30 September 2015) was a pending case before ICC Arbitration Court. The Court accepted the Company's request. The ICTA's objection against the decision has been rejected.

The Company filed lawsuit request for arbitration before ICC on 12 January 2011 regarding the allegedly underpaid treasury share payments over certain revenue items as discussed in the Treasury Controller's Report dated 30 May 2010, and corresponding purported penalty in amount of TL 205,594 (equivalent to \$67,556 as at 30 September 2015). The Company requested the Arbitral Tribunal to award that TL 68,365 (equivalent to \$22,464 as at 30 September 2015) of the total amount requested in the Treasury Controller's Report has either been paid or is the subject matter of other arbitration cases. The Company further requested the Tribunal to declare that the request for treasury share payment of the remaining TL 4,163 (equivalent to \$1,368 as at 30 September 2015) is unfounded, together with a declaration that the Company should not be obliged to make treasury share payment over certain revenue items as discussed in the Treasury Controller's Report. Finally, the Company requested the Tribunal to award that it is not obliged to pay the requested penalty and declare that penalty cannot be accrued where the basis of the penalty request is disputed. On 18 March 2013, the Tribunal awarded that the Company is not obliged to pay TL 1,351 (equivalent to \$444 as at 30 September 2015) of the remaining amount requested by the Treasury (The relief sought by the Company for the treasury share payment of TL 2,812 (equivalent to \$924 as at 30 September 2015) requested over SIM card and equipment sales abroad was rejected). The Tribunal declared that the Company is not obliged to pay penalty in amount of TL 205,594 (equivalent to \$67,556 as at 30 September 2015); but dismissed (without prejudice) the requests for declaration that the Company should not be obliged to make treasury share payment over certain revenue items as discussed in the Treasury Controller's Report, and that penalty cannot be accrued where the basis of the penalty request is disputed. The ICTA, Undersecretariat of Treasury and the Ministry of Transport, Maritime Affairs, and Communications filed two separate lawsuits for cancellation of the Final Award. Subsequently the Company filed a lawsuit for cancellation of the disadvantageous part of the Final Award. The Court has decided to consolidate the lawsuits under the lawsuit filed by Undersecretariat of Treasury and the Ministry of Transport. The Court decided to

appoint an expert committee for examination of the file. The expert report which is in favor of the Company was submitted to the file.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the obligation is uncertain, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: None).

Dispute on treasury share amounts which are absorbed due to retrospective board decisions taken by ICTA

In consequence of collection of treasury share from the Company without considering its payments to the other operators and some subscribers due to the retrospective procedure amendments of ICTA on both interconnection fees and some tariffs; the Company commenced a lawsuit on 5 August 2010 before ICC on the ground that treasury share which collected from diminishing returns are unlawful and deductions committed by the Company between the years 2006 - 2010 from the treasury share are rightful and claimed payment of TL 1,600 (equivalent to \$526 as at 30 September 2015) and its interest to the overpayment amount which is paid under the name of treasury share, against ICTA due to its administrative act leading to this case and against Turkish Undersecretariat of Treasury and Turkish Ministry of Transport, Maritime Affairs, and Communications due to making benefit from aforementioned amount.

ICC decided partially in favor of the Company in March 2012 and ordered that deductions committed by the Company between the years 2006 - 2010 from the Treasury Share are rightful, and ICTA should refund TL 1,371 (equivalent to \$450 as at 30 September 2015) paid by the Company in this respect as Treasury Share and ICTA fee and reject the Company's claim to refund TL 273 (equivalent to \$90 as at 30 September 2015) paid as ICTA fee between 2006 - 2008. ICTA, Undersecretariat of Treasury and the Ministry of Transport, Maritime Affairs, and Communications filed a lawsuit for cancellation of the Final Award. The lawsuit initiated by ICTA has been consolidated by the court with the lawsuit initiated by Undersecretariat of Treasury and the Ministry of Transport, Maritime Affairs, and Communications. The court rejected both lawsuits. ICTA and Undersecretariat of Treasury and the Ministry of Transport, Maritime Affairs, and Communications appealed the decision. The Company replied the appeal request. Appeal process is still pending.

The allegation of deficient treasury share payment and the penalty imposed within the context of 2G Concession Agreement

The Treasury Controller's Board under the Undersecretariat of Treasury, for the period of 1 January 2009 – 31 December 2009 and 10 March 2006 – 31 December 2008, requested additional treasury share payment in the amount of TL 16,387 (equivalent to \$5,385 as at 30 September 2015) by alleging that the Company paid the treasury share deficient in accordance with the 2G Concession Agreement. The Company has objected to the amount of TL 16,121 (equivalent to \$5,297 as at 30 September 2015) of the requested amount on the ground that it was contrary to the Concession Agreement, and paid the remaining portion of it with reservation. ICTA by its letter dated 1 August 2013, imposed a penalty in the amount of TL 47,648 (equivalent to \$15,657 as at 30 September 2015) according to the Concession Agreement over the Treasury Share amount which was alleged that was paid deficient by the Company. Undersecretariat of Treasury revised the unpaid treasury share amount as TL 16,062 (equivalent to \$5,278 as at 30 September 2015) by its letter dated 16 August 2013 and consequently ICTA by its letter dated 4 September 2013 revised the amount of penalty as TL 47,505 (equivalent to \$15,610 as at 30 September 2015).

The Company requested a preliminary injunction from the Ankara Civil Court of First Instance in order to provide the suspension of the payment of treasury share of TL 16,062 (equivalent to \$5,278 as at 30 September 2015) and the penalty of TL 47,505 (equivalent to \$15,610 as at 30 September 2015) until the end of the case to be filed before ICC Arbitration Court. The Court accepted the Company's request. ICTA and Undersecretariat of Treasury and the Ministry of Transport objected the decision of the Court. The Court rejected ICTA's objections. ICTA and Undersecretariat of Treasury and the Ministry of Transport appealed the decision. The Court of Appeal rejected the request for appeal and upheld the decision in favor of the Company.

ICTA also by its letter dated 5 August 2013 requested additional contribution share payment in the amount of TL 382 (equivalent to \$126 as at 30 September 2015) for the period of 1 January 2009 – 31 December 2009 and 10 March 2006 – 31 December 2008 based on the Report of the Treasury Controller's Board by alleging that it was paid deficient. ICTA by its letter dated 13 September 2013 has revised the amount of additional contribution share payment as TL 381 (equivalent to \$125 as at 30 September 2015) and requested it to be paid.

The Company requested a preliminary injunction from the Ankara Civil Court of First Instance in order to provide the suspension of the payment of contribution share until the end of the case to be filed before ICC Arbitration Court. The Court accepted the Company's request. ICTA objected the decision of the Court. The Court rejected ICTA's objections. ICTA appealed the decision. The Company submitted its reply to the appeal request of ICTA. The Court of Appeal rejected the request for appeal and upheld the decision in favor of the Company.

The allegation of deficient treasury share and contribution share payment and the penalty imposed within the context of 3G Concession Agreement

The Treasury Controller's Board under the Undersecretariat of Treasury requested additional treasury share payment, for the period of 30 April 2009 – 31 December 2009, in the amount of TL 1,193 (equivalent to \$392 as at 30 September 2015) by alleging that the Company paid the treasury share deficient in accordance with the 3G Concession Agreement. The Company objected to TL 1,184 (equivalent to \$389 as at 30 September 2015) of the requested amount, on the grounds that this request is contrary to the Concession Agreement. The Company paid the remaining part of this request, with reservation. The Company filed a lawsuit against Undersecretariat of Treasury, ICTA and Ministry of Transportation, Maritime Affairs and Communications, for the cancellation of the Undersecretariat of Treasury's administrative act, which is related to the additional treasury share request of the Undersecretariat of Treasury and also for the cancellation of the Treasury Report which is the legal basis of the aforementioned administrative act; before the Council of State. The Court rejected the Company's stay of execution request. The Company objected to the decision. Objection was rejected. The case is still pending.

ICTA by its letter dated 1 August 2013 imposed a penalty in the amount of TL 3,119 (equivalent to \$1,025 as at 30 September 2015) according to the Concession Agreement over the Treasury Share amount which was alleged that paid deficient. The Company filed a lawsuit against ICTA and Undersecretariat of Treasury for the cancellation of ICTA's decision which is the legal basis of the aforementioned penalty, before the Council of State. The Council of

State rejected the stay of execution request of the Company. The Company objected to this decision. Objection was rejected. The case is still pending.

ICTA by its letter dated 5 August 2013 requested additional contribution share payment according to the 3G Concession Agreement in the amount of TL 28 (equivalent to \$9 as at 30 September 2015) for the period of 30 April 2009 – 31 December 2009 based on the Report of the Treasury Controller's Board by alleging that it was paid deficient. Dispute regarding the ICTA decision increasing The Company's 3G coverage obligations

By the amendment of the Law for Metropolitan Municipalities, the number of metropolitan municipalities increased and the borders of some metropolitans were extended. On the grounds of this law amendment, ICTA increased the Company's coverage obligations, defined in the Company's concession agreement, by its decision dated 21 July 2014 and numbered 2014/DK-YED/376. The Company filed a lawsuit for the stay of execution and the cancellation of the aforesaid decision. The Court decided for the stay of the execution. The case is pending.

Disputes on Interconnection Agreement

Upon application of Turk Telekom, the ICTA has set temporary (and after final) call termination fees for calls to be applied between Turk Telekom and the Company starting from 10 August 2005. However, Turk Telekom did not apply these termination fees for international calls.

The Company filed 3 separate lawsuits against Turk Telekom to cease this practice and requested the collection of its damages regarding principal, overdue interest and late payment fee, amounting to TL 11,970 in total (equivalent to \$3,933 as at 30 September 2015) covering the period from August 2005 until October 2005; amounting to TL 23,726 (equivalent to \$7,796 as at 30 September 2015) for the period between November 2005 and October 2006 and amounting to TL 6,836 (equivalent to \$2,246 as at 30 September 2015) for the period between November 2006 and February 2007. The court decided to consolidate all cases.

On 28 September 2011, the Court decided in favor of the Company for all consolidated cases. The Court decided that Turk Telekom should pay to the Company in total TL 42,597 (equivalent to \$13,997 as at 30 September 2015) plus VAT and Special Communication Tax ("SCT") composed of principle amounting to TL 36,502 (equivalent to \$11,994 as at 30 September 2015), interest and penalty (calculated till the filing date of legal cases in 2005, 2006 and 2007) amounting to TL 6,095 (equivalent to \$2,003 as at 30 September 2015) and interest and penalty to be calculated for the period between the filing date of legal case and payment date. The Court also decided that Turk Telekom should pay interest, penalty, VAT and SCT calculated for the principal from date of case to the payment date. Turk Telekom appealed the decision. The Court of Cassation reversed the first instance court's decision. The Company applied for the

correction of the decision. Turk Telekom also applied for the correction of the decision. The Court of Cassation rejected the correction of the decision requests. The case file was sent to the First Instance Court to grant a decision again. The First Instance Court decided in line with the reversal decision of Court of Cassation. The Court decided to obtain an expert report. The case is pending.

Carrying international voice traffic

In May 2003, the Company was informed that the ICTA had initiated an investigation against the Company claiming that the Company has violated Turkish laws by carrying some of its international voice traffic through an operator other than Turk Telekom. On 5 March 2004, ICTA fined the Company a nominal amount of approximately TL 31,731 (equivalent to \$10,427 as at 30 September 2015) with the claim that the Company exceeded its authorization given by its concession agreement.

The Company has filed a lawsuit for the cancellation of the related administrative acts and decisions of ICTA, however, paid the administrative fine on 9 April 2004. On 5 November 2004, Council of State grant a motion for stay of execution. With respect to that decision, ICTA paid back TL 18,000 (equivalent to \$5,915 as at 30 September 2015) on 26 January 2005 and deduct a sum of TL 13,731 (equivalent to \$4,512 as at 30 September 2015) from the December frequency usage fee payment. On 26 December 2006, Council of State accepted the Company's claim and annual the decision and the fine imposed by the ICTA. ICTA appealed the decision. The decision has been approved by the Council of State, Plenary Session of the Chamber for Administrative Divisions. ICTA applied for the correction of the decision. Council of State, Plenary Session of the Chamber for Administrative Divisions rejected the ICTA's correction of the decision request. Therefore, the Court decision is finalized in favor of the Company. On 6 June 2012, the Company initiated a lawsuit against ICTA for the amount of TL 5,783 (equivalent to \$1,900 as at 30 September 2015) for its damages occurred between the period when the Company made the payment and collected back. The Court decided to obtain an expert report. The expert report which is in favour of the Company is submitted to the case file. The Company amended its claim and increased its request to TL 10,070 (equivalent to \$3,309 as at 30 September 2015) according to the expert report. The case is still pending.

Turk Telekom filed a lawsuit against the Company with respect to the same issue requesting TL 450,931 (equivalent to \$148,172 as at 30 September 2015) of which TL 219,149 (equivalent to \$72,010 as at 30 September 2015) as principal and TL 231,782 (equivalent to \$76,161 as at 30 September 2015) as interest, charged until 30 June 2005 and requesting a temporary injunction.

Considering the progresses at the court case, provision is set for the principal amounting to TL 53,160 (equivalent to \$17,468 as at 30 September 2015) and accrued interest amounting to a nominal amount of TL 107,292 (equivalent to \$35,255 as at 30 September 2015) in the condensed interim consolidated financial statements as at and for the period ended 30 September 2015.

The Company appealed the decision. Also, Turk Telekom appealed the decision. The Court of Cassation cancelled the decision. The Company and Turk Telekom applied for the correction of the decision. Supreme Court decided to reject both sides' correction of the decision requests. The Court of First Instance decided to comply with the Supreme Court's ruling decision and decided to order a new expert examination. The expert report was served to the Company. The parties objected to the report. The Court decided to obtain an additional expert report from the expert committee. The lawsuit is still pending.

Dispute on Turk Telekom transmission lines leases

Effective from 1 July 2000, Turk Telekom annulled the discount of 60% that it provided to the Company based on its regular ratio, which had been provided for several years, and, at the same time, Turk Telekom started to provide a discount of 25% being subject to certain conditions. The Company filed a lawsuit against Turk Telekom for the application of the agreed 60% discount. However, on 30 July 2001, the Company had been notified that the court of appeal upheld the decision made by the commercial court allowing Turk Telekom to terminate the 60% discount. Differences in the total nominal rent for the concerned period amounting to TL 29,125 (equivalent to \$9,570 as at 30 September 2015) have been accrued by Turk Telekom and deducted from the receivables of the Company. Accordingly, the Company paid and continues to pay transmission fees to Turk Telekom based on the 25% discount. Although Turk Telekom did not charge any interest on late payments at the time of such payments, the Company recorded an accrual amounting to a nominal amount of TL 3,023 (equivalent to \$993 as at 30 September 2015) for possible interest charges as at 31 December 2000. On 9 May 2002, Turk Telekom requested an interest amounting to a nominal amount of TL 30,068 (equivalent to \$9,880 as at 30 September 2015).

The Company did not agree with Turk Telekom's interest calculation and, accordingly, obtained an injunction from the commercial court to prevent Turk Telekom from collecting any amounts relating to this interest charge. Also, the Company initiated a lawsuit against Turk Telekom on the legality of such interest. On 25 December 2008, the Court rejected the case. The Company appealed the decision. The Supreme Court rejected the appeal. The Company applied for the correction of the decision. The Supreme Court rejected the correction of the decision request and the decision is finalized.

Based on the management opinion, the Company accrued a provision of TL 91,864 (equivalent to \$30,186 as at 30 September 2015) and the Company netted off the whole amount from the receivables from Turk Telekom as at 31 December 2010.

Additionally, a lawsuit was commenced against Turk Telekom on 28 October 2010 to collect the receivable amounting to principal of TL 23,378 (equivalent to \$7,682 as at 30 September 2015), overdue interest of TL 3,092 (equivalent to \$1,016 as at 30 September 2015) and delay fee of TL 1,925 (equivalent to \$633 as at 30 September 2015), with the contractual default interest until payment date on the ground that the above mentioned exercise is contrary to the term of the contract which is effective for the year 2000, Turk Telekom has already collected the whole amount which is subjected to the related court decision as of 31 October 2009 and Turk Telekom collected additional receivable. The Court decided to obtain an expert report. The expert committee submitted their report to the Court. The expert report is in favor of the Company.

Disputes regarding the Law on the Protection of Competition

Dispute regarding the fine applied by the Competition Board

The Competition Board commenced an investigation of business dealings between the Company and the mobile phone distributors in October 1999. The Competition Board decided that the Company disrupted the competitive environment through an abuse of a dominant position in the Turkish mobile market and infringements of certain provisions of the Law on the Protection of Competition.

As a result, the Company was fined a nominal amount of approximately TL 6,973 (equivalent to \$2,291 as at 30 September 2015) and was enjoined to cease these infringements. The Company initiated a lawsuit before Council of State for the injunction and cancellation of the decision. On 15 November 2005, the Court cancelled the Competition Board's decision.

After the cancellation of the Competition Board's decision, the Competition Board has given the same decision again on 29 December 2005. On 10 March 2006, the Company initiated a lawsuit before Council of State for the injunction and cancellation of the Competition Board's decision dated 29 December 2005. On 13 May 2008, Council of State rejected the case. The Company appealed the decision. The Council of State rejected the Company's request for appeal. The Company applied for the correction of the decision. The correction of the decision request is rejected.

Based on the decision of Competition Board, Ankara Tax Office requested the Company to pay TL 6,973 (equivalent to \$2,291 as at 30 September 2015) through the payment order dated 4 August 2006. On 25 September 2006, the Company made the related payment and initiated a lawsuit for the cancellation of this payment order. The Court dismissed the lawsuit. Thereupon the Company appealed this decision. On 17 March 2009, Council of State reversed

the judgment of the Local Court. Local Court decided in line with the decision of Council of State. On 18 December 2009, the Court rejected the case and the Company appealed this decision. Council of State reversed the judgment of the First Instance Court. First Instance Court decided in line with the decision of Council of State. On 15 June 2011, the Court rejected the case again.

The Company also appealed this decision. Council of State accepted the Company's stay of execution requests at appeal phase. Council of State reversed the judgment of the Instance Court again. The Inheritance and Charges Tax Office applied for the correction of the decision. The Company replied this request. The Council of State rejected the correction of the decision request of The Inheritance and Charges Tax Office. The Court of First Instance decided to comply with the Council of State's reversing decision and decided to cancel the payment order. The Inheritance and Charges Tax Office appealed the decision. The Company replied this request. The appeal process is still pending.

Dispute regarding the fine applied by the Competition Board regarding mobile marketing activities

On 23 December 2009, as a result of an investigation initiated by the Competition Board, the Company was fined amounting to TL 36,072 (equivalent to \$11,853 as at 30 September 2015), based on the grounds that the Company violated competition rules in GSM and mobile marketing services markets. The payment was made within 1 month following the notification of the decision of the Competition Board. Therefore, 25% discount was applied and TL 27,054 (equivalent to \$8,890 as at 30 September 2015) is paid as the monetary fine on 25 May 2010. The Company filed a legal case on 25 June 2010 for the stay of execution and cancellation of the aforementioned decision. The Court rejected the Company's stay of execution request. The Company objected to the decision. The objection was rejected. The Court rejected the case. The Company appealed the decision. The appeal process is still pending.

Avea, depending on the Competition Board decision, initiated a lawsuit against the Company claiming a compensation from the Company for its damages amounting to TL 1,000 (equivalent to \$329 as at 30 September 2015), with reservation of further claims, on the ground that the Company violated the competition. During the judgment, Avea increased its request of material compensation to TL 5,000 (equivalent to \$1,643 as at 30 September 2015) and in addition requested TL 1,000 (equivalent to \$329 as at 30 September 2015) for non-pecuniary damages. The Court decided to separate these requests and to reject the lawsuits demanding compensation and moral damages. Avea appealed the case. The Company has submitted its response to appeal. The Court of Appeal rejected Avea's request for appeal and upheld the decision in favor of the Company. Avea applied for the correction of decision. The Supreme Court of Appeals reversed the decision of the court of first instance.

Dispute with the Competition Board regarding the business practices with sub-distributors

On 1 December 2009, Competition Board decided to initiate an investigation against the Company whether the Company, violated the related clauses of the Competition Act numbered 4054 by its applications on its sub-distributors.

As a result of the respective investigation, on 9 June 2011 the Competition Board imposed an administrative fine on the Company amounting to TL 91,942 (equivalent to \$30,211 as at 30 September 2015) on the grounds that the Company violates its dominant position in GSM services market. On 8 December 2011, the Company filed a lawsuit for annulment of the decision. The Company requested stay of execution for the aforementioned Competition Board decision. The Council of State accepted the request of the Company for stay of execution for the part of the Competition Board decision fining the Company amounting to TL 91,942 (equivalent to \$30,211 as at 30 September 2015) but rejected the request for the parts of the decision determining that the Company abused its dominant position with its practices subject to the Competition Board decision and have to end the violation. The Competition Board objected to the decision. The Company objected to the decision for the rejected part. The Plenary Session of Administrative Law Divisions of the Council of State cancelled the stay of execution decision and decided to send the file back to the First Instance Court to be examined with respect to the reasons related to the basis of the Competition Board's decision. Upon this decision, The Council of State rejected the Company's stay of execution request. The Company objected to the decision. Objection was rejected. The case is still pending.

On 9 March 2012, payment order has been sent to the Company by the Tax Office. The Company filed a lawsuit for cancellation of the payment order on 13 March 2012. The Court accepted the Company's stay of execution request until the Tax Office's legal argument is submitted to the Court. Upon submission of the Tax Office's legal argument to the Court, the Court rejected the request of the Company for stay of execution. The Company objected to the Court's decision. The objection was dismissed. The Company requested a stay of execution for the second time but the Court rejected the request. The Company objected to the Court's decision, but the objection was dismissed. Subsequently, the Court accepted the lawsuit and cancelled the payment order. Tax Office appealed the decision. The Company replied the appeal request. Appeal process is still pending. The blockage applied by the Tax Office with respect to the payment order on the Company's deposit amounting to TL 91,942 (equivalent to \$30,211 as at 30 September 2015) has been released in 2014.

Pamuk Elektronik, a former dealer of the Company whose contract has been terminated, initiated a lawsuit against the Company on 19 December 2011 claiming TL 2,100 (equivalent to \$690 as at 30 September 2015) by reserving its rights for surpluses on the ground that the Company caused that damage by unjust termination of the contract and actions which are stated in the Competition Board decision in which the Board imposed TL 91,942 (equivalent to \$30,211 as at 30 September 2015) administrative fine to the Company. The Company replied in due time. On 19 April 2012, the Court decided to reject the lawsuit with the reason that the dispute must be solved with arbitration procedure because of the term in the agreement. Pamuk Elektronik appealed the case. The Company submitted its answer to the appeal. The Court of Cassation approved the decision of the First Instance Court. Pamuk Elektronik applied for the correction of the decision. The Company replied to the correction of decision. The Court of Cassation rejected Pamuk Elektronik's correction of the decision request. Pamuk Elektronik has sent a warning to the Company in order to initiate arbitration procedure. The Company has responded to the warning. Arbitration proceedings have been initiated by Pamuk Elektronik against The Company and the lawsuit petition has been served to the Company. The Company submitted its reply to the case.

Dogan Dagitim AS filed a lawsuit against the Company on 5 June 2012 claiming TL 110,484 (equivalent to \$36,304 as at 30 September 2015) together with up to 3 times of the loss amount to be determined by the court for its material damages by reserving its rights for surpluses allegedly on the ground that the Company caused that damage by its applications to its sub-distributors which constituted a violation of the Law no. 4054 and that violation was proved by the Competition Board decision in which the Board imposed TL 91,942 (equivalent to \$30,211 as at 30 September 2014) administrative fine to the Company. The lawsuit is pending.

On 31 December 2008, Mep Iletisim ve Dis Ticaret AS, which is former distributor of the Company and whose agreement is no longer valid, initiated a lawsuit against the Company claiming that it has a loss of TL 64,000 (equivalent to \$21,030 as at 30 September 2015) due to the applications of the Company and requested TL 1,000 (equivalent to \$329 as at 30 September 2015) and remaining amount to be reserved. An expert report from committee of experts appointed by the Court has been submitted to the Court. The Court decided to obtain a supplementary report from the same committee. In the supplementary expert report submitted to the file by the committee, the damages amounting to TL 64,000 (equivalent to \$21,030 as at 30 September 2015) claimed by Mep Iletisim ve Dis Ticaret AS was calculated as TL 16,700 (equivalent to \$5,487 as at 30 September 2015). Mep Iletisim ve Dis Ticaret AS increased its claim and demanded TL 16,700 (equivalent to \$5,487 as at 30 September 2015) from the Company.

Mep Iletisim ve Dis Ticaret AS which is in liquidation filed a lawsuit against the Company on 30 July 2012 claiming TL 1,200 (equivalent to \$394 as at 30 September 2015) together with up to 3 times of the loss amount to be determined by the court for its material damages by reserving its rights for surpluses allegedly on the ground that the

Company caused that damage by its applications to its sub-distributors which constituted a violation of the law no. 4054 and that violation was proved by the Competition Board decision in which the Board imposed TL 91,942 (equivalent to \$30,211 as at 30 September 2015) administrative fine to the Company. The Court decided to consolidate this lawsuit with the first lawsuit initiated by Mep Iletisim ve Dis Ticaret AS on 31 December 2008.

The Court decided to obtain an expert report together with the second lawsuit consolidated to this file. The amount of MEP's damages was estimated as TL 18,800 (equivalent to \$6,178 as at 30 September 2015) in the expert report. The Court has decided to obtain another expert report about brand valuation from a new committee. The expert committee submitted their report to the Court. The report is against the Company. The Court decided to obtain another expert report from another expert on brand valuation. The expert report is partially against the Company. The Company submitted its objections against the expert report. Mep Iletisim ve Dis Ticaret AS has adjusted its claim to TL 8,900 (equivalent to \$2,924 as at 30 September 2015) in the consolidated case. Total claim was revised as amounting to TL 25,600 (equivalent to \$8,412 as at 30 September 2015) in both cases.

The Court partially accepted the first and the second lawsuit. For the first lawsuit, The Court decided the Company to pay TL 900 (equivalent to \$296 as at 30 September 2015) with the accruing interest from the date of 31 December 2008 and TL 12,255 (equivalent to \$4,027 as at 30 September 2015) with the accruing interest from the date of 11 December 2012 over TL 13,155 (equivalent to \$4,323 as at 30 September 2015) compensation. For the second lawsuit TL 100 (equivalent to \$33 as at 30 September 2015) with the accruing interest from date of 18 May 2012 and TL 3,281 (equivalent to \$ 1,078 as at 30 September 2015) with the accruing interest from the date of 17 June 2015 over TL 3,381 (equivalent to \$ 1,111 as at 30 September 2015) compensation.

MobilTel Iletisim Hizmetleri Sanayi ve Ticaret AS ("MobilTel") filed a lawsuit against the Company on 17 August 2012 claiming TL 500 (equivalent to \$164 as at 30 September 2015) together with up to 3 times of the loss amount to be determined by the court for its material damages by reserving its rights for surpluses allegedly on the ground that the Company gives exclusive competence to its sub-dealers and that violation was proved by the Competition Board decision in which the Board imposed TL 91,942 (equivalent to \$30,211 as at 30 September 2015) administrative fine to the Company and that MobilTel was not able to sale any product to the sub-dealers which were given exclusive competence by the Company. The court decided to obtain an expert report. The lawsuit is pending.

Avea filed a lawsuit against the Company on 31 October 2012 claiming TL 1,000 (equivalent to \$329 as at 30 September 2015) together with up to 3 times of the loss amount to be determined by the court for its material damages by reserving its rights for surpluses allegedly on the ground that the Company caused that damage by its applications to its sub-distributors which constituted a violation of the law no. 4054 and that violation was proved by the Competition Board decision in which the Board imposed TL 91,942 (equivalent to \$30,211 as at 30 September 2015) administrative fine to the Company. The lawsuit is pending.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the obligation is uncertain and a reliable estimation of the amount of the obligation, if any, cannot be made; thus, no

provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: None).

Investigation of the Competition Board regarding vehicle tracking services

The decision of the Competition Board dated 2 April 2008, regarding the allegation that Turkcell has exclusive practices on vehicle tracking services market, was cancelled by the Council of State. Accordingly, the Competition Board decided to initiate an investigation regarding the same. After the aforementioned investigation, the Competition Board decided that the Company infringed competition rules by its exclusive practices on vehicle tracking service market and imposed a fine amounting to TL 39,727 (equivalent to \$13,054 as at 30 September 2015). The reasoned judgment has been delivered to the Company on 15 May 2014.

Since the administrative fine amounting to TL 39,727 (equivalent to \$13,054 as at 30 September 2015) was paid within 1 month following the notification of the decision of Competition Board, 25% discount was applied and payment amounting to TL 29,795 (equivalent to \$9,790 as at 30 September 2015) was made on 13 June 2014 and recognized as expense in the consolidated financial statements as at and for the period ended 31 December 2014.

The Company filed a lawsuit on 11 July 2014 for the stay of execution and the cancellation of the aforementioned administrative act and fine. The Court decided to reject the stay of execution request. The Company objected to this decision. Objection was rejected. The case is pending.

Dispute on National Roaming Agreement

The ICTA decided that the Company has not complied with its responsibility under the Regulation on National Roaming which was enacted pursuant to article 10 of the Telegram and Telephone Law numbered 406 which obliges the Company to provide national roaming services and fined the Company by nominal amount of approximately TL 21,822 (equivalent to \$7,171 as at 30 September 2015). On 7 April 2004, although the Company made the related payment with its accrued interest, it also filed a lawsuit before the Council of State for the cancellation of the respective administrative fine and the regulation of the ICTA which sets the ground for the administrative fine. Upon the Council of State decision for the stay of execution of the administrative fine imposed to the Company until the conclusion of the law suit on 1 December 2004, the Company re-collected the respective amount from the ICTA on 3 January 2005. Following the cancellation of the administrative fine and finalization of this decision on 22 July 2010, the Company initiated a lawsuit against ICTA for the collection of TL 7,111 (equivalent to \$2,337 as at 30 September 2015) which is the accrued interest of the total amount that the Company could not benefit between the period when the Company made the payment and ICTA returned the same amount to the Company. The Court partially accepted the lawsuit and decided that ICTA should pay TL 6,505 (equivalent to \$2,137 as at 30 September 2015) to the Company with the accrued interest. On 15 April 2013, ICTA paid TL 6,505 (equivalent to \$2,137 as at 30 September 2015) with its accrued interest amounting to TL 1,596 (equivalent to \$524 as at 30 September 2015) to the Company. ICTA appealed the decision. Thereupon, the Company replied to this request and also appealed the parts of the

decision that the Court rejected against the Company. The Council of State rejected ICTA's request for the stay of execution during the appeal process. Appeal process is still pending.

Although payment was received from ICTA, the Court decision is not finalized. Therefore, it is not virtually certain that an inflow of economic benefits will arise, and no income is recognized in the condensed interim consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: None).

Disputes regarding the pricing applications

Dispute regarding the fine applied by ICTA on pricing applications of the Company

On 7 April 2010, ICTA decided to impose administrative fine to the Company amounting to TL 4,008 (equivalent to \$1,317 as at 30 September 2015) for misinforming the Authority and TL 374 (equivalent to \$123 as at 30 September 2015) for making some subscribers suffer. The payment was made within 1 month following the notification of the decision of the ICTA. Therefore, 25% discount was applied and TL 3,287 (equivalent to \$1,080 as at 30 September 2015) is paid in total as the administrative fine on 9 June 2010. The Company filed two lawsuits on 22 September 2010 for the stay of execution and cancellation of the aforementioned decision. The Court rejected the Company's stay of execution requests and the Company objected to the decisions but the objections are rejected. On 28 April 2011, the Court rejected the cases. The Company appealed the decisions. Council of State rejected the Company's stay of execution requests at appeal phase. Appeal processes are pending.

Since it is not virtually certain that an inflow of economic benefits will arise, no contingent asset or related income is recognized in the condensed interim consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: None).

Dispute on campaigns

On 21 May 2008, ICTA decided that the Company damaged the subscribers' financial interests related to the campaigns in which free minutes or counters are given and requested TL 32,088 (equivalent to \$10,544 as at 30 September 2015). On 10 July 2008, the Company filed a lawsuit for the injunction and cancellation of the ICTA's decision. However, the Company benefited from the early payment option with a 25% early payment discount and paid TL 24,066 (equivalent to \$7,908 as at 30 September 2015) on 1 August 2008. On 10 November 2010, the Court decided to reject the case. The Company appealed the decision. The State of Council rejected the Company's request for the stay of execution of the First Instance Court's decision. The appeal process is still pending.

Since it is not virtually certain that an inflow of economic benefits will arise, no asset or related income is recognized in the condensed interim consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: None).

Dispute regarding the fine applied by ICTA on tariffs above upper limits

On 21 April 2010, ICTA decided to impose administrative fine to the Company amounting to TL 53,467 (equivalent to \$17,569 as at 30 September 2015) by claiming that the Company applied tariffs above the upper limits of GSM-GSM in GSM Upper Limits Table approved by ICTA on 25 March 2009. The payment was made within 1 month following the notification of the decision of the ICTA. Therefore, 25% discount was applied and TL 40,100 (equivalent to \$13,176 as at 30 September 2015) is paid as the administrative fine on 3 June 2010. The Company filed a lawsuit on 28 June 2010, for the cancellation of the aforementioned decision. The Court overruled the stay of execution claim, the Company objected to the decision and the Court accepted this objection and decided for the stay of the execution. Accordingly, ICTA paid back TL 40,100 (equivalent to \$13,176 as at 30 September 2015) on 27 January 2011. On 3 May 2011, the Court rejected the case. The Company appealed the decision and paid back TL 40,100 (equivalent to \$13,176 as at 30 September 2015) to ICTA on 6 October 2011. Council of State rejected the Company's stay of order request at appeal phase. Appeal process is pending.

Amount to be reimbursed to the subscribers was calculated as TL 46,228 (equivalent to \$15,190 as at 30 September 2015) and deducted from revenues in the consolidated financial statements as at and for the year ended 31 December 2009. Reimbursement to subscribers was made in January 2010.

ICTA notified the Company on 23 November 2011, to pay the amount of TL 13,367 (equivalent to \$4,392 as at 30 September 2015) which is the unpaid portion arising from the 25% cash discount of the administrative fine amounting to TL 53,467 (equivalent to \$17,569 as at 30 September 2015) that was imposed for applying tariffs above the upper limits. The Company filed a lawsuit on 23 December 2011 for stay of execution and for the annulment of this process. The Court accepted the request of the Company for stay of execution. ICTA objected to the decision but the objection is rejected. The Court decided in favor of the Company. ICTA appealed the decision and the Company replied this request. The Council of State rejected ICTA's request for stay of execution during the appeal process. Appeal process is still pending.

On 20 February 2012, payment order has been sent to the Company by the Tax Office. On 24 February 2012, the Company filed a lawsuit for cancellation of the payment order. The Court accepted the request of the Company for stay of execution. The Tax Office objected to the decision but the objection is rejected. The Court decided in favor of the Company. The Tax Office appealed the decision and the Company replied this request. Appeal process is still pending.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the additional request regarding unpaid portion arising from the 25% discount of the administrative fine is uncertain, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period

ended 30 September 2015 (31 December 2014: None).

Dispute on deposits at banks

The Company, in 2001, initiated an enforcement proceeding to collect receivables amounting to \$6,329 arising from deposits in a bank. The bank has been objected to the enforcement proceeding and the Company filed a lawsuit for the cancellation of the objection. The Court decided in favor of the Company on 1 March 2005. The bank appealed the decision and the Company replied the same. On 3 April 2006, Supreme Court of Appeals decided the reversal of the Court's decision in favor of the defendant. The Court abided by the decision of the Supreme Court of Appeals. The Court decided to obtain an expert report. The lawsuit is pending.

Dispute on Special Communication Taxation regarding prepaid card sales

Large Taxpayer Office levied Special Communication Tax and tax penalty on the Company in the amount of TL 211,056 (equivalent to \$69,351 as at 30 September 2015) principal and TL 316,583 (equivalent to \$104,026 as at 30 September 2015) totaling to TL 527,639 (equivalent to \$173,377 as at 30 September 2015) based upon the claim, stated on Tax Investigation Reports prepared for the years 2008-2012, that the Company should pay Special Communication Tax over the prepaid card sales made by the distributors. The Company filed 60 lawsuits before the Tax Courts for the cancellation of each tax and tax penalty demand. After the lawsuits were filed, the Company applied to settlement procedure. The parties could not reach a settlement so that, they signed a minute stating that there is no settlement between the parties. Respective Courts accepted 24 of the cases filed for the cancellation of the accrual slips prepared for the year 2008 and 2009. Large Taxpayer Office appealed the decisions. The Company replied this requests. The Court partially accepted 12 of the cases filed for the cancellation of the accrual slips prepared for the year 2011. The Company appealed the decisions regarding the parts against the Company. The Large Tax Payers Office appealed the decisions regarding the parts against the Large Tax Payers Office. The other cases are still pending.

The Company will pay the amounts with its accrued interest (in the case of subject matter amounts of cases should be paid). This interest would be calculated as a case by case basis. Accordingly, the interest that may be paid in some or all of the cases, could amount to a significant portion of the tax assessment.

The tax/tax penalty demands, the accrual slips and its payment order issued by the Large Tax Payer's Office, in the amount of TL 77,480 (equivalent to \$25,459 as at 30 September 2015) pursuant to the court decisions for the cases related to the term 2011, were notified to the Company. The Company filed 13 lawsuits for the stay of execution and cancellation of these tax penalty demands, the accrual slips and its payment order. The Court decided to examine the stay of execution request after the Tax Payer's Office submits its plea of defense.

Limited tax investigation has been performed for the year 2013, regarding the aforementioned case. As of reporting date no notification has been received regarding the result of the investigation by the Company.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the obligation is uncertain, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: None).

Dispute on over assessment following the settlement on VAT fine pertaining to International Roaming Agreements

On 9 February 2009, the Company applied to the Tax Office for the refund of the interest charge amounting TL 6,609 (equivalent to \$2,172 as at 30 September 2015) which was miscalculated after the settlement with the Tax Office regarding the VAT and tax penalties accrued due to roaming agreement for years 2000, 2001 and 2002. Tax Office rejected the Company's request, and the Company filed a lawsuit with the same claim. Upon the refusal of this request, the Company filed a lawsuit for the cancellation of this administrative act. The Court rejected the case. The Company appealed the decision. The Council of State approved the decision. The Company applied for the correction of the decision. The Council of State rejected the Company's correction of the decision request. Therefore, the court decision is finalized.

Moreover, the Company filed another lawsuit for the cancellation of the aforementioned interest charge amounting to TL 6,609 (equivalent to \$2,172 as at 30 September 2015). On the other lawsuit, the Court rejected the case. Subsequently the Company appealed the case. The appeal process is pending.

Lawsuit filed for the recovery of the loss, arisen out of Large Tax Payers Office's late refund

The Company made an application to Large Tax Payers Office for the recovery of its loss, arisen out of Large Tax Payer Office's late payment of the tax amounts that it should pay to the Company. The Tax Office rejected the application implicitly. The Company filed a lawsuit for the cancellation of this implicit rejection and the recovery of its losses with its accrued interest, arisen out of Large Tax Payers Office's late refund of the overpaid tax amounts. The Company requested TL 4,903 (equivalent to \$1,611 as at 30 September 2015) with its legal interest accrued from 15 February 2013 and TL 2,342 (equivalent to \$770 as at 30 September 2015) with its legal interest accrued from 13 December 2013 until the date of collection of the respective amounts. The Court accepted the part of the Company's request regarding the cancellation of the implicit rejection and recovery of its losses; rejected the part of the request regarding the interest. The Large Tax Payers Office appealed the decision. The Company shall appeal the decision concerning the rejected part of the decision.

Dispute with MTN regarding Iranian GSM tender process

In 2004, the Company was awarded Iran's first private GSM license through an international tender. Subsequently the Company was barred from concluding its license arrangement, and Iran entered into a license agreement with the South Africa based operator MTN, instead of the Company. With respect to newly received information by the Company indicating that the signing of the license agreement with MTN instead of the Company was a consequence of MTN's actions at that time. In light of the harm caused by MTN's actions to both the Company and to its shareholders, the Company filed a lawsuit against MTN on 28 March 2012 seeking the compensation of such damages.

Considering extensive business dealings of both companies in the United States and due to the allegations that MTN breached rules of international law, the lawsuit has been filed in United States District Court for the District of Columbia. The lawsuit has been withdrawn in order to file a lawsuit in another jurisdiction.

The Company filed a lawsuit against MTN based on the same allegations before the South Gauteng High Court, Johannesburg, Republic of South Africa. The Company submitted the revised particulars of claim. The lawsuit is still pending.

Dispute on Avea interconnection costs

On 4 November 2010, Avea initiated a lawsuit on the ground that on-net tariffs of the Company are under the interconnection fees notwithstanding ICTA's decision regarding, on-net tariffs of the Company cannot be under the interconnection fees which are applied by the Company to other operators and requested TL 1,000 (equivalent to \$329 as at 30 September 2015) monetary compensation by reserving its right for surpluses. During the judgment, Avea increased its request to TL 47,000 (equivalent to \$15,444 as at 30 September 2015). The Court decided to appoint an expert committee for examination of the file. The expert committee submitted its completed expert report to the Court, which is in favor of the Company. The Court decided to have an additional expert report. The additional expert report submitted by the committee is against the Company. The Court decided to obtain another expert report from a new expert committee. The new expert report submitted to the file is in favor of the Company.

On 25 April 2011, Avea initiated another lawsuit with the same grounds mentioned above claiming compensation for its losses between November 2009 and January 2010. Avea claimed TL 40,000 (equivalent to \$13,144 as at 30 September 2015) for its material compensation by reserving its rights for surpluses. The Court decided to appoint an expert committee for examination of the file. The expert committee submitted its report, which is in favor of the Company. The Court decided to consolidate this lawsuit with the first lawsuit initiated by Avea on 4 November 2010. The Court dismissed both cases. Avea appealed the decision. The Company submitted its reply to the appeal. The Supreme Court of Appeal reversed the decision of the First Instance Court. Turkcell applied for the correction of the decision. The correction of the decision process is still pending.

Dispute on VAT and SCT regarding Shell & Turcas Petrol AS campaign

The Company and Shell&Turcas Petrol A.S. signed an agreement on 27 November 2007 where eligible subscribers can get free counters and minutes from the Company or free oil from Shell&Turcas Petrol AS.

As a result of the tax investigation, Tax Controllers notified that VAT and special communication tax are not calculated over the free counters and minutes and imposed special communication tax amounting to TL 1,214 (equivalent to \$399 as at 30 September 2015) and tax penalty of TL 1,822 (equivalent to \$599 as at 30 September 2015) and VAT amounting to TL 874 (equivalent to \$287 as at 30 September 2015) and tax penalty of TL 1,315 (equivalent to \$432 as at 30 September 2015). On 16 September 2009, the Company filed lawsuits for the cancellation of the tax penalty. The court decided to accept the cases. Tax Administration appealed the decisions. The Council of State approved the first instance court's decisions, in favor of the Company, regarding the cancellation of the special communication tax and its tax penalty assessment. Tax Administration applied for the correction of the decision process against the respective decisions. The Council of State rejected the Tax Administration's correction of the decision requests made by the Tax Administration regarding the cases filed for the cancellation of the SCT and its tax penalty. Therefore, the Court decisions, given on the aforementioned cases are finalized in favor of the Company.

The Council of State approved the First Instance Courts' decisions in favor of the Company, regarding the 3 cases filed for the cancellation of the VAT and its tax penalty. Tax Administration applied for the correction of the decision process against the decisions. The correction of the decision processes are pending.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the obligation is uncertain, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: None).

Decisions of ICTA on tariff plans

On 15 November 2009, ICTA notified that the Company has changed the conditions of a tariff plan after the launch and shall reimburse overcharged amounts to the subscribers. On 1 February 2010, the Company initiated a lawsuit for stay of execution and the cancellation of the decision of ICTA. The Court rejected the Company's stay of execution request. The Company objected to this decision. The Court rejected the objection request of the Company. The case is still pending.

Amount to be reimbursed to the subscribers is calculated as TL 15,660 (equivalent to \$5,146 as at 30 September 2015) and deducted from revenues in the consolidated financial statements as at and for the year ended 31 December 2009. Reimbursement to subscribers was made in January 2010.

On 17 May 2010, ICTA decided to impose TL 802 (equivalent to \$264 as at 30 September 2015) administrative fine against the Company on the ground that one of the tariff option of the Company contradicts the board decision which sets lower limit to the on-net tariffs. The payment was made within 1 month following the notification of the decision of ICTA. Therefore, 25% discount was applied and TL 601 (equivalent to \$197 as at 30 September 2015) as fine on 21 June 2010. Besides, the Company filed a lawsuit on 21 July 2010 in request for the cancellation of fine. The Court overruled the stay of execution request and the Company objected to this decision. The Court rejected the objection request of the Company. The Court rejected the lawsuit. The Company appealed the decision. Decisions of ICTA on tariff plans (continued)

ICTA decided to apply an administrative penalty in the amount of TL 26,483 (equivalent to \$8,702 as at 30 September 2015) to the Company on 22 September 2010 as a result of an investigation initiated related to a tariff plan. Since the administrative fine was paid within 1 month following the notification of the decision of ICTA, 25% discount was applied and TL 19,862 (equivalent to \$6,526 as at 30 September 2015) was paid on 7 December 2010. The Company initiated a lawsuit to suspend the execution of administrative fine and cancellation, on 10 December 2010. The Court overruled the stay of execution request and the Company objected to this decision. On 17 February 2011, the Regional Ankara Administrative Court accepted the objection and decided to suspend the execution. ICTA reimbursed the paid amount on 30 March 2011. The Court rejected the case. The Company appealed the decision and also demanded the stay of execution of the decision along with this appeal request. The Council of State, decided to approve the First Instance Court's decision. The Company applied for the correction of the decision. The Council of State rejected the Company's correction of the decision request. The Company made an individual application against the respective decision, before the Constitutional Court.

In accordance with the proceedings in the legal case, the administrative fine in the amount of TL 19,862 (equivalent to \$6,526 as at 30 September 2015) was refunded to ICTA on 30 January 2014 and the reimbursement procedure, which should be made to the subscribers, was also started again in 2014.

In the consolidated financial statements as at and for the year ended 31 December 2013, provisions amounting to TL 19,862 (equivalent to \$6,526 as at 30 September 2015) and TL 26,716 (equivalent to \$8,779 as at 30 September 2015) were recognized for the administrative fine which was imposed by ICTA and for the amounts which had not been reimbursed to the subscribers, respectively.

In the condensed interim consolidated financial statements as at and for the period ended 30 September 2015, provision amounting to TL 840 (equivalent to \$276 as at 30 September 2015) is recognized for the amount which has not been reimbursed to the subscribers yet (31 December 2014: TL 8,527 (equivalent to \$2,802 as at 30 September 2015)).

Decision of ICTA regarding telephone directory and unknown numbers service

On 7 July 2010, ICTA decided to fine the Company by TL 401 (equivalent to \$132 as at 30 September 2015) and transfer back all kinds of software, hardware, infrastructure and equipment which make available the telephone directory and unknown numbers service to the ownership of the Company from its wholly owned subsidiary on the ground that ownership of the whole system related to telephone directory and unknown number service does not pertain to the Company. Administrative fine was paid within 1 month following the notification of the decision of ICTA. Therefore, 25% discount was applied and TL 301 (equivalent to \$99 as at 30 September 2015) as fine on 7 September 2010.

The Company filed a lawsuit on 22 September 2010 for the stay of execution and cancellation of the administrative fine. The Court overruled the stay of execution request of the Company and the Company objected to this decision. The Court rejected the lawsuit. The Company appealed the decision. The Council of State rejected the Company's stay of execution request made during the appeal process. The appeal process is still pending.

Since the administrative fine was paid within 1 month following the notification of the decision of ICTA, 25% discount was applied and TL 8,418 (equivalent to \$2,766 as at 30 September 2015) was paid on 5 July 2011. On 24 August 2011, the Company filed a lawsuit for the annulment of the decision with stay of execution request. The Court rejected the case. The Company appealed the decision. Council of State rejected the Company's stay of execution request at appeal phase. The Company requested stay of execution for the second time. The Council of State, decided to approve the First Instance Court's decision. The Company applied for the correction of the decision.

Dispute with Avea on SMS interconnection termination fees

On 22 December 2006, Avea initiated a lawsuit against the Company claiming that although there was an agreement between the Company and Avea stating that both parties would not charge any SMS interconnection termination fees, the Company has charged SMS interconnection fees for the messages terminating on its own network and also assumed liabilities for the SMS terminating on Avea's network and made interconnection payments to Avea after deducting the net balance of those SMS charges and accruals. Avea requested provisions of Interconnection Agreement regarding SMS pricing to be applied and requested collection of its losses amounting to nominal amount of TL 6,480 (equivalent to \$2,129 as at 30 September 2015) for the period between January 2006 and August 2006 with its accrued interest till payment. On 25 November 2008, the Court decided in favor of Avea. The Company has appealed the decision.

Supreme Court of Appeal reversed the judgment of the Local Court. The Company has applied for the correction in terms of justification of the decision for the Supreme Court's reversal decision. Avea has also applied for the correction of the decision. Supreme Court rejected the request for correction of the decision of Avea, and partially accepted the Company's demand. On 13 December 2011, the Local Court decided to accept the lawsuit again. The Company appealed the decision. The Court of Cassation decided to approve the decision of the First Instance Court. The Company applied for the correction of the decision. The Court of Cassation rejected the correction of the decision requests. The Company applied to the Constitutional Court against the decision.

Dispute with Turk Telekom with respect to numbers beginning with 444

The Company filed a lawsuit on 25 April 2008 against Turk Telekom to collect TL 1,777 (equivalent to \$584 as at 30 September 2015) including principal, overdue interest and delay fee which has been collected by Turk Telekom within the period of March 2007 - February 2008 by pricing the calls started from the Company's network and terminated at the numbers in form of "444 XX XX" which are assigned to the Company's subscribers in accordance with special service call termination tariff.

The Court decided in favor of the Company on 23 March 2011. Turk Telekom appealed the decision and the Company replied the appeal request. The Court of Cassation approved the decision of the First Instance Court. Turk Telekom applied for the correction of the decision. The Company replied this request. The Court of Cassation rejected the correction of the decision request and the decision is finalized. Upon the finalization of the Court decision and the Company's request, Turk Telekom has paid TL 4,337 (equivalent to \$1,425 as at 30 September 2015) to the Company on 1 November 2013, and it is accounted in the consolidated financial statements as at and for the year ended 31 December 2013.

The Company filed an enforcement proceeding on 12 May 2011 against Turk Telekom to collect TL 11,511 (equivalent to \$3,782 as at 30 September 2015) including principal amounting to TL 8,024 (equivalent to \$2,637 as at 30 September 2015), overdue interest amounting to TL 2,343 (equivalent to \$770 as at 30 September 2015) and late payment fee amounting to TL 1,144 (equivalent to \$376 as at 30 September 2015) which has been collected by Turk Telekom within the period of March 2008 - March 2010 by pricing the calls started from the Company's network and terminated at the numbers in form of "444 XX XX" which are assigned to the Company's subscribers in accordance with special service call termination tariff. Turk Telekom objected the enforcement proceeding and the enforcement proceeding has been held. The Company filed a lawsuit for cancellation of objection on 13 September 2011 against Turk Telekom. The Court decided to obtain an expert report for calculating the claim. The expert report is in favor of the Company. The Court accepted the lawsuit during the hearing held on 26 November 2013 and decided that Turk Telekom should refund the amounts subject to this case to the Company with its default interest and 10% delay penalty and Turk Telekom should also pay the compensation for the unrightful objection to the execution proceeding which is equal to 40% of the capital in the amount of TL 3,209 (equivalent to \$1,054 as at 30 September 2015) to the Company. Turk Telekom appealed the decision. The Company replied this request. The appeal process is still pending.

Turk Telekom, filed thirteen enforcement proceedings to collect the total amount of TL 31,682 (equivalent to \$10,410 as at 30 September 2015) composed of principle, overdue interest and delay fee which was unpaid by the Company because of the overly accrue by Turk Telekom for the calls terminated at the numbers in form of "444 XX XX" and videocall, data reconciliation and 118-32 service invoice costs for periods of April 2010-November 2011. The Company objected the enforcement proceedings. Turk Telekom filed eight nullity of objection lawsuits for the eight enforcement proceedings claiming the total amount of TL 21,359 (equivalent to \$7,018 as at 30 September 2015)

composed of principle, overdue interest and delay fee with enforcement proceeding denial compensation which is 40% of the receivable balance. Upon examination of six of the lawsuits, the First Instance Court decided to consolidate the lawsuits, under the first lawsuit filed by Turk Telekom. An expert report was taken on the case and the expert report is in favor of the Company. The Court decided to obtain an additional expert report from the expert committee.

The Court decided to obtain expert reports in two lawsuits. The expert reports are in favor of the Company. The court decided to obtain supplementary expert reports. The supplementary expert reports are also in favor of the Company. Two of the lawsuits were rejected in favor of the Company. Turk Telekom appealed those aforementioned two cases. Court of Cassation approved the decisions of the First Instance Courts in favor of the Company. Turk Telekom requested correction of the decisions.

Tax penalty as a result of tax investigation regarding deduction of investment incentive in corporate tax base calculation of the year 2007

Investment incentive amount taken into consideration for 2007 fiscal years' corporate tax calculations were investigated by Istanbul Large Taxpayers Group Presidency, Board of Tax Audit. It is mandatory that aforementioned exclusions driven from investment expenditures which reduce corporate tax base shall be in –economic and technical integrity with investments which began before the date of 31 December 2005. As a result of the tax investigation, it was assessed that the investment expenditures which are not included in Investment Incentive Certificate numbered 4559 were a part of our general network investments; therefore it was claimed that these mentioned expenditures should be considered as unrelated with the investment projects in progress as of 31 December 2005. As a result, it was claimed that those certain amounts of investment expenditures should not be taken into account in order to reduce corporate tax base. Tax investigation report, notices for tax assessment amounting TL 14,548 (equivalent to \$4,780 as at 30 September 2015) and related penalty amounting TL 21,822 (equivalent to \$7,171 as at 30 September 2015) were notified to the Company on 27 December 2012.

On 24 April 2013, the Company reconciled with fiscal authority to pay tax assessment with 30% of discount amounting TL 10,184 (equivalent to \$3,346 as at 30 September 2015) and related interest amounting TL 11,156 (equivalent to \$3,666 as at 30 September 2015). Tax penalty amounting TL 21,822 (equivalent to \$7,171 as at 30 September 2015) was nullified. Total amount was paid on 24 May 2013.

Based on the management opinion, the Company had accrued a provision amounting to TL 29,874 (equivalent to \$9,816 as at 30 September 2015) in the consolidated financial statements prepared as at and for the year ended 31 December 2012. After the settlement with the fiscal authority, provision amounting to TL 8,534 (equivalent to \$2,804 as at 30 September 2015) has been recorded as income in the consolidated financial statements as at and for the period ended 31 December 2013.

Disputes with Spor Toto

Permission request made to Spor Toto regarding the change of Inteltek's shareholder structure

Intralot Integrated Lottery Systems & Services ("Intralot SA"), one of the shareholders of Inteltek, notified Inteltek regarding the plan of share transfer and merger transactions in Intralot group. Inteltek requested a written permission from Spor Toto Directorate on 30 January 2013 within the frame of Article 18/2 of "Agreement on Assigning Fixed Odds and Joint Betting Games Based on Sports Competition to Legal Persons described on Private Law" dated 29 August 2008 and signed between Inteltek and Spor Toto. As a result of the "implied rejection" of Inteltek's permission request by Spor Toto, Inteltek filed a lawsuit for the cancellation and the stay of execution of this implied rejection. The Court has decided to reject the lawsuit because of the lack of competence. Inteltek appealed the decision. The 13th Council of State has decided to accept Inteltek's appeal request and reversed the decision of the Administrative Court. The defendant applied for correction of decision. It has been replied to the request for correction of decision within its legal term by Inteltek. The Council of State decided to reject the request for correction of decision. The lawsuit file has been sent to its Court of First Instance.

Commitments and Contingencies related to Astelit

Astelit 3G Agreement

In March 2015, Astelit received 3G license amounting to UAH 3,355,400 (equivalent to \$155,865 as at 30 September 2015). According to 3G License terms, license is covering all 27 Ukrainian regions. It is taken for 30 MHz range in 1920-1935 and 2110-2125 band and is valid for 15 years. 3G license obligations include: to ensure quality of 3G service in regional centers within 18 months, to ensure quality of 3G service in all settlements with population more than 10,000 within 2-6 years and to finance conversion of spectrum from military use.

Dispute of Astelit with its distributor

One of Astelit's distributors filed a lawsuit against Astelit claiming a compensation in the amount of UAH 106,443 (equivalent to \$4,945 as at 30 September 2015), which is allegedly the sum of advance payment for undelivered goods. According to the commission agreement, signed between parties, the payment terms are 30 days after delivery date (net of distributor's commission). The distributor violated the conditions of agreement and did not pay on time. Therefore, Astelit made a counterclaim for the recovery of indebtedness in the amount of UAH 35,292 (equivalent to \$1,639 as at 30 September 2015).

Dispute passed through all the instances twice. On 26 March 2012, the High Commercial Court of Ukraine approved the previous positive decision for Astelit counterclaim.

Enforcement document was submitted to the State Enforcement Service. According to Ukrainian legislation, the distributor has a right to appeal the decision before Supreme Court of Ukraine within three months from the date of judgment of the High Commercial Court of Ukraine but the distributor did not use the right.

The distributor had a statute of limitation for 3 years from the date of the High Commercial Court decision, which expired on 26 March 2015. The distributor is not conducting economic activity for a long period of time and has not appealed the decision. The possibility of such actions from distributor is lost.

Based on the management decision, the probability of an outflow of resources embodying economic benefits to settle the obligation is uncertain, thus, no provision is recognized in the consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: None).

Dispute of Astelit related to withholding tax on interest expense

Ukrainian Tax Administration sent a tax notice to Astelit stating that withholding tax rate on interest expense for the loan agreement with Euroasia should be 10% for the year 2009. According to Ukrainian legislation and Convention on avoiding double taxation between Ukraine and the Netherlands, Astelit paid withholding tax at 2%. Astelit filed a suit to cancel tax notice, which imposed Astelit to pay additional UAH 11,651 (equivalent to \$541 as at 30 September 2015). The High Administrative Court decided in favor of Tax Administration on 27 March 2014. Therefore, Astelit paid the aforementioned amount on 4 April 2014. Also, additional penalty based on 120% of NBU's daily rate will be paid to the Tax Authority according to the court decision. The court has decided that Euroasia status as financial institution must be defined under Ukrainian law.

On 27 June 2014, Astelit filed an application to the Supreme Court for review of abovementioned decision and proof that Dutch legislation should be applied. On 14 July 2014, the High Administrative Court applied Astelit's admission for review in Supreme Court.

On 2 December 2014, the Supreme Court has rejected Astelit's appeal completely. The initial tax decision regarding additional withholding tax paid (UAH 11,651) and Euroasia qualification as nonfinancial institution remain in force.

Based on negative court decision, Ukrainian Tax Authority invited Astelit's representatives to the meeting and proposed to pay voluntarily the difference of withholding tax up to 10% and 3% of tax fine for the period of 2011-2012. Astelit paid this difference amounting to UAH 4,105 (equivalent to \$191 as at 30 September 2015) in December 2014.

On 26 March 2015, Astelit lodged an application to the Supreme Court for review of abovementioned decision and proof that Dutch legislation should be applied. On 30 March 2015, Supreme Court of Ukraine dismissed Astelit's claim.

Based on the management opinion, provision amounting to UAH 4,806 (equivalent to \$223 as at 30 September 2015) has been set for the penalty risks belonging to years 2009, 2010, 2011 and 2012 in the condensed interim consolidated financial statements as at and for the period ended 30 September 2015 (31 December 2014: \$305).

Commitments and Contingencies related to Superonline

Order of payment notified to Turkcell Superonline according to universal service fund

On 24 October 2011, Beykoz Tax Administration notified Turkcell Superonline with an order of payment amounting to TL 1,192 (equivalent to \$392 as at 30 September 2015) for insufficient payments made by Turkcell Superonline for universal service fund related to years of 2005, 2006, 2007 and 2008. Four legal cases have been filed as of 31 October 2011 to revoke payment orders. Based on the management decision, TL 1,203 (equivalent to \$395 as at 30 September 2015) was paid on 7 December 2011 with its accrued interest. On 21 December 2011, based on the scope of Share Purchase Agreement, Turkcell Superonline sent a notice in order to receive payment from Demir Toprak Ith.Ihr. ve Tic. AS, Sınai ve Mali Yatirimlar Holding AS and Endustri Holding AS. Any payment has not been received as of 30 September 2015. Said payment shall be reimbursed in case of execution of suspension or the Court's decision in favor of Turkcell Superonline. On 28 November 2012, two of the said order of payments, each amounting to TL 330 (equivalent to \$108 as at 30 September 2015) and TL 450 (equivalent to \$148 as at 30 September 2015) have been cancelled in favor of Turkcell Superonline which were notified on 23 January 2013 and 28 January 2013, respectively. The said cancellation decisions are appealed by Beykoz Tax Administration but this application was rejected, decisions are approved. Turkcell Superonline filed two lawsuits for repayment of TL 410 (equivalent to \$135 as at 30 September 2015) and TL 558 (equivalent to \$183 as at 30 September 2015). After the full remedy action lawsuits for repayment, Communication General Directorate which related to Ministry of Communications paid TL 330 (equivalent to \$108 as at 30 September 2015) in regard to universal service fund for the year 2005 and TL 449 (equivalent to \$148 as at 30 September 2015) in regard to universal service fund for the year 2006 to Turkcell Superonline on 17 June 2015. Because of the insufficient amount paid for the lawsuits which we claimed other than principal, that TL 80 (equivalent to \$26 as at 30 September 2015) interest for the year 2005 and TL 109 (equivalent to \$36 as at 30 September 2015) interest for the year 2006. The Company continue both lawsuits for these insufficient amounts. The other two cases were rejected by the court, those decisions were appealed. The appeals about cases related to both order of payments amount of TL 68 (equivalent to \$22 as at 30 September 2015) and TL 354 (equivalent to \$116 as at 30 September 2015) were accepted by Council of State in favor of Turkcell Superonline.

Dispute with Fokus Insaat ve Turizm San. Tic. AS

Ankara Incity Fiber Optic Cabling Infrastructure Implementation contract was signed by Fokus Insaat ve Turizm San. Tic. A.S. ("Fokus") and Turkcell Superonline. Fokus had cancelled the contract and filed a lawsuit for damages on 24 April 2013. Fokus requested TL 10,636 (equivalent to \$3,495 as at 30 September 2015) for the unpaid fee of the completed works and also TL 24,997 (equivalent to \$8,214 as at 30 September 2015) for the work order given jobs together with the applicable past-due interest. Additionally, it was stated that TL 53,756 (equivalent to \$17,664 as at 30 September 2015) was reserved for revenue loss.

Turkcell Superonline had filed a lawsuit against Fokus Insaat ve Turizm San. Tic. A.S. (“Fokus”) because of unfair termination of the agreement and obstinacy. Total value of this action was TL 9,324 (equivalent to \$3,064 as at 30September 2015).

The two cases were merged by the court according to the application of Turkcell Superonline. When the lawsuit was in the process of technical expert examination, parties reconciled and submitted mutual withdrawal petition. Both cases were rejected because of the mutual withdrawal by the court. Decisions were finalized.
