NEWS RELEASE

Enbridge Reports Successful Open Season for LaCrosse Pipeline

HOUSTON and CALGARY, Alberta (May 20, 2009) Enbridge Inc. (TSX:ENB) (NYSE:ENB) today reported a successful non-binding Open Season for the proposed Enbridge LaCrosse Pipeline. The proposed interstate pipeline would transport 1.0 to 1.8 billion cubic feet per day of natural gas from Carthage, Texas, to Washington Parish in Southeastern Louisiana.

Based on the strong indications of shipper support received during the non-binding Open Season, we plan to move forward with further development of plans for this important and timely interstate natural gas pipeline project, said Pat Daniel, President and Chief Executive Officer, Enbridge, Inc.

The pipeline could interconnect with as many as 12 pipelines, depending on shipper interest. Enbridge also is exploring the possibility of extending the pipeline to Florida Gas Transmission's Station 10 near Wiggins, Mississippi. The proposed project is expected to be completed in early 2012. Additional information on the proposed LaCrosse Pipeline is online at www.lacrosse.enbridgeus.com.
