Dear El Paso Stockholder:

We cordially invite you to attend our 2010 Annual Meeting of Stockholders. The Annual Meeting will be held on Wednesday, May 19, 2010, beginning at 9:00 a.m. (local/Central time) at the Four Seasons Hotel Houston, 1300 Lamar Street, Houston, Texas 77010.

At this year's Annual Meeting, you will be asked to vote on the election of 12 directors, an amendment and restatement of our 2005 Omnibus Incentive Compensation Plan and the ratification of Ernst & Young LLP's appointment as our independent registered public accounting firm for 2010.

Board member James L. Dunlap will be retiring from our Board of Directors at this Annual Meeting pursuant to our mandatory retirement age policy. We thank him for his dedicated service to El Paso and wish him well. In addition, we are pleased to welcome David W. Crane and Timothy J. Probert as members of our Board of Directors. Messrs. Crane and Probert joined our Board of Directors in December 2009 and will be standing for re-election, along with all other director nominees, at this Annual Meeting.

Pursuant to rules promulgated by the U.S. Securities and Exchange Commission, we are providing access to our proxy materials over the Internet. As a result, we are mailing to most of our stockholders an Important Notice Regarding the Availability of Proxy Materials (Notice) instead of a paper copy of this proxy statement, our 2009 Annual Report on Form 10-K and our 2009 Summary Report. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement and a form of proxy card, our 2009 Annual Report on Form 10-K and our 2009 Summary Report. All stockholders who do not receive a Notice will receive a paper copy of the proxy materials by mail. We believe that this process allows us to provide our stockholders with the information they need in an efficient, cost-effective manner, while reducing the environmental impact of printing and distributing proxy materials.

Your vote is very important. I hope you will be able to attend the Annual Meeting, but if you cannot, please vote your proxy as soon as you can.

Sincerely,

Douglas L. Foshee
Chairman, President and Chief Executive Officer

**NOTICE OF 2010 ANNUAL MEETING OF STOCKHOLDERS
May 19, 2010**

On May 19, 2010, El Paso Corporation will hold its 2010 Annual Meeting of Stockholders at the Four Seasons Hotel Houston, 1300 Lamar Street, Houston, Texas 77010. The Annual Meeting will begin at 9:00 a.m. (local/Central time).

Only El Paso stockholders who owned shares of our common stock at the close of business on March 24, 2010, are entitled to notice of, and can vote at, this Annual Meeting or any adjournments or postponements that may take place. At the Annual Meeting, you will be asked to:

1. elect 12 directors, each to hold office for a term of one year;
2. approve the El Paso Corporation 2005 Omnibus Incentive Compensation Plan, as amended and restated, to increase the number of shares available for issuance by 7.0 million; and
3. ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

These proposals are described in the attached proxy statement. We will also attend to any other business properly presented at the Annual Meeting.

By Order of the Board of Directors

PROXY STATEMENT

2010 ANNUAL MEETING OF STOCKHOLDERS May 19, 2010

Our Board of Directors is furnishing you with this proxy statement to solicit proxies on its behalf to be voted at the 2010 Annual Meeting of Stockholders of El Paso Corporation. The Annual Meeting will be held at the Four Seasons Hotel Houston, 1300 Lamar Street, Houston, Texas 77010, on Wednesday, May 19, 2010, at 9:00 a.m. (local/Central time). The proxies also may be voted at any adjournments or postponements of the Annual Meeting.

In accordance with the Notice and Access rules adopted by the U.S. Securities and Exchange Commission (SEC), we have elected to provide access to our proxy materials to our stockholders by providing access to such documents on the Internet. Accordingly, on or about April 9, 2010, an Important Notice Regarding the Availability of Proxy Materials (Notice) will be mailed to our stockholders of record. Stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request a printed set of the proxy materials be sent to them, by following the instructions on the Notice.

Unless stated otherwise or the context otherwise requires, all references in this proxy statement to us, we, our, company or El Paso are to El Paso Corporation.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

1. Who may vote?

Stockholders holding shares of El Paso's common stock, par value \$3.00 per share, as of the close of business on the record date, March 24, 2010, and present in person or represented by a properly executed proxy are entitled to vote at the Annual Meeting, or any adjournments or postponements of the Annual Meeting. You have one vote for each share of common stock held as of the record date, which may be voted on each proposal presented at the Annual Meeting.

2. What is the record date and what does it mean?

The record date for the Annual Meeting is March 24, 2010. The record date was established by the Board of Directors as required by our By-laws and Delaware law. Owners of record of El Paso's common stock at the close of business on the record date are entitled to:

Receive notice of the Annual Meeting; and

Vote at the Annual Meeting, and any adjournments or postponements of the Annual Meeting.

3. How many shares of El Paso common stock were outstanding on the record date?

There were 702,590,535 shares of common stock outstanding and entitled to vote at the Annual Meeting at the close of business on the record date. Common stock is the only class of stock entitled to vote.

4. Why did I receive a Notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

This year, in connection with SEC rules that allow companies to furnish their proxy materials over the Internet, we have sent to most of our stockholders an Important Notice Regarding the Availability of Proxy Materials instead of a paper copy of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a paper copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis. A stockholder's election to receive proxy materials by mail or e-mail will remain in effect until the stockholder terminates the election.

Table of Contents

5. Why didn't I receive a Notice in the mail regarding the Internet availability of proxy materials?

We are providing stockholders who have previously requested to receive paper copies of the proxy materials with paper copies of the proxy materials instead of a Notice. If you would like to reduce the costs incurred by us in mailing proxy materials, you can consent to receiving all future proxy statements, proxy cards and annual reports electronically via e-mail or the Internet. To sign up for electronic delivery, please follow the instructions provided in your Notice, or if you received a printed version of the proxy materials by mail, by following the instructions provided with your proxy materials and on your proxy card or voting instruction card to vote using the Internet. When prompted, indicate that you agree to receive or access stockholder communications electronically in the future.

6. Can I vote my shares by filling out and returning the Notice?

No. The Notice will, however, provide instructions on how to vote by Internet, by requesting and returning a paper proxy card, or by submitting a ballot in person at the Annual Meeting.

7. How can I access the proxy materials over the Internet?

You can view the proxy materials for the Annual Meeting on the Internet at *www.proxyvote.com*. Please have your 12 digit control number available. Your 12 digit control number can be found on your Notice. If you received a paper copy of your proxy materials, your 12 digit control number can be found on your proxy card or voting instruction form.

Our proxy materials are also available on our website at *www.elpaso.com*.

8. What am I voting on?

You are voting on the following:

the election of 12 directors;

the approval of the El Paso Corporation 2005 Omnibus Incentive Compensation Plan, as amended and restated; and

the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

9. How does the Board recommend that I vote?

The Board recommends that you vote:

FOR each of the nominees for director;

FOR the approval of the El Paso Corporation 2005 Omnibus Incentive Compensation Plan, as amended and restated; and

FOR the approval of the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

10. Why should I vote?

Your vote is very important regardless of the number of shares you hold. The Board strongly encourages you to exercise your right to vote as a stockholder of the company. Please note that the rules that determine how your broker can vote your shares have changed. Brokers may no longer vote your shares on the election of directors in the absence of your specific instructions as to how to vote. Please provide your broker with voting instructions so that your vote can be counted. See question, 14, What happens if I do not specify a choice for a proposal when returning a proxy? below for additional information.

Table of Contents

11. How do I vote?

You may vote by any of the following methods:

By Telephone or Internet If you have telephone or Internet access, you may submit your proxy vote by following the instructions provided in the Notice or on your proxy card or voting instruction form.

By Mail You may submit your proxy vote by mail by signing a proxy card if your shares are registered or, for shares held beneficially in street name, by following the voting instructions included by your broker, trustee or nominee, and mailing it in the enclosed envelope. If you provide specific voting instructions, your shares will be voted as you have instructed.

In Person at the Annual Meeting If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to vote in person at the Annual Meeting. If your shares are held in a brokerage account or by another nominee or trustee, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you are also invited to attend the Annual Meeting. Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from your broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. See question 18, "Who can attend the Annual Meeting?" below for additional information.

12. If I vote by telephone or Internet and received a proxy card in the mail, do I need to return my proxy card?

No.

13. Can I change my vote?

If you are a stockholder of record, you may revoke your proxy at any time before the voting polls are closed at the Annual Meeting, by the following methods:

voting at a later time by telephone or Internet;

writing our Corporate Secretary, Marguerite N. Woung-Chapman, El Paso Corporation, P.O. Box 2511, Houston, Texas 77252-2511; or

giving notice of revocation to the Inspector of Election at the Annual Meeting.

If you are a street name stockholder and you vote by proxy, you may later revoke your proxy by informing the holder of record in accordance with that entity's procedures.

14. What happens if I do not specify a choice for a proposal when returning a proxy?

You should specify your choice for each proposal on your proxy card or voting instruction form. Shares represented by proxies will be voted in accordance with the instructions given by the stockholders. If you are a registered stockholder and your proxy card is signed and returned without voting instructions, it will be voted according to the recommendation of the Board of Directors. If you are a beneficial stockholder and fail to provide voting instructions, your broker, bank or other holder of record is permitted to vote your shares on the ratification of Ernst & Young LLP

as our independent registered public accounting firm. **However, absent instructions from you, the record holder may not vote on the election of directors or the approval of our amended and restated 2005 Omnibus Incentive Compensation Plan.** Without your voting instructions on these proposals, a broker non-vote will occur, which means your vote will not be counted.

15. What happens if other matters come up at the Annual Meeting?

The matters described in the notice of Annual Meeting are the only matters we know of which will be voted on at the Annual Meeting. If other matters are properly presented at the Annual Meeting, the persons named in the enclosed proxy card or voting instruction form will vote your shares according to their best judgment.

Table of Contents

16. Who will count the votes?

A representative of Broadridge, an independent tabulator appointed by the Board of Directors, will count the votes and act as the Inspector of Election. The Inspector of Election shall have the authority to receive, inspect, electronically tally and determine the validity of the proxies received.

17. What is a quorum?

To transact any business at the Annual Meeting, a quorum must be present. A quorum is a majority of the aggregate voting power of our outstanding shares of common stock that are entitled to vote and are present in person at the Annual Meeting or represented by proxy. If you submit a properly executed proxy, you will be considered part of the quorum even if you abstain from voting. Broker non-votes are treated as present for the purpose of determining a quorum.

18. Who can attend the Annual Meeting?

Admission to the Annual Meeting is limited to stockholders of El Paso, persons holding validly executed proxies from stockholders who held El Paso common stock on March 24, 2010, and invited guests of El Paso.

If you are a stockholder of El Paso, you must bring certain documents with you in order to be admitted to the Annual Meeting. The purpose of this requirement is to help us verify that you are actually a stockholder of El Paso. Please read the following rules carefully because they specify the documents that you must bring with you to the Annual Meeting in order to be admitted. The items that you must bring with you differ depending upon whether you are a record holder or hold your stock in street name through your broker or other nominee.

Proof of ownership of El Paso stock must be shown at the door. Failure to provide adequate proof that you were a stockholder on the record date may prevent you from being admitted to the Annual Meeting.

If you were a record holder of El Paso common stock on March 24, 2010, then you must bring a valid government-issued personal identification (such as a driver's license or passport).

If a broker, bank, trustee or other nominee was the record holder of your shares of El Paso common stock on March 24, 2010, then you must bring:

Valid government-issued personal identification (such as a driver's license or passport); and

Proof that you owned shares of El Paso common stock on March 24, 2010.

Examples of proof of ownership include the following: (1) a letter from your bank or broker stating that you owned El Paso common stock on March 24, 2010; (2) a brokerage account statement indicating that you owned El Paso common stock on March 24, 2010; or (3) the voting instruction form provided by your broker indicating that you owned El Paso common stock on March 24, 2010.

If you are a proxy holder for a stockholder of El Paso, then you must bring:

The validly executed proxy naming you as the proxy holder, signed by a stockholder of El Paso who owned shares of El Paso common stock on March 24, 2010, and

Valid government-issued personal identification (such as a driver's license or passport), and

If the stockholder whose proxy you hold was not a record holder of El Paso common stock on March 24, 2010, proof of the stockholder's ownership of shares of El Paso common stock on March 24, 2010, in the form of a letter or statement from a bank, broker or other nominee indicating that the stockholder owned El Paso common stock on March 24, 2010.

You may not use cameras, recording equipment or other electronic devices during the Annual Meeting.

19. How many votes must each proposal receive to be adopted?

With respect to the election of directors, our By-laws provide for the election of directors by the majority vote of stockholders in uncontested elections. This means the number of votes cast for a nominee's

Table of Contents

election must exceed the number of votes cast against such nominee's election in order for him or her to be elected to the Board of Directors. Broker non-votes do not count as votes cast for or against the director's election. See Corporate Governance Voting Standard to Elect Directors on page 10 of this proxy statement for additional information.

With respect to the approval of the amendment and restatement of our 2005 Omnibus Incentive Compensation Plan, in order to satisfy the listing standards of the New York Stock Exchange (NYSE) the total vote cast with respect to the proposal concerning the omnibus plan must represent more than 50% of the total number of shares entitled to vote on the proposal, and the proposal must receive the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting. In determining whether the number of votes cast represents more than 50% of the total number of shares entitled to vote, abstentions will count as votes cast. Broker non-votes do not count as votes cast for or against the proposal.

With respect to the ratification of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010, the proposal must receive the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting. Abstentions will count as votes against the proposal.

20. How are votes counted?

Votes are counted in accordance with our By-laws and Delaware law. Shares will not be voted at the Annual Meeting if a properly executed proxy card covering those shares has not been returned and the holder does not cast votes in respect of those shares in person at the Annual Meeting.

21. How can I view the stockholder list?

A complete list of the registered stockholders entitled to vote at the Annual Meeting will be available to view during the Annual Meeting. You may access this list at El Paso's offices at 1001 Louisiana Street, Houston, Texas 77002 during ordinary business hours for a period of ten days before the Annual Meeting.

22. Who pays for the proxy solicitation related to the Annual Meeting?

We do. In addition to sending you or making available to you these materials, some of our directors and officers as well as management and non-management employees may contact you by telephone, mail, e-mail or in person. You may also be solicited by means of press releases issued by El Paso, postings on our website, www.elpaso.com, and advertisements in periodicals. None of our officers or employees will receive any extra compensation for soliciting you. We have retained Georgeson Inc. to assist us in soliciting your proxy for an estimated fee of \$17,500, plus reasonable out-of-pocket expenses. Georgeson will ask brokers and other custodians and nominees whether other persons are beneficial owners of El Paso common stock. If so, we will supply them with the Notice or proxy materials for distribution to the beneficial owners. We will also reimburse banks, nominees, fiduciaries, brokers and other custodians for their costs of sending the Notice or proxy materials to the beneficial owners of El Paso common stock.

23. If I want to submit a stockholder proposal for the 2011 Annual Meeting, when is it due?

If you want to submit a proposal for possible inclusion in next year's proxy statement, you must submit it *in writing* to the Corporate Secretary, El Paso Corporation, P.O. Box 2511, Houston, Texas 77252-2511, telephone (713) 420-4018 and facsimile (713) 420-4099. El Paso must receive your proposal on or before December 10, 2010. El Paso will consider only proposals meeting the requirements of the applicable rules of the SEC.

Additionally, under our By-laws, for a stockholder to bring any matter before the 2011 Annual Meeting that is not included in the 2011 Proxy Statement, the stockholder's written notice must be received not less than 90 days nor more than 120 days prior to the first anniversary of the 2010 Annual Meeting. Under this criterion, stockholders must provide us with a notice of a matter to be brought before the 2011 Annual Meeting during the period from January 19, 2011 to February 18, 2011.

Table of Contents

If the 2011 Annual Meeting is held more than 30 days before or 60 days after May 19, 2011, for a stockholder seeking to bring any matter before the 2011 Annual Meeting, the stockholder's written notice must be received not less than 90 days nor more than 120 days before the date of the 2011 Annual Meeting or by the tenth day after we publicly announce the date of the 2011 Annual Meeting, if that would result in a later deadline.

24. How can I obtain a copy of the Annual Report on Form 10-K?

As set forth on the Notice, you may receive a hard copy of proxy materials, including the Annual Report on Form 10-K, by following the directions set forth on the Notice. The Annual Report on Form 10-K is also available on our website at www.elpaso.com.

CORPORATE GOVERNANCE

We are committed to maintaining the highest standards of corporate governance. We believe that strong corporate governance is critical to achieving our performance goals, and to maintaining the trust and confidence of investors, employees, suppliers, business partners, customers, communities in which we operate, regulatory agencies and other stakeholders.

Corporate Governance Guidelines. Our Corporate Governance Guidelines, together with the Board committee charters, provide the framework for the effective governance of El Paso. The Board of Directors has adopted our Corporate Governance Guidelines to address matters including qualifications for directors, standards for independence of directors, election of directors, responsibilities of directors, mandatory retirement for directors, limitation on serving on other boards/committees, the composition and responsibility of committees, conduct and minimum frequency of Board and committee meetings, management succession, director access to management and outside advisors, director compensation, stock ownership requirements, prohibition on hedging company stock, director orientation and continuing education, annual self-evaluation of the Board, its committees and directors and our policy on poison pills. The Board of Directors recognizes that effective corporate governance is an on-going process, and the Board, either directly or through the Governance & Nominating Committee, will review and revise as necessary our Corporate Governance Guidelines annually, or more frequently if deemed necessary. Our Corporate Governance Guidelines may be found on our website at www.elpaso.com.

Independence of Board Members. Our Corporate Governance Guidelines require that a majority of our Board of Directors meet the independence requirements of the NYSE listing requirements and at least 75 percent of our Board of Directors must not be from current management. The Board of Directors observes and complies with all criteria for independence established by the NYSE listing requirements and other governing laws and regulations. The Board of Directors makes its determination of the independence of its members based on categorical standards it has adopted to assist in its assessment of the independence of each director. The categorical standards adopted by the Board of Directors are consistent with the NYSE listing requirements and provide that a director, in order to be considered independent, must not have a direct or indirect material relationship with us or our management other than as a director. The standards of independence adopted by the Board are contained in our Corporate Governance Guidelines, which may be found on our website at www.elpaso.com.

The Board has affirmatively determined that each of our directors, with the exception of our Chairman, President and Chief Executive Officer (CEO) Douglas L. Foshee, meet the standards of independence adopted by the Board and are independent. In reaching this determination, the Board reviewed each director's commercial and charitable relationships and determined that none of these relationships affect the independence of the individual directors. Thus, 12 of our 13 current directors, and 11 of our 12 director nominees, are independent. Further, our Audit, Compensation, Governance & Nominating, Finance and Health, Safety & Environmental Committees are composed entirely of independent directors.

Audit Committee Financial Expert. The Audit Committee plays an important role in promoting effective accounting, financial reporting, risk management and compliance procedures and controls. All members of our Audit Committee meet the financial literacy standard required by the NYSE rules and at least one member qualifies as having accounting or related financial management expertise under the NYSE rules. In addition, the Board of

Table of Contents

Directors has affirmatively determined that Messrs. Hix (chairman of our Audit Committee), Goldman and Shapiro are audit committee financial experts.

Board Leadership Structure. Douglas Foshee serves as both Chairman of the Board and our President and CEO. Mr. Foshee has served as our President and CEO since September 2003 and was subsequently named Chairman in May 2009, when the Board elected to combine the positions of Chairman and CEO. The Board believes this is the most effective Board leadership structure at the present time and believes that Mr. Foshee, in his role as Chairman/CEO, has the ability to execute on both the company's short-term and long-term strategies necessary for the challenging marketplace in which the company competes.

The Board believes that El Paso has in place sound counter-balancing mechanisms to ensure that the company maintains the highest standards of corporate governance and continued accountability of the CEO to the Board. These counter-balancing mechanisms include:

A super-majority of independent directors on the Board.

An independent Lead Director, J. Michael Talbert, who was designated Lead Director in May 2009. Mr. Talbert has been a member of our Board since 2003 and until 2007 served as non-executive Chairman of the Board of Transocean Inc. Mr. Talbert has been a strong and influential addition to the Board and played an integral role in promoting robustness and confidence in the Board's execution of its responsibilities. As detailed below in how the roles interact, Mr. Talbert's responsibilities as Lead Director and advisory role to Mr. Foshee complement Mr. Foshee's role as Chairman and CEO while providing the necessary checks and balances to hold both the Board and the Chairman/CEO accountable in their respective roles.

Each of the Board's standing committees, including the Audit, Compensation, Governance & Nominating, Finance and Health, Safety & Environmental Committees, are comprised of and chaired solely by non-employee directors who meet the independence requirements under the NYSE listing standards and other governing laws and regulations.

Review and determination of Mr. Foshee's compensation and performance remains within the purview of the Compensation Committee.

The independent directors continue to meet in regular executive sessions without management present to discuss the effectiveness of the company's management, the quality of the Board meetings and any other issues and concerns.

The Board provides continued oversight of succession planning.

As stated in our Corporate Governance Guidelines, the Board does not have a policy as to whether the role of the CEO and the Chairman should be separate, or whether the Chairman should be a management or non-management director. Thus, while the Board has determined that Mr. Foshee should serve in the combined role of Chairman and CEO, the Board has the right to separate those roles if in the future it determines that such a separation would be in the best interests of the company and its stockholders.

Board's Role in Risk Oversight. The Board has oversight responsibility with regard to assessment of the major risks inherent in the business of the company and measures to address and mitigate such risks. The Board is actively involved in overseeing risk management and reviews, at least annually, the company's system of enterprise risk management.

While the Board is ultimately responsible for risk oversight at our company, the committees of the Board assist the Board in fulfilling its oversight responsibilities by considering the risks within their respective areas of expertise. For example, the Audit Committee assists the Board in fulfilling its risk oversight responsibilities relating to the company's risk management policies and procedures. As part of this process, the Audit Committee meets periodically with management to review, discuss and provide oversight with respect to the processes and controls established by the company to assess, monitor, manage and mitigate the company's significant risk exposures (whether financial, operating or otherwise). In providing such oversight, the Audit Committee may also discuss such processes and controls with the company's internal and independent auditors. The Finance Committee assists the Board in fulfilling its risk oversight responsibilities relating to financial risks by reviewing with management on an annual basis the financial risk management policies, strategies and positions of the company. The Compensation Committee likewise assists the Board in fulfilling its risk oversight responsibilities with respect to the management of risks associated with compensation-program design by reviewing whether there are risks arising from our compensation programs and practices that are reasonably likely to have a material adverse effect on the company. The Governance & Nominating Committee assists the Board in fulfilling its risk oversight responsibilities relating to the management of risks associated with corporate governance, board organization and membership, and policies governing conflicts of interest. Finally, the Health, Safety & Environmental Committee assists the Board in fulfilling its risk oversight responsibilities relating to health, safety and environmental-related matters, including environmental regulations, health and safety initiatives and accountabilities, and crisis response.

As mentioned above, the Board's role in risk management is one of oversight. Company management is responsible for day-to-day management of risks the company faces. The company has established a comprehensive enterprise risk management program overseen by a Risk Oversight Committee (ROC). The ROC is not a committee of the Board and is comprised of senior management, including our SVP, Strategy and Enterprise Business Development, our CFO, our General Counsel, our Controller, as well as the head of each of the following functions: Pipeline Controller, Corporate

Treasury, Business Excellence, Internal Audit and Financial Controls, Strategy and Market Analysis, and Enterprise Risk Management and Portfolio Analysis. The ROC ensures that the company identifies all potential material risks and implements appropriate mitigation measures. The ROC has direct access to company leadership, coordinates with internal audit and financial controls and presents an annual risk assessment to the Audit Committee and the full Board.

Communications with Lead Director. Interested parties may communicate directly with Mr. Talbert by writing to Lead Director of the Board, c/o Corporate Secretary, El Paso Corporation, P.O. Box 2511, Houston, Texas 77252-2511, facsimile (713) 420-4099.

Executive Sessions of the Board of Directors. The Board of Directors holds regular executive sessions in which non-management Board members meet without any members of management present. Currently, Mr. Talbert presides over the executive sessions of the Board. During 2009, non-management members of the Board met in executive session five times and several Committees of the Board met in executive session without members of management present. The purpose of these executive sessions is to promote open and candid discussion among the non-management directors.

Committees of the Board of Directors. The Board of Directors has adopted charters for the Audit Committee, the Compensation Committee and the Governance & Nominating Committee that comply with the corporate governance rules adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002 and the NYSE listing standards. The Audit Committee, the Compensation Committee, the Governance & Nominating Committee, the Finance Committee and the Health, Safety & Environmental Committee charters may be found on our website at www.elpaso.com.

Board/Committee/Director Evaluations. Each year the Board of Directors and each Board committee participates in a self-assessment or evaluation of the effectiveness of the Board and its committees. At least once every three years, the Board conducts an evaluation of each individual director. During 2009, each director participated in a self-assessment of the Board and its committees and each director was asked to evaluate each of the other directors. The Board, the respective committees, and individual directors as the case may be, discussed the results of these assessments and, as necessary, any action resulting from these assessments.

Management Succession. The Board periodically reviews with the CEO the management succession and development plan which includes the succession of the CEO in the event of an emergency or retirement, as well as the succession of other employees critical to our company's continued operations and success.

Director Education. We encourage and facilitate director participation in seminars and conferences and other opportunities for continuing director education. All of our directors are required to attend, at least once every two years, a continuing educational program, seminar or conference designed for board members. In addition, each of our directors is a member of the National Association of Corporate Directors. Each of our directors has met the continuing director education requirements specified above.

Stock Ownership Requirements. Our Board of Directors is committed to director and senior management stock ownership. Directors are required to own shares of our common stock with a value of five times the annual cash retainer paid to non-employee directors within a five-year time period following initial election to the Board. The Board also requires that our CEO own shares of our common stock with a value of at least five times his or her annual base salary, and that other executive officers own shares of our common stock with a value of at least two times their base salary within a five-year time period following initial election to that position. Each share of common stock owned by a director or executive officer is deemed to have a value equal to the greater of (i) the trading price of our common stock as of the date the applicable share was acquired by the director or executive officer or (ii) the trading price of the share of common stock as of the measurement date. Shares of restricted stock, deferred shares and shares in our retirement savings plan or other similar plans are counted towards meeting these requirements. Additionally, a director or executive officer is deemed to own shares of common stock with a value equal to the in-the-money value, if any, of any vested or unvested stock option, stock appreciation right, or similar equity-linked grant that is held by the director or executive officer on any given measurement date. Each of our executive officers and non-employee directors, with the exceptions of Messrs. Crane and Probert who joined the Board in December 2009, met the stock ownership requirements as of December 31, 2009. Messrs. Crane and Probert will be expected to be in compliance with the stock ownership requirements within five years from their appointment.

Voting Standard to Elect Directors. Our By-laws provide for the election of directors by the majority vote of stockholders in uncontested elections. This means the number of votes cast for a nominee's election must exceed the

number of votes cast against such nominee's election in order for him or her to be elected to the Board of Directors. Our By-laws provide for the election of directors by the plurality of votes cast in contested elections. This means that in elections where the number of nominees exceeds the number of directors to be elected, the nominees who receive the highest number of votes will be elected to the Board of Directors. In addition, our Corporate Governance Guidelines provide that the Board will nominate for election or appoint to Board vacancies only candidates who

Table of Contents

irrevocably agree to resign if they fail to receive the required majority vote in uncontested elections. In the event a director fails to receive a majority of votes cast and the Board accepts the resignation tendered, then that director would cease to be a director of El Paso. In accordance with our Corporate Governance Guidelines, our By-laws require as a part of a stockholder's written notice in connection with the nomination of a director, a statement whether the nominated individual intends to tender an irrevocable resignation effective upon such person's failure to receive the required vote for re-election at the next meeting at which such person would face re-election. Each of our directors has submitted an irrevocable letter of resignation that becomes effective in the event he or she does not receive a majority of votes cast for his or her election.

Policy on Poison Pill Plans. Our Corporate Governance Guidelines include a policy on poison pills, or stockholder rights plans. We do not currently have in place a stockholders rights plan, and the Board currently has no plans to adopt such a plan. However, if the Board is presented with a set of facts and circumstances which leads it to conclude that adopting a stockholder rights plan would be in the best interests of stockholders, the Board will seek prior stockholder approval unless the Board, in exercising its fiduciary responsibilities under the circumstances, determines by vote of a majority of the independent directors that such submission would not be in the best interests of our stockholders in the circumstances. If the Board were ever to adopt a stockholder rights plan without prior stockholder approval, the Board would present such plan to the stockholders for ratification within one year or cause it to expire within one year, without being renewed or replaced. Further, if the Board adopts a stockholder rights plan and our stockholders do not approve such plan, it will terminate.

Code of Ethics. We have adopted a code of ethics, referred to as our Code of Business Conduct, that applies to all of our directors and employees, including our CEO, Chief Financial Officer (CFO) and senior financial and accounting officers. Our Code of Business Conduct is a value-based code that is built on our five core values: stewardship, integrity, safety, accountability and excellence. In addition to other matters, our Code of Business Conduct establishes policies to deter wrongdoing and to promote honest and ethical conduct, including ethical handling of actual or apparent conflicts of interest, compliance with applicable laws, rules and regulations, full, fair, accurate, timely and understandable disclosure in public communications and prompt internal reporting of violations of our Code of Business Conduct. We also have an Ethics & Compliance Office and Ethics & Compliance Committee, which is composed of members of senior management, that administers our ethics and compliance program and reports to the Audit Committee of our Board of Directors. A copy of our Code of Business Conduct is available on our website at www.elpaso.com. We will post on our internet website all waivers to or amendments of our Code of Business Conduct, which are required to be disclosed by applicable law and the NYSE listing standards. Currently, we do not have nor do we anticipate any waivers of or amendments to our Code of Business Conduct. We believe our Code of Business Conduct exceeds the requirements set forth in the applicable SEC regulations and the corporate governance rules of the NYSE.

Transactions with Related Persons. Our Board has adopted a written related person transactions policy. The policy defines a related person transaction as one in which El Paso is a participant, the amount involved equals or exceeds \$120,000, and a related person has a direct or indirect material interest. The policy defines a related person as any executive officer, director or director nominee, person known to be the beneficial owner of 5 percent or more of El Paso's voting securities, immediate family member of any of the foregoing persons, or firm or corporation in which any of the foregoing persons is employed as an officer, a partner or greater than 10 percent owner.

The policy includes procedures to review and approve, as necessary, any related person transactions prior to the transaction being entered into, or ratify any related person transactions that have not been previously approved. Other than certain pre-approved transactions specifically set forth in the policy, any related person transaction involving executive officers or their immediate family members other than the CEO or the general counsel are referred to the CEO and general counsel for approval. If the CEO and the general counsel cannot agree on the approval or non-approval of the related person transaction, the transaction will be referred to the Governance & Nominating

Committee for approval. Any related person transaction involving the general counsel and his or her immediate family members will be referred to the CEO for approval. Any related person transaction involving 5 percent stockholders, directors, director nominees or the CEO and their immediate family members will be referred to the Governance & Nominating Committee for approval. All determinations made by the CEO and the general counsel are reported to the Governance & Nominating Committee at its next regularly scheduled meeting.

Table of Contents

In determining whether to approve a related person transaction, the CEO, general counsel or Governance & Nominating Committee will consider whether:

the terms of the transaction are fair to El Paso and would be on the same basis if the transaction did not involve a related person;

there are business reasons to enter into the transaction;

the transaction would impair the independence of an outside director;

the transaction would present an improper conflict of interest for any director or executive officer; and

the transaction is material.

The policy for approval of related person transactions can be found on our website at www.elpaso.com.

During 2009, our pipeline business unit made payments to certain subsidiaries of NRG Energy, Inc. in the amount of \$263,217. Our director David W. Crane, who joined El Paso's Board of Directors in December 2009, currently serves as President and Chief Executive Officer of NRG Energy. Due to the relatively small amounts involved, the purchases were not done on a competitive bid basis and primarily relate to services provided prior to Mr. Crane's appointment as a member of El Paso's Board.

Also during 2009, our exploration and production and pipeline business units made payments to certain subsidiaries of Halliburton Company in the amount of \$110,001,281. Our director Timothy J. Probert, who likewise joined El Paso's Board of Directors in December 2009, currently serves as President of Halliburton's Global Business Lines. The majority of these payments were made by our exploration and production business unit on a competitive bid basis prior to Mr. Probert's appointment as a member of El Paso's Board and relate to services and supplies provided by Halliburton in relation to our drilling operations.

Special Stockholder Meetings. Our By-laws permit stockholders who own at least 25 percent of our outstanding shares to call a special meeting of stockholders.

Web Access. We provide access through our website to current information relating to corporate governance, including a copy of each of the Board's standing committee charters, our Corporate Governance Guidelines, our Code of Business Conduct, our Restated Certificate of Incorporation and By-laws, our policy for approval of related person transactions, biographical information concerning each director, and other matters regarding our corporate governance principles. We also provide access through our website to all filings submitted by El Paso to the SEC. Our website is www.elpaso.com, and access to this information is free of any charge to the user (except for any internet provider or telephone charges). Information contained on our website is not part of this proxy statement.

Process for Communication with the Board. Our Board has established a process for interested parties to communicate with the Board. Such communications should be in writing, addressed to the Board or an individual director, c/o Ms. Marguerite N. Woung-Chapman, Corporate Secretary, El Paso Corporation, P.O. Box 2511, Houston, Texas 77252-2511. The Corporate Secretary will forward all communications to the addressee.

Director Attendance at Annual Meeting. The Board encourages all director nominees standing for election to attend the Annual Meeting in accordance with our Corporate Governance Guidelines. All incumbent directors who were elected at our 2009 Annual Meeting attended our 2009 Annual Meeting of Stockholders, with the exceptions of Messrs. Braniff and Goldman. Mr. Braniff was unable to attend due to travel restriction advisories put in place for

travel in and out of Mexico City in light of the H1N1 influenza outbreak at that time, and Mr. Goldman was unable to attend due to a long-standing prior commitment.

Table of Contents**INFORMATION ABOUT THE BOARD OF DIRECTORS AND COMMITTEES**

The Board of Directors held nine meetings during 2009. Each director attended at least 75 percent of his or her board and committee meetings.

The Board of Directors has established five standing committees to assist the Board in carrying out its duties: the Audit Committee, the Compensation Committee, the Governance & Nominating Committee, the Finance Committee and the Health, Safety & Environmental Committee. We describe the committees, their membership during 2009 and their principal responsibilities below.

Audit	Compensation	Governance & Nominating	Finance	Health, Safety & Environmental
Thomas R. Hix (Chairman)	Steven J. Shapiro (Chairman)	J. Michael Talbert (Chairman)	Robert W. Goldman (Chairman)	John L. Whitmire (Chairman)
Juan Carlos Braniff	Ferrell P. McClean	David W. Crane	Juan Carlos Braniff	James L. Dunlap
Robert W. Goldman	Robert F. Vagt	James L. Dunlap	Thomas R. Hix	Anthony W. Hall, Jr.
Steven J. Shapiro	John L. Whitmire	Anthony W. Hall, Jr. John L. Whitmire	Ferrell P. McClean	Timothy J. Probert Robert F. Vagt

Audit Committee

The Audit Committee held nine meetings during 2009. The Audit Committee currently consists of four non-employee directors, each of whom the Board has determined is independent as such term is defined in Section 10A of the Exchange Act, the SEC rules thereunder, the NYSE listing standards and our Corporate Governance Guidelines. The Board of Directors has determined that each member of the Audit Committee possesses the necessary level of financial literacy required to enable him or her to serve effectively as an Audit Committee member. No Audit Committee member serves on more than three audit committees of public companies, including our Audit Committee. We maintain an Internal Audit Department to provide management and the Audit Committee with ongoing assessments of our risk management processes and system of internal controls. In addition, we maintain a Financial Controls Group to manage our internal control over financial reporting compliance activities. The Audit Committee's duties, which are discussed in detail in its charter, include, among other duties:

Assisting the Board of Directors in fulfilling its responsibilities with respect to the oversight of:

- the integrity of our financial statements, including recommending to the Board the filing of our audited financial statements;
- our disclosure controls and procedures and internal control over financial reporting;
- the evaluation and retention, including a review of the qualifications, independence and performance, of independent auditors and any independent petroleum reserves engineer;
- the performance of our internal audit function;
-

the performance of our ethics and compliance functions, including our compliance with legal and regulatory requirements and our Code of Business Conduct; and

- the processes and controls, including guidelines and policies, established by the company to assess, monitor, manage and mitigate the company's significant risk exposures.

The appointment, compensation, retention, oversight and dismissal of our independent auditor or any other accounting firm engaged for the purpose of preparing or issuing an audit report or related work, or performing other audit, review or attestation services.

The pre-approval of all auditing services and fees and, for our principal auditor, allowable non-audit (including tax) services and fees provided to us.

Table of Contents

The resolution of any disagreement between management and our independent auditor regarding financial reporting or audit matters.

The appointment, compensation, retention, oversight and dismissal of any independent petroleum reserves engineer engaged for the purpose of reviewing, preparing or auditing an estimate of our natural gas and oil reserves.

The review of procedures for the receipt, retention and treatment of complaints received by us regarding any accounting, internal accounting controls or auditing matters.

Our principal independent auditor, Ernst & Young LLP, reports directly to the Audit Committee. In addition, the Audit Committee provides an open avenue of communication between the internal auditors, the independent auditor and the Board. Interested parties may contact the Audit Committee members by following the process outlined in the Corporate Governance section of this proxy statement.

The Audit Committee Charter can be found on our website at www.elpaso.com.

Policy for Approval of Audit and Non-Audit Services

During 2009, the Audit Committee approved all the types of audit and permitted non-audit services which our independent auditors were to perform during the year, as required under applicable law, and the cap on fees for each of these categories. The Audit Committee's current practice is to consider for pre-approval annually all categories of audit and permitted non-audit services proposed to be provided by our independent auditors for a fiscal year. Pre-approval of tax services requires that the principal independent auditor provide the Audit Committee with written documentation of the scope and fee structure of the proposed tax services and discuss with the Audit Committee the potential effects, if any, of providing such services on the independent auditor's independence. The Audit Committee will also consider for pre-approval annually the maximum amount of fees and the manner in which the fees are determined for each type of pre-approved audit and non-audit services proposed to be provided by our independent auditors for the fiscal year. The Audit Committee must separately pre-approve any service that is not included in the approved list of services or any proposed services exceeding pre-approved cost levels. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee for services that need to be addressed between Audit Committee meetings. The Audit Committee is then informed of these pre-approval decisions, if any, at the next meeting of the Audit Committee. See "Principal Accountant Fees and Services" on page 87 of this proxy statement for the aggregate fees paid to Ernst & Young LLP for the years ended December 31, 2009 and 2008.

Compensation Committee

The Compensation Committee held four meetings during 2009. The Compensation Committee currently consists of four non-employee directors, each of whom the Board has determined is independent under (a) the NYSE listing standards, (b) the non-employee director standards of Rule 16b-3 of the Exchange Act, (c) the outside director requirements of Section 162(m) of the Internal Revenue Code (the Code) and (d) our Corporate Governance Guidelines.

The Compensation Committee's functions, which are discussed in detail in its charter, include, among other functions, responsibility to:

Review and approve annually the individual elements of total compensation for the CEO, review and approve the corporate goals and objectives relevant to CEO compensation, evaluate the CEO's performance in light of

those goals and objectives, and determine and approve the CEO's compensation level based on this evaluation.

Review and approve annually the individual elements of total compensation for all executive officers, which includes all officers who are subject to Section 16(a) of the Exchange Act.

Review appropriate criteria for establishing performance targets and determining annual corporate and executive performance ratings.

Table of Contents

Ensure that our executive long-term and short-term incentive compensation programs are administered in accordance with our stated compensation objectives, periodically review whether there are risks arising from our compensation programs that are reasonably likely to have a material adverse effect on the company and make recommendations with respect to such programs, where appropriate, for full Board approval.

Review our employee benefit and compensation programs (including all new equity-based compensation programs) and consider management recommendations subject, where appropriate, to stockholder or full Board approval.

Review and approve goals and objectives relevant to director compensation, including annual retainer and meeting fees, and terms and awards of equity compensation, and recommend changes, where appropriate, for full Board approval.

Select, retain, evaluate, and, where appropriate, replace the independent executive compensation consulting firm, and review all related fees.

The Compensation Committee Charter can be found on our website at www.elpaso.com.

At the beginning of each calendar year, the Compensation Committee approves our corporate and business unit financial and non-financial performance goals for our annual incentive compensation arrangements. The Compensation Committee also establishes the annual base salaries and minimum, target, and maximum annual cash incentive bonus levels for each of the executive officers. After the financial and non-financial results are available for the year, the Compensation Committee determines the appropriate achievement level of the performance goals for purposes of determining annual cash incentive bonuses and long-term incentive award grants. The Compensation Committee also takes into account the executives' individual performances to determine the amount of each executive's annual cash incentive bonus and the value of his or her long-term incentive awards. The Compensation Committee also considers recommendations from our CEO regarding the compensation levels for those executives reporting directly to him. During the year, the Compensation Committee generally meets at least four times and reviews, among other things, our compensation programs and recommended changes, our peer group, proxy and survey benchmarking data, internal pay disparity trends, wealth accumulation, total compensation profiles for our CEO and other executive officers, CEO accountabilities and the general compensation landscape.

See the Compensation Discussion and Analysis beginning on page 36 of this proxy statement for a further discussion of our procedures for determining and establishing executive compensation.

Compensation Consultant Payments

The Compensation Committee has retained Deloitte Consulting LLP (Deloitte) as its independent compensation consultant. The compensation consultant is directly accountable to the Compensation Committee and the committee reviews all fees paid to the consultant for executive compensation advice. In addition, the Compensation Committee reviews, on an annual basis, the performance of the compensation consultant and provides the consultant with direct feedback. During 2009, we paid Deloitte \$254,161 in fees for compensation consulting services provided to the Committee.

Certain Deloitte affiliates are also engaged by El Paso to provide certain non-executive compensation related services. These affiliates were retained by management in the normal course of business. During 2009, we paid Deloitte affiliates \$5,180,946 in fees for such non-executive compensation related services, which primarily related to system integration and process optimization consulting and implementation, as well as limited tax and tax-related services.

The Compensation Committee reviews on an annual basis the payments made to the Deloitte affiliates for non-executive compensation related services, as well as the specific services the Deloitte affiliates performed for El Paso. During 2009, the Compensation Committee discussed the payments and services with its independent compensation consultant and confirmed that the consultant's compensation is not tied to the level of other services provided by Deloitte to El Paso. Based on its review, the Compensation Committee believes that each of these relationships is separate and independent and does not impair Deloitte's ability to provide independent compensation advice to the Committee.

Compensation Committee Interlocks and Insider Participation

During 2009, the following independent directors served on our Compensation Committee: Messrs. Shapiro, Vagt, Whitmire and Ms. McClean. The Compensation Committee has neither interlocks nor insider participation.

Governance & Nominating Committee

The Governance & Nominating Committee met five times during 2009. The Governance & Nominating Committee currently consists of five non-employee directors, each of whom the Board has determined is independent as such term is defined in the NYSE listing standards and our Corporate Governance Guidelines. The Board has delegated to the Governance & Nominating Committee its oversight responsibilities relating to corporate governance and the establishment of criteria for Board selection (including an initial determination regarding director independence).

The Governance & Nominating Committee's functions, which are discussed in detail in its charter, include, among other functions, responsibility to:

Develop and recommend to the Board corporate governance principles and review and make recommendations regarding the Corporate Governance Guidelines.

Identify and review the qualifications of candidates for Board membership, screen possible candidates for Board membership and communicate with members of the Board regarding Board meeting format and procedures.

Determine desired qualifications, expertise and characteristics and, to the extent the Governance & Nominating Committee deems necessary, conduct searches for potential candidates for Board membership with such attributes.

Ensure that we have an appropriate policy on potential conflicts of interest, including, but not limited to, the policies on (1) related person transactions (including any dealings with directors, officers or employees), and (2) such other transactions that could have the appearance of a potential conflict of interest.

Monitor and report to the Board whether there is any current relationship between any director and El Paso that may adversely affect the independent judgment of the director.

Oversee the process of annual performance evaluations for the Board, each committee and directors.

Act as a nominating committee and consider any nominations properly submitted by the stockholders to the Corporate Secretary in accordance with our Corporate Governance Guidelines, our By-laws and the process set forth in this proxy statement.

Review and make recommendations to the Board of Directors as to the chairpersons and members of each committee of the Board (other than the Governance & Nominating Committee).

The Governance & Nominating Committee Charter can be found on our website at www.elpaso.com.

Director Nomination Process and Board Diversity Considerations

The Governance & Nominating Committee will review any nominations from stockholders, other Board members, third party search firms, executives and other such persons. At a minimum, we believe our directors, whether

nominated by stockholders or by the Board, should possess the education, experience and skills necessary to assist and provide oversight to our management in the operation of our businesses, as set forth in our Corporate Governance Guidelines. Among other matters, the Board considers education; business, governmental and civic experience; leadership; diversity; communication, interpersonal and other required skills; independence; and other matters relevant to the Board's objectives. We have a comprehensive process in place to identify and evaluate candidates to be nominated for director. The Governance & Nominating Committee identifies the needs of the Board by asking each director to identify particular skills that will strengthen the Board, and that are in conformity with the goals identified in our Corporate Governance Guidelines. A third party search firm is then retained to help identify, assess qualifications and screen specific candidates. The Governance & Nominating Committee reviews

Table of Contents

the qualifications of the candidates presented and interviews the most qualified. The Governance & Nominating Committee recommends potential nominees to the full Board, which interviews the candidates and then makes nominations for election at the Annual Meeting. All of the nominees for director other than Messrs. Crane and Probert were elected by our stockholders last year. Messrs. Crane and Probert were each reviewed as a potential director nominee by our third party search firm, recommended for appointment by the Governance & Nominating Committee and appointed by the Board during 2009. Each director nominee who appears on the ballot has been recommended by the Governance & Nominating Committee to the full Board.

On February 24, 2010, the Board, upon the recommendation of the Governance & Nominating Committee, amended our Corporate Governance Guidelines to document our commitment to diversity as a consideration in identifying director nominees. In addition to the criteria set forth above, the Board will seek to achieve a mix of directors that represents a diversity of background and experience, including with respect to age, gender and race. In conducting searches for new directors, the Governance & Nominating Committee will take every reasonable step to ensure that diverse candidates are in the pool from which nominees are chosen. The Governance & Nominating Committee will review this policy annually in connection with its review and recommendation to the Board of director nominees for the next annual meeting. The Board's current composition reflects diversity in business and professional experience, skills, race and gender.

Stockholders seeking to nominate persons for election as directors at the 2011 Annual Meeting must submit, *in writing*, a timely notice complying with our By-laws to Ms. Marguerite N. Woung-Chapman, Corporate Secretary, El Paso Corporation, P.O. Box 2511, Houston, Texas 77252-2511, telephone (713) 420-4018 and facsimile (713) 420-4099. To be timely for a stockholder seeking to bring any matter before the 2011 Annual Meeting, the stockholder's written notice must be received not less than 90 days nor more than 120 days prior to the first anniversary of the 2010 Annual Meeting. Under these criteria, stockholders must provide us with notice of nominations sought to be made at the 2011 Annual Meeting during the period from January 19, 2011 to February 18, 2011.

If the 2011 Annual Meeting is held more than 30 days before or 60 days after May 19, 2011, for a stockholder seeking to bring any matter before the 2011 Annual Meeting, the stockholder's written notice must be received not less than 90 days nor more than 120 days before the date of the 2011 Annual Meeting or by the tenth day after we publicly announce the date of the 2011 Annual Meeting, if that would result in a later deadline.

Finance Committee

The Finance Committee met seven times during 2009. The Finance Committee currently consists of four non-employee directors, each of whom the Board has determined is independent under the NYSE listing standards and in accordance with our Corporate Governance Guidelines. The Finance Committee assists the Board in fulfilling its oversight responsibilities by reviewing and recommending appropriate action with respect to our capital structure, source of funds, payment of dividends, liquidity and financial position.

The Finance Committee's functions, which are discussed in detail in its charter, include, among other functions, responsibility to:

Review and recommend to the Board our long-range financial plan, including the amount and allocation of capital spending and financing thereof.

Review and approve capital projects in excess of \$25 million and up to \$75 million.

Recommend to the Board financial policies that maintain or improve our financial strength.

Develop and recommend dividend policies and recommend to the Board specific dividend payments.

Review terms and conditions of financing plans, including the issuance of securities, corporate borrowings, off-balance sheet structures and investments, and make recommendations to the Board regarding such financings.

Health, Safety & Environmental Committee

The Health, Safety & Environmental Committee met four times during 2009. The Health, Safety & Environmental Committee currently consists of five non-employee directors, each of whom the Board has determined is independent under the NYSE listing standards and our Corporate Governance Guidelines. The Health, Safety & Environmental Committee assists the Board in fulfilling its oversight responsibilities with respect to the Board's and our continuing commitment to improving the environment, ensuring the safety of our employees and ensuring that our businesses and facilities are operated and maintained in a safe and environmentally sound manner.

The Health, Safety & Environmental Committee's functions, which are discussed in detail in its charter, include, among other functions, responsibility to:

Review and provide oversight with regard to our policies, standards, accountabilities and programs relative to health, safety and environmental-related matters, including our employee and contractor safety programs, environmental compliance programs, pipeline integrity program and our greenhouse gas emissions inventory.

Advise the Board and make recommendations for the Board's consideration regarding health, safety and environmental-related issues.

Review and provide oversight with respect to our safety and readiness to respond to crisis situations.

The Health, Safety & Environmental Committee Charter can be found on our website at www.elpaso.com.

AUDIT COMMITTEE REPORT

Each member of the Audit Committee is independent, as that term is defined under Section 10A of the Exchange Act, the SEC rules, the NYSE listing standards and our Corporate Governance Guidelines. Each member of the Audit Committee is also financially literate, as that qualification is interpreted by our Board of Directors in its business judgment. Further, each of Messrs. Goldman, Hix and Shapiro qualifies and is designated as an audit committee financial expert, serving on the Audit Committee as such term is defined in rules adopted by the SEC and interpreted by our Board. The Audit Committee currently consists of four members: Messrs. Braniff, Goldman, Hix and Shapiro. During 2009, the Audit Committee met nine times and discussed, among other things, the financial information contained in each quarterly earnings announcement and the Form 10-K and Forms 10-Q with management, our internal auditors and our independent auditor prior to release. In compliance with the requirements of the New York Stock Exchange, we have adopted a charter which may be found on El Paso's website at www.elpaso.com.

Audit Committee Statement

El Paso's management is responsible for El Paso's financial reporting process, internal audit process, the effectiveness of disclosure controls and procedures and internal control over financial reporting, and the preparation of El Paso's financial statements. El Paso's independent registered public accounting firm is responsible for auditing those financial statements and the effectiveness of internal control over financial reporting. We monitor and review these processes but do not conduct auditing or accounting reviews or procedures. We meet with management and the independent registered public accounting firm to discuss the financial statements, and rely on El Paso's management's representation that the financial statements have been prepared in conformity with U.S. generally accepted accounting principles, and on the representations of El Paso's independent registered public accounting firm included in their report on El Paso's

financial statements.

In carrying out our responsibilities as set forth in our charter, we:

reviewed and discussed the audited financial statements with El Paso management;

discussed the effectiveness of disclosure controls and procedures and internal control over financial reporting with El Paso management;

Table of Contents

discussed with our independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and

received written disclosures and the letter from El Paso's independent registered public accounting firm regarding the independent registered public accounting firm's communications with us concerning independence as required by applicable requirements of the Public Company Accounting Oversight Board, and have discussed with our independent registered public accounting firm their independence, as well as their internal quality control procedures.

Based on the review and discussions described above, we have recommended to the Board of Directors that the audited financial statements be included in El Paso's Annual Report on Form 10-K for the 2009 fiscal year for filing with the SEC.

PROPOSAL NO. 1 Election of Directors

The Board. You will have the opportunity to elect our entire Board of Directors, consisting of 12 members, at the Annual Meeting. Mr. Dunlap will not stand for re-election and will be retiring from the Board as of the close of the Annual Meeting pursuant to our mandatory retirement age policy. All of our other incumbent directors are standing for re-election. All directors are elected annually and serve a one-year term or until his or her successor has been duly elected and shall qualify.

Nominations. At the Annual Meeting, we will nominate the 12 persons named in this proxy statement as directors.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE NOMINEES NAMED BELOW.

General Information about the Nominees for Election, as of March 30, 2010. The biographies of each of the nominees below contain information regarding the person's service as a director, business experience, director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the Governance & Nominating Committee and the Board to determine that the person should serve as a director for the company. Each of the nominees has agreed to be named in this proxy statement and to serve as a director if elected.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The compensation discussion and analysis set forth below provides an explanation of our compensation programs, including the objectives of such programs and the rationale for each element of compensation, for our named executive officers. They include our Chief Executive Officer, Mr. Douglas L. Foshee, our Chief Financial Officer, Mr. John R. Sult, our former Chief Financial Officer and current President of El Paso's Midstream business unit, D. Mark Leland, and our other three most highly compensated executive officers, Mr. Brent J. Smolik, Mr. James C. Yardley, and Mr. Robert W. Baker. This section also describes the actions and decisions of the Compensation Committee of our Board of Directors as it relates to 2009 compensation decisions. The discussion is divided into the following sections:

I. Executive Summary

II. Compensation Objectives

III. Role of Compensation Committee, Compensation Consultant and Management

IV. Elements of Total Compensation

V. Factors Considered When Determining Total Compensation

VI. 2009 Compensation Decisions

VII. Other Compensation and Tax Matters

I. Executive Summary

The objectives and major elements of our executive compensation program did not materially change from 2008 to 2009. While we regularly review and fine-tune our compensation programs, we believe consistency in our compensation program and philosophy is important to effectively motivate and reward top-level management performance and for the creation of stockholder value. We continue to provide our named executive officers with total annual compensation that includes three principal elements: base salary, performance-based annual cash incentive awards, and long-term equity-based incentive awards. We also provide our executives with retirement, severance, and health and welfare benefits. Our compensation program continues to be performance-based, and a significant portion of each executive's total annual compensation is at risk and dependent upon our company's achievement of specific, measurable performance goals. Our performance-based pay is designed to align our executive officers' interests with those of our stockholders and to promote the creation of stockholder value, without encouraging excessive risk-taking. In addition, our equity program, combined with our executive share ownership requirements, reward long-term stock performance.

Our named executive officers did not receive base salary increases during 2009, with the exception of Mr. Sult, who received a base salary increase in December 2009 in connection with his appointment as our new Chief Financial Officer. In early 2009, the Compensation Committee decided to freeze base salaries at 2008 levels for all employees, including our named executive officers. The Compensation Committee felt this action was appropriate to reflect the company's ongoing efforts to contain costs in light of the financial crisis and the weakened global economy and to better position the company for long-term success.

Payments under our annual incentive award program for 2009 reflect our company's performance and the achievement of our 2009 performance goals. As discussed further under the heading Annual Cash Incentive Awards for 2009 Performance beginning on page 44 of this proxy statement, we achieved our corporate financial goals for 2009, including our goals relating to earnings per share, EBITDA, return on total capital, and debt (net of cash). Specifically, after applying certain pre-approved adjustments described later in this discussion, earnings per share were \$1.20, which was above the target goal of \$1.08; EBITDA was \$3,479 million, which was above the target goal of \$3,350 million; return on total capital was 8.57%, which was above the target goal of 7.9%; and our outstanding debt was \$13,328 million, which was approximately \$600 million lower than the maximum target (with maximum target representing the lowest amount in the range of 2009 debt goals).

Table of Contents

In evaluating company performance, the Compensation Committee also considered several actions critical to the company's success in 2009. Specifically, the Compensation Committee noted that the company had successfully secured a partner for our Ruby Pipeline Project and had successfully executed our 2009 financing plan which provided sufficient financial flexibility throughout 2009. The Compensation Committee also considered the success of our commodity risk management activities which provided valuable support in the low commodity price environment generating more than \$1 billion in excess cash. In addition, the Compensation Committee considered steps the company took in 2009 to reduce operating and administrative costs and to become a more efficient and execution-focused enterprise. Finally, the Compensation Committee considered the continued strong performance of our master limited partnership, El Paso Pipeline Partners, L.P. After considering the results of our corporate financial goals, together with the specific accomplishments noted above, the Compensation Committee approved above-target cash bonuses for our named executive officers for 2009.

Although we achieved our corporate financial goals for 2009, El Paso's total shareholder return (TSR) relative to our peer group of companies was in the 3rd quartile (27th percentile). As discussed further under the heading "Long-Term Incentive Awards" on page 49 of this proxy statement, our annual restricted stock grants are performance-based as the amount of restricted shares granted to our named executive officers is contingent upon the collective achievement of our annual overall corporate financial goals and El Paso's one-year relative TSR. Despite above-target achievement of our corporate financial goals, our below-median TSR performance resulted in restricted share grants to our named executive officers for 2009 performance that were generally below target levels. Options were granted at target levels in accordance with our program design.

II. Compensation Objectives

At El Paso, stewardship and accountability are two of our core values. As active stewards, we strive to serve our stockholders by consistently building long-term value. In addition, accountability measures are a component of the metrics we use to judge the performance of our company and the performance of our executive officers. These principles of stewardship and accountability play an integral role in our compensation programs.

Our compensation programs, which reflect our core values of stewardship and accountability, have two primary and straight-forward objectives:

- attract, retain and motivate high-performing executive talent, and

- align the interests of our executive officers with both the short-term and long-term interests of our stockholders.

We believe these objectives are accomplished by providing our executives with a competitive mix of short-term and long-term compensation, by rewarding superior performance, and by linking a significant portion of each officer's pay to specific, measurable performance goals.

III. Role of Compensation Committee, Compensation Consultant and Management

Compensation Committee

The Compensation Committee of the Board of Directors has primary responsibility for determining and approving, on an annual basis, the total compensation level of our CEO and other senior officers who are subject to Section 16(a) of the Exchange Act. The Compensation Committee receives information and advice from its compensation consultant as well as from our human resources department and management to assist in compensation determinations.

Compensation Consultant

The Compensation Committee has retained Deloitte as its independent compensation consultant. Deloitte advises the Compensation Committee on an ongoing basis with regard to the general competitive landscape and trends in compensation and executive and director compensation matters, including (i) competitive benchmarking, (ii) incentive plan design, (iii) performance metrics testing, (iv) peer group selection, and (v) updates on best-practices and trends in executive and director compensation. Deloitte attends meetings of the Compensation

Table of Contents

Committee and participates in the Committee's executive sessions, as well. Deloitte is directly accountable to the Compensation Committee and the Committee reviews all fees paid to Deloitte for such compensation advice. In addition, the Compensation Committee reviews, on an annual basis, Deloitte's performance and provides Deloitte with direct feedback on its performance.

See Compensation Consultant Payments on page 15 of this proxy statement for additional information regarding the Compensation Committee's engagement of Deloitte as its compensation consultant, as well as amounts paid to Deloitte and its affiliates during 2009 for executive compensation and non-executive compensation consulting services.

Role of Management and CEO in Determining Executive Compensation

While the Compensation Committee has the responsibility to approve and monitor all compensation for our named executive officers, we, as management, play an important role in determining executive compensation. At the Compensation Committee's request, we recommend appropriate company-wide and business unit financial and non-financial performance goals. Under the direction of the Compensation Committee, we work with the compensation consultant to analyze competitive market data and to recommend base salary levels, annual incentive awards and long-term incentive awards for our executive officers. We also work with the Compensation Committee to establish the agenda and prepare meeting information for each Compensation Committee meeting. Our CEO likewise assists the Compensation Committee by providing his evaluation of the performance of the executive officers who report directly to him, and recommends compensation levels for such officers. The Compensation Committee also has a process for soliciting from the CEO a candid and critical self-assessment of his own performance, which, in addition to the assessment by Board members, is used to assist the Compensation Committee and the Board in their evaluation of the CEO's performance.

Table of Contents**IV. Elements of Total Compensation**

The table below summarizes the elements of our total compensation program.

Compensation Element	Objective	Key Features

At the request of the Compensation Committee, Deloitte performed a risk assessment of our company's incentive compensation arrangements. Based on the analysis performed, we have concluded that our compensation programs represent an appropriate balance of short-term and long-term compensation and that our incentive compensation programs do not encourage management to take unnecessary or excessive risks. See Compensation Policies and Practices as they Relate to Risk Management on page 73 of this proxy statement for additional detail regarding our compensation programs and risk.

Employment Agreements

We do not have employment agreements with our named executive officers.

V. Factors Considered When Determining Total Compensation

Competitive Benchmark Data – the Starting Point. When making compensation decisions, we review the compensation paid to our CEO and other named executive officers relative to the compensation paid to similarly-situated executives at our peer companies. This practice is often referred to as benchmarking. We also utilize survey data representing the market of companies in which we compete for executive talent as an additional means of benchmarking. We believe benchmarks are helpful and provide an initial point of reference. Therefore, although

Table of Contents

we also use the other factors set forth below in reviewing compensation, competitive benchmarking is a starting point in our evaluation of total executive compensation.

The Compensation Committee is provided benchmarking market data compiled by its independent compensation consultant and our human resources department. This comparative information provides a basis for the evaluation of the compensation paid to our named executive officers. The Compensation Committee then reviews the benchmarking data together with each officer's job responsibilities and individual performance, internal pay equity, and performance against pre-established targets in making compensation decisions. The Compensation Committee also reviews tally sheets and an analysis of wealth accumulation as part of its compensation decision-making process, as described below.

The Compensation Committee generally sets total compensation targets for our executives, including base salary, performance-based annual incentives, and long-term equity awards, near the market median of our peer comparables. However, because comparative data is just one of several analytic tools that are used in determining executive officer compensation, pay may vary from the median of comparative compensation based on various factors, including:

- the level of achievement of our pre-established performance goals,
- our performance against our peer group,
- individual performance,
- scope of job responsibilities,
- competitive pressures for that position within the industry,
- internal equity considerations, and
- the executive's industry experience and tenure.

For example, the 2008 total annual compensation (base salary, annual cash incentive, and long-term incentive awards) for our named executive officers, excluding Mr. Sult who did not become a named executive officer until November 2009, fell at the 40th percentile when compared to peer group proxy data. Our peer group is described below. In addition, the 2009 total annual compensation targets for our named executive officers, excluding Mr. Sult, fell at the 47th percentile when compared to peer group proxy data (based on the most recently available information disclosed in the peer companies' 2009 proxy statements).

El Paso's Peer Group. Each year, the Compensation Committee reviews El Paso's peer group to ensure that the companies selected are appropriate. The peer group is used to review executive officer compensation and to compare TSR relative to our performance. The table below presents the peer group used by the Compensation Committee for pay comparisons and for evaluating El Paso's relative TSR for the calendar year 2009. The peer group consisted of 22 companies, comprising a proportional mix of pipeline/distribution companies, exploration and production companies, and diversified energy companies.

Anadarko Petroleum Corp.
 Apache Corporation
 CenterPoint Energy, Inc.
 Chesapeake Energy Corp.

EQT Corporation
 National Fuel Gas Co.
 Newfield Exploration Co.
 NiSource, Inc.

Sempra Energy

See **2010 Peer Group Changes** on page 53 of this proxy statement for an explanation of certain changes the Compensation Committee elected to make to the peer group for purposes benchmarking and evaluating El Paso's relative TSR for the calendar year 2010.

Internal Pay Equity. We also believe that our executive compensation program must be internally consistent in order to motivate our employees as a whole to create stockholder value. We are committed to internal pay equity

Table of Contents

and our Compensation Committee monitors, on an annual basis, the relationship between the compensation of our named executive officers and the compensation of our non-managerial employees.

In May 2009, the Compensation Committee reviewed a comparison of CEO and other named executive officer pay (salary, bonus and total compensation) to non-management employee pay for the period 1999 to 2008. The results showed a shrinking disparity in pay between our named executive officers and non-management employees on all elements of pay, including total compensation, from 1999 to 2008. The Compensation Committee also reviewed trends in pay equity from 2007 to 2008 and noted a 20% reduction in the disparity between average NEO to non-management total compensation during such time period. The review noted that a contributing factor to the shrinking disparity between 2007 and 2008 was base salary increases in 2008 that, as a percentage of salary, were greater at the non-management level than at the executive officer level. In addition, 2008 equity grants and cash incentive awards were lower at the NEO level when compared to 2007 grant levels (due, in part, to our lower TSR performance relative to our peer group in 2008). The Compensation Committee will continue to periodically conduct these analyses to monitor and avoid any unjustified widening of compensation differentials.

Tally Sheets. Annually, and prior to making compensation decisions, the Compensation Committee reviews tally sheets prepared for each of our named executive officers. The tally sheets quantify the elements of each named executive officer's total compensation, including base salary, annual incentive bonus, and long-term equity grants, including both vested and unvested equity awards. The tally sheets also summarize the benefits we are required to provide under various termination scenarios. These termination scenarios include voluntary termination, involuntary termination without cause, termination with cause, retirement, death, disability and termination within two years following a change in control. Based upon certain assumptions related to the timing of these events, the tally sheets provide the total remuneration that would be payable to the named executive officers, including all aspects of each named executive officer's compensation and benefits under our plans, and are used to ensure that there are no surprises or questions about compensation items in the event of the various termination events. The Compensation Committee does not assign a weighting to tally sheets in the overall decision making process, but rather uses the tally sheets as a tool to view the overall impact of each element of compensation and to ensure our program design is not resulting in unintended outcomes.

In its most recent review of tally sheets in December 2009, which included year-end 2009 compensation information, the Compensation Committee discovered no unintended consequences of the compensation program design. Consequently, no material changes were made or deemed necessary to the executive compensation program or the individual elements of our executive officers' compensation as a result of this review.

See the section entitled "Potential Payments upon Termination or Change in Control" beginning on page 67 of this proxy statement for the total amount of compensation and benefits each named executive officer could receive as a result of the various termination events.

Wealth Accumulation. The Compensation Committee reviews annually all of the elements of total compensation paid to each named executive officer during the prior five-year period, including base salaries, annual cash incentive bonuses, the value of long-term incentive awards and any special payments made to an individual executive. The Compensation Committee also reviews the projected value of each named executive officer's accumulated equity grants over the subsequent five-year period based upon various stock appreciation scenarios. This is done to more effectively analyze not only the amount of compensation each named executive officer has accumulated to date, but also to better understand how current equity grants may affect the amount of wealth the named executive officers accumulate in the future. In addition, due to the continued volatility in the stock market, the Compensation Committee reviewed an analysis of the change in total equity values for outstanding equity awards held by our named executive officers from 12/31/07 to 12/31/09. At the CEO level, this analysis reflected a loss of approximately 50% of the equity value of his awards currently outstanding. While the Compensation Committee reviews a wealth accumulation

analysis each year, to date, the amount of the named executive officers' past compensation has generally not been a significant factor in the Compensation Committee's determinations.

Table of Contents**VI. 2009 Compensation Decisions****2009 Annual Base Salaries and 2009 Target Bonus Opportunities**

At its February 2009 meeting, the Compensation Committee determined it would be appropriate to freeze base salaries at 2008 levels for our named executive officers. The Compensation Committee felt this action would be appropriate to reflect the company's ongoing efforts to contain costs due to the financial crisis and the weakened global economy and to better position the company for long-term success. As such, our named executive officers did not receive annual base salary increases in 2009, with the exception of Mr. Sult, who received a base salary increase in December 2009 following his appointment as our CFO. In addition, no adjustments were made to the named executive officers' 2009 target bonus opportunities, with the exception of the change noted below for Mr. Sult, which the Compensation Committee believes continue to be appropriate and commensurate with the responsibilities of the respective executives. These target bonus opportunities were derived in part from peer group and competitive survey benchmarking data and in part by the Compensation Committee's judgment on the internal equity of the positions, scope of job responsibilities and the executives' industry experience and tenure. The following table sets forth the base salaries and annual target bonus opportunities for the named executive officers.

**Annual Base Salaries and
Target Bonus Opportunities**

Name	2009 Base Salary (\$)	2009 Target Bonus Opportunity (% of salary)
Douglas L. Foshee	\$ 1,050,000	120%
John R. Sult	\$ 408,012(1)	50%(2)
D. Mark Leland	\$ 519,756	60%
Brent J. Smolik	\$ 566,520	90%
James C. Yardley	\$ 515,016	75%
Robert W. Baker	\$ 456,696	60%

(1) Prior to his appointment as our CFO, Mr. Sult's 2009 annual base salary was \$340,008.

(2) Mr. Sult's target bonus opportunity for 2008 was 45%.

Annual Cash Incentive Awards for 2009 Performance

In February 2010, the Compensation Committee approved the amount of the named executive officers' annual cash incentive awards for 2009 performance. The following discussion sets forth the process the Compensation Committee followed in determining the amount of each named executive officer's annual cash incentive award for 2009 performance. The annual cash incentive awards for 2009 performance were paid in March 2010.

Performance Goals. At the beginning of 2009, the Compensation Committee established a threshold, target and maximum annual cash incentive bonus level for each of the named executive officers (see the range of cash incentive bonuses as a percentage of base salary on page 47). The Compensation Committee also approved corporate and business unit financial and non-financial performance goals.

Table of Contents

Our 2009 corporate financial goals, which are the primary goals used in determining the annual incentive bonuses for our named executive officers, were as follows:

Corporate Financial Goals	Threshold	2009 Goals		Weighting
		Target	Maximum	
Earnings Per Share (EPS)	\$ 0.83	\$ 1.08	\$ 1.22	35%
EBITDA	\$ 3,145 MM	\$ 3,350 MM	\$ 3,490 MM	35%
Return on Total Capital	6.9%	7.9%	8.9%	15%
Debt (net of cash)	\$ 14,900 MM	\$ 14,100 MM	\$ 13,900 MM	15%

In addition, the Compensation Committee approved additional performance goals for our corporate shared services group and our pipeline and exploration and production business units. For our corporate shared services group, the 2009 financial goals included the corporate goals listed above, plus additional goals relating to corporate and legacy costs. For our pipeline business unit, the 2009 financial goals were based on value creation, which is a measure of the cash value created in excess of the cost of invested capital. For our exploration and production (E&P) business unit, the 2009 financial goals included EBITDA, cash costs, average daily production rates measured in million cubic feet of natural gas equivalent per day (MMcfe/d), capital savings, present value ratio, reserve replacement cost and net risked year-to-year inventory growth.

Our corporate financial goals were set in alignment with our 2009 strategic plan. Thresholds, targets and maximums were set at somewhat wider ranges than in previous years to reflect the economic uncertainty in early 2009 and the need for our organization to be flexible to effectively react to changes in the business environment. For example, the threshold 2009 EPS goal was \$.17 lower than in 2008, but the 2009 target and maximum EPS goals were \$.05 and \$.12 higher than in 2008. In making the determination of the threshold, target and maximum levels, the Compensation Committee considered the specific circumstances expected to be faced by our company and its business units in 2009. The threshold levels represent reasonably achievable goals, whereas the maximum levels represent a significant stretch and would require exceptional performance.

The Compensation Committee also approved certain non-financial goals for our corporate shared services group and business units, including certification of compliance with our Code of Business Conduct by 100 percent of our employees, no material weakness in our internal controls over financial reporting, and safety goals relating to recordable injuries and days away. The 2009 non-financial goals also included a goal relating to the successful in-line inspection of our pipelines as part of our pipeline integrity program. While the Compensation Committee reviews these non-financial goals, they do not materially impact the incentive awards payable to our named executive officers, which awards are primarily weighted towards the achievement of our corporate financial goals, set forth above.

Weighting of Corporate and Business Unit Goals. The annual cash incentive awards for our named executive officers are primarily weighted towards the achievement of our corporate financial goals. Below is a chart summarizing the weighting of the corporate and business-unit goals for purposes of determining each officer's annual incentive award.

Annual Incentive Awards Negative Discretion. The Compensation Committee uses negative discretion in setting payouts under our annual incentive award program. For purpose of Section 162(m) of the Code, the annual incentives are payable at maximum to the extent any of the corporate or business unit financial or non-financial goals are achieved at threshold performance. The Compensation Committee then exercises its negative discretion to reduce the payout of incentive awards to reflect actual corporate, business unit and individual performance. By setting a high amount which can then be reduced, we believe our annual incentive payments qualify for full deductibility under Section 162(m) of the Code. This reduction is not a negative reflection on the performance of our company or our named executive officers, but rather is done to ensure maximum flexibility with respect to the payment of performance-based bonuses. If the Compensation Committee were to have instead funded incentive awards at a minimum threshold and used discretion to increase the amounts to reflect company and individual performance, actual payouts would not qualify for the Section 162(m) tax deduction. The Compensation Committee uses a similar negative discretion approach in determining the number of shares of restricted stock to be granted to our Section 162(m) covered executives, which grants are described later in this discussion. For further information on Section 162(m), see the description of Regulatory Considerations beginning on page 52 of this proxy statement.

After the 2009 financial results became available, the Compensation Committee determined the appropriate funding of the 2009 annual incentive bonus pool based on the achievement of the pre-established financial and non-financial performance goals for the year. The following table sets forth the percentage that the annual incentive bonus pool is funded based on the level of performance relative to the performance goals that were established for the year.

**Funding of the
Annual Incentive Pool**

Performance	Pool Funding
Maximum Goals Met	150%(1)
Target Goals Met	100%(2)
Threshold Goals Met	50%(3)
Threshold Not Met	0%

- (1) The maximum funding of the annual incentive pool is 150% for performance at or above the maximum performance level.
- (2) For performance above target but below maximum, actual funding is between 100%-150%, as determined by the Compensation Committee.
- (3) For performance above threshold but below target, actual funding is between 50%-100%, as determined by the Compensation Committee.

Individual Performance Adjustment. As mentioned above, accountability plays an important role in our compensation programs, and individual performance is an important factor in determining annual incentives. In addition, individual performance goals support our vision of being the place to work, the neighbor to have, and the company to own. Each year, our named executive officers receive an individual performance rating based on an evaluation of the executive officer's individual contribution and performance against his or her individual performance goals for the year and determined through our performance management program. Individual performance goals for 2009 included living our core values of stewardship, integrity, safety, accountability, and excellence, strengthening the company's liquidity position, maintaining the investment grade ratings of our pipelines, continuing to execute on the construction of our

backlog of pipeline projects and placing pipeline growth projects in service on time and on budget, improving our exploration and production cost structure and delivering significant reserve growth, increasing our inventory of low-risk, repeatable drilling operations, reducing costs, improving our execution capability and consolidating and standardizing shared service functions, continuing to grow our master limited partnership, leadership training and development initiatives and supporting volunteer efforts in the communities in which we work. Based on the individual performance rating, an individual performance factor ranging between 0% and 150%, as approved by the Compensation Committee, is assigned

Table of Contents

to each executive. The Compensation Committee then uses the individual performance factor (ranging from 0%-150%) to apply discretion and adjust the executive's actual annual cash incentive award.

Under this formula, the maximum bonus opportunity is 225% of the target bonus, which is calculated by taking 150% of the maximum annual incentive bonus pool times 150% of the maximum individual performance adjustment factor. The range of annual cash incentive bonuses, based on the level of company performance (and, where appropriate, the performance of our business units) and the individual executive, is illustrated as a percentage of base salary for each named executive officer in the following table. The actual percentage of cash incentive bonuses could be at any level between the minimum and maximum percentages (0%-225%) based on company and individual performance.

Range of Cash Incentive Awards as a Percentage of Base Salary for 2009

	Minimum Threshold Not Met	Threshold	Target	Maximum
Douglas L. Foshee	0%	60%	120%	270%
John R. Sult	0%	25%	50%	112.50%
D. Mark Leland	0%	30%	60%	135%
Brent J. Smolik	0%	45%	90%	202.50%
James C. Yardley	0%	37.50%	75%	168.75%
Robert W. Baker	0%	30%	60%	135%

The potential range of values of the annual cash incentive awards for 2009 performance for each of the named executive officers is reflected in the Grants of Plan-Based Awards table in the Estimated Possible Payouts under Non-Equity Incentive Plan Awards column on page 58 of this proxy statement.

El Paso Performance. In February 2010, the Compensation Committee reviewed the actual performance of our company and its business units relative to the corporate and business unit performance goals that were established for the year. In reviewing our actual performance relative to the corporate financial goals, the Compensation Committee excluded the impacts of certain items under pre-approved adjustment categories, including: changes in commodity prices in the oil and gas industry (which are likewise excluded in years in which commodity prices materially increase), which resulted in ceiling test charges during the year, an unbudgeted loss on the sale of our Porto Velho power assets in Brazil, actions taken to resolve legacy issues, and certain unbudgeted or strategic items, including a tax benefit associated with the liquidation of certain foreign entities, severance costs associated with reorganizations, an impairment of certain E&P inventory and other assets and an adjustment for the reduction in E&P capital in response to lower commodity prices coupled with high service costs. The Compensation Committee determined that these items were not related to the ongoing operation of El Paso in a manner consistent with the way the performance goals and ranges were set. Based on these adjustments, the Compensation Committee determined that El Paso achieved the following adjusted results:

earnings per share of \$1.20, which is above the target goal of \$1.08 and slightly below the maximum goal of \$1.22;

EBITDA of \$3,479 million, which is above the target goal of \$3,350 million and slightly below the maximum goal of \$3,490 million;

return on total capital of 8.57%, which is above the target percentage of 7.9%; and

outstanding debt (net of cash) of \$13,328 million, which was approximately \$600 million lower than the maximum target (with maximum target representing the lowest amount in the range of 2009 debt goals).

The Compensation Committee also considered certain qualitative factors critical to the company's success in 2009. Specifically, the Compensation Committee noted that the company had successfully secured a partner for our Ruby Pipeline Project and had successfully executed our 2009 financing plan which provided sufficient financial flexibility throughout 2009. In addition, our commodity risk management activities provided valuable support in

Table of Contents

the low commodity price environment generating more than \$1 billion in excess cash. In addition, the Compensation Committee considered steps the company took in 2009 to reduce operating and administrative costs and to become a more efficient and execution-focused enterprise. Finally, the Compensation Committee considered the continued strong performance of our master limited partnership, El Paso Pipeline Partners, L.P. Based on the achievement levels noted above and after considering these qualitative factors, the Compensation Committee approved a corporate funding level of 140% for cash incentive awards.

The Compensation Committee reached this determination by assigning each corporate financial goal an achievement percentage (from 0-150%), in accordance with the Funding of the Annual Incentive Pool chart set forth on page 46 of this proxy statement. The Compensation Committee then combined the achievement of each of the corporate financial goals into a single weighted average corporate achievement level based on the weightings of the designated goals, as set forth on page 45 of this proxy statement. The Compensation Committee then considered the qualitative factors noted above. This collectively resulted in the approval by the Compensation Committee of a corporate funding level which, while above target, was slightly less than the funding level that would have resulted if the Committee had followed a strictly formulaic approach.

In addition, the Compensation Committee determined that our corporate shared services group, pipeline business unit, and E&P business unit each achieved their respective financial goals and many of the non-financial performance goals (with funding levels of 125%, 124% and 150%, respectively).

Individual Performance. In February 2010, the Compensation Committee also reviewed the individual performance of each of our named executive officers, as noted below, and based on such review, assigned each executive an individual performance factor.

Chief Executive Officer

Douglas L. Foshee. As Chairman, President and CEO, Mr. Foshee's leadership over the past year was critical in guiding the company through an extraordinarily difficult economic environment. Despite a global economic recession, low commodity prices and tight credit markets, Mr. Foshee led El Paso to one of the best operating years in our company's history. Mr. Foshee's leadership was instrumental in implementing and executing a comprehensive strategy designed to help our company improve its credit profile, raise funds to expand our natural gas pipeline business and take advantage of unconventional natural gas drilling opportunities. In addition, his communication skills and motivational efforts were particularly evident throughout our organizational realignment.

Other Named Executive Officers

John R. Sult. As our Controller for most of 2009, Mr. Sult successfully led a cross-functional, cross-company team to re-implement and upgrade our PeopleSoft Financial system and to consolidate and streamline our chart of accounts. In addition, Mr. Sult played a critical role in the continued strong performance of our master limited partnership, El Paso Pipeline Partners, L.P. (EPB), including spearheading the acquisition by EPB of an additional 18% interest in Colorado Interstate Gas Company and raising additional capital for EPB through a successful equity offering.

D. Mark Leland. In a challenging economic environment, Mr. Leland's leadership as CFO was critical in significantly strengthening the company's liquidity position in 2009 and maintaining the investment grade ratings of our pipelines. In addition, following his appointment as President of our midstream business unit in late 2009, Mr. Leland has led strategic efforts to pursue midstream opportunities compatible with our business units.

Brent J. Smolik. Mr. Smolik led our exploration and production business to an exceptionally strong performance in 2009. Under his leadership, our exploration and production unit reduced its cost structure, delivered excellent reserve

growth and reserve replacement metrics, generated significant cash flow, and substantially increased our inventory of low-risk, repeatable drilling opportunities.

James C. Yardley. Under Mr. Yardley's leadership, our pipeline business unit had another strong year in 2009, delivering double-digit earnings growth, while continuing to execute on the construction of our backlog of pipeline

Table of Contents

and LNG projects. Mr. Yardley also showed strong execution on capital spending, placing four growth projects in service on time and on budget.

Robert W. Baker. Mr. Baker made significant progress in addressing regulatory and litigation matters and provided excellent guidance and solutions. His effective management of our legal costs and liabilities resulted in significant improvement to our cost structure. He was instrumental in executing on our organization realignment efforts, particularly in the areas of consolidation and standardization of shared service functions.

2009 Annual Incentives. Based on the policies described above, the Compensation Committee approved annual incentive bonuses for our named executive officers. The amount was calculated by starting with the maximum bonus amount payable for Code Section 162(m) purposes, which was then reduced to reflect the following formula:

$$\text{target bonus} \times \text{corporate/business unit funding percentage} \times \text{individual performance factor} = \text{annual incentive award}$$

The following table sets forth each named executive officer's annual cash incentive for 2009 performance.

**Annual Incentive Awards
Paid for 2009 Performance**

	Actual Incentive Award (1)
Douglas L. Foshee	\$ 1,800,000
John R. Sult	\$ 300,000
D. Mark Leland	\$ 500,000
Brent J. Smolik	\$ 1,000,000
James C. Yardley	\$ 500,000
Robert W. Baker	\$ 350,000

(1) Annual cash incentive awards for 2009 performance were paid in March 2010.

Long-Term Incentive Awards

We use our stockholder approved 2005 Omnibus Incentive Compensation Plan, or *omnibus plan*, for long-term incentive awards. Under the omnibus plan, the Compensation Committee is the plan administrator with respect to employees subject to Section 162(m) and Section 16 of the Exchange Act, which includes our named executive officers. The Compensation Committee determines the timing of when the annual grants of restricted stock and stock options to such executives will occur as well as the terms and restrictions applicable to such grants.

The Compensation Committee approves the annual grant to our executive officers after the financial results are available for the prior fiscal year and selects a future grant date (usually several weeks subsequent to the Compensation Committee's action) when the awards will be granted. The Compensation Committee's standard practice is to select the first trading day of the quarter following the filing of the Annual Report on Form 10-K as the grant date for long-term incentive awards, which historically has been the first trading day of April. Stock options are granted with an exercise price based upon the average between the high and low selling prices at which our common stock traded on the grant date.

As described earlier, annual long-term incentives are comprised of an approximate 50/50 combination of stock options and restricted stock. Options are granted at target levels and are not adjusted for company or individual performance. This practice is in place to mitigate the effect of short term performance on a long-term incentive. Restricted stock awards are performance-based and are adjusted at the time of grant for both company and individual performance, as described below. The target equity opportunities for the 2008 performance year and for the 2009 performance year, including both the option and restricted stock components are included below. These

Table of Contents

target long-term equity opportunities were derived from peer group and competitive survey benchmarking data and from the Compensation Committee's judgment on the internal equity of the positions and scope of job responsibilities. As noted below, following his appointment as our CFO in November 2009, the Compensation Committee elected to increase Mr. Sult's 2009 target equity opportunity to reflect his increased responsibilities and bring his target equity opportunity more closely in line with benchmarking data and internal positions. Mr. Sult did not, however, receive a special or out-of-cycle equity grant in connection with his appointment as CFO.

Target Long-Term Equity Opportunities

Name	2008 Performance Year Target Equity Opportunity (1)	2009 Performance Year Target Equity Opportunity (1)	2008-2009 Percentage Increase
Douglas L. Foshee	\$ 4,350,000	\$ 4,350,000	0%
John R. Sult	\$ 405,000	\$ 1,250,000(2)	209%
D. Mark Leland	\$ 1,250,000	\$ 1,250,000	0%
Brent J. Smolik	\$ 1,250,000	\$ 1,250,000	0%
James C. Yardley	\$ 1,250,000	\$ 1,250,000	0%
Robert W. Baker	\$ 1,250,000	\$ 1,250,000	0%

- (1) We use a Black-Scholes valuation to convert the dollar value of the grant into options, and we use a 10 day average of the closing sales price of our stock in advance of the Compensation Committee meeting in which the awards are approved, which meeting is set pursuant to a pre-established corporate calendar, to convert the dollar value of the grant into restricted stock.
- (2) The Compensation Committee increased Mr. Sult's 2009 performance year target equity opportunity following his appointment as our CFO.

As mentioned above, our restricted stock awards are performance-based and will only be granted to the extent we satisfy specific performance goals. Once granted, the shares time vest in three equal annual installments. The amount of equity available to fund the equity pool for annual restricted stock grants is based 50% on achievement of the annual overall corporate financial goals and 50% on El Paso's one-year relative TSR compared to our peer group of companies. The Committee believes these performance goals are appropriate for purposes of determining the amount of restricted stock granted to our named executive officers because they strike an appropriate balance of internal (corporate financial goals) and external (TSR) performance.

The portion of the equity pool used for restricted stock grants that is funded based on El Paso's TSR compared to its peer group of companies is determined as follows:

**Funding of Portion of Equity Pool
Based on Total Shareholder Return
for Restricted Stock Grants**

Total Shareholder Return

Equity Pool Funding

Edgar Filing: EL PASO CORP/DE - Form DEF 14A

1 st Quartile (75 th to 100 th percentile)	Funded at 150%
2 nd Quartile (50 th to 74 th percentile)	Funded from 100% to 150% based on actual TSR results
3 rd & 4 th Quartile (0 to 49 th percentile)	Funded from 0% to 100% (1)

- (1) If our TSR is below the 50th percentile (i.e., third or fourth quartile), at least one of the pre-established corporate or business unit financial or non-financial performance goals must be achieved before any restricted stock grants will be awarded.

Table of Contents

The portion of the equity pool used for restricted stock grants that is funded based on achievement of the annual overall corporate financial goals is determined using the same corporate funding percentage approved by the Compensation Committee for purposes of cash incentive awards.

Following the determination of the funding percentage for the equity pool, the Compensation Committee applies the individual performance factors described on page 46 as an adjustment performance factor to determine the executive officer's actual restricted stock award.

Annual Grant based on 2008 Performance

In February 2009, the Compensation Committee approved the 2009 annual grant of long-term incentive awards in the form of restricted stock and stock options based on 2008 performance. These long-term incentive awards were granted to the named executive officers on April 1, 2009. During 2008, we achieved target performance of our overall corporate financial performance goals, resulting in the funding of one-half of the restricted stock portion of the equity pool at 100%. However, during 2008, El Paso's TSR relative to our peer group of companies was in the fourth quartile (18th percentile), and due to this lower quartile performance, the Compensation Committee determined that the funding of one-half of the restricted stock pool based on TSR results should be at 0%. Accordingly, the restricted stock grants that were granted to the named executive officers in April 2009 were funded at 50% of overall target ($50\% \times [100\% \text{ based on corporate financial performance} + 0\% \text{ based on TSR performance}] = 50\%$) and were adjusted for individual performance. Stock options were granted at target and were not adjusted for corporate or individual performance. The restricted stock and stock options vest in three equal annual installments beginning one year from the date of grant.

Furthermore, as described in last year's proxy statement, in February 2009, the Compensation Committee determined that one-half of each named executive officer's approved 2008 performance-based cash bonus would be paid in the form of restricted stock, rather than being paid entirely in cash. This was a change from prior years and was done for two reasons: (i) to continue to motivate the named executive officers to focus on building long-term shareholder value over short-term results, and (ii) to put a significant portion of the bonus at risk and encourage retention and focus. The restricted stock payable as part of the approved 2008 bonuses was granted on April 1, 2009 at the same time our annual equity grants were made; however, unlike our annual restricted stock grants that vest in three equal installments, the shares awarded as part of the 2008 bonus cliff-vest three years from the date of grant.

The number of shares and grant date fair value of the restricted stock and stock options awarded in April 2009 to each named executive officer, including the restricted stock that was awarded as part of the 2008 performance-based bonus, is reflected in the Grants of Plan-Based Awards table on pages 58 and 59 of this proxy statement.

Annual Grant based on 2009 Performance

In February 2010, the Compensation Committee approved the 2010 annual grant of long-term incentive awards in the form of restricted stock and stock options based on 2009 performance. These long-term incentive awards are expected to be granted to the named executive officers on April 1, 2010. During 2009, we achieved above-target performance of our overall corporate financial performance goals, resulting in the funding of one-half of the restricted stock portion of the equity pool at 140%. However, during 2009 El Paso's TSR relative to our peer group of companies was in the 3rd quartile (27th percentile), and due to this 3rd quartile performance, the Compensation Committee determined that the funding of one-half of the restricted stock pool based on TSR results should only be at 27%. The Compensation Committee believed this action was appropriate to reflect our lower quartile TSR performance. Accordingly, restricted stock grants that will occur in April 2010 based upon 2009 performance will be funded at 83.5% of overall target ($50\% \times [140\% \text{ based on corporate financial performance} + 27\% \text{ based on TSR performance}] = 83.5\%$), with the value

of each named executive officer's individual grant adjusted for individual performance, as described above. Stock options will be granted at target and will not be adjusted for corporate or individual performance. The restricted stock and stock options will vest in three equal annual installments beginning one year from the date of grant. The number of shares of restricted stock and stock options that will be awarded in April 2010 to each named executive officer based on 2009 performance are set forth in the table below and will be reported in next year's Grants of Plan-Based Awards table in accordance with SEC reporting requirements.

- (1) Due to the timing of his appointment as CFO in late 2009, the Compensation Committee elected to use its negative discretion to grant both stock options and restricted stock at below-target levels for Mr. Sult. This decision was not a reflection on Mr. Sult's performance, but rather reflects that he was serving in the CFO position for only a portion of 2009.

VII. Other Compensation and Tax Matters**Regulatory Considerations**

Section 162(m) imposes a limit of \$1,000,000 on the amount that we may deduct for federal income tax purposes in any one year for compensation paid to our CEO and any of our three other highest-paid named executive officers, other than our CFO, who are employed as of the end of the year. However, to the extent compensation is performance-based within the meaning of Section 162(m), the Section's limitations will not apply. Our executive compensation plans, including our omnibus plan, are structured so that awards such as cash incentive awards, stock options and restricted stock qualify as deductible performance-based compensation. While the Compensation Committee strives to make awards under our plans that are intended to qualify as performance-based compensation under Section 162(m), it is possible under certain circumstances that some portion of the compensation paid to our executive officers will not meet the standards of deductibility under Section 162(m). The Compensation Committee reserves the right to award compensation which does not qualify as performance-based under Section 162(m) if it determines that such awards are necessary to provide a competitive compensation package to attract and retain qualified executive talent. The annual cash incentive awards, stock options and performance-based restricted stock that were granted to the named executive officers during 2009 were intended to be performance-based within the meaning of Section 162(m).

Stock Ownership

Our Corporate Governance Guidelines impose stock ownership requirements on our executive officers. These stock ownership requirements are designed to emphasize stock ownership by our executive officers and to further align their interests with our stockholders through increases and decreases in stock prices. These requirements are as follows:

<u>Position</u>	Minimum Aggregate Value
------------------------	--------------------------------

Edgar Filing: EL PASO CORP/DE - Form DEF 14A

Chief Executive Officer	5 X base salary
Other Executive Officers	2 X base salary

Each executive officer is required to meet the ownership threshold within five years of election as an executive officer. As of December 31, 2009, each of our named executive officers' ownership in our common stock exceeded the required ownership thresholds and did so in the requisite time frames. See page 10 of this proxy statement for further information regarding the stock ownership requirements for our executive officers.

Table of Contents**Margin Trading Prohibition**

We have a policy prohibiting executives from hedging their ownership of company stock. Under the policy, executive officers are prohibited from holding El Paso securities in a margin account or otherwise entering into any pledge arrangement that would permit a third party to sell the El Paso securities without the executive's consent or knowledge. This prohibition also applies to our non-employee directors.

Compensation Recovery

Under our omnibus plan, which provides for grants of annual cash incentive awards and long-term incentive awards, if it is determined that an executive officer in the plan knowingly engaged in, or was grossly negligent with respect to, misconduct that causes us to prepare an accounting restatement due to material noncompliance with any financial reporting requirement under the securities laws, the executive is required to reimburse us the amount of any payment in settlement of an award earned or accrued during the 12-month period following the first public issuance or filing, whichever first occurred, of the financial document that is required to be restated.

2010 Peer Group Changes

In late 2009, the Compensation Committee, in consultation with Deloitte, reevaluated our peer group in terms of market competitors, organization size, and industry. The Compensation Committee then reviewed the following financial measures to determine an appropriate peer group fit: market capitalization, enterprise value, total revenues for FY 2008, projected total revenues for FY 2009, and operating income. Based on this analysis, the Compensation Committee elected to make the following revisions to the peer group for use starting with the 2010 performance year to more closely align our peer group with companies that have comparable overall financial metrics as our company: the removal of Apache Corporation, Chesapeake Energy Corporation, Devon Energy Corp., and EOG Resources, Inc., and the addition of Energen Corp. No other changes were made. The tables below include the peer group the committee will use starting with the 2010 performance cycle, as well as the relevant comparison metrics of the new peer group as of October 2009 when the peer group was selected.

COMPENSATION COMMITTEE REPORT

Each member of the Compensation Committee is independent, as that term is defined under (a) the NYSE listing standards, (b) the non-employee director standards of Rule 16b-3 of the Exchange Act, as amended, (c) the outside director requirements of Section 162(m) of the Code and (d) El Paso's Corporate Governance Guidelines. The Compensation Committee currently consists of Messrs. Shapiro, Vagt and Whitmire and Ms. McClean.

Compensation Committee Statement

We have prepared this Compensation Committee Report as required by the Securities and Exchange Commission. We have reviewed and discussed with El Paso's management the Compensation Discussion and Analysis included in this proxy statement, and based on that review and discussion, we recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

- (1) On December 16, 2009, the SEC adopted amendments to the proxy disclosure rules that require disclosure of the aggregate grant date fair market value of stock awards and option awards granted in the fiscal year calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, *Compensation Stock Compensation* (FASB ASC Topic 718), rather than the dollar amount recognized for financial statement purposes for the fiscal year, as previously required. As required by this rule, this column includes the aggregate grant date fair market value of stock awards or option awards, as applicable, granted in 2009, as well as awards in prior years adjusted for this new rule. The grant date fair market value used to calculate these amounts is the same as that used for our stock-based compensation disclosure in Note 16 to our financial statements included in our 2009 Annual Report on Form 10-K filed with the SEC on March 1, 2010.

- (2) The amount in this column for 2009 reflects each named executive officer's annual cash incentive bonus earned for 2009 performance. Annual cash incentive bonuses are performance-based and driven by company and individual performance. Amounts for 2009 were paid to the named executive officers in March 2010. See the discussion under "Annual Cash Incentive Awards for 2009 Performance" in the Compensation Discussion and Analysis for additional information.
- (3) The amount in this column for 2009 reflects the annual change in the actuarial present value of each named executive officer's accumulated pension and supplemental pension benefits. The change in pension value is generally equal to the difference between the actuarial present value at the end of the year and the beginning of the year. The annual change in the actuarial present value of Messrs. Foshee's, Sult's, Leland's, Smolik's, Yardley's and Baker's accumulated pension and supplemental pension benefits for 2009 is \$182,648, \$45,919, \$131,891, \$56,619, \$485,323 and \$99,290, respectively.

Table of Contents

- (4) The amount in this column for 2009 also reflects above-market interest credited to the named executive officers supplemental Retirement Savings Plan account balances. During 2009, interest was credited to the balance of each executive officer's supplemental Retirement Savings Plan account balance on a monthly basis at a rate equal to the average of Moody's Seasoned Aaa Corporate Bond Rate and Moody's Seasoned Baa Corporate Bond Rate, as published by Moody's Investors Services, Inc. It was determined that the rate of interest exceeded 120 percent of the applicable federal long-term rate for each month during 2009. The total amount of the above-market interest credited to Messrs. Foshee, Sult, Leland, Smolik, Yardley and Baker's supplemental Retirement Savings Plan account balance during 2009 was \$8,873, \$836, \$2,658, \$517, \$2,369 and \$2,608, respectively. See the Nonqualified Deferred Compensation table and narrative description on pages 66 and 67 of this proxy statement for a description of the named executive officer's supplemental Retirement Savings Plan benefits.
- (5) The compensation reflected in the "All Other Compensation" column for 2009 for each of the named executive officers includes company matching contributions to our Retirement Savings Plan, supplemental company matching contributions for the Retirement Savings Plan accrued under our 2005 Supplemental Benefits Plan, the incremental cost to El Paso of personal use of aircraft, annual executive physicals and tax reimbursements, which are listed in the table titled "All Other Compensation included in the Summary Compensation Table for 2009" immediately following these footnotes.
- (6) Mr. Sult was appointed Senior Vice President and CFO in November 2009, and became Executive Vice President and CFO in March 2010. Prior to his appointment as our CFO, Mr. Sult served as Senior Vice President and Controller.
- (7) Mr. Leland was appointed President of El Paso's Midstream business unit in November 2009. Prior to this appointment, Mr. Leland served as CFO.

The compensation reflected in this column for each of the named executive officers for 2009 includes supplemental company matching contributions for the Retirement Savings Plan which were accrued under the 2005 Supplemental Benefits Plan. Supplemental company matching contributions accrued under the 2005 Supplemental Benefits Plan are also disclosed as registrant contributions in the Nonqualified Deferred Compensation table on page 66 of this proxy statement.

Table of Contents

- (B) The amount shown in this column for Mr. Foshee for 2009 reflects the incremental cost to El Paso for an occasion when his spouse accompanied him on a business-related flight on private aircraft leased by El Paso. As Mr. Foshee was using the leased aircraft for business purposes, the only incremental cost to El Paso associated with his spouse's travel on the flight was a nominal per person segment fee charged by the private carrier to El Paso, which amount is shown above. The amount shown for Mr. Yardley reflects an occasion when his spouse accompanied him on a business-related flight using a commercial carrier. When the executive officer's use of leased aircraft or a guest's travel does not meet the IRS's standard for business use, but nevertheless is determined by the company to be business-related, the cost of that travel is imputed as income to the executive officer and a gross-up payment for taxes is provided. Any tax reimbursements with respect to the imputed income for the travel are reflected in the Tax Reimbursements column of this table.
- (C) The amounts in this column for 2009 reflect the cost to El Paso for the executive officer annual physicals.
- (D) The amounts in this column for 2009 for Messrs. Foshee and Yardley reflect tax reimbursements associated with imputed income for personal air travel that did not meet the IRS's standard for business use.

Table of Contents**Grants of Plan-Based Awards Table**

The following table sets forth the range of potential annual cash incentive bonuses for 2009 performance as a dollar amount for each of the named executive officers. The table also sets forth the number of shares of restricted stock and the number of securities underlying stock options awarded during 2009 to the named executive officers. In satisfaction of applicable SEC regulations, the table further sets forth the date of grant for each restricted stock and stock option award and the date on which the Compensation Committee took action to approve the grant of such award. The table also sets forth the per-share exercise price of the stock options granted during 2009, the closing market price of our common stock on the date of grant of stock options, and the grant date fair market value of the restricted stock and stock options awarded during 2009. The restricted stock and stock options in this table were granted under our 2005 Omnibus Incentive Compensation Plan, which provides that the average between the high and low selling prices at which our common stock traded on the date of grant is used as the exercise price (or strike price) for stock options.

The potential payout is performance-based and driven by company and individual performance. The

Table of Contents

actual amount of the annual cash incentive bonuses paid for 2009 performance is shown in the Summary Compensation Table under the Non-Equity Incentive Plan Compensation column.

- (2) The values in this column reflect that the maximum amount of annual cash incentive bonuses for Messrs. Foshee, Sult, Leland, Smolik, Yardley and Baker for 2009 performance was capped at 2.25 times the executive officer's target bonus opportunity for the year.
- (3) This column shows the number of shares of restricted stock granted in 2009 to the named executive officers. The shares of restricted stock approved by the Compensation Committee on February 9, 2009 and granted on April 1, 2009 vest in three equal annual installments beginning one year from the date of grant. The shares of restricted stock approved by the Compensation Committee on March 10, 2009 and granted on April 1, 2009 relate to the 50% portion of the 2008 performance bonus that the Compensation Committee awarded in the form of restricted stock in lieu of cash and cliff-vest three years from the date of grant. See Annual Grant based on 2008 Performance on page 51 of this proxy statement for additional information regarding these grants.
- (4) This column shows the number of stock options granted in 2009 to the named executive officers. The stock options vest in three equal annual installments beginning one year from the date of grant.
- (5) This column shows the exercise price for the stock options granted during 2009, which was the average between the high and low selling prices at which our common stock traded on the date of grant.
- (6) This column shows the closing market price of a share of our common stock on the date of grant of the stock options.
- (7) This column shows the grant date fair value of restricted stock computed in accordance with FASB ASC Topic 718 and the grant date fair value of stock options computed in accordance with FASB ASC Topic 718 granted to the named executive officers during 2009. Generally, the grant date fair value is the amount expensed in our financial statements over the vesting schedule of the restricted stock and stock options.

The following is a description of material factors necessary to understand the information regarding the stock awards and option awards reflected in the Grants of Plan-Based Awards table. The awards reflected in the Grants of Plan-Based Awards table are shares of restricted stock and non-qualified stock options to purchase shares of our common stock which were approved by the Compensation Committee and granted to the named executive officers on April 1, 2009. The equity awards were granted under our 2005 Omnibus Incentive Compensation Plan. The stock options and restricted stock awards approved on February 9, 2009 and granted on April 1, 2009 were made as part of our 2009 annual grant of long-term incentive awards based on 2008 performance. The restricted stock awards approved on March 10, 2009 and granted on April 1, 2009 relate to the 50% portion of the 2008 performance bonus that the Compensation Committee elected to pay in the form of restricted stock rather than cash. See Annual Grant based on 2008 Performance on page 51 of this proxy statement for additional information on these grants. The grant date fair value per share for the restricted stock awards granted on April 1, 2009 was \$6.335. The grant date fair value per option for the stock options granted on April 1, 2009 was \$2.8855, computed using a Black-Scholes option-pricing model based on several assumptions. These assumptions are based on management's best estimate at the time of grant and are listed below, as follows:

Restricted stock carries voting and dividend rights. Dividends are paid on restricted stock directly to the holder of the restricted stock and at the same rate as other holders of our common stock. Dividends are not paid on unexercised stock options. The amount of dividends received during 2009 on shares of unvested restricted stock granted to the named executives is factored into the grant date fair value per share and is not required to be included in the Summary Compensation Table or Grants of Plan-Based Awards table but is reflected in the table below.

Name	Dividends Received during 2009 on Restricted Stock (\$)
Douglas L. Foshee	\$ 70,215
John R. Sult	\$ 7,993
D. Mark Leland	\$ 22,738
Brent J. Smolik	\$ 18,014
James C. Yardley	\$ 21,836
Robert W. Baker	\$ 19,321

The restrictions will lapse on any unvested shares of restricted stock and any unvested stock options become fully exercisable in the event of an executive's termination of employment without cause or by the executive for good reason, if applicable, within two years following a change in control of El Paso. See pages 78-84 of this proxy statement for a summary of our 2005 Omnibus Incentive Compensation Plan and pages 83 and 84 for the definitions of good reason and change in control. The total value of restricted stock can be realized only if the executives remain employed by El Paso for the required vesting period. Stock options generally expire ten years from the date of grant. However, stock options are subject to forfeiture and/or time limitations on exercise in the event of a termination of employment.

Employment Agreements

As indicated in the Compensation Discussion and Analysis, we do not have employment agreements with our named executive officers.

Table of Contents**Outstanding Equity Awards Table**

The following table sets forth, on an award-by-award basis, the number of securities underlying unexercised stock options and the total number and aggregate market value of shares of unvested restricted stock held by the named executive officers as of December 31, 2009. The table also provides the exercise price and date of expiration of each unexercised stock option.

Table of Contents**Option Exercises and Stock Vested Table**

The following table sets forth information concerning stock option exercises and vesting of restricted stock during 2009 for each of the named executive officers. In satisfaction of applicable SEC regulations, the number of securities for which stock options were exercised (if any) and the aggregate dollar value realized upon the exercise of such stock options is reflected in this table. The number of shares of restricted stock that have vested and the aggregate dollar value realized upon the vesting of such restricted stock is also reflected. None of the named executive officers exercised stock options during 2009.

Table of Contents**Pension Benefits Table**

The following table sets forth information with respect to the pension benefits of each of the named executive officers. El Paso sponsors a qualified Pension Plan and supplemental benefits plans in which the named executive officers participate. In satisfaction of applicable SEC regulations, this table provides the number of years of service credited to the named executive officers, the actuarial present value of the named executive officer's accumulated benefits at the earliest unreduced retirement age and the dollar amount of benefits paid, if any, to a named executive officer under each of the plans during 2009. No pension benefits were paid to the named executive officers during the year.

(1) Credited service shown for Mr. Leland was 16 years as of December 31, 2001 for his Minimum Benefit (as described below), and for Mr. Yardley was 27 years as of December 31, 2004 for his Sonat Transition Benefit (as

described below). Credited service shown for Mr. Baker reflects years of participation since January 1, 1997, when he became eligible to participate in these plans.

- (2) The present value of the named executive officers' accumulated pension benefits in this column reflects a 5.61 percent discount rate and December 31, 2009 measurement date. The calculations reflect an age 65 commencement date except for Messrs. Leland and Yardley whose calculations reflect their earliest unreduced retirement age. Mr. Leland has a Minimum Benefit (as described below) and will have 30 years of credited service prior to age 60, and therefore would be eligible for an unreduced early retirement benefit at age 60. Mr. Yardley has a Sonat Transition Benefit (as described below) and would be eligible for an unreduced early retirement benefit at age 62.

The following is a description of material factors necessary to understand the information disclosed above in the Pension Benefits table for each of the named executive officers. Effective January 1, 1997, we amended our qualified Pension Plan to provide pension benefits under a cash balance plan formula that defines participants' accrued benefits in terms of a notional cash account balance. Eligible employees become participants in the Pension Plan immediately upon employment and are fully vested in their benefits upon the earliest of the completion of three years of service or attainment of age 65. At the end of each calendar quarter, participant cash account balances are increased by an interest credit based on the 5-Year U.S. Treasury constant maturity yield, subject to a minimum

Table of Contents

interest credit of 4 percent per year, plus a pay credit equal to a percentage of salary and bonus. The pay credit percentage is based on the sum of age plus service at the end of the prior calendar year according to the following schedule:

Age Plus Service	Pay Credit Percentage
Less than 35	4%
35 to 49	5%
50 to 64	6%
65 and over	7%

Prior to adopting a cash balance plan on January 1, 1997, we provided pension benefits under a plan that defined monthly benefits based on final average earnings and years of service (the **Prior Plan**). The Pension Plan provides for a special transition benefit for employees who were participants in the Prior Plan on December 31, 1996. These employees continued to accrue benefits under the old plan formula (the **Minimum Benefit**) through December 31, 2001, or termination, if earlier. The Minimum Benefit is based on years of credited service and the average of the highest five consecutive years of compensation out of the last ten years, subject to maximum limitations as defined under the Pension Plan. The initial cash account balance was equal to the present value of the Prior Plan benefit as of December 31, 1996. Upon separation of employment, these participants (including Mr. Leland) will receive the greater of the Minimum Benefit or a benefit based on their cash account balance.

The Pension Plan also provides for a special transition benefit for former Sonat Inc. employees who were participants in the Sonat Retirement Plan on December 31, 1999, and who became active participants in the Pension Plan on January 1, 2000. These participants continued to accrue benefits under the Sonat retirement plan formula (the **Sonat Transition Benefit**) through December 31, 2004, or termination, if earlier. The Sonat Transition Benefit is based on years of credited service and the average of the highest five consecutive years of compensation out of the last ten years, subject to maximum limitations as defined under the Pension Plan. The initial cash account balance was equal to the present value of the Sonat Retirement Plan benefit as of December 31, 1999. Upon separation of employment, these participants (including Mr. Yardley) will receive the greater of the Sonat Transition Benefit or a benefit based on their cash account balance. Additionally, active participants in the Pension Plan on January 1, 2000, who had a Sonat cash account benefit on December 31, 1999, will receive this cash balance benefit upon their termination of employment.

Amounts in the Pension Benefits table reported as the actuarial present value of each named executive officer's accumulated benefits are calculated as of December 31, 2009 using the same assumptions that are used for our pension liability disclosure in Note 14 to our financial statements included in our 2009 Annual Report on Form 10-K filed with the SEC on March 1, 2010. However, the amounts in the Pension Benefits table assume no pre-retirement decrements (i.e., that the named executive officers work and survive to retirement age) and reflect an age 65 commencement date for Messrs. Foshee, Sult, Smolik and Baker, an age 60 commencement date for Mr. Leland, and an age 62 commencement date for Mr. Yardley.

Under our qualified Pension Plan and applicable Code provisions, compensation in excess of \$245,000 cannot be taken into account and the maximum payable benefit in 2009 was \$195,000. For 2009, any excess benefits otherwise accruing under our Pension Plan were payable under the 2005 Supplemental Benefits Plan which was adopted effective January 1, 2005 in connection with the implementation of Section 409A of the Code. The 2005 Supplemental Benefits Plan replaced our prior Supplemental Benefits Plan for benefits accruing after 2004. The benefits that accrue under the 2005 Supplemental Benefits Plan are supplemental benefits for officers and key management employees (including all of the named executive officers) who could not be paid under our Pension Plan

and/or Retirement Savings Plan due to certain Code limitations. The supplemental pension benefits under the 2005 Supplemental Benefits Plan, when combined with the supplemental pension benefits the executive is entitled to receive under our prior Supplemental Benefits Plan and the amounts a participant is entitled to receive under the qualified Pension Plan, will be the actuarial equivalent of the Pension Plan's benefit formula had the limitations of the Code not been applied. The named executive officers will receive their supplemental pension benefits upon termination of employment in the form of a lump sum payment, except that supplemental pension benefit payments under the 2005 Supplemental Benefits Plan to certain specified employees (including all of the named executive officers), as determined pursuant to Section 409A of the Code, will be delayed until six months after their

Table of Contents

termination of employment. The supplemental Retirement Savings Plan benefits under the plan include a credit equal to the amount of the matching contribution to the Retirement Savings Plan that cannot be made due to Code limitations. See the Nonqualified Deferred Compensation table below for additional information regarding the named executive officers' supplemental Retirement Savings Plan benefits. The management committee of the plans designates who may participate and also administers the plan. In the event of a change in control of El Paso or in the event of a participant's death, supplemental pension benefits become fully vested and nonforfeitable. A change in control under the plans has the same meaning as under the 2005 Omnibus Incentive Compensation Plan. See the summary of the 2005 Omnibus Incentive Compensation Plan beginning on page 78 of this proxy statement.

Named Executive Officers Eligible for Early Retirement. Since Mr. Yardley is age 58, he is eligible for early retirement benefits payable from the Pension Plan and the Supplemental Benefits Plan. If Mr. Yardley had terminated employment on December 31, 2009 and commenced his benefits as of January 1, 2010, his present value of accumulated benefits would have been \$1,279,403 for the Pension Plan and \$1,707,588 for the Supplemental Benefits Plan (based on the same assumptions used above). Note that these amounts exceed those shown in the Pension Benefits table for Mr. Yardley because the value of the early retirement benefits is greater at his current age.

**Nonqualified Defined Contribution and
Other Nonqualified Deferred Compensation Plans**

The following table sets forth information with respect to nonqualified defined contribution plans for each of the named executive officers as of December 31, 2009. We sponsor a supplemental benefits plan that provides for the crediting of matching contributions that could not be paid under the Retirement Savings Plan due to Code limitations. We do not sponsor a traditional nonqualified deferred compensation plan that provides for deferrals of base salary and bonuses for executive officers. None of the named executive officers had withdrawals or distributions of supplemental Retirement Savings Plan benefits during 2009.

See footnote 5 to the Summary Compensation Table on page 56 of this proxy statement.

Of the amounts in this column, \$8,873 for Mr. Foshee, \$836 for Mr. Sult, \$2,658 for Mr. Leland, \$517 for Mr. Smolik, \$2,369 for Mr. Yardley and \$2,608 for Mr. Baker are reported as compensation in the Summary Compensation Table in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column. See footnote 4 to the Summary Compensation Table on page 56 of this proxy statement.

- (3) Of the totals in this column, \$498,232 for Mr. Foshee, \$15,245 for Mr. Sult, \$134,474 for Mr. Leland, \$49,752 for Mr. Smolik, \$110,099 for Mr. Yardley and \$138,586 for Mr. Baker was reported as compensation in the Summary Compensation Table included in our proxy statement for this year and prior years.

The following is a description of material factors necessary to understand the information disclosed above in the Nonqualified Deferred Compensation table for each of the named executive officers. The registrant s

Table of Contents

contributions reflected in this table include supplemental company matching contributions for the Retirement Savings Plan which are accrued under our supplemental benefits plans. The supplemental Retirement Savings Plan benefits are excess benefits in the form of company matching contributions that cannot be made under the Retirement Savings Plan due to Code limitations. During 2009, these excess benefits were credited to each executive's supplemental Retirement Savings Plan account balance under the 2005 Supplemental Benefits Plan. The plan administrator determines the rate of interest, if any, periodically attributable to the balance of each supplemental Retirement Savings Plan account. For 2009, interest was credited to the balance of each executive's supplemental Retirement Savings Plan account balance on a monthly basis at a rate equal to the average of Moody's Seasoned Aaa Corporate Bond Rate and Moody's Seasoned Baa Corporate Bond Rate, as published by Moody's Investors Services, Inc. The balance of each executive's supplemental Retirement Savings Plan account will be paid upon termination of employment in a lump sum payment except that benefit payments under the 2005 Supplemental Benefits Plan to certain specified employees (including all of the named executive officers), as determined pursuant to Section 409A of the Code, will be delayed until six months after termination. See the description of our supplemental benefits plans beginning on page 65 of this proxy statement for further information.

Potential Payments upon Termination or Change in Control

The following tables reflect the incremental value of compensation and benefits each named executive officer would receive in the event of an involuntary termination without cause, retirement, death, disability, termination with cause and a change in control of El Paso relative to a voluntary termination of employment by the executive. All amounts are based upon amounts payable in the event the termination event occurs as of December 31, 2009, and thus include amounts earned through such time. All amounts are estimates of the amounts which would be paid to the executive officers upon their termination. The actual amounts to be paid can only be determined at the time of such executive officer's termination. The Compensation Committee reviews this information each year as part of its overall analysis and review of executive compensation.

**Potential Payments upon Termination or Change in Control
Assuming Termination Event Occurs
on December 31, 2009**

Payments made upon Voluntary Termination

The following table reflects the total value of payments the named executive officers would receive in the event of a voluntary termination. In the event a named executive officer voluntarily terminates his or her employment, the executive officer is entitled to his or her vested benefits under our Pension Plan and Retirement Savings Plan (including supplemental benefits). The named executive officer will make an election to commence the qualified component of his or her pension benefit. Supplemental pension and supplemental Retirement Savings Plan benefits are paid in lump sum. Under our equity compensation plans, unvested restricted stock and stock options are

forfeited in the event of a voluntary termination. Unless stock options expire by their own terms, vested stock options may be exercised for a period of three months.

- (1) The amounts in this column reflect a lump sum payment.
- (2) The amounts in these columns may differ from the amounts in the Pension Benefits table due to several factors, including the use of different assumptions and the timing of commencement of payment.
- (3) For Mr. Yardley, a voluntary termination would be treated as a qualified retirement. Therefore, for Mr. Yardley, this column shows the value of continued medical, dental and vision benefits for a period of three months at no cost.
- (4) Unvested restricted stock and stock options are forfeited in the event of a voluntary termination. This column shows the value of vested stock options held by the named executive officer calculated using the difference between \$9.83, the closing price of our common stock on December 31, 2009 and the applicable exercise price for each stock option. Mr. Yardley is age 58 and eligible for early retirement. Therefore, for Mr. Yardley, this column also shows the value of shares of restricted stock that vest on a pro-rata basis in the event of retirement calculated using \$9.83, the closing price of our common stock on December 31, 2009.

Incremental Payments made upon Involuntary Termination without Cause

The following table reflects the incremental value of enhanced benefits the named executive officers would receive in the event of an involuntary termination without cause above the compensation and benefits the executive officer is entitled to as a result of a voluntary termination, which include a severance payment, continued medical benefits and the value of restricted stock that vests on a pro-rata basis. El Paso sponsors a Severance Pay Plan that provides benefits to the named executive officers following an involuntary termination without cause. The Severance Pay Plan is a broad-based employee plan providing severance benefits following a qualifying termination for all of our salaried employees and employees of certain of our subsidiaries, including the named executive officers. A qualifying termination is (1) a termination upon the elimination of the participant's position, or (2) a termination as a result of a reduction in force. The amount of severance pay is based on the individual's years of service and his or her compensation level. The maximum amount of severance pay is 1X the participant's annual base salary. Severance pay is paid in lump sum as soon as administratively practicable following termination. Participants are also entitled to receive continued medical and dental coverage for a period of three months following termination. Under our equity compensation plans, restricted stock vests on a pro-rata basis

and unvested stock options are forfeited in the event of an involuntary termination without cause. Unless stock options expire by their own terms, vested stock options may be exercised for a period of one year.

(1) For Messrs. Foshee, Sult, Leland, Smolik and Baker, this column shows the value of shares of restricted stock that vest on a pro-rata basis in the event of an involuntary termination without cause calculated using \$9.83, the closing price of our common stock on December 31, 2009. The value of Mr. Yardley's shares of restricted stock that vest on a pro-rata basis are included in the voluntary termination table. Unvested stock options are forfeited in the event of an involuntary termination without cause.

(2) The value of Mr. Yardley's continued medical benefits is included in the voluntary termination table.

Incremental Payments made upon Retirement

None of the named executive officers is eligible for retirement except for Mr. Yardley. Participants in our Pension Plan are eligible for early retirement if they are at least age 55 and have ten years of service. Mr. Yardley is age 58 and eligible for early retirement under our Pension Plan. For Mr. Yardley, the value of the early retirement pension benefits he would have received in the event he retired as of December 31, 2009 is reflected in the voluntary termination table above. The commencement of pension benefits before age 65 may result in a participant's monthly qualified pension benefits being reduced to cover the cost of paying the benefits over a longer period of time. Retirement eligible employees are also entitled to receive continued medical and dental coverage for a period of three months following termination at no cost. In addition, under our equity compensation plans, restricted stock is vested on a pro-rata basis and unvested stock options are forfeited in the event of retirement. Unless stock options expire by their own terms, vested stock options may be exercised for a period of three years following retirement. See page 65 of this proxy statement for a description of our Pension Plan.

Incremental Payments made upon Death

The following table reflects the incremental value of enhanced benefits the named executive officers would receive in the event of death above the compensation and benefits the executive officers are entitled to as a result of a voluntary

termination, which include survivor benefit coverage and the value of unvested stock options and restricted stock that become fully vested. In the event of a named executive officer's death, our Senior Executive Survivor Benefits Plan provides our named executive officers with survivor benefit coverage in lieu of the coverage provided generally under our group life insurance plan. The amount of benefits provided is 2.5 times the executive officer's annual salary. Benefits are payable over 30 months beginning within 31 days after the executive's death, except that the plan administrator may, in its discretion, accelerate payments. Under our equity compensation plans, outstanding stock options become fully vested and exercisable and the restriction periods applicable to shares of

restricted stock immediately lapse in the event of death. Unless stock options expire by their own terms, the executive officer's beneficiary would have one year to exercise all vested stock options.

- (2) This column shows the value of shares of restricted stock that become fully vested in the event of the death of a named executive officer calculated using \$9.83, the closing price of our common stock on December 31, 2009.
- (3) The Pension Benefits and Supplemental Pension Benefits payable to Mr. Yardley's beneficiary in the event of his death would be less than the amounts payable to him upon a Voluntary Termination. In the event of Mr. Yardley's death, his beneficiary would receive \$580,604 in Pension Benefits and \$641,337 in Supplemental Pension Benefits in lieu of the Pension Benefits and Supplemental Benefits amounts disclosed under the Payments made upon Voluntary Termination chart on page 68 of this proxy statement.

Incremental Payments made upon Disability

The following table reflects the incremental value of enhanced benefits the named executive officers would receive in the event of permanent disability above the compensation and benefits the executive officers are entitled to as a result of a voluntary termination, which include disability benefits, the value of unvested stock options that become fully vested and the value of restricted stock that vests on a pro-rata basis. The named executive officers may elect to receive the disability benefits that are generally available to all eligible employees under our subsidized health and welfare benefits plan. In the event of a named executive officer's permanent disability, disability income would be payable on a monthly basis as long as the executive officer qualifies as permanently disabled. For purposes of this table, we have assumed the executive officer is disabled for a period of one year. The restrictions on outstanding shares of restricted stock lapse on a prorated basis and all stock options become fully vested and

exercisable in the event an executive officer becomes permanently disabled. Unless stock options expire by their own terms, vested stock options may be exercised for a period of three years following permanent disability.

Foshee, Sult, Leland, Smolik and Baker, this column shows the value of shares of restricted stock that vest on a pro-rata basis in the event of disability calculated using \$9.83, the closing price of our common stock on December 31, 2009. The value of Mr. Yardley's shares of restricted stock that vest on a pro-rata basis are included in the voluntary termination table.

Incremental Payments made upon Termination with Cause

In the event a named executive officer is terminated with cause, the named executive officer would not receive any benefits above the compensation and benefits he or she is entitled to as a result of a voluntary termination. In the event a named executive officer is terminated with cause, the executive officer is entitled to his or her vested benefits under our Pension Plan and Retirement Savings Plan (including supplemental benefits). The value of these benefits is shown in the voluntary termination table above. Supplemental pension and supplemental Retirement Savings Plan benefits are paid in lump sum. Under our equity compensation plans, unvested restricted stock and vested but unexercised stock options are forfeited in the event of a termination with cause.

Incremental Payments made upon a Change in Control of El Paso

The following table reflects the incremental value of enhanced benefits the named executive officers would receive in the event of termination of employment following a change in control of El Paso above the compensation and benefits

the executive officers are entitled to as a result of a voluntary termination, which include benefits under our 2004 Key Executive Severance Protection Plan and the value of stock options and restricted stock that become fully vested. In March 2004, El Paso adopted the 2004 Key Executive Severance Protection Plan to more closely align our executive severance protection plan with current market arrangements. This plan provides severance benefits following a termination of employment within two years of a change in control of El Paso for our executives and certain executives of our subsidiaries designated by our Board or the Compensation Committee, including all of the named executive officers, and supersedes benefits payable under our Severance Pay Plan (see Incremental Payments made upon Involuntary Termination without Cause above). The benefits of the plan include: (1) a cash severance payment in an amount equal to 3 times the annual base salary and target bonus for Mr. Foshee, and 2 times the annual base salary and target bonus for executive vice presidents and senior vice presidents, including Messrs. Sult, Leland, Smolik, Yardley and Baker; (2) a pro-rated portion of the executive s

target bonus for the year in which the termination of employment occurs; (3) continuation of life and health insurance following termination for a period of 36 months for Mr. Foshee and 24 months for executive vice presidents and senior vice presidents, including Messrs. Sult, Leland, Smolik, Yardley and Baker; (4) a gross-up payment for any federal excise tax imposed on an executive in connection with any payment or distribution made by us or any of our affiliates under the plan or otherwise; provided that in the event a reduction in payments in respect of the executive of 10 percent or less would cause no excise tax to be payable in respect of that executive, then the executive will not be entitled to a gross-up payment and payments to the executive shall be reduced to the extent necessary so that the payments shall not be subject to the excise tax; and (5) payment of legal fees and expenses incurred by the executive to enforce any rights or benefits under the plan. Supplemental pension benefits also become fully vested and payable to the executive in the event of a termination of employment following a change in control of El Paso. Under our equity compensation plans, the restriction periods applicable to shares of restricted stock immediately lapse and all outstanding stock options become fully vested and exercisable.

Benefits are payable for any termination of employment of an executive in the 2004 Key Executive Severance Protection Plan within two years following the date of a change in control, except where termination is by reason of death, disability, for cause or instituted by the executive other than for good reason. Good reason means, as to any executive, the occurrence of any of the following events or conditions following a change in control: (a) a reduction in the executive's status, title, position or responsibilities, (b) a reduction in the executive's annual base salary, (c) the

requirement that the executive's principal place of employment be outside 50 mile radius of his or her principal place of employment immediately prior to the change in control; (d) the termination of any material compensation and benefits provided to the executive immediately prior to the change in control, (e) any material breaches of any provision of the plan and (f) any termination of the executive's employment for cause which does not comply with the plan. Benefits are not payable for any termination of employment following a change in control if (i) the termination occurs in connection with the sale, divestiture or other disposition of our designated subsidiaries, (ii) the purchaser or entity subject to the transaction agrees to provide severance benefits at least equal to the benefits available under the plan, and (iii) the executive is offered, or accepts, employment with the purchaser or entity subject to the transaction. A change in control generally occurs if: (i) any person or entity becomes the beneficial owner of more than 20 percent of our common stock; (ii) a majority of the current members of our Board of Directors or their approved successors cease to be our directors (or, in the event of a merger, the

Table of Contents

ultimate parent following the merger); or (iii) a merger, consolidation, or reorganization, our complete liquidation or dissolution, or the sale or disposition of all or substantially all of our and our subsidiaries' assets (other than a transaction in which the same stockholders before the transaction own 50 percent of the outstanding common stock after the transaction is complete). The 2004 Key Executive Severance Protection Plan generally may be amended or terminated at any time prior to a change in control, provided that any amendment or termination that would adversely affect the benefits or protections of any executive under the plan shall be null and void as it relates to that executive if a change in control occurs within one year of the amendment or termination. In addition, any amendment or termination of the plan in connection with, or in anticipation of, a change in control which actually occurs shall be null and void. From and after a change in control, the plan may not be amended in any manner that would adversely affect the benefits or protections provided to any executive under the plan.

Compensation Policies and Practices as they Relate to Risk Management

With the help of its compensation consultant Deloitte, the Compensation Committee reviewed our compensation policies and practices for all employees, including the named executive officers, and determined that our compensation policies and practices, taking into account our internal controls related to compensation and the mitigating features incorporated into our compensation programs, do not encourage inappropriate risk-taking.

Specifically, the Compensation Committee noted a number of design features of our cash incentive and equity programs that mitigate these risks, including:

total direct compensation for our executive officers is heavily weighted in equity, which may reduce the risk of our executive officers making decisions that benefit the short-term at the expense of the company's long-term performance;

performance measures utilized in the incentive compensation arrangements for all employees have both short-and long-term performance implications, thus discouraging participants from manipulating short-term performance at the expense of long-term performance;

the design of annual incentives for all employees includes an annual cap on the amount of short-term compensation that may be earned;

each business unit's incentive plan is based on a blend of financial and non-financial performance metrics that, when combined, discourages excessive risk taking and the manipulation of performance;

financial metrics focus on growth, profitability and balance sheet improvement, while the non-financial metrics focus on operational excellence and safety;

due to the mix of financial and non-financial performance metrics, participants cannot unduly benefit by focusing on a single performance measure;

business unit goals are established using a rigorous process and are tied to the company's annual budget;

incentive plan metrics and goals are approved by the Compensation Committee in February of each year and goals are not altered during the performance cycle;

the company has a rigorous verification and review process to calculate the attainment of performance goals under each incentive plan;

the company has a compensation recovery policy that applies to all employees receiving annual incentive or equity awards, including our named executive officers, that allows the company to claw back awards if an employee knowingly engages in, or was grossly negligent to, misconduct that causes us to prepare an accounting restatement due to material noncompliance with any financial reporting requirement; and

executive officers are subject to stock ownership requirements.

DIRECTOR COMPENSATION

Our non-employee directors are compensated for their services on the Board under the 2005 Compensation Plan for Non-Employee Directors, which is designed to attract and retain highly qualified individuals to serve as members of our Board. All members of the Board are reimbursed for their reasonable expenses for attending Board functions. As an employee director, Mr. Foshee does not receive any additional compensation for serving on the Board of Directors.

Pursuant to our 2005 Compensation Plan for Non-Employee Directors, non-employee directors receive an annual retainer of \$80,000, \$20,000 of which is required to be paid in deferred shares of our common stock and the remaining \$60,000 of which is paid at the election of the director in any combination of cash, deferred cash or deferred shares of common stock. For any compensation received in deferred shares rather than cash, he or she is credited with deferred shares with a value representing a 25 percent premium to the cash retainer he or she would otherwise have received. For example, an individual director could receive \$60,000 in cash and \$25,000 (\$20,000, plus a \$5,000 premium) in mandatory deferred common stock assuming he or she elects not to take additional deferred common stock or could receive \$100,000 in deferred common stock assuming he or she elects to take the entire retainer in deferred common stock.

Each non-employee director who chairs a Committee of the Board of Directors receives an additional retainer of \$15,000 per year, except for the Chairman of the Audit Committee who receives an additional retainer of \$20,000 per year, which may be paid in the same manner as the annual retainer (with a total up to \$18,750, or \$25,000 in the case of the Audit Committee Chairman, if he or she elects to take the entire retainer in deferred common stock). Each member of the Audit Committee, other than the Audit Committee Chairman, receives an additional amount of \$5,000 per year to compensate him or her for the additional meetings required by the Audit Committee, which amount may be paid in the same manner as the annual retainer (with a total of up to \$6,250 if he or she elects to take the entire amount in deferred common stock).

Each non-employee director also receives an annual long-term equity credit in the form of deferred shares of our common stock (without any premium) equal to the amount of the annual retainer (currently \$80,000). Directors are not entitled to receive their deferred amounts until they cease to be a director of El Paso.

The Compensation Committee, in consultation with its independent compensation consultant, periodically reviews non-employee director compensation and recommends changes (if appropriate) to the full Board of Directors based upon competitive market practices. The Compensation Committee did not recommend any increases to our non-employee director compensation program during 2009, with the exception of the additional retainer paid to the Lead Director, explained below.

Lead Director

Mr. Talbert receives the same compensation as other non-employee directors for his service on the Board, plus an additional retainer of \$30,000 per year, which may be paid in the same manner as the annual retainer, to compensate him for the additional time spent on Board matters as Lead Director. The Board approved this retainer in May 2009 in connection with Mr. Talbert's appointment as Lead Director.

Director Charitable Award Plan Terminated

The Director Charitable Award Plan was adopted in January 1992 to provide for each eligible director to designate up to four charitable organizations to receive a maximum of \$1,000,000 in the aggregate upon the death of each director

participant. A director was eligible to participate after two consecutive years of service on the Board of Directors. The Director Charitable Award Plan was terminated on December 4, 2003, with respect to any new participants, including current directors that had not served on the Board for at least two years as of the date the plan was terminated.

Messrs. Braniff and Hall (and thirteen former directors) participate in this plan. The reserve for the Director Charitable Award Plan is combined with the total reserves maintained by our insurance captive and has historically been funded with a combination of investment income and annual premium payments. Directors derive no financial benefit from this program since all charitable deductions accrue solely to El Paso. No premium

Table of Contents

payments were made to the plan in 2009, and we do not expect that any premium payments will need to be made in future years.

Educational Matching Gift Program

Non-employee directors may participate in our Educational Matching Gift Program, which is a broad-based charitable program available to all full-time employees, as well as Board members. Under the program, we match contributions to eligible colleges, universities and primary and secondary schools up to an annual maximum of \$5,000 per employee or director.

Director Compensation Table

The following table sets forth (1) the aggregate dollar amount of all fees paid in cash or deferred cash to each of our non-employee directors during 2009 for their services on the Board, (2) the aggregate dollar amount of deferred shares of common stock received by each non-employee director as part of his or her annual retainer and/or long-term equity credit, and (3) the value of total compensation that each of our non-employee directors earned during 2009. Our non-employee directors do not receive stock options or pension benefits.

- (1) Employee directors do not receive any additional compensation for serving on the Board of Directors; therefore, Mr. Foshee's compensation is reflected in the Summary Compensation Table on page 55 of this proxy statement. Amounts paid as reimbursable business expenses to each director for attending Board functions are not reflected in this table. We do not consider the directors' reimbursable business expenses for attending board functions and other business expenses required to perform board duties to have a personal benefit and thus be considered a perquisite.
- (2) This column includes the value of a director's annual retainer, including the additional retainer for the Lead Director, directors who chair a Committee of the Board of Directors and audit committee members, that the

Shapiro, Whitmire, Joyce, Kuehn and Wyatt for 2009 includes \$60,000, \$40,000, \$20,000, \$60,000, \$80,000, \$76,250, \$15,000, \$15,000 and \$7,500, respectively, that the director elected to receive in deferred stock.

- (3) Directors are not entitled to receive their deferred amounts until they cease to be a director of El Paso. The aggregate number of stock awards outstanding as of December 31, 2009 is 121,763 deferred shares for Mr. Braniff; 2,644 deferred shares for Mr. Crane; 92,870 deferred shares for Mr. Dunlap; 106,491 deferred shares for Mr. Goldman; 85,214 deferred shares for Mr. Hall; 90,587 deferred shares for Mr. Hix; 60,661 deferred shares for Ms. McClean; 2,644 deferred shares for Mr. Probert; 55,146 deferred shares for Mr. Shapiro; 67,693 deferred shares for Mr. Talbert; 43,104 deferred shares for Mr. Vagt; and 131,326 deferred shares for Mr. Whitmire. Directors receive dividends on the deferred shares at the same rate as all stockholders. Any such dividends are reinvested in deferred shares of common stock.
- (4) We terminated our 2001 Stock Option Plan for Non-Employee Directors in December 2003 and no longer award stock options to our non-employee directors. Certain of the directors in the table have vested stock options that were granted under the 2001 Stock Option Plan for Non-Employee Directors or prior plans. The aggregate number of vested stock options outstanding under all plans as of December 31, 2009 is 11,000 stock options for Mr. Braniff, 8,000 stock options for Mr. Dunlap, 8,000 stock options for Mr. Goldman, 12,000 stock options for Mr. Hall, 8,000 stock options for Mr. Talbert, and 8,000 stock options for Mr. Whitmire. Of the options listed above, Messrs. Braniff and Hall have 5,000, and 6,000 stock options, respectively, at or above a \$40 exercise price. It is not likely that our stock price will reach \$40 during the remaining term of these stock options, thus it is not likely the stock options will be in-the-money before they expire by their own terms.
- (5) The amount in this column is above-market interest credited during 2009 to Mr. Dunlap's deferred cash account balance under the 2005 Compensation Plan for Non-Employee Directors.
- (6) The amount reflected in this column for Mr. Braniff reflects the cost of an airline ticket for an occasion when the director's spouse accompanied him on a business-related flight using a commercial carrier. The amount reflected in this column for Mr. Goldman includes \$412 relating to ground transportation for certain occasions when the director's spouse accompanied him on business-related travel, as well as \$5,000 in charitable matching contributions made by El Paso pursuant to our Educational Matching Gift Program. The amount reflected in this column for Ms. McClean reflects occasions when the director's spouse accompanied her on business-related flights using a commercial carrier. The amount reflected in this column for Mr. Vagt reflects the cost of an airline ticket for an occasion when the director's spouse accompanied him on a business-related flight using a commercial carrier. The amount in the column for Mr. Kuehn includes \$12,125 to reimburse Mr. Kuehn for country club dues pursuant to Mr. Kuehn's termination and consulting agreement, \$9,523 of imputed income, plus a gross up payment of \$789, related to insurance premiums paid by us for Mr. Kuehn's benefit, \$525 for an airline ticket for an occasion when the director's spouse accompanied him on a business-related flight using a commercial carrier, as well as \$5,000 representing the amount of charitable matching contributions made by El Paso pursuant to our Educational Matching Gift Program.
- (7) Messrs. Crane and Probert were elected to the Board of Directors on December 4, 2009.
- (8) Messrs. Joyce, Kuehn and Wyatt retired from the Board of Directors on May 6, 2009.

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION TABLE**

The following table provides information concerning our equity compensation plans as of December 31, 2009. All shares remaining available for future issuance under our plans have been approved by our stockholders. The table includes (a) the number of securities to be issued upon exercise of options, warrants and rights outstanding under our equity compensation plans, (b) the weighted-average exercise price of all outstanding options, warrants and rights and (c) additional shares available for future grants under all of our equity compensation plans.

(1) Of the 29,004,240 shares listed in this column, 6,291,584 are stock options that have an exercise price of \$40 or higher. It is not likely that our stock price will reach \$40 during the remaining terms of these stock options, thus it is not likely the stock options will be in-the-money before they expire by their own terms.

(2) This amount includes 2,204,661 shares available for future issuance under our Employee Stock Purchase Plan. It also includes 1,743,374 shares available for future issuance under our 2005 Compensation Plan for Non-Employee Directors.

(3) In 2005, our stockholders approved the adoption of our 2005 Omnibus Incentive Compensation Plan, which replaced all existing stockholder approved and non-stockholder approved plans. All shares remaining available for future issuance under the terminated plans were canceled, although certain stock options remain outstanding under them. Consequently, all shares remaining available for future issuance under our plans have been approved by our stockholders.

Non-stockholder Approved Plans Terminated Plans

Strategic Stock Plan and Omnibus Plan for Management Employees Terminated Plans. These equity compensation plans were not approved by our stockholders and in each case have been terminated. The Strategic Stock Plan

provided for the grant of stock options, stock appreciation rights, limited stock appreciation rights and shares of restricted stock to non-employee members of our Board of Directors, our officers and key employees and officers and key employees of our subsidiaries primarily in connection with strategic acquisitions. The Omnibus Plan for Management Employees provided for the grant of stock options, stock appreciation rights, limited stock appreciation rights and shares of restricted stock to our salaried employees (other than employees covered by a collective bargaining agreement) and salaried employees of our subsidiaries. These plans have been replaced by our 2005 Omnibus Incentive Compensation Plan. Although these plans have been terminated with respect to new grants, certain stock options remain outstanding under their terms. In the event of a change in control, outstanding stock options granted under the Strategic Stock Plan and Omnibus Plan for Management Employees become fully exercisable and restrictions placed on restricted stock lapse. For purposes of the Strategic Stock Plan and Omnibus Plan for Management Employees, the term change in control has substantially the same meaning given such term in our Key Executive Severance Protection Plan.

PROPOSAL NO. 2 Approval of the 2005 Omnibus Incentive Compensation Plan, as amended and restated

The Board of Directors recommends that stockholders approve the El Paso Corporation 2005 Omnibus Incentive Compensation Plan, as amended and restated, to increase the number of shares available for issuance by 7.0 million.

Description of the Proposal and Material Plan Changes

On February 24, 2010, the Board of Directors approved an amendment to the El Paso Corporation 2005 Omnibus Incentive Compensation Plan, or *omnibus plan*, subject to stockholder approval, to (i) increase the number of shares of common stock available for issuance by 7.0 million shares, (ii) correspondingly increase the number of full-value awards (i.e., awards other than stock options and stock appreciation rights) available for grant under the omnibus plan by 7.0 million, and (iii) incorporate previously adopted amendments. No other material changes were made to the plan. The amendment has been incorporated into an amendment and restatement of the omnibus plan, which is attached as Appendix A hereto. The Board is submitting the omnibus plan, as amended and restated, for stockholder approval at the 2010 Annual Meeting.

Stockholder approval of the omnibus plan, as amended and restated, will also constitute re-approval of the material terms of the performance goals under which compensation intended to constitute performance-based compensation, for purposes of Section 162(m) of the Code, may be paid.

Section 162(m) places a limit of \$1 million on the amount we may deduct in any one year for compensation paid to our CEO and our other three most highly-paid executive officers, other than our CFO. There is, however, an exception to this limit for certain performance-based compensation. Awards made pursuant to the omnibus plan may constitute such performance-based compensation. However, in order to qualify for this exception, stockholders must approve, at least every five years, the material terms of the performance goals of the omnibus plan under which such performance-based compensation will be paid. Stockholders last approved the performance goals under the omnibus plan in 2009.

The material terms being submitted for approval for purposes of Section 162(m) include: (i) the employees eligible to receive awards under the omnibus plan, (ii) a description of the business criteria on which the performance goals may be based, and (iii) the maximum amount of compensation that could be paid to any employee if the performance goals are attained. This information is provided in the summary of the omnibus plan below.

Summary of the Omnibus Plan

The complete text of the omnibus plan, as amended and restated, is set forth as Appendix A attached hereto. The following is a general summary of the omnibus plan, which is qualified in its entirety by reference to Appendix A.

Purpose of the Omnibus Plan

The purpose of the omnibus plan is to promote the interests of the company and its stockholders by enhancing the company's ability to attract and retain salaried employees through suitable recognition of their ability and experience. The omnibus plan is further intended to align the employees' interests and efforts with the long-term interests of the company's stockholders, and to provide employees with a direct incentive to achieve the company's strategic and financial goals.

Effective Date and Duration

The omnibus plan originally became effective on May 26, 2005 when it was approved by stockholders at the 2005 annual meeting and was subsequently amended and restated effective May 6, 2009 when it was approved by stockholders at the 2009 annual meeting. The plan authorizes the granting of awards for up to ten years from the plan's original effective date. The plan, as presently amended and restated, will become effective on May 19, 2010 if

Table of Contents

it is approved by stockholders at the 2010 annual meeting. The omnibus plan will remain in effect, subject to the right of the Board of Directors to terminate the plan at any time, until no awards remain outstanding.

Administration of the Omnibus Plan

The Compensation Committee of our Board of Directors is the plan administrator with respect to participants considered to be Section 16 Insiders and those participants whose compensation is subject to the deductibility limits of Section 162(m). A management committee, consisting of our CEO and other senior officers delegated by the CEO, is the plan administrator with respect to all other participants.

The plan administrator has the full power to select employees to receive awards under the omnibus plan; determine the terms and conditions of awards; construe and interpret the plan and any awards granted thereunder; and, subject to certain limitations, amend the terms and conditions of outstanding awards. The plan administrator's determinations and interpretations under the omnibus plan are binding on all interested parties.

Eligibility and Participation

Eligible participants include all employees (other than an employee who is a member of a unit covered by a collective bargaining agreement) of the company or any subsidiary, including employees who are members of our Board of Directors, but excluding directors who are not employees, as determined by the plan administrator. In addition, the plan administrator may grant awards to any person who, in the sole discretion of the plan administrator, holds a position of responsibility and is able to contribute substantially to the success of our company. The number of employees who are currently eligible to participate in the omnibus plan is approximately 4,900, from which the plan administrator has selected approximately 950 participants.

Shares Subject to the Omnibus Plan

The omnibus plan currently authorizes the issuance of up to 47,500,000 shares of our common stock; provided, however, that the maximum number of full-value awards (i.e., restricted stock, restricted stock units, performance shares, performance units and other stock-based awards) that may be granted under the plan is 14,500,000. As of December 31, 2009, 20,537,587 shares remained available for issuance under the plan, of which 5,559,826 could be issued as full-value awards.

The amended and restated omnibus plan, if approved by stockholders, will increase the maximum number of shares of common stock that may be issued under the plan by 7,000,000 shares. Based on the number of shares available for issuance as of December 31, 2009, the 7,000,000 increase would result in 27,537,587 shares remaining available for issuance under the plan. The amended and restated omnibus plan will also increase the number of full-value awards available for grant under the plan by 7,000,000 (from 14,500,000 to 21,500,000). Based on the number of full-value awards available for issuance as of December 31, 2009, the 7,000,000 increase would result in 12,559,826 full-value awards remaining available for issuance under the plan.

Any shares that are potentially deliverable under an award granted under the omnibus plan that is cancelled, forfeited, settled in cash, expires or is otherwise terminated without delivery of such shares shall not be counted as having been issued under the plan. Likewise, shares that have been issued in connection with an award of restricted stock that is canceled or forfeited prior to vesting or settled in cash, causing the shares to be returned to the company, will not be counted as having been issued under the plan.

If shares are returned to the company in satisfaction of taxes related to restricted stock, in connection with a cash out of restricted stock (but excluding upon forfeiture of restricted stock) or in connection with the tendering of shares by a

participant in satisfaction of the exercise price or taxes relating to an award, such issued shares shall not become available again for issuance under the plan. In addition, each stock appreciation right issued under the plan will be counted as one share issued under the plan without regard to the number of shares issued to the participant upon exercise of such stock appreciation right.

In the event of a change in capitalization, as defined in the omnibus plan, the plan administrator shall make such adjustments as it determines are appropriate and equitable to (i) the maximum number and class of shares of common stock or other stock or securities with respect to which awards may be granted under the plan, (ii) the

Table of Contents

maximum number and class of shares of common stock or other stock or securities that may be issued upon exercise of stock options, (iii) the individual annual grant limits for Section 162(m), (iv) the number and class of shares of common stock or other stock or securities which are subject to outstanding awards and the option price or grant price therefor, if applicable, and (v) performance goals.

The shares to be delivered under the omnibus plan may be made available from any combination of shares held in El Paso's treasury or authorized but unissued shares of El Paso's common stock. The closing price of a share of El Paso common stock on the NYSE on March 12, 2010 was \$11.43.

Individual Annual Grant Limits

For purposes of Section 162(m), (i) the maximum number of our shares with respect to which stock options or stock appreciation rights may be granted to any participant in any calendar year is 2 million shares; (ii) the maximum number of our shares of restricted stock that may be granted to any participant in any calendar year is 1 million shares; (iii) the maximum number of our shares with respect to which restricted stock units, performance shares, performance units or other stock-based awards may be granted to any participant in any calendar year is 1 million shares; and (iv) the maximum amount of other awards under the plan, including incentive awards, that may be paid pursuant to the omnibus plan in any calendar year to any participant is \$10 million.

Awards under the Omnibus Plan

Grants under the omnibus plan may be made in the form of stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, performance units, incentive awards, and other cash or stock-based awards.

Types of Awards

Following is a general description of the types of awards that may be granted under the omnibus plan. Terms and conditions of awards will be determined on a grant-by-grant basis by the plan administrator, subject to limitations contained in the omnibus plan.

Stock Options. A stock option is the grant of an option made to eligible employees to purchase a specific number of shares of common stock under certain terms and conditions and for a set price. The plan administrator will determine the price of the shares of common stock covered by each stock option, except that the stock option price may not be less than 100 percent of the fair market value of the shares of common stock on the date the stock options are granted. The plan administrator will also set the term of each stock option. The term of a stock option may not exceed ten years from the date of the grant.

Stock options granted under the omnibus incentive plan may be either incentive stock options which qualify under the meaning of Section 422 of the Code or non-qualified stock options which are not designed to qualify under Section 422. With respect to each stock option granted under the omnibus plan, the plan administrator will determine the nature and extent of any restrictions to be imposed on the shares of common stock that may be purchased, including, but not limited to, restrictions on the transferability of shares acquired upon exercise. Stock options granted under the omnibus plan cannot be repriced without the approval of the stockholders other than in connection with a change in capitalization in which an adjustment is permitted. In addition, underwater stock options cannot be cashed out without stockholder approval.

The actual purchase of shares of common stock pursuant to a stock option is called the exercise of that stock option. Stock options granted under the omnibus plan will be exercisable at such time or times and subject to such terms and conditions as determined by the plan administrator at the time of grant. The plan administrator may waive such

restrictions on the exercisability of a stock option at any time on or after the date of the grant in whole or in part, as the plan administrator may determine in its sole discretion. Shares covered by a stock option may be purchased at one time or in such installments over the option period as determined by the plan administrator.

The plan administrator will determine the form of payment of the stock option price, which may include cash, shares of common stock already owned by the participant, or any combination of cash and shares of common stock, with the fair market value of the common stock valued as of the day prior to delivery. The plan administrator may

Table of Contents

also designate additional forms of payment that will be permitted, provided the methods are permitted by applicable laws and regulations. A participant will not have any of the rights of a stockholder until the shares of common stock are issued to the participant.

Stock Appreciation Rights. A stock appreciation right granted under the omnibus plan is a right to receive the appreciation in value of a share of common stock between the date the stock appreciation right or related award is granted and the date it is exercised. A stock appreciation right may be granted freestanding or in tandem or in combination with any other award under the omnibus incentive plan. Upon exercise, each stock appreciation right will entitle a participant to receive payment from the company determined by multiplying (i) the difference between the fair market value of a share of common stock on the date the stock appreciation right is exercised over the price fixed at the date of grant (which shall not be less than 100 percent of the fair market value of a share of common stock on the date of grant) times (ii) the number of shares of common stock with respect to which the stock appreciation right is exercised. At the discretion of the plan administrator, the payment upon stock appreciation right exercise may be in cash, in shares of common stock of equivalent value, or in some combination thereof.

A stock appreciation right granted in tandem with any other award under the omnibus plan shall be exercisable only at such times and to the extent that the award as to which it relates is exercisable or at such other times as the plan administrator may determine. A stock appreciation right expires at the same time the associated award expires, but in no case shall the right be exercisable later than the tenth anniversary of the date of its grant. A holder of a stock appreciation right will not have any of the rights of a stockholder until shares of common stock are issued. Stock appreciation rights granted under the omnibus plan cannot be repriced without the approval of the stockholders other than in connection with a change in capitalization in which an adjustment is permitted. In addition, underwater stock appreciation rights cannot be cashed out without stockholder approval.

Performance Shares and Performance Units. Performance shares granted under the omnibus plan represent the right to receive a number of shares of common stock for each performance share granted. Performance units granted under the omnibus plan represent the right to receive a payment, either in cash or shares of common stock, equal to the value of a performance unit. Performance shares or performance units may be granted to participants at any time and from time to time as the plan administrator determines. Performance shares and performance units may be granted alone or in combination with any other award.

Prior to the grant of each performance share or performance unit, the plan administrator will establish the initial number of shares of common stock for each performance share and the initial value for each performance unit. In addition, the plan administrator will determine the performance goals used to determine the extent to which the participant receives a payout for the performance period. The plan administrator may assign percentages or other relative values of performance which will be applied to determine the extent to which the participant receives a payout. After a performance period has ended, the plan administrator will determine the extent to which the performance goals have been met and the holder of a performance share or performance unit is entitled to receive a payout of the number of performance shares or value of performance units awarded. No payout will be made without written certification by the plan administrator that the applicable performance goals have been satisfied. No dividends will be paid on unvested performance shares or unvested performance units.

Restricted Stock. Restricted stock is common stock that is subject to forfeiture if a participant's employment terminates before a specified date, if pre-established performance goals for a specified time period are not attained or upon such other factors or criteria as the plan administrator may determine. Restricted stock may be granted to participants under the omnibus plan at any time and from time to time as the plan administrator determines. Generally, there is no purchase price associated with restricted stock. The restriction period on time-based restriction stock will be at least 3 years and the restriction period on performance-based restricted stock will be at least 1 year.

A participant who receives a grant of restricted stock will be recorded as a stockholder of El Paso and will have all the rights of a stockholder with respect to such shares (except with respect to the restrictions on transferability during the restriction period), including the right to vote the shares and receive dividends and other distributions paid with respect to the underlying shares. When all applicable conditions associated with a participant's restricted stock have been met, the participant will be issued unrestricted shares of common stock subject to any required share withholding to satisfy tax withholding obligations.

Table of Contents

Restricted Stock Units. A restricted stock unit granted under the omnibus plan represents a right to receive a payment, in cash or shares of common stock, equal to the value of a share of common stock. Restricted stock units may be granted to participants at any time and from time to time as the plan administrator determines. The restriction period on time-based restricted stock units will be at least three years and the restriction period on performance-based restricted stock units will be at least one year.

A participant who receives a grant of restricted stock units will not be recorded as a stockholder of El Paso and will not have any of the rights of a stockholder unless or until the participant is issued shares of common stock in settlement of the restricted stock units granted. The plan administrator may determine that restricted stock units are entitled to dividend equivalents equal to cash dividends, if any, paid on shares of common stock. Dividend equivalents may be paid in cash or common stock or credited to the participant as additional restricted stock units. When all applicable conditions associated with a participant's restricted stock units have been met, restricted stock units will be settled in any combination of cash or shares of common stock subject to the payment of all taxes required to be withheld.

Incentive Awards. An incentive award is a percentage of a participant's base salary, fixed dollar amount or other measure of compensation to be awarded in cash or other awards under the omnibus incentive plan at the end of a performance period if certain performance goals or other performance measures are achieved. Prior to the beginning of a particular performance period, or not later than 90 days following the beginning of the relevant fiscal year, the plan administrator will establish the performance goals or other performance measures which must be achieved for any participant to receive an incentive award for that performance period. The performance goals or other performance measures may be based on any combination of corporate and business unit performance goals or other performance measures. The plan administrator may also establish one or more company-wide performance goals or other performance measures which must be achieved. Incentive awards become payable to the extent the plan administrator certifies in writing that the performance goals or other performance measures selected for a particular performance period have been attained.

At the end of each performance period and within 30 days after the information necessary to make a determination is available for the performance period, the plan administrator will determine whether the performance goals or other performance measures for the performance period have been achieved and the amount of each participant's award. Incentive awards may be paid in any combination of cash and/or other awards.

Cash and Other Stock-Based Awards. The plan administrator may grant cash awards to participants in such amounts and upon such terms, including the achievement of specific performance criteria as the plan administrator may determine. The plan administrator may also grant other types of equity-based or equity-related awards known as other stock-based awards under the omnibus plan. Other stock-based awards may involve the transfer of actual shares of common stock or payment in cash or otherwise of amounts based on the value of shares of common stock. The plan administrator may establish performance criteria applicable to such awards in its sole discretion. Each cash award granted will specify a payment amount or payment range as determined by the plan administrator. Each other stock-based award will be expressed in terms of shares of common stock or units based on shares of common stock, as determined by the plan administrator. The minimum vesting period for other stock-based awards with no performance-based vesting characteristics is 3 years, and the minimum vesting period for other stock-based awards that vest upon the achievement of specific performance goals is 1 year; provided that the plan administrator may grant a de minimis number of other stock-based awards that do not comply with the foregoing vesting standards. For this purpose, de minimis means 5% or less of the maximum number of full-value shares that may be issued under the omnibus plan.

Performance Goals

The plan administrator may determine that performance criteria will apply to awards granted under the omnibus plan. To the extent that awards are intended to qualify as performance-based compensation under Section 162(m), the performance goals may include any one or more of the following, either individually, alternatively or in any combination, applied to either El Paso as a whole or any subsidiary or business unit, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of

Table of Contents

years, on an absolute basis or relative to the predetermined target, to previous years' results or to a designated comparison group, in each case as specified by the plan administrator:

(i) financial goals earnings; earnings per share; net income; revenues; operating cash flow; free cash flow (defined as operating cash flow less capital expenditures less dividends); debt level; equity ratios; expenses; cost reduction targets; capital expended; working capital; weighted average cost of capital; operating or profit margins; interest-sensitivity gap levels; return on assets; return on equity or capital employed; and return on total capital;

(ii) production and non-regulated business unit goals amount of the oil and gas reserves; oil and gas reserve additions; oil and gas reserve replacement ratios; costs of finding oil and gas reserves; and daily natural gas and/or oil production;

(iii) regulated business unit goals contracted capacity on pipelines; and throughput levels on pipelines;

(iv) corporate and other total shareholder return; market share; charge-offs; assets; non-performing assets; asset sale targets; asset quality levels; value of assets; fair market value of the common stock; employee retention/attrition rates; investments; regulatory compliance; satisfactory internal or external audits; improvement of financial ratings; safety targets; economic value added; value creation; or achievement of balance sheet or income statement objectives.

The plan administrator shall adjust the performance goals to include or exclude extraordinary charges, gain or loss on the disposition of business units, losses from discontinued operations, restatements and accounting changes and other unplanned special charges such as restructuring expenses, acquisitions, acquisition expenses, including expenses related to goodwill and other intangible assets, stock offerings, stock repurchases and loan loss provisions.

Termination of Employment

The award agreement applicable to each award granted under the omnibus plan will set forth the effect of a participant's termination of employment upon such award. Unless explicitly set forth otherwise in an award agreement or as determined by the plan administrator, (i) all of a participant's unvested and/or unexercisable awards are automatically forfeited upon termination of a participant's employment for any reason, and, with respect to stock options or stock appreciation rights, a participant is permitted to exercise the vested portion of the stock option or stock appreciation right for three months following termination of employment, and (ii) all of a participant's awards whether vested or unvested, exercisable or unexercisable are automatically forfeited upon the termination of the participant's employment for cause. Provisions regarding the effect of a termination of employment upon an award are determined in the sole discretion of the plan administrator and need not be uniform among all awards or among all participants.

Change in Control

Under the omnibus plan, a change in control occurs if: (i) any person or entity becomes the beneficial owner of 20 percent or more of El Paso's common stock; (ii) if the individuals who, as of the effective date, are members of the board of directors (including any new director who was approved by a vote of at least 2/3 by such incumbent directors) cease for any reason to constitute at least a majority of the members of the board of directors; (iii) consummation of a merger, consolidation or reorganization (a) with or into the company or (b) in which securities of the company are issued, unless such merger, consolidation or reorganization is a non-control transaction (as defined in the omnibus plan); (iv) consummation of a complete liquidation of the company or the sale or disposition of all or substantially all of El Paso's assets. A change in control has not occurred if El Paso is involved in a merger, consolidation or sale of assets in which the same stockholders of El Paso before the transaction own 80 percent of the outstanding common stock after the transaction is complete.

Except as otherwise provided in an award agreement, in the event of a participant's termination of employment (a) without cause or (b) by the participant for good reason (as defined below), if applicable, within two years following a change in control (i) all stock options and stock appreciation rights will become fully vested and exercisable, (ii) the restriction periods applicable to all shares of restricted stock and restricted stock units will

Table of Contents

immediately lapse, (iii) the performance periods applicable to any performance shares, performance units and incentive awards that have not ended will end and such awards will become vested and payable in cash in an amount assuming target levels of performance by both participants and El Paso have been achieved within ten days following such termination, and (iv) any restrictions applicable to cash awards and other stock-based awards will immediately lapse and, if applicable, become payable within ten days following such termination. For purposes of the omnibus plan, the term "good reason" means, as to any executive, the occurrence of any of the following events or conditions following a change in control: (a) a reduction in the executive's status, title, position or responsibilities, (b) a reduction in the executive's annual base salary, (c) the requirement that the executive's principal place of employment be outside a fifty mile radius of his or her principal place of employment immediately prior to the change in control; (d) the termination of any material compensation and benefits provided to the executive immediately prior to the change in control, (e) any material breaches of any provision of the plan and (f) any termination of the executive's employment for cause which does not comply with the plan.

Transferability

Awards granted under the omnibus plan may not be transferred, assigned, pledged, or encumbered in any manner except in the case of the death of a participant. Non-qualified stock options may be transferred to certain immediate family members, directly or indirectly or by means of a trust, corporate entity or partnership, as provided for in the omnibus plan and allowed by the plan administrator. Any attempt to transfer, assign, pledge, hypothecate or otherwise dispose of awards granted under the omnibus plan, or any right or privilege conferred thereby, contrary to the provisions of the omnibus plan, may result in the forfeiture of any affected award.

Termination and Amendment

The plan administrator, subject to the approval of the Board of Directors, may from time to time amend the omnibus plan; provided, however, (i) stockholder approval is required to the extent required by applicable law, regulation or stock exchange rule and (ii) no change in any award previously granted under the omnibus plan may be made without the consent of the participant which would impair the right of the participant to acquire or retain common stock or cash that the participant may have acquired as a result of the omnibus plan. The board of directors may at any time suspend the operation of or terminate the omnibus plan with respect to any shares of common stock or rights which are not at that time subject to any award outstanding. No award may be granted under the omnibus plan on or after the tenth anniversary of the effective date of the plan.

Tax Withholding

We may deduct or withhold, or require a participant to remit, an amount sufficient to satisfy federal, state, local, domestic or foreign taxes required by law or regulation to be withheld with respect to any taxable event arising as a result of the omnibus plan.

United States Federal Income Tax Consequences

The following is a brief discussion of the principal federal income tax consequences relating to options awarded under the omnibus plan. This summary is based on our understanding of present federal income tax law and regulations. The summary does not purport to be complete or applicable to every situation.

Consequences to the Participant

Grant. There are no federal income tax consequences to the participant solely by reason of the grant of incentive stock options (ISO) or non-qualified stock options (NQSO) under the omnibus plan.

Exercise. The exercise of an ISO is not a taxable event for regular federal income tax purposes if certain requirements are satisfied, including the requirement that the participant generally must exercise the ISO no later than three months following the termination of the participant's employment with El Paso. However, such exercise may give rise to alternative minimum tax liability (see *Alternative Minimum Tax* below).

Upon exercise of a NQSO, a participant will generally recognize ordinary taxable income equal to the excess of the fair market value of the shares of common stock at the time of exercise over the amount paid by the participant as the exercise price. The ordinary income, if any, recognized in connection with the exercise by a participant of a NQSO will be subject to both wage and employment tax withholding.

A participant's tax basis in the shares of common stock acquired upon the exercise of a stock option will be the amount paid upon exercise plus, in the case of a NQSO, the amount of ordinary income, if any, recognized by the participant upon exercise thereof.

Qualifying Disposition. If a participant disposes of shares of common stock acquired upon exercise of an ISO in a taxable transaction, and such disposition occurs more than two years from the date on which the option was granted and more than one year after the date on which the shares were transferred to the participant pursuant to the exercise of the ISO, the participant will recognize long-term capital gain or loss equal to the difference between the

Table of Contents

amount realized upon such disposition and the participant's adjusted basis in such shares (generally the option exercise price).

Disqualifying Disposition. If the participant disposes of shares of common stock acquired upon the exercise of an ISO (other than in certain tax free transactions) within two years from the date on which the ISO was granted or within one year after the transfer of shares to the participant pursuant to the exercise of the ISO, at the time of the disposition the participant will generally recognize ordinary income equal to the lesser of (i) the excess of each such share's fair market value on the date of exercise over the exercise price paid by the participant, or (ii) the participant's actual gain (i.e., the excess, if any, of the amount realized on the disposition over the exercise price paid by the participant). If the total amount realized in a taxable disposition (including the return of capital gain) exceeds the fair market value on the date of exercise of the shares of common stock purchased by the participant under the option, the participant will recognize a capital gain in the amount of such excess. If the participant incurs a loss on the disposition (i.e., if the total amount realized is less than the exercise price paid by the participant) the loss will be a capital loss.

Other Disposition. If a participant disposes of shares of common stock acquired upon exercise of a NQSO in a taxable transaction, the participant will recognize capital gain or loss in an amount equal to the difference between the participant's basis (as discussed above) in the shares sold and the total amount realized upon disposition. Any such capital gain or loss (and any capital gain or loss recognized on a disqualifying disposition of shares of common stock acquired upon exercise of ISOs as discussed above) will be short-term or long-term depending on whether the shares of common stock were held for more than one year from the date such shares were transferred to the participant.

Alternative Minimum Tax. Alternative minimum tax, to which we refer as AMT, is payable if and to the extent the amount thereof exceeds the amount of the taxpayer's regular tax liability. Any AMT paid generally may be credited against future regular tax liability (but not future AMT liability). AMT applies to alternative minimum taxable income.

For AMT purposes, the spread on the exercise of an ISO (but not a NQSO) will be included in alternative minimum taxable income, and the taxpayer will receive a tax basis equal to the fair market value of the shares of common stock at such time for subsequent AMT purposes. However, if the participant disposes of the ISO shares in the year of the exercise, the AMT income cannot exceed the gain recognized for regular tax purposes, provided that the disposition meets certain third-party requirements for limiting the gain on a disqualifying disposition. If there is a disqualifying disposition in a year other than the year of exercise, the income on the disqualifying disposition is not considered alternative minimum taxable income.

Consequences to El Paso Corporation

There are no federal income tax consequences to El Paso by reason of the grant of ISOs or NQSOs or the exercise of an ISO (other than disqualifying dispositions).

At the time the participant recognizes ordinary income from the exercise of a NQSO, El Paso will be entitled to an income tax deduction in the amount of the ordinary income so recognized (as described above), provided that we satisfy our reporting obligations described below. To the extent the participant recognizes ordinary income by reason of a disqualifying disposition of the stock acquired upon exercise of an ISO, El Paso will be entitled to a corresponding deduction in the year in which the disposition occurs.

El Paso is required to report to the Internal Revenue Service any ordinary income recognized by any participant by reason of the exercise of a NQSO or upon a disqualifying disposition of an ISO. We will be required to withhold income and employment taxes (and pay the employer's share of employment taxes) with respect to ordinary income recognized by the participant upon the exercise of a NQSO, but not upon a disqualifying disposition of an ISO.

Other Tax Consequences

The foregoing discussion is not a complete description of the federal income tax aspects of options granted under the omnibus plan. In addition, administrative and judicial interpretations of the application of the federal

Table of Contents

income tax laws are subject to change. Furthermore, the foregoing discussion may not address state or local tax consequences.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

PROPOSAL NO. 3 Ratification of the Appointment of Ernst & Young LLP as our Independent Registered Public Accounting Firm

The Board of Directors, at the request of the Audit Committee, is seeking stockholder ratification of the resolution appointing Ernst & Young LLP, 5 Houston Center, Suite 1200, 1401 McKinney Street, Houston, Texas 77010, as our independent registered public accounting firm for fiscal year 2010.

In the normal course of the Audit Committee's duties, as set forth in the Audit Committee Charter, the Audit Committee performs a thorough evaluation of our independent registered public accounting firm, including a review of the quality and expertise assigned to our engagement team, the scope of the audit work and the firm's independence. These evaluations are part of an overall review of our internal controls that are designed to safeguard our financial and accounting integrity.

The Board of Directors, at the request of the Audit Committee, is recommending the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year 2010.

If the appointment is not ratified by a majority of the votes present or represented by proxy at the Annual Meeting, the adverse vote will be considered as an indication to the Audit Committee that it should consider selecting another independent registered public accounting firm for the following fiscal year. Given the difficulty and expense of making any substitution of independent registered public accounting firms after the beginning of the current fiscal year, it is contemplated that the appointment for the fiscal year 2010 will stand unless the Audit Committee finds other good reason to make a change.

Ernst & Young LLP audited our and certain of our subsidiaries' financial statements for fiscal years 2009 and 2008. Included in the table below are the aggregate fees for professional services rendered to us by Ernst & Young LLP for the years ended December 31, 2009 and 2008.

Principal Accountant Fees and Services

Aggregate fees for professional services rendered to us by Ernst & Young LLP for the years ended December 31, 2009 and 2008 were (in thousands):

	December 31, 2009	December 31, 2008
Audit	\$ 9,769	\$ 9,338
Audit Related	1,072	903
Tax	224	304
Total	\$ 11,065	\$ 10,545

Audit fees for the years ended December 31, 2009 and 2008 were primarily for professional services rendered for the audits of our consolidated financial statements and certain subsidiaries; the audits of our internal control over financial reporting in compliance with Section 404 of the Sarbanes-Oxley Act of 2002; the review of documents filed with the SEC; consents; the issuance of comfort letters; and certain financial accounting and reporting consultations.

Audit Related fees for the years ended December 31, 2009 and 2008 were primarily for professional services rendered for the audits of our employee benefit plans, subsidiary audits not included in Audit fees above, and other advisory and attest services.

Table of Contents

Tax fees for the years ended December 31, 2009 and 2008 were for professional services related to tax compliance and tax planning.

Our Audit Committee has adopted a pre-approval policy for audit and non-audit services. See page 14 of this proxy statement for a description of this policy. The Audit Committee has considered whether the provision of non-audit services by Ernst & Young LLP is compatible with maintaining auditor independence and has determined that auditor independence has not been compromised.

A representative of Ernst & Young LLP will be at the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so and is expected to be available to answer appropriate questions.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, certain officers and beneficial owners of more than 10 percent of a registered class of our equity securities to file reports of ownership and reports of changes in ownership with the SEC and the NYSE. Directors, officers and beneficial owners of more than 10 percent of our equity securities are also required by SEC regulations to furnish us with copies of all such reports that they file. Based on our review of copies of such forms and amendments provided to us, we believe that all filing requirements were timely complied with during the fiscal year ended December 31, 2009.

APPENDIX A

**El Paso Corporation
2005 Omnibus Incentive Compensation Plan
(as amended and restated)**

SECTION 1 ESTABLISHMENT AND OBJECTIVES

El Paso Corporation (hereinafter referred to as the Company) hereby establishes an incentive compensation plan to be known as the El Paso Corporation 2005 Omnibus Incentive Compensation Plan (hereinafter referred to as the Plan). The Plan first became effective on May 26, 2005 (the Effective Date) and was amended and restated effective May 6, 2009. The Plan, as presently amended and restated, will become effective on May 19, 2010 if it is approved by the Company's stockholders at the Company's 2010 annual meeting. The Plan shall remain in effect as provided in Section 16 hereof.

The objectives of the Plan are to promote the interests of the Company and its stockholders by strengthening its ability to attract and retain salaried employees of the Company and its Subsidiaries (as defined below) by furnishing suitable recognition of their ability and experience, to align their interests and efforts to the long-term interests of the Company's stockholders, and to provide them with a direct incentive to achieve the Company's strategic and financial goals. In furtherance of these purposes, the Plan provides for the grant of stock options, stock appreciation rights, Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units, Incentive Awards, Cash Awards, and Other Stock-Based Awards to Participants in accordance with the terms and conditions set forth below.

SECTION 2 DEFINITIONS

Unless otherwise required by the context, the following terms when used in the Plan shall have the meanings set forth in this Section 2:

2.1 Award

An Award granted under the Plan means any stock option, stock appreciation right, Restricted Stock, Restricted Stock Unit, Performance Share, Performance Unit, Incentive Award, Cash Award or Other Stock-Based Award, in each case payable in cash or in shares of Common Stock as may be designated by the Plan Administrator.

2.2 Award Agreement

The Award Agreement is the written agreement setting forth the terms and conditions applicable to an Award granted under the Plan (which, in the discretion of the Plan Administrator, need not be countersigned by a Participant). The Plan Administrator may, in its discretion, provide for the use of electronic, internet or other non-paper Award Agreements.

2.3 Beneficiary

The person or persons designated by the Participant pursuant to Section 6.3(f) or Section 17.8 of this Plan to whom payments are to be paid pursuant to the terms of the Plan in the event of the Participant's death.

2.4 Board of Directors

The Board of Directors of the Company.

2.5 Cash Awards

As defined in Section 12.1.

El Paso Corporation	1
2005 Omnibus Incentive Compensation Plan (as amended and restated)	

Table of Contents**APPENDIX A****2.6 Cause**

A termination of a Participant by his or her Employer shall be for Cause if the Employer determines that the Participant has (i) failed to substantially perform his or her duties to the Employer's satisfaction (other than a failure resulting from the Participant's incapacity due to physical or mental illness) which has not been cured to the Employer's satisfaction; (ii) willfully engaged in conduct which is injurious to the Company or any of its affiliates, monetarily or otherwise; (iii) has been convicted of any felony, or a misdemeanor involving moral turpitude; or (iv) willfully engaged in conduct in violation of the Company's policies or Code of Business Conduct. Whether a Participant has been terminated for Cause will be determined by the Employer in the exercise of its discretion.

2.7 Change in Capitalization

A Change in Capitalization means any increase or reduction in the number of shares of Common Stock, any change (including, without limitation, in the case of a spin-off, dividend or other distribution in respect of shares, a change in value) in the shares of Common Stock or any exchange of shares of Common Stock for a different number or kind of shares of Common Stock or other securities of the Company or another corporation, by reason of a reclassification, recapitalization, merger, consolidation, reorganization, spin-off, split-up, issuance of warrants, rights or debentures, stock dividend, stock split or reverse stock split, cash dividend, property dividend, combination or exchange of shares, repurchase of shares, change in corporate structure or otherwise.

2.8 Change in Control

A Change in Control shall mean the occurrence of any of the following after the Effective Date:

(a) An acquisition (other than directly from the Company) of any voting securities of the Company (the Voting Securities) by any Person (as the term person is used for purposes of Section 13(d) or 14(d) of the Exchange Act), immediately after which such Person has Beneficial Ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of more than twenty percent (20%) of (1) the then-outstanding shares of Common Stock (or any other securities into which such shares of Common Stock are changed or for which such shares of Common Stock are exchanged) (the Shares) or (2) the combined voting power of the Company's then-outstanding Voting Securities; provided, however, that in determining whether a Change in Control has occurred pursuant to this paragraph (a), the acquisition of Shares or Voting Securities in a Non-Control Acquisition (as hereinafter defined) shall not constitute a Change in Control. A Non-Control Acquisition shall mean an acquisition by (i) an employee benefit plan (or a trust forming a part thereof) maintained by (A) the Company or (B) any corporation or other Person the majority of the voting power, voting equity securities or equity interest of which is owned, directly or indirectly, by the Company (for purposes of this definition, a Related Entity), (ii) the Company or any Related Entity, or (iii) any Person in connection with a Non-Control Transaction (as hereinafter defined);

(b) The individuals who, as of the Effective Date, are members of the Board of Directors (the Incumbent Board of Directors), cease for any reason to constitute at least a majority of the members of the Board of Directors or, following a Merger (as hereinafter defined), the board of directors of (x) the corporation resulting from such Merger (the Surviving Corporation), if fifty percent (50%) or more of the combined voting power of the then-outstanding voting securities of the Surviving Corporation is not Beneficially Owned, directly or indirectly, by another Person (a Parent Corporation) or (y) if there is one or more than one Parent Corporation, the ultimate Parent Corporation; provided, however, that, if the election, or nomination for election by the Company's common stockholders, of any new director was approved by a vote of at least two-thirds of the Incumbent Board of Directors, such new director shall, for

purposes of the Plan, be considered a member of the Incumbent Board of Directors; and provided, further, however, that no individual shall be considered a member of the Incumbent Board of Directors if such individual initially assumed office as a result of an actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board of Directors (a Proxy Contest), including by reason of any agreement intended to avoid or settle any Proxy Contest; or

APPENDIX A

(c) The consummation of:

(i) A merger, consolidation or reorganization (1) with or into the Company or (2) in which securities of the Company are issued (a Merger), unless such Merger is a Non-Control Transaction. A Non-Control Transaction shall mean a Merger in which:

(A) the stockholders of the Company immediately before such Merger own directly or indirectly immediately following such Merger at least fifty percent (50%) of the combined voting power of the outstanding voting securities of (x) the Surviving Corporation, if there is no Parent Corporation or (y) if there is one or more than one Parent Corporation, the ultimate Parent Corporation;

(B) the individuals who were members of the Incumbent Board of Directors immediately prior to the execution of the agreement providing for such Merger constitute at least a majority of the members of the board of directors of (x) the Surviving Corporation, if there is no Parent Corporation, or (y) if there is one or more than one Parent Corporation, the ultimate Parent Corporation; and

(C) no Person other than (1) the Company, (2) any Related Entity, or (3) any employee benefit plan (or any trust forming a part thereof) that, immediately prior to the Merger, was maintained by the Company or any Related Entity, or (4) any Person who, immediately prior to the Merger had Beneficial Ownership of twenty percent (20%) or more of the then outstanding Shares or Voting Securities, has Beneficial Ownership, directly or indirectly, of twenty percent (20%) or more of the combined voting power of the outstanding voting securities or common stock of (x) the Surviving Corporation, if fifty percent (50%) or more of the combined voting power of the then outstanding voting securities of the Surviving Corporation is not Beneficially Owned, directly or indirectly by a Parent Corporation, or (y) if there is one or more than one Parent Corporation, the ultimate Parent Corporation;

(ii) A complete liquidation or dissolution of the Company; or

(iii) The sale or other disposition of all or substantially all of the assets of the Company and its Subsidiaries taken as a whole to any Person (other than (x) a transfer to a Related Entity, (y) a transfer under conditions that would constitute a Non-Control Transaction, with the disposition of assets being regarded as a Merger for this purpose or (z) the distribution to the Company's stockholders of the stock of a Related Entity or any other assets).

Notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because any Person (the Subject Person) acquired Beneficial Ownership of more than the permitted amount of the then outstanding Shares or Voting Securities as a result of the acquisition of Shares or Voting Securities by the Company which, by reducing the number of Shares or Voting Securities then outstanding, increases the proportional number of shares Beneficially Owned by the Subject Persons; provided, that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of Shares or Voting Securities by the Company and, after such share acquisition by the Company, the Subject Person becomes the Beneficial Owner of any additional Shares or Voting Securities and such Beneficial Ownership increases the percentage of the then outstanding Shares or Voting Securities Beneficially Owned by the Subject Person, then a Change in Control shall occur.

2.9 Code

The Internal Revenue Code of 1986, as amended and in effect from time to time, and the temporary or final regulations of the Secretary of the U.S. Treasury adopted pursuant to the Code.

2.10 Common Stock

The Common Stock of the Company, \$3 par value per share, or such other class of shares or other securities as may be applicable pursuant to the provisions of Section 5.

El Paso Corporation	3

APPENDIX A

2.11 Covered Employee

A **Covered Employee** means, with respect to any grant of an Award, a Participant who the Plan Administrator deems is or may be or become a **covered employee** as defined in Section 162(m)(3) of the Code for any year and who may receive remuneration over \$1 million in such year which would not be deductible under Section 162(m).

2.12 Effective Date

Effective Date shall have the meaning ascribed to such term in Section 1 hereof.

2.13 Employer

Employer shall mean, as to any Participant on any date, the Company or the affiliate of the Company that employs the Participant on such date.

2.14 Exchange Act

The Securities Exchange Act of 1934, as amended.

2.15 Fair Market Value

The **Fair Market Value** of the Common Stock on any date shall be deemed to be the average between the highest and lowest quoted selling prices at which Common Stock is sold on such date as reported in the NYSE-Composite Transactions by The Wall Street Journal or any other comparable service the Plan Administrator may determine is reliable for such date, or if no Common Stock was traded on such date, on the next preceding day on which Common Stock was so traded. If the Fair Market Value of the Common Stock cannot be determined pursuant to the preceding provisions, the **Fair Market Value** of the Common Stock shall be determined by the Plan Administrator in good faith.

2.16 Good Reason

Good Reason shall mean, as to any Participant who is an officer of his or her Employer, the occurrence of any of the following events or conditions following a Change in Control:

(a) a change in the Participant's status, position or responsibilities (including reporting responsibilities) which represents a substantial reduction of his or her status, position or responsibilities as in effect immediately prior thereto; the assignment to the Participant of any duties or responsibilities which are inconsistent with such status, position or responsibilities; or any removal of the Participant from or failure to reappoint or reelect him or her to any of such positions, except in connection with the termination of his or her employment for Cause, Permanent Disability, as a result of his or her death, or by the Participant other than for Good Reason;

(b) a reduction in the Participant's annual base salary;

(c) the requirement by the Participant's Employer (without the consent of the Participant) that he or she have a principal place of employment which is outside a fifty (50) mile radius of his or her principal place of employment immediately prior to a Change in Control;

(d) the failure by the Company or any of its affiliates to (i) continue in effect any material compensation or benefit plan, program or practice in which the Participant was participating immediately prior to the Change in Control, including, without limitation, this Plan, the El Paso Corporation Pension Plan, the El Paso Corporation Supplemental Benefits Plan and the El Paso Corporation Retirement Savings Plan, with any amendments and restatements of such plans made prior to such Change in Control, or (ii) provide the Participant with compensation and benefits at least equal (in terms of benefit levels and/or reward opportunities) to those provided for under each

compensation or employee benefit plan, program and practice of the Company and its affiliates as in effect immediately prior to the Change in Control (or as in effect following the Change in Control, if greater);

(e) any material breach by the Company of any provision of this Plan; or

(f) any purported termination of the Participant's employment for Cause by the Employer which does not otherwise comply with the terms of this Plan.

2.17 Incentive Award

A percentage of base salary, fixed dollar amount or other measure of compensation which Participants are eligible to receive, in cash and/or other Awards under the Plan, at the end of a Performance Period if certain performance measures are achieved.

2.18 Incentive Stock Option

An option intended to meet the requirements of an Incentive Stock Option as defined in Section 422 of the Code, as in effect at the time of grant of such option, or any statutory provision that may hereafter replace such Section.

2.19 Management Committee

A committee consisting of the Chief Executive Officer and such other officers of the Company appointed by the Chief Executive Officer.

2.20 Maximum Annual Employee Grant

The Maximum Annual Employee Grant set forth in Section 5.2.

2.21 Nonqualified Option

An option which is not intended to meet the requirements of an Incentive Stock Option as defined in Section 422 of the Code.

2.22 Option Price

The price per share of Common Stock at which an option is exercisable.

2.23 Other Stock-Based Award

As defined in Section 12.2.

2.24 Participant

An eligible employee to whom Awards are granted under the Plan as set forth in Section 4.

2.25 Performance Goals

The Plan Administrator may grant Awards subject to Performance Goals to any Participant, including, without limitation, to any Covered Employee. As to any such Awards, the Plan Administrator shall establish one or more of the following Performance Goals for each Performance Period in writing. Each Performance Goal selected for a particular Performance Period shall include any one or more of the following, either individually, alternatively or in any combination, applied to either the Company as a whole or to a Subsidiary or business unit, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of

The Plan Administrator may also provide for the manner in which performance will be measured against the Performance Goals (or may adjust the Performance Goals) to reflect the impact of specified corporate transactions (such as a stock split, stock dividend or other Change in Capitalization), special charges, and tax law changes. In addition, the Plan Administrator may make such adjustments to the Performance Goals applicable to Participants who are not Covered Employees as it determines are appropriate. Such adjustments may occur at the time of the granting of an Award, or at any time thereafter, but, in the case of Covered Employees, only to the extent permitted by Section 162(m). The foregoing terms shall have the same meaning as used in the Company's financial statements, or if the terms are not used in the Company's financial statements, they shall have the meaning generally applied pursuant to general accepted accounting principles. Performance Goals may include a threshold level of performance below which no Award shall be earned, target levels of performance at which specific Awards will be earned, and a maximum level of performance at which the maximum level of Awards will be earned.

In establishing Performance Goals with respect to Covered Employees, the Plan Administrator shall ensure such Performance Goals (i) are established no later than the end of the first 90 days of the Performance Period (or such other time permitted by the Internal Revenue Service), and (ii) satisfy all other applicable requirements imposed by Section 162(m), including the requirement that such Performance Goals be stated in terms of an objective formula or standard, and the Plan Administrator may not in any event increase the amount of compensation payable to a Covered Employee upon the satisfaction of any Performance Goal. Prior to the payment of any performance-based compensation within the meaning of Section 162(m), the Plan Administrator shall certify in writing the extent to which the applicable Performance Goals were, in fact, achieved and the amounts to be paid, vested or delivered as a result thereof; provided, that the Plan Administrator may reduce, but not increase, such amount.

2.26 Performance Period

That period of time during which Performance Goals are evaluated to determine the vesting or granting of Awards under the Plan, as the Plan Administrator may determine.

2.27 Performance Shares

An award granted under the Plan representing the right to receive a number of shares of Common Stock for each performance share granted, as the Plan Administrator may determine.

2.28 Performance Units

An award granted under the Plan representing the right to receive a payment equal to the value of a performance unit, as the Plan Administrator may determine.

APPENDIX A

SECTION 3 ADMINISTRATION

3.1 Plan Administrator

(a) The Compensation Committee of the Board of Directors shall be the Plan Administrator with respect to all Covered Employees and all Section 16 Insiders. As to these officers, the Plan Administrator shall be constituted at all times so as to (i) be independent as such term is defined pursuant to the rules of any stock exchange on which the Common Stock may then be listed, and (ii) meet the non-employee director standards of Rule 16b-3 and the outside director requirements of Section 162(m), so long as any of the Company's equity securities are registered pursuant to Section 12(b) or 12(g) of the Exchange Act.

(b) Other than as set forth in Section 3.1(a), the Management Committee shall be the Plan Administrator. The Chief Executive Officer may from time to time remove members from, or add members to, the Management Committee.

(c) Notwithstanding Sections 3.1(a) and 3.1(b), the Board of Directors may designate itself or the Compensation Committee of the Board of Directors as the Plan Administrator as to any Participant or groups of Participants.

3.2 Authority of Plan Administrator

Subject to the express terms and conditions set forth herein, the Plan Administrator shall have the power from time to time to:

(a) determine those individuals to whom Awards shall be granted under the Plan and the number of shares or amount of cash subject to such Awards and prescribe the terms and conditions (which need not be identical) of each such Awards, including, in the case of stock options and stock appreciation rights, the Option Price, vesting schedule and duration;

(b) set the terms and conditions of any Award consistent with the terms of the Plan (which may be based on Performance Goals or other performance measures as the Plan Administrator shall determine), and make any amendments, modifications or adjustments to such Awards as are permitted by the Plan;

(c) construe and interpret the Plan and the Awards granted hereunder and establish, amend and revoke rules and regulations for the administration of the Plan, including, without limitation, correcting any defect or supplying any omission, or reconciling any inconsistency in the Plan or in any Award Agreement, in the manner and to the extent it shall deem necessary or advisable, including so that the Plan and the operation of the Plan comply with Rule 16b-3, the Code to the extent applicable and other applicable law, and otherwise to make the Plan fully effective;

(d) exercise its discretion with respect to the powers and rights granted to it as set forth in the Plan; and

(e) generally, exercise such powers and perform such acts as are deemed necessary or advisable to promote the best interests of the Company with respect to the Plan.

All decisions and determinations by the Plan Administrator in the exercise of the above powers shall be final, binding and conclusive upon the Company, its Subsidiaries, the Participants and all other persons having or claiming any interest therein. The Plan Administrator shall cause the Company at the Company's expense to take any action related to the Plan which may be necessary to comply with the provisions of any federal or state law or any regulations issued

thereunder, which the Plan Administrator determines are intended to be complied with.

Notwithstanding the foregoing, the Plan Administrator shall not be entitled to exercise any discretion otherwise authorized hereunder with respect to any Awards held by Covered Employees if the ability to exercise such discretion or the exercise of such discretion itself would cause the compensation attributable to such Awards to fail to qualify as performance-based compensation under Section 162(m).

Table of Contents**APPENDIX A****3.3 Indemnification of Plan Administrator**

Each member of any committee acting as Plan Administrator, while serving as such, shall be entitled, in good faith, to rely or act upon any advice of the Company's independent auditors, counsel or consultants hired by the committee, or other agents assisting in the administration of the Plan. The Plan Administrator and any officers or employees of the Company acting at the direction or on behalf of the Company shall not be personally liable for any action or determination taken or made, or not taken or made, in good faith with respect to the Plan, and shall, to the extent permitted by law, be fully indemnified and protected under the Company's charter or by-laws with respect to any such action or determination.

3.4 Delegation to Management Committee

To the maximum extent permitted by applicable law, the Board of Directors may delegate to the Management Committee the authority (i) to designate the officers and employees who shall be Participants, (ii) to determine the Awards to be granted to any such Participants or (iii) both (i) and (ii); provided, however, that the Management Committee shall not have the authority to grant Awards to any member of the Management Committee. Any such delegation shall be made by resolution of the Board of Directors, and such resolution shall set forth the total number of shares of Common Stock subject to such delegation.

SECTION 4 ELIGIBILITY

To be eligible for selection by the Plan Administrator to participate in the Plan, an individual must be an employee (other than an employee who is a member of a unit covered by a collective bargaining agreement) of the Company, or of any Subsidiary, as of the date on which the Plan Administrator grants to such individual an Award under the Plan, or a person who, in the judgment of the Plan Administrator, holds a position of responsibility and is able to contribute substantially to the Company's continued success. Members of the Board of Directors who are employees of the Company shall be eligible to participate in the Plan. Members of the Board of Directors who are not employees are not eligible to participate in the Plan. Each grant of an Award under the Plan shall be evidenced by an Award Agreement.

SECTION 5 SHARES AVAILABLE FOR THE PLAN**5.1 Aggregate Shares**

Subject to adjustment as provided in Section 5.3, the maximum number of shares of Common Stock that may be delivered pursuant to Awards granted under the Plan is 54,500,000 shares of Common Stock.

Any shares of Common Stock that are potentially deliverable under an Award granted under this Plan that is cancelled, forfeited, settled in cash, expires or is otherwise terminated without delivery of such shares shall not be counted as having been delivered under the Plan. Likewise, shares of Common Stock that have been issued in connection with an Award of Restricted Stock that is canceled or forfeited prior to vesting or settled in cash, causing the shares to be returned to the Company, shall not be counted as having been delivered under the Plan.

If shares of Common Stock are returned to the Company in satisfaction of taxes relating to Restricted Stock, in connection with a cash out of Restricted Stock (but excluding upon forfeiture of Restricted Stock) or in connection with the tendering of shares by a Participant in satisfaction of the exercise price or taxes relating to an Award, such

issued shares shall not become available again under the Plan. Each stock appreciation right issued under the Plan will be counted as one share issued under the Plan without regard to the number of shares issued to the Participant upon exercise of such stock appreciation right.

Notwithstanding any other provision in this Section 5.1, the grant of any Award that cannot by its terms be settled in shares of Common Stock shall not result in the reduction of the number of shares of Common Stock available for Awards under the Plan.

APPENDIX A

Shares of Common Stock may be issued under the Plan from shares held in the Company's treasury or out of authorized but unissued shares of the Company, or partly out of each, as shall be determined by the Plan Administrator.

5.2 Limitations

Subject to adjustment as provided in Section 5.3, the following limitations shall apply:

- (a) All of the shares of Common Stock that may be issued under this Plan may be granted as stock options (including Incentive Stock Options) or stock appreciation rights.
- (b) The number of shares of Common Stock issued under this Plan with respect to Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units and Other Stock-Based Awards may not exceed 21,500,000 shares of Common Stock.
- (c) The maximum number of shares, as calculated in accordance with the provisions of Section 5.1, and maximum amount with respect to which Awards under this Plan may be granted to any eligible employee in any one calendar year shall not exceed: (a) 2,000,000 shares, in the case of options or stock appreciation rights; (b) 1,000,000 shares in the case of Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units or Other Stock-Based Awards; and (c) \$10,000,000 worth of other Awards under the Plan, including Incentive Awards. Collectively, the foregoing maximums referred to in this Section 5.2(c) shall be referred to as the Maximum Annual Employee Grants.

5.3 Adjustments in Authorized Shares

- (a) In the event of a Change in Capitalization, the Plan Administrator shall make such adjustments, if any, as it determines are appropriate and equitable to (a) the maximum number and class of shares of Common Stock or other stock or securities with respect to which Awards may be granted under the Plan, (b) the maximum number and class of shares of Common Stock or other stock or securities that may be issued upon exercise of Nonqualified Options and Incentive Stock Options, (c) the Maximum Annual Employee Grants, (d) the number and class of shares of Common Stock or other stock or securities which are subject to outstanding Awards granted under the Plan and the Option Price or grant price therefor, if applicable and (e) the Performance Goals. Any such adjustment shall be final, binding and conclusive on all persons claiming any right or interest under the Plan.
- (b) Any such adjustment in the shares of Common Stock or other stock or securities (x) subject to outstanding Incentive Stock Options (including any adjustments in the exercise price) shall be made in such manner as not to constitute a modification as defined by Section 424(h)(3) of the Code and only to the extent otherwise permitted by Sections 422 and 424 of the Code or (y) subject to outstanding Awards that are intended to qualify as performance-based compensation under Section 162(m) shall be made in such a manner as not to adversely affect the treatment of the Awards as performance-based compensation.
- (c) If, by reason of a Change in Capitalization, a Participant shall be entitled to, or shall be entitled to exercise an option or stock appreciation right with respect to, new, additional or different shares of stock or securities of the Company or any other corporation, such new, additional or different shares shall thereupon be subject to all of the conditions, restrictions and performance criteria which were applicable to the shares of Common Stock subject to the option or stock appreciation right, as the case may be, prior to such Change in Capitalization.

5.4 Effect of Certain Transactions

Following (a) the liquidation or dissolution of the Company or (b) a merger or consolidation of the Company (a Transaction), (i) each outstanding Award shall be treated as provided for in the agreement entered into in connection with the Transaction (which treatment may be different as among different types of Awards and different holders thereof) or (ii) if not so provided in such agreement, each Participant shall be entitled to receive in respect of

each share of Common Stock subject to any outstanding Awards, upon exercise of any stock option or stock appreciation right or payment or transfer in respect of any other Award, the same number and kind of stock, securities, cash, property or other consideration that each holder of a share of Common Stock was entitled to receive in the Transaction in respect of a share of Common Stock; provided, however, that such stock, securities, cash, property, or other consideration shall remain subject to all of the conditions, restrictions and performance criteria which were applicable to Awards prior to such Transaction, but giving effect to any applicable provision of this Plan or any Award Agreement if the Transaction is a Change in Control. Without limiting the generality of the foregoing, the treatment of outstanding stock options and stock appreciation rights pursuant to clause (i) of this Section 5.4 in connection with a Transaction in which the consideration paid or distributed to the Company's stockholders is not entirely shares of common stock of the acquiring or resulting corporation may include the cancellation of outstanding stock options and stock appreciation rights upon consummation of the Transaction provided either (x) the holders of affected stock options and stock appreciation rights have been given a period of at least fifteen (15) days prior to the date of the consummation of the Transaction to exercise the stock options and stock appreciation rights (whether or not they were otherwise exercisable) or (y) the holders of the affected stock options and stock appreciation rights are paid (in cash or cash equivalents) in respect of each share of Common Stock covered by the stock options or stock appreciation rights being cancelled an amount equal to the excess, if any, of the per share price paid or distributed to stockholders in the Transaction (the value of any non-cash consideration to be determined by the Plan Administrator in its sole discretion) over the exercise price thereof. For avoidance of doubt, (1) the cancellation of stock options and stock appreciation rights pursuant to clause (y) of the preceding sentence may be effected notwithstanding anything to the contrary contained in this Plan or any Award Agreement and (2) if the amount determined pursuant to clause (y) of the preceding sentence is zero or less, the affected stock options and stock appreciation rights may be cancelled without any payment therefor. The treatment of any Award as provided in this Section 5.4 shall be conclusively presumed to be appropriate for purposes of Section 5.3.

SECTION 6 STOCK OPTIONS**6.1 Grant of Options**

(a) Options may be granted to eligible employees in such number, and at such times during the term of the Plan as the Plan Administrator shall determine, the Plan Administrator taking into account the duties of the respective employees, their present and potential contributions to the success of the Company or its Subsidiaries, and such other factors as the Plan Administrator shall deem relevant in accomplishing the purposes of the Plan. The Plan Administrator may grant an option or provide for the grant of an option, either from time to time in the discretion of the Plan Administrator or automatically upon the occurrence of specified events, including, without limitation, the achievement of Performance Goals or other performance measures, the satisfaction of an event or condition within the control of the recipient of the option or within the control of others. The granting of an option shall take place when the Plan Administrator by resolution, written consent or other appropriate action determines to grant such an option to a particular Participant at a particular price.

(b) An option granted under the Plan may be either an Incentive Stock Option or a Nonqualified Option.

6.2 Special Provisions Applicable to Incentive Stock Options

Each provision of the Plan and each Incentive Stock Option granted thereunder shall be construed so that each such option shall qualify as an Incentive Stock Option, and any provision thereof that cannot be so construed shall be disregarded, unless the Participant agrees otherwise. The total number of shares which may be purchased upon the

exercise of Incentive Stock Options granted under the Plan shall not exceed the total specified in Section 5.2(a), as adjusted pursuant to Section 5.3. Incentive Stock Options, in addition to complying with the other provisions of the Plan relating to options generally, shall be subject to the following conditions:

(a) Ten Percent (10%) Stockholders

El Paso Corporation
2005 Omnibus Incentive Compensation Plan
(as amended and restated)

12

Table of Contents

APPENDIX A

A Participant must not, immediately before an Incentive Stock Option is granted to him or her, own stock representing more than ten percent (10%) of the voting power or value of all classes of stock of the Company or of a Subsidiary. This requirement is waived if (i) the Option Price of the Incentive Stock Option to be granted is at least one hundred ten percent (110%) of the Fair Market Value of the stock subject to the option, determined at the time the option is granted, and (ii) the option is not exercisable more than five (5) years from the date the option is granted.

(b) Annual Limitation

To the extent that the aggregate Fair Market Value (determined at the time of the grant of the option) of the stock with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year exceeds One Hundred Thousand Dollars (\$100,000), such options shall be treated as Nonqualified Options. In applying the limitation in the preceding sentence in the case of multiple option grants, unless otherwise required by applicable law, options which were intended to be Incentive Stock Options shall be treated as Nonqualified Options according to the order in which they were granted such that the most recently granted options are first treated as Nonqualified Options.

(c) Additional Terms

Any other terms and conditions which the Plan Administrator determines, upon advice of counsel, must be imposed for the option to be an Incentive Stock Option.

(d) Notice of Disqualifying Disposition

If a Participant shall make any disposition of shares of Common Stock issued pursuant to an Incentive Stock Option under the circumstances described in Section 421(b) of the Code (relating to disqualifying distributions), the Participant shall notify the Company of such disposition within twenty days thereof.

6.3 Terms of Options

Except as otherwise provided in Section 6.2, all Incentive Stock Options and Nonqualified Options under the Plan shall be granted subject to the following terms and conditions:

(a) Option Price

The Option Price shall be determined by the Plan Administrator in any reasonable manner, but shall not be less than the Fair Market Value of the Common Stock on the date the option is granted; provided, however, that this restriction shall not apply to Awards that are adjusted pursuant to Section 5.3 herein

(b) Duration of Options

Options shall be exercisable at such time and under such conditions as set forth in the Award Agreement, but in no event shall any stock option (whether a Nonqualified Option or an Incentive Stock Option) be exercisable later than the tenth (10th) anniversary of the date of its grant.

(c) Exercise of Options

Shares of Common Stock covered by an option may be purchased at one time or in such installments over the option period as may be provided in the Award Agreement. Any shares not purchased on an applicable installment date may be purchased thereafter at any time prior to the expiration of the option in accordance with its terms. To the extent that the right to purchase shares has accrued thereunder, options may be exercised from time to time by written notice to the Company setting forth the number of shares with respect to which the option is being exercised.

(d) Payment

El Paso Corporation
2005 Omnibus Incentive Compensation Plan
(as amended and restated)

13

Table of Contents**APPENDIX A**

The purchase price of shares purchased under options shall be paid in full to the Company upon the exercise of the option by delivery of consideration equal to the product of the Option Price and the number of shares of Common Stock purchased (the Purchase Price). Such consideration may be either (i) in cash or (ii) at the discretion of the Plan Administrator, in Common Stock (by either actual delivery of Common Stock or by attestation presenting satisfactory proof of beneficial ownership of such Common Stock) already owned by the Participant, or any combination of cash and Common Stock. The Fair Market Value of such Common Stock as delivered shall be valued as of the day prior to delivery. The Plan Administrator can determine that additional forms of payment will be permitted. To the extent permitted by the Plan Administrator and applicable laws and regulations (including, without limitation, federal tax and securities laws, regulations and state corporate law), an option may also be exercised in a cashless exercise by delivery of a properly executed exercise notice together with irrevocable instructions to a broker selected by the Company to promptly deliver to the Company sufficient proceeds to pay the Purchase Price. A Participant shall have none of the rights of a stockholder until the shares of Common Stock are issued to the Participant.

The Plan Administrator may permit a Participant to pay all or a portion of the Purchase Price by having shares of Common Stock with a Fair Market Value equal to all or a portion of the Purchase Price be withheld from the shares issuable to the Participant upon the exercise of the option. The Fair Market Value of such Common Stock as is withheld shall be determined as of the same day as the exercise of the option.

(e) Restrictions

The Plan Administrator shall determine and reflect in the Award Agreement, with respect to each option, the nature and extent of the restrictions, if any, to be imposed on the shares of Common Stock which may be purchased thereunder, including, without limitation, restrictions on the transferability of such shares acquired through the exercise of such options for such periods as the Plan Administrator may determine and, further, that in the event a Participant's employment by the Company, or a Subsidiary, terminates during the period in which such shares are nontransferable, the Participant shall be required to sell such shares back to the Company at such prices as the Plan Administrator may specify. In addition, to the extent permitted by applicable laws and regulations, the Plan Administrator may require that a Participant who wants to effectuate a cashless exercise of options be required to sell the shares of Common Stock acquired in the associated exercise to the Company, or in the open market through the use of a broker selected by the Company, at such price and on such terms as the Plan Administrator may determine at the time of grant, or otherwise. Without limiting the foregoing, the Plan Administrator may impose such restrictions, conditions or limitations as it determines appropriate as to the timing and manner of any resales by the Participant or other subsequent transfers by the Participant of any shares issued as a result of the exercise of an option, including without limitation (i) restrictions under an insider trading policy, (ii) restrictions designed to delay and/or coordinate the timing and manner of sales by the Participant and other participants and (iii) restrictions as to the use of a specified brokerage firm for such resales or other transfers.

(f) Nontransferability of Options

Options granted under the Plan and the rights and privileges conferred thereby shall not be subject to execution, attachment or similar process and may not be transferred, assigned, pledged or hypothecated in any manner (whether by operation of law or otherwise) other than by will or by the applicable laws of descent and distribution. Notwithstanding the foregoing and only as provided by the Plan Administrator or the Company, as applicable, Nonqualified Options may be transferred to a Participant's immediate family members, directly or indirectly or by means of a trust, corporate entity or partnership (a person who thus acquires this option by such transfer, a Permitted Transferee). A transfer of an option may only be effected by the Company at the request of the Participant and shall

become effective upon the Permitted Transferee agreeing to such terms as the Plan Administrator may require and only when recorded in the Company's record of outstanding options. In the event an option is transferred as contemplated hereby, the option may

not be subsequently transferred by the Permitted Transferee except a transfer back to the Participant or by will or the laws of descent and distribution. A transferred option may be exercised by a Permitted Transferee to the same extent as, and subject to the same terms and conditions as, the Participant (except as otherwise provided herein), as if no transfer had taken place. As used herein, immediate family shall mean, with respect to any person, such person's child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, and shall include adoptive relationships. In the event of exercise of a transferred option by a Permitted Transferee, any amounts due to (or to be withheld by) the Company upon exercise of the option shall be delivered by (or withheld from amounts due to) the Participant, the Participant's estate or the Permitted Transferee, in the reasonable discretion of the Company.

In addition, to the extent permitted by applicable law and Rule 16b-3, the Plan Administrator may permit a recipient of a Nonqualified Option to designate in writing during the Participant's lifetime a Beneficiary to receive and exercise the Participant's Nonqualified Options in the event of such Participant's death. Except as otherwise provided for herein, if any Participant attempts to transfer, assign, pledge, hypothecate or otherwise dispose of any option under the Plan or of any right or privilege conferred thereby, contrary to the provisions of the Plan or such option, or suffers the sale or levy or any attachment or similar process upon the rights and privileges conferred hereby, all affected options held by such Participant shall be immediately forfeited.

(g) Purchase for Investment

The Plan Administrator shall have the right to require that each Participant or other person who shall exercise an option under the Plan, and each person into whose name shares of Common Stock shall be issued pursuant to the exercise of an option, represent and agree that any and all shares of Common Stock purchased pursuant to such option are being purchased for investment only and not with a view to the distribution or resale thereof and that such shares will not be sold except in accordance with such restrictions or limitations as may be set forth in the option or by the Plan Administrator. This Section 6.3(g) shall be inoperative during any period of time when the Company has obtained all necessary or advisable approvals from governmental agencies and has completed all necessary or advisable registrations or other qualifications of shares of Common Stock as to which options may from time to time be granted as contemplated in Section 15.

(h) No Repricing or Cashout

The Plan Administrator shall have no authority to make any adjustment (other than in connection with a Change in Capitalization in which an adjustment is permitted or required under the terms of the Plan) or amendment, and no such adjustment or amendment shall be made, that reduces or would have the effect of reducing the exercise price of a stock option previously granted under the Plan, whether through amendment, cancellation or replacement grants, or other means, unless the Company's shareholders shall have approved such adjustment or amendment. In addition, the Plan Administrator is not permitted to purchase for cash previously granted options with an exercise price that is greater than the Company's trading price on the proposed date of purchase without shareholder approval.

SECTION 7 STOCK APPRECIATION RIGHTS**7.1 Grant of Stock Appreciation Rights**

Stock appreciation rights may be granted to eligible employees in such number, and at such times during the term of the Plan as the Plan Administrator shall determine, the Plan Administrator taking into account the duties of the

respective employees, their present and potential contributions to the success of the Company or its Subsidiaries, and such other factors as the Plan Administrator shall deem relevant in accomplishing the purposes of the Plan. The Plan Administrator may grant a stock appreciation right or provide for the grant of a stock appreciation right, either

from time to time in the discretion of the Plan Administrator or automatically upon the occurrence of specified events, including, without limitation, the achievement of Performance Goals or other performance measures, the satisfaction of an event or condition within the control of the recipient of the stock appreciation right or within the control of others. The granting of a stock appreciation right shall take place when the Plan Administrator by resolution, written consent or other appropriate action determines to grant such a stock appreciation right to a particular Participant at a particular price. A stock appreciation right may be granted freestanding or in tandem or in combination with any other Award under the Plan. The grant price of a freestanding stock appreciation right shall at least equal the Fair Market Value of a share of Common Stock on the date of grant of the stock appreciation right, and the grant price of a tandem stock appreciation right shall equal the Option Price of the related option; provided, however, that this restriction shall not apply to Awards that are adjusted pursuant to Section 5.3 herein.

7.2 Exercise of Stock Appreciation Rights

A stock appreciation right may be exercised upon such terms and conditions and for a term such as the Plan Administrator shall determine; provided, however, no stock appreciation right shall be exercisable later than the tenth (10th) anniversary of the date of its grant. Upon exercise of a stock appreciation right, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying (i) the difference between the Fair Market Value of a share of Common Stock on the date of exercise of the stock appreciation right over the price fixed at the date of grant (which price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date of grant) times (ii) the number of shares of Common Stock with respect to which the stock appreciation right is exercised. At the discretion of the Plan Administrator, the payment upon stock appreciation right exercise may be in cash, in shares of Common Stock of equivalent value, or in some combination thereof.

7.3 Special Provisions Applicable to Stock Appreciation Rights

Stock appreciation rights are subject to the following restrictions:

- (a) A stock appreciation right granted in tandem with any other Award under the Plan shall be exercisable at such time or times as the Award to which it relates shall be exercisable, or at such other times as the Plan Administrator may determine.
- (b) The right of a Participant to exercise a stock appreciation right granted in tandem with any other Award under the Plan shall be canceled if and to the extent the related Award is exercised or canceled. To the extent that a stock appreciation right is exercised, the related Award shall be deemed to have been surrendered unexercised and canceled.
- (c) A holder of stock appreciation rights shall have none of the rights of a stockholder until shares of Common Stock, if any, are issued to such holder pursuant to such holder's exercise of such rights.
- (d) The acquisition of Common Stock pursuant to the exercise of a stock appreciation right shall be subject to the same restrictions as would apply to the acquisition of Common Stock acquired upon exercise of an option, as set forth in Section 6.3.
- (e) Except as may otherwise be permitted by the Plan Administrator, stock appreciation rights granted under the Plan and the rights and privileges conferred thereby shall not be subject to execution, attachment or similar process and may not be transferred, assigned, pledged or hypothecated in any manner (whether by operation of law or otherwise) other than by will or by the applicable laws of descent and distribution.

(f) The Plan Administrator shall have no authority to make any adjustment (other than in connection with a Change in Capitalization in which an adjustment is permitted or required under the terms of the Plan) or amendment, and no such adjustment or amendment shall be made, that reduces or would have

the effect of reducing the grant price of a stock appreciation right previously granted under the Plan, whether through amendment, cancellation or replacement grants, or other means, unless the Company's shareholders shall have approved such adjustment or amendment. In addition, the Plan Administrator is not permitted to purchase for cash previously granted stock appreciation rights with a grant price that is greater than the Company's trading price on the proposed date of purchase without shareholder approval.

SECTION 8 PERFORMANCE SHARES AND PERFORMANCE UNITS**8.1 Grant of Performance Shares and Performance Units**

Subject to the limitations in Section 5.2, Performance Shares or Performance Units may be granted to eligible employees at any time and from time to time as the Plan Administrator shall determine. The Plan Administrator shall have complete discretion in determining the number of Performance Shares or Performance Units granted to each Participant and the terms and conditions thereof, taking into account the duties of the respective Participants, their present and potential contributions to the success of the Company or its Subsidiaries, and such other factors as the Plan Administrator shall deem appropriate. Performance Shares and Performance Units may be granted alone or in combination with any other Award under the Plan.

8.2 Value of Performance Shares and Performance Units

The Plan Administrator shall set Performance Goals over Performance Periods. Prior to each grant of Performance Shares or Performance Units, the Plan Administrator shall establish an initial number of shares of Common Stock for each Performance Share and an initial value for each Performance Unit granted to each Participant for that Performance Period. Prior to each grant of Performance Shares or Performance Units, the Plan Administrator also shall set the Performance Goals that will be used to determine the extent to which the Participant receives the number of shares of Common Stock for the Performance Shares or payment of the value of the Performance Units awarded for such Performance Period. With respect to each such Performance Goal utilized during a Performance Period, the Plan Administrator may assign percentages or other relative values to various levels of performance which shall be applied to determine the extent to which the Participant shall receive a payout of the number of Performance Shares or value of Performance Units awarded.

8.3 Payment of Performance Shares and Performance Units

After a Performance Period has ended, the holder of a Performance Share or Performance Unit shall be entitled to receive the value thereof as determined by the Plan Administrator. The Plan Administrator shall make this determination by first determining the extent to which the Performance Goals set pursuant to Section 8.2 have been met. The Plan Administrator shall then determine the applicable percentage or other relative value to be applied to, and will apply such percentage or other relative value to, the number of Performance Shares or value of Performance Units to determine the payout to be received by the Participant. In addition, with respect to Performance Shares and Performance Units granted to each Participant, no payout shall be made hereunder except upon written certification by the Plan Administrator that the applicable Performance Goals have been satisfied to a particular extent.

8.4 Form and Timing of Payment

The payment described in Section 8.3 shall be made in shares of Common Stock, or in cash, or partly in shares of Common Stock and partly in cash, at the discretion of the Plan Administrator and set forth in the Award Agreement.

The value of any fractional shares shall be paid in cash. Payment shall be made in a lump sum or installments as prescribed by the Plan Administrator and set forth in the Award Agreement; provided that each Award Agreement shall comply with the timing of payment requirements set forth in Section 409A of the Code, including, but not limited to the timing of payments to specified employees as defined in Section 409A(a)(2)(B)(i) of the Code. If a number of shares of Common Stock is to be converted into an

amount of cash on any date, or if an amount of cash is to be converted into a number of shares of Common Stock on any date, such conversion shall be done at the then-current Fair Market Value of the Common Stock on such date.

8.5 Nontransferability of Performance Shares and Performance Units

Except as otherwise provided by the Plan Administrator, Performance Shares and Performance Units granted under the Plan and the rights and privileges conferred thereby shall not be subject to execution, attachment or similar process and may not be transferred, assigned, pledged or hypothecated in any manner (whether by operation or law or otherwise) other than by will or by the applicable laws of descent and distribution.

SECTION 9 RESTRICTED STOCK

9.1 Grant of Restricted Stock

Subject to the limitations in Section 5.2, Restricted Stock may be granted to eligible employees in such number and at such times during the term of the Plan as the Plan Administrator shall determine, the Plan Administrator taking into account the duties of the respective Participants, their present and potential contributions to the success of the Company or its Subsidiaries, and such other factors as the Plan Administrator shall deem relevant in accomplishing the purposes of the Plan. The Plan Administrator may grant Restricted Stock or provide for the grant of Restricted Stock, either from time to time in the discretion of the Plan Administrator or automatically upon the occurrence of specified events.

9.2 Restriction Period

During a period following the date of grant, as determined by the Plan Administrator, which in no event shall be less than three (3) years with respect to Restricted Stock subject to restrictions based upon time and one (1) year with respect to Restricted Stock subject to restrictions based upon the achievement of specific Performance Goals or other performance measures (the Restriction Period), the Restricted Stock may not be sold, assigned, transferred, pledged, hypothecated or otherwise encumbered or disposed of by the recipient. In the event of any attempt by the Participant to sell, exchange, transfer, pledge or otherwise dispose of Restricted Stock in violation of the terms of the Plan without the Company's prior written consent, such Restricted Stock shall be forfeited to the Company. During the Restriction Period, the Plan Administrator shall evidence the restrictions on the shares of Restricted Stock in such a manner as it determines is appropriate (including, without limitation, (i) by means of appropriate legends on shares of Restricted Stock that have been certificated and (ii) by means of appropriate stop-transfer orders on shares of Restricted Stock credited to book-entry accounts).

9.3 Other Restrictions

The Plan Administrator shall impose such other restrictions on Restricted Stock granted pursuant to the Plan as it may deem advisable, including Performance Goals or other performance measures. The Plan Administrator may require, under such terms and conditions as it deems appropriate or desirable, that the certificates for Restricted Stock delivered under the Plan may be held in custody by a bank or other institution, or that the Company may itself hold such shares in custody until the Restriction Period expires or until restrictions thereon otherwise lapse, and may require, as a condition of any issuance of Restricted Stock that the Participant shall have delivered a stock power endorsed in blank relating to the shares of Restricted Stock.

9.4 Voting Rights; Dividends and Other Distributions

A Participant receiving a grant of Restricted Stock shall be recorded as a stockholder of the Company. Each Participant who receives a grant of Restricted Stock shall have all the rights of a stockholder with respect to such shares (except as provided in the restrictions on transferability), including the right to vote the shares and receive dividends and other distributions paid with respect to the underlying shares of Restricted Stock; provided, however,

that no Participant awarded Restricted Stock shall have any right as a stockholder with respect to any shares subject to the Participant's Restricted Stock grant prior to the date of issuance to the Participant of a certificate or certificates, or the establishment of a book-entry account, for such shares.

9.5 Issuance of Shares; Settlement of Awards

When the restrictions imposed by Section 9.2 expire or otherwise lapse with respect to one or more shares of Restricted Stock, the Participant shall be obligated to return to the Company such shares of Restricted Stock (if applicable), and the Company shall deliver to the Participant one (1) share of Common Stock in satisfaction of each share of Restricted Stock, which shares so delivered shall not contain any legend. The delivery of shares pursuant to this Section 9.5 shall be subject to any required share withholding to satisfy tax withholding obligations pursuant to Section 17.10. Any fractional shares subject to such Restricted Stock shall be paid to the Participant in cash.

SECTION 10 RESTRICTED STOCK UNITS

10.1 Grant of Restricted Stock Units

Subject to the limitations in Section 5.2, Restricted Stock Units may be granted to eligible employees in such number and at such times during the term of the Plan as the Plan Administrator shall determine, the Plan Administrator taking into account the duties of the respective Participants, their present and potential contributions to the success of the Company or its Subsidiaries, and such other factors as the Plan Administrator shall deem relevant in accomplishing the purposes of the Plan. The Plan Administrator may grant Restricted Stock Units or provide for the grant of Restricted Stock Units, either from time to time in the discretion of the Plan Administrator or automatically upon the occurrence of specified events.

10.2 Restriction Period

During the Restriction Period as defined in Section 9.2, Restricted Stock Units may not be sold, assigned, transferred, pledged, hypothecated or otherwise encumbered or disposed of by the recipient. In the event of any attempt by the Participant to sell, exchange, transfer, pledge or otherwise dispose of Restricted Stock Units in violation of the terms of the Plan without the Company's prior written consent, such Restricted Stock Units shall be forfeited to the Company.

10.3 Other Restrictions

The Plan Administrator shall impose such other restrictions on Restricted Stock Units granted pursuant to the Plan as it may deem advisable. A Participant receiving a grant of Restricted Stock Units shall not be recorded as a stockholder of the Company and shall not acquire any rights of a stockholder unless or until the Participant is issued shares of Common Stock in settlement of such Restricted Stock Units.

10.4 Dividend Equivalents

The Plan Administrator may provide that Restricted Stock Units awarded under the Plan shall be entitled to an amount per Restricted Stock Unit equal in value to the cash dividend, if any, paid per share of Common Stock on issued and outstanding shares, on the dividend payment dates occurring during the period between the date on which the Restricted Stock Units are granted to the Participant and the date on which such Restricted Stock Units are settled,

cancelled, forfeited, waived, surrendered or terminated under the Plan. Such paid amounts called dividend equivalents shall be (i) paid in cash or Common Stock or (ii) credited to the Participant as additional Restricted Stock Units, or any combination thereof, as the Plan Administrator shall determine. A Restricted Stock Unit credited to a Participant as a dividend equivalent shall vest at such time as the Restricted Stock Unit to which it relates vests.

Table of Contents**APPENDIX A****10.5 Issuance of Shares; Settlement of Awards**

When the restrictions imposed by Section 10.2 expire or otherwise lapse with respect to one or more Restricted Stock Units, Restricted Stock Units shall be settled (i) in cash or (ii) by the delivery to the Participant of the number of shares of Common Stock equal to the number of the Participant's Restricted Stock Units that are vested, or any combination thereof, as the Plan Administrator shall determine. The payment hereunder shall comply with the timing of payment requirements set forth in Section 409A of the Code, including, but not limited to the timing of payments to specified employees as defined in Section 409A(a)(2)(B)(i) of the Code. The delivery of shares pursuant to this Section 10.5 shall be subject to any required share withholding to satisfy tax withholding obligations pursuant to Section 17.10. Any fractional shares subject to such Restricted Stock Units shall be paid to the Participant in cash.

SECTION 11 INCENTIVE AWARDS**11.1 Incentive Awards**

Prior to the beginning of each Performance Period, or not later than 90 days following the commencement of the relevant fiscal year, the Plan Administrator shall establish Performance Goals or other performance measures which must be achieved for any Participant to receive an Incentive Award for that Performance Period. The Performance Goals or other performance measures may be based on any combination of corporate and business unit Performance Goals or other performance measures. The Plan Administrator may also establish one or more Company-wide Performance Goals or other performance measures which must be achieved for any Participant to receive an Incentive Award for that Performance Period. Such Performance Goals or other performance measures may include a threshold level of performance below which no Incentive Award shall be earned, target levels of performance at which specific Incentive Awards will be earned, and a maximum level of performance at which the maximum level of Incentive Awards will be earned. Each Incentive Award shall specify the amount of cash and the amount of any other Awards subject to such Incentive Award.

11.2 Performance Goal Certification

An Incentive Award shall become payable to the extent provided herein in the event that the Plan Administrator certifies in writing prior to payment of the Incentive Award that the Performance Goals or other performance measures selected for a particular Performance Period have been attained. In no event will an Incentive Award be payable under this Plan if the threshold level of performance set for each Performance Goal or other performance measure for the applicable Performance Period is not attained.

11.3 Discretion to Reduce Awards; Participant's Performance

The Plan Administrator, in its sole and absolute discretion, prior to a Change in Control, may reduce the amount of any Incentive Award otherwise payable to a Participant upon attainment of any Performance Goal or other performance measure for the applicable Performance Period. A Participant's individual performance must be satisfactory, regardless of the Company's performance and the attainment of Performance Goals or other performance measures, before he or she may be paid an Incentive Award. In evaluating a Participant's performance, the Plan Administrator shall consider the Performance Goals or other performance measures, the Participant's responsibilities and accomplishments, and such other factors as it deems appropriate.

11.4 Required Payment of Incentive Awards

The Plan Administrator shall make a determination within thirty (30) days after the information that is necessary to make such a determination is available for a particular Performance Period whether the Performance Goals or other performance measures for the Performance Period have been achieved and the amount of the Incentive Award for each Participant. The Plan Administrator shall certify the foregoing determinations in writing.

APPENDIX A

In the absence of an election by the Participant pursuant to Section 11.5, the Incentive Award shall be paid not later than December 31 of the calendar year in which the foregoing determinations have been made as follows:

(a) Participants shall receive their Incentive Awards in any combination of cash and/or other Awards under the Plan as determined by the Plan Administrator. The payment hereunder shall comply with the timing of payment requirements set forth in Section 409A of the Code, including, but not limited to the timing of payments to specified employees as defined in Section 409A(a)(2)(B)(i) of the Code.

(b) Because the Participant bears forfeiture, price fluctuation, and other attendant risks during the Restriction Period associated with Restricted Stock, the Plan Administrator may determine, as set forth in the Award Agreement, that Participants who are awarded Restricted Stock as part of their Incentive Award shall be awarded additional Restricted Stock up to the amount of Restricted Stock which a Participant is awarded pursuant to Section 11.4(a). No additional Restricted Stock is required to be awarded pursuant to this Section 11.4(b).

11.5 Restricted Stock Election

To the extent permitted by applicable law, in lieu of receiving all or any portion of cash awarded as part of a Participant's Incentive Award pursuant to Section 11.4(a), the Plan Administrator may determine, as set forth in the Award Agreement, that Participants may elect to receive Restricted Stock with a value equal to the portion of the Incentive Award which the Participant would otherwise have received in cash, but has elected to receive in Restricted Stock (Restricted Stock Election). Participants must make their Restricted Stock Election at such time and in such a manner as prescribed by the Plan Administrator, which may determine, as set forth in the Award Agreement, that each Participant who makes the Restricted Stock Election shall be awarded additional shares of Restricted Stock granted pursuant to Section 11.4(b) up to the amount of the Participant's Restricted Stock Election. Notwithstanding the foregoing, no additional shares of Restricted Stock are required to be awarded pursuant to this Section 11.5.

11.6 Nontransferability of Incentive Awards

Except as otherwise determined by the Plan Administrator, Incentive Awards may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.

SECTION 12 CASH AWARDS AND OTHER STOCK-BASED AWARDS

12.1 Grant of Cash Awards

Subject to the terms and provisions of this Plan, the Plan Administrator, at any time and from time to time, may grant cash awards to Participants in such amounts and upon such terms, including the achievement of specific performance criteria, as the Plan Administrator may determine (each, a Cash Award).

12.2 Other Stock-Based Awards

The Plan Administrator may grant other types of equity-based or equity-related Awards not otherwise described by the terms of this Plan (including the grant or offer for sale of unrestricted shares of Common Stock) in such amounts and subject to such terms and conditions, as the Plan Administrator shall determine (each, an Other Stock-Based Award). Such Other Stock-Based Awards may involve the transfer of actual shares of Common Stock to Participants, or payment in cash or otherwise of amounts based on the value of shares of Common Stock. Notwithstanding the

above, the minimum vesting period for Other Stock-Based Awards with no performance-based vesting characteristics shall be three (3) years (vesting may occur ratably each month, quarter or anniversary of the grant date over such vesting period), and the minimum vesting period for Other Stock-Based Awards subject to restrictions based upon the achievement of specific Performance Goals or performance measures shall be one

(1) year; provided, however, that the Plan Administrator may grant a *de minimis* number of Other Stock-Based Awards that do not comply with the foregoing minimum vesting standards. For this purpose *de minimis* means five percent (5%) or less of the maximum number of shares of Common Stock that may be issued under the Plan pursuant to Section 5.2(b) herein, subject to adjustment under Section 5.3.

12.3 Value of Cash Awards and Other Stock-Based Awards

Each Cash Award granted pursuant to this Section 12 shall specify a payment amount or payment range as determined by the Plan Administrator. Each Other Stock-Based Award shall be expressed in terms of shares of Common Stock or units based on shares of Common Stock, as determined by the Plan Administrator. The Plan Administrator may establish performance criteria applicable to such awards in its discretion. If the Plan Administrator exercises its discretion to establish performance criteria, the number and/or value of such cash awards or Other Stock-Based Awards that will be paid out to the Participant will depend on the extent to which the performance goals are met.

12.4 Payment of Cash Awards and Other Stock-Based Awards

Payment, if any, with respect to a Cash Award or an Other Stock-Based Award shall be made in accordance with the terms of the Award, in cash or shares of Common Stock as the Plan Administrator determines. The value of any fractional shares shall be paid in cash. The payment hereunder shall comply with the timing of payment requirements set forth in Section 409A of the Code, including, but not limited to the timing of payments to *specified employees* as defined in Section 409A(a)(2)(B)(i) of the Code.

12.5 Transferability of Cash Awards and Other Stock-Based Awards

Except as otherwise determined by the Plan Administrator, neither Cash Awards nor Other Stock-Based Awards may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.

SECTION 13 TERMINATION OF EMPLOYMENT

The Award Agreement applicable to each Award shall set forth the effect of a termination of the holder's employment upon such Award; provided, however, that, unless explicitly set forth otherwise in an Award Agreement or as determined by the Plan Administrator, (1) all of a Participant's unvested and/or unexercisable Awards shall automatically be forfeited upon termination of the Participant's employment for any reason, and, as to Awards consisting of stock options or stock appreciation rights, the Participant shall be permitted to exercise the vested portion of the option or stock appreciation right for at least three months following termination of his or her employment, and (2) all of a Participant's Awards (whether vested or unvested, exercisable or unexercisable) shall automatically be forfeited upon termination of the Participant's employment for Cause. Provisions relating to the effect of a termination of employment upon an Award shall be determined in the sole discretion of the Plan Administrator and need not be uniform among all Awards or among all Participants. Unless the Plan Administrator determines otherwise, the transfer of employment of a Participant as between the Company and its affiliates and Subsidiaries shall not constitute a termination of employment. The Plan Administrator shall have the discretion to determine the effect, if any, that a sale or other disposition of a Participant's Employer will have on the Participant's Awards.

APPENDIX A

SECTION 14 EFFECT OF A CHANGE IN CONTROL

Except as otherwise provided in an Award Agreement, in the event of a Participant's termination of employment (i) by his or her Employer without Cause or (ii) if Section 2.16 is applicable to the Participant, by the Participant for Good Reason, in each case within two years following a Change in Control:

- (a) all options and stock appreciation rights then held by the Participant shall become fully vested and exercisable;
- (b) the Restriction Periods applicable to all shares of Restricted Stock and all Restricted Stock Units then held by the Participant shall immediately lapse;
- (c) the performance periods applicable to any Performance Shares, Performance Units and Incentive Awards that have not ended shall end and such Awards shall become vested and payable in cash in an amount equal to the target amount thereof (assuming achievement of target levels by both Participants and the Company) within ten days following such termination; and
- (d) any restrictions applicable to Cash Awards and Other Stock-Based Awards shall immediately lapse and, if applicable, become payable within ten days following such termination.

SECTION 15 REGULATORY APPROVALS AND LISTING

The Company shall not be required to issue any certificate for shares of Common Stock under the Plan prior to:

- (a) obtaining any approval or ruling from the Securities and Exchange Commission, the Internal Revenue Service or any other governmental agency which the Company, in its sole discretion, shall determine to be necessary or advisable;
- (b) listing of such shares on any stock exchange on which the Common Stock may then be listed; and
- (c) completing any registration or other qualification of such shares under any federal or state laws, rulings or regulations of any governmental body which the Company, in its sole discretion, shall determine to be necessary or advisable.

All certificates, or book-entry accounts, for shares of Common Stock delivered under the Plan shall also be subject to such stop-transfer orders and other restrictions as the Plan Administrator may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which Common Stock is then listed and any applicable federal or state securities laws, and the Plan Administrator may cause a legend or legends to be placed on any such certificates, or notations on such book-entry accounts, to make appropriate reference to such restrictions. The foregoing provisions of this paragraph shall not be effective if and to the extent that the shares of Common Stock delivered under the Plan are covered by an effective and current registration statement under the Securities Act of 1933, as amended, or if and so long as the Plan Administrator determines that application of such provisions are no longer required or desirable. In making such determination, the Plan Administrator may rely upon an opinion of counsel for the Company. Without limiting the foregoing, the Plan Administrator may impose such restrictions, conditions or limitations as it determines appropriate as to the timing and manner of any resales by the Participant or other subsequent transfers by the Participant of any shares issued under

this Plan, including without limitation (i) restrictions under an insider trading policy, (ii) restrictions designed to delay and/or coordinate the timing and manner of sales by the Participant and other Participants and (iii) restrictions as to the use of a specified brokerage firm for such resales or other transfers.

SECTION 16 TERM OF PLAN

The Plan shall remain in effect, subject to the right of the Board of Directors to terminate the Plan at any time pursuant to Section 19, until all shares of Common Stock subject to it shall have been purchased or acquired

according to the provisions herein. However, in no event may an Award be granted under the Plan on or after the tenth (10th) anniversary of the Effective Date. After this Plan is terminated, no future Awards may be granted pursuant to the Plan, but Awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and this Plan's terms and conditions. The Plan replaced the Prior Plans, and no further Awards may be made under the Prior Plans.

SECTION 17 GENERAL PROVISIONS

17.1 Forfeiture Events

(a) The Plan Administrator may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, without limitation, termination of employment for Cause, violation of material policies that may apply to the Participant, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company or any of its affiliates or Subsidiaries.

(b) If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, and if a Participant knowingly engaged in the misconduct, was grossly negligent with respect to such misconduct, or knowingly or grossly negligently failed to prevent the misconduct (whether or not the Participant is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002), the Participant shall reimburse the Company the amount of any payment in settlement of an Award earned or accrued during the twelve-month period following the first public issuance or filing with the United States Securities and Exchange Commission (whichever first occurred) of the financial document embodying such financial reporting requirement.

17.2 No Individual Rights

Nothing contained in the Plan, or in any Award granted pursuant to the Plan, shall confer upon any employee any right with respect to continuance of employment by the Company or a Subsidiary, nor interfere in any way with the right of the Company or a Subsidiary to terminate the employment of such employee at any time with or without assigning any reason therefor.

17.3 Other Compensation

Unless determined otherwise by the Plan Administrator or required by contractual obligations, the grant, vesting or payment of Awards under the Plan shall not be considered as part of a Participant's salary or used for the calculation of any other pay, allowance, pension or other benefit unless otherwise permitted by other benefit plans provided by the Company or its Subsidiaries, or required by law or by contractual obligations of the Company or its Subsidiaries.

17.4 Nontransferability

Unless otherwise provided in the Plan, the right of a Participant or Beneficiary to the payment of any Award under the Plan may not be assigned, transferred, pledged or encumbered, nor shall such right or other interests be subject to attachment, garnishment, execution or other legal process.

17.5 Leaves of Absence

Leaves of absence for such periods and purposes conforming to the personnel policy of the Company, or of its Subsidiaries, as applicable, shall not be deemed terminations or interruptions of employment, unless a Participant commences a leave of absence from which he or she is not expected to return to active

APPENDIX A

employment with the Company or its Subsidiaries. The foregoing notwithstanding, with respect to Incentive Stock Options, employment shall not be deemed to continue beyond the first ninety (90) days of such leave unless the Participant's reemployment rights are guaranteed by statute or contract. With respect to any Participant who, after the date an Award is granted under this Plan, ceases to be employed by the Company or a Subsidiary on a full-time basis but remains employed on a part-time basis, the Plan Administrator may make appropriate adjustments, as determined in its sole discretion, as to the number of shares issuable under, the vesting schedule of or the amount payable under any unvested Awards held by such Participant.

17.6 Transfers

In the event a Participant is transferred from the Company to a Subsidiary, or vice versa, or is promoted or given different responsibilities, Awards granted to the Participant prior to such date shall not be affected.

17.7 Unfunded Obligations

Any amounts (deferred or otherwise) to be paid to Participants pursuant to the Plan are unfunded obligations. Neither the Company nor any Subsidiary is required to segregate any monies from its general funds, to create any trusts or to make any special deposits with respect to this obligation. The Plan Administrator, in its sole discretion, may direct the Company to share with its Subsidiaries the costs of a portion of the Incentive Awards paid to Participants who are executives of those companies. Beneficial ownership of any investments, including trust investments which the Company may make to fulfill this obligation, shall at all times remain in the Company. Any investments and the creation or maintenance of any trust or any Participant account shall not create or constitute a trust or a fiduciary relationship between the Plan Administrator, the Company or any Subsidiary and a Participant, or otherwise create any vested or beneficial interest in any Participant or the Participant's Beneficiary or the Participant's creditors in any assets of the Company or its Subsidiaries whatsoever. The Participants shall have no claim against the Company for any changes in the value of any assets which may be invested or reinvested by the Company with respect to the Plan.

17.8 Beneficiaries

The designation of a Beneficiary shall be on a form provided by the Company, executed by the Participant (with the consent of the Participant's spouse, if required by the Company for reasons of community property or otherwise), and delivered to a designated representative the Company. A Participant may change his or her Beneficiary designation at any time. A designation by a Participant under any predecessor plans shall remain in effect under the Plan unless such designation is revoked or changed under the Plan. If no Beneficiary is designated, if the designation is ineffective, or if the Beneficiary dies before the balance of a Participant's benefit is paid, the balance shall be paid to the Participant's spouse, or if there is no surviving spouse, to the Participant's lineal descendants, pro rata, or if there is no surviving spouse or any lineal descendant, to the Participant's estate. Notwithstanding the foregoing, however, a Participant's Beneficiary shall be determined under applicable state law if such state law does not recognize Beneficiary designations under plans of this sort and is not preempted by laws which recognize the provisions of this Section 17.8.

17.9 Governing Law

The Plan shall be construed and governed in accordance with the laws of the State of Texas.

17.10 Satisfaction of Tax Obligations

Appropriate provision shall be made for all taxes required to be withheld in connection with the exercise, grant, vesting or other taxable event of Awards under the applicable laws and regulations of any governmental authority, whether federal, state or local and whether domestic or foreign, including, without limitation, the required withholding of a sufficient number of shares of Common Stock otherwise issuable to a Participant to satisfy the said

required minimum tax withholding obligations. To the extent provided by the Plan Administrator, a Participant is permitted to deliver shares of Common Stock (including shares acquired pursuant to the exercise of an option or stock appreciation right other than the option or stock appreciation right currently being exercised, to the extent permitted by applicable regulations) for payment of withholding taxes on the exercise of an option or stock appreciation right, upon the grant or vesting of Restricted Stock or Restricted Stock Units or upon the payout of Performance Shares, Performance Units or Incentive Awards. Shares of Common Stock may be required to be withheld from the shares issuable to the Participant upon the exercise of an option or stock appreciation right, upon the vesting of Restricted Stock or Restricted Stock Units or upon the payout of Performance Shares or Performance Units to satisfy tax withholding obligations. The Fair Market Value of Common Stock as delivered pursuant to this Section 17.10 shall be determined as of the day prior to delivery, and shall be calculated in accordance with Section 2.15.

Any Participant who makes a Section 83(b) election under the Code shall, within ten (10) days of making such election, notify the Company in writing of such election and shall provide the Company with a copy of such election form filed with the Internal Revenue Service.

A Participant is solely responsible for obtaining, or failing to obtain, tax advice with respect to participation in the Plan prior to the Participant's (i) entering into any transaction under or with respect to the Plan, (ii) designating or choosing the times of distributions under the Plan, or (iii) disposing of any shares of Common Stock issued under the Plan.

17.11 Participants in Foreign Jurisdictions

The Plan Administrator shall have the authority to adopt such modifications, procedures and subplans as may be necessary or desirable to comply with provisions of the laws of any countries in which the Company may operate to ensure the viability of the benefits from Awards granted to Participants employed in such countries, to meet the requirements of local laws that permit the Plan to operate in a qualified or tax-efficient manner, to comply with applicable foreign laws and to meet the objectives of the Plan.

SECTION 18 COMPLIANCE WITH RULE 16b-3, SECTION 162(m) AND SECTION 409A

18.1 Rule 16b-3 of the Exchange Act and Section 162(m) of the Code

The Company's intention is that, so long as any of the Company's equity securities are registered pursuant to Section 12(b) or 12(g) of the Exchange Act, the Plan shall comply in all respects with the rules of any exchange on which the shares of Common Stock are traded and with Rule 16b-3. In addition, it is the Company's intention that, as to Covered Employees, unless otherwise indicated in an Award Agreement, stock options, stock appreciation rights, Performance Shares, Performance Units and Incentive Awards shall qualify as performance-based compensation under Section 162(m). If any Plan provision is determined not to be in compliance with the foregoing intentions, that provision shall be deemed modified as necessary to meet the requirements of any such exchange, Rule 16b-3 and Section 162(m).

18.2 Section 409A of the Code

The Plan is intended to be administered, operated and construed in compliance with Section 409A of the Code and any guidance issued thereunder. Notwithstanding this or any other provision of the Plan to the contrary, the Board of Directors and the Plan Administrator may amend the Plan in any manner, or take any other action, that either of them

determines, in its sole discretion, is necessary, appropriate or advisable to cause the Plan to comply with Section 409A and any guidance issued thereunder. Any such action, once taken, shall be deemed to be effective from the earliest date necessary to avoid a violation of Section 409A and shall be final, binding and conclusive on all Participants and other individuals having or claiming any right or interest under the Plan.

APPENDIX A

SECTION 19 AMENDMENT, TERMINATION OR DISCONTINUANCE OF THE PLAN

19.1 Amendment of Plan

Subject to the Board of Directors, the Plan Administrator may from time to time make such amendments to the Plan as it may deem proper and in the best interest of the Company, including, without limitation, any amendment necessary to ensure that the Company may obtain any regulatory approval referred to in Section 15; provided, however, that (a) to the extent required by applicable law, regulation or stock exchange rule, stockholder approval shall be required, and (b) no change in any Award previously granted under the Plan may be made without the consent of the Participant if such change would impair the right of the Participant under the Award to acquire or retain Common Stock or cash that the Participant may have acquired as a result of the Plan.

19.2 Termination or Suspension of Plan

The Board of Directors may at any time suspend the operation of or terminate the Plan with respect to any shares of Common Stock or rights which are not at that time subject to any Award outstanding under the Plan.

SECTION 20 DEFFERAL ELECTIONS

The Plan Administrator may, to the extent permitted by applicable law, including, but not limited to Section 409A of the Code, permit Participants to defer Awards under the Plan. Any such deferrals shall be subject to such terms, conditions and procedures that the Plan Administrator may establish from time to time in its sole discretion.
