Report of Independent Registered Public Accounting Firm

To the Participants and Administrative Committee of the
Gartner, Inc. Savings and Investment Plan:

We have audited the accompanying statements of net assets available for benefits of the Gartner, Inc. Savings and Investment Plan (the Plan) as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003 and the changes in the net assets available for benefits for the year ended December 31, 2004 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SAVINGS AND INVESTMENT PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

(1) Description of the Plan

The following description of the Gartner, Inc. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

(a) General

The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been amended and restated at various times in order to comply with regulatory guidance, most recently as of April 1, 2005 (see note 6).

The Plan covers substantially all domestic full-time employees of Gartner, Inc. and its wholly owned subsidiaries (collectively, the Company or Employer). Any employee who customarily works at least 20 hours per week (minimum of 1,000 hours per year) and is at least 18 years of age is eligible to participate in the Plan.

(b) Administration

The Plan is administered by the Administrative Committee (the Plan Committee) which is appointed by the Company's Board of Directors. The Plan Committee is responsible for all administrative aspects of the Plan, including selection of trustees and investment managers, establishment of investment alternatives, determination of benefit eligibility and benefit calculations and interpretation of Plan provisions. The Plan Committee has appointed officers of the Company to act as trustees (the Trustees) to administer the Plan. Administrative expenses are to be paid by the Plan through the use of participant forfeitures. Any administrative expenses in excess of participant forfeitures will be paid by the Company. For the Plan years ended December 31, 2004 and 2003, all expenses were paid by the Plan.

(c) Contributions

For 2004, participating employees may make annual contributions to the Plan in percentages of not less than 1% or more than 85% of total annual compensation (75% pre-tax, 10% post-tax), as defined in the Plan agreement, subject to Internal Revenue Service (IRS) limitations. Participants who are eligible may make pre-tax Catch-Up Contributions subject to the IRS limitations.

For 2004, the Plan requires the Company to match 100% of pre-tax participant contributions up to a maximum of 4% of a participant's total compensation, or \$5,200, which is 40% of the IRS pre-tax contribution limitation for 2004.

The Plan also provides for a profit sharing contribution comprised of the following elements:

Fixed amount an amount equal to 1% of a participant's base compensation, subject to an IRS limitation.

Notes to Financial Statements

December 31, 2004 and 2003

Discretionary amount an amount in excess of the fixed amount solely at the discretion of the Company's Board of Directors based on the financial results of the Company.

Fixed profit sharing contributions of \$1,913,904 and \$1,980,839 for the years ended December 31, 2004 and 2003, respectively, are included in employer contributions receivable in the Plan financial statements as of December 31, 2004 and 2003, respectively. There were no discretionary contributions made to the Plan for the Plan years ended December 31, 2004 and 2003.

A participant may make after-tax contributions of up to 10% of the participant's compensation, subject to a maximum of \$20,000 per year.

(d) Participants Accounts

Separate accounts are maintained for each participant of the Plan through the Fidelity Management Trust Company (Fidelity). The participants' accounts are adjusted to reflect contributions and investment earnings such as interest, dividends, and realized and unrealized investment gains and losses.

At December 31, 2004 and 2003, forfeited nonvested accounts totaled \$50,139 and \$58,755, respectively. These accounts will be used to reduce future Plan expenses and employer contributions. Also, in 2004, Plan

expenses were reduced by \$30,710 and employer contributions were reduced by \$101,060 from forfeited nonvested accounts.

(e) *Investments*

Participants may elect to invest in a variety of specialized investment funds and may make transfers among investment funds at their discretion in whole percentages. The Company's Board of Directors has authorized Fidelity to execute transactions upon direction from the participant within the framework of the trust instrument.

(f) *Vesting*

Participants are immediately vested in their own contributions and in the Employer's matching contributions. Participants vest in the profit sharing contributions ratably over a five-year period based on date of hire. The date of hire for the employees of acquired companies continues to be their historical date of hire by the acquired company for vesting purposes.

(g) *Loans to Participants*

Loans to participants are permitted, with the Trustees consent, in accordance with the limits provided by the Internal Revenue Code. Loans bear interest at a rate equal to prime plus 1% which ranged between 5.0% and 6.25% for loans made during the year ended December 31, 2004, and 5.0% and 5.25% for loans made during the year ended December 31, 2003. Participants receiving loans from the Plan must execute an

interest bearing promissory note in the amount of the loan. The terms of the promissory note require that all participants repay their loans based upon a fixed repayment schedule not to exceed a five-year period, except in the case of a primary residence loan for which the repayment period is extended to 15 years.

**GARTNER, INC.
SAVINGS AND INVESTMENT PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

Participant loans are subject to a \$1,000 minimum amount and limited to 50% of a participant's vested account balance, not to exceed \$50,000.

(h) *Payment of Benefits*

Benefits are paid upon retirement (on or after age 55), death or termination of employment, and may also be distributed prior to termination of employment upon reaching age 59-1/2 or because of financial hardship. Participants' benefits are paid in a lump sum equal to the vested value of the participant's account at the time of payment. With respect to accounts from the former pension plan that was merged into this Plan in 1993, an annuity (joint and 50% survivor for married participants and single life for unmarried participants) is the standard form of payment. With respect to such pension plan accounts, participants may elect a lump sum payment instead of the annuity, with spousal consent as applicable.

(i) *Plan Termination*

Although it has not expressed any intent to do so, the Company reserves the right to fully or partially terminate the Plan at any time by action of the Board of Directors or its designee. In such an event, all participants will become fully vested in their account balance as of the date of full or partial termination.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements have been prepared using the accrual basis of accounting.

(b) *Valuation of Investments*

The Plan's investments are valued at fair value based upon market prices quoted on national stock exchanges for the respective funds. Shares of registered company investments are valued at the net asset value of shares held by the Plan at year end.

(c) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(d) *Risks and Uncertainties*

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the risk associated with investment securities and the uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant s

account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

(e) *Investment Transactions and Related Income*

Purchases and sales of interests in the investment funds, along with realized gains and losses, are accounted for on the trade date.

Dividends represent the Plan's share in dividend income of the investment funds in which the Plan participates. Dividends are recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

(3) Investments

Substantially all of the Plan's assets are invested in mutual funds and a commingled investment fund managed by Fidelity. A brief description of the funds and investments is as follows:

(a) *Gartner, Inc. Stock Fund*

The assets of this fund are substantially invested in Gartner, Inc. Class A Common Stock. This fund also maintains cash equivalents, \$207,160 and \$204,540 at December 31, 2004 and 2003, respectively, to meet liquidity needs from participant withdrawals or transfers.

(b) *SEI Stable Asset Fund*

The SEI Stable Asset Fund is a diversified portfolio of stable value contracts issued by insurance companies, banks, and other financial institutions. The fund utilizes high-quality fixed income securities wrapped by insurance companies, banks and other financial institutions.

On April 1, 2004, this fund replaced the Fidelity Retirement Money Market Fund. The Fidelity Retirement Money Market Fund invested in a diversified portfolio of domestic and international short term fixed income securities such as corporate commercial paper, certificates of deposit, Treasury notes and bills and bankers acceptances.

(c) *Other Funds*

The Magellan, Growth Company, OTC Portfolio, Overseas Funds, Artisan Mid Cap Fund, and JP Morgan MidCap Value Fund invest in equity and debt securities of companies of varying sizes with above average growth potential to achieve long-term capital appreciation. The Spartan US Equity Index Fund seeks to match the total return of the Standard & Poor's 500 Index. The Puritan and Equity Income Funds seek current income and capital preservation as well as the potential for capital appreciation by investing in a diversified portfolio of common and preferred stocks and bonds. The Intermediate Bond Fund invests in investment-grade debt

securities and repurchase agreements of those securities. The Fidelity Freedom Funds are asset allocation funds that invest in other Fidelity mutual funds; there are five funds that are managed to specific target retirement dates 2000, 2010, 2020, 2030, and 2040 and a sixth fund, the Fidelity Freedom Income Fund, for those actively seeking high current income. Gartner, Inc. believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Code and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2004.
