PROXY STATEMENT

**Annual Meeting of Stockholders
April 28, 2009**

This Proxy Statement is furnished on or about March 23, 2009, to holders of the common stock of Strayer Education, Inc. (the Corporation), 1100 Wilson Blvd., Suite 2500, Arlington, VA 22209, in connection with the solicitation on behalf of the Board of Directors of the Corporation (the Board) of proxies to be voted at the 2009 Annual Meeting of Stockholders (the Annual Meeting). The Annual Meeting will be held at 8:30 a.m. local time on Tuesday, April 28, 2009, at Strayer University's Loudoun campus, 45150 Russell Branch Parkway, Suite 200, in Ashburn, Virginia.

The cost of soliciting proxies will be borne by the Corporation. Copies of solicitation material may be furnished to brokers, custodians, nominees and other fiduciaries for forwarding to beneficial owners of shares of the Corporation's common stock, and normal handling charges may be paid for such forwarding service. Solicitation of proxies may be made by the Corporation by mail or by personal interview, telephone and facsimile by officers and other management employees of the Corporation, who will receive no additional compensation for their services. The Corporation has also retained MacKenzie Partners, Inc. to provide proxy solicitation services for a fee of approximately \$10,000 plus reimbursement of its out-of-pocket expenses.

Any stockholders giving a proxy pursuant to this solicitation may revoke it at any time prior to exercise of the proxy by giving written notice of such revocation to the Secretary of the Corporation at the Corporation's executive offices at 1100 Wilson Blvd., Suite 2500, Arlington, VA 22209, providing a later dated proxy or by attending the meeting and voting in person.

At the close of business on March 5, 2009, there were 14,130,022 shares of the common stock of the Corporation outstanding and entitled to vote at the meeting. **Only common stockholders of record on March 5, 2009 will be entitled to vote at the meeting**, and each share will have one vote.

Voting Information

At the Annual Meeting votes will be counted by written ballot. A majority of the shares entitled to vote will constitute a quorum for purposes of the Annual Meeting. Under the Corporation's By-laws, to be elected at the Annual Meeting, a nominee for election to the Board of Directors must receive more votes for his or her election than votes against his or her election. Ratification of the appointment of the Corporation's independent registered public accounting firm, reauthorization of the Corporation's Employee Stock Purchase Plan and approval of any other business which may properly come before the Annual Meeting, or any adjournments thereof, will require the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote thereon.

Under Maryland law and the Corporation's Articles of Incorporation and By-laws, the aggregate number of votes entitled to be cast by all stockholders present in person or represented by proxy at the Annual Meeting, whether those stockholders vote For, Against or (except with respect to the election of directors) abstain from voting, will be counted for purposes of determining the minimum number of affirmative votes required for approval of such matters, and the total number of votes cast For each of these matters will be counted for purposes of determining whether sufficient affirmative votes have been cast. An abstention from voting on a matter by a stockholder present in person or

represented by proxy at the meeting, other than the election of directors, has the same legal effect as a vote Against the matter even though the stockholder or interested parties analyzing the results of the voting may interpret such a vote differently. Broker non-votes will have the effect of reducing the number of shares considered present

Table of Contents

and entitled to vote on the matter. Abstentions and broker non-votes will have no effect on the election of directors.

Proxies properly executed and received by the Corporation prior to the meeting and not revoked, will be voted as directed therein on all matters presented at the meeting. In the absence of specific direction from a stockholder, proxies will be voted for the election of all named director nominees and in favor of the other two proposals. If a proxy indicates that all or a portion of the shares represented by such proxy are not being voted with respect to a particular proposal, such non-voted shares will not be considered present and entitled to vote on such proposal, although such shares may be considered present and entitled to vote on other proposals and will count for the purpose of determining the presence of a quorum.

The Board of Directors of the Corporation has adopted a corporate governance policy concerning the holdover of any director not elected by a majority vote in an uncontested election. Any such director who fails to receive the requisite majority vote would be required to promptly offer his resignation and the Board, following the recommendation of the Company's Nominating and Governance Committee, would have up to 90 days to decide whether to accept such offer, during which time the director nominee would continue to serve on the Board as a holdover director. A copy of this policy is available on our website at www.strayereducation.com. See Other Information of the Corporation's Annual Report on Form 10-K for the year ended December 31, 2008 for further information about this policy.

The Board of Directors has determined that each member of the Committee qualifies as an audit committee financial expert, as defined by SEC rules, based on his education, experience and background. A report of the Audit Committee is included below in this proxy statement.

Persons wishing to make such a request should contact Sonya G. Udler, Senior Vice President Corporate Communications, 1100 Wilson Blvd., Suite 2500, Arlington, VA 22209, (703) 247-2500. In addition, the Compensation Committee charter is available on the Corporation's website, www.strayereducation.com. The Board has determined that all of the members of the Compensation Committee are independent, as independence is defined under the NASDAQ Listing Standards.

Nominating/Governance Committee. For the year ended December 31, 2008, the Nominating/Governance Committee (the Nominating Committee) was composed of Mr. Brock (Chair) and Dr. Beason. The Board has determined that all of the members of the Nominating Committee are independent, as independence is defined under the NASDAQ Listing Standards. The Nominating Committee is responsible for establishing qualifications for potential directors and considering and recommending prospective candidates for Board membership. The Nominating Committee met three times during the year ended December 31, 2008.

The Nominating Committee has a written charter. The Nominating Committee charter will be made available to any person upon request without charge. Persons wishing to make such a request should contact Sonya G. Udler, Senior Vice President Corporate Communications, 1100 Wilson Blvd., Suite 2500, Arlington, VA 22209, (703) 247-2500. In addition, the Nominating Committee charter is available on the Corporation's website, www.strayereducation.com.

The Nominating Committee considers many factors when considering candidates for the Board. The Nominating Committee strives for the Board to be comprised of directors with a variety of experience and backgrounds and who represent the interests of stockholders as a whole. Other important factors in Board composition include diversity in its truest sense, skill, specialized expertise, level of education and/or business experience, broad-based business acumen, and experience and understanding of strategy and policy-setting, as well as having a commitment to maintaining the high academic quality of Strayer University and maximizing stockholder value. The Nominating Committee also encourages all Board members to make an economic investment in the Corporation by purchasing shares directly. Depending upon the current needs of the Board, certain factors may be weighed more or less heavily by the Nominating Committee.

Table of Contents

In considering candidates for the Board, the Nominating Committee considers the entirety of each candidate's credentials and does not have any specific minimum qualifications that must be met by a Nominating Committee recommended nominee. However, the Nominating Committee does believe that all members of the Board should have the highest character and integrity; a reputation for working constructively with others; sufficient time to devote to Board matters; and no conflict of interest that would interfere with performance as a director. In addition, it is anticipated that the Board as a whole be able to operate in an atmosphere where the chemistry of the individuals is a key element.

The Nominating Committee does not evaluate candidates differently based on who has made the proposal. The Nominating Committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates. No such consultants or search firms have been used to date and, accordingly, no fees have been paid to consultants or search firms in the past fiscal year.

In considering persons to nominate for election as common stock directors, the Nominating Committee will entertain recommendations from common stockholders that are submitted in writing to the Corporation, provided that such common stockholders (i) beneficially own more than 5% of the Corporation's common stock or (ii) have beneficially owned more than 1% of the Corporation's common stock for at least one year. Stockholders meeting such criteria may recommend candidates for consideration by the Nominating Committee by writing to Gregory Ferenbach, Corporate Secretary, 1100 Wilson Blvd., Suite 2500, Arlington, VA 22209, giving the candidate's name, contact information, biographical data and qualifications, as well as evidence that the stockholder satisfies the criteria set forth above. A written statement from the candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director should accompany any such recommendation. All such recommendations will be treated confidentially and brought to the attention of the Nominating Committee.

Stockholders who wish to nominate a director for election at an annual meeting of the stockholders of the Corporation must also comply with the Corporation's By-laws regarding stockholder proposals and nominations. See "Stockholder Proposals" contained in this proxy statement.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2008, Messrs. Wargo, Johnson and Milano served on the Compensation Committee. No member of the Compensation Committee was, during fiscal year 2008, an officer or employee of the Corporation or was formerly an officer of the Corporation, or had any relationship requiring disclosure by the Corporation as a related party transaction under applicable SEC rules. No executive officer of the Corporation served on any board of directors or compensation committee of any other company for which any of the Corporation's directors served as an executive officer at any time during fiscal year 2008.

Attendance at Meetings and Director Independence

The Board of Directors met four times during 2008. Each Director attended at least 75% of the meetings of the Board and of the meetings of the Board Committees on which he or she served as a member in 2008. At each regularly scheduled meeting of the Board, the independent directors met in executive session. The Board's Presiding Independent Director, currently Mr. Coulter, presides at these executive sessions. The Corporation strongly encourages all incumbent directors and director nominees to attend each annual meeting of stockholders. Nine incumbent directors attended the Corporation's last annual meeting of stockholders held on April 29, 2008.

The Board of Directors consists of a majority of independent directors, as independence is defined under the NASDAQ Listing Standards. The Board of Directors has determined that all members of the Board of Directors, except for Mr. Silberman, are independent under these standards.

Table of Contents

Code of Business Conduct

The Board of Directors adopted a Code of Business Conduct in February 2004, meeting the requirements of Section 406 of the Sarbanes-Oxley Act of 2002 and applicable NASDAQ requirements. The Code of Conduct was amended on February 12, 2008 to provide updates and clarifications but was not amended in any material respects. The Corporation will provide to any person without charge, upon request, a copy of such Code of Business Conduct. Persons wishing to make such a request should contact Sonya G. Udler, Senior Vice President - Corporate Communications, 1100 Wilson Blvd., Suite 2500, Arlington, VA 22209, (703) 247-2500. In addition, the Code of Business Conduct is available on the corporate website, www.strayereducation.com. In the event that the Corporation makes any amendment to, or grants any waiver from, a provision of the Code of Business Conduct that applies to the Corporation's principal executive officer, principal financial officer, principal accounting officer, controller or certain other senior officers and requires disclosure under applicable SEC rules, the Corporation intends to disclose such amendment or waiver and the reasons for the amendment or waiver on the Corporation's website, located at www.strayereducation.com and, as required by NASDAQ, file a Current Report on Form 8-K with the SEC reporting the amendment or waiver.

Stockholder Communication with Directors

The Corporation has a process for stockholders to send communications to the Board of Directors. Any stockholder that wishes to communicate with the Board of Directors may do so by submitting correspondence in writing to the Board, in care of Gregory Ferenbach, Corporate Secretary, 1100 Wilson Blvd., Suite 2500, Arlington, VA 22209. COMPENSATION DISCUSSION AND ANALYSIS

Compensation Policies and Objectives

In accordance with the Compensation Committee charter, the Corporation employs the following general policies in determining executive compensation:

1. The Corporation believes that compensation of the Corporation's key executives should be sufficient to attract and retain highly qualified and productive personnel, as well as to enhance productivity and encourage and reward superior performance.

2. It is the policy of the Corporation that the three primary components of the Corporation's total compensation package (salary, bonus, and equity grants) will be considered in the aggregate in determining the amount of any one component.
3. The Corporation seeks to reward achievement of specific long and short-term individual and corporate performance goals by authorizing annual cash bonuses.
4. The Corporation believes that it should make both initial equity grants to key executive officers upon their commencement of employment, and that it should, subject to achievement of certain financial,

Table of Contents

operational, and individual objectives, make additional annual equity grants in order to retain, motivate, and align the interests of those key executive officers with stockholders.

5. The criteria used for assessing executive performance in any year is based on the Corporation meeting certain financial targets and other performance criteria set annually by the Board within criteria approved by the shareholders at the Corporation's Annual Meeting on May 3, 2006. The Compensation Committee then exercises its judgment regarding the performance of executive officers against performance goals approved by the Board within criteria approved by the shareholders at the Corporation's Annual Meeting on May 3, 2006.
6. The Corporation's guiding principles are focused on encouraging officers and directors to think like owners. To this end, the Corporation recommends:
 - i. Senior officers purchase outright in the market and hold during their term of employment a meaningful number of common shares; and
 - ii. Senior officers hold at least 75% of any granted stock options without exercise during the term of the stock options.
7. The Corporation believes that annual grants of restricted stock are generally preferable as an equity compensation vehicle and more suited to our long-term business model than larger sporadic grants of stock options. This is so because shares of restricted stock have an intrinsic value when granted (as opposed to options) and therefore, the employee holding restricted stock shares a downside risk to such value with other owners of the Corporation's common stock.
8. Although the Compensation Committee generally reviews publicly available industry data when reviewing annual compensation, the Compensation Committee does not specifically use companies in the same industry as the basis for establishing the compensation of the Corporation's executive officers nor does the Compensation Committee peg salary levels to any given quartile in our industry or other industries. Instead, the Compensation Committee attempts to make reasoned judgments of compensation levels for executives as influenced by all relevant market forces.

Who Determines Compensation?

In accordance with the Compensation Committee charter, compensation for the Corporation's CEO is determined by the Compensation Committee subject to approval of the Corporation's Board of Directors (excluding the CEO, who is also a Director). In making its determination on CEO compensation, the Compensation Committee reviews a number of factors, including but not limited to:

- i. The Corporation's achievement of annual goals and objectives set by the full Board of Directors in the preceding year,
- ii. Short term and long term performance of the Corporation, and
- iii. CEO compensation level at comparable companies.

For the other named executive officers, the Compensation Committee reviews, approves, and recommends to the full Board compensation based on:

- i.

Performance of the executive officers in light of relevant goals and objectives approved by the Compensation Committee and the annual goals and objectives established by the Board in the preceding year,

- ii. Short term and long term performance of the Corporation,
- iii. Executive compensation level at comparable companies, and
- iv. The recommendations of the CEO.

The Compensation Committee meets from time to time during the year as may be required to address compensation and equity grant issues associated with new officer hires and director appointments, as well

Table of Contents

as, if applicable, making equity grants as long-term compensation and making other determinations or recommendations with respect to employee benefit plans and related matters. The Committee meets in February of each year when audited year-end financial statements are available, to consider bonuses with respect to the just completed fiscal year, consider equity awards, and determine executive officer salaries with respect to the next fiscal year.

Identification and Analysis of 2008 Compensation Programs

During 2008, the Corporation's executive compensation included salary, bonus and long-term compensation in the form of restricted stock awarded under the Corporation's Stock Option Plan.

Salary Salaries for executives other than the CEO are reviewed, approved, and recommended to the full Board annually by the Compensation Committee upon recommendation of the CEO. The CEO's salary is specified in his employment agreement (see Employment Agreements, Change in Control Agreements and Severance Plans section below), and is annually reviewed and approved by the Compensation Committee and the full Board of Directors.

Bonus Payment of an annual cash bonus to executives is at the discretion of the Compensation Committee and is subject to Board approval. It is designed to compensate executives for superior performance against corporate goals (including financial targets) set by the Board, as well as meritorious individual efforts. The corporate goals and financial targets are reviewed and approved by the Board of Directors in the fourth quarter of the preceding year. In order to determine whether a bonus will be paid, the Compensation Committee evaluates whether a required minimum level of performance has been achieved against corporate financial targets and other goals. No single financial target or goal is dispositive or material. The Corporation believes the achievement of these goals is realistic but not certain. Provided that the minimum performance level has been achieved, the Compensation Committee then decides the amount of the individual bonuses, if any, based on the awardee's personal performance against individual goals. The target bonus for Senior Vice Presidents and above is 75% of salary, and for Vice Presidents, 40% of salary. Only corporate officers are eligible for cash bonuses. See Summary Compensation and Narrative Disclosure to Summary Compensation Table and Grants of Plan-based Awards Table for more information regarding bonuses awarded for 2008.

Equity-based Compensation Programs The Corporation believes it should make both initial equity grants to key executive officers upon their commencement of employment, and that it should, subject to achievement of certain financial, operational, and individual objectives, make additional annual equity grants in order to retain, motivate, and align the interests of those key executive officers with stockholders. The Corporation has determined that the equity grant portion of executive compensation is generally preferable to be made in the form of restricted stock rather than stock options because shares of restricted stock have an intrinsic value when granted (as opposed to options) and therefore the employee holding restricted stock shares a downside risk to such value with other owners of the Corporation's common stock and this form of equity compensation is more suited to our long-term business model. Equity awards are generally issued on the date of the February Board of Directors meeting each year, by which time the financial results for the preceding year have been finalized. For all stock-based grants, the closing price of the Corporation's common stock on the date of issue is used as the grant price. Beginning in March 2006, the Corporation began making a cash payment to all holders of vested, unexercised stock options on the same date and in the same amount as the Corporation's common stock dividend to encourage executives and directors to hold such options, and therefore better aligning their interests with those of the Corporation. In February 2006, the Corporation's Board of Directors determined that grants of equity for executive compensation on an annual basis should not exceed 0.5% of total shares outstanding assuming no share repurchases. See Summary Compensation and Narrative Disclosure to Summary Compensation Table and Grants of Plan-based Awards Table for more

information regarding equity-based awards.

Perquisites and Other Personal Benefits The Corporation does not offer any perquisites except for reimbursement of relocation expenses including tax gross-ups, when applicable. This perquisite is offered to any named executive officer hired from a different location to encourage prospective executives to relocate.

Employment Agreements, Change in Control Agreements, and Severance Plans Robert S. Silberman, the Corporation's Chairman and Chief Executive Officer, has an employment agreement with the Corporation which had an initial term of approximately three years (ending on December 31, 2004), and thereafter, automatically extends for successive one-year periods unless either the Corporation or Mr. Silberman provides timely notice to the contrary. Mr. Silberman's employment agreement currently provides for a base salary of \$665,000 per annum (subject to annual increases for at least cost of living adjustments). Mr. Silberman is also eligible to receive a target award of at least 75% of base salary, in the form of a bonus for each of the fiscal years during which he is employed, upon meeting certain individual, corporate and financial goals annually approved by the Board. In the event of termination without cause, the employment contract also provides for the payment of three years base salary, three years of medical benefits and, if such termination is in connection with a change of control, an amount equal to three times the latest annual bonus award made to him under the agreement prior to the event of termination without cause. In addition, Mr. Silberman is entitled to a gross-up payment for any excise taxes which may be imposed on termination payments. Mr. Silberman is the only named executive officer who has an employment agreement.

Retirement and Deferred Compensation Plans The Corporation maintains a retirement plan (the 401(k) Plan) intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended. The 401(k) Plan is a defined contribution plan that covers all full-time employees of the Corporation of at least 21 years of age. Effective January 1, 2009, employees may contribute up to \$16,500 of their annual wages (subject to an annual limit prescribed by the Internal Revenue Code) as pretax, salary deferral contributions. The Corporation, in its discretion, matches employee contributions up to a maximum authorized amount under the plan. In 2008, the Corporation matched 100% of employee deferrals up to a maximum of 3% of the employee's annual salary and matched an additional 50% of employee contributions for deferrals between 3% and 5% of annual salary. The Corporation offers this plan to enable and encourage its employees to save for their retirement in a tax advantageous way. The Corporation also maintains an Employee Stock Purchase Plan (the Employee Purchase Plan). The purpose of the Employee Purchase Plan is to enable eligible full-time employees of the Corporation, through payroll deductions, to purchase shares of its common stock at a 10% discount from the prevailing market price from time to time. The Corporation offers this plan to encourage stock ownership by its employees. See Proposal 3 of this Proxy Statement concerning renewal of the Employee Purchase Plan.

Impact of Tax and Accounting Treatment

Under Section 162(m) of the Internal Revenue Code of 1986, as amended and applicable Treasury regulations, no deduction is allowed for annual compensation in excess of \$1 million paid by a publicly traded corporation to its chief executive officer and four other most highly compensated officers. Under those provisions, however, there is no limitation on the deductibility of qualified performance-based compensation. In general, the Corporation's policy is to maximize the extent of tax deductibility of executive compensation under the provisions of Section 162(m) so long as doing so is compatible with its determination as to the most appropriate methods and approaches for the design and delivery of compensation to the Corporation's executive officers.

Table of Contents**Stock Ownership and Retention Guidelines**

Narrative Disclosure to Summary Compensation Table and Grants of Plan-based Awards Table

It is the policy of the Corporation that the three primary components of the Corporation's total compensation package (salary, bonus, and equity grants) will be considered in the aggregate in determining the amount of any one component. With regard to 2008, the Board of Directors and the Compensation Committee did consider the three primary components of total compensation in the aggregate in determining the amount of any one component.

The bonus and equity grant determinations with respect to our named executive officers is made on a discretionary basis by the Compensation Committee, subject to the further approval of the Board. While the Compensation Committee considers various factors in determining the level of any bonus or equity grant payable, including the achievement of certain corporate financial targets, ultimately, no one factor is dispositive or material to the determination process. The Compensation Committee considers a wide variety of factors in its discretionary determinations, including academic improvement measures such as graduation and retention rates, improvements in student learning outcomes, advances in faculty hiring and qualifications, and development of new academic programs. The Committee also considers numerous non-financial targets, including compliance with all regulatory, legal and ethical business standards, the number of new campus openings, regulatory approvals to operate in new states, performance of the Company's online business, increases in corporate and institutional customers, and other operational performance measures. Finally, the Committee also considers five separate financial targets (revenue, operating margin, operating income, net income and earnings per share) and capital redeployment steps. While the Compensation Committee believes that each of the various targets is itself relevant to its determination of compensation, the achievement of any one target, or for that matter, any particular combination of factors, would not result in a specific bonus amount being paid to our named executive officers.

Once the Compensation Committee has evaluated the Company's relative performance with respect to each of the targets listed above, to the extent that it believes that such performance warrants bonus amounts or equity awards to be paid to the named executive officers generally, the Compensation Committee then evaluates each named executive officer's individual performance for the year, and specifically with respect to relative contribution each executive made toward the achievement of the Company goals described above, or to the extent such goals were not achieved, whether any executive disproportionately contributed to such non-achievement.

As noted, the Compensation Committee sets target bonus amounts for Senior Vice Presidents and above at 75% of such executive's base salary, and for Vice Presidents, at 40% of base salary, which the Compensation Committee believes provides a good framework for establishing internal pay equity among its executives, while maintaining the discretion to pay higher bonuses or equity awards when the Compensation Committee believes either or both

corporate or individual performance warrants.

As provided in the Summary Compensation Table, actual bonus amounts for the named executive officers with respect to 2008 ranged from approximately 75% of base salary to 120% of base salary, with differences in relative amounts, as discussed above, resulting from an executive's relative contribution to the success of the Company in 2008.

Table of Contents

In reviewing and recommending the named executive officers' total compensation in 2008, the Compensation Committee noted the performance of the Corporation's main operating asset, Strayer University, in terms of advances in faculty hiring and qualifications, development of new academic programs, successful expansion of the campus network and other institutional academic improvements including graduation rates and student learning outcomes. The Compensation Committee also took into account the Corporation's superior growth in revenue, operating income, net income and earnings per share during 2008, as well as its sector-leading operating margins and return on invested capital. The Compensation Committee confirmed that the Corporation met all of its annual corporate goals, which were established by the Board of Directors in October 2007, and noted the strong performance of the Corporation relative to its peer group.

Potential Payments upon Termination or Change in Control

Mr. Silberman is the only named executive officer with an employment contract. In the event that Mr. Silberman is terminated by the Corporation without cause, he is entitled to receive a lump sum payment of three years salary, which is currently equal to \$2.0 million. If such termination is in connection with a change of control, Mr. Silberman is entitled to receive a lump sum payment of an additional amount equal to three times his latest bonus award of \$495,000 for a total payout of \$3.5 million. (A change of control is defined in the contract as acquisition of more than 50% of the voting stock of the Corporation, completion of a merger or other business combination resulting in a change in control of more than 50% of the voting stock of the Corporation, election of a substantially different Board of Directors or approval by shareholders of a complete liquidation or dissolution of the Company.) In addition, Mr. Silberman is entitled to three years of medical benefits (estimated cost of \$45,000) and to a gross-up payment for any excise taxes which may be imposed on termination payments. No excise taxes would have been imposed had there been a termination or change of control at December 31, 2008. The agreement also contains covenants restricting Mr. Silberman from competing with the Corporation for three years after his termination of employment and requires Mr. Silberman to keep confidential the Corporation's proprietary information.

For all named executive officers, stock options and restricted stock awards vest immediately upon the occurrence of a change in control of the Corporation as defined in their respective stock option or restricted stock agreements. Change of control is defined in substantially the same way as in Mr. Silberman's contract. The valuation of the acceleration that would have been made for stock-based awards had there been a change in control at the closing price of \$214.41

of the Corporation's common stock at December 31, 2008 is set forth below.

Directors who are employees receive no additional compensation for serving as directors. All directors are reimbursed for expenses incurred in connection with their attendance at Board and Committee meetings.

Annual Retainer. Each eligible director is paid an annual fee of \$80,000 in quarterly installments. Of this amount, 50% (or \$40,000) of the annual fee is paid in cash and 50% in shares of restricted stock. Instead of receiving a cash payment, directors may elect to have up to 100% of their annual retainer paid in restricted stock.

Restricted Stock. As part of the annual retainer, \$40,000 – \$80,000 of restricted stock is issued to directors on the date of the Annual Meeting. The stock vests over three years, with one-third of the stock vesting each year. In the event any eligible Director wishes to retire from the Board of Directors, or wishes to resign from the Board to serve in another capacity that might preclude further service on the Board of Directors, and holds shares of unvested restricted stock in the Corporation, the Board of Directors may, in its discretion, waive the remaining vesting period(s) for all or any portion of such shares provided that the Director shall have served at least five years on the Board of Directors of the Corporation.

Fees for Audit Committee. Members of the Audit Committee receive an additional fee of \$1,000 per meeting (generally \$4,000 per year).

Reimbursement of Expenses. Directors are reimbursed for out-of-pocket expenses incurred in connection with their attendance at Board and Committee meetings.

AUDIT COMMITTEE REPORT

The Audit Committee of the Strayer Education, Inc. Board of Directors is composed of three directors, all of whom are independent, as independence is defined under the NASDAQ Listing Standards and Rule 10A-3(b)(1) of the 1934 Act. In 2008, the Audit Committee was composed of Messrs. Gensler (Chair), Grusky, and Waite. On February 2, 2009, Mr. Gensler resigned from the Board of Directors and the Audit Committee in view of his nomination by President Obama to serve as Chair of the Commodities Futures Trading Commission. The Board of Directors has appointed Mr. Grusky, a current member of the Audit Committee, as Chair of the Audit Committee. The Audit Committee operates under a written charter first adopted in 2001, which is currently reviewed annually and which has periodically been subsequently revised by the Committee to reflect regulatory developments. The Corporation will provide a copy of the charter to any person without charge, upon request. Persons wishing to make such a request should contact Sonya G. Udler, Senior Vice President - Corporate Communications, 1100 Wilson Blvd., Suite 2500, Arlington, VA 22209, (703) 247-2500. In addition, the Audit Committee charter is available on the Corporation's website, www.strayereducation.com. Under the Audit Committee Charter and the Committee's current policies, the Committee performs a variety of tasks, including (i) being directly responsible for the appointment, compensation and oversight of the Corporation's independent registered public accounting firm, (ii) reviewing the Corporation's accounting policies, (iii) reviewing the Corporation's unaudited quarterly earnings releases and periodic filings with the SEC that include financial statements, and (iv) reporting to the Board of Directors.

The management of the Corporation is responsible for the Corporation's internal controls and financial reporting process and for maintaining the Corporation's compliance with applicable accounting standards. PricewaterhouseCoopers LLP, the Corporation's independent registered public accounting firm, is responsible for performing an independent audit of the Corporation's financial statements in accordance with generally accepted auditing standards and to provide a report thereon. The Committee is not involved in the preparation of the Corporation's financial statements or audit, but instead its responsibility is to monitor and oversee these activities by management and the auditors, respectively.

In connection with this responsibility, during 2008 the Committee met and held discussions with management five times and together with the independent registered public accounting firm four times. The Committee reviewed and discussed the audited financial statements with management. At least quarterly, as a matter of practice, the

Committee, in addition to the agenda with all present, meets separately with each of management, internal audit, PricewaterhouseCoopers, and in executive session of itself. Management represented to the Committee that the Corporation's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee reviewed and discussed the consolidated financial statements with management and, independently with PricewaterhouseCoopers LLP. The Committee also discussed with PricewaterhouseCoopers LLP the matters required to be

Table of Contents

discussed by Statement on Auditing Standards No. 61, as amended (Communications with Audit Committees).

During the year 2008, management conducted the documentation, testing and evaluation of the Corporation's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Committee received periodic updates provided by management and PricewaterhouseCoopers LLP at each regularly scheduled Committee meeting. At the conclusion of the process, management provided the Committee with a report on the effectiveness of the Corporation's internal control over financial reporting. The Committee also reviewed the report of management contained in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2008 filed with the SEC, as well as PricewaterhouseCoopers LLP's Report of Independent Registered Public Accounting Firm (included in the Corporation's Annual Report on Form 10-K). This report of PricewaterhouseCoopers LLP related to its audit of (i) the consolidated financial statements and (ii) the effectiveness of internal control over financial reporting. The Committee continues to oversee the Corporation's efforts related to its internal control over financial reporting and management's preparations for the evaluation in fiscal 2009.

The Committee has received from PricewaterhouseCoopers LLP the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with PricewaterhouseCoopers LLP its independence. PricewaterhouseCoopers LLP advised the Committee that there were no disagreements with management regarding the preparation of the Corporation's financial statements or the conduct of the annual audit.

Based upon the review and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements for the year 2008 be included in the Corporation's annual report on Form 10-K for the year ended December 31, 2008, filed with the SEC, and that PricewaterhouseCoopers LLP be retained as the Corporation's independent registered public accounting firm for the fiscal year 2009.

Certain Transactions with Related Parties

The Corporation had no transactions with related parties during the fiscal year ended December 31, 2008. The Corporation prohibits conflict of interest activities by any Director or Officer unless specifically approved in advance and in writing by the General Counsel, CEO, and Audit Committee of the Board of Directors after full disclosure of all aspects of the activity. Any such activity will be publicly disclosed. See "Code of Business Conduct" in this Proxy Statement for more information.

Table of Contents**PROPOSAL 2****Ratification of Appointment of Independent Registered Public Accounting Firm**

The Audit Committee and the Board of Directors have appointed the independent registered public accounting firm of PricewaterhouseCoopers LLP to serve as the Corporation's independent registered public accounting firm for the fiscal year ending December 31, 2009. PricewaterhouseCoopers LLP has acted as the Corporation's independent registered public accounting firm for the fiscal year ended December 31, 2008. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire and to respond to appropriate questions. Although stockholder ratification of the appointment of auditors is no longer required as a technical matter, the appointment of PricewaterhouseCoopers LLP is being submitted for ratification as a matter of good corporate practice in order that the Audit Committee may take into consideration the views of stockholders on this matter. The ratification of the appointment of PricewaterhouseCoopers LLP requires the approval of a majority of the votes cast at the Annual Meeting.

The Board of Directors recommends a vote for the proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the fiscal year ending December 31, 2009.

PROPOSAL 3**Re-Authorization of Employee Stock Purchase Plan**

The Corporation provides all full-time employees the opportunity to purchase shares of common stock of the Corporation through an Employee Stock Purchase Plan (ESPP). The ESPP provides a convenient and affordable

means for all employees to participate in the Corporation's success at their discretion.

Under the ESPP, employees may purchase Corporation stock at a 10% discount from its fair market value on the date of purchase through regular payroll deductions. Purchases are limited to 10% of an eligible employee's compensation. In 2008, a total of 3,208 shares were purchased by 204 participants at an average price \$175.86 per share. A total of 66,670 shares have been purchased on the open market from 1998 through 2008. It is not necessary to increase the shares authorized to be issued under the ESPP (2,500,000 shares) because the shares are generally purchased on the open market.

The ESPP, originally adopted in May 1998, includes an automatic termination provision, which is required by IRS regulations. The ESPP provides that it may be amended by Board of Directors at any time.

Table of Contents

To maintain the ESPP in good standing, the Board of Directors approved an amendment in 2008 to extend the term of the ESPP for an additional ten (10) years, subject to shareholder approval at the 2009 Annual Meeting.

The Board of Directors recommends that stockholders vote For the re-authorization of the ESPP for an additional ten (10) year period, until May 18, 2018.

Stockholder Proposals

All stockholder proposals intended to be presented at the 2010 Annual Meeting of Stockholders must be received by the Corporation no later than November 23, 2009 and must otherwise comply with rules of the SEC for inclusion in the Corporation's proxy statement and form of proxy relating to the meeting.

SEC rules also establish a different deadline for submission of stockholder proposals that are not intended to be included in the Corporation's proxy statement with respect to discretionary voting. The discretionary voting deadline for the Corporation's 2010 Annual Meeting is February 8, 2010. If a stockholder gives notice of such a proposal after the discretionary voting deadline, the Corporation's proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at the Corporation's 2010 Annual Meeting of Stockholders.

Other Matters

The Corporation knows of no other matters to be presented for action at the Annual Meeting other than those mentioned above. However, if any other matters should properly come before the meeting, it is intended that the persons named in the accompanying proxy card will vote on such matters in accordance with their best judgment.
