ANNUAL MEETING OF STOCKHOLDERS TO BE HELD MAY 1, 2001 -----

PROXY STATEMENT

This Proxy Statement is being furnished to the stockholders of Footstar, Inc., a Delaware corporation ("Footstar" or the "Corporation"), in connection with the solicitation of proxies by the Board of Directors of the Corporation (the "Board") for use at the Annual Meeting of Stockholders of the Corporation (the "Meeting") to be held on Tuesday, May 1, 2001, at 10:00 a.m. local time, at the offices of the Corporation, 933 MacArthur Boulevard, Mahwah, New Jersey 07430, and at any postponement or adjournment of the Meeting. At the Meeting, stockholders are being asked to consider and vote on (1) the election of two directors, each to hold office for a term expiring in 2004 and (2) the ratification of the appointment of KPMG LLP as the Corporation's independent auditors for 2001.

This Proxy Statement, Notice of Meeting and accompanying proxy card are first being mailed to stockholders on or about March 30, 2001.

GENERAL

The holders of shares of Common Stock of record at the close of business on March 15, 2001 are entitled to vote such shares at the Meeting. On March 15, 2001, there were 19,874,208 shares of Common Stock outstanding. The presence in person or by proxy of the holders of one-third of the shares outstanding on the record date is necessary to constitute a quorum for the transaction of business.

Each stockholder is entitled to one vote, in person or by proxy, for each share of Common Stock held as of the record date on each matter to be voted on at the Meeting. Directors are elected by the affirmative vote of a plurality of the votes cast at the Meeting. The proposal to ratify the appointment of the auditors requires the affirmative vote of a majority of shares present in person or represented by proxy at the Meeting and entitled to vote.

Proxies for shares marked "abstain" on a matter will be considered to be represented at the Meeting, but will be considered to be voted only as to those matters actually voted on. Therefore, abstentions will be disregarded and will have no effect on the election of directors but will have the effect of a vote against the ratification of the appointment of auditors. Broker non-votes occur when shares registered in the names of brokers or other "street name" nominees for which proxies are voted on some but not all matters and as to which non-voted matters the broker does not have discretionary authority. The Company believes that brokers will have discretionary authority as to each of the proposals submitted.

Shares of Common Stock represented by a properly executed proxy received in time for the Meeting will be voted as specified in the proxy, unless the proxy has previously been revoked. UNLESS CONTRARY INSTRUCTIONS ARE GIVEN IN THE

Edgar Filing: FOOTSTAR INC - Form DEF 14A

PROXY, IT WILL BE VOTED BY THE PERSONS DESIGNATED IN THE PROXY FOR THE ELECTION OF THE BOARD'S NOMINEES FOR DIRECTOR, FOR RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE CORPORATION'S INDEPENDENT AUDITORS FOR FISCAL 2001 AND, WITH RESPECT TO ANY OTHER MATTERS PROPERLY SUBMITTED TO STOCKHOLDERS AT THE MEETING, AS RECOMMENDED BY THE BOARD OR, IF NO SUCH RECOMMENDATION IS GIVEN, IN THEIR DISCRETION.

A proxy may be revoked by filing with the Secretary of the Corporation, prior to the voting of such proxy, either a written revocation of that proxy or a new proxy bearing a later date. A proxy may also be revoked by voting in person at the Meeting. The presence of a stockholder at the Meeting will not in itself constitute revocation of a proxy.

This proxy solicitation is being made on behalf of the Corporation and the expense of preparing, printing and mailing this Proxy Statement and proxy is being paid by the Corporation. The Corporation has retained Morrow & Co. to assist it in the solicitation of proxies for a fee of \$4,500 plus out-of-pocket expenses. In addition, solicitations may be made in person or by mail, telephone, facsimile or e-mail by the directors, officers and regularly engaged employees of the Corporation, without extra compensation. The Corporation will reimburse banks, brokers and other custodians, nominees and fiduciaries for their costs in sending proxy materials to the beneficial owners of Common Stock.

MULTIPLE COPIES OF ANNUAL REPORT AND PROXY STATEMENT

Where more than one holder of the Corporation's Common Stock share the same address, the Corporation may deliver only one Annual Report and one Proxy Statement to that address unless the Corporation has received contrary instructions from one or more of those shareholders. Similarly, brokers and other intermediaries holding shares of the Corporation's Common Stock in "street name" for more than one beneficial owner with the same address may deliver only one Annual Report and one Proxy Statement to that address if they have received consent from the beneficial owners of the stock.

The Corporation will deliver promptly upon written or oral request a separate copy of the Annual Report and Proxy Statement to any shareholder, including a beneficial owner of stock held in "street name," at a shared address to which a single copy of either of those documents was delivered. To receive additional copies of our Annual Report and Proxy Statement, you may call or write to Investor Relations, Footstar, Inc. 933 MacArthur Blvd., Mahwah, New Jersey 07430, (201) 760-4008.

You may also contact Investor Relations at the address or telephone number above if you are a shareholder of record of the Corporation and you wish to receive a separate Annual Report and Proxy Statement in the future, or if you are currently receiving multiple copies of our Annual Report and Proxy Statement and want to request delivery of a single copy in the future. If your shares are held in "street name" and you want to increase or decrease the number of copies of our Annual Report and Proxy Statement delivered to your household in the future, you should contact the broker or other intermediary who holds the shares on your behalf.

PROPOSAL 1

ELECTION OF DIRECTORS

General. The Board of Directors currently consists of eight members divided into three classes of approximately equal size. Directors are generally elected for three-year terms on a staggered term basis, so that each year the term of office of one class will expire and the terms of office of the other classes will extend for additional periods of one and two years, respectively. This year's nominees each have been nominated to serve for a three-year term expiring in the year 2004. The Corporation has inquired of each nominee and determined he will serve if elected. In the event that any of the nominees should become unavailable for election, the persons named in the accompanying proxy intend to vote for such other person, if any, as the Board may designate as a substitute nominee.

The names of the nominees for election, the directors whose terms extend beyond the Meeting and certain information about each of them are set forth in the tables below. All nominees are current directors of the Corporation. The Board of Directors recommends that stockholders vote "FOR" the Corporation's nominees for director.

The Supplemental Retirement Plan is designed to provide competitive retirement benefits to selected executives with at least ten years of credited service. The normal retirement benefit commencing at age 60 is equal to 2% of the highest average three consecutive years' base salary plus target annual bonus for the executive in the preceding ten years, multiplied by the number of years of credited service with the Corporation (to a maximum of 25 years). In the case of retirement on or after age 55 but before age 60, a reduced benefit is provided. Except in the event of a "change in control" (as defined in the Supplemental Retirement Plan) or as provided in the Employment Agreements referred to below, no benefits are payable to an eligible executive who terminates employment prior to age 55 or prior to completing ten years of credited service. Benefits are generally payable in annual installments for the life of the executive, but other forms of payment of equivalent actuarial value may be elected.

Compensation which may potentially be used to determine benefits for each of the Named Officers covered by the Supplemental Retirement Plan for 2000 equals the respective amounts shown in the Salary column of the Summary Compensation Table, plus the target amount of the Named Officer's annual incentive bonus. As of January 1, 2001, the credited years of service under the Supplemental Retirement Plan for Messrs. Robinson, Ravener, and Ms. Richards were 19, 3, and 4 years, respectively. Mr. Alberini forfeited any right to participate in such plan. If a covered executive is terminated without "cause" or voluntarily terminates his or her employment for "good reason" (as each such term is defined in the Supplemental Retirement Plan) contemporaneously with or within two years following a "change in control," benefits will be payable in a lump sum equal to the actuarial equivalent of the annual retirement benefit which would have been payable under the Supplemental Retirement Plan had the executive remained employed by the Corporation until the date when he or she would attain 10 years of service (or such later date as the executive would attain age 60), multiplied by a fraction in which the numerator is the executive's actual years of credited service (but not more than 10) and the denominator is 10 (thus reducing the benefit proportionately to the extent the executive's actual years of credited service are less than 10).

Employment Agreements. The Corporation has employment agreements ("Employment Agreements" or singularly "Employment Agreement") with Messrs. Robinson, Ravener and Ms. Richards. The following briefly summarizes the principal terms of the Employment Agreements.

The period of employment under the Employment Agreements extends initially for three years (five years in the case of Mr. Robinson), subject to automatic one-year extensions at the end of the initial term unless either party gives notice of non-renewal at least 180 days prior to expiration of the term. The Employment Agreements generally provide for payment of an annual base salary that will be reviewed each year, but may not be decreased from the amount in effect in the previous year. The Employment Agreements also generally provide for (i) continued payment of base salary, incentive compensation, and other benefits for 36 months in the case of Mr. Robinson and for 18

months in the case of the other Named Officers (or 24 months in the case of a "change in control") in the event the executive's employment is terminated other than a termination by the Corporation for "cause" or voluntarily by the executive without "good reason"; (ii) non-competition for a period of 18 months (36 months for Mr. Robinson) subsequent to termination for any reason other than by the executive for "good reason" or by the Corporation without "cause" following a "change in control"; (iii) other restrictive covenants including non-disclosure, non-solicitation of employees and availability for litigation support; (iv) participation in certain benefit plans and programs (including pension benefits, disability and life insurance, and medical benefits); (v) annual and long-term incentive compensation opportunities; and (vi) deferred compensation arrangements. Mr. Robinson had target annual incentive and long-term incentive opportunities for fiscal 2000 of 60% and 40%, respectively, of his annual base salary.

A "change in control" is defined as (i) any person acquiring beneficial ownership of 25% or more of the outstanding Common Stock or the combined voting power of the Corporation's outstanding voting securities; (ii) the reorganization, merger, consolidation, complete liquidation or dissolution of the Corporation, sale or disposition of all or substantially all of the assets of the Corporation, or similar corporate transaction; or (iii) members of the Board serving at the effective date of the 1996 Incentive Compensation Plan, together with members first elected thereafter (excluding certain directors elected as a result of an actual or threatened election contest) with the approval of a majority of the original members and new members previously so approved, ceasing to constitute a majority of the Board. "Good reason" is defined generally as demotion, reduction in compensation, unapproved relocation in the case of Mr. Robinson (or other Named Officers following a "change in control"), material breach of the Employment Agreement by the Corporation, or, in the case of Mr. Robinson, failure to extend the term of the Employment Agreement to his 60th birthday. "Cause" is defined generally as a breach of the restrictive covenants referred to above, certain felony convictions, or willful acts or gross negligence that are materially damaging to the Corporation.

If payments under the Employment Agreements following a "change in control" are subject to the "golden parachute" excise tax, the Corporation will make an additional "gross-up" payment sufficient to ensure that the net after-tax amount retained by the executive (taking into account all taxes, including those on the gross-up payment) is the same as would have been the case had such excise tax not applied.

The Employment Agreements obligate the Corporation to indemnify the executives to the fullest extent permitted by law, including the advancement of expenses, and provide that the Corporation generally will reimburse an executive for expenses incurred in seeking enforcement of the Employment Agreement, unless the executive's assertion of rights was in bad faith or frivolous. The Employment Agreement with Mr. Robinson relates to his employment as Chairman and Chief Executive Officer and his agreement to serve as a director. The Employment Agreements with Ms. Richards and Mr. Ravener relate to their employment as senior executives of the Corporation.

Director Compensation. Directors who are not receiving compensation as officers or employees of the Corporation or of any affiliate ("non-employee directors") are paid an annual retainer of \$10,000 and a \$1,000 fee for attendance at each meeting of the Board or any committee of the Board and a \$2,500 fee for serving as a committee chair. Non-employee directors are also eligible to participate in the 1996 Non-Employee Director Stock Plan (the "1996 Director Plan"). Under the 1996 Director Plan, each non-employee director

Edgar Filing: FOOTSTAR INC - Form DEF 14A

receives a one-time non-qualified option to purchase 2,000 shares of Common Stock at an exercise price equal to the fair market value of Common Stock on the grant date. Each option becomes exercisable in 20% increments on each of the first five anniversaries following the date of grant, and thereafter remains exercisable until the option expires.

The 1996 Director Plan also provides for automatic grants of 2,000 stock units ("Stock Units") to each person whom, at the close of business on the date of each annual meeting of the Corporation's stockholders, is a non-employee director. Each Stock Unit represents the right to receive one share of Common Stock at the end of a specified period. Fifty percent of such Stock Units vest six months and a day after the grant date, provided the non-employee director has not ceased to serve as a director for any reason other than death, disability, or retirement at or after attaining age 65, except that payment of such Stock Units will be accelerated in the event of a "change in control". The remaining fifty percent of such Stock Units become payable upon the later of ceasing to be a director or attaining age 65, provided that delivery of such Stock Units shall be accelerated in the event of death, disability, or a "change in control".

The 1996 Director Plan permits a non-employee director to elect to defer receipt of all or a portion of the shares otherwise deliverable in connection with Stock Units. The 1996 Director Plan also permits a non-employee director to elect to defer receipt of fees otherwise payable in cash, with such deferred amounts deemed invested in Stock Units.

11

In 2000, the Board of Directors approved voluntary stock ownership guidelines for all independent directors providing for ownership of Common Stock of the Corporation in an amount equal to at least five times their annual retainer and fees, to be achieved over a five-year period.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is comprised of four independent, non-employee directors. This Committee is responsible for establishing, implementing, administering and monitoring the Corporation's compensation strategy, policies and plans.

Compensation Strategy. The Corporation's compensation strategy is based upon the premise that all of its associates are important to its success, with senior executives setting the direction of the business and having overall responsibility for its results. Because the Corporation operates in a highly competitive and difficult economic environment for retailers, the Committee has adopted compensation policies and plans intended to

- o attract and retain high caliber individuals,
- o provide compensation opportunities that are fair and competitive with comparable organizations, as well as effective and tax efficient,
- o reward the creativity of its key executives in maximizing business opportunities, and
- o provide incentives to motivate key management based on achievement of both short- and long-term business objectives, strategic progress and the creation of stockholder value.

Edgar Filing: FOOTSTAR INC - Form DEF 14A

The Corporation's executive compensation program was designed to be aligned with the Corporation's competitive marketplace and short- and long-term performance objectives. The compensation practices at 12 specialty retailers with revenues ranging from approximately \$1.24 billion to \$4.63 billion were identified as comparable corporations with which the Corporation competes for talent. The companies that comprise this group are different than the companies comprising the peer group index referred to in the performance graph of this Proxy Statement. In the view of the Compensation Committee, this group of 12 specialty retailers that were selected is more representative for compensation review purposes.

The Committee has implemented a compensation program that is comprised of annual and longer-term financial incentives. Base salaries are positioned at approximately the 50th to 60th percentile and remuneration at approximately the 65th percentile of the peer group at target but with the opportunity for increased yields for superior results. Actual total remuneration levels may range well below or above target in any one year and over a period of years based on performance against annual and long-term business objectives and total return to stockholders. The primary components of the compensation program are base salary, annual incentive awards, a career equity program and stock options.

Base Salaries. The Committee reviews base salaries annually and considers increases based on corporate profitability, competitive salaries, position responsibility levels and individual qualifications and performance. In making pay decisions for key management including the Named Officers (other than the Chief Executive Officer), the Committee also takes into consideration the views and recommendations of the Chief Executive Officer. The Chief Executive Officer's base salary increased in April 2000 by \$50,000 (7.1%) to \$750,000.

Annual Incentive Awards. The Corporation's annual incentive program provides for cash bonuses based on performance relative to predetermined objectives approved by the Committee each year. As an added retention feature and to further align the interests of management and stockholders, executive officers and other members of management may elect to defer receipt of up to 75% of their cash bonuses for five years in deferred shares of Common Stock and receive partial matching grants which vest upon completion of five years of continued employment, subject to accelerated vesting in certain events (the "STEP Program").

Incentive awards at target performance range from 60% of base salary for the Chief Executive Officer and scale down depending on position responsibilities. Larger awards are permitted if performance exceeds predetermined objectives. Smaller or no awards are made if performance falls below such objectives.

12

Bonuses payable to the Chief Executive Officer and other Named Officers were based on preestablished goals for the Corporation's earnings before Federal income taxes and economic profit. The Chief Executive Officer's annual incentive award for 2000 was 134% of his target award due to the Corporation's performance in meeting these objectives. In addition, the Chief Executive Officer and Mr. Ravener were awarded a one-time special bonus of \$120,000 and \$30,000 respectively, 75% of which was mandatorily deferred for five years under the Company's STEP program, in connection with the execution of 2000 performance objectives.

Career Equity Program. As part of its long-term incentive compensation

Edgar Filing: FOOTSTAR INC - Form DEF 14A

arrangements, the Committee has implemented a Career Equity Program for executive officers and other key members of management. Three-year cycles begin each year. The value of such awards are determined by preestablished goals set by the Committee based on the Corporation's cumulative net income and return on average equity during each cycle. The target and maximum awards for the Chief Executive Officer were set at 40% and 80% of base salary, respectively. Award payments are made in equal combinations of current cash and deferred shares of the Corporation's Common Stock, with one-half of the deferred shares vesting after five years of continued employment and one-half vesting at retirement, subject to accelerated vesting in certain events.

For the cycle ending December 31, 2000, the Career Equity Award for the Named Officers (including the Chief Executive Officer) and other participants was 82% of the targeted award due to the Corporation's performance against the preestablished long-term goals.

Stock Options. Stock options are granted to the Corporation's executive officers and over 100 other key employees to further align their interests with those of the stockholders. Stock options are granted at an exercise price equal to the fair market value of the Corporation's Common Stock and are exercisable in five equal annual installments based on continued employment during the five-year period following the grant date, subject to accelerated vesting in certain events. In 2000, the Chief Executive Officer was granted 195,403 non-qualified stock options and 4,597 incentive stock options. Grants are determined based on the executive officer's position, multiple of base compensation, individual performance and fair market value of the Corporation's Common Stock on the grant date.

Stock Ownership Guidelines. In order to encourage management to have an ownership stake in the Corporation, the Compensation Committee adopted voluntary stock ownership guidelines for the Chief Executive Officer and other key managers including the Named Officers. The Committee believes that executive stock ownership provides a meaningful link to stockholder interests and signifies a personal commitment from the management team to the Corporation's long term success. These guidelines provide that over a five year period the Chief Executive Officer should attain an ownership interest in the Corporation's Common Stock of five times base salary and that the other key managers (including the Named Officers) attain an ownership interest of one to three times base salary.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Chief Executive Officer and the other four most highly compensated individuals who are executive officers as of the end of the year. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. It is the Committee's policy to preserve corporate tax deductions by qualifying compensation paid over \$1 million to the named executive officers. However, the Committee has retained the flexibility to approve compensation arrangements that it deems to be in the best interests of the Corporation and its stockholders that may not always qualify for full tax deductibility. All compensation paid by the Corporation in 2000 qualified for full tax deductibility and it is anticipated that all compensation to be paid in 2001 will also be fully deductible.
