Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities and Exchange Act of 1934, as amended, requires RealNetworks' executive officers, directors, and persons who own more than ten percent of a registered class of RealNetworks' equity securities to file reports of ownership and changes of ownership with the Securities and Exchange Commission (the "SEC"). Executive officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish us with copies of all such reports they file. Specific due dates have been established by the SEC, and we are required to disclose in this Proxy Statement any failure to file by those dates.

Based solely on our review of the copies of such reports we received, and on written representations by the executive officers and directors of RealNetworks regarding their compliance with the applicable reporting requirements under Section 16(a) of the Exchange Act, we believe that, with respect to its fiscal year ended December 31, 2009, all of the executive officers and directors of RealNetworks, and all of the persons known to RealNetworks to own more than ten percent of the Common Stock, complied with all such reporting requirements.

Code of Business Conduct and Ethics

RealNetworks' Code of Business Conduct and Ethics is publicly available on our website (www.realnetworks.com/company/investor under the caption "Corporate Governance"), or can be obtained without charge by written request to RealNetworks' Corporate Secretary at the address of RealNetworks' principal executive office. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to or waiver from application of the Code of Business Conduct and Ethics that applies to the Chief Executive Officer or the Chief Financial Officer, and any other applicable accounting and financial employee, by posting such information on our website at www.realnetworks.com/company/investor under the caption "Corporate Governance."

Shareholder Nominations and Recommendations for Director Candidates

We have not made any material changes to the procedures by which our shareholders may recommend nominees to our board of directors since we last disclosed the procedures by which shareholders may nominate director candidates under the caption "Shareholder Nominations and Recommendations for Director Candidates" in our proxy statement for the 2009 annual meeting of RealNetworks shareholders filed with the SEC on August 12, 2009.

We have a standing Audit Committee of the Board of Directors comprised of Messrs. Benhamou and Jotwani and Ms. Raina. Item 11. *Executive Compensation*

Compensation Discussion and Analysis

This compensation discussion and analysis discusses the principles underlying our executive compensation program and the important factors relevant to the analysis of the compensation of our executive officers. We refer to the individuals who served as our Chief Executive Officer and Chief Financial Officer during 2009, as well as the other individuals included in the Summary Compensation Table on page 23, as our Named Executive Officers. The Named Executive Officers are included in the group of individuals identified as executives or executive officers.

Role of the Compensation Committee

The Compensation Committee of the Board of Directors, which currently consists of Messrs. Benhamou and Jotwani, is responsible for the oversight of our executive compensation program. Messrs. Benhamou and Jotwani are non-employee Directors within the meaning of Rule 16b-3 under Section 16 of the Securities Exchange Act of 1934, as amended, outside Directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, and independent Directors under Rule 5605(a)(2) of the Nasdaq Listing Rules. The Compensation Committee maintains a charter that is available on RealNetworks' website at <http://investor.realnetworks.com/governance.cfm>. The Compensation Committee's purpose is to discharge the Board's responsibilities relating to compensation of our executive officers. The Compensation Committee has overall responsibility for approving and evaluating the executive officer compensation plans, policies and programs of the Company. The Compensation Committee's functions include:

Periodically reviewing and making recommendations to the independent members of our Board of Directors regarding the employee agreements or arrangements with, and compensation and termination of, the Chief Executive Officer;

Reviewing and establishing the employee agreements or arrangements with, and compensation and termination of, our executive officers other than the Chief Executive Officer;

Establishing and revising employee incentive compensation plans (other than with respect to the Chief Executive Officer);

Carrying out duties assigned to the Compensation Committee under any stock option plan or other plan and grant stock options to executive officers (other than the Chief Executive Officer);

Making regular reports to the Board of Directors; and

Performing duties as assigned by the Board of Directors.

The Compensation Committee may delegate authority to subcommittees, retain or terminate any compensation consultant and obtain advice and assistance from internal or external legal, accounting or other advisers.

Overview of Executive Compensation Program

In establishing executive compensation, the Compensation Committee is generally guided by the following philosophy and objectives:

Attract, motivate and retain the best executives. The total compensation for executive officers should be competitive with the compensation paid by similarly situated companies in the digital media, technology and other relevant industries and the compensation packages offered by other private and public companies with which we believe we compete for talent, and should enhance retention by having long-term incentives that are subject to multi-year vesting.

Reward individual performance against the achievement of measurable performance targets. The compensation packages provided to our executive officers should include compensation that rewards performance as measured against established annual and strategic goals. These goals may cover both the unit for which the executive is responsible and the company as a whole.

Provide pay incentives that align executive compensation with the long-term interests of all of our stakeholders shareholders, customers and employees. Executive compensation should be designed to motivate executives to build a growing, profitable and sustainable business. This can best be achieved by encouraging our executive officers to conceive, develop and market the best products and services in our chosen markets and to exceed customer expectations.

Table of Contents

Executive compensation elements do not encourage unnecessary and excessive risk taking. Elements of the overall compensation packages provided to our executive officers should provide a balance between fixed and variable elements that are established at sufficient levels to discourage unnecessary risk taking.

Additionally, in 2009, the Compensation Committee recognized that the global economic recession created a difficult business environment for RealNetworks and that its decisions relating to executive compensation should consider these challenges as part of the Company's overall objective to be prudent in how it utilizes resources and manages costs.

Role of Management in Compensation Decisions

In 2009, the Compensation Committee approved the final determination of compensation for our executive officers other than the Chief Executive Officer. The Compensation Committee engaged Buck Consultants, a human resources consulting firm that is an independent third party consultant to the Company (Buck), to provide recommendations relating to the Chief Executive Officer's compensation for its review. Members of the Company's Human Resources department also provided their views relating to the Chief Executive Officer's compensation. The Compensation Committee and the other independent Directors considered the recommendations (but was not obligated to take any of them) and approved the final determination of compensation for the Chief Executive Officer. The Compensation Committee meets without the Chief Executive Officer or other members of management present during deliberations concerning the Chief Executive Officer's compensation. The Compensation Committee has final authority to exercise its discretion in setting compensation amounts or awards for executives and is not bound by the recommendations of the Chief Executive Officer nor of any consultant.

In January 2010, Robert Glaser, our founder, Chairman and Chief Executive Officer since RealNetworks' inception in 1994, resigned as Chief Executive Officer and Robert Kimball was appointed President and Acting Chief Executive Officer. Mr. Glaser remains the Chairman of the Board of Directors. With respect to executive officers other than Mr. Kimball, the recommendations of Mr. Kimball are considered by the Compensation Committee when determining the compensation of these executive officers. With respect to Mr. Kimball's compensation, the Compensation Committee engaged Frederic W. Cook & Co., Inc. (Cook) to provide recommendations.

Benchmarking

Our Human Resources department periodically obtains executive compensation data from outside compensation consultants and/or salary surveys that reflect a peer group of other technology companies and considers this data when making recommendations to the Compensation Committee regarding employment offers to and compensation packages for our executive officers. The Compensation Committee also recognizes that we compete for executive talent with companies that are significantly larger than us, and therefore, it may also consider compensation data from larger companies from time to time when determining executive compensation.

In 2008, RealNetworks' management engaged Cook to provide analysis and advice with respect to the compensation of our executive officers other than the Chief Executive Officer (the 2008 Cook Data). The 2008 Cook Data, together with internal comparators, provided the primary foundation for the establishment of executive compensation that was in effect throughout 2009.

As part of its compensation analysis, Cook utilized compensation data from a peer group of 14 companies that it determined best represent the competitive labor market in which RealNetworks competes for executive talent (the 2008 Compensation Peer Group). The companies comprising the 2008 Compensation Peer Group are:

Avid Technologies, Inc.	Getty Images, Inc.*	Red Hat, Inc.	ValueClick, Inc.
CNET Networks, Inc.*	Interactive Data Corp.	Shutterfly Inc.	Vignette Corporation**
F5 Networks, Inc.	Move Inc.	TiVo Inc.	WebMD Health Corp.
Gemstar-TV Guide International, Inc.*	Netflix, Inc.		

* acquired in 2008

**

acquired in
2009

In reviewing cash compensation, Cook created cash compensation benchmarks using weighted averages of data disclosed in regulatory reports by companies in the 2008 Compensation Peer Group and data from a survey of technology companies with annual revenue of between \$200 million and \$1 billion. Cook also conducted a review of total target annual cash compensation consisting of annual base salary and target cash incentive compensation and the long-term equity compensation of executives in the 2008 Compensation Peer Group, including carried-interest equity ownership.

Table of Contents

Management also engaged Cook in 2008 to provide analysis and advice with respect to the compensation of John Barbour, who joined RealNetworks in October 2008 as the President of RealNetworks Games division. As part of their compensation analysis, Cook utilized compensation data from a peer group of 15 companies (the Compensation Peer Group) as set forth below:

CNET Networks, Inc.*	Midway Games, Inc.**	Sonic Solutions	TiVo Inc.
Digimarc Corporation	Move Inc.	The Knot Inc.	United Online, Inc.
DivX, Inc.	Orbitz Worldwide, Inc.	TheStreet.com, Inc.	Vignette Corporation**
Glu Mobile Inc.	Shutterfly, Inc.	THQ Inc.	

* acquired in 2008

** acquired in 2009

The Compensation Peer Group used in determining Mr. Barbour's compensation differed from the 2008 Compensation Peer Group because RealNetworks hired Mr. Barbour to lead its Games division as President. RealNetworks has previously announced its intention to separate the Games division from the Company after which RealNetworks expects that Mr. Barbour will be the chief executive officer of the new entity.

Based on the Compensation Peer Group data and Cook's recommendations, the Compensation Committee approved an annual base salary of \$450,000 for Mr. Barbour, which is between 50% and 75% of competitive market rates. Mr. Barbour's target performance-based cash incentive compensation was established at 100% of Mr. Barbour's annual base salary, which is approximately 75% of competitive market rates. After considering the analysis provided by Cook and that Mr. Barbour is expected to lead the Games division through its anticipated separation from RealNetworks, the Compensation Committee believed that setting Mr. Barbour's compensation at these targets and targeted range was appropriate.

*2009 Executive Compensation**Compensation of the Chief Executive Officer*

In 2009, the Compensation Committee retained Buck to provide analysis and recommendations with respect to the 2009 compensation of Robert Glaser, our former Chief Executive Officer. As part of their compensation analysis, Buck utilized compensation data from a peer group of 14 companies (the 2009 CEO Peer Group) as set forth below:

Avid Technologies, Inc.	Getty Images, Inc.*	Red Hat, Inc.	ValueClick, Inc.
CNET Networks, Inc.*	Interactive Data Corp.	Shutterfly Inc.	Vignette Corporation**
F5 Networks, Inc.	Move Inc.	TiVo Inc.	WebMD Health Corp.
Gemstar-TV Guide International, Inc.*	Netflix, Inc.		

* acquired in 2008

** acquired in 2009

The size of the 2009 CEO Peer Group was increased to 14 companies as compared to 10 companies used in RealNetworks' analysis of the 2008 compensation of Mr. Glaser in order to reflect a broader representation of compensation data on which Buck's analysis and recommendations would be based. The addition of certain companies to, and the removal of other companies from, the 2009 CEO Peer Group as compared to 2008 was deemed appropriate by the Compensation Committee in order to reflect a more representative sampling of companies that are similar in size and scope to RealNetworks.

Buck analyzed the total compensation for chief executive officers in the 2009 CEO Peer Group who had been employed in their positions for at least 12 months. In developing its recommendations, Buck considered compensation based on several market positions, some of which were below market median and some of which were above market median. Based on the Buck analysis, in April 2009 the Compensation Committee and the independent members of the Board of Directors approved an annual base salary of \$275,000 for Mr. Glaser effective January 1, 2009, which is approximately 50% of competitive market rates of the 2009 CEO Peer Group for annual base salary. Previously, Mr. Glaser's annual base salary was established at \$1. Performance-based cash incentive compensation (the 2009 CEO Incentive Plan) was approved in the amount of \$550,000 for achievement of target goals at a level of 100%, which is approximately 100% of competitive market rates of the 2009 CEO Peer Group for cash incentive compensation. Total target 2009 cash compensation for Mr. Glaser was established below competitive market rates of the 2009 CEO Peer Group. The Compensation Committee and the independent members of the Board of Directors agreed with Buck's recommendations in providing Mr. Glaser with incentive compensation that is weighted more heavily than his annual base salary in consideration of his responsibilities to lead the Company and in order to motivate him to drive the Company's success. The Compensation Committee also considered the reimbursement of certain private chartered aircraft expenses paid by Mr. Glaser for RealNetworks business travel, as described below, in determining Mr. Glaser's total cash compensation for 2009.

Table of Contents

The Compensation Committee and the independent members of the Board of Directors also approved the reimbursement of private chartered aircraft expenses paid by Mr. Glaser for RealNetworks business travel up to a maximum of \$500,000 in 2009. This maximum amount is a decrease of 50% from the maximum reimbursement amount approved with respect to 2008 business travel in recognition of the fact that due to challenging economic conditions, the Compensation Committee expected that Mr. Glaser would travel less frequently by private chartered aircraft in 2009. In making this adjustment, the Compensation Committee also acknowledged that in considering Mr. Glaser's overall compensation, the reduction in the travel reimbursement limit was partially mitigated by an increase in Mr. Glaser's 2009 annual base salary. The reimbursement of reasonable business-related chartered aircraft expenses was conditioned upon the proper substantiation and documentation of all of Mr. Glaser's business-related travel. Amounts reimbursed to Mr. Glaser for reasonable and substantiated business-related travel constitute tax deductible business expenses for RealNetworks and do not constitute income to Mr. Glaser. Personal travel (that is, travel without a substantiated business-related purpose) was not eligible for reimbursement.

The target payout for Mr. Glaser under the 2009 CEO Incentive Plan was based equally on the achievement of RealNetworks' annual consolidated revenue and EBITDA targets in 2009 such that he would earn \$275,000 for 100% achievement of the consolidated corporate revenue target and \$275,000 for 100% achievement of the corporate EBITDA target. Business targets for the 2009 CEO Incentive Plan were established at the beginning of the plan year and were derived from RealNetworks' strategic business plan. The Compensation Committee's philosophy is to set challenging performance goals for executives, and it therefore established revenue and EBITDA targets under the 2009 CEO Incentive Plan that (a) have a degree of difficulty which the Compensation Committee considers to be challenging but achievable, and (b) require that RealNetworks achieve a high level of financial performance in the context of the current business climate.

Under the 2009 CEO Incentive Plan, Mr. Glaser would have been eligible to earn a maximum of \$2,200,000 in performance-based cash incentive compensation in the event of over-achievement against target goals. No portion of the revenue-based payout was earned if less than 90% of the revenue target was achieved. For achievement of the revenue target between 90%-100%, Mr. Glaser was eligible to earn between 70%-100% of the revenue-based payout calculated on a linear basis starting at a 70% payout for achievement of 90% of the revenue target up to a 100% payout for 100% achievement of the revenue target. For achievement of the revenue target between 100%-110%, Mr. Glaser was eligible to earn between 100%-200% of the revenue-based payout calculated on a linear basis starting at a 100% payout for achievement of 100% of the revenue target up to a 200% payout for 110% achievement of the revenue target. For achievement of the revenue target between 110%-120%, Mr. Glaser was eligible to earn between 200%-400% of the revenue-based payout calculated on a linear basis starting at a 200% payout for achievement of 110% of the revenue target up to a 400% payout for 120% achievement of the revenue target.

For achievement of the EBITDA target between 0%-100%, Mr. Glaser was eligible to earn between 0%-100% of the EBITDA-based payout calculated on a linear basis starting at 0% payout for achievement of 0% to a 100% payout for 100% achievement of the EBITDA target. For achievement of the EBITDA target between 100%-160%, Mr. Glaser was eligible to earn between 100%-200% of the EBITDA-based payout calculated on a linear basis starting at a 100% payout for achievement of 100% of the EBITDA target up to a 200% payout for 160% achievement of the EBITDA target. For achievement of the EBITDA target between 160%-200%, Mr. Glaser was eligible to earn between 200%-400% of the EBITDA-based payout calculated on a linear basis starting at 200% payout for achievement of 160% of the EBITDA target up to a 400% payout for 200% achievement of the EBITDA target.

A summary of the payout mechanics of the 2009 CEO Incentive Plan is as follows:

Revenue		EBITDA	
Attainment	Incentive Payout	Attainment	Incentive Payout
<90%	No payout	0% - 100%	0 - 100%
90% - 100%	70% - 100%	100% - 160%	100% - 200%
>100% - 110%	100% - 200%	160% - 200%	200% - 400%
>110% - 120%	200% - 400%

Notwithstanding the performance and payout targets established under the 2009 CEO Incentive Plan, the Compensation Committee has the authority and discretion to interpret and administer the 2009 CEO Incentive Plan, including (but not limited to) the authority to determine the size of any payouts. In addition, the Chief Executive Officer must have been employed through the date of payment to be eligible to receive payment under the 2009 CEO Incentive Plan, except in the case of death, disability, or termination other than for cause. Effective January 12, 2010, Mr. Glaser resigned from his position as Chief Executive Officer of RealNetworks prior to the payout of any award under the 2009 CEO Incentive Plan. Accordingly, Mr. Glaser did not earn a payout under the 2009 CEO Incentive Plan.

In considering whether to grant additional equity compensation to our Chief Executive Officer in 2009, the Compensation Committee considered the effectiveness of providing additional equity compensation in situations where an executive has significant equity ownership, particularly in relation to the potential dilution that may result from such grants. In light of Mr. Glaser's significant equity ownership, the Compensation Committee determined that the elements of Mr. Glaser's compensation arrangements must be determined with reference to his significant ownership position so that his overall compensation is structured to provide effective incentives while addressing potential dilution concerns. At the time it considered equity compensation for Mr. Glaser, the Compensation Committee concluded that Mr. Glaser had sufficient long-term incentive compensation through the CEO Incentive Plan and the return on the value of additional equity compensation did not outweigh the impact of increased dilution. Accordingly, the Compensation Committee did not grant additional equity compensation to Mr. Glaser in 2009.

In April 2010, the Compensation Committee approved payments to Mr. Glaser consisting of \$250,958, the amount Mr. Glaser would have earned under the 2009 CEO Incentive Plan had he remained employed by RealNetworks on the date payments were made under the Company's cash incentive plans, and an additional severance amount of \$149,042.

2009 Base Salary. We provide Named Executive Officers and other employees with base salary to compensate them for services rendered to RealNetworks and to meet our objective of attracting and retaining executive talent needed to run our business. Base salaries for Named Executive Officers are determined for each executive based on position, responsibility, experience, overall company budgets and competitive market data. When determining base salaries, the Compensation Committee also considers other factors including the salaries established for comparable positions in companies in our industry and geographic region, salaries paid to executives at other companies with which we compete for comparable talent, the historical and comparative compensation levels of our executives and the executive's performance in the preceding year. Base salaries are adjusted from time to time to recognize various levels of responsibility, individual performance, market conditions and internal equity issues, and base salary adjustments are at the discretion of the Compensation Committee.

The Compensation Committee determined that in light of overall economic conditions, our employees and executive officers would not receive merit-based salary increases in 2009 other than in connection with promotions. Accordingly, the base salaries of our Named Executive Officers who were employed by RealNetworks at the end of fiscal year 2008, other than our Chief Executive Officer, remained the same for fiscal year 2009.

2010 Base Salary. In February 2010, the Compensation Committee approved the following increases in the annual base salaries of Messrs. Kimball, Eggers and Skorny based on individual performance and in recognition of the increased scope of their roles and responsibilities as RealNetworks entered into a transition period following Mr. Glaser's resignation as Chief Executive Officer in January 2010:

Name	Salary Increase	Base Salary	Effective Date
Robert Kimball	15%	\$425,000	February 2010
Michael Eggers	20%	\$350,000	February 2010
Hank Skorny	6%	\$350,000	February 2010

The Compensation Committee did not adjust Mr. Barbour's base salary because it believed that Mr. Barbour was sufficiently incentivized at his current salary level. Additionally, Mr. Giamatteo's base salary did not change because he resigned as Chief Operating Officer of the Company in January 2010 effective April 2, 2010.

2009 Performance-based Cash Incentive Compensation. In January 2009, the Compensation Committee approved the 2009 Executive MBO Incentive Plan (the "2009 MBO Plan"). The 2009 MBO Plan is a performance-based cash incentive plan that pays cash awards to participants semi-annually based on the achievement of corporate and/or divisional revenue and EBITDA target goals as of the close of each calendar six-month period. Participants in the 2009 MBO Plan include the Named Executive Officers other than the Chief Executive Officer and the Chief Financial Officer, as well as certain other officers and employees of RealNetworks. A principal element of the Company's strategy is to produce financial results that are in the interests of the Company and its shareholders, and therefore, the inclusion of revenue targets as a performance measure under the 2009 MBO Plan is consistent with the Company's consideration of revenue as a key driver of its success. In addition, the Company believes that EBITDA is a key metric of operational performance, as it eliminates expenses that are not reflective of underlying business performance. Therefore, EBITDA is also included as a performance measure under the 2009 MBO Plan. The Compensation Committee believes that revenue and EBITDA are appropriate goals in motivating participants in the 2009 MBO Plan since they align the interests of the 2009 MBO plan participants with those of the Company and its shareholders.

In considering ranges for target performance and target payouts for executives participating in the 2009 MBO Plan, the Compensation Committee recognized that the broader economic conditions expected to be experienced during most, if not all, of 2009 would likely significantly impact RealNetworks' business unit and overall corporate performance. Given this expected challenging macroeconomic environment, the Compensation Committee desired to establish ranges for target performance and target payouts that would incentivize our executives to continue to work hard throughout 2009 to achieve target performance, particularly because the Compensation Committee's philosophy is to establish challenging goals for target performance. Accordingly, the Compensation Committee changed the ranges for target performance and target payouts under the 2009 MBO Plan from those established under the 2008 Executive MBO Plan in order to increase the maximum target payouts over a broader range of target performance, to increase the minimum target payout if target performance is achieved and to lower the performance threshold at which a target payout is made with respect to the maximum EBITDA-based payout.

In light of these changes, for Messrs. Barbour, Giamatteo and Skorny, no portion of the target payout based on revenue goals was earned if less than 90% of the revenue target was achieved. For achievement of 90%-100% of the revenue target, each of Messrs. Barbour, Giamatteo and Skorny were eligible to earn 70%-100% of the portion of the target payout based on the level of achievement of the revenue target. For achievement of 100%-110% of the revenue target, each of Messrs. Barbour, Giamatteo and Skorny were eligible to earn between 100% and 130% of the target payout based on the level of achievement of the revenue target. For achievement of 110%-120% of the revenue target, each of Messrs. Barbour, Giamatteo and Skorny were eligible to earn between 130% and 200% of the target payout based on the level of achievement of the revenue target. Target payouts to each of Messrs. Barbour, Giamatteo and Skorny based on achievement of EBITDA targets were earned linearly from 0-100%, with additional linear payouts up to a maximum of 200% for profitable units with revenue achievement of 90% or greater. There was no performance threshold for the EBITDA-based target payout, except in instances where the EBITDA target is a negative number.

A summary of the 2009 MBO Plan payout mechanics is as follows:

Revenue		EBITDA	
Attainment	Incentive Payout	Attainment	Incentive Payout
<90%	No payout	0 - 100%	0 - 100%
90% - 100%	70% - 100%	100% - 160%	100% - 160%
>100% - 110%	100% - 130%	>160% - 200%	160% - 200%
>110% - 120%	130% - 200%		

Notwithstanding the performance and payout targets established under the 2009 MBO Plan, the Compensation Committee has the authority and discretion to interpret and administer the 2009 MBO Plan, including (but not limited to) the authority to determine who is eligible to participate in the 2009 MBO Plan and the size of any payouts.

Under the 2009 MBO Plan, a participant must have been employed in a position that was eligible to participate in the 2009 MBO Plan on the first and last day of a quarter to be eligible to earn incentive compensation under the 2009 MBO Plan for that quarter. In addition, executive officers must have been employed on the last day of each six-month period and on the date payments were made in order to be eligible to receive payment under the 2009 MBO Plan, except in the case of death, disability or termination of employment by RealNetworks other than for cause.

Business targets for the 2009 MBO Plan were established at the beginning of the plan year and were derived from RealNetworks' strategic business plan. The Compensation Committee's philosophy is to set challenging performance goals for executives, and it therefore established revenue and EBITDA targets under the 2009 MBO Plan that (a) have a degree of difficulty which the Compensation Committee considers to be challenging but achievable, and (b) require a high level of financial performance in the context of the current business climate.

The corporate and divisional revenue and EBITDA targets for our Games and our Technology Products & Solutions and Media Software & Services (TPS/MSS) divisions against which performance under the 2009 MBO Plan was measured with respect to Messrs. Barbour, Giamatteo and Skorny are as follows:

	Revenue Target (First Half 2009) \$ (in millions)	EBITDA Target (First Half 2009) \$ (in millions)	Revenue Target (Second Half 2009) \$ (in millions)	EBITDA Target (Second Half 2009) \$ (in millions)
Corporate	294.2	3.2	333.6	31.6
Games	64.9	(5.4)	69.4	(1.3)
TPS/MSS	136.4	24.2	159.3	41.6

When determining the payout amounts under the 2009 MBO Plan for the first half of 2009, the Compensation Committee approved certain discretionary adjustments in corporate and divisional EBITDA results in connection with special items including (a) lowering corporate EBITDA results by \$2.76 million to neutralize for non-use of budgeted discretionary expense, and (b) lowering corporate and divisional EBITDA results by \$1.2 million for a one-time immaterial adjustment from a change in accounting policy. The Compensation Committee determined that these adjustments were appropriate because these special items reflected macroeconomic conditions and accounting requirements over which the executives had no control.

Mr. Eggers. In 2009, Mr. Eggers participated in a separate discretionary cash bonus program, which is discussed further below, and was not eligible to participate in the 2009 MBO Plan. This separate program is designed to maintain appropriate independence for key control executives.

Mr. Barbour. Mr. Barbour serves as the President of RealNetworks' Games division. RealNetworks has previously announced its intention to separate the Games division from the Company. Following such separation, RealNetworks expects that Mr. Barbour will be the chief executive officer of the new entity. The target amount of Mr. Barbour's performance-based cash incentive compensation was established based on competitive market data for chief executive officer positions in the Compensation Peer Group established by Cook in 2008.

In the first and second halves of 2009, Mr. Barbour was eligible to earn a target of 100% of his annual base salary in performance-based cash incentive compensation under the 2009 MBO Plan based equally on the achievement of RealNetworks' consolidated revenue and EBITDA targets and revenue and EBITDA targets for the Games division.

In the first half of 2009, Mr. Barbour earned cash incentive compensation based on 93.99% achievement of corporate revenue targets, 157.2% achievement of corporate EBITDA targets, 96.46% achievement of revenue targets for the Games division and 113.84% achievement of EBITDA targets for the Games division, resulting in an overall cash incentive compensation payout of approximately 107.13% of the targeted payment for the measurement period.

In the second half of 2009, Mr. Barbour earned cash incentive compensation based on 85.66% achievement of corporate revenue targets, 84.58% achievement of corporate EBITDA targets, 86.77% achievement of revenue for the Games division and -268.59% achievement of EBITDA targets for the Games division, resulting in an overall cash incentive compensation payout of approximately 21.15% of the targeted payment for the measurement period.

Mr. Giamatteo. In 2009, Mr. Giamatteo served as RealNetworks Chief Operating Officer and was also responsible for overseeing RealNetworks TPS/MSS divisions, and this position entailed more responsibility for strategic operating decisions and a greater direct influence on overall company performance than most executive positions. Therefore, Mr. Giamatteo had a greater percentage of his total compensation opportunity tied to short-term and long-term incentives than most executive officers.

In the first and second halves of 2009, Mr. Giamatteo was eligible to earn a target of 100% of his annual base salary in performance-based cash incentive compensation under the 2009 MBO Plan based equally on the achievement of RealNetworks consolidated revenue and EBITDA targets and the revenue and EBITDA targets for the TPS/MSS divisions.

In the first half of 2009, Mr. Giamatteo earned cash incentive compensation based on 93.99% achievement of corporate revenue targets, 157.2% achievement of corporate EBITDA targets, 94.87% achievement of revenue targets for the TPS/MSS divisions and 99.07% achievement of EBITDA targets for the TPS/MSS divisions, resulting in an overall cash incentive compensation payout of approximately 105.71% of the targeted payment for the measurement period.

In the second half of 2009, Mr. Giamatteo earned cash incentive compensation based on 85.66% achievement of corporate revenue targets, and 84.58% achievement of corporate EBITDA targets, 93.62% achievement of revenue for the TPS/MSS divisions and 82.5% achievement of EBITDA targets for the TPS/MSS divisions, resulting in an overall cash incentive compensation payout of approximately 61.99% of the targeted payment for the measurement period.

Overall Payout Attainment and Total Payout	105.71%	\$ 229,929	61.99%	\$ 134,830

Mr. Skorny. Mr. Skorny was eligible to earn a target of 45% of his annual base salary in performance-based cash incentive compensation under the 2009 MBO Plan based equally on the achievement of consolidated revenue and EBITDA targets.

In the first half of 2009, Mr. Skorny earned cash incentive compensation under the 2009 MBO Program based on 93.99% achievement of corporate revenue targets and 157.2% achievement of EBITDA targets, resulting in an overall cash incentive compensation payout of approximately 119.59% of the targeted payment for the measurement period.

In the second half of 2009, Mr. Skorny earned cash incentive compensation under the 2009 MBO Program based on 85.66% achievement of corporate revenue targets, and 84.58% achievement of corporate EBITDA targets, resulting in an overall cash incentive compensation payout of approximately 42.29% of the targeted payment for the measurement period.

2010 Performance-based Cash Incentive Compensation. For 2010, the Compensation Committee engaged Cook to review the Company's annual performance-based cash incentive compensation. Based on Cook's recommendations to the Compensation Committee, the Compensation Committee and the other independent members of the Board of Directors of RealNetworks approved the 2010 Executive MBO Plan (the 2010 MBO Plan) in March 2010. The 2010 MBO Plan is a bonus plan that pays cash awards to participants based on performance targets that are established at the beginning of each six-month measurement period during the 2010 calendar year. Participants in the 2010 MBO Plan include Messrs. Eggers, Barbour and Skorny, as well as Mr. Kimball, and certain other officers and employees of RealNetworks.

In March 2010, the Compensation Committee and the other independent members of the Board approved performance targets and payout mechanics under the 2010 MBO Plan for the first six-month measurement period beginning January 1, 2010 and ending on June 30, 2010 (the First Measurement Period). For the First Measurement Period, cash awards will be based on financial metrics consisting of revenue, operating expenses and EBITDA as well as business milestones. The Compensation Committee recognized that performance-based cash incentive programs should align rewards with the achievement of key business objectives during times of transition, and that quantitative financial metrics can be supplemented with qualitative, well-defined business goals and milestones. Therefore, the Compensation Committee determined that the achievement of business milestones was an appropriate performance metric that should supplement financial metrics in the 2010 MBO Plan. It also determined that while Mr. Eggers had participated in a discretionary cash bonus program in the past, it was appropriate to include him as an eligible participant in the 2010 MBO Plan in order to achieve alignment with the other members of the senior executive team in working to achieve the Company's transformational business goals and objectives.

Target payouts under the 2010 MBO Plan as a percentage of annual base salary for Messrs. Kimball, Eggers, Barbour and Skorny are as follows:

Name	Target 2010 MBO Payout (as a percentage of annual base salary)
Robert Kimball	100%
Michael Eggers	75%
John Barbour	100%
Hank Skorny(*)	45%

* In 2010, Mr. Skorny is eligible to earn additional performance-based cash incentive compensation equal to 30% of his

annual base salary
as described below.

The target payout under the 2010 MBO Plan for the First Measurement Period for each of Messrs. Kimball, Eggers, Barbour and Skorny is based 75% on the achievement of RealNetworks' consolidated revenue, operating expense and EBITDA targets, with each financial metric having equal weight, and 25% on the achievement of business milestones. For Messrs. Kimball, Eggers, Barbour and Skorny, no portion of the target payout based on revenue and operating expense goals will be paid if less than 90% of the revenue and operating expense targets is achieved. For achievement of 90% or greater of the revenue and operating expense targets, each of Messrs. Kimball, Eggers, Barbour and Skorny will be paid linearly based on the level of achievement of the revenue and operating expense targets. Target payouts to each of Messrs. Kimball, Eggers, Barbour and Skorny based on achievement of the EBITDA target will be capped at 100%, and no portion of the target payout based on EBITDA will be paid if less than 100% of the EBITDA target is achieved. For achievement of business milestones that are established at the beginning of each performance period, the Compensation Committee will review and approve attainment results at the end of the First Measurement Period and will consider the recommendations of RealNetworks' Chief Executive Officer in determining the level of such attainment. In light of the Company's transitional activities and transformational objectives for 2010, the Compensation Committee established performance goals for the First Measurement Period that are conservative as compared to the Company's previous performance-based cash incentive plans. The Compensation Committee recognized the importance of incentivizing the Company's executives to achieve financial stability of the

Table of Contents

organization and effective execution of transformational strategic milestones in 2010, and therefore it designed the 2010 MBO Plan to be a transitional plan that includes both business milestones and quantitative financial metrics.

Notwithstanding the performance and payout targets established under the 2010 MBO Plan, the Compensation Committee has the authority and discretion to interpret and administer the 2010 MBO Plan, including (but not limited to) the authority to determine who is eligible to participate in the 2010 MBO Plan and the size of any payouts. Under the 2010 MBO Plan, a participant must be employed in a position that is eligible to participate in the 2010 MBO Plan on the first and last day of a quarter to be eligible to earn incentive compensation under the 2010 MBO Plan for that quarter. In addition, executive officers must be employed on the last day of each six-month period and on the date payments are made in order to be eligible to receive payment under the 2010 MBO Plan, except in the case of death, disability or certain terminations of employment by RealNetworks other than for cause.

Mr. Skorny. In 2010, Mr. Skorny is eligible to earn additional performance-based cash incentive compensation having a payout target equal to 30% of his annual base salary. For the First Measurement Period, payout attainment will be based equally on the achievement of special project-related milestones and operating expense targets. The Compensation Committee will review and approve attainment results at the end of the First Measurement Period and will consider the recommendations of RealNetworks Chief Executive Officer in determining the level of such attainment. No portion of the target payout based on operating expense goals will be paid if less than 90% of the operating expense goals is achieved. For achievement of 90% or greater of the operating expense goals, Mr. Skorny will be paid linearly based on the level of achievement of the operating expense goals.

Discretionary Cash Bonus Awards. From time to time, RealNetworks utilizes discretionary signing, promotion and retention bonus awards as compensation tools that provide incentives for executives to accept employment offers, to reward outstanding performance by executives and to retain key executives. In addition, from time to time RealNetworks may establish separate discretionary cash bonus award programs under which certain executives may earn cash bonus awards.

Mr. Eggers. In 2009, discretionary cash bonus compensation for Mr. Eggers was targeted at 45% of annual base salary. Discretionary cash bonus payments are determined and paid semi-annually and are based on performance during each six-month measurement period. The Compensation Committee has the discretion to award cash bonuses that are greater than or less than the established target amount. In the first half of 2009, Mr. Eggers earned discretionary cash bonus compensation that resulted in a payout of 100% of the targeted payment based on his individual performance and contributions to the overall performance of RealNetworks during the measurement period. In the second half of 2009, Mr. Eggers earned discretionary cash bonus compensation that resulted in a payout of 114.35% of the targeted payment based on his individual performance and contributions to the overall performance of RealNetworks during the measurement period. The Compensation Committee gave special consideration to Mr. Eggers leadership and oversight of RealNetworks 2009 initiatives to reduce costs, increase operational efficiency and reduce redundancies throughout the organization in establishing the amount of the discretionary cash bonus awards to Mr. Eggers in 2009.

In 2009, Mr. Eggers earned discretionary cash bonus compensation as follows:

First Half 2009		Second Half 2009	
Payout	First Half 2009	Payout	Second Half 2009
(% of Targeted Payment)	Payout (\$)	(% of Targeted Payment)	Payout (\$)
100%	65,588	114.35%	75,000

Mr. Skorny. In connection with his acceptance of an offer of employment by RealNetworks as Senior Strategic Advisor in January 2009, Mr. Skorny received a signing bonus in the amount of \$100,000. In October 2009, Mr. Skorny was promoted to Senior Vice President, Media Cloud Computing and Services and was awarded a cash bonus in the amount of \$50,000 in connection with this promotion.

2010 Retention Arrangements. The Compensation Committee recognizes that RealNetworks relies upon the experience and expertise of certain key executives to manage the business of RealNetworks rigorously and objectively for the benefit of the Company and its shareholders. In light of the ongoing transitional activities resulting from the departure in January 2010 of RealNetworks former Chief Executive Officer and the desire to retain the current key

senior executive team, as well as to reinforce and encourage the continued attention and commitment of certain key executives to their duties without distraction at a time when RealNetworks is engaged in transforming its business following a challenging period for the Company, the Compensation Committee approved retention letter agreements in January 2010 between RealNetworks and certain key employees of the Company, including Messrs. Kimball, Eggers and Skorny (the Retention Agreements). The Retention Agreements provide for (a) a bonus of up to \$850,000 to be paid to Mr. Kimball, and (b) a bonus of up to \$700,000 to be paid to each of Messrs. Eggers and Skorny, with two-thirds of the total amount of each such bonus to be paid on February 1, 2011, and the remaining one-third of the total amount to be paid on August 1, 2011, subject to the

Table of Contents

continued employment of the respective executive officer through each such date. Under the Retention Agreements, one-half of the maximum amount is guaranteed to be paid. On each scheduled payment date, subject to the continued employment of the respective executive officer, Messrs. Kimball, Eggers and Skorny will each receive 50% of the scheduled amount of his respective bonus, and the remaining 50% (or lesser amount) will be paid only if approved by the Compensation Committee, at its discretion. In the event of the termination of Mr. Kimball, Mr. Eggers or Mr. Skorny without cause or resignation for good reason (as such terms are defined in the Change in Control and Severance Agreement for each of Mr. Kimball, Mr. Eggers and Mr. Skorny as described under the caption Severance and Change in Control Benefits on page 20), the respective executive officer is entitled to receive the unpaid portion of the maximum retention bonus amount that otherwise is scheduled to be paid after such termination. In the event of the death or permanent disability of Mr. Kimball, Mr. Eggers or Mr. Skorny, the Company will pay a prorated amount of the respective retention bonus (less any amounts previously paid), with any payout of the discretionary portion remaining subject to the Compensation Committee's discretion.

In addition, in recognition of Mr. Kimball's service as Acting Chief Executive Officer of RealNetworks, Mr. Kimball is entitled to receive a cash bonus in the amount of \$100,000 on July 12, 2010, subject to his continued employment by RealNetworks through such date. If RealNetworks terminates Mr. Kimball's employment without cause or he resigns for good reason (as such terms are defined in the Change in Control and Severance Agreement described in the preceding paragraph) prior to July 12, 2010, Mr. Kimball will receive 100% of this cash bonus within thirty (30) days of his termination of employment.

Long-term Equity Incentive Compensation. As previously noted, due to the challenging economic environment in 2009, the Compensation Committee determined that there would be no merit-based compensation adjustments for the Named Executive Officers other than the Chief Executive Officer. In January 2009, Mr. Kimball was promoted to Executive Vice President, Corporate Development and Law, General Counsel and Corporate Secretary and was awarded stock options for the purchase of 130,000 shares of common stock that will vest over four years in connection with this promotion. In January 2009, Mr. Skorny joined RealNetworks and was awarded stock options for the purchase of 300,000 shares of common stock that will vest over four years in connection with his offer of employment as Senior Strategic Advisor. The exercise prices of the stock options granted to Messrs. Kimball and Skorny was equal to the closing price of RealNetworks common stock on the respective grant dates. Other than stock options awarded to Mr. Skorny in connection with his offer of employment with RealNetworks, there were no new equity awards granted to the Named Executive Officers in 2009.

In February 2010, Messrs. Kimball, Eggers and Skorny were awarded stock options for the purchase of 500,000, 400,000 and 135,000 shares of RealNetworks common stock, respectively, in connection with their increased roles and responsibilities as RealNetworks entered into a transitional period following the resignation of RealNetworks former Chief Executive Officer and in recognition of their individual performance. The stock options granted to Messrs. Kimball, Eggers and Skorny will vest in equal increments every six months over a four year period. In addition, Mr. Kimball was awarded stock options for the purchase of 60,000 shares of RealNetworks common stock in recognition of his service as Acting Chief Executive Officer of RealNetworks that will vest as to 50% of the shares subject to the options on each of July 12, 2010 and January 12, 2011. The exercise price of the stock options granted to each of Messrs. Kimball, Eggers and Skorny was equal to the closing price of RealNetworks common stock on the effective date of each grant.

RealNetworks does not have any program, plan or obligation that requires the granting of stock options or other equity awards to any executive officer on specified dates, or that requires the Named Executive Officers to hold stock options or restricted stock units beyond their vesting dates. All stock options are granted with exercise prices that are equal to the last sale price of RealNetworks' common stock as reported on the Nasdaq Stock Market on the respective date of grant. The Compensation Committee typically grants equity awards to corporate and executive officers at its scheduled meetings or by unanimous written consent. From time to time, the Compensation Committee may authorize the future grant of an equity award to a corporate or executive officer in advance of the commencement of such officer's employment by RealNetworks or when offering a corporate or executive officer the option of electing to receive an equity award in the form of stock options, restricted stock units, or a combination of stock options or restricted stock units. When authorizing the future grant of an equity award in connection with an offer of

employment, the Compensation Committee's approval of the award is subject to and effective upon the employment of such officer by RealNetworks, and the exercise price of such stock option is equal to the last sale price of our common stock as reported on the Nasdaq Stock Market on the respective date of grant, which would be the first day of our employment of such officer. When authorizing the future grant of equity award(s) that contemplate the recipient electing to receive the award in the form of stock options, restricted stock units or a combination of both, the Compensation Committee will first approve the material terms of such award(s) and establish a future effective date for the grant of the award(s) in order to allow the award recipients time to make irrevocable elections specifying the type of award they are electing to receive. In this case, the exercise price of any stock options granted is equal to the last sale price of our common stock as reported on the Nasdaq Stock Market on the effective date of the grant. Stock options are typically granted to RealNetworks employees upon hire and in connection with annual performance evaluations. Pursuant to the terms of the 2005 Plan, the Board of Directors has delegated authority to each of our Chief Executive Officer and our Senior Vice President and Chief Financial Officer to grant awards under the 2005 Plan to employees who are not directors or officers of RealNetworks, and such awards are typically approved on a weekly basis.

Benefits and Perquisites. Benefits are part of a competitive compensation package to attract and retain employees, including executives. Our executive officers are eligible to participate in all of our benefit programs. These programs include medical, dental, vision, group life and disability insurance, a medical reimbursement plan, a transportation subsidy and an employee stock purchase plan that permits employees to purchase RealNetworks stock at a 15% discount from the closing sale price of our Common Stock as reported on the Nasdaq Stock Market on the last trading day of each offering period.

Our employees, including the Named Executive Officers, are also eligible to participate in our 401(k) savings plan, a tax-qualified retirement savings plan pursuant to which all U.S. based employees are able to contribute the lesser of up to 50% of their cash compensation (including base salary, bonuses, commissions and overtime pay) or the limit prescribed by the Internal Revenue Service to the plan on a before-tax basis. RealNetworks will match 50% of the first 3% of pay that is contributed to the 401(k) savings plan. All employee contributions to the 401(k) savings plan are fully vested upon contribution. Matching contributions by RealNetworks become fully vested after three years.

Our executive officers participate in the benefit programs described above on the same basis as our other employees. We may offer other benefits to our employees and executive officers from time to time, including relocation packages. In connection with Mr. Barbour's acceptance of an offer of employment by RealNetworks as President of the Games division in October 2008, RealNetworks agreed to pay the costs of temporary housing and certain commuting expenses during the first twelve months of Mr. Barbour's employment. RealNetworks also agreed to reimburse Mr. Barbour for the income tax liability associated with the temporary housing and commuting benefits in an amount not to exceed \$100,000, including any tax liability resulting from such reimbursement. Due to the postponement of the Company's planned separation of the Games business from RealNetworks, in December 2009 the Compensation Committee approved the reimbursement of additional temporary housing and commuting expenses for up to an additional six months following November 1, 2009, with such expense reimbursements to be capped at \$130,000 (consisting of \$80,000 for commuting and temporary housing benefits and \$50,000 for the associated tax liability). In 2009, Mr. Barbour was reimbursed for commuting and temporary housing expenses in the amount of \$134,218 and the associated income tax liability in the amount of \$76,982.

Since 2002, the imputed costs associated with the occupancy of vacant office space in our headquarters by the Glaser Progress Foundation, a charitable foundation of which Mr. Glaser is Trustee, and by Mr. Glaser's personal assistant, have been reported as income to Mr. Glaser. Additionally, as discussed above, the Compensation Committee approved the reimbursement of private chartered aircraft expenses paid by Mr. Glaser for RealNetworks business travel up to a maximum of \$500,000 in 2009. This was a reduction from the amount approved for him previously in partial consideration for the base salary increase he received in 2009. Following Mr. Glaser's resignation as Chief Executive Officer, RealNetworks no longer provides for the reimbursement of private chartered aircraft expenses for RealNetworks business travel. Other than as described above, there were no special benefits or perquisites provided to any other Named Executive Officer in 2009.

Severance and Change in Control Benefits. It is our policy to request our executive officers, excluding our former Chief Executive Officer, to provide a notice period of a certain length of time, typically six months, prior to voluntarily terminating their employment with RealNetworks for the purpose of transitioning responsibilities. The Compensation Committee believes that this is an important element of the executive compensation program, as it provides executive officers reasonable assurance of transitional employment support and it benefits RealNetworks by ensuring continuity during these transitions. In the event an executive officer provides six months' notice prior to voluntarily terminating his or her employment, he or she will receive a severance payment equal to six months of such executive's annual base salary, even if RealNetworks does not require the continued services of the executive officer for all or part of such six month notice period. In the event an executive officer provides notice of less than six months prior to voluntarily terminating his or her employment, he or she will receive a severance payment equal to the number of months' notice provided, up to a maximum severance payment equal to six months of the executive's annual base salary, even if RealNetworks does not require the continued services of the executive officer for all or part of such notice period. These severance payments are in addition to any base salary earned during these periods and are paid following the last day worked by an executive officer.

Mr. Giamatteo. In July 2008, the Compensation Committee approved amended severance provisions for Mr. Giamatteo as part of the terms of his employment as Chief Operating Officer. In the event RealNetworks terminated the employment of Mr. Giamatteo without cause, RealNetworks would have provided Mr. Giamatteo with twelve months notice, or it would have paid Mr. Giamatteo his then-current base salary in lieu of notice through any remaining portion of the notice period. Mr. Giamatteo voluntarily resigned as Chief Operating Officer of RealNetworks effective April 2, 2010, and these amended severance provisions no longer apply following that date. In April 2010, RealNetworks and Mr. Giamatteo entered into a Separation and Release Agreement pursuant to which Mr. Giamatteo received a severance payment equal to three months of his annual base salary, or \$108,750, and a discretionary cash bonus payment of \$108,750.

Table of Contents

The Compensation Committee approved these severance and bonus payments after considering Mr. Giamatteo's efforts to ensure an orderly transition of his responsibilities and in light of Mr. Giamatteo providing three months notice prior to terminating his employment with RealNetworks. In exchange for the payments made to Mr. Giamatteo pursuant to the Separation and Release Agreement, Mr. Giamatteo provided a waiver and release of all claims against RealNetworks.

Messrs. Kimball, Eggers and Skorny. In January 2010, the Compensation Committee approved change in control and severance arrangements with respect to certain key employees including Messrs. Kimball, Eggers and Skorny. In the event of a change in control of RealNetworks, if the employment of Mr. Kimball, Mr. Eggers or Mr. Skorny is terminated without cause or any of such executives resigns for good reason (as such terms are defined in the Change in Control and Severance Agreement between RealNetworks and each of Messrs. Kimball, Eggers and Skorny) within three months prior to or 24 months following such change in control, Messrs. Kimball, Eggers and Skorny are each entitled to receive a lump sum payment equal to 125% of the sum of his base salary and target bonus, a lump sum payment of his prorated target bonus for any partial annual incentive bonus period, 100% accelerated vesting of his equity awards granted on or after February 1, 2010, extension of the post-termination exercisability of all equity awards (other than incentive stock options) granted before February 1, 2010 for up to 12 months (and solely with respect to Mr. Kimball, the options may be exercised after termination up to the later of (i) termination of his employment or (ii) termination of his Board service, but with respect to all options, no later than the option's original term), and 18 months of Company-paid health coverage. In order for each such executive to receive such severance benefits, he must (i) execute a release of claims in favor of RealNetworks, (ii) agree to a nondisparagement obligation, and (iii) agree to non-solicitation and no-hire obligations for a period of 12 months following termination. For purposes of each of these agreements, cause includes, for example, the substantial and continuing failure of the executive, after written notice thereof, to render services to Real Networks in accordance with the terms or requirements of his employment for reasons other than illness or incapacity, and his violation of any confidentiality or non-competition agreements with RealNetworks or its subsidiaries that results in material harm to RealNetworks. The term good reason includes, for example, a material reduction (of more than 10%) in the executive's annual base compensation as in effect immediately prior to such reduction, a material reduction in his annual target bonus opportunity (of more than 10%) and a material change (of more than 50 miles) in the geographic location where he is required to perform his work.

Pursuant to his change in control and severance agreement, Mr. Kimball is entitled to certain additional severance benefits. In the event of Mr. Kimball's termination of employment without cause or resignation for good reason other than during the change in control period (as such terms are defined in such agreement and described above), Mr. Kimball will receive a lump sum payment equal to 100% of his base salary, accelerated vesting of up to 250,000 shares subject to his option covering 500,000 shares granted on February 1, 2010, 100% accelerated vesting of his option covering 60,000 shares (described above), and extension of post-termination exercisability of all equity awards for up to 12 months (upon the later of (i) termination of his employment or (ii) termination of his Board service, but no later than the option's original term). In order to receive the severance benefits under his change in control and severance agreement, Mr. Kimball must (i) execute a release of claims in favor of the Company, (ii) agree to a nondisparagement obligation, and (iii) agree to non-solicitation and no-hire obligations for a period of 12 months following termination.

Under our equity incentive plans, if we terminate the employment of a Named Executive Officer for any reason other than for cause, and any of such Named Executive Officer's outstanding stock options or restricted stock units are not fully vested, the individual award agreements entered into with such Named Executive Officer provide that the next vesting installment of such stock options or restricted stock units will vest on a pro rata basis for the portion of the year elapsed since the date on which the vesting of the option commenced or the last anniversary thereof, expressed in full months, provided that the Named Executive Officer executes and delivers a settlement agreement and release satisfactory to us on or before the date of such termination. If the employment of a Named Executive Officer terminates due to such executive officer's death, any stock options or restricted stock units that are unvested as of the date of such executive officer's death will fully vest on such date and may be exercised by the estate or legal representative of such executive officer for a period of one year following such date. The Compensation Committee

has determined that all employees who hold stock options or restricted stock awards under our equity incentive plans are eligible for these benefits. For purposes of the award agreements, cause includes, for example, the substantial and continuing failure of the award holder after written notice to render services to the Company in accordance with the terms or requirements of the award holder's employment for reasons other than illness or incapacity, willful violation by the award holder of a policy or procedure of the Company, resulting in any case in significant harm to the Company, and the award holder's violation of any confidentiality or non-competition agreements with the Company or its subsidiaries.

In addition, our employees and executive officers may be eligible to receive certain benefits with respect to outstanding awards granted under our equity incentive plans in the event of a change in control of RealNetworks. A change in control of a corporation is often accompanied by changes in the corporate culture and job losses due to redundancy, especially at the executive levels. If a change in control of RealNetworks were under consideration, we expect that our executives could be faced with personal uncertainties and distractions about how the transaction may affect their continued employment with us. By granting awards under our equity incentive plans that include change in control benefits before any such transaction is contemplated, we hope to focus our executive's full attention

Table of Contents

and dedication to our shareholders' best interests in the event of a threatened or pending change in control, and to encourage the executive to remain employed by RealNetworks through the completion of any such transaction. The change in control benefits with respect to outstanding awards granted under our equity incentive plans are further described in the section entitled "Change in Control Arrangements" on page 34.

Tax and Accounting Implications

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the federal corporate income tax deduction for compensation paid by a public company to its Chief Executive Officer and certain other executive officers to \$1 million in the year the compensation becomes taxable to the executive, unless the compensation is performance-based compensation or qualifies under certain other exceptions. The Compensation Committee seeks to balance its objective of ensuring an effective compensation package with the need to maximize the deductibility of executive compensation, and intends to qualify executive compensation for deductibility under Section 162(m) to the extent consistent with the best interests of RealNetworks. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that we may enter into compensation arrangements in the future under which payments are not deductible under Section 162(m). Deductibility will not be the sole factor used by the Compensation Committee in ascertaining appropriate levels or modes of compensation.

Accounting for Stock-Based Compensation. RealNetworks accounts for stock-based compensation in accordance with the requirements of Financial Accounting Standards Board Statement of Financial Accounting Standard No. 123 (revised 2004), *Share-Based Payment* (FAS 123R). Under the fair value provisions of this statement, stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense over the requisite service period, which is the vesting period.

Pre-Set Diversification Plans

RealNetworks has authorized its executive officers to enter into pre-set diversification plans established according to Section 10b5-1 of the Securities Exchange Act of 1934, as amended, with an independent broker-dealer. These plans include specific instructions for the broker to exercise stock options and/or sell stock on behalf of the executive on a pre-determined schedule. The purpose of such plans is to enable executive officers to recognize the value of their compensation and diversify their holdings of RealNetworks common stock during periods in which the officer would otherwise be unable to buy or sell such stock because important information about RealNetworks had not been publicly released. As of April 23, 2010, Messrs. Glaser, Kimball and Eggers had such a plan.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis for fiscal year 2009 with RealNetworks' management. Based on this review and discussion, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in RealNetworks annual report on Form 10-K and proxy statement relating to the 2010 annual meeting of shareholders.

(1) Of the \$329,956 earned by Mr. Glaser as performance-based cash incentive compensation in 2008, \$236,671 was paid to Mr. Glaser in the form of salary between January 1, 2008 and July 2008. After the Compensation Committee determined to set Mr. Glaser's annual salary for 2008 at \$1, the amount paid to Mr. Glaser as salary in excess of

\$1 was applied to Mr. Glaser's performance-based cash incentive compensation payout at the time it was determined by the Compensation Committee in March 2009. The remaining \$93,285 of Mr. Glaser's 2008 performance-based cash incentive compensation was paid in March 2009. The amount shown for Mr. Glaser for 2007 includes \$44,384 earned in 2007 as a result of a merit increase in salary awarded in April 2007 and paid retroactively in February 2008.

- (2) The amounts reported in this column represent discretionary cash bonus awards. These discretionary cash bonus awards are discussed in further detail under Compensation Discussion and Analysis beginning on page 8.
- (3) The amounts reported in these columns reflect the aggregate grant date fair value of awards granted in the year shown pursuant to the RealNetworks, Inc.

2005 Stock Incentive Plan, as amended and restated, determined in accordance with financial statement reporting rules rather than an amount paid to or realized by the executive officer. Performance-based stock options granted to Mr. Glaser in 2007 are reflected in the Option Awards column at the aggregate fair value based on the probable outcome of the underlying performance conditions, measured as of the grant date. The grant date fair value assuming achievement of the highest level of performance conditions was \$643,400.

In accordance with current SEC disclosure requirements, stock option awards for fiscal 2008 and fiscal 2007, previously reported as amounts recognized, or expensed, for the fiscal year, are now being reported above as grant date fair values. For a discussion of

- (4) The amounts reported in this column represent cash incentive compensation which is based on performance in fiscal 2007, 2008 and 2009. Mr. Glaser's cash incentive compensation for 2007 was determined by the Compensation Committee in April 2008 and paid shortly thereafter. Of the \$329,956 earned by Mr. Glaser as performance-based cash incentive compensation in 2008, \$236,671 was paid to Mr. Glaser in the form of salary between January 1, 2008 and July 2008. These payments were applied to Mr. Glaser's performance-based cash incentive

compensation payout at the time it was determined by the Compensation Committee in March 2009. The remaining \$93,285 of Mr. Glaser's 2008 performance-based cash incentive compensation was paid in March 2009.

Mr. Glaser resigned as Chief Executive Officer effective January 12, 2010, and therefore he did not earn cash incentive compensation for 2009. With respect to the named executive officers other than Mr. Glaser, cash incentive compensation was determined by the Compensation Committee (a) in July 2007 with respect to payments for the first half of 2007; (b) in February 2008 with respect to payments for the

second half of 2007; (c) in August 2008 with respect to payments for the first half of 2008; (d) in March 2009 with respect to payments for the second half of 2008; (e) in July 2009 with respect to payments for the first half of 2009; and (f) in January 2010 with respect to payments for the second half of 2009, with payments made shortly after each such determination.

This performance-based cash compensation is discussed in further detail under Compensation Discussion and Analysis beginning on page 8. The estimated possible threshold, target and maximum amounts for these awards are reflected in the 2009 Grants of Plan-Based Awards table on page 25.

- (3) The amount reported in this column reflects the aggregate grant date fair value of the award granted in 2009 pursuant to the RealNetworks, Inc. 2005 Stock Incentive Plan, as amended and restated, determined in accordance with financial statement reporting rules rather than an amount paid to or realized by the executive officer. For a discussion of valuation assumptions, see *Note 2, Stock-Based Compensation*, to our Notes to Consolidated Financial Statements included in our annual report on Form 10-K for the year ended December 31, 2009. The option exercise price has not been deducted from the amounts indicated above. Regardless of the value placed on a stock

option on the grant date, the actual value of the option will depend on the market value of RealNetworks common stock at such date in the future when the option is exercised. The proceeds to be paid to the individual following the exercise of the option do not include the option exercise price.

Compensation of Directors

2009 Director Compensation. In 2009, each director who was not an employee of RealNetworks in 2009 (an Outside Director) was paid \$5,000 per quarter for his or her services as a director. Outside Directors were also paid (i) \$1,000 for participation in each meeting of the Board, (ii) \$1,000 for participation in each meeting of a Board committee, and (iii) \$3,000 per quarter for serving as chairperson of the Audit Committee, \$1,500 per quarter for serving as chairperson of the Compensation Committee and \$750 per quarter for serving as chairperson of the Nominating and Corporate Governance Committee. In addition, the lead independent director received \$1,000 for participation in each meeting between such director and the Chief Executive Officer. Directors were also reimbursed for their reasonable expenses incurred in attending Board of Directors or Committee meetings.

Table of Contents

Pursuant to the RealNetworks, Inc. 2007 Director Compensation Stock Plan (the *Director Plan*), a sub-plan administered under the 2005 Plan, an Outside Director may make an irrevocable election prior to the commencement of each plan year to receive all or a portion of the cash compensation payable to such Outside Director for the coming year in shares of RealNetworks common stock. In 2009, the number of shares issued to an Outside Director who elected to receive all or a portion of his or her 2009 compensation in shares of RealNetworks common stock was determined by dividing the total fees to be paid in shares of RealNetworks common stock during a fiscal quarter, as elected by an Outside Director, by the fair market value of a share of RealNetworks common stock on the last trading day of such fiscal quarter, with cash paid in lieu of the issuance of fractional shares.

Outside Directors also receive stock options under the 2005 Plan. On the date an Outside Director is first appointed or elected to serve on the Board, he or she will be granted nonqualified stock options to purchase 45,000 shares of RealNetworks common stock that will become fully vested on the first anniversary of the grant date. Each Outside Director will also be granted nonqualified stock options to purchase 45,000 shares of RealNetworks common stock three business days following the date of each annual meeting of shareholders, provided that each such Outside Director has served on the Board for the preceding twelve months. These options will become fully vested on the first anniversary of the grant date. Each option granted under the 2005 Plan has a maximum term of seven years and an exercise price equal to the fair market value of the shares subject to the option on the date of grant. If an optionee's service on the Board of Directors is terminated due to his or her death, his or her outstanding options will immediately vest in full.

On September 24, 2009, Messrs. Benhamou, Bleier, Jotwani, Klein and Ms. Raina were each granted an option to purchase 45,000 shares of common stock having an exercise price of \$3.68 per share, and 100% of the shares subject to such options will vest on the first anniversary of the grant date, assuming continued service as a director through such date. On May 1, 2009, Mr. Chapple was granted an option to purchase 45,000 shares of common stock having an exercise price of \$2.58 per share, and 100% of the shares subject to such options would have vested on the first anniversary of the grant date had he continued service as a director through such date.

2010 Director Compensation. In 2009, the Board of Directors retained Cook to provide analysis and advice with respect to compensation of our Outside Directors. The results of Cook's analysis showed that cash compensation paid to our Outside Directors was below the median, equity compensation was at the 25th percentile and overall compensation was below the 25th percentile of similarly situated companies as identified by Cook based on the relative size of the Company's market capitalization. In addition, Cook's analysis indicated that restricted stock units (RSUs) were typically included as a component of non-employee director compensation among such similarly situated companies.

Based on Cook's analysis, as well as the Board's desire to better align total compensation paid to Outside Directors with total compensation paid by similarly situated companies, the Board of Directors approved changes to the Company's compensation program for Outside Directors in April 2010. Effective April 1, 2010, each Outside Director will be paid a retainer in the amount of \$8,750 per quarter for his or her services as a director. Outside Directors will also be paid (i) \$1,000 for participation in each meeting of the Board, (ii) \$1,000 for participation in each meeting of a Board committee, and (iii) \$5,000 per quarter for serving as chairperson of the Audit Committee, \$3,125 per quarter for serving as chairperson of the Compensation Committee and \$2,500 per quarter for serving as chairperson of the Nominating and Corporate Governance Committee. In addition, the lead independent director will be paid an additional retainer of \$5,000 per quarter. Outside Directors will continue to be eligible to receive their cash compensation in shares of RealNetworks common stock pursuant to the Director Plan.

Outside Directors will also receive equity awards under the 2005 Plan on the third business day following each annual meeting of shareholders. The Equity Awards will consist of (i) nonqualified stock options to purchase 25,000 shares of RealNetworks common stock (the *Options*) that, once vested, will remain exercisable for three years following an Outside Director's separation from the Board or until the Option's earlier expiration, and (ii) RSUs valued at \$45,000 on the grant date. The Options and RSUs will vest monthly in equal increments over a twelve month period following the award's grant date, with the RSU share distribution date occurring on the first anniversary of the grant date. Outside Directors may make an annual irrevocable election to defer the RSU share distribution date to a date that is (i) five years following the RSU grant date, or (ii) concurrent with an Outside Director's separation from the Board.

Options and RSUs granted to Outside Directors who have served on the Board for less than twelve months at the time of the annual meeting of shareholders will receive Options and RSUs that are pro-rated based on the number of completed months of service leading up to the annual meeting of shareholders. In addition to approving the foregoing changes to the Outside Director compensation program, the Board also approved stock ownership guidelines applicable to Outside Directors designed to achieve long-term alignment between Outside Directors and the Company's shareholders. Under these guidelines, each Outside Director is required to own a number of shares of the Company's common stock equal to three times the Outside Director's annual retainer fee within five years of service on the Company's Board.

Mr. Glaser will be paid the same cash compensation as the Outside Directors, together with an additional retainer in the amount of \$6,250 per quarter for serving as the Chairman of the Board. Mr. Glaser is not eligible to make an election to receive his cash compensation in shares of RealNetworks common stock pursuant to the Director Plan. Mr. Glaser will also receive an annual cash award (the "Cash Award") in lieu of the annual grant of Options and RSUs. The Cash Award will have an aggregate value equal to (a) \$55,000, which amount shall be paid in lieu of the Options and shall be fixed in 2010 (but subject to re-evaluation at the discretion of the Compensation Committee), and (b) \$45,000, which amount shall be paid in lieu of the RSUs. The Cash Award will be pro-rated based on the number of completed months of service provided by Mr. Glaser as a non-employee director leading up to the annual meeting of shareholders.

Table of Contents**2009 Potential Payments Upon Termination of Employment or Change-in-Control**

The following table reflects the amount of compensation that would have been payable to each of the Named Executive Officers in the event of the termination of such executive's employment under certain circumstances, assuming that (1) the triggering event took place on December 31, 2009, the last business day of the 2009 fiscal year, (2) the price per share of our common stock was \$3.71, which was the closing market price on December 31, 2009, and (3) that all cash payments are made in a lump sum.

- (1) Assumes outstanding options and restricted stock units are substituted or assumed by a successor entity upon a change of control, and that acceleration of vesting occurs upon the termination of the employment of the Named Executive Officer. Also assumes that the discretionary bonuses and cash incentive compensation earned under the 2009 MBO Plan, as approved by the Compensation Committee, are paid. Does not reflect terms of the Severance and Change in Control Agreements that RealNetworks entered into with each of Messrs. Eggers and Skorny in February 2010 and April 2010, respectively. Details of these arrangements are set forth in Compensation Discussion and Analysis on page 8 and in Item 12 below under the caption Change in Control Arrangements.
- (2) Assumes that the Named Executive Officer has provided a notice period of six months prior to voluntarily terminating his employment with RealNetworks.
- (3) Assumes outstanding options and restricted stock units are not substituted or assumed by a successor entity upon a change of control, and that vesting of outstanding awards is fully accelerated upon a change of control. Also assumes that the Named Executive Officer is employed by the successor entity on the payment date with respect to performance-based cash incentive and discretionary cash bonus compensation earned in 2009 but not paid on or before December 31, 2009.
- (4) Mr. Glaser resigned as Chief Executive Officer of RealNetworks prior to the payment of performance-based cash incentive compensation under the 2009 CEO Incentive Plan. Therefore, the Compensation Committee did not approve an amount that would have otherwise been payable to Mr. Glaser under the 2009 CEO Incentive Plan.
- (5) Assumes payment of twelve months base salary in lieu of providing twelve months notice to Mr. Giamatteo prior to terminating his employment without cause.

Table of Contents**Severance Payments**

It is RealNetworks' policy to request certain executive officers, excluding Mr. Glaser, to provide a notice period of six months prior to voluntarily terminating their employment with RealNetworks for the purpose of transitioning responsibilities. In the event an executive officer provides six months' notice prior to voluntarily terminating his employment, he will receive a severance payment equal to six months of such executive's annual base salary, even if RealNetworks does not require the continued services of the executive officer for all or part of such six month notice period. In the event an executive officer provides notice of less than six months prior to voluntarily terminating his employment, he will receive a severance payment equal to the number of months' notice provided, up to a maximum severance payment equal to six months of the executive's annual base salary, even if RealNetworks does not require the continued services of the executive officer for all or part of such notice period. Severance payments are made following the last day worked by an executive officer. Severance amounts shown in the above table under the caption

Voluntary Termination assume that each Named Executive Officer, excluding Mr. Glaser, has provided six months notice prior to voluntarily terminating his employment on December 31, 2009.

The amounts represented in the 2009 Potential Payments Upon Termination of Employment or Change-in-Control table above do not reflect the terms of the Retention Agreements or the Change in Control and Severance Agreements for Messrs. Eggers and Skorny since such agreements were entered into after December 31, 2009.

Mr. Giamatteo. In the event RealNetworks had terminated the employment of Mr. Giamatteo without cause on December 31, 2009, RealNetworks would have provided Mr. Giamatteo with twelve months' notice or paid Mr. Giamatteo his then-current base salary in lieu of notice through any remaining portion of the notice period.

Bonus Payments

If the employment of a Named Executive Officer had terminated on December 31, 2009 under any of the circumstances described in the above table other than voluntary termination or termination without cause or good reason before a change of control, such Named Executive Officer would have been entitled to receive the portion of the performance-based cash incentive or discretionary bonus compensation earned in 2009 but not paid as of December 31, 2009.

Acceleration of Vesting of Equity Awards

Termination by RealNetworks Other than for Cause. If we terminate the employment of a Named Executive Officer for any reason other than for cause, and any of such Named Executive Officer's outstanding stock options or restricted stock units are not fully vested, the next vesting installment of such stock options or restricted stock units will vest on a pro rata basis for the portion of the year elapsed since the date on which the vesting of the option commenced or the last anniversary thereof, expressed in full months, provided that the Named Executive Officer executes and delivers a settlement agreement and release satisfactory to us on or before the date of such termination.

Death of Executive Officer. If the employment of a Named Executive Officer terminates due to such executive officer's death, any stock options or restricted stock units that are unvested as of the date of such executive officer's death will fully vest on such date and may be exercised by the estate or legal representative of such executive officer for a period of one year following such date, but not later than the expiration date of such stock options or restricted stock units.

Change in Control. If stock options or restricted stock units granted to a Named Executive Officer under the RealNetworks, Inc. 2005 Stock Incentive Plan are continued, assumed, converted or substituted for on substantially the same terms and conditions immediately following a change in control and within 24 months after such change in control the executive officer's employment is terminated by RealNetworks or its successor without cause or by the executive officer for good reason, all of the shares subject to the stock options or restricted stock units will be vested immediately, and such stock options may be exercised at any time within 24 months following such termination, but not later than the expiration date of the stock options. In addition, if such stock options or restricted stock units are not continued, assumed, converted or substituted for immediately following the change in control, all of the shares subject to the stock options or restricted stock units will vest immediately upon the change in control, and such stock options may be exercised at any time within 12 months thereafter.

In addition, stock options granted to a Named Executive Officer under the RealNetworks, Inc. 1996 Stock Option Plan, as amended and restated, and the RealNetworks, Inc. 2000 Stock Option Plan, as amended (the Plans) will become exercisable in full in respect of the aggregate number of shares covered thereby in the event of a change of

control of RealNetworks as further described in Item 12 of this report under the caption Change-in-Control Arrangements. The administrator of the Plans may, in its discretion, determine that outstanding options issued under the Plans will not become exercisable on an accelerated basis in connection with a

Table of Contents

change of control if our Board of Directors or the surviving or acquiring corporation, as the case may be, has taken action to provide for (a) the substitution of outstanding options granted under the Plans for equitable options in the surviving or acquiring corporation, (b) the assumption of such options by the surviving or acquiring corporation, or (c) the cash payment to each holder of an option of such amount as the plan administrator shall determine represents the then value of such options.

The amounts represented in the 2009 Potential Payments Upon Termination of Employment or Change-in-Control table above do not reflect the terms of the Retention Agreements and Change in Control and Severance Agreements for Messrs. Eggers and Skorny since such agreements were entered into after December 31, 2009.

Shares issued to directors under the 2007 Director Plan are issued from the shares reserved under the 2005 Plan.

Equity Compensation Plans Not Approved By Security Holders. The Board of Directors adopted the 2000 Plan to enable the grant of nonqualified stock options to employees and consultants of RealNetworks and its subsidiaries who are not otherwise officers or directors of RealNetworks. The 2000 Plan has not been approved by RealNetworks shareholders. The Compensation Committee of the Board of Directors is the administrator of the 2000 Plan, and as such determines all matters relating to options granted under the 2000 Plan. Nonqualified stock options granted pursuant to the 2000 Plan were granted with exercise prices equal to the fair market value of RealNetworks' common stock on the date of grant and typically vest over five years as determined by the Compensation Committee or pursuant to delegated authority as provided in the 2000 Plan. In June 2005, the 2000 Plan was terminated and the remaining available shares were transferred to the 2005 Plan.

Change-in-Control Arrangements

RealNetworks 2005 Stock Incentive Plan. The Compensation Committee of the Board of Directors may determine at the time an award is granted under the RealNetworks, Inc. 2005 Stock Incentive Plan, as amended and restated (the 2005 Plan), that upon a Change of Control of RealNetworks (as that term may be defined in the agreement evidencing an award), (a) options and stock appreciation rights outstanding as of the date of the Change of Control immediately vest and become fully exercisable or may be cancelled and terminated without payment therefor if the fair market value of one share of RealNetworks common stock as of the date of the Change of Control is less than the per share option exercise price or stock appreciation right grant price, (b) restrictions and deferral limitations on restricted stock awards lapse and the restricted stock becomes free of all restrictions and limitations and becomes fully vested, (c) performance awards shall be considered to be earned and payable (either in full or pro rata based on the portion of performance period completed as of the date of the Change of Control), and any deferral or other restriction shall lapse and such performance awards shall be immediately settled or distributed, (d) the restrictions and deferral limitations and other conditions applicable to any other stock unit awards or any other awards shall lapse, and such other stock unit awards or such other awards shall become free of all restrictions, limitations or conditions and become fully vested and transferable to the full extent of the original grant, and (e) such other additional benefits as the Compensation Committee deems appropriate shall apply, subject in each case to any terms and conditions contained in the agreement evidencing such award.

For purposes of the 2005 Plan, a Change of Control shall mean an event described in an agreement evidencing an award or such other event as determined in the sole discretion of the Board. The Compensation Committee may determine that, upon the occurrence of a Change of Control of RealNetworks, each option and stock appreciation right outstanding shall terminate within a specified number of days after notice to the participant, and/or that each participant shall receive, with respect to each share of common stock subject to such option or stock appreciation right, an amount equal to the excess of the fair market value of such share immediately prior to the occurrence of such Change of Control over the exercise price per share of such option and/or stock appreciation right; such amount to be payable in cash, in one or more kinds of stock or property, or in a combination thereof, as the Compensation Committee, in its discretion, shall determine.

If in the event of a Change of Control the successor company assumes or substitutes for an option, stock appreciation right, share of restricted stock or other stock unit award, then such outstanding option, stock appreciation right, share of restricted stock or other stock unit award shall not be accelerated as described above. An option, stock appreciation right, share of restricted stock or other stock unit award shall be considered assumed or substituted for if following the Change of Control the award confers the right to purchase or receive, for each share subject to the option, stock appreciation right, restricted stock award or other stock unit award immediately prior to the Change of Control, the consideration received in the transaction constituting a Change of Control by holders of shares for each

share held on the effective date of such transaction; provided, however, that if such consideration received in the transaction constituting a Change of Control is not solely common stock of the successor company, the Committee may, with the consent of the successor company, provide that the consideration to be received upon the exercise or vesting of an option, stock appreciation right, restricted stock award or other stock unit award, for each share subject thereto, will be solely common stock of the successor company substantially equal in fair market value to the per share consideration received by holders of shares in the transaction constituting a Change of Control. Notwithstanding the foregoing, on such terms and conditions as may be set forth in the agreement evidencing an award, in the event of a termination of a participant's employment in such successor company within a specified time period following such Change in Control, each award held by such participant at the time of the Change in Control shall be accelerated as described above.

RealNetworks 1996 Stock Option Plan, 2000 Stock Option Plan and 2002 Director Stock Option Plan. Under RealNetworks' 1996 Stock Option Plan (the "1996 Plan"), 2000 Stock Option Plan (the "2000 Plan") and 2002 Director Stock Option Plan (the "2002 Plan"), as any of such plans have been amended and restated (the "Plans"), each outstanding option issued under the Plans will become exercisable in full in respect of the aggregate number of shares covered thereby in the event of:

any merger, consolidation or binding share exchange pursuant to which shares of common stock are changed or converted into or exchanged for cash, securities or other property, other than any such transaction in which the persons who hold common stock immediately prior to the transaction have immediately following the transaction the same proportionate ownership of the common stock of, and the same voting power with respect to, the surviving corporation;

any merger, consolidation or binding share exchange in which the persons who hold common stock immediately prior to the transaction have immediately following the transaction less than a majority of the combined voting power of the outstanding capital stock of RealNetworks ordinarily (and apart from rights accruing under special circumstances) having the right to vote in the election of directors;

any liquidation or dissolution of RealNetworks;

any sale, lease, exchange or other transfer not in the ordinary course of business (in one transaction or a series of related transactions) of all, or substantially all, of the assets of RealNetworks; or

any transaction (or series of related transactions), consummated without the approval or recommendation of the Board of Directors, in which (i) any person, corporation or other entity (excluding RealNetworks and any employee benefit plan sponsored by RealNetworks) purchases any common stock (or securities convertible into common stock) for cash, securities or any other consideration pursuant to a tender offer or exchange offer, or (ii) any person, corporation or other entity (excluding RealNetworks and any employee benefit plan sponsored by RealNetworks) becomes the direct or indirect beneficial owner of securities of RealNetworks representing fifty percent (50%) or more of the combined voting power of the then outstanding securities of RealNetworks ordinarily (and apart from rights accruing under special circumstances) having the right to vote in the election of directors.

Except as otherwise provided in an agreement evidencing an award under the Plans, the administrator of the Plans may, in its discretion, determine that outstanding options issued under the Plans will not become exercisable on an accelerated basis in connection with any of the transactions described above if the RealNetworks Board of Directors or the surviving or acquiring corporation, as the case may be, has taken action to provide for (a) the substitution of outstanding options granted under the Plans for equitable options in the surviving or acquiring corporation, (b) the assumption of such options by the surviving or acquiring corporation, or (c) the cash payment to each holder of an option of such amount as the plan administrator shall determine represents the then value of such options.

2010 Change-in-Control and Severance Agreements. In February 2010, RealNetworks entered into change in control and severance arrangements with respect to certain key employees including Messrs. Kimball, Eggers and

Skorny. In the event of a change in control of RealNetworks, if the employment of Mr. Kimball, Mr. Eggers or Mr. Skorny is terminated without cause or any of such executives resigns for good reason (as such terms are defined in the Change in Control and Severance Agreement between RealNetworks and each of Messrs. Kimball, Eggers and Skorny) within three months prior to or 24 months following such change in control, Messrs. Kimball, Eggers and Skorny are each entitled to receive a lump sum payment equal to 125% of the sum of his base salary and target bonus, a lump sum payment of his prorated target bonus for any partial annual incentive bonus period, 100% accelerated vesting of his equity awards granted on or after February 1, 2010, extension of the post-termination exercisability of all equity awards (other than incentive stock options) granted before February 1, 2010 for up to 12 months (and solely with respect to Mr. Kimball, the options may be exercised after termination up to the later of (i) termination of his employment or (ii) termination of his Board service, but with respect to all options, no later than the option's original term), and 18 months of Company-paid health coverage. In order for each such executive to receive such severance benefits, he must (i) execute a release of claims in favor of RealNetworks, (ii) agree to a

nondisparagement obligation; and (iii) agree to non-solicitation and no-hire obligations for a period of 12 months following termination. For purposes of this agreement, cause includes, for example, the substantial and continuing failure of the executive, after written notice thereof, to render services to Real Networks in accordance with the terms or requirements of his employment for reasons other than illness or incapacity, and his violation of any confidentiality or non-competition agreements with RealNetworks or its subsidiaries that results in material harm to RealNetworks. The term good reason includes, for example, a material reduction (of more than 10%) in the executive's annual base compensation as in effect immediately prior to such reduction, a material reduction in his annual target bonus opportunity (of more than 10%) and a material change (of more than 50 miles) in the geographic location where he is required to perform his work.

Item 13. *Certain Relationships and Related Transactions, and Director Independence Policies and Procedures With Respect to Related Person Transactions*

It is the policy of RealNetworks not to enter into any related person transaction unless the Audit Committee of the Board of Directors reviews and approves such transaction in accordance with guidelines set forth in the RealNetworks, Inc. Policy Regarding Related Party Transactions, or the transaction is approved by a majority of RealNetworks' disinterested directors. In reviewing and approving any related person transaction, the Audit Committee will satisfy itself that it has been fully informed as to the related person's relationship and interest including all material facts of the proposed transaction, and determine that the transaction is fair to RealNetworks.

All related person transactions of which RealNetworks management is aware will be disclosed to the Audit Committee. At least annually, RealNetworks management will elicit information from RealNetworks' executive officers and directors as to existing and potential related person transactions, and will seek to obtain such information from 5% shareholders who do not file reports with the SEC on Schedule 13G. An executive officer or director will promptly inform the Chairman of the Audit Committee when the officer or director becomes aware of a potential related person transaction in which the officer or director would be a related person.

Certain Relationships and Related Transactions

Under a voting agreement (the Voting Agreement) entered into in September 1997 among RealNetworks, Accel IV, L.P. (Accel IV), Mitchell Kapor, Bruce Jacobsen and Robert Glaser, each of Accel IV and Messrs. Jacobsen and Kapor have agreed to vote all shares of stock of RealNetworks owned by them to elect Mr. Glaser to the Board of Directors of RealNetworks in each election in which he is a nominee. The obligations under the Voting Agreement terminate with respect to shares transferred by the parties when such shares are transferred. The Voting Agreement terminates on the death of Mr. Glaser.

Pursuant to the terms of an agreement entered into in September 1997 between RealNetworks and Mr. Glaser, RealNetworks has agreed to use its best efforts to nominate, elect and not remove Mr. Glaser from the Board of Directors so long as Mr. Glaser owns a specified number of shares of Common Stock.

Director Independence

Our Board of Directors has determined that all of our directors, other than Messrs. Glaser and Kimball, are independent under the Nasdaq listing standards and the applicable rules promulgated by the SEC. Applying these same rules, our Board has determined that all members of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are independent.
